

## The Fake 701

Chapter 701 Nan Wan Suspected to Be Playing Sick!

When the news came out, the entire internet was shocked.

[What's going on? Why did you suddenly stop acting?]

[Hahaha, I guess it's because she didn't know that Shi Xi was acting as the female lead. Nan Wan has already said that she definitely won't be Shi Xi's supporting role.]

The netizens who were watching the show kept watching.

!!

This kind of melon in the industry was the most delicious.

The fans were dissatisfied with these comments and directly retorted.

[They already said that it's a conflict of schedule. Our Wan Wan said that it's okay to be a supporting role.]

[The drama that Shi Xi can act in probably isn't a good script. I support Wan Wan!]

[I'm dying of laughter. What schedule conflict? Nan Wan's way of making excuses for it is so funny.]

[Shi Xi's fans should hurry up and watch two more movies to increase the box office for that dismal movie!]

[If you have time to spend with us, why don't you get more money to support your cooking?]

The Nan Wan fans would never lower their heads.

While mocking [Sky Blue] for being bad, they also mocked Shi Xi's movie box office.

Their hearts ached for Nan Wan.

Because Nan Wan had posted a Weibo post right after.

@Nan Wan: [I'm in the hospital. I can't join the crew. Sorry to disappoint everyone~~]

The attached picture was of an arm that had been injected with a needle and was on a drip.

After posting on Weibo, Nan Wan looked back and forth at Weibo.

"Sister Nan Wan, will we be discovered if we do this?" the assistant asked in a trembling voice.

Yes, the one who was sick was not Nan Wan.

It was the assistant who had been so busy recently that she had fainted.

Nan Wan rolled her eyes. "If you don't tell, who else would know?"

The assistant was speechless.

Ever since Nan Wan pretended to be sick last time and gained attention, she had learned to act pitiful.

The moment this Weibo post was posted, the following posts were filled with people's hearts aching for Nan Wan.

[Our Wan Wan went to the audition while she was sick, and now she's on an IV drip. The studio should let her rest for a few days!]

[Those who say that Wan Wan is unprofessional, come in and take a good look at this picture! Wan Wan went to the audition with a hanging drip! She is still in the hospital! How could she be unprofessional!]

[Get in here and apologize! You all owe Wan Wan an apology!]

Nan Wan's fans were extremely arrogant.

Seeing these comments, Nan Wan raised her eyebrows slightly.

She took the time to look at her assistant and asked, "How long will it take you to finish hanging?"

The assistant hung three bags on top of her and said, "The nurse just said that it will take about two and a half hours."

Nan Wan frowned. "It's too slow. You can stay here. I'll go eat."

"I..."

"You don't have to get someone to pick me up. I'm just going to eat." Nan Wan put on her sunglasses and hat and quietly left the hospital.

She found a restaurant and ordered a table of dishes and a bottle of wine.

After the dishes were served, Nan Wan began to take photos.

She did not notice that someone was secretly recording.

And posted it online.

[Breaking Melon: Nan Wan is suspected of faking illness!]

Below was a photo of Nan Wan taking selfies in the restaurant, eating spicy food, and drinking alcohol.

When the netizens saw it, they were shocked.

Wasn't Nan Wan in the hospital just now?

Wasn't she on a drip?

Why now?

Just having a feast?

Even those who did not understand medicine knew that they could not eat spicy food or drink alcohol when they were sick.

As for Nan Wan, she had just posted on Weibo and was now eating a big meal?

[She's definitely pretending to be pitiful. There's only one hand in that photo. It might not be her.]

[Enlarge the photo and see if you can find the needle hole on the hand!]

[D\*mn it, do you think this was taken by a sniper scope? Who can see if there are any needle holes on their hands?]

Nan Wan knew nothing about this and was still eating and drinking freely.

However, after that, there were many capable people.

[I checked the medicine in the IV drip hanging in Nan Wan's audition. It's all glucose.]

...

Chapter 702 Nan Wan Is a Fake Miss

[What???)

[Ah???)

[What's going on???)

[F\*ck, brother!!!]

The netizens who were surfing 5G instantly understood what the OP meant.

The OP was referring to Nan Wan's audition with an IV drip.

Back then, he was told that medical waste could not be thrown around.

They didn't expect it to be taken for testing!

[So, Nan Wan is pretending to be sick?]

[I'm dying of laughter. If you can't do it once, you can pretend twice. @Nan Wan, aren't you going to come out and explain?]

[Our Wan Wan can't pretend to be sick! If you have the ability, show me the evidence! Words have no proof!]

[You're really a mouth full of rumors. You're running around trying to refute them. You guys casually slandered Nan Wan. What evidence do you have to prove that it's glucose? Huh?]

