

The Fake 671

Chapter 671 Feeling the Bones

When Shi Xi saw Li Jinfan running away in his pajamas, she asked in confusion, "What's wrong with him? Didn't he want to have breakfast?"

Pei Jie guessed Li Jinfan's thoughts. "I don't know."

"He probably went back to change his clothes, put on makeup, and do his hair."

Twenty minutes later, Li Jinfan, who was neatly dressed, handsome, adoring, and young little puppy, returned to the living room.

"Why are you here so early, Sister Xi? Have you eaten?" Li Jinfan went straight to Shi Xi.

"I've already finished my meal and finished my morning classes." Shi Xi pushed Li Jinfan's breakfast over and said, "Have you guys canceled your morning classes?"

Previously, when she was practicing martial arts, she would be woken up at five in the morning for morning lessons.

Regardless of spring, autumn, winter, or summer, one could only eat after finishing morning classes.

"The class starts at 9 o'clock. It's only 8 o'clock now."

His original plan was to wake up at 8 for breakfast and get dressed at 8:30 to welcome Sister Xi!

He didn't expect Shi Xi to arrive so early!

"It's so happy now," Shi Xi said with emotion.

Li Jinfan resisted the urge to yawn and said, "You call this happiness? I'm so sleepy."

Shi Xi was rendered speechless when she thought about how players usually stayed up late.

That's right, she didn't have a cell phone at that time and went to bed early at night.

"Where's Brother Bin and Master Lin? Don't they have morning classes?" Shi Xi asked.

The other guests were all celebrities, so Shi Xi didn't care.

However, Master Lin and Lin Bin were the inheritors of the Dragon Form Fist Art, so they would probably wake up early to do morning classes, right?

Li Jinfan: "Master is doing morning classes in his own courtyard. Brother Bin can't get up, so he moved the morning classes to the evening."

Shi Xi, "...There's a night class in the evening. Is he going to double the work?"

Li Jinfan shook his head. "I'm not sure."

"Wait, you've acknowledged Master Lin as your master?" Shi Xi sensed that something was amiss.

“That’s right, Master said that my root bone is exceptionally good and I’m gifted, so he took me in as his disciple!” When he said this, Li Jinfan instantly felt proud.

Shi Xi: ???

She did not believe a single word that Li Jinfan said.

Shi Xi looked at Pei Jie and asked, “Why did Master Lin accept Jinfan as his disciple?”

“Jinfan kept pestering Master Lin to take him as his master, so Master Lin agreed.”

Shi Xi stared at Li Jinfan and seemed to be deep in thought.

Li Jinfan was embarrassed. “Is there something on my face?”

Shi Xi stretched out her hand and pressed it on Li Jinfan’s shoulder.

Li Jinfan’s hand that was holding the deep-fried dough stick froze. He didn’t dare to move. “Sister... Sister Xi?”

Pei Jie looked over in surprise.

Shi Xi moved her hand from Li Jinfan’s shoulder to his arm and finally to his wrist.

Just as she was about to touch him, Shi Xi retracted her hand.

When the netizens saw this, they were all stunned.

[Is Shi Xi thinking of a man? So hungry?]

[If this is in the workplace, isn’t this just harassment???]

[I also want Shi Xi to harass me. Please, I beg you QAQ]

[Looking at how Li Jinfan is enjoying it, he doesn’t seem to reject...]

[Shi Xi is Li Jinfan’s mentor, so Li Jinfan definitely wouldn’t dare to resist! My poor Jinfan QAQ]

Li Jinfan’s ears turned red. “Sister Xi, if you want to feel my muscles, I’ll lift my clothes up for you to touch.”

As he spoke, Li Jinfan put down the deep-fried dough stick and revealed the well-defined muscles on his arms.

Pei Jie looked away.

His teammates were too stupid. He couldn’t watch it anymore.

The corners of Shi Xi’s lips twitched. “No, I’m just touching your bones to see if you have an extraordinary innate ability.”

“Sister Xi, you know how to feel bones?” Li Jinfan asked.

“I know a little.” Shi Xi replied honestly, “I can’t tell that you have an extraordinary innate ability. When you’re done eating, show me a set of fist techniques. I’ll see what kind of talent you have.”

Pei Jie almost burst out laughing.

Li Jinfan was speechless. "I was just joking."

For the sake of the show's effect, he had been chasing Master Lin to be his master.

After following two episodes, he finally paid a huge sum of money and successfully became his disciple.

Shi Xi looked at Pei Jie. "Have you acknowledged a master?"

Pei Jie shook his head. "No, I'm not very good at it."

Pei Jie worked hard, but practicing martial arts was not like dancing. He had some basic knowledge of dancing, so he could remember the movements faster when he practiced the fist technique.

But that didn't mean that he was accomplished in martial arts.

Chapter 672 I Heard That I Can Get Eggs Here?

"It's not bad among the newbies," Shi Xi replied calmly.

"I've already been learning for more than two months."

