

The Girl CB 1041

Chapter 1041 I will go with you.

Margot turned livid, with a reluctant look.

But she didn't refute his words.

Because she knew what he said was true.

Nikita was her only hope now.

Even the experts in the National Hospital can't cure her illness, and only Nikita can.

Those experts didn't cure Old Mr. Lambert after five-year treatment. It was Nikita who cured him by means of acupuncture.

So she is more skillful than those experts.

If Nikita hadn't refuse to treat her, she would haven't resorted to those experts.

She thought that their medical skills were also quite superb, but she didn't expect such a result.

Finally, she had to beg Nikita.

Even though she was unwilling to do so, she had to do so.

"But if..." said Margot angrily, her face cold, frowning. "What if she was still unwilling?" "Do I need to kneel down to beg?"

“And she even asked for three billion!” “We can’t give her so much money!”

“I don’t believe she will be so cruel,” Patrick reassured Margot. “She didn’t mean it.” “You gave birth to her and raised her. If she let you die, she is really an ingrate.” “And God even won’t tolerate her.”

After Yvonne went back from school and walked into the living room, she heard the dialogue between Patrick and Margot.

She stood at the door of the living room for a while, then handed her schoolbag to the maid, and then walked towards them.

After approaching, she cleverly greeted, “Dad, Mom.”

“You’re back.” Patrick put on a gentle smile on his face. “Go to change clothes, wash your hands, and then come to eat.”

Margot looked weak and reluctant to beg Nikita tomorrow. She didn’t speak.

Yvonne stood still. She took a look at Margot, went to her side and sat down, holding Margot’s hand, and asked softly and gently. “Mom, I heard what you and Dad just said. Are you going to find Nikita tomorrow? I’ll go with you.”

Margot looked at her with surprise. “Are you going with us?”

Yvonne nodded. “I thought the reason why she was mad at you may be because of me.” “She disliked me and moved out due to me.”

If I begged her and apologized to her, she may be able to calm down.

“As long as she is willing to see you, I can be beat and scolded by her.”

“Yvonne...” Margot suddenly clenched Yvonne’s hand, and tears flashed in her eyes. “Do you really think so?”

“Yes,” Yvonne nodded, saying cleverly. “I think so. Mom, I love you. I don’t want to lose you. As long as you can recover, I’m willing to do everything.”

Margot was touched. “Yvonne, you can think so. I’m really reassured.” “You deserve our love.”

Chapter 1042 They want Nikita to come back to the Swift family?

Margot was touched. “Yvonne, you can think so. I’m really reassured.” “You deserve our love.” “But if you go with us tomorrow, you will be wronged. I can’t bear that.”

“Mom, let me go with you.” “As long as she can cure you, I’m willing to do so.”

“Then let her go with us, which is also her filial piety.” Patrick didn’t object to this matter. “Besides, there is a misunderstanding between their sisters. Tomorrow, we can have a good talk. Maybe the misunderstanding is lifted, and Nikita is willing to come back to our home again.”

They want Nikita to come back to the Swift family?

Margot was reluctant to ask Nikita to come back. But if she can bring benefits to the Swift family after she’s back, Margot also can endure that.

Patrick just said randomly.

He knows very well that according to Nikita’s personality, it is unlikely for her to go back to the Swift family with them.

But Yvonne was fear for this matter.

When Nikita comes back, will the Swift family still tolerate her?

Nathan won't stand up for her as before. Nikita is powerful now, and her boyfriend is the ruler of the Lambert family, which is hidden by her, so the Swift couple doesn't know it yet. But after Nikita comes back, they will know it soon or later, and like her more.

Therefore. Nikita can't come back.

"Mom, Dad, I'll change clothes upstairs." She lowered her eyes, hiding all her emotions and standing up slowly and toward the stairs.

After dinner, Yvonne went to his desk and sat down after a bath, and took some books to review.

But she just read a few pages of books, and she can't read them anymore.

She can't calm down.

She is not in a hurry about the examination. She is quite confident that she can do well in this examination.

She is worried about the piano competition in three days.

The competition is approaching soon, and she doesn't know what music to play that day. She has also tried to write a score by herself, but that score has no characteristics, so how can she impress a top music master like Aroma?

This competition is a once-in-a-lifetime opportunity.

Once she misses it, she may not have a second chance in the future.