The poster was very helpful and immediately posted the test results.

The fans continued to wash their hands, [This kind of list can be faked easily.]

[Nan Wan is eating a big meal that costs 20,000 yuan per person. Her fans are still helping her clear her name.]

**novelusb.com**

[I'm dying of laughter. A group of people with a daily salary of less than 200 yuan, yet they feel sorry for a celebrity who uses 20,000 yuan for a meal.]

[...]

No matter how the fans tried to clean up the mess, the #Nan Wan feigning illness and acting pitiful# incident had been confirmed and successfully made it to the trending searches.

Her manager and assistant kept calling Nan Wan.

However, Nan Wan had her phone on silent mode and she was enjoying a feast.

Many fans were furious.

Before leaving, the fans even wrote a small essay:

[I understand now. Nan Wan really doesn't care about the feelings of her fans. I should have known when we picked her up that fans are worthless in her eyes.]

[Previously, it was the manager who asked us to pick her up in the group and take pictures of her returning to the airport.]

[I didn't want to go, but her manager said that there weren't many fans, so I went.]

[In the end, when she arrived, she did not even put on makeup! I just took a picture of a mask and she gained weight. I was tired of photoshopping later.]

[This is nothing.]

[After sending Nan Wan to the car, I heard Nan Wan say to the driver, "Hurry up and close the window. It's so annoying."]

[Smile.]

[Breaking News: Previously, Nan Wan was doing some koi character design. Let everyone repost it and pay their respects. Actually, that was a script that the production team had written for her. How could there be any koi? It's all fake.]

[Nan Wan has a very bad personality in private. She has contacted the team before. She is not responsible for being late and leaving early. She even asked if she could not memorize the script. She wants to establish a character image of a stupid beauty.]

[Breaking News: Nan Wan has always disliked Shi Xi because she is also a fake daughter.]

[F\*ck? Tell me in detail!]

It had to be said that one pink was worth ten black.

The fans knew more than the haters.

Moreover, there were videos or pictures to prove everything.

The anti-fans were dumbfounded!

Netizen: I'm in a melon field. I don't know which melon to eat.

Melons are so sweet! So much water!

A large-scale de-fan scene!

Even the entire fan club had resigned and no one stayed!

..

By the time Nan Wan found out about this, her phone was filled with missed calls and her fans had mostly left.

Nan Wan called her manager and scolded, "Don't you know how to get someone to delete the post and suppress the matter?!"

There would always be people monitoring public opinion in the artist's studio.

"I got someone to delete the post as soon as possible," the manager said tiredly. "But it happened too suddenly. The news spread too quickly."

It was as if someone was deliberately targeting Nan Wan.

"It must be Shi Xi!" Nan Wan said hatefully. "She just can't stand seeing me do well!"

The manager pressed his temples and endured his headache. "Post an apology on Weibo now and lower your attitude."

Chapter 703 The Box Office Broke Through 500 Million!

Nan Wan gritted her teeth. "You want me to apologize? Impossible! You're my manager, so you have to handle these things for me!"

The manager thought of the fans who had lost their fan status and stomped on them before leaving.

These were the hardest things to deal with.

To be honest, pretending to be sick and not being Shi Xi's match were all trivial matters.

It didn't matter at all and they could even torture fans.

However, the most fatal thing was the fan essay.

"I'll do my best to maintain public relations," the manager said calmly.

"If you can't do it well, then scram!"

The manager already wanted to leave.

The period of time he was Nan Wan's manager was definitely the most difficult time for him.

Just as the topic of #Nan Wan Melon Field# gradually calmed down...

The box office figures of the two movies were updated again.

[Energetic Girl], box office on the third day: 280 million, total box office earnings: 550 million.

[Bio-Human], box office on the third day: 56 million, total box office earnings: 305 million.

After the data was updated, the netizens were shocked.

[F\*ck, isn't the increase in Energetic Girl too fast?!]

[Heavens! It directly broke 500 million? Ah, Shi Xi!]

[Two days ago, it was a few hundred million. Why is there so much today? You went easy on me?]

With the release of the new day's data, the [Energetic Girl] that had been forgotten by the netizens once again shocked everyone.

Everyone thought that the box office sales in the first two days of the movie had already set the foundation for the total box office sales.

Unexpectedly!

It actually broke through 500 million!

Even Shi Xi herself did not expect it.

It actually broke 500 million just like that?

After the news spread, the hashtag #Energetic Girl's box office sales broke 500 million# immediately became a hot topic.

Many friends in the industry came to congratulate her.

@Wen Yao: [Congratulations to Xi Xi for breaking 5! Our expectations had broken through 10! The movie is good~ [Movie ticket with picture]]

@Yun Guanghe: [Energetic Girl, awesome [thumbs-up with picture]]

@Li Jinfan: [Supporting my brother's movie [photo with Pei Jie]]

@Mu Zhao: [It's a very good movie! Congratulations on breaking 5!]

