Chapter 3141

In the sky, a huge Heavenly Sword pierced through the clouds as if it came from outer space. It quickly fell from the sky with sword energy that could destroy the entire Arcadia Island.

At that moment, time seemed to stop on Arcadia Island.

Everyone looked up at the sky and saw another huge Heavenly Sword descending from the sky with monstrous pressure overwhelming Clarke Manor.

In District 12, Seth Larson stood at the window and looked in the direction of Clarke Manor. Seeing the Heavenly Sword that fell from the sky, he became very nervous.

At that moment, a power that did not belong to him started surging from him.

Back to Alliance Master Yarn. He forcefully pushed a Heavenly Sword into the sky, but at this moment, another Heavenly Sword with supreme pressure fell from the sky again.

Boom!

This Heavenly Sword fell and suppressed Alliance Master Yarn together with the Heavenly Sword he was pushing up.

In the next moment, Alliance Master Yarn's veins were all severed and the faint Emperor Kai bloodline in his body could no longer replenish his life force.

That remark rumbled in the sky like thunder!

The three Heavenly Kings of the Heavenly Court appeared extremely ferocious and cold as they looked at Philip standing proudly in the air.

“Young man, you’ve only just entered a half-step to the other shore. How dare you be so arrogant?”

“The young patriarch of the Clarke family is really worthy of being the most outstanding genius among the younger generation of the Clarke family. Your strength can crush your peers, indeed, but if you want to go against the three of us single-handedly, that’s simply committing suicide!”

“Young patriarch of the Clarke family, we’re here to discuss cooperation with you. I hope you don’t make a mistake!”

The three Heavenly Kings tried to persuade him, but their tone was full of pride and arrogance.

Philip said nothing. He raised his hand, and a chimera sword appeared in his palm as he shouted angrily, “Slash!”

Buzz!

The chimera sword quickly enlarged and slashed out with overwhelming red sword energy that swept toward the three Heavenly Kings!

Seeing that, the three Heavenly Kings frowned and shouted in fury, “You’re courting death!”

In the air, four figures attacked back and forth.
Alliance Master Yarn frowned with worry and said, “This isn’t good. Young Patriarch Clarke has just
entered a half-step to the other shore. Although the retreat has greatly increased his strength, he’s still
no match for the three Heavenly Kings...”
Hearing this, Aria frowned as she looked up into the sky and squeezed her fists tightly.
Sure enough, as Alliance Master Yarn expected, Philip fell into a disadvantage after a while.
The joined forces of the three Heavenly Kings were too domineering, and their rapport was so seamless
that Philip alone could not withstand their joint attacks!
Boom!
Heavenly King Woods and Heavenly King Berkley charged together and blasted Philip out.

Calvin looked ferocious and shouted angrily, "Junior, taste the power of my sword!"

After saying that, Calvin raised his hand in a wave. That huge magma sword jumped into the air and slashed toward the giant chimera that Philip conjured.

The power of this Earth Sword was no worse than that of the Heavenly Sword if not better. In an instant, the Earth Sword with soaring sword intent reached Philip!

Philip was standing on the head of the giant chimera. With a frown, he raised his hand in a slash.

The giant chimera spread its wings and soared into the air, slashing at the magma sword with the huge chimera sword.

The magma Earth Sword slashed on the chimera sword and produced raging sword energy. Although the giant chimera resisted this attack, the power of the magma Earth Sword was unabated, and tremendous sword energy rushed toward Philip.

He raised his arms and could feel the huge sword energy rushing through his arms.

“I’m still a little lacking...” Philip sighed helplessly.

Bang!

At that moment, the giant chimera disappeared, and the Earth Sword plunged into the ground with a bang.

On the ground, a chimera humanoid looked up at Calvin and the others in the sky with searing eyes. Philip had transformed into a chimera humanoid and looked like a god with raging flames all over him.

At that moment, Calvin frowned and felt a sense of foreboding.

As expected...

Swish!

In an instant, Philip’s figure disappeared before their eyes, leaving only a flame in place.

By the time Calvin reacted, a flaming chimera humanoid suddenly appeared in front of him, punching him angrily in full swing!

“Ah! Explode!” Philip shouted angrily as he threw a punch.

