

The Fake 721

Chapter 721 King Hundred Stars, Peak Competition 2000 Points

The few of them did not expect that the camera in the large resting room had already been turned on when they entered. It was broadcasting the interesting events backstage.

[Livestream Room: Stealing the Pre-Battle Rest Room!]

With this title, even if they were not fans, they would still want to watch the live broadcast.

The netizens witnessed the entire meeting and began to argue.

!!

[If Zhou Qing doesn't know how to talk, then shut up. It's so annoying to see her talk.]

[What did we do wrong? It was clearly Shen Hanquan who had been taking care of Shi Xi. Qing Qing was just joking.]

[Brother Teng is also dissing Qing Qing. If Shi Xi can't take a joke, then don't come.]

[To be honest, Shen Hanquan really takes good care of Shi Xi!]

The fans started to fight again.

Wherever there were people, there would be martial arts.

The few people who were playing games in the live broadcast room had already entered the game.

Shi Xi was not familiar with this game, and they were playing a high-end game, which made Shi Xi even more flustered.

When Zhou Qing was playing the game, she made a fuss. "Shi Xi, protect me, protect me!"

"Hey, Shi Xi, do you know how to play?"

"I died again."

"Shi Xi, if you hadn't left just now, I could have killed all three of them."

Shi Xi, who had betrayed her teammate, said, "That's impossible. Your cooldown and attack value are not enough. Unless you can produce a critical hit effect every time you attack."

"Huh?" Zhou Qing was confused.

Peng Teng held his phone and shouted, "Save me, save me, save me!!!"

Zhou Qing and Peng Teng were very noisy when they played games, as if they were playing games with their mouths.

Qin Yun didn't speak much, but every time she opened her mouth, she didn't waste any words.

Shen Hanquan and Shi Xi were in between.

The netizens in the live broadcast room.

[I think we're watching their battle results. When will we be able to watch the live broadcast?]

[I want to watch the broadcast, QAQ.]

[I advise the director to quickly show the game screen!]

Without seeing the screen, they couldn't tell who was carrying and who was dragging them down.

From the conversation between the few of them, they could infer whether Shi Xi was a bad gamer or not.

Especially Zhou Qing, who spoke the most.

"Shi Xi, why did you sell me out again? Do you even know how to play? So annoying!"

[Shi Xi doesn't know how to play, yet she betrayed her teammates.]

The fans didn't care about such comments at all and directly knelt down.

[Isn't it normal to sell teammates in the game?]

[Our Xi Xi isn't a gaming god to begin with. Please forgive us.]

[Xi Zi is just an ordinary, stupid beauty.]

Fan filter.

Meanwhile, the gaming fans who were watching the show were unhappy and started scolding them.

[Newbies shouldn't come on the show to embarrass themselves. If you get hit in the head, don't cry and run out.]

[I miss Xiao Xuan. Xiao Xuan is at least a King of 100 stars. She scored 2,000 points in the peak competition. What rank is Shi Xi in?]

[Although it's the entertainment bureau, it's always been against professional players. Shi Xi wouldn't be such a burden, right?]

[Can't you just focus on acting? Why did you have to come to the eSports circle to show off?]

The comments section was full of excitement.

Gaming fans were not used to beautiful female celebrities. As long as they were bad at gaming, they would be scolded.

It wasn't until the end of the game that the bullet screen quieted down a little.

"If Shi Xi hadn't kept selling me out, I would have won long ago," Zhou Qing could not help but complain.

Shi Xi thought to herself, 'Who can stop you if you go to your death?'

However, she had just started playing the game and was afraid that she would make more mistakes. She smiled apologetically and said, "I'm sorry."

Peng Teng could not stand it anymore and said to Zhou Qing, "You're clearly the one who's going to die. Don't drag Shi Xi along with you."

Zhou Qing's face turned green and red.

Chapter 722 Shi Xi Snatches Lollipops With An Elementary School Student

"Shi Xi is a support. If she doesn't protect me, who else can she protect?" Zhou Qing retorted indignantly.

"Protect C. Sister Yun and Han Quan are doing well. Protecting them is better than protecting a piece of trash like you." Peng Teng was even more impolite.

Zhou Qing threw the pillow over and teased, "Just you wait! Don't think that I'll save you in the game later!"

The two of them had a close relationship and joked casually, but they didn't take it to heart.

!!

The director: "Everyone, please get ready. It's time for the live broadcast."

Upon seeing this, everyone in the live broadcast room became spirited.

They could finally watch the live broadcast of the game!

Participating in the game was the greatest joy of watching a live broadcast!

King Entertainment Bureau was a gaming entertainment variety show produced by Xun Teng Video. Every week, they would invite different celebrities or celebrities in the gaming industry to live stream the game together.

