

The Fake 751

Chapter 751 Could It Be That Someone Really Thought That The Fireworks Banquet Was For Shi Xi? No Way, No Way?

Shi Xi was holding her phone and turning it around to find the most suitable angle to take a picture when she saw an additional person on the screen.

Glancing at Xie Yunzhou, Shi Xi walked around him and continued taking photos.

It was the New Year, so of course, she had to post some photos on Weibo to do business.

After ten minutes of filming, even she couldn't be bothered to edit it.

!!

Shi Xi immediately sent the eighteen-palace grimoire.

@Shi Xi: [Below the fireworks—[18 photos]]

Seeing Shi Xi's Weibo post, the fans who were waiting to be fed began to cry out.

[Xi Xi, is feeding us! Happy!]

[Happy Chinese New Year's Eve~ Baby Xi will have a healthy and prosperous New Year~]

[The female goose is so beautiful~]

[The fireworks are so beautiful. Xi Xi, be careful not to freeze!]

Shi Xi happily interacted with her fans. [I know! I'm wearing very thick clothes!]

The black fans also tirelessly searched for an angle to attack Shi Xi.

[The city forbids fireworks. Shi Xi can be arrested now, right?]

[Looking at these different fireworks, you have to pay a lot of money.]

[@Policemen @Town Security @City Administration Bureau, Shi Xi set off fireworks privately. Are you guys not going to do anything?]

[...]

The black fans took advantage of this point and ruthlessly criticized Shi Xi.

The frightened fans had already started sending private messages to Shi Xi.

[Xi Xi, quickly delete your Weibo!]

[Xi Xi can't set off fireworks! Quickly delete your Weibo!]

Shi Xi: ???

How could a hater be able to argue with anything?

Shi Xi immediately posted the introduction of the Feng City Firework Banquet.

This was officially approved!

Many people from Feng City replied.

[Don't be embarrassed. Feng City's New Year's Eve fireworks banquet is held every year. There are people who come to watch.]

[You're not allowed to play it usually, but you can play it on New Year's Eve! Moreover, Feng City has a unified fireworks display, and the security is very good.]

[Black fans, you're working really hard. You don't even have a holiday during the New Year. If you're working so hard, you wouldn't have to be so jealous of others.]

[...]

After a while, the comments had already explained it clearly.

#Shi Xi's New Year's Eve Selfie#

#Shixi Fireworks Violation#

#Shi Xi Clarified#

A small matter had made it to the top of the trending searches.

Shi Xi thought, 'How can this stupid thing be trending?'

The comments section gradually became a place for Amway Shi Xi to spread her beauty.

Soon, someone started to dig deeper.

[Shi Xi, this spot to watch the fireworks is really good... It's even better than the position of the fireworks display.]

[Yeah, the fireworks we saw were not far away. We could just see the big and round fireworks.]

[F*ck, f*ck, f*ck, I just checked! The sponsor of this fireworks banquet is the Shi Corporation! Shi Xi's family!]

[Family? It sounds so noble.]

Ordinary people only talked about home.

Who said anything about family?

The comments section continued to dig deeper.

The black fans were not to be outdone.

[The fireworks that the Shi Corporation's fireworks manufacturers can't sell are all released today.]

[The effect of this advertisement is directly maxed out.]

[No way, no way? Could it be that someone really thought that this fireworks banquet was specially set off by the Shi family for Shi Xi? Shi Xi is only the fake daughter of the Shi family!]

[Huh? The fans didn't say that. Only you haters were taking it out of context. The fans only said, "This is a fireworks banquet sponsored by the Shi Corporation.]

On New Year's Eve, the fans and haters did not stop either.

It had to be said that everyone was very free during the new year.

The black fans continued to dig deeper into the fireworks banquet, trying to find evidence that this fireworks banquet had nothing to do with Shi Xi.

[There are fireworks in many places. There are almost all of them in Japanese comics. It's just a festive atmosphere.]

...

[There are fireworks in Disney. Are they all for Shi Xi?]

Chapter 752 New Year's Money For You

[Does the yearly fireworks have anything to do with Shi Xi?]

[I'm dying of laughter. Stop bragging, fans. Shi Xi's popularity has been blown away by you guys.]

The fans thought the black fans were ridiculous.

*

When head fan Ji Yin saw these comments, her face twisted into a ball.

It was the New Year, and they even saw the black fans.

Bad luck, really bad luck.

Ji Yin typed on her phone.

[If you have the time to work in the factory, it's better than you blabbering on the internet.]

[Shi Xi shared the fireworks banquet with her fans. Can the haters not find any black spots? Won't we be able to reach the KPL by the end of the year? Start to embarrass yourself?]

[Your Sister Xi is a beauty with no blind spots. She's a resident actress in star dramas, a new rich woman who starred in a movie with a box office of 1.2 billion, and a favorite guest in variety shows.]

