

## **The Girl CB 1051**

Chapter 1051 I will do anything!

“I heard that you only charge 300 million dollars to treat the young master of the Garrett family.” Margot almost lose her temper. At the critical moment, she endured it and took a deep breath, “We can’t afford it.”

“Indeed, it is too much,” Patrick also frowned and said, “We don’t have so much money at all.”

Yvonne almost dropped her jaw when she heard Nikita charges 300 million dollars for treatment.

She charges that much?

300 million?

Is she crazy about money?

Even a doctor with the best medical skills can’t earn so much money with one treatment.

She knew that Nikita can treat others. However, it’s the first time for her to know how much Nikita profit.

300 million...

Yvonne can’t even think about this figure.

Even before their family business collapsed, her parents can’t make that much money.

Nikita said coldly. "It depends on my mood whether I give treatments. How much I charge you has nothing to do with how much I charge Corley. I might treat someone for free." "Since you have no money, there's nothing else to say."

Nikita was about to close the door.

At this time, a low voice came across the door: "Niky, dinner is ready, come."

Nikita paused. Sheehan wore dark gray pajamas. He seemed to be just taken a bath. Leaning against the door, he looks elegant but casual,

The man is handsome, Smiling, he slowly walked toward Nikita walked in the past.

Clearly he is a youngster.

But when Sheehan came over, both Patrick and Margot were stunned by his aura. They involuntarily took a step back.

Yvonne was stunned. Seeing the man getting closer, she found her heart beat fast

Sheehan didn't look at other people. He went directly to Nikita and took her hand: "I also made your favorite dessert. It's in the fridge now. Now it tastes just right."

Holding his hand, Nikita raised her brow: "Didn't you say that cold food is unhealthy?"

"You can eat a little, once in a while." Sheehan smiled. "It's Ice cream cake. It will melt if it's not in the fridge."

Two people hold hands and talked as they walk.

When they're passing by Sheehan's room, Yvonne suddenly knelt down, "Nikita, please save our mother! You are the only person to save her. I will do anything for you to save her.

"Nikita, I knew you hate me. You think I took everything from you. And I caused you to stay in the countryside for a long time. If you agree to treat our mother, I'll leave the family. I can return all the things that ought to belong to you."

"Yvonne, what are you doing? Get up, get up quickly!" Margot hurriedly went to help Yvonne get up.

Yvonne refused to get up. Shaking her head, she burst into tears, 'Mom. It's because of me. I can't watch you leave me. Only Nikita could save you. I'll do everything to make you feel better."

Chapter 1052 Then Jump

Patrick was stunned. He walked over to pull Yvonne up.

Yvonne refused to get up.

"Nikita sister, please..." She cried and called Nikita's name, again and again. Tears kept rolling down. She looked pitiful.

Nikita looked at Yvonne indifferently.

"Don't call me sister, I am afraid that I will have no appetite for my dinner later."

Yvonne paused. She stiffened when she realized what Nikita meant.

Nikita said again; "You just said you are willing to do anything for me to treat Ms. Dan?"

Yvonne paused. She's supposed to be talking to Nikita, but she's glimpsing Sheehan, She bit her lip and nodded heavily: "Yes!"

Nikita smiled and pointed to the end of the corridor. She said casually: "If you jump from there. I will promise you."

"Wait what?" Yvonne looked in the direction. It's an open space outside the guardrail She frowned hard.

What's the difference between jumping from there and jumping off a building?

Nikita let her jump from the 33rd floor?

Margot and Patrick frowned. Margot finally couldn't endure her anger. She got blue in the face: "Nikita, how can you be so vicious? If you let Yvonne jump from there, don't you just let her die?"

Yvonne glared at Nikita angrily.

Nikita looked at the reaction of the mother and the daughter, smiling sarcastically: "She said she's willing to do anything."

\*I've proposed my conditions. It's up to her whether she'll fulfill it. I didn't push her."

Yvonne frowned. Before, she refused to stand up. Now, she stood up immediately, glaring at Nikita, "Nikita, you're so cruel We begged you like this, and you refuse to treat out mother?"

"Miss Dan has nothing to do with me. It's out of empathy for me to treat her. It's none of my business if I choose not to treat her. You just claimed you will do anything to save her. How come you didn't fulfill it now?"

"Your filial piety seems to be very limited."

Being satirized, Yvonne was embarrassed: "You want me die!"

“Ah.” Nikita smiled. “Since you’re so filial, you’re definitely willing to exchange your life with your mother’s life. I wanted to let you fulfill your hope. How come you didn’t thank me, but throw your tempers at me?”