Among them, Qin Yun and the others were permanent guests. They were mainly responsible for bringing up the atmosphere and playing games.

Just two hours before the live broadcast, the official Weibo account finally released the promotional picture.

@King Entertainment Bureau: [Welcome to this episode's special guest @Shi Xi~ All members of King Entertainment Bureau, give a round of applause!]

There was a large poster attached below with Shi Xi's promotional photo on it.

novelusb.com

The girl in the photo had two ponytails, and her hair was braided with beautiful ribbons. She was wearing a cool black and gorgeous sweater and a short skirt, and she had more than ten rings and bracelets on her hands. She looked like a delinquent girl in school.

She was biting a lollipop and looked fierce. She was like a good girl in the eyes of her parents, but she was the big sister of the school.

All sorts of comments flew in the comments section.

[Sister's legs are not legs. They are the spring water of the sea!]

[Is this beauty something I can see for free?]

[Shi Xi is really amazing. She always has a different style every time! Awoo, I really want to see Xi Xi act as a bad girl in a school drama! I'll definitely explode!]

[Shi Xi is so stupid. She can probably only snatch lollipops from elementary school students and be found out. She'll be sent back crying.]

[Hahaha, snatching lollipops from elementary school students is so funny!]

[Pass it down. Shi Xi and a elementary school student are fighting over lollipops.]

[...]

The comments gradually became strange.

However, it was very normal for it to happen to Shi Xi.

It was even a little funny.

The topic of #Shi Xi Bad Girl# soared in popularity, attracting passers-by to click on it frequently.

Before the passerby clicked on it, they thought, 'What? Shi Xi is a bad girl? Eat melons!'

After clicking on it, the passerby thought, 'So it's just a photo with a bad style. That's it? No, isn't this too beautiful?'

It had to be said that appearance was always the number one productivity for fans.

Non-fans went to the official Weibo to ask for more pictures, and it would be best if they had some videos.

@King Entertainment Bureau: [Here's the footage you wanted~]

The production team was very tactful and quickly found the highlights of Shi Xi's filming and posted them on Weibo.

The fans were overjoyed as if it was the New Year.

[Ahhh, Xi Xi Zi is so handsome! I love it so much!]

[Passerby: Is this Shi Xi's new movie?]

[Haha, this is a promotional photo for a live broadcast.]

It was just a look, but it was already on the trending searches and continued to gain fans.

The netizens sighed. As expected of Shi Xi, who had relied on her beauty to make a name for herself.

Her face was in the river and mountains.

..

On the live broadcast stage.

After Qin Yun and the others appeared, they first introduced Shi Xi.

Shi Xi introduced herself generously and said humbly, "I don't play games often. I hope everyone won't scold me. I hope my teammates can help me win."

[A beautiful woman's ordinary pious wish.]

[Come with me. I'll take you.]

[Previous poster, you typed the wrong word. It's the team, not the right one.]

Chapter 723 The E-Sports God in the Fictions Has Been Reflected into Reality! God Shuo Is the Male Lead! Ah, I'm Dead!

[She did it on purpose. Tsk, Shi Xi has so many boyfriend fans.]

[Wifey, please.]

Who wouldn't like beautiful women?

Even the gaming fans were too embarrassed to curse when they saw Shi Xi's sweet smile.

The gaming fans were scolding the noobs like the sisters who couldn't score and still insisted on lying down, and not such a sweet and self-aware pretty Xi Xi.

[D*mn, who is this girl with twin ponytails? Why is she so sweet? Even a straight woman like me can't help but turn gay.]

[Shouldn't Yi Xuanzi be the one going up? Is this a new female internet celebrity?]

[She's Shi Xi, a real female celebrity.]

[You don't even know her? Village Network?]

It had to be said that even though Shi Xi was already famous in the entertainment industry, there were still many people who did not pay attention to the new stars in the entertainment industry, even for Shi Xi, who had been trending many times because of her beauty.

There were still people who did not recognize her.

[Oh, oh, it's that female celebrity who bought 8 million fans in one night and got her account banned!]

[...It's her.]

Netizens would always remember the most embarrassing things that celebrities wanted to forget.

[The beauty is quite good-looking. Why are you buying fans?]

The fans also wanted to ask about this matter.

Why did she buy such a ridiculous amount?

However, no one knew.

In the live broadcast room.

“Next, let’s invite out today’s battle guest!”

“They are the king of professional e-sports players, members of the JS Team!”

Amidst the applause of the crowd, the members of the JS Team walked out one by one and greeted the audience and the cameras.

Seeing Shi Shuo standing at the very front, Shi Xi was a little surprised.

Why was her little brother here?

Oh right, he wanted to come out and earn money.

Shi Xi instantly thought of a reason.

After the JS Team appeared, the fans in the live broadcast room also flooded the screen crazily.

[Ahhhhh! God Shuo is so handsome!!]