Shi Xi could not find any words of comfort, so she changed the topic and looked at Li Jinfan. "When did you arrive?"

Since the last time she came, she had only seen Pei Jie and not Li Jinfan.

"I don't have much to do recently, so I came over to learn some martial arts and strengthen my body."

The truth was that he had heard that Shi Xi was coming, so he had pestered his manager to get him in.

"By the way, is Sister Xi joining the crew soon?" Li Jinfan sat down next to Shi Xi and started to act coquettishly. "I don't have any other jobs after this. Sister Xi, what roles do you have in the crew? Can you introduce them to me? I'm not picky! Any third or fourth male will do!"

Pei Jie sat to the side again and pretended not to know Li Jinfan.

Shi Xi's eyes curved into crescents. "You don't have any work?"

In their team, Bai Cangyang and Li Jinfan were the ones who had the best development.

The two of them kept inviting Shi Xi to work, and when she was scrolling through Weibo, she could see their posts.

"Ah, no one asked me to act in a movie..." Li Jinfan replied.

The manager wanted to curse.

Li Jinfan was the one who didn't want to join the crew.

novelusb.com

"You should go on more stages after the talent show. Don't join the crew."

Li Jinfan lowered his head and answered in an aggrieved tone, "Alright."

"If there's a suitable role, I'll recommend you," Shi Xi consoled the adorable puppy.

Li Jinfan instantly became happy and said, "I've learned how to perform! My acting skills are definitely okay! I even taught Pei Jie how to act back then!"

The topic suddenly changed to Pei Jie?

"Yes!" Pei Jie raised his head and nodded as a witness. "Jinfan helped me a lot when I auditioned for [Energetic Girl].

At the mention of this movie, Li Jinfan instantly became resentful again. "Sister Xi let Pei Jie go for the interview when she was filming the movie. Why didn't she let me go for the interview..."

Shi Xi gave it some serious thought. "I forgot. It's been too long."

Li Jinfan was speechless.

He wasn't angry that he didn't get the job. He was just jealous that Pei Jie could film a movie with Shi Xi.

Shooting a movie together meant that they could be together day and night.

He was so jealous!

Fortunately, the other guests woke up one by one, and the guests who came to learn gradually arrived.

The atmosphere became lively.

Some of the guests who came to sign up for the training were fans of Shi Xi. When they saw her in the dojo, they were pleasantly surprised and asked for a photo and an autograph.

"Sure, sure. One by one."

Li Jinfan helped to maintain order. "Everyone, don't gather together. Line up."

Thus, the line stretched from the living room to the door.

The customers who came later didn't know what was going on and thought that they had to line up to enter, so they all stood behind.

After the auction ended outside the door, the passersby who liked to watch the fun saw the situation and went forward to ask what they wanted to get in line.

"It's Shi Xi in front. You can line up to get an autograph and a photo."

"Spread the word. Line up to get Shi Xi's signed photo."

"..."

At this point, the audience was already dying of laughter + envy.

[What kind of variety show is this? Why does Shi Xi always turn variety shows into comedy shows wherever she goes!]

[I'm dying of laughter. Can't you see that this is a martial arts center?]

[Shi Xi looked at the endless queue and wondered what was going on.]

[Hahaha Xi Xi's development is so weird! You never know what's going to happen in the next second!]

Shi Xi realized that something was amiss when she saw an old man in the queue.

Shi Xi was speechless.

Someone finally reached the front of the line and asked Shi Xi, "I heard you can get eggs here?"

Shi Xi was speechless.

Where did you hear this rumor from?

Chapter 673 What Are You Doing Here?

In the end, it was Pei Jie who took an egg from the kitchen before the old man left in satisfaction.

After that, Shi Xi gave up on signing.

She was exhausted!

She was here to do martial arts, not to sign an autograph!

After two days of recording, Shi Xi and Dojo Master Lin had sparred many times before they reluctantly ended the recording.

In the martial arts school, although life was ordinary, every day was full.

It just couldn't earn much money.

Shi Xi sighed.

If she could earn money by teaching martial arts, she would open a martial arts school.

However, after asking Master Lin and Lin Bin, Shi Xi realized that they were not even making ends meet!

When she had money, she would open a free martial arts school!

Anyone with a dream was amazing!

After setting an ambitious goal, Shi Xi was ready to return home.

The next step was to choose the script.

In the car.

Zhu Lin looked at the two scripts and was in a difficult position. "[Under the Moon In Front of Flowers] is a sweet script, but the plot is fragmented and it's brainless and sweet. The rest of the story is about the supporting male and female."

"Princess Chang Ning is the main lead in the drama, but it's mainly about the plot and there are a lot of scenes in the harem."

Shi Xi had already finished reading two scripts. She was as hesitant as Zhu Lin. "Yeah, I don't like any of them."

"Can't scriptwriters make good scripts these days?" Zhu Lin couldn't help but complain.