If she wants Aroma's attention, she must have an original score that can really amaze people.

She quite knows about her real skills. Others think she is good at piano, but only she knows she won the first prize due to the stolen score.

The girl who won the second place actually was better. Without that original score, the champion should belong to the girl who won the second place.

Yvonne couldn't help log into Annoyed Mary Sue's account and view her homepage.

Yvonne didn't have any hope, so she glanced at his eyes at will.

The next second, she opened her eyes in surprise.

Annoyed Mary Sue who didn't update her posts sent a post an hour ago.

She said in the post that she didn't update the information for some family-related affairs. After everything was done, she came back and posted a new score. She said she wanted to send this song to all her followers.

Chapter 1043 She is like reborn.

Yvonne was so excited that her hands trembled when she saw this new score just released.

Her heart was racing.

She was afraid that she was dazzled, so she rubbed her eyes hard. After confirming that Annoyed Mary Sue really sent a new music score, she downloaded it to her mobile phone surprisingly and happily.

She couldn't believe that she was so lucky.

The competition was about to start. She was so worried about it that she couldn't sleep well all night. She didn't expect that just a few days before the competition, Annoyed Mary Sue updated her account and sent a new music score.

Even God helps her!

So not only is Nikita lucky, but also she is lucky, too.

She downloaded the score and ran to practice it in the piano room.

It was neither difficult nor simple. When she practiced for the first time, she got stuck at several pieces, not quite smoothly.

But even this sound caught Margot's attention downstairs.

When Margot began to practice for the second time, just halfway her playing, Margot pushed open the door and came in from the outside.

When Yvonne saw Margot, she stopped playing.

"Mom, why do you come up?" asked her.

Margot walked to the piano with a surprised look. "Yvonne, is this score prepared for the match?" "Play it again."

Yvonne looked at Margot with a beaming face, her eyes flashing, and smiled. "Mom, I wrote this song by myself. What do you think? Can I use it to attend the match?"

"Of course." Margot also received various talent training since childhood, and she knew something about piano. She looked very happy. "Your song is very good and skillful which is much better than the previous one."

"It's definitely good to use it. I can say nobody can write a better one than you."

Yvonne also wrote an original song before, which was once heard by Margot. She thought that song was very normal, without anything brilliant.

If Yvonne takes it to participate in the competition, she may not win prizes.

But this music written by her this time is like reborn, much better than the last one.

Even there are still some flaws during playing, it is quite great.

It's very skillful

Margot felt very surprised that Yvonne could write such excellent music. It seemed that she was really out of state before, but now she has got her state back.

Yvonne listened to Margot's praise for this song, but he was not very happy.

It didn't belong to her. Its excellence was not related to her by nature.

Fortunately, Annoyed Mary Sue is not a famous user, and after disappearing on Facebook for two years, she had few followers. Otherwise, Yvonne didn't dare to grasp this song easily.

Annoyed Mary Sue was just a nobody, so Yvonne was not afraid of copying her.

If Annoyed Mary Sue finds she has stolen her music score, it's nothing serious.

Chapter 1044 She hopes to marry into the Lambert family.

If Annoyed Mary Sue finds she has stolen her music score, it's nothing serious.

Anyway, her fans are more than that user.

Moreover, she won't directly use this song, which is stupid. She only needs to add something that she writes herself to the song. Hence, although somebody discovers she copied it, she can say it is just a coincidence. As long as she denies it. Annoyed Mary Sue can't sue her.

"Mom, I'll play it for you again." "I just wrote it, so I can't play it smoothly. I have to practice more before the match."

"Fine. I think it's great. But I'm not professional." "You can play it to Nana. If she feels good, it's really a good one."

Yvonne cleverly nodded. "OK, I know."

Moments later.

Patrick waited for his wife and daughter to eat downstairs, but they didn't go down, so he went upstairs to find them.

As soon as he went upstairs, he saw Margot come out of the piano room with a smile on her face.

Patrick walked over. "Why are you so happy?" "Where is Yvonne. It's time to have dinner."

"She wants to practice the piano. Let Zoey serve the meat for her." Margot's weak face turned happy. She said in a good mood, "She wrote a new song. It's very good. I think she may really make the music master appreciate her."

"If so, then she will be promising in the future."