“Nikita, you!”

“You can negotiate. 3 billion, or she jumps from here. Don’t say I didn’t give you a chance. I’ve proposed my conditions. It’s up to you that what you’re going to choose.”

Nikita is not interested in them, she shut the door and walked away, arming around Sheehan,

She left Margot, Patrick, and Yvonne frowning outside the door.

After entering the room, Sheehan took out the dessert refrigerated with a spoon.

He handed the dessert to Nikita: “Eat something sweet first. It improves your mood.”

Chapter 1054 Shameless!

“Mom, is Nikita living with that man? But...she’s still s student. How could she...” Yvonne bit her lips, looking embarrassed for Nikita.

Margot and Patrick frowned.

“Shameless!” Margot was very strict with Yvonne and Nathan from an early age. If this happened to Yvonne, she would directly drive Yvonne out of the family. Although Nikita had cut off relations with them, she couldn’t bear the fact that her own daughter was so self-indulgent and shameless.

“What have I done?” Gnashing her teeth, Margot was furious, “Why did I give birth to such a shameless person? I should have drowned her!”

“Mom, sister Nikita, she...”

How dare you call her your sister! Margot cursed. "That kind of shameless person will end up bad! Giving birth to her is the most regretful thing in my life!"

"I'm wrong. I shouldn't come to her. She wants me die. How could she agree to treat me? Patrick, Yvonne, let's go. It's a waste of time to beg this shameless person to treat me!" \*But, mother, what about your illness?" Yvonne frowned, looking at the end of the corridor, biting her lips. "If I jump from there, I can really save your life, I..."

"Yvonne, don't talk nonsense!" Margot was moved to see her daughter standing beside her. She sighed. "How can she let you die for my own life?"

"But..." Yvonne's eyes were teary again.

Patrick is also worried.

Now, only Nikita can cure Margot's illness.

They never thought that Nikita would be so cruel and rude.

Just because they misunderstood her that time, she refused to treat Margot again.

Before, Patrick didn't quite agree with Margot's point of view, but now, he also thinks that this daughter who has cut off relations with them is shameless. She shouldn't have been born at the beginning!

"She's going too far. We've apologized. What does she want? No daughters would hate their parents.

"If she has to do things so resolutely, then we have nothing to fear." Patrick looked gloomy.

Yvonne paused. She looked up at Patrick: "Dad, what are you going to do?"

Patrick's eyes flared: "Don't worry about this. If she refuses to treat your mother, then she will not do any better in the future!"

On the next day...

Nikita slept through two classes in the morning before she took time off to the rehearsal for the piano competition program group.

The rehearsal place is at the M City Radio and Television Station.

Nikita took a taxi. The school was not far from the broadcasting building. It took her less than twenty minutes to change her clothes and go there.

After she got off the car, she saw Hugh wearing a mask and sunglasses, standing at the gate of the building, waiting for her.

Nikita also wears a mask, in black trousers, long black hair and ponytail, looking spirited.

"Boss, you're here." Hugh walked towards her. "Everyone's here. We're waiting for you. Master Malcolm's also here. He came for you, since he didn't say he'll come to the rehearsal.

Chapter 1055 Will he recognize her?

The whole program group were excited today.

They're waiting for Aroma's arrival

Malcolm didn't say he would come to rehearsal before. When he heard that Aroma would come, he came today.

"Boss, everyone is waiting for you. "Let's go in now." When Hugh saw Nikita with a mask, he knew that she didn't want to show her face. Similarly, Nikita also wore a mask when she coaches the RG team.

At her age, she has achieved so many achievements that others may not achieve in their whole life. If people know that she is still in high school, she will cause a sensation all over the world.

According to Nikita's character, she doesn't like troubles most

So she doesn't want her hidden identity to be known to others.

"You said Malcolm came?" Nikita followed Hugh to go in, and pulled the mask up.

"Yeah, Master Malcolm came. "As soon as he arrived, he asked us if you came, so he must have come for you," When Hugh said this, his eyes were full of admiration and worship.

He thinks Nikita is very brilliant

Even the music masters like Malcolm came for Nikita.

Although Malcolm is also very brilliant, it took him decades to achieve such achievements.

Nikita is only eighteen years old now.

He never dreamed of having such achievements at such a young age.

Nikita sipped her lip and didn't speak again.

She doesn't know if old Malcolm will recognize her.

A few years ago, when she was still abroad, she also met Malcolm once.

