### **Chapter 1421**

In the room, Dan picked Mila up from the bed. Just as he was about to jump out of the window, several men rushed in from the door, all of them fierce and vicious!

Dan's eyes narrowed. He raised the kitchen knife in his hand and stared coldly at the burly guys in front of him!

"Hand over the child!"

The man in the lead shouted at Dan with a hideous face!

Dan knew that Mila must not be handed to them at this time, so he stared at the other party coldly and roared, "Impossible!"

"Go to hell then!"

The man in the lead yelled while motioning to his men to rush directly at Dan!

Dan was no ordinary person. While carrying Mila, he started fighting with these guys!

The result was to be expected. After all, two fists were not a match for four opponents. Soon, Dan fell into a disadvantage and his body was cut in several places. His clothes were already stained red!

Despite that, Mila was still in his arms and well protected by Dan!

He leaned against the wall and slowly slid down. He gasped for breath while covered in blood, glaring at the four injured people in front of him like a vicious wolf.

The eyes of the few men trembled. They quickly held Dan hostage and snatched Mila over. They carried her in their arms, pressing a dagger against her delicate neck.

Seeing this scene, Philip's eyes were wide open!

"You must be tired of living!" he roared.

The few people on the other side were also very scared. With so many people in front of them, escape was futile. As such, they could only make threats. "Hehe, if you dare to come in, I'll kill your daughter!"

Hearing this, Nigel said angrily, "You're seeking death! I advise you to release Young Master Clarke's daughter at once, or else, I'll be the first to come after you! Even your family members will not be spared!"

Hearing these words, the few people panicked.

After all, the other party was Nigel Lambert. Since he was the one who said this, then they would really be doomed!

"Come over if you have the guts! If you dare come here, this little girl will die immediately!"

The man in the lead was obviously flustered, the dagger in his hand beginning to shake!

His sloppiness caused him to accidentally scratch Mila's delicate neck and blood oozed instantly.

Upon hearing this, the faces of Kinley and Sidney were very unpleasant, filled with panic and fear!

He was here!

He was really here!

They were doomed!

The Wes family was really finished this time!

"Dad, what should we do? What should we do? Philip is here..."

Sidney appeared to be in disarray and could no longer put up any thoughts of resistance.

At that time, the scenes of Philip's iron-fisted methods in destroying the Wes family back then were still vivid in his mind. They still made Sidney out of breath whenever he recalled those scenes!

Not long after, an old man quickly walked out from the elevator doors. It was none other than Kinley Wes.

He leaned on a cane with a smile on his face, walked up to Philip, and bowed slightly. He said, “Young Master Clarke, I wonder what’s your purpose for this sudden visit?”

With a cursory glance, Kinley saw that the lobby was full of people, and behind Philip, Nigel’s face was sullen.

Philip narrowed his eyes, looked at Kinley in front of him with a cold expression, and said, “Kinley Wes, you really don’t know why I’ve come to see you?”

As he spoke, the aura on Philip’s body suddenly became incomparably cold!

The entire lobby could feel that frigidity!

Kinley, who was the first to bear the brunt, dared not look Philip in the eye. He laughed and said, “I really don’t know. I hope you can enlighten me.”

Philip snorted coldly, looked behind Kinley, and asked, "Where is your son, Sidney Wes?"

Hearing this, Kinley's heart thumped as he said stubbornly, "Young Master Clarke, you've really misunderstood me. Even if I had the guts, I wouldn't dare to make a move against your daughter. It was them! They planted false evidence to frame me and want to ruin my Wes family!"

After that, Kinley reprimanded the four people fiercely, "You guys, who sent you to frame me? Could it be that you're being threatened by others who are using the safety of your family members?"

As soon as these words were spoken, the four men suddenly trembled and dared not speak anymore!

Family members!

All of them understood the hidden meaning of Kinley's words.

After that, they fell silent.