...

Shi Xi hugged her phone, only one thought in her mind.

Sob, sob, sob! It finally broke 500 million!

She could finally stay in the entertainment industry and continue to work!

She did not want to go to school and inherit the Shi family's business!

Humph!

@Shi Xi: [Thank you! If the box office sales exceed 500 million, I don't have to go back and inherit the family business!]

[Hey, hey, hey? A mental hospital?]

[Another crazy one...]

[I didn't expect the box office to break 500 million. Mom's so big~~]

[Is it that good? I'll go take a look too.]

After the movie became a trending topic, everyone who had seen it praised it.

It made those who had never seen it tempted.

As for @Energetic Girl's official account, they had already made a poster that broke 300 million, but now they had to do it again.

After posting the poster, the official Weibo account posted an Easter egg.

@Energetic Girl Official Weibo: [We promised a reward of 200 million! Lou Lou's wake-up call voice message has been sent!]

The fans happily opened the voice chat.

They heard Lou Ruicong's confident and narcissistic voice.

"Still sleeping? The pig is already up, and you're still lying down? Why aren't you learning to earn money? Are you waiting for me to support you?"

After hearing this, even the fans fell silent.

[Lou Ruicong, as expected of you.]

There were also true love fans who set this voice message as an alarm clock.

Then, the true love fan came to share their experience.

[Don't use this voice as an alarm clock!]

...

[My mom asked me if my boyfriend called me!]

[She even said that I couldn't have this kind of ordinary man!]

[My dad said that I was blind to find such a man!]

[Ah, I explained for a long time before they believed that I was chasing after a star and not having a boyfriend!]

Chapter 704 Do You Really Think That Those Netizens Who Only Surf the Internet All Day Have Their Own Thoughts?

Because the experience was so funny, it seemed like it was made up.

[My heart aches for this sister, hahaha. But I live alone, so it's fine.]

[Auntie is so fashionable. She even knows how to use words like 'Puxin Man'!]

[Lou Lou: Puxin male? Are you saying that I'm confident? It seems that Auntie is very satisfied with me!]

!!

[I'll knock! A similar situation! I live in the dormitory. After the alarm clock rang, my roommates collectively advised me to dump this man.]

[I'll dump him!]

[I've also dumped celebrities before.]

[F\*ck, as expected of Lou Lou's fans. Sisters, this is too funny.]

[What are the fans of a comedy artist? Answer: Comedian.]

[...]

[So, what's the Easter egg that broke 500 million? Can you hear Jie Jie's voice?]

[Pei Jie has been ignored again and again. Our Jie Jie is clearly the male lead.]

*novelusb.com*

The topic gradually changed.

When Nan Wan saw that Shi Xi's movie had exceeded 500 million while [Bio-Human] had only exceeded 300 million, she was so jealous that her eyes turned red.

The manager glanced at her expression and said lightly, "Your previous movie, [The Tale of Xianxia] had a box office earnings of 1.2 billion, much higher than hers."

When Nan Wan heard this, she felt relieved. She took a deep breath and said, "Go buy some dirt on Shi Xi."

The manager frowned. "What dirt?"

Nan Wan threw her phone impatiently and said, "She has a sugar daddy. She slept with someone. She cheated on him. She escaped. She didn't pay taxes. Can't you just randomly find one to blackmail? Do you know how to be a manager?"

"Shi Xi doesn't have any solid black spots. This kind of embarrassing black spots will only abuse her fans," the manager replied calmly.

He was already used to Nan Wan going crazy.

Nan Wan clenched her fists and her eyes turned red. "Then say that she had plastic surgery, bad acting skills, and bad movie plot!"

"Even if the netizens do not believe it when it is said, if a hundred people say it, a thousand people say it, the netizens will believe it!"

"Don't you know how to buy fake reviewers? If a thousand people say that Shi Xi had plastic surgery, then even if she didn't have plastic surgery, she had it! If ten thousand people say that her acting skills are bad, then even if her acting skills are not bad, it is still bad!"

"Do you really think that those scumbags who only know how to surf the internet all day have their own thoughts? Don't you understand what others say?"

“As long as you learn how to guide them, they will all be our water army!”

It was already very easy for a manager to do this kind of thing.

“I know what to do. You don’t have to teach me. But the company has spent too much money on marketing now. We can’t make ends meet,” the manager said calmly.

“Isn’t it just money? I have plenty!”

Now that the problem of money had been solved, the manager was no longer worried. “I’ll get someone to go to blacken Shi Xi. Have a good rest.”