"If I had to choose one of these two, I'd still choose [Under the Moon In Front of the Flowers]." Shi Xi made a difficult choice. "At least the partner is handsome."

If there were two good scripts, she would close her eyes and choose randomly.

But these two scripts were very ordinary.

Just by looking at the script, she could see that the logic was wrong.

Shi Xi could already imagine how they would be ridiculed after the two dramas were filmed.

"I'll ask Brother Han if he has any other scripts," Zhu Lin said.

Zhu Lin was not satisfied with both scripts.

"He took a long time to pick these two good scripts." Shi Xi leaned back in her chair and spoke up for Han Chuan.

She was the only female artiste who earned money from Kuai Xue, so Han Chuan naturally paid the most attention to her. He had found the best resources for Shi Xi.

However, the Shi Corporation had never been involved in the entertainment industry before, and Kuai Xue was just a small entertainment company to test the waters. They did not have the capital to trade with other big companies.

Zhu Lin continued to look at the script. "Then let's go with [Under the Moon In Front of the Flowers]. At least you have more scenes in this drama."

Shi Xi nodded.

As soon as she finished speaking, Han Chuan called. "The director of [Sky Blue] called me again. He wants to invite you to an audition."

"I'm not going," Shi Xi replied.

They had already decided on Nan Wan. Was she in a hurry to be slapped in the face?

Han Chuan sighed and said, "I think their crew is quite sincere. The director has already called me three times."

"Sincere? Are they trying to frame me?" Shi Xi didn't have a good impression of Nan Wan, and she didn't even have a good impression of the director [Sky Blue]. She said, "Unless they directly ask me to be the female lead, there's no need to talk about this drama."

After hanging up the phone, the car had just arrived at the Midsummer Light Year Hotel.

Shi Xi ordered a takeaway and prepared to have a good night's rest.

Well, there wasn't much to do recently, and the production team wouldn't start filming now.

Did she want to have some fun in Yanjing?

With this thought in mind, Shi Xi swiped the room card and opened the door.

However, there were too many people in Yanjing. It wouldn't be good if she was recognized.

Shi Xi stretched lazily and threw her bag onto the sofa.

"Huh?!" When Shi Xi saw the little boy sitting on the sofa, her sleepiness was swept away. "Why are you here?!"

Chapter 674 Dad Is Dying At Home

The person sitting on the sofa was Chu Jiamu, the one who had stirred up a lot of trouble and caused her to be in the limelight.

Chu Jiamu jumped down from the sofa. "Hello, Auntie Shi Xi."

Shi Xi was speechless. He finally changed the way he addressed her.

However, this form of address didn't sound very nice.

!!

The corners of Shi Xi's mouth twitched as she asked cautiously, "Do you need something? How did you get in?"

Was there a surveillance camera in the hotel room?

"I hacked into the hotel's management system and found your room. Then I borrowed the universal room card from the cleaning auntie," Chu Jiamu said honestly. "Then I waited for you here."

Shi Xi leaned against the door. She was even more suspicious and alert now. "Why are you looking for me?"

Were children nowadays so curly?

He learned programming at the age of three?

Chu Jiamu gave a 90-degree bow and almost flipped over.

"Dad said I was wrong. I'm here to apologize," Chu Jiamu said, feeling wronged.

"Your father, Chu Yuan? Chu Yuan sent you?" Shi Xi's eyes swept around.

Don't torture her like this!

She didn't want to appear in the same hotel room as Chu Yuan without any clear information!

"No," Chu Jiamu replied.

"Where's your father now?" Shi Xi asked.

"Dad is sick. He's dying at home," Chu Jiamu started to cry. "M-mommy took all the money. I can't find the money, so I can't send Daddy to the hospital."

"Ah?" When Shi Xi saw Chu Jiamu crying, she let her guard down and went up to comfort him. "He won't die. Where do you live?"

"Gold City Garden." Chu Jiamu blinked at Shi Xi. "Can you take my father to the doctor?"

"I, can I?" Fortunately, Shi Xi had retracted her overflowing kindness.

This was Chu Yuan's son.

She could not have any more entanglements with Chu Yuan!

"I'll call 120 for your father," Shi Xi said. "I'll transfer the medical fees to your father, okay?"

Chu Jiamu shook his head. "No, Daddy can't go to the hospital. The media will take photos of us."

Why did a kid like you know so much?

"So, you're looking for a family doctor?" Shi Xi recalled that such families would usually have a designated family doctor. She asked, "Do you have the family doctor's number?"

Chu Jiamu shook his head.

Shi Xi gave Chu Yuan a call directly.

After a long while, the other side picked up the phone.

"Teacher Chu Yuan? Are you sick?" Shi Xi asked directly.

"I'm fine. It's just a fever." Chu Yuan's voice was weak. "How did you know?"

"Jia Mu came to find me. He said you were going to..." Shi Xi changed the topic. "Have you gotten the family doctor to check on you?"

Chu Yuan said in a distant tone, "I've already taken my medicine. I'm fine. Thank you for your concern."