[Black fans, eat less lemons. Life will be sweeter.]

Once the big fan made a move, they knew if there was anything.

As soon as Shi Xi's performance was revealed, the black fans broke through their defenses one after another.

[She's just a fake daughter who had plastic surgery. How dare she use the real daughter's assets?]

[Pretentious, fake, shameless.]

The fans laughed when they saw this.

How long had it been since they clarified the fake information?

Fan: [I'm dying of laughter. The last joke at the end of the year is the record of anti-fans breaking through defense.]

[This is the only thing that people who see black fans always mock. I feel sad for them.]

[People only want to see what they want to see. Is it because all the haters are living a miserable life that they can't see others doing well?]

The fans did not break through.

[Baby Xi's results in the past year have been extremely good, and she's going to join the cast of [Sky Blue].]

[In the future, you can look forward to Shi Xi Xi.]

The fans did not forget to step on the haters. [Remember to pay attention to your Sister Xi's [Energetic Girl]. The box office of the movie has already exceeded 1.2 billion and is still rising.]

[Shi Xi Xi is the female lead of [Sky Blue.] Central TV's S+ production.]

In terms of sarcasm, it was still up to Shi Xi's fans.

The black fans were destined not to have a smooth New Year.

..

After Shi Xi clarified the matter of the fireworks, she did not bother with the comments.

She did not expect such a thing to happen on the internet.

After taking the photo, she looked at Xie Yunzhou and asked, "Does it look good?"

Xie Yunzhou nodded. "Yes."

When they got married, they would also hold a fireworks show.

At the thought of this, Xie Yunzhou suddenly recalled that a long time ago, Leng Qiankun had ended up in the police station in order to set off fireworks for Shi Xi.

At that time, he found it funny.

Now that he thought about it, there were more people who understood Shi Xi than he had imagined.

Moreover, they knew Shi Xi better than he did.

"Grandpa is going to sleep soon," said Shi Xi as she looked at the fireworks.

Xie Yunzhou: ?

What did it have to do with them?

"I want to collect my red packet!" Shi Xi's eyes lit up.

Who didn't like New Year's money?

Xie Yunzhou touched his pocket. "Wait."

Shi Xi looked back. "Hmm?"

Her black eyes were brighter than fireworks.

"This is your lucky money." Xie Yunzhou took out a red packet.

Shi Xi was slightly stunned. When she saw the thin red packet, she smiled and took it. The words of blessing that she had memorized came out immediately. "Thank you~ I wish you a smooth New Year. Two dragons soar, three sheep prosper, four seasons are safe, five blessings are at your door, six stars are smooth, seven stars shine high, eight directions come, wealth is perfect!"

Xie Yunzhou: "..."

He didn't expect to hear such a string of blessings when he gave her the New Year's money.

He did not expect Shi Xi to have such talent.

Shi Xi put the red packet into her pocket and said, "Let's go. Say a word of blessing. Grandpa will give you a red packet too!"

Xie Yunzhou smiled faintly. "Alright."

Although he didn't think that Grandpa Shi liked him, he wanted to be with Shi Xi.

...

In the living room, everyone had already finished their meal and began to wish Grandpa Shi a Happy New Year.

Chapter 753 You're Giving Too Much

Shi Xi repeated what she had said just now and even added, "Blessed as the East Sea and longevity as the South Mountain", successfully making Grandpa Shi nod in satisfaction.

She also received a big red packet.

It almost couldn't fit in her pocket.

Shi Xi's eyes curved as she stuffed it into her pocket.

Xie Yunzhou learned a few sentences and gave Grandpa Shi his blessings.

Grandpa Shi gave Xie Yunzhou a thin red packet with a heart attack expression.

It was so thin that one could not feel its thickness.

He also gave Ning Yu a thick red packet.

Shi Xu was already the CEO of the company. In front of Grandpa Shi, he was still a child and was forced to accept the red packet.

Although Xie Yunzhou didn't care about receiving red packets, he was still a little worried.

However, he could clearly sense the difference.

Shi Xi held back her laughter.

After everyone dispersed, Shi Xi went forward and asked, "Let's see how much is in the red packet."

Xie Yunzhou opened the red packet.

There was a red note inside.

"Oh, I thought it was empty. I didn't expect it to be filled with money," Shi Xi said regretfully.

Xie Yunzhou's eyes were filled with helplessness as he casually asked, "How much did Grandpa send you?"

Looking at Shi Xi's stack, there were at least 20,000.

"21,100."

Xie Yunzhou was puzzled. "What does that mean?"

"I don't know. Maybe it was just a random number. My brother and the others also got 20 to 30,000 yuan," Shi Xi said. "The figures are all different."

"Do you want to stay up for the New Year?" Xie Yunzhou asked.

Some people's families had the custom of staying up late to watch the New Year.

"If you want to stay up for the New Year, go to the living room." Shi Xi yawned. "I won't force you to stay up for the New Year."

