

The Game 36

Chapter 36: Kissing Surrounded by Squirrels! The First Guest! 1

"Boss, you're here?" When Chen Dabei saw Qin Lin bring Lin Fen and Zhao Moqing into the hall, he habitually went forward and waited for instructions.

When Lin Fen saw that someone was calling her son boss, the smile on her face grew wider. In her eyes, this was her son becoming successful. She was elated.

"Xiao Lin, hurry up and bring Moqing to the sea of flowers to take a look. I'll take a walk here myself." Lin Fen knew that young people liked romance, so she urged him in an irreversible manner.

She only wanted her son and Zhao Moqing to be fine now as she pushed the two of them out.

Qin Lin had no choice but to bring Zhao Moqing to the triangular plum blossom sea.

In the ticket hall at the entrance, Gao Yaoyao was making arrangements with a waiter.

It was opening today, and tourists would come at any time.

"Boss!" Gao Yaoyao immediately greeted the waiter when she saw Qin Lin.

Qin Lin nodded at them and held Zhao Moqing's hand as they entered the sea of flowers.

Soon, Zhao Moqing was mesmerized by the scenery of the sea of flowers.

When she arrived at the scene personally, she saw that it was even more beautiful than in the promotional video.

As she walked, she arrived at the center. Around the Quality 3 triangular plums, the beautiful scene of butterflies dancing made her take out her phone and take photos.

"How is it? Is this triangular plum blossom sea beautiful?" Qin Lin hugged Zhao Moqing from behind and praised me quickly. "That night, you said something about the triangular plum blossom in the hotel. I remembered it and specially made it for you."

This should be the most touching love talk for Zhao Moqing. However, she did not forget one thing and immediately asked Qin Lin, "Qin Lin, what's going on? Even if you sell more than 600,000 fish, it's not enough to buy this villa and the triangular plum blossom sea. Where did you get the money?"

Qin Lin knew that Zhao Moqing was not as easy to fool as his mother, so he continued to fabricate.

"Didn't I sell fish to a big boss? That big boss isn't short of money. We got to know each other and I told him about the villa's plan and borrowed money from him."

Zhao Moqing was puzzled. "Is there really someone who will lend you so much money without conditions?"

Qin Lin continued to bluff. "There are conditions. The other party loves to fish as much as his life and wants me to help him catch fish again if I have the chance. Furthermore, I have to pay interest, so I have a few million more debts on me."

“Ah!” Zhao Moqing was anxious when she heard this. She reached out and pinched Qin Lin’s waist angrily. “Qin Lin, you’re a jerk. You didn’t even discuss such a big matter with me. Aren’t you afraid of being unable to repay your debts?”

Qin Lin was naturally not afraid. After all, it was all fake. Seeing that this excuse was useful, he struck while the iron was hot and said, “I want to take a gamble to make a comeback as soon as possible and bring you home openly.”

When Zhao Moqing heard this, she did not probe further. She only snorted and said, “Then remember, from now on, you’re not allowed to smoke or drink. You’re not allowed to do dangerous things. Stay healthy and live without illness or pain because we’ve registered our marriage. If anything happens to you, how can I repay the millions for you?”

“You know, I don’t smoke or drink, and I never do dangerous things.” Qin Lin leaned closer to Zhao Moqing and kissed her mouth.

Zhao Moqing habitually hugged Qin Lin’s waist.

The two of them were a little lost in their thoughts. They only separated when they could not breathe. However, a squeaking sound attracted them. They looked up and saw a few squirrels sitting in a row, stretching their heads and looking at the two of them curiously.

“They...” When Zhao Moqing saw this, she felt inexplicably shy. She felt like she and Qin Lin were being watched.

...

Qinglin Villa was outside Youcheng County. The entrance was connected to the intersection of Sand City and the city road.

A Maybach 62S suddenly stopped at the intersection.

The driver got out of the car and checked before saying respectfully to the person in the backseat, “Chairman, the right car’s tire pressure is almost gone. It should have been pierced by an iron awl when we passed by the construction road previously. Now, we might have to find a nearby county to fix the tire. We’ll have to stop at noon.”

The chairman looked at the promotional board of Qinglin Villa in surprise. The promotional photo on it inexplicably attracted him. “This villa seems good. Send me there to take a look before you repair the car.”

This promotional photo was very beautiful. It was like a work of art and was very artistic.

