

The First Heir 1621

Chapter 1621

These few people had barged in with the intention of forcing the other party into submission.

Agnes' face also darkened. She turned around, stared at the group of men coldly, and said to the man who took the lead, "Director Corby, if you're here for Herb's matter, you may leave now. Regarding the dismissal of Herb Lyon, I'll apply in writing to the board of directors."

After Agnes finished speaking, she looked at Herb behind those few people in cold silence.

Director Corby scowled and said with a laugh, "Miss Summer, if you do this, doesn't it mean you're not showing me, Mike Corby, any respect? Herb is the talent I groomed. Who are you to fire him? Besides, what did he do wrong for you to do this? You have to give us an explanation. Don't abuse your power to suppress dissidents."

Mike Corby put his hands behind his back and snorted, his attitude very tough.

Several board members behind him also nodded and spoke up.

Not only Mike Corby, but Herb Lyon also laughed disdainfully and said, "Miss Summer, you don't seem to be an ignorant person. Can't you see what the situation is now? I advise you not to put up any unnecessary struggles and apologize to me properly. By the way, adopt my investment plan proposal. In that case, this matter will be over. What do you think?"

Herb looked at Mike and they exchanged a glance, forming a tacit understanding. They came this time to put pressure on Agnes.

It was the right time to grab this opportunity to adopt the investment plan so that the interests of their faction would be maximized.

At the same time, if they could drag Agnes into the mud, then the entire Gopher Delivery Services would be a cat in the sack

However...

To their surprise, Agnes turned around, took out a thick stack of documents from the drawer of the desk, and tossed it in front of them. She said, "No need. Regarding the board's decision to dismiss Mike Corby and the other four people, I've already sorted it out. You can take a look."

Hearing this, everyone was stunned!

Who was this guy?

How could he say such things?

“What did you say? You want to sign it? Who do you think you are! We haven’t settled the score with you for what happened just now and you dare to come forward?! You’re looking for death!”

Herb was annoyed at the moment. He pointed angrily at Philip and roared.

Several board members at his side also scowled and scolded, “Who is this kid? Why is he here?”

“Miss Summer, you need to explain to us why you allowed an irrelevant person to enter this place. Don’t you know our company’s regulations?”

“Director Corby, I think he must be Agnes’ relative. She wants to build her power in the company. We absolutely can’t let this go!”

Mike nodded, glanced at Philip sharply, and said solemnly, “Young man, this is not something you can get involved in. I advise you to leave as soon as possible, lest you get burned in the crossfire.”

Mike utterly looked down on Philip. Why did Agnes find such a person to groom?

“Yes, it’s a misunderstanding. Everything is just a misunderstanding.” Mike was extremely anxious at this moment. If Philip signed these documents, he would be done for!

He would not only be kicked out of Gopher Delivery Services, but even the evidence that Agnes had collected could not be overlooked so easily.

Philip smiled, turned his head to look at Agnes, and asked, “Have they been deliberately making things difficult for you recently?”

Agnes thought about it and nodded in response. “Yes, about the matter with the investors this time, they want to take the opportunity to compete for more personal gains. They’re completely disregarding the profits of the company.”

Upon hearing this, Philip nodded.

Mike was scared out of his mind and hurriedly said, “Miss Summer, don’t say that. We’ve worked together for a few months. Chairman Clarke, please don’t listen to her. She’s deliberately planting evidence to frame in me!”

Mike was anxious. He did not expect Agnes to speak up about this matter right now. This was totally an attempt to push him to the edge.

However, Philip tossed the materials in his hand to Mike and suddenly questioned, “Was this information also fabricated to frame you?”

Philip raised his eyebrows as though he had heard something strange. He grinned faintly as he said, "What did you say? You want to make my company go bankrupt?"

Interesting.

Agnes was also taken aback when she heard this. There was a trace of slight disdain on his face.

This Mike Corby was really delusional. He even wanted Gopher Delivery Services to go bankrupt.

