The camera was set up. This scene was the scene of Yun Guanghe and Shi Xi acting together.

Yun Guanghe was the male lead. He was tall and handsome. In the scene, he was the domineering school bully. Outside of the scene, he was actually the image of a gentle brother next door.

Shi Xi hugged her book and walked side by side with him. She said, "It's my birthday on Saturday. Don't forget it."

Yun Guanghe was still thinking about the silly and sweet female lead. He replied absent-mindedly, "Got it."

Shi Xi bit her lip and looked at him carefully. "Are you thinking about that transfer student?"

"How is that possible?! Why would I think of someone who has nothing to do with me?!" Yun Guanghe jumped up as if his tail had been stepped on. "I remember that I still have something to do. You can go home first."

Shi Xi looked at his back and wanted to chase after him, but in the end, she lowered her eyes in disappointment.

...

The director stared at the screen and gasped in surprise.

After not seeing her for a few days, Shi Xi's acting skills had improved!

Her acting skills were awkward and eye-catching before, but today, she was much more pleasing to the eye. She did not make any mistakes when she acted with Yun Guanghe.

"Pass!" The director nodded. "Not bad, not bad. Guanghe performed very well. Shi Xi is in good condition today. Prepare for the next scene."

There was a large section below where the male and female lead roles were played.

.....

Shi Xi was reading the script at the side.

It had to be said that this malicious woman had quite a lot of supporting roles.

Shi Xi's NGs were very few throughout the day. This play was a school play and did not have too complicated a plot. Shi Xi acted with ease.

It was not until the work was done that Shi Xi stretched and realized that she had not eaten.

She was so hungry.

Shi Xi was about to go eat something when she turned around and saw Xie Yunzhou's assistant.

"Why are you here?" They had just met in the morning, so Shi Xi's memory was not that bad.

The assistant smiled and said, "Hello, Miss Shi. I'm here to pick you up for dinner."

Shi Xi was so hungry that she swallowed her saliva and asked, "You?"

The assistant pointed at the Porsche near the set and lowered her voice. "President Xie is in the car."

Shi Xi was slightly surprised. "Didn't his ribs break? He wasn't hospitalized?"

The assistant was silent for a moment before saying, "No, it's just a minor injury."

Shi Xi thought to herself, 'Father Ning's medical skills are really terrible.'

"Why is he treating me to a meal?" Shi Xi did not really want to interact with the big-shot villain.

After all, she had dirtied his pants in the morning.

She was really afraid that this meal would be a death sentence.

"President Xie said that this meal is to thank you for saving him." The assistant added, "President Xie has been waiting for you for an hour."

What he meant was that you should get in the car quickly. If you let President Xie wait any longer, you would be the unlucky one!

Shi Xi sighed and resigned herself to fate as she walked toward the Porsche.

At most, she would compensate him with a pair of pants.

Although she could not inherit the shares of the Shi Family, she was not so destitute that she could not afford a pair of pants.

After getting into the car, Shi Xi sat in it and said to Xie Yunzhou, "Good evening. Have you eaten?"

Xie Yunzhou said plainly, "Thanks to you, I haven't eaten yet."

Shi Xi: !

'What are you being so weird about?'

'Did I make you wait?!'

However, Shi Xi would never dare to voice such complaints.

"I haven't eaten either." Shi Xi leaned against the back of the chair and held her stomach.

Not only did she not eat dinner, but she also did her makeup and hair, so she didn't even have lunch.

Xie Yunzhou passed his phone over. "What do you want to eat? Order it yourself."

When Shi Xi saw the menu, her eyes instantly lit up. She ordered boiled fish slices and braised pork ribs, and Xie Yunzhou added a few more.

The two of them ordered the dishes in advance. When they reached the private room of Qingshui Restaurant, the dishes were just served.

Shi Xi's eyes curved. "Then I won't stand on ceremony!"

When Xie Yunzhou saw that the girl was so impolite, his appetite improved.

He went to the hospital first today. After checking that there were no problems, he went straight back to work.

In the afternoon, Xie Yunzhou could not help but think of Shi Xi.

He thought that after all, Shi Xi had saved him and fed him yesterday. No matter what, he should repay her.

However, Xie Yunzhou did not have Shi Xi's contact information, so he could only wait for her at the production team.

Fortunately, he had waited.

Xie Yunzhou looked at Shi Xi who was engrossed in her food. His usually cold and indifferent eyes were filled with a hint of a smile. He even poured her a cup of tea.

Shi Xi paused. The big villain had personally poured her a cup of tea. It couldn't really be a death sentence, right?