That was after her concert Malcolm directly found her at the backstage. He wanted to ask her to have dinner together.

At that time, she disguised very well and Malcolm didn't recognize her.

But now...

Nikita is not sure if she can deceive Malcolm.

If let Malcolm know that she and Aroma are the same person, he will sulk for a long time. After all, he looked for her all over the world. She clearly knew this matter, but after meeting him again, she chose to hide her identity.

In the studio...

A group of people are very excited, looking at the elevator entrance from time to time.

"Why hasn't she come yet?"

"Indeed?. Will she come?"

"It's impossible. Huge said he had told Aroma the rehearsal and Aroma would come."

"Be patient. Maybe there is traffic jam on the road."

Malcolm was also sitting in the office, holding a thermos cup, in which small pills given by Nikita soaked in water. He sipped water and sometimes looked toward the elevator.

\*Malcolm, how do you feel now?"

His assistant stood next to him.

He just recovered from a serious illness and didn't have a good rest, But he insisted on attending the rehearsal, Homer was worried about him very much.

But Homer also knew Malcolm came here not for the rehearsal, but for the famous music master Aroma.

Malcolm was so arrogant that few people can be appreciated by him. But he showed his appreciation of Aroma in public for many times. He said Aroma was the only one he

appreciated.

Her biggest wish in his life was to co-create a song with him.

For this reason, he also flew abroad to see Aroma's concert by special plane and make an appointment with him. However, Aroma refused his invitation.

Chapter 1056 Aroma is like Miss Swift.

Homer remembered this clearly.

After being rejected by Aroma, Malcolm had been upset for half a month, as if he suffered from a heavy blow.

But even though he was hit, he also wanted to find Aroma again. But later, Aroma left St. John's College of Music.

It was several years before Aroma appeared again.

Aroma came to M City this time. Malcolm won't give up this chance to meet Aroma.

"I'm fine." Malcolm looked at the elevator entrance again. After seeing the elevator door open, he was obviously excited and stood up at once.

It was Huge who came out first.

After a few seconds, a slim and tall figure slowly came out of the elevator.

All people's eyes fixed on that figure.

"Is that Aroma?"

"Is it said that she's in her forties? But she looked so young."

"She is. She always wears masks. But her figure and skin show she is a young girl instead of a middle-aged woman."

"She may be just good at skin care. How can a young girl be so capable? \*

Most people in the office were men.

They usually said women liked talking about gossips, but they were doing the same thing together as women now.

Seeing Nikita go out of the elevator, Malcolm turned stunned.

Homer standing aside also got shocked.

"Boss, why do I think Aroma looks familiar?"

Homer stared at Nikita. The longer he looked at her, the more familiar he felt. Suddenly, he widened his eyes and almost exclaimed. "Boss, do you think that Aroma is like Miss

Swift?"

HE

Homer finally knew why he felt that Aroma looked familiar.

Her height, figure, disposition and even ponytail are completely the same as Nikita.

But Homer thought this was impossible.

How can Aroma be Miss Swift?

Aroma is an internationally renowned music master, and her international status is even higher than that of Malcolm.

Even she is very talented in music but she can't be Aroma.

"Do you also think she is like Niky?" Malcolm stared at Nikita and had the same feeling as Homer. "I think so. But I once met with Aroma, whose voice was mature, at least

over forty years old."

When Homer talked with Malcolm, Nikita has entered the workshop.

A group of people scrambled to shake hands with her.

“Welcome, Aroma.” “Please sit down.” The chief in his fifties was in charge of the program group. Seeing Nikita come out of the elevator, he immediately walked over with a group of people.

“I am the director of the program group. My name is...” Then another man quickly walked to Nikita and reached out to her friendly.

Nikita also reached out her hand to shake hand with the man. Then she said politely. “Hello, Director.”

As soon as she spoke, a group of people around her got stunned.

Young as her figure and disposition were, her voice was quite mature.

Chapter 1057 Will Aroma refuse him again?

Her voice was magnetic, mature and distinctive.

Quite impressive.

Huge was also shocked. After all, he knew Aroma was Nikita.

Can she change her voice?!

He was blown again.

Hearing this voice, Homer immediately dispelled all his previous guesses.

She will definitely not be Miss Switt.

Miss Swift’s voice is clear and ethereal, and it will not be so low or mature.

But Aroma's height and figure is indeed similar to Miss Swift.

But her voice shows their difference.