She was sleepy and wanted to sleep.

If Shi Xi did not go, Xie Yunzhou naturally would not go either.

When she returned to her room, Shi Xi thought of something and opened the red packet that Xie Yunzhou had given her.

There was a check inside.

Looking at the numbers on it, Shi Xi was no longer sleepy.

Was this New Year's money?

This was a betrothal gift!

Shi Xi put the check back into the red packet and went to knock on Xie Yunzhou's room.

Xie Yunzhou was staying in a guest room on the fourth floor. He was not on the same floor as the Shi family.

..

Xie Yunzhou was about to take off his clothes and rest.

Xie Yunzhou opened the door when he heard someone knocking on it.

Shi Xi handed the red packet over. "You've given me too much. I can't accept it."

Xie Yunzhou smiled. "It's not much. Take it."

"Isn't this a lot?" Shi Xi's pupils trembled.

This was a seven-digit number!

What was money to Xie Yunzhou?

Was it just a string of numbers?

"Anyway, I can't accept it." Shi Xi stuffed the red packet into his arms and turned to leave.

If it was six figures, she could accept it with a clear conscience.

But this was too much!

There was almost no other way to return the favor other than to devote her body to him.

Return the money?

That was unlikely.

Xie Yunzhou grabbed the girl's wrist and said, "Just treat it as a year-end bonus."

"Dividends?" Shi Xi blinked in confusion.

This word was very pleasant to hear.

"The box office earnings of the movie were very good. I made a lot of money," Xie Yunzhou said straightforwardly.

The initial investment for [Energetic Girl] was 50 million from the Shi Corporation, while Xie Yunzhou had invested 80 million alone. The favors she owed were even more difficult to measure.

Now, the box office had already reached 1.2 billion and was still on the rise.

...

Shi Xu had already given Shi Xi a 100 million share.

As one of the investors, Xie Yunzhou naturally earned money.

Although he was investing in Shi Xi, the money she earned would also be distributed to Xie Yunzhou.

Xie Yunzhou stuffed the red packet back into Shi Xi's pocket. "Save more money. You can film anything you want in the future."

This was the truth.

With money in her pocket, she was tough in everything she did.

“Then, then I’ll accept it?” Shi Xi wanted to be polite, but she felt that she could take the money.

She had earned ten figures of money for the capitalists!

Chapter 754 Wasn’t Your Marriage Agreement with Sheng Yan Annulled?

Thinking about it, she felt that this money was not much.

Shi Xi held the red packet. “Is that all the dividends?”

Give an inch and take a mile.

Xie Yunzhou was slightly startled, but he immediately smiled and said, “I’ll transfer the money to your card after the movie is released.”

!!

Because the box office sales of [Energetic Girl] had been stable, it continued to be released during the New Year.

Shi Xi accepted the red packet as a matter of course. “Then I’ll accept it. I’ll invest it in Energetic Girl 2 in the future.”

Xie Yunzhou caressed the girl’s hair. “Keep this money for yourself. If you need money for the movie, come to me.”

Children had to spend the New Year’s money themselves.

Shi Xi returned to her room with the red packets. Mother Shi came over and gave her two big red packets.

Shi Chen had transferred the money to her directly from WeChat and made a note of the New Year’s money.

When she received the money, her hands went soft. Xi Xi: It’s so good to be a little sister!

After accepting it, Shi Xi thought of something.

If he gave it to her, did he give it to Ning Yu?

It didn’t matter if Father and Mother Shi gave it to her brothers or not.

However, this was Ning Yu’s first time coming to the house for the New Year.

Just as Shi Xi was about to ask, Ning Yu sent her a transfer. Note: New Year’s money.

Alright then.

It seemed like she had received it.

Shi Xi secretly asked Shi Xu again. She was only relieved when she found out that everyone had prepared red packets for Ning Yu.

Ning Yu had always been cold and unapproachable. She was not the kind of girl her parents liked.

Sigh.

After the New Year, everyone returned to their homes and continued visiting relatives.

Shi Xi and Ning Yu returned to Longquan Village together.

Father and Mother Ning were very kind and gave both of them red packets.

Time and time again, she really collected money until her hands were soft.

Although Father Ning and Mother Ning lived in the countryside, their economy had improved a lot since they had access to e-commerce.

They even built a four-story villa in the countryside.

Shi Xi had a separate room with a princess bed and a dressing mirror.

It was good to be a child.

However, children would be controlled by their elders.

Shi Xi was still dreaming of being a princess when Grandpa Shi called her back to the old residence.

Shi Xi: ?

“Why am I going back to the old mansion?” Shi Xi was very puzzled as she looked at Shi Xu who came to pick her up.

Grandpa Shi was an old man who valued boys over girls.

Why did he call her?

“He wants you to go back and have a meal with him.” Shi Xu looked at Shi Xi thoughtfully.