"I'll have to trouble you to get Jia Mu to take a taxi back."

From his words, he didn't want Shi Xi to interfere more.

Shi Xi didn't want to be nosy, so she said to Chu Jiamu, "Did you hear that? Your father only has a fever, he's not dying."

Why was this child's IQ fluctuating?

Did anyone say that their father was dying?

Chu Jiamu's face was flushed red as he argued, "No way! He was coughing blood! I've checked! It's lung cancer, and he's dying!"

Shi Xi was speechless. So, don't treat people online!

They were in a deadlock.

The doorbell rang.

Shi Xi went to open the door. "Let me get some takeaway first. Then, I'll get a reliable family doctor to take you home, okay?"

Chu Jiamu sniffled and replied obediently, "Alright."

Shi Xi opened the door and reached for the takeaway.

She had not expected Xie Yunzhou to be standing outside.

Chapter 675 Take the Trash and Jia Mu Out

Shi Xi was stunned. "Why are you here?"

Xie Yunzhou was holding two food boxes in his hands. "When I came up, I saw your takeaway, so I took it."

"Thank you. Shi Xi looked at the other lunchbox. "What about this?"

"I brought dinner from Wanhao. Aren't you going to let me in?" Xie Yunzhou asked, standing at the door.

When Shi Xi thought about the little one inside the room, she felt a headache coming on.

One person was enough to give her a headache.

"I ..." Shi Xi was just thinking of an excuse to get rid of Xie Yunzhou.

"Auntie Shi Xi, let's go and find daddy now, okay?" Chu Jiamu was extremely worried about his own father.

Xie Yunzhou followed the voice and looked over.

Shi Xi's head was throbbing. She turned sideways to let Xie Yunzhou in. "Come in first."

It would be even more complicated if it was photographed by someone passing by the corridor or a black fan.

Shi Xi had never expected to encounter such a situation.

Xie Yunzhou looked down at Chu Jiamu, who was not even as tall as his knees, and asked, "Chu Yuan's son?"

Shi Xi and Chu Yuan's matter had caused a huge commotion and was known to the entire internet.

Xie Yunzhou naturally knew about it.

Shi Xi nodded weakly. "Yeah."

Xie Yunzhou suppressed the jealousy in his heart and pretended not to care. "Why did he come to you?"

From this kid's words, Shi Xi was going to look for Chu Yuan?

Xie Yunzhou's eyes darkened.

“Chu Yuan is sick. Jia Mu wants me to go and take a look.” Shi Xi placed the lunchbox on the table and asked, “By the way, do you know any family doctors in Yanjing? It’s best if they’re trustworthy.”

Chu Yuan’s current situation was special. It was better to keep his current situation a secret.

“You want me to find a family doctor for Chu Yuan?” Xie Yunzhou didn’t know what expression to make.

“Yeah, you’re from Yanjing.” Shi Xi suddenly remembered that Xie Yunzhou had always been in Feng City, so she changed her tone. “If you can’t find one, I’ll ask President Hua.”

Shi Xi’s circle of friends wasn’t that wide either.

“It’s fine, I know a doctor who’s in Yanjing.” Xie Yunzhou picked up his phone and made a call. “What’s the address?”

Chu Jiamu gave him the address.

Xie Yunzhou made a call and gave a few instructions.

Shi Xi caressed Chu Jiamu’s head. “Are you relieved now?”

Chu Jiamu nodded and looked at the lunchbox, his eyes saying, “I’m hungry.”

“After this meal, I’ll find a car to send you back,” Shi Xi said as she opened the lunch box.

“Yes, yes!” Chu Jiamu leaned on the table, his eyes bright.

When Xie Yunzhou returned after hanging up, he saw that Shi Xi was already putting food into Chu Jiamu’s bowl.

The girl was extremely patient with children.

It looked like she was really treating her own child...

Thinking that this was Chu Yuan’s son, Xie Yunzhou’s eyes turned cold again.

“Do you want to eat together?” Shi Xi invited Xie Yunzhou.

After all, half of them were brought here by Xie Yunzhou.

“Yes.” Xie Yunzhou had come to find Shi Xi because he wanted to have a meal together and chat.

However, with Chu Jiamu around, it was impossible to chat.

After silent disaster finished her dinner, Shi Xi even thoughtfully wiped Chu Jiamu’s mouth.

Xie Yunzhou: “...”

“When you go out, take the trash and Jia Mu with you.” Shi Xi put away the lunch box and handed it to Xie Yunzhou.

Xie Yunzhou did not want to leave.

Chu Jiamu felt that it was a little wrong to compare himself to trash.

"I'll get my assistant to send him back." Xie Yunzhou called for his assistant.

Shi Xi's expression changed slightly. "Your assistant is still working at this hour?"

"Yes," Xie Yunzhou replied.

Shi Xi thought to herself, 'As expected of a villain. He's really good at exploiting his assistant.'

She had already asked Zhu Lin to get off work.