"This voice is quite different from Miss Swift" "However, other aspects are really similar." Homer stared at Nikita again. "When this master just came out of the elevator. I thought it was Miss Swilth

Malcolm was thinking about something, his eyes fixing on Nikita, saying nothing.

"We are all very honored to have you here to be a judge of the competition. The chief led Nikita in.  
"Please sit down. What would you like to drink? Tea or coffee?"

"I don't..."

"You have been living abroad and should be used to drinking coffee." Before Nikita finished speaking, the chief ordered a staff member. "Wilbur, go to make a cup of coffee for Master Aroma. Use the coffee beans in my cupboard."

She doesn't like coffee

But for the sake of his enthusiasm, she doesn't say anything.

"Look at your treatment..." Huge stood beside Nikita and lowered his voice in her ear. "Of all the people here, except Malcolm, only you have such treatment."

When she was about to say something, a steady and powerful voice came. "Master, we meet again."

Malcolm came to greet Nikita.

She raised her head at Malcolm calmly. "Hello."

“How is everything going?” Malcolm smiled.

“I’m fine. Thank you for your care.” Nikita didn’t expose herself, her voice also calm.

Malcolm looked at her, sighing. “I always wanted to cooperate with you, but you once said you were not interested in it. And now, I’m still longer for our cooperation. Do you change your mind?”

When he said, everyone looked at him.

Many people knew that he was once refused by Aroma.

Including these people present.

Because of this thing, many netizens satirized that Malcolm was a good music master in A country, and he pursued the cooperation with a foreign musician. Finally, he was rejected, which was a disgrace for the people of A country.

He was refused once. But he actually still wanted to cooperate with Aroma?

Will she refuse him again?

If he is rejected by her again, it will be too shameful

After Malcolm invited, everyone was waiting for Nikita’s reply.

Malcolm was also waiting.

Chapter 1058 He doubts her identity.

Nikita didn’t reply immediately. After a moment of silence, she said, “Sorry. I have no such idea.”

He was rejected again.

Malcolm didn't reply, but the surrounding people felt shameful for him.

Malcolm was also an excellent musician who usually refused others. But he was rejected twice now.

It was quite embarrassed.

Aroma really didn't give him face.

Everyone thought that Malcolm would definitely turn livid or leave angrily, but he still smiled, not angry at all.

"Now that you don't want to cooperate with me, just forget it." "Let's talk about it later."

Nikita nodded.

"Forget my invitation now," said he. "But I wrote a music score. Can you give me a few tips?"

After a moment of silence, she said. "Fine."

Malcolm said with a smile again. "Then after the rehearsal, let me treat you."

"I remember you're not from M City."

"I'm not. But I'm from A country." You came to my country. Is it quite normal for me to show my hospitality?"

Why does she think the old man did this on purpose?

The chief was also going to treat her after the rehearsal but Malcolm invited first.

After the rehearsal it was almost time for dinner.

Nikita walked out of the office building with a group of people.

Homer drove the car out, and Malcolm opened the door and made an invitation posture for her.  
"Master, I have ordered a private room in the restaurant. Please get on the car."

Nikita got on it silently after nodding.

Later, Malcolm also got on the car.

Homer was in the front, and Nikita and Homer sat in the back row.

After getting on the car, she sent a message to Sheehan, asking him to eat by himself at night.

Sheehan replied quickly: When will you finish eating? I pick you up.

Nikita: I can go back by myself.

Sheehan: Ok, be careful I'll go back late. I put a dessert in the fridge, and you can enjoy it if you like.

Nikita: Fine.

They arrived at the place.

There was a waiter at the door. After they got off the car, a man who looked like the manager came forward with a respectful attitude. "Mr. Evan,"

Then, he cast a curious sight at Nikila and didn't know how to call her.

Obviously, Malcolm would cater for someone tonight here.

Will the one he treats be the girl who looks young?

Malcolm saw his doubts and introduced her to him, "This is Aroma, a famous musician."

The manager turned so shocked.

Aroma?

That famous music master in the world?

Why does she look so young, like a little girl?

Although wearing a mask, she still looks young.

Her eyes, which are not covered by masks, obviously belong to a little girl, which are quite watery, beautiful and full of aura.

"Miss Aroma." The manager greeted respectfully, though he was still doubtful.

Chapter 1059 Tests

The waiter led them to the private box.

After they sat down, Malcolm asked the waiter to give him a menu and then passed it to Aroma, saying gently. "What do you like? Order some dishes by yourself."

Nikita didn't receive the menu. "I am not familiar with the food here, so you do."

