

## The Game 40

### Chapter 40: Earning 100,000 Yuan A Day! Isn't The Wicked Reporting First?

Qin Lin carried the Quality 2 grass carp and Quality 2 black carp to the parking lot. When he saw the Maybach 62S, he knew that Mr. Chen was definitely richer than he had imagined.

This car seemed to be worth tens of millions and was very famous because this was Jack Ma's car. Furthermore, many famous and wealthy people drove this car.

"Mr. Chen, I'm the boss of the villa. My surname is Qin." Qin Lin carried two fish and handed them to the driver. "Thank you for speaking up for me earlier, Mr. Chen. I don't have anything to thank you for, so take these two fish as a thank you."

"So it's Boss Qin!" Chen Shengfei looked at the two fish in surprise. "Boss Qin, you're really generous with these two wild fish."

To him, no matter how expensive a gift others gave him, it would not surprise him. After all, he was very rich. There were not many people who were richer than him. If others could buy it, he could naturally buy it too. He could even buy more.

However, he was really surprised by these two wild big goods. These big goods were rare, and he could not buy them even if he had money.

Furthermore, he had already eaten this fish. The meal earlier made him feel comfortable.

Qin Lin smiled and said confidently, "Mr. Chen, I don't have anything else, just this kind of wild fish. Please, come anytime. I can provide it at any time."

"Boss Qin, this is your ability. Just from your words, I'll come again when I have time," Chen Shengfei said sincerely.

He did not doubt Qin Lin's words. After all, he had casually given two wild goods. There were a few in the hall, and there were still some in the fish pond. If he was not capable, how could he bear to do this?

With Chen Shengfei's words, Qin Lin's goal was achieved. "Then I'll wait for you, Mr. Chen."

After Chen Shengfei left, Qin Lin returned to the hall. Then, he curiously took out his phone and went online to check on Chen Shengfei.

What he did not expect was that when he checked, he really found it. A lot of information popped up on the home page...

What was even more unbelievable was that the other party had a company called the Blue Ocean Corporation. One had to know that this company was very famous and awesome in Min Province. Many of the photos found were photos of Chen Shengfei and the official leader.

He was really awesome. He did not expect such a person to be attracted on the first day of business. He instantly felt that the value of his two big gifts was huge.

...

In the afternoon.

The number of guests attracted to the villa was no less than in the morning. The villa was still lively. From 4 pm onwards, smoke rose from the stove again. The people who stayed in the villa to cook had already begun to cook together.

There were many people who did not know how to cook.

Qin Lin also pulled the ripe Quality 2 strawberry pick to the villa. As for the ripe okra, he sent it to RT-Mart. After all, the game could produce 3,000 catties of okra a day. The villa could not consume it at all.

It was not until dark that all the tourists left one after another. Only one or two crazy people rented tents and camped in the villa.

On the first day, the villa welcomed a good start.

Gao Yaoyao and the other employees were exhausted, but everyone had a smile on their faces.

They could not wait to be so tired all day because their boss had already promised that they were not getting a dead salary now. There was also a commission. The more tired they were, the better their business would be, and the higher the commission would be.

Zhao Moqing was also typing on her laptop at the counter.

She was calculating the villa's income today. She was in the tax industry and was familiar with this.

"I've calculated it." Zhao Moqing handed the laptop to Qin Lin. When she saw the amount on it, she heaved a sigh of relief. After all, Qin Lin still owed millions of yuan outside this villa.

Qin Lin took it and saw that the villa had actually received a total of 238 tourists today. In other words, 11,900 flowers had been sold. In addition, Chen Shengfei had packed all the Quality 2 watermelons, strawberries, and okra.

The 300 catties of Quality 1 okra that had been reserved were sold out. The 303 catties of strawberries that had matured in the morning were all sold. The ripe ones in the afternoon were also sold for 190 catties.

This total income was 47,344 yuan.

Also, the income of one Quality 2 wild black carp and 45 Quality 1 wild fish had reached 29,165 yuan.

On the other hand, the other pine nuts, vegetables from the vegetable garden, fishing rod rent, jungle adventure, slippery grass, drinks, rented stove, grill... All of these only cost 18,813 yuan.

Therefore, the total turnover of the villa today had reached 107,222 yuan.

The turnover exceeded 100,000 yuan.

Although this turnover was thanks to Chen Shengfei's takeaway, this was also the first day. Furthermore, it was not a weekend. More tourists would definitely be attracted next, especially on the weekend.

Zhao Moqing did not know how much profit Qin Lin's villa had, but with a turnover of more than 100,000 yuan, in her opinion, after deducting the cost and labor salary, it should definitely be profitable. Qin Lin could at least repay the debt.

This was good news.