“Just a meal?” Shi Xi did not believe it.

“Are you together with Xie Yunzhou?” Shi Xu suddenly changed the topic.

“No,” Shi Xi said awkwardly.

She wanted to.

However, Xie Yunzhou’s personality was unpredictable, sometimes good and sometimes bad.

Shi Xi did not want to be bullied.

It was good to let Xie Yunzhou chase after her.

“Sheng Yan came to our house yesterday,” Shi Xu said.

“Ah?” Shi Xi was stunned. “What is he doing here?”

Wasn’t the engagement canceled a long time ago?

“There’s a cooperation between the companies. We’re just moving around normally during the New Year. I’m going to the Sheng family tomorrow,” Shi Xu said. “Do you want to go?”

“No,” Shi Xi immediately refused.

She thought about how she had knocked off Father Sheng’s wig and attracted Mother Sheng’s gold bracelet with a magnet.

Shi Xi felt that she had a social death.

She didn’t want to see the two elders again.

She believed that the two elders did not want to see her either.

“I think Sheng Yan is not bad. Xie Yunzhou is more independent, but he has a gloomy personality, so I can’t see through him. Although Sheng Yan has Uncle Sheng’s support, we know him well.”

Shi Xi leaned back in her chair. “Brother, I’m still young. I’m not in a hurry to get married. You should think about yourself! Are you in love?”

...

“There’s pudding in the fridge. You can eat it yourself.”

Brother Double Standards spoke frankly about his sister’s marriage, but he didn’t mention his own marriage.

Chapter 755 Hua Ruoling’s Fake Miss Identity Was Revealed

Yanjing.

The atmosphere of the New Year was lively.

Even the Xie family had hung up red lanterns. It was peaceful and peaceful.

When Second Master Xie returned to the Xie family, he quarreled with his family.

!!

It was just that Old Master Xie scolded him for being useless and felt that he was inferior to Xie Zhongshan in every aspect, and even Xie Yunzhou.

Second Master Xie was naturally unhappy, so he ran to the company.

He had always been used to freedom.

He didn’t like to be restrained.

When they arrived at the company, Second Master Xie casually flipped through the company’s reports.

Suddenly, a manager came up and handed Second Master Xie a document bag.

“This is a paternity test done by our laboratory. I think it’s best for you to take a look,” the manager said.

“What paternity test?” Second Master Xie frowned.

“You’ll know when you see it.”

Second Master Xie opened the folder suspiciously.

After reading the message, Second Master Xie's eyes widened. "Hua Ruoling isn't a member of the Hua family?"

The manager bowed. "When Miss Hua went to do a paternity test, our people knew about it and took extra precautions."

Second Master Xie touched his chin and smiled. "That's interesting. Does the Hua family know?"

"Miss Hua came alone for the appraisal," the manager said carefully. "After the appraisal, she didn't take the report with her."

Second Master Xie smiled meaningfully.

Everyone knew that the Hua family doted on their daughter.

Hua Wenying had been spoiled since she was young. Even after she got pregnant before marriage and gave birth to a daughter, no one dared to say anything to her face.

They could only laugh behind her back.

Hua Wenying had studied abroad when she was young. When she was pregnant, she returned to the country. She was unwilling to say who the father of the child was, nor was she willing to abort the child. Thus, she gave birth to the child.

Back then, it caused a huge commotion.

In the end, the child ended up with the Hua family name.

And Hua Ruoling was a child with an unknown father.

Many people in the circle were discussing whether Hua Wenying had been dumped, cheated, or taken revenge by an enemy...

There were all kinds of comments.

However, the Hua family doted on this little princess, which made people jealous.

Second Master Xie looked at the document in his hand with interest.

If he was Hua Ruoling, he would not dare to expose this fake identity!

Second Master Xie looked at the manager and asked, "Does anyone else know about this?"

"The people below don't know Miss Hua, so they didn't care," the manager quickly added.

"Well done." Second Master Xie stood up and strode out. "Don't tell anyone else about this."

With Hua Ruoling in his hands...

Then there were many things he could do.

Second Master Xie drove straight to the Hua family's door and waited for two hours before Hua Ruoling finally arrived.

“Hua Ruoling!” Second Master Xie called out to her.

Hua Ruoling heard someone calling her name and turned around to look.

Seeing that it was Second Master Xie, Hua Ruoling frowned slightly.

Everyone in Yanjing knew about the Xie family.

As for Second Master Xie himself, he was an idle and good-for-nothing.

Hua Ruoling had never taken a fancy to them.

“What’s the matter?” Hua Ruoling did not want to have too much interaction with him.

“I’ll treat you to a cup of coffee,” Second Master Xie said carelessly with a cigarette in his mouth.

Hua Ruoling squeezed out a smile and rejected, “I don’t like coffee.”