“Have a good rest? How can I rest well?”

Nan Wan lay on the sofa, her mind filled with Shi Xi’s provocative look in front of her.

A fake daughter from a small family actually thought that she was better than her?

How was this possible?

\*

[Energetic Girl] was popular everywhere, and Hua Hengzhe went to watch the movie immediately.

After watching the movie, Hua Hengzhe told his family about it during dinner.

“[Energetic Girl] is really good! Ruoling, have you seen it?” As soon as Hua Hengzhe came up, he stepped on thunder.

Hua Ruoling smiled awkwardly. “I don’t like to watch domestic movies.”

“You’re idling around all day, so don’t harm Ruoling.” As the elder brother, Hua Xuanhe took the responsibility of supervising Hua Hengzhe.

“But it’s really good!” Hua Hengzhe argued.

Hua Wenying smiled faintly. “It’s Shi Xi’s movie, right? I saw the advertisement online and thought it was pretty good.”

“Aunt, do you like to watch teen school movies?” Hua Hengzhe asked in surprise.

“What? Do you think that I’m too old to watch such youthful school movies?”

Chapter 705 Paternity Test With Hua Wenying

Hua Wenying joked with the younger generation.

“No, no, I’m just afraid that Aunt won’t like this kind of movie.” Hua Hengzhe desperately winked at his elder brother. “Brother, say something for me!”

Hua Xuanhe turned a blind eye.

“Ahem, Aunt likes Shi Xi a lot too, right? I heard that the dress that Shi Xi wore on the red carpet was designed by you.” Hua Hengzhe changed the topic.

“Yes, she’s very cute and has a good personality. I’m already designing a dress for her to attend the next gala.” Thinking of Shi Xi, Hua Wenyin smiled and said to Hua Xuanhe, “Xuanhe, I remember that you’re friends with her. You can invite her to our house for dinner next time.”

Hua Xuanhe saw the matchmaker’s eyes and his mouth twitched. “I know.”

He did not have any feelings for someone else’s wife!

“Mom treats Shi Xi so well. If I didn’t know, I would have thought that she was your daughter!” Hua Ruoling joked.

“Yes, yes, Shi Xi looks very similar to Aunt! Aunt, Shi Xi isn’t your illegitimate daughter, is she?” Hua Hengzhe joked.

“What are you talking about? I only have one daughter, Ruoling,” Hua Wenyin scolded with a smile. “How could I have an illegitimate daughter?”

“Looks like I can’t be Shi Xi’s brother anymore,” Hua Hengzhe said regretfully.

Hua Xuanhe glanced at Hua Ruoling, who had been ignored, and said, “I booked a movie. Is everyone free this afternoon?”

“Why didn’t you say so earlier?!” Hua Hengzhe was indignant. “I bought the tickets myself!”

“Let’s watch it again. I haven’t seen it yet.” Hua Wenyin tucked her hair behind her ear and said with a smile, “Ruoling, come along too.”

“Ah?” Hua Ruoling regained her senses and said apologetically, “I have a date with a friend this afternoon. I won’t be going.”

“Have fun with your friends. Buy anything you like. Swipe my card,” Hua Wenyin said considerately.

Hua Ruoling’s eyes curved into crescents as she hugged Hua Wenyin’s arm. “I understand. Thank you, Mom~”

“Aunt is so nice! Can you help me clean up—” Before Hua Hengzhe could finish his sentence, Hua Xuanhe grabbed his collar and threw him out.

“Don’t even think about it!”

In the end, they went to watch a movie together.

Hua Ruoling did not go shopping. Instead, she secretly went to the paternity test center.

She secretly took a strand of hair from Hua Wenyin’s head and prepared to do a paternity test.

Hua Hengzhe’s unintentional words had always taken root in her heart.

Ever since she was young, there had been people whispering behind her back, saying that her mother was so beautiful, but why did she look ordinary?

When Shi Xi appeared, Hua Ruoling felt a sense of familiarity.

No, it was impossible!

She was Hua Ruoling's only daughter!

The only little princess of the Hua family!

Half an hour later, Hua Ruoling took out the document containing the results of the DNA test.

She clearly wanted to know the truth so badly.

However, when the truth was in her hands, she did not dare to face it.

Her trembling hands pressed against the document bag.

Just as she was about to open it, her phone rang.

Hua Ruoling was so frightened that her heart almost jumped out of her chest.

She picked up the call.

"Ruoling, didn't you say we'd go shopping together? I'm already at the Silver Seat. Where are you?"

Hua Ruoling took a deep breath. "You go ahead. I'll be there in a while."

After hanging up the phone, Hua Ruoling threw the results into the trash can without hesitation.

What wrong child?

She was Hua Wenying's only daughter!