However, she did not know that in this 100,000 yuan turnover, other than vegetables, pine nuts, and drinks, there was almost nothing else.

Coupled with the income of 15,673 yuan from the okra sent to RT-Mart, even if he paid the stipulated 5.6% business tax and the additional 2% individual business tax, after deducting the salary and other fees of Gao Yaoyao and the other employees, his income today would definitely exceed 100,000 yuan.

Of course, he could not tell anyone about this. It was best to make a fortune silently.

Furthermore, as the business grew, the bills had to be done more secretly. No one could discover it, or they had to think of a better way in the future.

After the guests left, Qin Lin got Master Lin to cook a table of dishes. He even killed a Quality 2 black carp and a few Quality 1 wild fish to reward everyone.

When the dishes were served, Qin Lin got everyone to sit down and raised a cup of drink. "Those who can drink, drink. Those who can't drink, drink juice. Let me toast everyone first. It's a good start today. Everyone has worked hard. Let's celebrate! I'll give everyone a 200 yuan red packet."

The employees did not expect an unexpected surprise. Although 200 yuan was not a lot, they were happy to receive an unexpected reward. Gao Yaoyao and the other girls even shouted unscrupulously, "Long live Boss!"

After that, they all got up enthusiastically and toasted Qin Lin.

Lin Fen and Zhao Moqing were clearly very relieved to see this. One was for their son, and the other was for their husband.

After the celebration party ended, Qin Lin drove his mother and Zhao Moqing back to the county city. When they arrived at Ming Yuan District in the East City, Zhao Moqing got out of the car. After saying goodbye to Qin Lin and Lin Fen, she walked into the district happily.

Today, the tense string in her heart inexplicably relaxed a little.

After stealing the household register and secretly registering their marriage, she felt a little guilty about dealing with her parents. Although she always told Qin Lin that she wanted to lay her cards on the table, she was also afraid of doing so.

She knew that what she had done was disrespectful to her parents and that she had let them down.

Qin Lin had given her a huge surprise today. If this continued, she believed that Qin Lin would be able to repay the money and everything would develop in a good direction.

However, Qin Lin still owed a few million yuan. She did not want to tell her parents for the time being. She was afraid that this would scare her parents even more. After all, a few million yuan was not a small sum.

When she returned home, Zhao Moqing saw her sister-in-law looking at her phone.

“Moqing, come and see quickly!” When Li Jiawen saw that Zhao Moqing had returned, she pulled her back and said, “Qinglin Villa posted on their Moments today. A few of my WeChat friends posted on their Moments. Furthermore, many people in Douyin also posted videos. The sea of flowers is really beautiful. When I have time, I must go with your brother and invite more people to form a group.”

“Then I’ll give you some tickets.” Zhao Moqing smiled and took out a stack of tickets to the venue and shook them in front of Li Jiawen.

When she returned, Qin Lin had given her a lot of tickets to give away.

“Moqing, where did you get so many tickets?” Li Jiawen was instantly surprised. “Give me a few more. My friends want to see that sea of flowers too.”

Zhao Moqing smiled and took out more than ten tickets and handed them to her sister-in-law.

“Huh?!” Li Jiawen took the tickets with one hand and swiped Douyin with the other. Suddenly, she said in surprise, “Moqing, look at this video. Something seems to have happened to Qinglin Villa. Our Youcheng County has a media account criticizing Qinglin Villa. Besides, how can this Qinglin Villa be like this? Isn’t it too much?”

“???” Zhao Moqing frowned when she heard this. She immediately leaned forward and frowned.

“Everyone, look. Qinglin Villa sells fruits at an astronomical price and even forced tourists to buy them. This is a forced sale... Not only does Qinglin Villa sell fruits at an astronomical price, but they also found an actor who mocked us, tourists, for not being able to afford fruits...”

In the video, a woman’s indignant voice was heard.

“...” Zhao Moqing was stunned. Wasn’t this voice that unreasonable woman?

This woman had left the villa in dejection today. She actually complained first and posted the video online?

How could there be such a person in this world?

The key was that there was actually a self-media number to help. Why didn’t the other party investigate and understand the situation?

Li Jiawen looked at the video and scolded, “This is too much. Isn’t this Qinglin Villa bullying customers? I originally wanted to go, but I don’t want to go now.”

“...” Zhao Moqing looked at the video and realized that there were already a lot of likes for this video. In the video from the same city, many people even scolded it.

“Hehe, this Qinglin Villa must be crazy about money!!”

"I'm a mutt. I can't afford to eat 200 yuan a catty of strawberries. Do you think I should go to this scenic area?"

"I've seen people snatch money, but I've never seen someone snatch it openly. This Qinglin Villa will be cold when it opens."

"@The relevant department, seal him directly!"

"..." Zhao Moqing.

She could not express the anger in her heart now.