[Don’t fight with me, God Shuo is mine! I want to give birth to monkeys for God Shuo!]

[Le Le! Mommy loves you!]

[The e-sports idol in the novel has been brought into reality! God Shuo is the male protagonist! I’m dead!]

[When will God Shuo marry me!]

The fans in the e-sports industry were much crazier than the fans in the entertainment industry.

Or rather, they were equally crazy.

Seeing God Shuo’s comments, the other fans naturally did not want to fall behind and started to post comments.

The comments on the bullet screen floated very quickly.

If the machine had a mind, it would only want to be destroyed: To h*ll with the bullet screen, what the h*ll!

Anyway, your brothers and sisters won’t look at it.

Too cruel.

After the introduction, after a short interview, the ten people present formed a team.

Shi Xi thought that they were the ones who were going to fight against the JS Team.

Unexpectedly, the ten of them had to be regrouped.

Thinking about it, it made sense. No matter how good a celebrity’s skills were, they would only be at the level of a thousand or so points in the peak competition.

Her main job was not to play games.

The better ones, such as Yi Xuanzi, who relied on live streaming games to eat and put, could still get 2000 points in the peak competition, but they still needed someone to guide them.

However, for professional players, the worst would be 200 before the peak competition.

Otherwise, they would be embarrassed to call themselves an e-sports player or a professional player.

After drawing lots and grouping, Zhou Qing saw that she was in the same group as Shi Xi and said in disdain, "Isn't it a sure loss to be in the same group as Shi Xi?"

As soon as she said that, the fans in the live broadcast room were unhappy.

[You don't have to say anything if you don't know how to talk.]

[Is this because she thinks that Shi Xi's playing is bad?]

[You can't say that out loud either. Didn't you consider Shi Xi's feelings?]

Shi Shuo had originally chosen Shi Xi's opposing side, but after hearing Zhou Qing's complaints, he took the initiative to say, "I'll trade with you."

Zhou Qing was slightly surprised. "God Shuo?"

...

Shi Shuo nodded slightly and changed the lot from Zhou Qing's.

Chapter 724 Entertainment Celebrity x E-Sports God

Shi Shuo's actions attracted the love of many fans.

[Our God Shuo is really considerate!]

[Hubby is really gentle and powerful. Hubby, come and marry me!]

[I've warmed my husband's bed!]

When Shi Xi's fans saw this scene, they all thanked Shi Shuo for protecting their precious Xi Xi.

Zhou Qing wanted to say something, but the emcee had already asked everyone to take their seats.

It was just a game at the entertainment bureau. The grouping was done by drawing lots, so the host did not care about the results.

As long as they were divided into two groups, it would be fine.

As for the change of player, it didn't matter.

Zhou Qing saw that there were three pro players on her team and felt much more at ease.

Although it was just the entertainment bureau, no one wanted to lose.

"Thank you!" Shi Xi whispered to Shi Shuo.

“It’s fine.” Shi Shuo wanted to raise his hand to pat his sister’s head, but he raised his hand and put it in his pocket.

He could not expose his identity.

When Shi Shuo went to play games, he had almost broken off with his family.

He had been hiding his identity as a rich second-generation heir who had run away from home. He could not expose it now.

Everyone sat down.

Shi Xi sat between Shen Hanquan and Shi Shuo.

“Let me say this first. I don’t really know how to play this game,” Shi Xi reiterated to her teammates.

“It’s fine. Choose Yao and come with me.” Shi Shuo did not care.

The camera was focused on the two of them, and the netizens who had heard their conversation.

[I hit it, I hit it. It’s so sweet.]

[Wow! Was this the image of a female celebrity in the entertainment industry x an e-sports god?! She really deserves a face!]

Shi Xi could not see the bullet screen.

If she could see it, she would only say, “No!”

“We are siblings!”

*

Shi Xi had originally thought that she could just play with Yao and hang it on Shi Shuo’s head.

However, at the start of the game, the opponent had banned Shi Xi’s only choice..

In other words, Shi Xi could not choose Yao.

Shi Xi was speechless.

Zhou Qing, who had banned Yao, sneered.

Hmph, looking at Shi Xi’s clumsy appearance, she probably only knew how to play with Yao.

Then she would ban Yao!

Let’s see how Shi Xi plays!

Shi Xi looked at Shi Shuo for help. “What should I choose?”

Shi Shuo chose the archer and commanded, “Choose Ming Shiyin. Once you enter the game, tie the chain to me and follow me.”

These champions were all support-type champions that were easy to pick up.

Shi Xi did not understand at all and could only take a good look at the skill while waiting.

After entering the game.

[God Shuo] First Blood

[God Shuo] Double Kill

[God Shuo] Penta kill! (Five consecutive peerless)

[Opposite team wiped out]

..

