

## The First Heir 1131

### Chapter 1131

A layer of frost hung on Mavis' face.

The only reason why she had stepped forward was to wait for Philip's intentions.

Zee was already giddy with anger. She was a Flame Girl, a member of the highly popular girl group with more than three million fans. How could she tolerate other people beating her and calling her a little girl?

"I don't care who he is. Could a stinking scumbag like him be a guest of the Chamber of Commerce tonight?"

Zee cursed angrily, her eyes red as she glared fiercely at the nonchalant Philip.

This guy looked indifferent as if the current situation was not caused by him.

Mavis glanced at Zee coldly, feeling sorry for her. This little girl was really blind.

She sneered and said, "Oblivious! Let me tell you, the person standing in front of you is tonight's..."

In the end, before Mavis finished speaking...

Philip interrupted her and said, "I'm just the janitor. It's no big deal."

Philip did not want to expose his identity in front of Zee.

This young girl was just a brainless fool.

"What the heck. If he dares to show up and harass Zee, we'll break his legs!"

"Fans have gone crazy these days. Zee is too famous, so these fans follow her like the devil."

"Zee, don't be afraid. With us around, he won't dare to do anything to you!"

Looking at the team members who were filled with righteous indignation and sincerely wanted to help her, Zee sighed helplessly and cursed, "No, he's a janitor here. I just happened to run into him."

All of a sudden, the others were amused.

"Damn it! I thought he was actually a someone! So he turns out to be just a garbage collector!"

"Relax, we can take care of this scumbag for you easily!"

Zee nodded in agreement and attributed all the grievances in her heart to Philip.

She vowed to make that lowlife kneel and apologize to her!

Next, the members began to do their makeup and rehearse intensely.

Half an hour later, their agent took the members out to generate some publicity. They greeted many entrepreneurs, including the rich second-generations.

Everyone's eyes followed the direction Zee pointed in.

Sure enough, a sneaky-looking man was looking around and eating a snack he stole!

F\*ck!

Zee was immediately upset and angry. She turned around and nudged Clifford next to her while crying, "Young Master Gold, it's him. That's the scumbag. He molested me and even got me into trouble!"

Clifford was an egotistical man. He had countless women in the past but preferred little girls like Zee.

Especially with Zee's tearful appearance at this moment, it made him feel distressed and angry!

Without further ado!

Clifford snapped his fingers. In an instant, the bodyguard behind him bent over and asked, "Young Master, what are your orders?"

Clifford looked at Philip grimly and said, "Go and bring him here."

After speaking, he picked up the glass and took a sip of the vodka with a sneer at the corner of his eyes.

Several other rich second-generations and the other members of Flame Girls began gloating with unpleasant expressions on their faces.

It was over for that scoundrel!

Once Clifford made a move, he would be dead for sure!

Here, Philip had nothing better to do and was looking for some food to fill his stomach.

Suddenly, a man in a black suit and sunglasses came beside him and said solemnly, "Mister, our young master invites you to go over."

Clifford clapped his hands and scorned. "Well done! A young man like you is very brazen and arrogant. A lowly janitor dares to come to the front hall and steal something to eat? Didn't your parents educate you? What a bum. I don't care what you do. Right now, kneel and apologize to Zee. Otherwise, I'll get someone to take care of you."

Clifford was not afraid to cause trouble. His father was quite influential here.

Here, he owned the sky.

He had the right to be arrogant.

Money was everything.

In an instant, Philip's expression turned cold.

Anyone familiar with Philip would know that his expression at this time already showed that he was angry.

"F\*cker, are you deaf? I don't want to mention what you did to Zee. Just get on your knees and apologize! Do you really want me to use force on you?"

Clifford was very pompous.

As for Philip, he asked indifferently, "From your words, your family seems to be rich and powerful?"

Instantly, Clifford burst into laughter.

Several of his rich second-generation friends behind him, as well as Zee and the others, also sneered and shook their heads mockingly.

After laughing, Clifford looked at Philip with displeasure. Since when would a penniless garbage collector dare to ask him this question so pretentiously and arrogantly?

In an instant, the entire front hall went quiet!

The atmosphere was unusually cold.

What?!

At Philip's words...

For a moment, not to mention the arrogant Clifford Gold, but even the other big corporate bosses and rich second-generations watching the excitement, as well as Zee who looked down on Philip, were all dumbfounded!

Philip's words were too astonishing!

Hahaha!

Clifford laughed uproariously, then looked at Philip as if he was an idiot. He mocked, "Where did a fool like you come from? Were you hired to perform a stand-up comedy here?"

After more laughter, Clifford sneered even more brazenly. He raised his head high, scanned Philip with contemptuous eyes, and said, "Moron, do you know what my family does? Do you know what tens of billions of assets look like? Do you know the power of capital? For a bum like you, who gave you the courage to order the Gold family to get out of Uppercreek? It's so ridiculous!"

Pfft...

The wealthy second-generation friends behind Clifford also could not help laughing.

