

# THE GALAXY LEFT BEHIND THE STARS IN THE WORLD - CHAPTER 11 WHO GAVE YOU PERMISSION TO DIE!

"There are times when I feel that many things in this world are mine, but there are times when I feel that all the things in this world do not belong to me."

"That ..... Shutong, I heard that a girl in the first year bullied you? Made you a rumor?" Xu Moyan asked cautiously.

Shutong turned his head to look at him did not speak, just nodded his head.

"No way, Zhao Xiaodao you are usually not very that well! Now how come you've turned into this ghostly look?"

Xu Moyan looked surprised, and behind the words was an incentive for her to find her old self.

"Nothing." Shu Tong faintly replied.

Where will be fine she so sensitive people will certainly take those words in their hearts, and then when the emotions come those words will become auxiliary.

She just does not understand why her kindness in the end in exchange for a sharp weapon to hurt her own.

"Shutong, I have no money in my card can I borrow your card ah?"

Shutong did not answer him immediately, she was a little hesitant because there was not much money left in her card, but in the end she lent them her meal card, although some of them were not returned in the end.

What she experienced today made Shutong feel that kindness is not very useful at all, but will become a reason to be bullied.

The first thing you need to do is to take a look at the classroom, and Mu Yunfan stole a glance at Shu Tong, ready to ask questions, but then stopped.

It's early winter, and the weather these days is almost always cloudy and gray.

Dark clouds strolled in the sky but were slow to see rain.

"Shutong, don't think too much, that group of girls in the first year are just cheap-mouthed."

Chu resignation and Mu Yunfan together walked to Shu Tong next to say.

"You wait, we'll go put the word out!" Mu Yunfan's face looked a little angry, and after he finished speaking, he turned around with Chu Rui and prepared to go downstairs to find them.

Shu Tong, who did not say a word, hurriedly pulled Mu Yunfan's sleeve to stop.

"Don't go, please, you'll still get involved!"

"What about you? Just let them keep chewing on you and ruin your reputation?"

Shu Tong did not speak but her hand has not yet removed from Mu Yunfan's sleeve, standing aside, Chu Rui also said.

"We are fine, tell us the names of those girls, we go find!"

Shu Tong, who had been silent for a long time, finally spoke, "They can go ahead and say it if they want to, my reputation is notorious enough anyway."

They looked at Shutong's increasingly ugly expression tentatively said.

"Shutong ..... no matter, you are just sick, will get better, we all believe in you."

"Yes, you also have to cheer, we are your most solid backing."

Shutong let go of his hands eyes quietly looking at them without blinking: "No?"

"No?! I am a scourge! Isn't it?"

The original calm face suddenly changed, "You are my only light, I trouble you every day I already feel sorry for you, I am careful not to give you trouble every day, giving you trouble will only make me blame myself!"

Her tone rose and fell, "I really don't want that, understand?"

She understood that they really cared about her and took care of her, but she had already given them enough trouble, and she didn't want to drag them down because of her.

At noon, all the students in the class went to the cafeteria to eat, except for Shu Tong.

Shu Tong was sitting by the window, she was about to drink from the water cup placed on the windowsill when a scene before her eyes made her panic.

She saw a figure passing by the window, as if it had fallen down from above.

But the strange thing is that the person was actually wearing the same as Shu Tong, black denim, black jeans. Although the speed of the fall, but still can see the hair is short hair.

Seeing this scene, Shutong suddenly left his seat, scared out of his mind.

After a moment of calm, Shutong carefully opened the window to look down, the following empty, the dormitory building in front of the students carrying water bottles to play water.

She suspected that she might really be mistaken, but the scene was really realistic, the scene was too real to be true.

"Yes, I might just be mistaken. I... I have to drink the medicine! Drink up and you'll be fine!"

At this time, Shu Tong obviously has not slowed down, at this time her head is not clear.

She panicked and started going through their school bags looking for her medicine, she didn't know whose bag it was in, after what happened last time, Peng Ze had hidden it elsewhere.

After some searching she finally found the medicine in Mu Yunfan's book bag.

When she finished all the medicine, an idea came to her head "Drink more, the effect should be better."

She took six pills of Sertraline at once, and she was going to drink six pills of the original one.

She took the medicine in one hand and the water cup in the other, just as she was about to feed the medicine into her mouth, Zhang Yuhao suddenly rushed in through the front door and rushed towards Shutong as fast as he could.

He shouted, "What are you doing? You want to die! Who told you to drink the medicine like this?"

He yanked away her hand that was holding the medicine and then slapped Shu Tong's back with his other hand, the medicine had started to melt in Shu Tong's mouth.

Because she did not have time to drink water, the bitter taste of the medicine spread in Shutong's mouth.

She, who was determined to die, finally couldn't resist the bitter taste and vomited out the medicine.

"Chu Chu! You guys come quickly! She drank the medicine and still has it in her hand!"

Without saying a word, Chen Yixuan ran to Shutong's seat, held Shutong's wrist with his hand, and then hurriedly said.

"Hurry up! Mu Yunfan! Quickly break her hand away!"

At this moment, Shu Tong was already delirious, she didn't even know what she was doing now, she just held the medicine in her hand with a hard expressionless face.

"Shutong! I'm pushing harder! Don't you blame me!"

Chen Yixuan finished anxiously, then held Shutong's wrist hard, trying to make the pain loosen Shutong's tight grip.

"Ah!" Suddenly without a word, Shu Tong screamed, and the medicine in her hand spilled to the ground, it was the pain that pulled her out of the sinking abyss, she owed them once again.

"Hey! Shutong! You're awake now, right?" Xia Sichen asked with some anger.

At this moment, Shutong was a little scared because Chu Chu and the others had surrounded a circle to trap her inside.

Shutong nodded slightly.

"You tell me first, who gave you permission to die?" Mu Yunfan, who was now on the side, also opened his mouth and asked.

"I ....."

"Yes, Shutong you still have so many of us behind you, what are you afraid of?" Peng Ze said in a comforting tone.

After some persuasion, Shu Tong called on Lai Huan to accompany her to the toilet, but what happened later... she was completely unexpected.

After almost ten minutes, when Shu Tong and Li Huan came out of the toilet and were going to wash their hands at the sink, a female student from the next class said to Shu Tong.

"Shutong, that boy from your class is looking for you! He said he saw you and gave you a message."

"Looking for me? What's the matter?" Shu Tong asked with a puzzled face.

But still did not ask the answer, because that classmate also do not know.

The person's life will always have its own low period, you do not have to be afraid, because God is always fair, there will always be some people to take you up from the low together.
