

The First Heir 63

Chapter 63

Ruby was impatient. She asked while looking around, "Belle, who are you waiting for?"

"A nouveau riche. Do you see that banner? He bought 100 BMW bikes for 30 million."

When Isabelle said this, she could not help but feel envious.

Why could she not meet someone rich like that?

"What? 100? 30 million?" Ruby's eyes were wide from shock. Her mouth was wide open too. One could fit two eggs into her mouth.

"Isabelle, is that true?"

"Wow. What a rich man. Why didn't I come here earlier?"

"No way. I'm waiting for him here too. Maybe he'll take a fancy to me?"

The few girls started chattering. At the same time, they did not forget to take out their makeup bags to touch up their faces.

They were acting like they were going on a blind date.

The only downside to this was that the wind was strong, so there was a lot of dust particles in the air.

However, they did not care.

There was a nouveau riche who could buy 100 BMW bikes with 30 million bucks. As long as they could get their hands on him, they would not mind eating dust out here.