It was really unbearable.

It had been so many years since they encountered such a brilliant idiot.

Everyone also shook their heads and sneered with indifferent eyes.

From the way Philip was dressed, he could not be considered rich. At most, he could only be from a well-off family.

Philip turned a deaf ear to the words of persuasion around him.

However, Clifford was full of pride when he heard those words and his face slowly became more triumphant.

So what if he was a bully?

He relied on the wealth of the Gold family, so what?

The Gold family would always be the Gold family, the little king of Uppercreek. Who dared to provoke them?!

He stared at Philip and laughed coldly.

Especially when he saw Philip's embarrassed expression, he felt refreshed.

There was no doubt about it.

Next, this guy would definitely kneel, bow, and apologize, begging him to let him and his family go.

Haha!

Clifford contemplated inwardly. Even if Philip went down on his knees, he would not let him off! If he did not seek justice for Zee today, his name would not be Clifford Gold!

However, a scene that shocked everyone happened.

Philip raised his head with an innocent smile at the corners of his mouth as he said, "Clifford Gold, you've succeeded in pissing me off, so I won't feel bad about doing this

“Butler Gold...”

Clifford turned his head to look at the middle-aged man, feeling a little excited and agitated!

Butler Gold, or Hubert Gold, was the head of the Gold family’s housekeepers. He was responsible for all matters in the Gold household and had served Jameson Gold for 30 years!

Disregarding the fact that he held the title of a butler, he was the most respected person in Jameson’s eyes. His status in the Gold family was solidly above the rest!

Even Clifford had grown up under Hubert’s watchful eyes. In terms of seniority, he would have to call Hubert uncle!

“You don’t have to say anything. I know everything.”

When Hubert stepped into the venue, the people around automatically made way for him.

He first glanced at Clifford’s bleeding nose and asked the waiter to deal with it quickly. Then, he looked at Philip coldly, scrutinizing him with a chill in his eyes.

This oblivious boy was so bold that he dared to beat the young master of the Gold family!

“You asked just now, who the hell is the Gold family?” Hubert asked again coldly.

“Yes, I said that.”

Philip glanced at Hubert with a calm and indifferent expression on his face.

“Hehe, young man, you’re very arrogant. Originally, you only needed to apologize to Clifford for the incident just now. But you’ve made the unforgivable mistake of insulting the Gold family! The Gold family is not a presence someone like you can insult casually. Young man, since you’ve said something that shouldn’t have been said, you should know what the consequences are. You must pay the price for your actions!”

### **Chapter 1138**

Hubert's face was completely cold. He had never seen such an arrogant junior!

"Hold it right there! What's your name?" Hubert roared and questioned.

When the people around heard Hubert's question, they all shook their heads helplessly. They felt sorry and sad for the young man.

By asking for his name, it meant that the Gold family would not let the matter go and would pursue it until the very end.

A matter that could have been resolved with an apology was escalated because of youthful vigor.

As soon as this man's name was exposed, the Gold family would use the power of capital to completely ruin the other party.

At that time, even if the kid apologized then, everything would be in vain.

The corners of Clifford's eyes were full of ferocious coldness as he said, "Brat, you're done for! With your rampant attitude, only one result awaits you—being scrapped by the Gold family!"

However...

F\*ck!

Everyone followed the direction of the voice.

A figure at the door walked in quickly, his body radiating anger.

He was wearing a decent suit and had a handsome face.

The newcomer was none other than Seamus Lowell of the Lowell family in Riverton!

He stepped into the area and everyone around him dispersed.

Most people looked at Seamus with shocked expressions. They did not expect to see Seamus from the Lowell family here.

It was because in the venue, not many had a higher status or more wealth than the Lowell family.

According to the Lowell family’s status and financial resources, they should be in the inner hall instead of the front hall.

“It’s Seamus Lowell from the Lowell family. He actually came to the front hall.”

“The Lowell family of Riverton has monopolized the area now. Even the huge Hull family has been wiped out by the Lowell family.”

“But of course. About this, I’m really curious about the mysterious Young Master Clarke who helped the Lowell family in the dark.”

All of a sudden, there were a lot of discussions around.

When everyone saw Seamus, they thought of the incident that happened just this morning.

The mysterious Young Master Clarke had directly overturned the Hull family of Riverton, and the Lowell family, as a pawn, took over all the Hull family’s assets and enterprises.

Now, in Riverton, the Lowell family called the shots!

The person Seamus called Mr. Clarke, who else could it be?

Only that person!

That mysterious Young Master Clarke who wiped out the Hull family in one fell swoop!

Thinking of this, Hubert's legs went weak and he started trembling all over!

Doomed!

Who would have thought that the seemingly ordinary man in front of them would be that Young Master Clarke?!

This matter was out of hand.

Hubert knew that he could not resolve it now. Only the patriarch would be able to do so.

The people around were still puzzled.

Why did Hubert's demeanor change in an instant? He had been calm and strong before, but now, his face was full of fear and horror.

It was strange.
