

The First Heir 185

Chapter 185

Everyone was dumbfounded with what Philip had just said!

Philip, a useless bum, dared to speak to Eric like that?

That was unexpected!

This good-for-nothing was fighting back!

They were in the Yates Courtyard, which was ruled by the Yates family!

Did he not consider the consequences of his actions?

Eric's face immediately sank. He had an arrogant attitude and said angrily, "Philip, you dare berate me like that? You are a useless son-in-law of the Johnston family. Who do you think you are to talk to me like this? Who are you to be here today for Grandpa's birthday celebration? I won't let you pass this door today! Useless piece of sh*t, who do you think you are?!"

Eric was annoyed. He had not expected a good-for-nothing like Philip to berate him like that.

It was an insult to him and an insult to the Yates family!

Aaron immediately agreed with Eric. He pointed at Philip arrogantly and screamed, "Hurry up and apologize to Eric. Otherwise, you will not be welcomed in the Yates Courtyard today. Do you hear that, you useless bum?!"