Shi Xi had been following behind God Shuo with the chain on, looking on with her mouth agape.

This game looked so simple.

It seemed that as long as she followed him, she would be able to win.

[F*ck God Shuo! He actually got a penta kill!]

[Shi Xi has been following behind the entire time. She doesn't know how to jungle or lead the rhythm. It looks like she really doesn't know how to play anymore.]

[Is this how it feels to win while flying? Hubby, can you bring me along?]

Amidst the praises, there were even some who felt indignant for the other party.

[It's just the entertainment bureau. Do you have to beat the other party until the team is wiped out? Isn't this too much?]

[That's right. Professional players have always been a crushing force. Qing Qing doesn't even have a gaming experience anymore.]

...

[...]

Seeing this comment, the gaming fans were speechless.

[I'm dying of laughter. Bringing Shi Xi along with God Shuo is already reducing his strength. Do you still want him to deliberately give up his head?]

[If you don't know how to play games, then be a celebrity. If you're a noob, then you deserve to be scolded. Understand?]

The words that Zhou Qing's fans had mocked Shi Xi were all reflected back.

Chapter 725 I Didn't Know She Was the Female Lead of the Game Story

After all, in the gaming circle, strength was the most important.

In the first round, Shi Xi had won the match.

Happy.

The camera swept past one by one. When it came to Shi Xi, the girl's eyes were black and bright, and she was smiling.

Shi Xi wore a professional gaming headset and sat on the e-sports chair. She looked even more like an e-sports girl than an e-sports girl.

Seeing that the camera was aimed at her, Shi Xi blinked her left eye and gave a beautiful wink.

[I really like sweet girls! Swish.]

[Did you just give Shi Xi a beauty filter? I feel like she's not on the same level as the others.]

[Ah, I'm dead! This must be the female lead of an e-sports novel! Strength and looks are both at the top!]

[It's fine to say that she's good-looking, but Shi Xi's gaming standards... Can't be said to be top, right?]

[Shee's still a god even if she's a noob.]

The winning group was in good condition.

Zhou Qing, who had failed, vented her anger on her teammates and began to review the previous round. "If you guys hadn't insisted on fighting the dragon just now, we definitely wouldn't have lost so quickly!"

"If you don't send it, there's still a chance of winning."

Zhou Qing was furious.

The camera of the game's live broadcast wasn't polite. They were all directly facing each other.

Most gaming fans didn't have high standards for looks.

However, sometimes, the netizens watching the live broadcast became harsh.

[Please look at Shi Xi!]

[The caster's camera, switch to Shi Xi! I want to see Shi Xi!]

[Are Shi Xi's fans beggars? You want a camera here?]

The netizens who wanted to watch the game were speechless.

[I'm dying of laughter. During the preparation period, the director is always looking for beautiful women! Shi Xi is beautiful. Who else should he cut to if not her?]

[Don't bring the fan circle to our gaming circle. Get lost!]

The black fans were immediately lectured.

Some gaming fans even asked, [Why are there so many haters for Shi Xi? Is she very popular?]

Shi Xi's fans and haters were both silent.

While waiting, the second round began.

This time, Zhou Qing banned Ming Shiyin and Yao from playing Shi Xi's games.

"Can I play Marco Polo?" asked Shi Xi.

Shi Shuo thought of how Shi Xi had been flustered playing with Ming Shiyin and said, "You play Daji, Brother Fatty will support, I'll be the jungler."

As the captain of the JS Team, Shi Shuo arranged the tactics smoothly.

Coincidentally, Zhou Qing was also a mid-lane mage.

When Zhou Qing saw that Shi Xi was in a lane match with her, she was first surprised before revealing a confident smile.

She could definitely cripple Shi Xi!

A minute later.

Zhou Qing stepped forward confidently, ready to kill Shi Xi.

Then, she was taken away by Shi Shuo, who was lying in ambush.

[God Shuo] First Blood

[God Shuo] Double Kill

[God Shuo] Penta kill! (Five consecutive peerless)

[Opposite team wiped out]

It was similar to the first round.

There were only three matches in King's entertainment.

Under Shi Shuo's leadership, Shi Xi won all three rounds.

She even killed many people.

Shi Xi: Woohoo! The game was so fun!

When the game ended, Zhou Qing could no longer maintain her smile. She looked like someone owed her millions.

Shi Xi, who had won the award, received a gift from the production team.

It was a medal made of pure gold.

Shi Xi took it in surprise.

I didn't expect her to be the female lead of a game novel!

Shi Xi and Zhou Qing's completely different expressions were put together for comparison.

#Zhou Qing vs Shi Xi, the joys and sorrows of humans are different#

...

Zhou Qing's face was filled with impatience.

Shi Xi won the award proudly.

The joys and sorrows of humans are not interlinked, they only think they are noisy.