The only little princess of the Hua family!

What Shi Xi?

A person from a small place also wanted to climb up to a high branch and become a phoenix?

What a joke!

Chapter 706 Xie Yunzhou Bought the Box Office, Things Exposed

On the other side, the Nan Wan manager's smear campaign against [Energetic Girl] had also begun.

[Lou Ruicong doesn't respect girls. You can see his character from the details.]

[Shi Xi's unchanging acting skills are so embarrassing.]

[500 million at the box office, 400 million injected?]

[Shocking! [Energetic Girl] stole [Bio-Human]'s box office earnings! I bought the movie tickets for Bio-Human, but when I entered the cinema, I realized that it was playing Energetic Girl!]

The negative news swarmed in, and the fans were overwhelmed.

[For the sake of the show's effect, Lou Lou was just joking with the sister. How can he be scolded like this? Comedians are really miserable.]

[Is Shi Xi blocking the way? Why are there suddenly so many haters?]

[Those who said they stole the box office, let's see the popularity of the two movies before we talk, okay?]

[I'm dying of laughter. If there's a hammer, let's hammer it.]

Among them, those who said that [Energetic Girl] had inflated the box office and stolen the box office were deeply dug up by the netizens.

[It's true that there's a lot of money involved. The first day's figures are wrong. The box office sales on the first day shouldn't be that high.]

[According to the statistics, there are about 50 million yuan in box office earnings. They all came from the same place.]

novelusb.com

[What do you mean?]

The naive netizens were asking online.

[They bought 50 million yuan at the box office alone. They can only be said to be inhumane.]

[F\*ck! They bought it for real?]

[This is probably some big shot, right? 50 million!]

[It's not like pouring money into it, is it?]

[This shouldn't be a virtual purchase. This is real money!]

For a moment, the netizens did not think about the matter of adding water.

Instead, they were thinking, who the h\*ll did this?

The big shot who crawled the data appeared again.

[I've also crawled up the data for the next two days. I found that the box office data of 50 million yuan has been injected every day. This is a real 150 million yuan.]

[50 million is already shocking me, and now you're telling me it's 150 million?]

[Energetic Girl's total box office earnings are 520 million yuan. With 150 million yuan injected, the box office earnings after dehydration are 370 million yuan. It's not bad.]

[Not bad? [Energetic Girl] has a cost of about 150 million, and it needs to earn 450 million before it can be considered to have recovered its cost. Now that it's 370 million, it's definitely a failure.]

[What about Nan Wan's [Bio-Human]? Wouldn't that be even worse?]

[In [Bio-Human], Nan Wan isn't the female lead. She's just a five-minute supporting role. Do you think she'll be able to carry the box office?]

The internet was in an uproar again.

It had to be said that only debate on Weibo could drive up the popularity.

When Shi Xi saw this, she seemed to have recalled something.

She called Xie Yunzhou and asked, "You bought the box office?"

Xie Yunzhou didn't answer directly. "The box office earnings are not bad."

Shi Xi said helplessly, "I've said it before. I don't need your help. If I really can't reach 500 million, it means that I'm not suitable for the entertainment industry."

"The box office sales have exceeded 500 million yuan. You're very happy," Xie Yunzhou said.

He could sense Shi Xi's happiness even through the phone.

Shi Xi paused. "That's true-hey! Don't change the topic!"

Xie Yunzhou chuckled. "We've reached our target box office earnings, so I won't be investing anymore."

"150 million. Do you know how much that is?" Shi Xi muttered softly.

"I've invested in the movie. When the box office sales sell well, I'll get a bonus. The money I invested is equivalent to exchanging my left hand for my right hand." Xie Yunzhou didn't care about such a small amount of money.

Shi Xi thought to herself that a capitalist's brain worked really fast.

He had even calculated this.

Xie Yunzhou: "Don't think about it. Come out. I'll take you to ski."

Chapter 707 Try and Die

Ski resort.

Shi Xi looked at the empty ski resort and asked, "Just the two of us?"

"It will only be officially opened to the public after the New Year."

This was Xie Yunzhou's project.

!!

Shi Xi thought of the amusement park from before and said, "You seem to like these kinds of entertainment projects."

"Because I'm earning money."

Shi Xi: ...That was true.

Seeing a net separating the ski resort, Shi Xi asked curiously, "Why is this place separated? Wouldn't it be even bigger if they were combined?"

"It's separated into two ski areas, one big and one small. This is the big ski area, and the price is favorable. The small ski resort only accepts reservations and the price is higher," Xie Yunzhou explained.

Shi Xi thought to herself, 'Why are there so many tricks for skiing?'

Holding the snow gear, Shi Xi tried to get used to her current equipment.

She had learned many movement techniques and footwork, so she could walk on ice as if it was flat ground.