She pretended well

Malcolm pinched the menu, staring at her for seconds, and then smiled. 'Fine. There are some good specialties. Now that you come here, you have to try them.'

Malcolm ordered dishes quickly and then returned the menu to the waiter.

The restaurant served the dishes quickly after they ordered. Waiters held several dishes to the box.

After dishes were put on the table, Nikita found that all of these dishes were her favorite.

Braised pork ribs, spicy chicken, boiled beef, etc.

People in M country prefer mild food. Aroma, as a person who has been living there, is definitely not used to eating too spicy food.

Malcolm must know this.

Even if the food culture of M City is different from that of M country, it is impossible for Malcolm to order so much spicy food to entertain a person from M country.

Actually, there are many mild dishes to order.

Moreover, the people of M City don't like spicy food. But Nikita likes spicy food. Sheehan is a native resident, but he doesn't like it.

Malcolm himself can't eat spicy food.

So, he ordered this table for whom?

Nikita felt that Malcolm was testing her.

He may already be suspicious of her identity.

"Aroma, have a try." Like a fox, Malcolm smiled. "These are specialties of M City. Have a try." "Oh, can you eat spicy food? If you can't, I'll order something new."

Nikita felt funny, smiling. "I can eat something spicy at ordinary times."

"Whew." He said with enthusiasm. "Come on. We're actually old friends, so be as comfortable as you can."

Then more dishes were served.

They are still those she usually likes eating. Nikita was not sure that Malcolm was suspicious of her identity at the beginning, but now she is quite sure.

He is suspecting her.

But Nikita didn't starve herself because of his suspicion. Instead, she enjoyed these dishes, even eating more in face of those she preferred.

Malcolm saw her ate more braised ribs and spicy chicken than others, and he smiled meaningfully.

Malcolm standing behind Malcolm also staring at Nikita thoughtfully.

Malcolm ordered what Miss Swift usually liked tentatively.

And Aroma who has been living in M country actually can eat these spicy food, as if she was quite used to it.

After dinner.

Malcolm took out his score that he has already prepared. "Aroma, have a look at this score." "I think it lacks something, but I don't know how to modify it."

She received it. After reading it, she turned to ask for a pen from Malcolm. "Do you have a pen?"

Chapter 1060 Tests

"Yes." Homer took a pen out of his briefcase and handed it to Nikita.

She put the score on the table and made some modifications on it.

Minutes later, she handed it to Malcolm. "Your score is quite good. I don't know what you think is lacked. So I modified it according to my understanding. If you don't like my modifications, you can ignore them,"

She revised quickly.

Within five minutes.

Malcolm thought she was perfunctory for she finished so quickly. But after he received the score, he turned shocked and appreciated.

He raised his head after reading it, saying surprisingly, "I finally know what it lacks. It's emotion, It's quite good. You modified quite properly."

At this moment, Malcolm was convinced.

There were always people in the international music circle to compare him with Aroma in their musical attainments,

Malcolm always cast a blind eye to such comparisons.

He was a very proud man. Although he also appreciated Aroma, he didn't think she was more skillful than himself.

But now he has changed his mind.

He finished this score a long time ago, but he always felt dissatisfied about its integrity.

He has revised it many times, but he still can't get the perfect one.

But Aroma solved his problem by changing his score with small modifications within five minutes, bringing a completely different score to him.

It's much better than before.

She didn't change much, just adding few marks, which looked like a simple job.

Laymen thought it was simple, but his peers knew how skillful it was.

At this moment, Malcolm was quite convinced.

He had to admit Aroma was more skillful than him in music.

“You’re quite powerful,” Although Malcolm was arrogant, as long as she can convince him, he will not hide his appreciation and admiration. “No wonder you will refuse to cooperate with me. At my current level, I am really not qualified.”

Hearing Malcolm’s words, Homer looked toward Nikita surprisingly.

She even can let Malcolm say these words. How excellent she can be!

Nikita was still calm. “You’re modest.”

Malcolm smiled, without relorting.

Whether he is modest or not, he actually knows in his own heart.

He sent Nikita out.

She refused his proposal to send her back and took a car by herself.

After she got on the car, Malcolm asked, “Do you still think Aroma and Miss Swift are the same person?”

Except for the sound, they were the same in other aspects.

Originally. Homer thought it was impossible.

But Nikita was not an ordinary person.

She can operate on Malcolm personally when she was a teenager. Why can’t she become a professor at St. John’s College of Music as well as an internationally renowned music master when she was a teenager?