[That's too wicked. Who made this picture?]

[Qing Qing has a strong desire to win. You can understand why she's unhappy after losing three rounds in a row, right?]

Chapter 726 All the Money Flows into Shi Xu and Xie Yunzhou's Hands

[Be it in terms of looks or gaming ability, Shi Xi won completely.]

[How can this be compared? If Shi Xi didn't rely on God Shuo to lose three rounds in a row, would she have won?]

[Isn't the funniest part of the show that Zhou Qing despised Shi Xi's ability and was unwilling to team up with her?]

Speaking of wicked, the fans were not sleepy.

Shi Xi's fans had no feelings for Zhou Qing at first.

However, Zhou Qing despised Shi Xi everywhere, so the fans would naturally not be magnanimous enough to forgive Zhou Qing on Shi Xi's behalf.

*

After the livestream ended, Shi Xi remembered that she had not spoken to Qin Yun at all.

Qin Yun didn't talk much. Other than the necessary game instructions, she didn't participate in idle chat.

Sigh, forget it.

Different circles don't mix.

Shi Xi was about to pack her things and leave when she heard Qin Yun speak.

"God Shuo, we're having dinner together. Do you want to come?"

Shi Shuo glanced at Shi Xi from the corner of his eyes and gave her a look. "I'm not going, I still have something on."

Shi Xi's eyes widened.

Little brother, wake up!

Qin Yun was an A-list celebrity in the industry!

What a beauty!

Such a beauty invited you to dinner, and you actually refused?

Shi Xi's eyes were filled with shock.

She did not know what Shi Shuo was thinking.

If Qin Yun invited her, she would immediately nod.

She could even treat her.

Hearing Shi Shuo's rejection, Qin Yun was slightly disappointed.

"Brother Fatty and the others should be free. Ask them if they want to go." Shi Xi tried to salvage the situation.

"I'm not very familiar with them."

Shi Xi was speechless. Can't you tell? Sister Yun wants to invite you!

"Shi Xi, are you free tonight?" Qin Yun's gaze landed on Shi Xi. She smiled warmly and invited, "Do you want to eat together?"

Qin Yun had only invited Shi Xi out of politeness.

"Go!"

Shi Shuo: ?!?

He had given Shi Xi a long look just now, but Shi Xi did not understand it at all, right?

"Then I'll go too." Shi Shuo followed.

Qin Yun: "..."

As it was Qin Yun's group, many people responded. They set off in batches and went to Midsummer Lightyear.

Shi Shuo abandoned his teammates and followed Shi Xi into her car.

"Why are you in my car?" Shi Xi looked at him in surprise. "Doesn't your team have a car?"

"It's too crowded." Shi Shuo frowned and looked at Shi Xi. "I gave you a look just now to ask you out for a chat tonight. Didn't you see that?"

"What? Were you giving me a look? I thought you had something in your eyes." Shi Xi recalled.

Shi Shuo was speechless.

"What did you ask me to talk about?" Shi Xi leaned back in her chair.

"Cough, that's right. How have you been recently?" Shi Shuo asked hesitantly.

Shi Xi was silent for a moment. "My movie's box office earnings have reached 800 million."

Shi Shuo replied with an "oh" and asked, "Can money go into your pocket?"

This question...

Shi Xi had never considered it.

Now that she thought about it...

"I have to give the company 500 million yuan, and the rest will be given to the investors as dividends."

That was to give it to Xie Yunzhou.

She thought about the movie that she had worked so hard to make, and all the money had ended up in the hands of Shi Xu and Xie Yunzhou.

Proletarian tears flowed from the corners of Shi Xi's eyes.

D*mn capitalists!

Beat down the capitalists!

"That," Shi Shuo became awkward again and asked, "How are Dad and Mom doing recently?"

...

Ever since he was kicked out because of the game, Shi Shuo had rarely contacted his parents.

Even when he went home, they didn't say much.

Shi Xi blinked. "They're great. Don't worry about them."

"They're in good health. They're not hospitalized, they don't need surgery, and they don't need to rest and recuperate."

Chapter 727 Why Didn't You Live With The Game

As Shi Shuo listened, he felt that something was not right. He instantly panicked. "Dad and Mom are sick? What illness? Is Dad sick or Mom sick?"

"No, there isn't." Shi Xi acted as if she was trying to hide it. "I didn't say that they were sick. They're doing very well!"

"Shi Xi! Tell me the truth!" Shi Shuo was angry.

"I'm telling the truth!"

Shi Shuo stared into his sister's eyes and said to the driver, "Back to the Shi family."

"Ah? Aren't we going to Midsummer Lightyear?"

"Let's go to Midsummer Lightyear first and have a meal with Sister Yun and the others before going home," said Shi Xi.