"Who?" Patrick asked curiously,

"Aroma." "A famous music master, more famous than Malcom," said Margot happily. "In this match, Aroma will be a judge. As long as Yvonne is excellent enough, she might be appreciated by Aroma.*"

*If Aroma becomes Aroma's disciple, our family will also be promising." "Then Yvonne also can marry into the Lambert family." Margot planned as she wished. "The ruler of the Lambert family is still single. If Yvonne marries him, will our family become powerful?"

Although Patrick also thinks Yvonne is good, and she will definitely marry a good family in the future, how can she marry the ruler of the Lambert family?

"Marry the ruler of the Lambert family? It's a bit hard. The Lambert family won't agree. Patrick knew his power. His family can't even have the quality to compare with the Lambert family.

One is the swan in the sky, and the other is the toad on the ground.

Although he also hopes that Yvonne can marry well, he will not be as unrealistic as Margot.

That man even disliked the daughter of the Garrett family. How can he take a fancy on Yvonne?

"If Yvonne can become Aroma's disciple, she can make it?" Margot stared at her husband. "What's more, what if he likes girls like Yvonne?"

"There are also many stars marrying into noble and powerful families." "Why can my daughter not make it?"

Patrick wanted to add something, but seeing Margot's smile, he didn't annoy her, so he also agreed. "You're reasonable." "But if he falls in love with Yvonne, he has to meet her first."

"Sure. I have had a plan." "In my mom's birthday, the Lambert family will be invited. That man in power will come." "Then Yvonne can meet with him."

Chapter 1045 Old Mr. Lambert will go, too.

As Margot imagined, she turned excited. "If Yvonne makes it, if he has a crush on her." "I have to make a plan again."

Looking at her excited appearance, he didn't retort her. But he still thinks that the man won't like Yvonne.

It's not because he doesn't have confidence in his daughter, but because his family can't compare with the Lambert family, so he doesn't dare to imagine that.

Moreover, Miss Garrett's background and appearance are better than Yvonne's. Now that Mr. Lambert didn't like her, he must have a picky taste.

The next day.

Sheehan sent Nikita to school as usual.

When she got off the car, he suddenly stopped her.

With one hand on the door handle, the girl who opened the door turned her head and looked at him with her eyebrows raised slightly: "Hmm? What's wrong?"

Sheehan nodded, as if there was something difficult to say. After a while of silence, he said. "Can you ask Hugh for a VIP ticket for the piano competition?"

Nikita stunned: "Piano competition? You mean the National Youth Piano Competition in three days?"

"Hum."

"Are you interested in this competition?" Nikita was quite surprised. "Are you going to watch it?"

"Not me." Sheehan sipped his thin lips. "Grandpa wants to watch it."

"Grandpa?"

“Yes, my grandpa wants to watch it. However, he is not interested in this competition, but interested in one of the judges. He wants to go to the scene to meet the judge.”

“Oh, okay. I’ll ask Hugh for you. But I’m curious. Which judge is he interested in?” Nikita asked casually, then took out her mobile phone, unlocked it, and sent a message to

Hugh.

Niky: How many tickets can each judge get for the VIP area of piano competition?

Nikita sent a message. Before Hugh replied to her, she heard Sheehan say, “He likes Aroma, a talented musician who is very famous in the world. Before Grandpa fell into a coma, he would buy every concert CD and collect them.

He would fly abroad to watch every concert held by Aroma. He had the car accident that year because he went abroad to watch the concert. After watching the concert there was a car accident on his way back to the hotel.”

Nikita pinched her mobile phone tighter.

Therefore, Old Mr. Lambert was unconscious in bed for five years because of a car accident, which has something to do with her?

If it weren’t for going to her concert, Old Mr. Lambert might not have been in a car accident.

Although this matter actually has nothing to do with her, and it is not her who hit Old Mr. Lambert, Nikita is still a little uncomfortable.

“Will you blame Aroma? Nikita couldn’t help but ask.

“Hmm?” Sheehan looked at her with his deep and black eyes. “Why do I blame her? Although Grandpa had a car accident on the road because he went to see her concert, it was not her who caused the car accident.”

At this time. Hugh replied to Nikita.

Hugh: Do you want to give your classmates tickets for VIP zone? As far as I know, each judge has five tickets. If it is not enough, I can give you my live tickets.