It was just a mere ski trip!

Shi Xi tried to take a step forward.

She fell to the ground face-first.

Fortunately, she was wearing knee pads and was wearing thick clothes, so she did not hurt!

It was only because she fell face-first.

My nose hurts QAQ

Xie Yunzhou held back his laughter and helped her up. He said, "Take it slow. You'll fall on your first try."

"Did you fall?" Shi Xi asked.

"No, I didn't."

Shi Xi: "..."

Using Xie Yunzhou's strength to stand up, Shi Xi still felt unsteady.

This feeling of not stepping on solid ground was really hard to control!

Shi Xi would rather wear ordinary shoes and walk on ice.

After learning how to walk, she slid down.

"The two boards should be parallel to each other and shoulder width apart. Your knees should naturally lean forward, and your center of gravity should lean forward. Slowly put away the snowball fight. The weight of your body will cause you to slide down." Xie Yunzhou taught Shi Xi how to ski boldly. "It's very simple. Try it?"

Shi Xi retorted, "You make it sound simple. Why don't you try one?"

Xie Yunzhou: Then I'll do it!

Xie Yunzhou was not a newbie. He found a good angle and slid down.

His movements were smooth and his figure was elegant.

Even though he was wearing heavy clothes, one could still tell that he was handsome.

Shi Xi's eyes were filled with admiration.

Not bad!

It seemed quite simple.

Shi Xi held the attitude of 'I can do it too' and slowly slid down according to what Xie Yunzhou had taught her.

The glide was smooth!

Shi Xi was delighted and even sped up with a snowball fight.

However, as she slid down, her speed increased.

Shi Xi: ?!

How could she stop!

Xie Yunzhou only taught her how to slide down.

He didn't teach her how to brake!

"Ahhhh, make way, make way!" Shi Xi looked at Xie Yunzhou below and shouted, "I'm going to hit you! Quickly move aside!"

Shi Xi looked like she was about to crash into them, but she did not even know how to turn!

She could only let Xie Yunzhou hide.

Xie Yunzhou: Then I'll do it.

Her: Do it and die.

"Center of gravity forward, push the tail of the board outward," said Xie Yunzhou.

Don't panic, she can do it!

Shi Xi thought of the strategy she had made previously and slowly stopped her ski.

However, she braked too late and still hit Xie Yunzhou.

She crashed into Xie Yunzhou's arms.

"Don't worry, I won't let you fall." Xie Yunzhou caught her and smiled.

...

Shi Xi's nose turned red.

She fell to the ground and felt the pain from the wind.

"You did very well. Do you want to try again?" Xie Yunzhou asked.

"Sure." Seeing that she was still in his arms, Shi Xi's ears turned red and she was about to step aside.

However, she was on a pair of skis.

She brought Xie Yunzhou with her and fell sideways into the snow.

Shi Xi: "..."

Xie Yunzhou: "..."

The flag he had just set slapped him in the face.

Chapter 708 Soaking in the Hot Spring Together

Fortunately, he had been carrying the girl and did not let Shi Xi fall into the snow.

Shi Xi thought to herself, 'I might as well fall into the snow!'

The snow was still a little softer!

Xie Yunzhou was stiff!

"I'm sorry." Shi Xi scrambled to her feet.

However, just as she was about to stand up, her ski slipped and she fell onto Xie Yunzhou again.

Moreover, their positions were extremely intimate.

He almost kissed her.

Shi Xi's breathing stagnated. Looking at the man who was extremely close to her, she did not dare to move.

\*

At the small ski resort.

The men chatted as they entered the ski resort.

"I didn't expect there to be a ski resort here. How novel."

"D\*mn it! Is there someone having s\*x over there?" the sharp-eyed man said quickly.

"Use your brain. Who would have s\*x at a ski resort? If they wanted to do it, they would go to the hot spring at night, hehehe! I guess the couple fell down and started kissing," another man analyzed.

"God Shuo, what do you think?"

The boy called God Shuo looked young. He had a head of silver-gray hair and was as handsome as an elegant male god from a comic.

"Ski properly," he said coldly after putting on his ski gear. "Why do you care?"

"It's a pity that there's no sister to accompany such a good ski resort."

"Hey, God Shuo, do you know how to ski?"

As soon as he finished speaking, God Shuo rolled down the slope.

His teammates were speechless!

..

Shi Xi came back to her senses and immediately distanced herself from Xie Yunzhou. She knelt on the ground and said, "You, you teach me how to stand up."

Xie Yunzhou was still thinking that it was a good time to kiss her.

In the first place, he was just using the name of ski to get closer to Xi Xi.

Seeing that there were people at the ski resort next door, Shi Xi said, "Isn't it not open yet? Someone is coming over there."