Chapter 676 The Difference Between Us Is That It's Impossible To Be Equal In Honesty

After the trash and Jia Mu had left, Shi Xi sat on the sofa and looked at Xie Yunzhou. "Is there anything else?"

Xie Yunzhou sat opposite Shi Xi and said, "Let's talk."

"There's nothing to talk about." Shi Xi leaned back on the sofa and said calmly, "Xie Yunzhou, the only thing that stands between us is an unequal level of honesty."

It wasn't just Xie Yunzhou's secrets from her, there were also things she didn't want to and couldn't confess.

!!

Ever since she had come to this world, she had changed a lot of the plot.

She didn't have the strong luck of the female lead, nor did she have the powerful background of a second female lead. She couldn't even rely on the love of the Shi family.

Every step she took was done with great care, and she did not dare to take a break.

How could she be at ease and be in a relationship like this?

"I have my own career to do. At least I won't be in a relationship for the next few years." Shi Xi thought of the agreement she had signed and laughed at herself. "Or if the movie doesn't do well, I'll go back to school."

"If you want to continue acting, I will support you." Xie Yunzhou dropped the words he was about to say and said seriously, "I know about your contract with Kuai Xue. If your new movie doesn't hit 500 million at the box office, you'll have to quit the entertainment industry."

Shi Xi was slightly taken aback as she looked up at Xie Yunzhou.

novelusb.com

She had signed the contract with Shi Chen. Although it was not a secret, very few people knew about it.

How did Xie Yunzhou know?

"It's just 500 million yuan at the box office, don't worry." Xie Yunzhou smiled like a rich man.

Shi Xi felt as if Xie Yunzhou's entire being was exuding the light of money.

"No, no need." Shi Xi bit the tip of her tongue and rejected Xie Yunzhou's kind offer of help. "If the box office doesn't reach this result, it means that I'm not suitable to continue in the entertainment industry. Going back to school might be more suitable for me."

"The investor for the movie [Sky Blue] has changed." Xie Yunzhou did not dwell on the movie, but changed the subject.

"What?" Puzzled, Shi Xi looked up at Xie Yunzhou, not understanding why he had suddenly brought this up.

"There was a female lead internally decided in [Sky Blue]," Xie Yunzhou said. "Now that I'm the biggest investor, I have the right to appoint the female lead."

Shi Xi looked at Xie Yunzhou in a daze. "H-how did you know..."

"I'll keep your matters in mind." Xie Yunzhou's eyes were smiling. "You can be angry at me, but don't be angry at your own future."

Shi Xi's gaze was complicated. "I..."

Xie Yunzhou got up and patted the girl's head. "I have to look like I'm apologizing. I'll let you see the sincerity of my apology and make you willingly give me another chance to get close to you and pursue you."

Shi Xi raised her head and looked at Xie Yunzhou, thinking to herself, 'How is this a sincere apology?'

This was a money attack!

Moreover, it was a series of strategies that targeted her interests and career.

"Have a good rest, good night." Xie Yunzhou retracted his hand and prepared to leave.

Actually, he didn't want to leave yet.

However, Xi Xi might get impatient if he stayed any longer.

When Shi Xi saw Xie Yunzhou leave so tactfully, she felt that he had really changed.

He had become even more terrifying!

Oh my god!

She'd rather Xie Yunzhou question her coldly and hit her directly.

That way, she could clearly end her relationship with Xie Yunzhou.

But Xie Yunzhou had suddenly changed to a gentler approach?

Oh my god, have you ever seen a crocodile give a bun?

Shi Xi stood up to send Xie Yunzhou off, still in disbelief.

Xie Yunzhou opened the door and was about to leave.

When he saw the situation outside the door, he immediately retracted his leg and closed the door.

“Eh? What’s wrong?” Shi Xi took a step back and was on high alert.

Chapter 677 Still Far From the Banquet

“There are people outside.” Xie Yunzhou’s brows furrowed as he tried to describe the situation. “They look like reporters, but not really.”

Shi Xi peeked out through the peephole and saw a group of men and women sneakily standing outside with masks on. They were holding cameras or mobile phones in their hands and were constantly looking around.

However, they were all walking toward Shi Xi’s room and mumbling to themselves.

“It should be an illegitimate fan or a substitute. Did they see you?” Shi Xi asked helplessly.

Xie Yunzhou thought about the situation just now and said, “I don’t think so,”

Probably not.

This word was very mysterious.

Xie Yunzhou went to get the hotel phone. “I’ll get the security to drive them out.”

Shi Xi continued to observe the situation outside through the peephole.

However, she couldn’t hear anything from the other side of the door.

Outside the door.

“Is this the room Shi Xi is staying in?”

“We saw her car come in, so she must have returned to the hotel. I’ve checked, and she’s staying in this room.”

“The door opened just now and then closed suddenly. They must have seen us!”

“Who’s going to knock on the door?”

“...”

Someone really dared to go up and knock on the door.

There was no response.