Nikita bowed her head and replied to the message: No, it will be too much.

Chapter 1046 Can she hide from him?

Hugh: Boss, don't forget the rehearsal tomorrow.

Nikita: Well, I see.

After chatting with Hugh, Nikita closed phone: “There are tickets, how many do you want?”

“Two, I will go with my grandfather.”

Nikita's finger clenched. Her eyes flashed. She said: “Are you going too?*

“Although Grandpa has recovered, I still can't feel at ease leaving him alone.” Sheehan saw that Nikita's face looked wrong. After thinking about it, he said, “It's on the weekend. Do you want to go with us?”

Sipping her lips, Nikita said emotionlessly. “I have something to deal with on weekends. Now I'd better get going. I'll give you the tickets then.”

Sheehan will also go on the day of the competition.

Nikita is not worried about whether old Mr. Lambert will recognize her.

But Sheehan...

Can she hide from him?

After getting off the car...

When Nikita entered the campus, a few boys ran towards her, blushing. One of the boys handed her a notebook, looking shy: "Nik...Nikita...could you sign your name here?"

Nikita looked up into his eyes.

Looking into her sight, the boy is even more shy. "Ni...Nikita, I'm your fan. I've watched every game when you coached the team!

I really admire you! So...could you sign your name for me?"

"Nikita, we're your fans too! Could you sign for us as well?"

"Nikita, we want to take a picture with you, can we?"

A group of boys surrounded Nikita, particularly excited, looking at her with worship.

Nikita looked at the notebook. After a while, she took over the book..

The boy immediately cheered and quickly handed his pen to her.

Nikita opened the boy's notebook and saw a lot of photos of her and the RG team.

In the group photo, the girl's hair is short and silver-gray. She wore black from head to toe, standing in the middle of the team.

This boy is a real fan.

These stickers were taken years ago.

Nikita quickly signed her name, and then handed the notebook back to the boy.

The boy looked at her signature, and contentedly put his notebook carefully in his schoolbag.

Nikita signed one by one, and took a photo with the boys. When she was about to leave, other boys saw her.

Not far away from them....

Yvonne looked at Nikita, who was surrounded by boys who were scrambling to take a photo, sipping her lips and looking gloomy.

However, when she thinks of the next piano competition and the joint entrance examination, she smiled,

Now, she'll let Nikita be proud for the time being.

She would like to see how these crazy boys chasing after her would think of Nikita when the exam results come out.

In the afternoon, Sheehan parked his Rolls-Royce at the side of the campus on time.

Students came out one after another at the school gate.

Yvonne walked out of the school and saw the silver-gray Rolls-Royce parked under the tree not far away.

She recognized the car.

The man sitting in the car is the most distinguished young master in the M City.

Chapter 1047 Who are you?

Yvonne stood there, staring at the silver-gray Rolls-Royce for a few seconds. Biting her lips, she walked towards the car.

The driver sat in the front. The car's window was open.

Yvonne saw Sheehan sitting in the car. She looked at his handsome face, feeling her heart bumping fast.

Inside the car, the man's fine shirt is spotless, his legs overlap gracefully. In the backlight, the man's clear-cut facial features are delicate. His temperament is more than noble.

Yvonne pursued Felton at the beginning, not because she really liked Felton.

She is a top student in Class A, how can she really like a poor student in Class F? In her eyes, those students in Class F are all fools with low intelligence.

Felton only has his background and appearance. These two advantages can make up for his other shortcomings. She can climb up the social ladder and get in touch with the circle of big shots.

She chased Felton for two years, in order to get into the upper society.

After seeing Sheehan, Yvonne's idea changed.

Felton is no longer her target.

Compared with Felton, his brother is so much better no matter on the family status and other criteria.

He can give many things to her while Felton can't since he's the one who is in charge of the family business.

If she can take this man down...

Yvonne's heart beat faster and faster. Clenching her fingers, she thought quickly about what to say.

"Hi, Mr. Lambert, I am Yvonne."

Yvonne had just introduced herself, she saw the man looked up at her indifferently.

The man has a strong temperament. Although he didn't say anything. Yvonne felt frozen and pressure when looking at him.

She trembled. After taking a deep breath, she tried to pull out a sweet smile under the pressure that almost crushed her. Her voice was soft and pretentious, "Mr. Lambert you should remember me. We've met on the night when old Mr. Lambert hosted the dinner."