“Then let’s drink.” Second Master Xie looked at Hua Ruoling’s rejection and thought to himself, ‘What’s so noble about a fake heiress?’

“Second Master Xie, just because you’re fine doesn’t mean that everyone else is idle.” Hua Ruoling did not want to be entangled with Second Master Xie anymore.

Seeing that she was about to leave, Second Master Xie said unhurriedly, “I have a paternity test center under me. They often do paternity tests for people.”

Hua Ruoling’s pupils constricted.

Second Master Xie opened the car door and invited her in a gentlemanly manner, “Now, do you have time to have a drink?”

Chapter 756 Shi Xi’s Blind Date

When Shi Xi arrived at the Shi family’s old residence, she saw a young man drinking tea with Grandpa Shi.

Grandpa Shi beamed as if he had seen the national football team win the championship.

“Hello, Grandpa.” A polite and friendly smile immediately appeared on Shi Xi’s face.

Actors’ self-cultivation.

When the young man saw Shi Xu, he stood up and said, “Happy New Year, President Shi.”

Shi Xu nodded slightly. “Sit down.”

Shi Xi secretly guessed which company’s employee was so dedicated to bootlicking in the first month?

Grandpa Shi introduced, “Xi Xi, this is Zhou Yi, the vice president of the Shi Corporation.”

“Zhou Yi, this is my good-for-nothing granddaughter, Shi Xi.”

Shi Xi wanted to roll her eyes.

Who was a good-for-nothing!

“Vice President Zhou, you’re already a vice president at such a young age. You’re really young and promising.” Shi Xi gritted her teeth and spoke politely.

“It’s Chairman Shi’s favor.” Zhou Yi said humbly to Shi Xi. “I used to work in the Public Relations Department. Every time Miss Shi participated in an advertisement, she would break the industry record.”

Shi Xi’s eyes curved. “Really? I haven’t noticed it yet.”

The innocent Shi Xi liked to hear nice words.

Grandpa Shi poured cold water on the idea. “You think you can set a new record by acting?”

“Chairman Shi, it’s the era of new media now...” Zhou Yi analyzed the situation for Grandpa Shi seriously.

Although Grandpa Shi did not mind, Shi Xi’s impression of Zhou Yi changed greatly after hearing that.

To be able to adapt to the current development of the times and accept new things, no wonder he could become a vice president at such a young age.

Indeed, one could not judge a book by its cover.

Shi Xi had originally thought that Zhou Yi was a bootlicker.

But what did Grandpa Shi mean by calling her over for dinner?

Shi Xi could not figure it out.

Grandpa Shi pretended to be sleepy and said to Shi Xi, “Take Zhou Yi to the garden and get to know him better.”

Upon hearing this, Shi Xi roughly understood.

Grandpa was setting her up on a blind date!

Shi Xi wanted to say something, but Grandpa Shi had already stood up.

Grandpa Shi: “Aiya, I’m old. I just can’t sit for too long.”

Zhou Yi helped Grandpa Shi up. “Let me help you to rest.”

“You’re a guest,” Grandpa Shi said. “How can I let a guest take care of me?”

“Shi Xu, come over and support me. Xi Xi, take the guest to the garden for a walk.”

Even a blind person could see that this was deliberately creating an environment for the two of them to get along.

Shi Xi could only bring Zhou Yi to the garden and said, “Grandpa likes to plant flowers and grass. He planted this area.”

“Chairman Shi has a wide range of interests,” Zhou Yi echoed.

Shi Xi looked at Zhou Yi, speechless.

She wasn't a socialite to begin with. She had only known Zhou Yi for a few minutes and had nothing to talk about.

Zhou Yi spoke up.

Zhou Yi laughed heartily and introduced his family background first. "I'm an orphan and have always been sponsored by the Shi family. When I grew up, I joined the Shi Corporation. Thanks to Chairman Shi's care, I managed to reach my current position."

"It must be because you're very outstanding that Grandpa values you so much," Shi Xi responded with a faint smile.

The two of them chatted casually in the garden.

Zhou Yi had climbed up from the bottom and was good at observing others.

He worked in the Shi Corporation, so he would inevitably have some interactions with Shi Xi's Kuai Xue Entertainment.

The two of them started talking about work.

..

Upstairs.

Grandpa Shi and Shi Xu stood by the window sill, watching the two of them walk side by side.

Grandpa Shi pondered for a moment and asked slowly, "What do you think of Zhou Yi marrying into our Shi family?"

Chapter 757 The Man Who Likes Xie Yunzhou

Shi Xu was slightly surprised. "Xi Xi is still young. Isn't it too early to talk about marriage?"

"She's not young anymore. She's already bringing a man home!" Grandpa Shi was annoyed when he thought of Xie Yunzhou.

"...Zhou Yi is conscientious in his work and does not have any bad habits."

"If Xi Xi likes him, they can spend more time together."

Compared to marrying his sister off, it was better to find someone to marry into his family.