"I guess he's a customer who's doing a trial run," Xie Yunzhou said casually.

"They look very powerful," said Shi Xi.

As soon as she finished speaking, Shi Xi saw the silver-haired man fall down.

"Old uncles shouldn't play such thrilling sports!" Shi Xi sighed.

"Falling on the snow doesn't hurt."

Both of them had just tried it.

"Continue sliding!" Shi Xi was even more motivated when she saw that others had fallen more miserably than her.

..

After he fell, he struggled in the snow for a long time and didn't get up.

In the end, it was his teammates who helped him up.

"What a pity. That scene just now wasn't recorded." The heartless teammate didn't feel any heartache.

"I'm going back to the hot spring!" God Shuo gritted his teeth.

"Since you're already here, let's play together! I'll teach you."

"There's plenty of time to soak in the hot springs tonight. Let's go ski first. Look at the couple over there. They're getting better and better."

Under the persuasion of his teammates, God Shuo finally stayed and continued to fall (crossed out) and ski.

Shi Xi played for most of the day and was very happy.

After mastering the technique, she quickly got the hang of it.

When night fell, Xie Yunzhou brought Shi Xi to the nearby Blizzard Villa to stay.

Shi Xi looked at the empty hotel and said, "Is this your shop too?"

"Yes, it's right next to the snow park. It's convenient for fun." Xie Yunzhou passed the room card to Shi Xi and said, "Go change your clothes first. I'll take you to the hot spring."

“Huh?” Shi Xi was a little stunned.

Go to the hot spring together?

Wasn't it too fast?

Ah, this.

However, Xie Yunzhou had already swiped open another door and entered.

Shi Xi had mixed feelings.

...

She knew that there was a kind of hot spring that mixed men and women.

But Xie Yunzhou probably didn't mean that, right?

Then why did he say together?

Forget it, she would know when she got there!

Chapter 709 Shi Xi: Don't Frame Me!

When Shi Xi returned to her room, she realized that there was a swimsuit prepared on the bed.

Mm...

Quite conservative.

Shi Xi changed into the swimsuit and put on some clothes before walking out of the room.

!!

Xie Yunzhou was already waiting outside the door as he led Shi Xi toward the hot spring.

“I didn't expect there to be a hot spring here.” Shi Xi awkwardly tried to find a conversation.

“Originally, we only wanted to build a snow park here, but we found two living hot spring eyes, so we built a hotel,” Xie Yunzhou said.

“Is that so?” Shi Xi's heart raced as she walked closer and closer. “When I checked in, I saw a hot spring room.”

“That's because the hot spring water was drawn into the room,” said Xie Yunzhou.

Shi Xi thought that she might as well soak in the hot spring in her room!

Just as she was thinking about it, Shi Xi saw a sign that said ‘Mixed Bathing for Men and Women.’

“Mixed, mixed bath.” Shi Xi averted her gaze.

She knew it!

Xie Yunzhou wasn't that kind!

“Do you want to take a mixed bath?” Xie Yunzhou asked.

“Hmm?” Shi Xi was confused.

Why did he ask that?

Didn't Xie Yunzhou think so and bring her here?

“Look over there.” Xie Yunzhou pointed to the right of Shi Xi.

Women's Department.

Shi Xi looked in another direction.

Men's Department.

Shi Xi: QAQ

Xie Yunzhou ruffled the girl's hair. “Go ahead.”

Shi Xi's almond-shaped eyes widened as she avoided his hand.

Don't touch my hair!

After entering the female division, Shi Xi looked at the empty and clean hot spring and was very satisfied.

The warm water seemed to be still flowing, rippling.

If only there were some snacks.

Just as she was thinking about it, a female attendant's voice sounded.

“Miss Shi, do you need any fruit snacks?”

“Alright! Do you have ice cream?”

The attendant came in with a plate of cut fruits, strawberry pudding, and mango pudding.

Shi Xi's eyes lit up.

They were all her favorites!

“There are three types of ice cream: plain, vanilla, and chocolate,” the attendant said. “Which one would you like, Miss Shi?”

Shi Xi was about to order when she was interrupted.

“It's too cold. You're not allowed to eat ice cream.” Xie Yunzhou's voice suddenly rang out.

Shi Xi hid in the water. “You can hear me?”

Xie Yunzhou, who was soaking in the hot spring on the other side: “We are only separated by a wall.”

“I want vanilla ice cream,” Shi Xi whispered to the waitress.

“What did you say?”

“I didn’t say anything.” Shi Xi started eating the ice cream and winked at the waitress.

Xie Yunzhou seemed to have guessed something and said, “You’re not allowed to give her ice cream.”

Shi Xi pursed her lips.

How could this person be like this!