“The security is here, hurry and hide!” The person on the lookout sent a signal.

The group of people instantly scattered and hid in the nearby rooms.

..

Xie Yunzhou hung up the phone. “The security guard said that there’s no one outside.”

Shi Xi was still looking outside through the peephole and said, “They got a room next to mine, and the other one is just opposite me.”

Through the peephole, Shi Xi's view was rather narrow, but she could clearly see a few people hiding in the opposite room.

That was crazy.

"What about me?" Xie Yunzhou asked.

"You can go out later. The people on the other side are probably watching through the peephole," Shi Xi analyzed.

Xie Yunzhou was silent for a moment, then sat back down on the sofa.

Think of a way to leave?

What a joke! He couldn't wait to spend more time in the same room as Shi Xi!

Shi Xi locked the door from the inside and locked it again. "I'm going to take a shower. Ignore the door knocks."

"Then how do I leave?" Xie Yunzhou asked.

There were people watching outside, and he didn't know how many of them there were.

"Did anyone notice you when you came in?"

"No, they didn't. I didn't see anyone when I came in," Xie Yunzhou said with certainty.

Shi Xi looked at Xie Yunzhou.

Xie Yunzhou's expression did not change.

Shi Xi gave up on the confrontation. "I'm going to take a shower first. No matter what happens, don't make a sound and don't open the door."

"Alright," Xie Yunzhou said.

*

When Chu Jiamu was sent home by Xie Yunzhou's assistant, he saw a pretty and cold sister putting Chu Yuan on a drip.

"Daddy!" Chu Jiamu ran to the bed and asked the pretty sister, "What's wrong with my father?"

"He's running a fever," Ning Yu took out a few boxes of medicine from her medicine box and marked the dosage on them.

"Daddy won't die, will he?" Chu Jiamu asked, raising his head.

"He won't." Ning Yu thought to herself that it was just a fever.

It was still far from the banquet.

"Sorry to trouble you, Miss Ning," the assistant said politely.

Ning Yu replied, "It's quite troublesome."

The assistant: I can't answer that.

Seeing Ning Yu's displeasure, Chu Yuan said, "I'll transfer the medical fees to you."

Ning Yu looked at her assistant. "Take that kid out."

"Alright," the assistant replied.

Although he didn't know why, he just had to be obedient.

After the assistant left with Chu Jiamu, Ning Yu asked Chu Yuan, "You and Mu Qinglan have already divorced?"

...

Chu Yuan's voice was calm. "I'm sorry, I don't answer personal questions."

Ning Yu: "I don't care about your personal life. I don't care if she pokes your money or ruins your reputation. But she dragged Shi Xi down with her."

Chapter 678 The Skirt Is a Hundred Million Points Short

"Are you a fan of Shi Xi?" asked Chu Yuan.

Ning Yu replied, "En."

The Ning Yu of the past: I'm her sister.

The current Ning Yu: A sister is also a fan.

Chu Yuan understood, but he still rejected her. "I'm sorry for dragging Shi Xi into this. I've already cleared her name."

Chu Yuan's actions had crushed his own future.

However, he had successfully pulled Shi Xi out of this matter.

Ning Yu changed the topic. "As far as I know, Mu Qinglan divorced you and took away a lot of your assets."

"It has nothing to do with you," Chu Yuan said.

Ning Yu looked at Chu Yuan.

Chu Yuan was Mu Qinglan's ex-husband. With his help, it would be more convenient to expose the terrible things that Mu Qinglan had done.

However, it was fine without his help.

It was just a little troublesome.

Ning Yu closed the first aid kit and prepared to ask Xie Yunzhou for more consultation fees.

As a divine doctor, was she here to treat a small cold?

Just as Ning Yu was about to leave, Chu Yuan called out to her.

“What do you want to do to Mu Qinglan?”

The corners of Ning Yu’s mouth curled up slightly.

It seemed that Chu Yuan was not that stupid.

“I’m just letting her get the punishment she deserves,” Ning Yu said.

“Can you do it?” Chu Yuan asked.

Ning Yu’s tone was cold and arrogant. “There’s nothing I can’t do.”

..

.

*

Shi Xi came out of the shower and stood by the peephole to look out.

When Xie Yunzhou saw Shi Xi’s sneaky actions, he found them both adorable and strange.

“Someone knocked on the door just now, but I ignored it.” Xie Yunzhou glanced at Shi Xi and then looked away. “Put on your clothes.”

Shi Xi, who was wearing spaghetti-strap pajamas, lowered her head in confusion. “Which part of me isn’t dressed?”

The black silk pajamas were extremely comfortable on her body, and it made her skin look even fairer.

However, the skirt was a hundred million points short, exposing her long and straight legs, and the neckline was a hundred million points low.

Shi Xi clutched her chest. “You’re not allowed to go out anyway. I’m going to dry my hair.”

Xie Yunzhou’s eyes followed Shi Xi until the door was closed.

It was so difficult to wait.