Fulton’s tall and straight body appeared at the end of the horizon-bathed in golden light, full of palpitating fighting intent and bone-piercing chills.

The moment this figure appeared, Heavenly King Woods and the other Heavenly King turned grim.

“A-Are you at the peak of a half-step to the other shore? How is that possible?”

Lionel Woods was full of shock. He never expected Fulton Hash, who had disappeared for a while, to return at the peak of a half-step to the other shore.

This was horrifying!

This was totally inconsistent with the information collected by the Heavenly Court!

Fulton smiled lightly and raised his eyebrows, his eyes reflecting a biting killing intent. He said, "Are you surprised? The Heavenly Court has never stopped paying attention and collecting information about me. It's a pity that you couldn't find the most accurate data..."

Fulton's eyes were cold, and he glanced at Philip, who was standing upright and covered in blood. He said, "Young Patriarch, you're indeed more powerful than I thought. You're almost on par with me now..."

Hearing that, Lionel and the other Heavenly King frowned, their expressions serious.

At this moment, a streak of rainbow rushed over from the horizon!

Benny Larson, the master of the Gentleman Court, had arrived. With a cold face, he stood by Fulton's side and stared at Lionel and the other Heavenly King.

He said with a sneer, "I didn't expect the two Heavenly Kings of the Heavenly Court to take advantage of the situation..."

At Benny's arrival, Lionel's expression changed again. He appeared worried now.

Benny Larson was a half-step to the other shore too. The three supreme powerhouses a half-step to the other shore really made Lionel and the other Heavenly King a little flustered.

Everyone got up and saw Fulton walking in through the door carrying a bag dripping with blood in his hand.

“One got away...” Fulton said lightly and threw the cloth bag in his hand on the floor.

Philip glanced at it and said, “Who got away?”

“Johan Nolan,” Fulton replied.

Philip frowned and said, “After killing two powerhouses a half-step to the other shore from the Heavenly Court today, will the Heavenly Court launch a full-scale attack on the Clarke family?”

Hearing that, Fulton said solemnly, "I'm not sure. The Heavenly Court lost two powerful members, so it stands to reason that they'll seek revenge. However, in the current situation, if the Heavenly Court goes against the Clarke family by force, it won't be beneficial for them either."

Philip's face turned cold upon hearing that. After a while, he said, "Inform everyone to be on standby for martial law."

Then, Philip asked, "Where's Court Master Larson?"

Fulton replied, "He'll be here soon."

Court Master Larson shook his head but nodded again.

He said, "Indeed, you're a pawn in Emperor Kai's grand scheme but also the person he chose to entrust because he passed Caelum Sword to you. To be more precise, you're one of the players too, but you have yet to make a move in this game. You're still standing on the sidelines as an observer."

Philip's face darkened, and it took him a long time to react. He bowed and said, "Thank you for clarifying my doubts..."

Benny waved his hand and said, "I have to return and study this carefully. I'll look for you when I find something else."

After saying that, Benny turned and left the Clarke family.

In the hall, everyone's expressions looked a little odd.

Fulton looked at Philip and said, "Young Patriarch, did you get Caelum Sword?"

Philip nodded and said, "Let's take a look at Alliance Master Yarn first..."

However, as soon as Fernand walked out of the hall, he was stopped by the two other Great Heavenly Kings.

"Great Heavenly King Woods, don't be so hasty! The Clarke family are no easy pickings," one of the Great Heavenly Kings said worriedly.

“Great Heavenly King Woods, we need to think this over carefully. If we rouse Roger Clarke’s dissatisfaction toward the Heavenly Court, we’ll face a catastrophe!”

The remaining Great Heavenly King tried to persuade him too.

Fernand shouted angrily, “Are you asking me to just accept this?”

Hearing that, the other two Great Heavenly Kings looked at each other and said, “Great Heavenly King Woods, Roger is the greatest existence in this world. With him in reign, the Clarke family will never fall...”

“If we go against the Clarke family because of this, the Heavenly Court may be the one to perish in the end.”

Hearing this, Fernand scowled. His fists were clenched tightly, and he shouted coldly, “Before the Clarke family were allowed to develop back then, they should have been killed!”