"Mom and Dad are sick. How can I be in the mood for a meal?" Shi Shuo frowned. "If you want to go, go by yourself. Stop the car, I'll go home by myself!"

“Alright, alright. Let’s go back to the Shi family then.” Shi Xi sighed. She could only send a message to Shen Hanquan and ask him to tell Qin Yun that they had something on and were going home.

Driver Xiao Tian: ???

novelusb.com

She didn’t understand.

But let’s go back to the Shi family.

Shi Family.

Shi Shuo opened the door and looked around. He saw Mother Shi feeding the fish in the living room.

“Mom?” Shi Shuo strode forward. Seeing that his mother looked fine, he was sure that his father was sick and asked, “Where’s Dad? Where is Dad?”

“Xiao Shuo, when did you come back?” Mother Shi was surprised and delighted. “Your father and brother are discussing work upstairs.”

“Work? He’s already sick. Why can’t he rest well and still talk about work?” Shi Shuo immediately ran up the stairs.

Looking at her youngest son’s anxious look, Mother Shi felt a little strange and asked Shi Xi, “What’s wrong with Xiao Shuo? Why did you come back with him?”

Shi Xi had just changed her shoes and came in. “I met him at work and brought him home. Mom, I’ll feed the fish for you.”

“How are you helping me feed the fish? I’m the one feeding your fish!” Mother Shi rolled her eyes. “Aren’t these fish all yours?!”

“Thank you, Mom, for helping me raise the fish! I love Mom the most!” Shi Xi said coquettishly, “I haven’t eaten yet. I want to eat shredded pork noodles~~~”

“Why haven’t you eaten yet? Didn’t I tell you that no matter how busy you are with work, you have to eat first?” Mother Shi’s heart ached as she lectured Shi Xi. She passed the fish food to Shi Xi. “I’ll go cook. Feed the fish yourself. Don’t feed too much.”

Shi Xi looked at the blue-tailed fish in front of her and thought to herself, ‘Isn’t this just feeding them casually?’

“By the way, has your little brother eaten?” Mother Shi asked again.

“He didn’t eat either.” Shi Xi thought for a moment and said, “Make something he likes.”

“He eats whatever I make for him. Why did he spend his days playing games instead of staying at home? One or two of them won’t let me worry!” Mother Shi cursed as she entered the kitchen.

Shi Xi fed her blue-tailed fish and lectured softly, “She’s talking about you! You don’t even know how to eat! You still want me to feed you! You really don’t make me worry!”

The blue-tailed fish:

Half an hour later, Shi Shuo came downstairs.

Behind him was the furious Father Shi and Shi Xu, who was trying to mediate the fight.

“You only know how to play games! Can you play games for the rest of your life? What?”

Shi Xi thought, ‘Mom and Dad are indeed family.’

“Xiao Shuo is still young. If he wants to play games for two years, then so be it. It’s nothing. Don’t be angry, Dad,” Shi Xu advised. “He came back to see you because he’s worried about your health.”

“My body is fine. Sooner or later, I’ll get sick from anger!” At that time, Father Shi was furious.

Shi Xi put down the fish food. “Dad, it’s meaningful for Little Brother to play games! He just won a medal!”

Chapter 728 The Daily Life of the Shi Family

Father Shi’s temper eased a little. “What medal?”

“The one I took today!” Shi Xi wasn’t the only one who had received a medal in King Entertainment Bureau. Everyone in their team had received one as well.

Shi Shuo took out the medal.

He really didn’t take a medal from an entertainment program to heart.

“Ha, a lousy game and you’re starting a competition? Are they all children’s games?” Father Shi walked to the sofa and sat down.

“I’m not a child anymore. I have my own life...” Shi Shuo activated his rebellious mode.

Shi Xi held her forehead.

This kind of brother deserved to be thrown out of the house to rely on himself.

Three minutes later...

Shi Shuo was thrown outside the Shi family’s door.

“I shouldn’t have given birth to him in the first place! Other than angering me, you’re still angering me!” Father Shi was panting in anger.

Shi Xi patted Father Shi’s back. “Aiya, don’t be angry. Little Brother has just reached puberty. Who hasn’t had a rebellious time? Are Big Brother and Second Brother always so obedient?”

“Both of them are obedient! You and Shi Shuo have been spoiled since you were young!”

Shi Xi: “...”

She had already massaged Father Shi’s shoulders and back, but she was still a rebellious girl.

Shi Xi looked at Shi Xu for help.

“Shi Shuo can live without taking money from his family. From this aspect, he has grown a lot.” As expected of Big Brother Shi Xu, he was mature and steady. He had grasped the crucial point the moment he opened his mouth. “Video games are very popular now. Shi Shuo is already in the top ten in the gaming circle.”

Shi Xi nodded in agreement. “Little Brother is really outstanding!”

“Really?” Father Shi glanced at the two children.

“Really.”