Grandpa Shi nodded. "You can look around. You know many young people, so pay more attention to the unmarried young people around you."

"That Sheng Yan isn't bad either. Weren't they getting engaged? What happened next?"

Just one was not enough. Grandpa Shi wanted to see a few more and compare them.

"Their personalities don't match," Shi Xu said vaguely. "They've been together for too long. They're like siblings."

“It’s not good to be too familiar.” Grandpa Shi rubbed his chin and pondered. “Anyway, we can’t let Xi Xi marry into the Xie family! There’s no normal person in that family!”

“Alright, I understand.”

*

Shi Xi did not expect that Zhou Yi was still in charge of the Shi Corporation’s funding matters and was still evaluating the funding for the next movie and self-produced drama.

With work connections, there were more topics to talk about.

“Kuai Xue has brought in a lot of profits this year,” Zhou Yi said. “Several directors wanted to send someone to take over Kuai Xue, but they were all stopped by President Shi.”

Kuai Xue was created by Shi Xu for Shi Xi. In the beginning, they had been investing money without seeing any returns.

The other directors were all watching from the sidelines, waiting to see the joke. Now that they saw that Kuai Xue was making money, they wanted to quickly participate and get a share of the pie.

How could there be such a good thing?

“Brother said that I’ll be the one to make the decision for Kuai Xue in the future.” Shi Xi had already obtained the most shares of Kuai Xue.

Zhou Yi looked at Shi Xi and suddenly said, “At that time, I also felt that President Shi’s mind was not clear. An entertainment company like Kuai Xue would definitely lose money. I didn’t expect you to be so powerful.”

“Maybe I’m lucky,” Shi Xi said embarrassedly.

Although she was constantly attacked by the black fans, these black spots for no reason became her stepping stones.

Thinking of the days when she had to go all out to make a movie, Shi Xi said, “Actually, my brother also felt that this project wasn’t profitable. Later on, it was Xie Yunzhou who invested in the movie, so the movie could be released smoothly.”

Although the production cost of the movie was 50 million, the actual operation cost more than that.

“Xie Yunzhou?” Zhou Yi asked. “Are you talking about the Xie Yunzhou who started from scratch?”

“Ah, yes, do you know him?” Shi Xi thought that since they were all in the same city and they met frequently, they should know each other.

Zhou Yi became excited. “I know him, but he doesn’t know me.”

“Ah?”

“I attended the same banquet as him two years ago!” Zhou Yi described with gesticulating hands.

“I mustered up the courage to toast him!”

“He drank it!”

Shi Xi blinked.

He toasted him and he drank it.

Wasn't this a very common thing?

“You like Xie Yunzhou?” Shi Xi's gaze gradually became strange.

Did Grandpa introduce her to a gay man?

“I admire him very much! He had also started from nothing, but he had founded the Yunhui Corporation. And I didn't dare to work hard, so I entered the Shi Corporation.” Zhou Yi was both regretful and envious. “He's really amazing.”

Shi Xi wanted to say that Xie Yunzhou was also a second-generation heir or a third-generation heir, but she stopped.

She didn't want to attack Zhou Yi.

“I also thought that Kuai Xue Entertainment wasn't good enough.”

“I did not expect President Xie to have such discerning eyes.”

“I'm indeed inferior to him.”

Chapter 758 Xie Yunzhou's Fanatic Fan

The two of them did not have much to talk about at first. They were only talking about work. However, when Zhou Yi found out that Shi Xi knew Xie Yunzhou, he suddenly started talking.

“I traveled half the world to listen to President Xie's speech...”

“Previously, the Shi Corporation cooperated with President Xie. Unfortunately, it wasn't a project I was in charge of...”

“Do you know how amazing President Xie is?”

!!

Zhou Yi, who was originally normal, suddenly became Xie Yunzhou's fanatical fan.

Shi Xi smiled politely.

Young man, do you know why Grandpa Shi called you over?

However, from Zhou Yi's mouth, Shi Xi knew of another Xie Yunzhou.

He was an invincible big shot in the business world.

At the negotiation table, he did not give in and was strategizing.

Shi Xi listened patiently at the start.

In the end, Shi Xi was tired of listening.

“I think it’s time to eat. Let’s go to the dining room?” Shi Xi interrupted with a smile.

Zhou Yi returned to normal from his excited fanatical state and said apologetically, “Sorry, did I say too much just now?”

Shi Xi smiled faintly. “He’s indeed very outstanding. It’s normal for people to like him.”

It was just that Shi Xi felt a little strange when she saw a man like Xie Yunzhou so passionately.

It wasn’t that she found it strange, but that it was rare.

In the dining room.

Grandpa Shi had specially wanted to introduce the two of them today, so there were no outsiders at home.

The butler poured wine for them.

“What did you guys talk about in the garden?” Grandpa Shi asked tentatively.

“We talked about some work-related matters.”