Kinley took this opportunity to ask sternly, "You said that I sent you to deal with Young Master Clarke's daughter. Now, let me ask you again, is that true? Don't worry, as long as you tell the truth, I'll definitely help your family get out of trouble and give them glory and prosperity!"

Hearing this, Philip's eyes gradually turned cold as he stared at Kinley's one-man show.

A few minutes later, the four men were brought in again. They knelt on the ground with a thud.

At this moment, they had no more worries and pointed directly at Kinley. "Young Master Clarke, it was him! It was Kinley Wes who made us do this! You can check my phone. I recorded our conversation from that time!"

Crack!

There seemed to be a crackling sound in the air!

Kinley swayed and almost lost his balance!

Damn it!

That guy actually recorded it!

“Kinley, what else do you have to say now?” Philip turned his head, his eyes cold as he stared at Kinley and asked.

Hearing Philip's words, Kinley got flustered and his expression turned cold. He said solemnly, “What do you mean?”

Hehe.

Philip sneered, “Didn't I make myself clear enough?”

At this time, Kinley could not stand it anymore. He quickly fished out his phone and dialed a number, but the call went unanswered for a long time.

The more he waited, the more anxious Kinley became and the more cold sweat gathered on his forehead.

Finally, the call was connected and Kinley asked eagerly, "Where's Sidney? Have you sent him out of Cloudside?"

Kinley was very nervous and his heart was pounding!

"Master Kinley, it's bad! Something happened! We were stopped by a group of people as soon as we arrived at the exit of Cloudside. Our men fought with them for a long time but the patriarch was still taken away by them."

## Chapter 1428

This scene made the private combat bodyguards of the Wes family and Sidney, who was lying on the ground, panic!

“Dad, get up! What are you doing? Philip Clarke is just one person. Why should our Wes family be afraid of him! Here are all the elites of the Wes family. At worst, we’ll fight them here!”

Sidney hissed while struggling to stand up. He stepped forward to pull up Kinley who was kneeling on the ground.

However...

Kinley did not move a muscle. He knocked the walking cane in his hand angrily on the ground and shouted, “Sidney, come here and kneel too!”

Kneel?

Sidney was utterly reluctant. He shook his head desperately and shouted, “Dad, why should I kneel? We have all our people here, so why should we be afraid of him? So what if Nigel Lambert of Cloudside is here? Who the hell is Young Master Clarke? In my eyes, they’re nothing but rubbish! You’re just too afraid!”

At this point, Sidney glared at Philip angrily and ordered the combat bodyguards of the Wes family in the hall, “Everyone, listen up. Take down this ignorant brat and Nigel Lambert. Whoever dares to resist, just shoot them dead!”

Instantly, all the combat bodyguards of the Wes family in the hall took on a fighting posture and immediately surrounded Philip, Nigel, and the others!

Before this, Sidney had refused to kneel no matter what. However, now, was he really going to kneel  
and beg for forgiveness?

"I... I..." he muttered under his breath as his eyes flickered and his heart struggled.

Once he kneeled, it would be over for the Wes family!

The impact would hit his heart first!

"Kneel. Kneel and apologize to Young Master Clarke. Beg him for his forgiveness!"

Kinley turned his head and hissed at Sidney.

Things had already reached this point. The only way for them to gain a chance of survival was to do

Bang!

The floor turned crimson!

Kinley fell in a pool of blood.

Sidney knelt on the ground, howled desperately, and crawled over. He cried out, “Dad, Dad...”

However, immediately after, two bodyguards in black suits walked over and pressed down on Sidney’s head before breaking both his legs!

They were completely crushed!

Sidney would have to spend the rest of his life in a wheelchair!

After doing all this, Philip looked at Sidney indifferently and said, “You reaped what you sowed today. If I didn’t take ruthless actions against you, my daughter would’ve gone through that near-death incident in vain! Sidney Wes, don’t try to seek revenge.