He did not know Philip's strength at all!

Mike glared at Philip and shouted, "Yes, I want your company to go bankrupt! No one will end up well after messing with me! Don't think that you're great just because you're the founder of some company! There are always people better than you! You're still too young!"

Philip listened indifferently.

I won't make this call. But if you insist on doing this, we can only fight till the end! I have to tell you that in this world, there are many people with more money, power, and status than you! Mike immediately took out his phone and said viciously, "You don't agree? If you dare to refuse, I'll make a call right away. Then, you'll understand what the power of capital is!"

Philip nodded and said, "Okay, make the call. Let's see what kind of strength and means the person behind you has."

Hearing these words, Mike's face darkened as he shouted, "Fine, let's see how arrogant you can be after this!"

After saying that, he directly dialed a number. When the call was answered, an aged voice sounded from the other end of the line, asking, "Mike? What can I do for you?"

Mike's attitude was extremely respectful at this moment as he said, "Old Master, I've encountered some trouble and I hope you can do me a favor."

Everyone gasped. Philip was simply too cocky!

In ten minutes, he wanted Fabian Tate, who was worth more than 60 billion dollars to be penniless?

Who did he think he was? Could a multi-billionaire go bankrupt with just a sentence?

Ridiculous! Was he crazy?

Mike was also shocked by Philip's tone. However, he quickly reacted and said with a wicked sneer, "Philip, you're really arrogant to say such things. I really wonder where your confidence comes from."

"Hehehe..."

By the looks of it, this Philip Clarke was nothing but a moron.

Herb also scowled, saying, "Chairman Clarke, it seems that you still don't know much about Mr. Fabian Tate's strength. Barring anything else, let's just talk about your company. As long as Mr. Tate is willing, he can instantly purchase it in full. If you know what's good for you, you should quickly sell it while Mr. Tate is still in a good mood. Fabian Tate was playing golf and in a very happy mood. He turned his head to look at his assistant, asking, "What's the matter? Why the panic?"

The assistant hurriedly said, "I just received a call from the company saying that all of the shipments we shipped abroad are facing problems. They've been temporarily detained!"

Hearing this, Fabian's face twitched as he asked suspiciously, "How could that be? Didn't you contact them in advance?"

The assistant said, "We did as usual. There shouldn't be a problem. This time, the other party personally checked our goods, not the person we usually liaise with."

Fabian scowled and said, "Don't panic. Pacify the other party first and find out about the situation. It could be just a last-minute random inspection. In addition, notify the company's public relations department to deal with the impact of public opinion regarding this matter."

While saying that, Fabian took out his phone and said, "I'll give Mr. Cash a call to ask about the situation. Why didn't he notify us in advance if there was going to be a last-minute inspection?"

Scary! Simply terrifying!

What kind of strength was this to have such earth-shattering means?

Fabian was flustered and terrified beyond belief!

He hurriedly took out his phone and dialed Mike Corby's number, his heart utterly desperate!

Inside the general manager's office of Gopher Delivery Services, Mike and the others were looking at Philip and Agnes with grim faces.

"Hehehe, Mr. Clarke, in less than ten minutes, Old Master Tate will acquire your company by force. When that happens, you'll be less than nothing," Mike sneered, his eyes full of triumph.

It was tragic to think that he needed to ask a figure like Old Master Tate to deal with a young man like that. However, all was well. Doing this would settle the problem by its root once and for all!

Herb also smiled coldly and said arrogantly, "Agnes, it's still not too late for you to regret this. As long as you're willing to be my lover, I'll put in a good word for you in front of Director Corby and let you continue to be the general manager. What do you think? How could that be?

Who was Old Master Tate? He was a figure who could shake the entire Riverdale with a single stomp of his foot!

Would he actually apologize to such a nobody like Philip Clarke?

Shocked!

Total panic!

Mike's face and forehead dripped with cold sweat. His throat tightened, and he felt like he was about to suffocate!