Was this the work of a master photographer?

He had been to many villas, and even those of the highest grade, but he was not extravagant enough to use the works of a photography master as roadside publicity photos.

“Okay, Chairman.” The chauffeur nodded and drove into Qinglin Villa.

He had actually seen the sign of Qinglin Villa and was also attracted. He also thought that the person who took this promotional photo must be a top-notch photographer.

Qin Lin brought Zhao Moqing back to the hall and saw a man in a suit walking in.

This was clearly a guest.

Chen Shengfei was a little disappointed to enter the hall.

The publicity photos of the triangular sea of flowers by the roadside were very artistic. He had not entered the triangular sea of flowers yet, but along the way, when he arrived at this hall building, it was clearly far from what he had expected. Or rather, it was worlds apart from what he had expected.

The hall was not big. There were many dining tables, and a fruit shelf in the middle. It looked empty.

When Gao Yaoyao saw that a guest had arrived, she greeted him with a smile. "Sir, welcome. We have a triangular plum blossom sea to admire and jungle exploration and slippery grass to experience..."

Gao Yaoyao smiled and introduced herself professionally.

At this moment, Chen Shengfei looked at the shelf that was selling. He was stunned because the price of it surprised him.

The red strawberries were 25 yuan and 50 yuan a catty. The watermelons were 2 yuan and 10 yuan a catty. It was nothing, but the strawberries that were 200 yuan a catty, the watermelons that were 100 yuan a catty, and the okra that was 400 yuan a catty made him feel incredulous.

It was not that he had not eaten those special imported and specially cultivated high-quality products in the country, but such luxury goods at this price did not seem to appear in this villa.

After all, this villa was clearly not at that level.

"Huh?!" Chen Shengfei suddenly looked at the fish pool beside him. "Are these all wild fish?"

There were six big fish swimming in the fish pool. He recognized them. They were all wild bass, wild black carp, and wild grass carp. As he was a fishing enthusiast, he knew a little about wild fish.

However, he knew better that it was very rare to see such a big item. He could buy it even if he had the money. He did not expect to see six big items here.

Gao Yaoyao immediately said, "Sir, you have good eyes. These bass, black carp, and grass carp are all wild."

"Make me a fish," Chen Shengfei said immediately and did not ask how much it was.

The price was meaningless. He could afford it.

What was rare was this fish.

Gao Yaoyao reminded him at the right time, "Sir, there are much wild fish in our fish pond. There are also some wild fish of this size inside. If you're interested, you can rent a fishing rod from us to enjoy fishing. You might be able to catch them too."

"A lot of wild fish? There's such a big fish?" Chen Shengfei immediately asked.

Was this young lady lying to him?

He believed in there being much wild fish, but there were also some such big fish? Did she think he was a fool?

Even the largest fisherman in the city did not dare to say such things.

In his opinion, it was already very impressive that the boss here could get these six big goods.

However, this young lady did not seem to be joking. Furthermore, there were indeed six big fishes in front of him, which piqued his interest.

As a fishing enthusiast, who did not have the ambition to catch big fish?

"Young lady, then bring me to rent two fishing rods!" Chen Shengfei said immediately. Then, he pointed at the Quality 2 strawberries that cost 200 yuan a catty and said, "Weigh that strawberry for me too. I want to eat it when I'm fishing. Let's see how this tastes compared to the ones in luxury stores."

"Okay, sir." Gao Yaoyao saw that the recommendation was successful and smiled brightly. She immediately got another waiter to weigh the strawberries while she rented a fishing rod for Chen Shengfei. It was not expensive. One rod was 20 yuan, two rods were only 40 yuan, and with the bait, it was only 45 yuan.

However, Chen Shengfei was a little disappointed.

Because the fishing rod and bait were too lousy.

If the driver had not driven the car to be repaired, he would have gotten the driver to bring his fishing rod from the car.

Furthermore, the facilities at the scene were bad. There was only a small stool and table facing a muddy fish pond.

This was worlds apart from the wild fishing grounds he had gone to previously.

However, Chen Shengfei still played with the fishing rod skillfully. He placed it down and waited.

When he saw the strawberries being brought over, he went to the side to wash his hands. He picked up the strawberries and placed them in his mouth, waiting for the fish to take the bait.

However, when a strawberry was placed in his mouth, Chen Shengfei was surprised. "The taste of this strawberry...!"