Shi Xi continued to nod.

“The noodles are ready.” Mother Shi took the noodles out and looked around. She asked, “Where’s Xiao Shuo?”

“He was chased out by Dad,” said Shi Xi, instantly betraying her father.

Mother Shi: ???

Put down in the bowl.

She picked up the feather duster.

“It’s not easy for the child to come home, and you’re chasing him out!”

“Are you still the father of the child?”

“What?”

“Such cold weather!”

“Are you still human?”

“Shi Hong, if you can pass, then pass. You can’t leave!”

The chickens and dogs were in a frenzy, and it was a daily routine at home.

..

At the dining table.

Shi Xi’s bowl was filled with poached eggs and shredded meat.

There was a huge lobster in Shi Shuo’s bowl.

They were drooling.

“Are you going out again this time?” Mother Shi asked.

“Yeah, I still have to go overseas to play in the playoffs next week.”

“Then stay at home for the next few days. If your father chases you out, tell me.”

The hierarchy within the family was suppressed.

Shi Xi realized.

It was better to please her mother than her father.

*

Midsummer Lightyear.

After Shen Hanquan received Shi Xi's message, he said to Qin Yun, "Sister Yun, Shi Xi said that she's going home and can't come for dinner."

Qin Yun nodded slightly, not taking it to heart.

However, Zhou Qing, who was beside her, pursed her lips. "She's really a big shot. Even our Sister Yun couldn't get her to join us."

"Maybe there's an emergency at home, so she can't come," Shen Hanquan explained to Shi Xi.

"Shen Hanquan, you're trying to quibble for Shi Xi. Do you really like her? Tell me secretly. We won't tell anyone!" Zhou Qing gossiped.

Shen Hanquan was speechless. "You're thinking too much. She and I are just friends."

Qin Yun did not care if Shi Xi came or not.

But she had been waiting for God Shuo.

...

However, Shi Shuo and Shi Xi went home together and forgot about it.

Qin Yun was immediately stood up.

..

At night in the Shi family's residence.

After the meal, Shi Xi washed up and prepared to sleep.

She lay down and put on the blindfold.

Someone knocked on the door.

Shi Xi took off her blindfold.

She knew that she wouldn't be able to sleep well!

Chapter 729 Received a Nine-Figure Reward

"Dad and Mom aren't sick at all! Why did you lie to me?"

Shi Xi said frankly, "I told you that Dad and Mom aren't sick. You were the one who was suspicious and insisted on coming back."

Recalling what Shi Xi had said, Shi Shuo was speechless.

Was he to blame for being too worried about his parents?

Shi Xi sighed. "You haven't been home for half a year. Dad and Mom miss you. Don't you miss home?"

Shi Shuo was stubborn and did not say anything.

"In order to trick you into coming back, I even missed Sister Yun's trap!" Shi Xi's heart sank. "I wonder what she will think of me."

"It's okay. She won't mind such a small matter," Shi Shuo casually comforted her.

Thinking of Qin Yun's attitude toward Shi Shuo, Shi Xi asked curiously, "Little Brother, how do you know her?"

"I met her through gaming. I helped her score a few times," Shi Shuo replied naturally.

"This works too?"

"What's wrong? Did she provoke you?" asked Shi Shuo.

"No, no." Shi Xi wanted to say something, but in the end, she did not say it. She said, "I was just asking."

There was too much difference between her and Qin Yun. It was useless to be friends with her.

It was too difficult to survive in the entertainment industry.

Shi Shuo looked at his sister and said awkwardly, "Don't lie to me again next time."

Shi Xi comforted him. "Alright, alright. After you get beaten up, this matter will be over."

"You're not the one who got beaten up. Of course it's easy for you to say." Shi Shuo could still feel his back hurting.

"Is it bleeding? I'll take a look at your wound and apply some medicine for you."

"It doesn't hurt, there's no need to apply medicine." Shi Shuo forced himself to endure.

"Then rest early. I'm sleepy." Shi Xi started to chase him away.

Shi Shuo: This illusory brother-sister love.jpg

Just as Shi Xi was about to sleep again, the knock on the door sounded again.

It was Shi Xu.

Shi Xi took off her blindfold helplessly.

Why did her brothers like to come and chat with her at night?

When Shi Xu entered and saw Shi Xi's sleepy face, he said, "Come to the company with me tomorrow morning."

"Why am I going to the company?"

“According to the contract signed with you before, we will redistribute the shares of Kuai Xue Entertainment.”

When it came to money, Shi Xi was no longer sleepy. “Tell me now!”

“Rest early. We’ll talk in detail tomorrow at work.”

How could Shi Xi still sleep?

After Shi Xu left, Shi Xi fantasized about how much money she would get.

She dreamed that she had gotten the money, sat on the throne, and a group of people bowed to her.