He really wanted to follow her in.

When would he be able to go in and out with Shi Xi in broad daylight?

After a while, Shi Xi opened the door and said, “You can sleep here today.”

Xie Yunzhou’s mind was instantly stirred, and the corners of his mouth curled up. He said politely, “That’s not very good, is it?”

“You can sleep on the sofa.” Shi Xi came out with a blanket.

Xie Yunzhou was speechless.

Shi Xi placed the blanket on the sofa and said, “Goodnight~”

Xie Yunzhou, who had everything arranged, said, "Goodnight?"

Goodnight his ass!

How could he fall asleep?

Forget it, it wasn't the first time he'd slept on the sofa.

Being able to sleep on the same bed, no, in the same room as Shi Xi was already huge progress.

*

The next day.

Early in the morning.

Yawning, Shi Xi came out of the bedroom and saw that Xie Yunzhou was still asleep on the sofa.

Xie Yunzhou was almost 1.9 meters tall, so it was natural that he would not be able to sleep well when he was curled up on the small sofa.

He couldn't even straighten his legs, let alone turn over.

It was really pitiful.

When Shi Xi saw that the blanket was about to fall to the ground, she went forward to pick it up and covered him.

...

Before she could touch him, Xie Yunzhou grabbed her wrist.

Xie Yunzhou was jolted awake from his sleep. When he saw Shi Xi in front of him, he was dazed for a moment. "Xi Xi?"

"I saw that your blanket fell off, so I covered you up. Since you're awake, get up." Shi Xi didn't notice anything amiss.

"Yes." Xie Yunzhou let go of her hand and saw that the girl's wrist had turned red from his grip. He apologized, "I'm sorry, I thought it was someone else."

"Other than me, who else would cover you with a blanket?" Shi Xi rubbed her wrist and realized that her words were a little ambiguous, so she quickly said, "It's okay, it doesn't hurt."

Chapter 679 So It's the Power of Money

What kind of sweet words was she saying so early in the morning?

Shi Xi hurriedly went back to put on her makeup and change her clothes, pretending that nothing had happened.

However, the dress she was going to wear today had a zipper at the back.

She couldn't pull up the last bit of the zipper.

!!

Shi Xi opened the door. "Xie Yunzhou, do me a favor."

Zhu Lin came to the hotel to pick up Shi Xi.

After entering, Zhu Lin was holding a cup of milk tea in her hand. When she saw Xie Yunzhou zipping up Shi Xi's dress, her eyes widened. "Y-y-you, President Xie, you?"

Xie Yunzhou's eyes were indifferent.

"Ah, this, Xi Xi... Did President Xie sleep here last night?" Zhu Lin asked after she regained her senses.

Shi Xi nodded. "Yeah."

Even if he slept on the sofa, he would be sleeping here.

Countless thoughts flashed through Zhu Lin's mind.

"The one living opposite seems to be illegitimate fans. Did you meet them when you came in? Shi Xi asked.

"Ah? I didn't, but there's a cup of milk tea at the door." Zhu Lin reacted, raised the milk tea in her hand, and said, "I thought you had ordered milk tea early in the morning!"

Shi Xi was speechless.

novelusb.com

Zhu Lin looked at the time and said, "The production time was 9 o'clock last night."

"Someone knocked on the door at that time," Xie Yunzhou recalled.

"It's probably a fan. He's not that enthusiastic to take the role." Zhu Lin noticed the helplessness in Shi Xi's eyes. She threw the milk tea into the trash can and said, "I'll get a few security guards from downstairs to help."

"Alright," Shi Xi replied.

Before going out, Zhu Lin looked out through the peephole. "Someone's here. Wait for the security."

The forgotten Xie Yunzhou: "How do I get out?"

Shi Xi paused. "They'll disperse after I leave. You should leave later."

In any case, they couldn't let anyone take a video of them coming out together in the morning.

As soon as she came out of the room, the illegitimate fans and the reporters surrounded Shi Xi and kept taking photos of her.

"Shi Xi, were you alone last night?"

"Why didn't you open the door when I knocked? You didn't even take the milk tea I ordered for you!"

"The milk tea was ordered last night, don't drink it anymore!"

The illegitimate fans even reminded Shi Xi.

Zhu Lin was horrified. How did these fans know that Shi Xi lived here? They even knew the room number?

With the help of security, Shi Xi got into the car safely.

"Next time, use my ID card to book a room. They won't be able to track you down," Zhu Lin said.

Shi Xi nodded and called Han Chuan. "When is the interview for [Sky Blue]? I've agreed to go."

Han Chuan was startled. "You've thought it through?"

"Yes. Xie Yunzhou is the biggest investor now," Shi Xi said bluntly. "Nan Wan won't be selected."

"So it's President Xie." Han Chuan suddenly understood.

It was no wonder the production team had been trying so hard to invite Shi Xi.

So it was the power of money.

*

The interview for [Sky Blue] was still ongoing. Shi Xi accepted the interview invitation and arrived at the interview venue.