Yvonne lost all her pride and dignity at that night. She was carried out of the house.

That night should have been an extremely shameful for her, but she took the initiative to bring it up in front of Sheehan,

Inside the car, the man with noble temperament looked at her with no expression.

Yvonne talked a lot without any response. She bit her lips, saying awkwardly, "Mr. Lambert, are you with my sister now? I shouldn't have step into my sister's relationship. But...*"

"I suggest Mr. Lambert digging further into her background, before choosing to be with her. My sister, she used to be..."

"When did I have a younger sister??"

A lazy voice sounded behind her, Yvonne's face changed. She turned around and saw Nikita walking towards them slowly with one hand carrying her backpack, and the other

in her pockets.

Nikita stopped, looked Yvonne up and down with disdain, smiling. Her tone was very disgusting: "Who the hell are you? How dare you claim you are my relative?"

Yvonne stiffened. Embarrassed, she bit her lip: "You!"

Nikita ignored her and walked directly from her side.

Chapter 1048 What's so good about Nikita?

Sheehan, who has been sitting in the car, got out of the car at the moment when he saw the girl. He walked to the front her. He then naturally took the backpack and held her hands.

"What do you want to eat in the evening?" The man asked in a low and gentle voice.

Nikita buckled his fingers, saying casually: "Your homemade dinner."

"Sure."

“Order, please.”

“Sure.”

“Sweet and sour fish, stewed pork chops, braised pawns, sautéed shrimps with squash.”

“I’ll tell you when I think of other dishes.”

Sheehan smiled gently. “Sure. There are ingredients left in the fridge. I can cater to your requirements..

Nikita yawned, “Let’s go then. I’m sleepy. I’ll go back to sleep. You can wake me up after finished cooking the dishes.”

“Sure.”

Sheehan led Nikita into the car, without looking at Yvonne standing next to them.

The driver came to close the door and turned to see Yvonne, who was still standing in place. He frowned, and his tone was not very polite. He said, “Gives way, you are in the

way.”

Yvonne stiffened again, looking at the closed car door. Clenching her fingers, she turned pale with anger.

She can’t figure out what’s good about Nikita?

What’s left besides her appearance?

Sheehan, a high-quality man from a prestigious family, insightful and high standards, is interested in the empty suits?

Even if Nikita wrote songs for Hugh, coaches e-sports, it was true that she used to fight with people every day and often got zero marks.

Why can she get the favor of those in power, and those from the Lambert family?

She had gossips with so many men.

Hugh, Manley, Xavier, and Sampson, these men are very ambiguous with her. Don't Sheehan mind at all?

How can he endure it?

What did she do to him?

Yvonne frowned. She planned to let Sheehan find out who Nikita truly is. Once he knows her past, he would definitely abandon her.

But Sheehan actually said he likes Nikita whoever she is.

"Nikita, I have been robbed of so many things by you. This time, I won't let you get what you want!*

Looking at the Rolls-Royce, which has been far away. Yvonne clenched her fist, gnashed her teeth, swearing: "I will call the dibs on Sheehan."

"I will let him know what kind of person you are. He must abandon you once he knows your past!"

Sheehan now says he doesn't mind, because he didn't know about Nikita's past.

No men want women covered in stains.

It is absolutely impossible for Nikita to marry into the Lambert family.

After getting on the car, Nikita smiled, squinting at Sheehan.

“What are you looking at?” Sheehan turned around, looking at her gently.

Chapter 1049 Margot came to you

The girl rubbed her chin, smiling: “Yvonne has a crush on you.”

Nikita is not surprised.

She takes a fancy to his appearance, and others can naturally take a fancy as well.

It’s just that Yvonne likes Felton, and now she has a crush on Sheehan.

“Hmm?” Sheehan paused, looking into the emotionless dark eyes of the girl. “I am not interested in her.”

“Of course I know you’re not interested in her.”

Nikita smiled. She caressed the man’s beautiful chin: “If you were interested in her, I would have dumped you.”

“I don’t have such a bad taste.” The man looked at her with dark eyes.

Nikita was satisfied with this answer and smiled again: “Well I see.”

Sheehan pinched her soft fingers and got close to her: "Are you satisfied with this answer?"

"Not bad."

"Is there any reward?"