Shi Xi thought to herself that they had been talking about Xie Yunzhou the whole time.

Grandpa Shi said in the tone of an elder, “You young people, don’t always talk about work during the holidays.”

“You can chat more about the current news and current affairs, go out to watch movies, and have dinner.”

“Ahem, I didn’t mean that... It’s not bad for you to get to know each other better and be friends.”

Grandpa Shi vaguely skipped the word ‘matchmaking’.

“Then let’s be friends,” Shi Xi said directly.

“Sure, I think it’s good to be friends,” Zhou Yi echoed.

Grandpa Shi had made it so clear that no matter how slow Zhou Yi was, he knew that he was setting up a blind date for the two of them.

However, the difference between the two of them was too great.

Even if Shi Xi was just a fake heiress, she was still a huge celebrity. She was the little princess in the hearts of the Shi family.

Although Zhou Yi had already become a vice president, he was only a vice president of a subsidiary company under the Shi Corporation.

It was impossible to marry Shi Xi. He could probably only marry into her family.

It would be best if they could be friends.

Grandpa Shi raised his glass, and the others followed suit. They took a sip of the red wine.

"Eh, this wine is not bad." Grandpa Shi took another sip and asked, "What wine is this?"

The wine was fragrant, sweet and rich, noble and elegant. There was the fragrance of roses, making people forget to leave.

"This is the 1989 Romanee Conti that Mr. Xie sent over."

"Miss Xi came to eat today, so I opened it."

"Xie Yunzhou?" Grandpa Shi started to have a toothache. He felt that it was delicious, but he did not want to drink a second cup.

"Yes."

Zhou Yi's eyes lit up. "Did President Xie send this? When did President Xie come to visit Chairman Shi?"

Grandpa Shi didn't want to say anything.

The butler did not mention that Xie Yunzhou was spending the New Year at the Shi family's residence. He smiled and said, "A few days ago."

A few days ago, it directly blurred out the exact date.

Zhou Yi didn't really want to know when Xie Yunzhou came. He just felt regretful. "If I had come a few days ago, I might have bumped into President Xie."

Grandpa Shi squinted at him. "What's wrong? You know him?"

Chapter 759 A Straight Man's Gift, Surprise

"I know him, but he doesn't know me."

"Oh," Grandpa Shi said coldly.

However, they had started talking about Xie Yunzhou.

Zhou Yi started. "I even bought his book before--"

"Xie Yunzhou wrote a book?" Shi Xi was puzzled.

"The Business Paragon. I bought the first edition and the hardcover edition, as well as the accompanying video of his speech." Speaking of Xie Yunzhou, Zhou Yi started to dance with joy.

Grandpa Shi became even colder. "He's just a young man who doesn't know anything. How dare you learn to write a book?"

Zhou Yi paused for a moment. Seeing that Grandpa Shi was his leader, he did not argue much and only said, "It's quite enlightening for people like us who have just entered the business world."

Seeing that the atmosphere at the table was not right, Shi Xu changed the topic. "Zhou Yi, I heard that your recent project is about to end."

"Do you want to take on the role at Kuai Xue? It's also the vice president's position. Help take care of it."

Kuai Xue Entertainment was originally a small entertainment company, but now that its self-made drama had hit the stars and its self-made movie had become a hit, it urgently needed someone to take charge.

Zhou Yi agreed immediately. "Sure."

If Xie Yunzhou was optimistic about the project, he would definitely support it!

"Then please take care of Xi Xi in the future." Shi Xu raised his cup.

Zhou Yi sipped his wine, his face brimming with happiness.

This was a gift from President Xie!

Good wine!

After dinner, Zhou Yi took his leave.

Grandpa Shi pulled a long face and said to Shi Xu, "This won't do. You can find another one."

Shi Xu: "..."

Shi Xi, who was eating mangoes at the side: "..."

After Shi Xi finished eating the mango, she said to Grandpa Shi, "Grandpa, I'm still young. I'm not in a hurry to get married."

"If you want to matchmake someone, shouldn't you consider Big Brother first?"

Shi Xu: ???

Grandpa Shi was deep in thought. He stared at Shi Xu and said, "You're not young anymore. Don't you have a partner?"

Shi Xu looked at Shi Xi helplessly and said to Grandpa Shi, "I'm looking for it."

Shi Xi, [You've successfully changed the topic!]

She was the least anxious person!

*

A few days after returning from the Shi family's old residence, Shi Xi received a call from Zhou Yi.

"Do you have time to have a meal together?" Zhou Yi asked.

"I've been busy with work recently. I don't have time," Shi Xi declined.

[Sky Blue] was about to start filming and she was very busy.

"It's not just the two of us," Zhou Yi said with a smile. "There's still Han Chuan. Let's talk about the movie's sequel."

"Movie sequels? Energetic Girl 2?"