Happy dream.

*

After receiving the new contract, Shi Xi also received new shares.

Looking at the money in the account, Shi Xi’s eyes narrowed into slits.

Brother is so good!

Not only did he give her Kuai Xue, but he also gave her a nine-figure bonus!

What should she do with so much money?

Buy something?

It just so happened that Tao Yuxuan had asked her out to shop, so Shi Xi went out with her.

“What do you want to buy?” Tao Yuxuan asked.

“It’s my first time earning so much money. I want to buy something good for my family. Do you have any good recommendations for family?” asked Shi Xi.

“Well, if it’s a man, a watch or a game console. If it’s for Auntie, I remember that Auntie likes scarves?” Tao Yuxuan brought Shi Xi around for a day.

Suddenly becoming a rich woman, Shi Xi bought things for all her relatives.

Father Shi received a new golf club, Mother Shi received a new lotus scarf, Shi Xu received a new watch, and Shi Shuo received the latest game console.

Not only did she buy gifts for the Shi family, but Shi Xi also bought warm and practical clothes for Father and Mother Ning, as well as gifts for Ning Yu.

Chapter 730 A Gift For Xie Yunzhou

Ning Yu held the hair salon top-up card that Shi Xi had given her and was a little confused.

Did Shi Xi think that her hairstyle did not look good, so she asked her to get a haircut?

Ning Yu’s lips twitched when she thought of Shi Xi’s gaudy hair.

She really did not understand why Shi Xi liked to dye her hair.

*

Not only did Shi Xi buy things for her family, but she also bought gifts for Xie Yunzhou.

After all, whether it was the movie or Sky Blue, Xie Yunzhou had helped her.

Shi Xi came with a gift.

“Why are you here so late?” It was still snowing outside. Xie Yunzhou was a little surprised to see Shi Xi coming over.

The girl was wearing a pure white down jacket. The red hand-knitted scarf made her small face look white. Her long hair was tied into two braids, making her look pure and cute.

“I bought you a present!” Shi Xi walked closer to the villa and realized that it was colder inside than outside. “You didn’t turn on the heater?”

“Come to the study.” Xie Yunzhou gave her a new pair of cotton slippers and said, “Put on your shoes first.”

Shi Xi looked at the pink cotton slippers with a white rabbit on them and felt uncomfortable. She asked, “Whose shoes are these?”

Xie Yunzhou found it funny. “I bought this especially for you. It’s new.”

“How did you know that I would come to your house?” Shi Xi looked at the brand-new shoes and believed him.

“It’s better to be prepared.” Xie Yunzhou brought the girl to the study. “Why are you here all of a sudden?”

Shi Xi did not say that she had bought a gift and she had wanted to give it to him a day later, but she could not wait any longer.

“Hurry into the study! I’m freezing!” Shi Xi urged.

Xie Yunzhou’s house was several degrees lower than the outside.

Cold air!

When she entered the study, Shi Xi felt that there was not much temperature.

Xie Yunzhou raised the temperature by a few more degrees, his eyes sweeping across Shi Xi’s empty hand.

She said she was giving him a gift, but where was it?

Or was she giving herself to him?

As this thought flashed across Xie Yunzhou’s mind, he could not help but let his imagination run wild.

“My brother gave me a bonus. This is a gift for you~” Shi Xi took out a small box from her pocket.

A proposal ring?

Xie Yunzhou thought for a moment.

When he opened the box and saw the lighter inside, he was stunned.

It was a luxury brand lighter.

But Xie Yunzhou didn't smoke.

The girl's eyes lit up as she stared at Xie Yunzhou. "How is it?"

Xie Yunzhou tried to light the fire and the corners of his mouth curled up slightly. "Very good, I like it very much."

He liked whatever Shi Xi gave him.

"Really? You don't smoke, but you like lighters?" Shi Xi asked as she moved closer.

"I can learn."

"...Stop learning, I don't want to smell the smoke."

Xie Yunzhou poured a cup of flower tea for Shi Xi. "Have some tea to warm your body."

Shi Xi smiled and took out a heart-shaped scented candle. "This is a gift for you."

Xie Yunzhou was both disappointed and delighted.

Although Shi Xi did not give herself to him, nor did she give him a proposal ring...

However, he liked the scented candles that she had given him.

"I made this myself. It's mixed with the fragrance of sandalwood and a little lily." Shi Xi placed the fragrance on the table. "Light it up and try it. Do you like this fragrance?"

Looking at the intact scented candle, Xie Yunzhou retracted his hand. "I'll light it again before I sleep tonight."

"You can light it before you go to bed. Remember to put it out after you go to bed. Be careful not to cause a fire," Shi Xi reminded.

"Alright, I understand." Xie Yunzhou was already thinking of putting this scented candle in the glass cabinet and treating it as a decoration forever.