Nikita looked at the man who came to her, and blinked: "What reward do you want?"

The men looked at the girl's lips, with his eyes darkened, voice being hoarse, "What do you say?"

She looked at the red light, and pushed away the man who was getting closer and closer. She patted him on the face: "Concentrate on driving."

Sheehan sat upright and turned around. He didn't pester her again.

He can ask her for the reward when the time comes.

They went back to the apartment...

Sheehan let Nikita go back to sleep first, and then call her when the meal is ready.

"Are you sure you don't need my help?" After eating ready-made food for several times, Nikita felt a little embarrassed and offered to help.

Sheehan caressed her head, saying gently. "No need. Go to sleep. You can have dinner after a nap."

"All right then." Nikita lazily yawned, "I will sleep for a while."

Sheehan waited for her to walk into the room to close the door of their apartment. And then he walked into his room opposite.

Nikita was really sleepy. She didn't even change her clothes and fell asleep on the sofa,

After a while, she was woken up by knocks on the door. She frowned. Outside the door, the knock on the door continued to ring once and again.

She was a little confused, thinking that Sheehan is knocking the door.

She rubbed her eyebrows and got up from the sofa. When she walked to the door, she remembered that Sheehan knew the password of her fingerprint lock.

Therefore, the person knocking at the door cannot be Sheehan.

She looked at the surveillance camera in the room, and saw that the people standing at the door were Margot, Patrick, and Yvonne who had just seen it not long ago. She was awakened during her sleep. Already furious, she found out the people standing in front of her door are Margot, Patrick, and Yvonne. She was even more infuriated.

She opened the door expressionlessly.

The girl opened the door coldly, Patrick, who asked for help, smiled, and called out in a very intimate tone: "Nikita."

Margot is no longer as cold as before, and she put on a rare smile, greeting her along with Patrick: "Nikita."

Yvonne stood behind Patrick and Margot, sipping her lips in silence.

Chapter 1050 Failed to Play the Emotional Card

"It turned out to be Ms. Dan and Mr. Swift. Nikita said coldly, alienated. "What's the matter?"

Margot and Patrick stiffened by the titles.

“Well Nikita...” Patrick flattered with a smile, “You haven’t eaten dinner, have you? We saw a Chinese restaurant nearby which seems quite delicious. Come with us.”

It’s a well-known restaurant, the Glander Hotel. You’ve been there when you were little, remember?”

“Yeah, you like the dishes there best when you’re little.” Margot knew only Nikita could cure her disease. Pressing her anger, she played the emotional card, “I remembered you liked the shrimp and egg there. The chef stayed at the restaurant. The dishes are still served. Come with us if you haven’t eaten dinner...”

“What restaurant? “I don’t remember.” Nikita interrupted her coldly before Margot finishes, “and, I don’t remember things when I was a child.”

Looking into the girl’s indifferent sight being interrupted, Margot felt embarrassed. At that time, she couldn’t say anything.

At this moment, she can clearly feel that Nikita has no feelings for her own mother.

The way she looks at her is no different from strangers.

Margot thought that as long as she would put down her pride, Nikita would let go of the previous conflicts. After all, she is her own mother. She gave her life.

Nikita can’t really let her own mother die.

If she dares to do such cruel and ungrateful things, the whole society will spit on her!

However, Margot is panicking now.

She dares not be as sure as before.

She was afraid, too.

Nikita is not a person who cares about other people's views and criticisms. If she cares, there will be no "glorious history of her misdeeds.

"Nikita, we're wrong. "We are here to formally apologize to you." Smiling. Patrick said, "We already know that we are wrong, will you give us a chance?"

Patrick said and winked at Margot.

Even if Margot is reluctant she is afraid that Nikita really refuses to treat her. She immediately nodded and said, "Yes, we are wrong. We are here to apologize."

Margot's attitude this time is much better than before.

Nikita said indifferently and emotionless, "It doesn't matter to me. If you want me to treat, you need to pay before I treat you."

"I've told you about my treatment fee before."

Margot and Patrick froze again.

Treatment fee?

Does Nikita really want them to pay 3 billion dollars for treatment?

Where can they get so much money!

They can afford 300 million dollars.

But 3 billion!!!

Margot bit her lips.

“I heard that you only charge 300 million dollars to treat the young master of the Garrett family.”