"Yes, [Energetic Girl] did well at the box office. Many viewers want to watch the second film, so we have to start planning now." Zhou Yi was indeed a worker. He had already started working.

If it was for work, Shi Xi would have time. "Alright, then set a time and place. I'll go with Brother Han."

After deciding on the time and place, Shi Xi went to ask Han Chuan about it, preparing to talk to Zhou Yi about Energetic Girl 2.

After all, the box office earnings were not bad.

Even if it was during the Spring Festival, the attendance rate would still beat other movies of the same period.

Qingshui Restaurant.

When Shi Xi arrived, Zhou Yi was already waiting.

"I'm sorry, Brother Han can't come today. If there's anything, just tell me." Shi Xi smiled apologetically.

Lou Ruicong was injured on the variety show and went straight to the hospital. Han Chuan went to deal with it.

Hence, she was the only one who came to the appointment today.

"It's fine. I'm treating you and Brother Han to a meal today because I want to get to know them better." Zhou Yi gave Shi Xi a bag. "This is a gift for you."

Shi Xi did not want to accept the gift.

She did not want to be ambiguous with other men.

Zhou Yi saw the rejection on her face and smiled. "It's not a valuable gift. It's a book from President Xie."

Chapter 760 Forced Kiss

Shi Xi: ?

Afraid that Shi Xi would not believe him, Zhou Yi took the book out of the bag.

The cover of the black and gold 'Business Paragon' was very simple.

It didn't look like a book published by a successful person with a photo on the cover.

Shi Xi thought that if Xie Yunzhou's photo was shown, it might sell even better.

"This is the hardcover edition. It's for you," Zhou Yi introduced.

What kind of shocking gift would a straight man give?

Shi Xi, who did not want to accept gifts in the first place, did not want to accept it even more now.

However, she was actually curious about Xie Yunzhou's book.

"Thank you." Shi Xi accepted the book, thinking that she must read it when she returned.

"You must read it. Not only is it helpful for business, but it can also deepen your thinking about life." Zhou Yi had an expression that said, "If you don't read this, you'll definitely lose out. If anyone doesn't read this, I'll cry."

Shi Xi: "..."

She wanted to see what was written in this book.

If not for Zhou Yi, Shi Xi would have opened it and taken a look.

Before the dishes were served, Zhou Yi took out a document and discussed with Shi Xi about the distribution of the copyright for the follow-up collaboration of [Energetic Girl].

Shi Xi chatted patiently. If there was something that she could not get through to, she would skip it for the time being and talk about it in the future.

Anyway, it was just a simple talk at the dinner table. If they really wanted to sign the contract, it would be in a collaboration setting.

Seeing that the dishes were served, Zhou Yi put away the documents.

Just as the waiter was serving the dishes, Xie Yunzhou happened to pass by and saw Shi Xi eating with a strange man.

Xie Yunzhou followed the waiter in.

"What a coincidence." Xie Yunzhou's gaze was fixed on Shi Xi.

When Shi Xi heard the voice, she looked up in surprise. "What a coincidence. You're here to eat too?"

Qingshui Restaurant had Xie Yunzhou's shares.

This was the place where he ate most often.

Xie Yunzhou's tone was calm. "Aren't you very busy recently?"

How did she have time to eat with another man?

Who was this man?

Xie Yunzhou glanced over.

His looks were inferior to his, his height was inferior to his, and judging from his clothes, his family background was inferior to his.

Heh.

"I was discussing work with him," Shi Xi explained.

"By the way, this is our company's vice president, Zhou Yi."

"Vice President?" Xie Yunzhou gave him a look.

When Zhou Yi saw his idol appear in front of him, his eyes widened and he was speechless.

Xie Yunzhou was still unhappy. He said to Zhou Yi, "Can I have a private chat with Xi Xi?"

"Yes, yes, of course." Zhou Yi returned to his senses.

Seeing that Shi Xi was about to leave, Zhou Yi hurriedly said, "No need, no need. I'll just go out. You guys chat in the private room."

Although Qingshui Restaurant was a private place, Shi Xi was a celebrity after all.

The door of the private room closed.

Shi Xi continued to explain, "We're really working together... Oh!"

Before she could finish explaining, she was kissed.

Shi Xi's eyes widened. She did not expect Xie Yunzhou to suddenly kiss her.

It was a light touch, but it didn't go deep.

Xie Yunzhou let go of the girl and suppressed the jealousy in his heart. He pretended to be calm and said, "He's your blind date."

"How did you know?" Shi Xi was surprised.

Seeing that Xie Yunzhou was unhappy, Shi Xi added, "Brother Han was supposed to be with me today, but he went to help Lou Lou get admitted to the hospital."

"I trust you."

From the moment he kissed the girl and was not pushed away, he knew that the girl liked him too.

Shi Xi's starry eyes were shallow. "Then why are you still unhappy?"

"I trust you. There's no conflict between me being jealous and you."