However, when they arrived, Shi Xi realized that there were quite a few people around.

Shi Xi was speechless.

Didn't he set her up internally? Why were there other people here for the interview?

And there were both men and women?

Shi Xi looked at Han Chuan with a puzzled look.

"Other than Fu Tianlan, there are other roles that need to be interviewed," Han Chuan explained.

"There's no internal casting for the female lead?" Shi Xi asked in a low voice.

Han Chuan shook his head. "The director said that he would choose the female lead based on the interview results."

"I called President Xie and he told you to come for the interview without any worries."

Shi Xi thought, 'Did he set me up or not?'

She couldn't understand.

However, she had already studied the plot of [Sky Blue] over and over again, and she was definitely not worse than the others!

Shi Xi instantly became confident.

Chapter 680 A Joke At the Beginning of the Year: Shi Xi Has Good Resources

The dramas that Shi Xi had acted in before were almost all internal dramas or self-made dramas by Kuai Xue.

This was her first time auditioning for a foreign film.

Thinking about it, she was a little nervous.

Other than Shi Xi, there was also a large group of celebrities in the waiting area who had come for interviews for other roles.

When they saw that Shi Xi had arrived, their gazes changed.

Everyone in the entertainment industry could surf the internet at 8G speed, so who didn't know about the fight between Shi Xi and the crew of [Sky Blue]?

When Shi Xi had come for the interview, she had offended Nan Wan and the crew of [Sky Blue] by saying 'Nan Wan has been decided to be the female lead'.

It even made it to Weibo's top spot, and the netizens were all scolding the crew of [Sky Blue] for being so self-righteous.

And now, Shi Xi was here for an interview?

Someone had already secretly taken photos and sent them to Douban.

The small-time celebrities in the entertainment industry all had dozens of side accounts and followed all kinds of entertainment-verified accounts.

It was all for the sake of exposing and smearing reputations.

Douban group: [Shocking! Shi Xi is here for the interview for [Sky Blue]!]

After the post was accompanied by pictures and self-verification, the audience was shocked.

[F*ck! Didn't Shi Xi say that Nan Wan was already the female lead of [Sky Blue]? Why did she go for an interview again?]

[The production team of [Sky Blue] posted on Weibo that they didn't have any internal appointments, so Shi Xi went for the interview, right?]

[Did Nan Wan go for the interview?]

[Even if they went, they wouldn't have put the two of them in the same batch for an interview! Can anyone dig out Nan Wan's recent schedule? Did she go for the interview?]

[Shi Xi left with a sulk the last time. Did Nan Wan go for her interview? Will it be Nan Wan?]

The netizens' nosy nature was ignited.

Originally, other than the two groups of fans, no one would care who the female lead of [Sky Blue] was.

But now, everyone wanted to know who would be chosen by [Sky Blue] in the end.

Choosing Nan Wan meant that what Shi Xi had said earlier was true – Nan Wan was the internally decided actress for this drama.

However, if they chose Shi Xi...

That would be even more interesting!

This news was even moved to Weibo and became a hot search.

#Shi Xi auditioned for [Sky Blue]#

Just as the netizens were happily eating their melon seeds, someone released their melon seeds!

[Melon! Shi Xi's financial backer has come forward! He bought the female lead of [Sky Blue] for Shi Xi!]

After this melon came out, the fan circle shook.

Shi Xi was extremely beautiful and had an excellent figure. Ever since she started cultivating, she had been a controversial topic.

The black fans firmly believed that Shi Xi had been promoted by her sugar daddy.

The other companies wanted to suppress Shi Xi.

Therefore, after seeing this news, all parties immediately began to make comments.

#Sugar Daddy Shi Xi#

[Don't you know that Shi Xi is selling her body? She had a boyfriend since high school, but after her fake identity was exposed, she was dumped by her rich boyfriend, and the engagement was canceled. Shi Xi quickly latched onto another golden thigh and made money in the entertainment industry.]

[There are plenty of beautiful people out there. Shi Xi bought too much through marketing and was forced to become a celebrity by capital! What could Shi Xi possibly have that would attract the attention of the investors? I don't know how many people have played with her!]

[Just think about how Shi Xi is treated in the entertainment industry. She has so many resources, so she must have a big boss behind her. Only her fans are silly enough to think that Shi Xi doesn't have a sugar daddy.]

[...]

All kinds of rumors came out, and the fans couldn't stand it anymore.

[I'm dying of laughter. I can make up 80 of these watermelons a day.]

[The black fans are like a rat in the basement who can't see the light of day. They can't bear to see Shi Xi doing well.]

[I've been a fan of Shi Xi ever since she started out. Her resources are really terrible. Other than the company's self-made drama's female lead, all the other dramas are just supporting roles. This is called having a golden thigh?]

[New Year joke: Shi Xi has good resources. It's enough to make me laugh for a year.]

[So it's raining. I thought the black fans had made me speechless.]