“Did you forget that you went to the hospital because of a stomachache?” Xie Yunzhou said coldly.

“When did I go to the hospital?” Shi Xi denied it three times. “That’s impossible. I didn’t do it. Don’t frame me!”

Xie Yunzhou was speechless.

It seemed that Shi Xi had really forgotten.

The attendant naturally listened to Xie Yunzhou and smiled apologetically at Shi Xi before leaving.

Shi Xi could only eat the fruit pudding in boredom.

She couldn’t eat ice cream in such steaming hot water?

This was too much!

...

Shi Xi was unable to fly into a rage. She could only use her hand to slap the water of the hot spring to express her dissatisfaction.

“Xi Xi?”

Shi Xi ignored him.

“Are you still there?”

She still ignored him.

Beautiful women had their own tempers.

“It’s not good to eat cold food before dinner,” said Xie Yunzhou helplessly. “You can eat ice cream after dinner.”

“No need. Wait for me to go back. I’ll eat as much as I want!” Shi Xi snorted.

I don’t need you to care!

Xie Yunzhou thought, ‘The little ancestor is really angry.’

...

Chapter 710 Little Brother, Shi Shuo

On the other side.

The members of the JS Team stayed in the Blizzard Villa.

Le Le turned around and said mysteriously to everyone, "I think there's a hot spring for men and women to bathe in! Let's go to the hot spring after dinner!"

Brother Fatty: "When I checked in, I was reminded that the hotel is newly built and has not officially opened yet. You can only stay there and not go to the hot spring."

"When I came back, I saw an attendant delivering something inside. Everyone paid for it, so why can't we go to the hot spring? God Shuo, don't you think so?"

"I'm going to eat."

Seeing God Shuo's back, Le Le whispered, "Is God Shuo unhappy?"

"AFG got first place in the points competition. Are you happy?" Brother Fatty asked back.

"I'm already very happy to be able to make it to the finals. God Shuo's expectations are too high!"

...

Shi Shuo wanted to find a restaurant, but he had never been to this hotel before. He turned left and right until he reached the hot spring.

Where was he?

He wanted to eat!

The next second, Shi Shuo saw his beloved sister coming out of the hot spring with a man.

"Xi Xi?" Shi Shuo was shocked.

Xie Yunzhou frowned slightly when he heard a man he did not know call Shi Xi by her nickname.

Was he a male fan?

Shi Xi, who had been stopped, looked over and was similarly stunned. "L-Little brother?"

Shi Shuo, the youngest son of the Shi family, interrupted his studies to play games. In a fit of anger, his parents cut off his living expenses and he could not return home.

Unless he never played games again!

After that, Shi Shuo had been training and competing overseas.

Shi Xi could occasionally hear news about him.

But wasn't he overseas?

Why did he come back?

Shi Shuo saw that Xie Yunzhou and Shi Xi were so close to each other. Xie Yunzhou's actions of favoring Shi Xi were obvious, and the two of them had come out of the hot spring.

He thought of the hot spring that Le Le mentioned.

Shi Shuo was furious. "How dare you take advantage of my sister?!"

As he spoke, he was about to step forward and beat Xie Yunzhou up.

Shi Xi quickly stopped Shi Shuo. "Wait, wait! He didn't take advantage of me!"

"You volunteered?" Shi Shuo couldn't believe what he had just heard. "You're dating him?"

"No, we didn't do anything!" Shi Xi explained.

Shi Shuo glared at his beloved sister sternly, "You guys are soaking in the hot spring together! You haven't done anything yet?"

Shi Xi sighed and explained, "We're soaking in separate hot springs."

"Really?" Shi Shuo was still skeptical.

"Really. We went skiing together, then we each soaked in a hot spring and have a meal later." Shi Xi raised her hand.

"The couple that was kissing and hugging in the snow during the day, were you guys?" Shi Shuo asked.

Shi Xi looked at Shi Shuo's silver-gray hair. "You're the one next door who rolled down the slope?"

"Go back and change first, then you can catch up," interrupted Xie Yunzhou helplessly.

Shi Shuo looked at Xie Yunzhou with disdain. "Who do you think you are? Who are you to care about me?"

"He's our company's business partner," Shi Xi said softly. "He's the investor in my movie."

"..."

In the dining room.

Shi Xi had already changed her clothes and was facing Shi Shuo's interrogation.

"Who is he? What is he called? Where is his home? What does he do? How old is he?"

"Do you have a lot of love experience?" Although Shi Shuo was also from Feng City, he had always been rebellious and rarely attended the Shi family's banquets.

"Are you checking his household registration?" Shi Xi looked around.

Fortunately, Xie Yunzhou had not arrived yet.

Otherwise, it would be even more awkward.
