

The Girl CB 1061

Chapter 1061 She begged Cathleen.

If Nikita is Aroma, she is definitely the most qualified person to take over the head of the Evan School.

At that time, there will never be any objection

At present, others think she is not qualified to be the head.

“But if they’re the same person, she obviously doesn’t want us to know her true identity.” “If she doesn’t take over the Evan School as Aroma, many disciples will not recognize her.”

Although Malcolm announced that he would pass the Evan School on to Nikita, many disciples did not recognize her as their head at all. Now, because of this, all the disciples petitioned Malcolm to change the head.

Malcolm would certainly not change the head.

But the disciples’ petition also made him upset.

Although he was the leader, if his disciples made trouble, it was impossible to completely ignore their opinions and ideas

Malcolm also thought of this, frowning “It’s also an issue. Forget it. Let’s make a new decision when it’s time to do so. Maybe we make a mistake Aroma and Niky aren’t the same person.”

Homer hesitated “Do we need to investigate Miss Swift?”

Malcolm immediately vetoed this proposal. “No. Otherwise, she wouldn’t accept the Evan School anymore. I make many efforts to make her accept the position. I can risk this”

Given Nikita's disposition, Homer also thought his proposal was hasty.

They can only take one step at a time.

However, no matter whether Nikita was Aroma, Malcolm will definitely not change his decision.

The next successor of the Evan School can only be Nikita.

As usual, the Swift family was shrouded in the low pressure.

Nikita refused to cure Margot again. Margot's only wish was broken, so she was upset. The maids were always breathless and walked on tiptoe. fear of making any sound.

In the living room, Margot's eyes were red and swollen.

"Mom, Will I have to wait for death." "But I don't want to die. I don't want to die" Margot roared out of control, being on the verge of collapse.

She screamed and grabbed Cathleen's arm lightly. "Mom, help me. I really don't want to die!"

Even if she was reluctant to admit the truth, when she really came to the moment of death, she was unwilling to die.

She doesn't want to die. She wants to live.

So she can only turn to Cathleen for help.

The Swift family can't take out three billion dollars.

But Cathleen should be able to take out it. She only has one daughter, so she is certainly reluctant to watch her die.

“Mom, please save Margot.” Patrick knelt down on the ground. “I’m incompetent. I can’t take out such a large sum of money. I can’t save Margot. You can scold and beat me. But Margot is your daughter. If you can’t save her, nobody can help her.”

Cathleen looked at Patrick expressionlessly. “Niky was willing to cure Margot freely, but how did you treat her? She is disappointed in you now. and you beg her again. I really don’t know what to say.”

Chapter 1062 She always stands up for the right party instead of her relatives.

“Mom, we know we were wrong” Patrick looked ashamed. “We also apologized to her. I hope she can give us a chance to correct it. But she...

“She’s unwilling” sneered Cathleen. “Of course she’s unwilling Everyone who has her pride will not pretend that nothing happens after she is insulted and doubted”

“If she doesn’t mind, she must be a fool. She is so proud. She’s polite for she was still willing to meet you and didn’t drive you away. If I were her, I would haven’t given you a chance to see me ”

Margots and Patrick’s faces suddenly turned embarrassed.

Margot was angry “Mom, you didnt see her many times, and she didn’t recognize you as her grandmother. Why do you stand up for her?”

Cathleen googled at her Talways stand up for the right party instead of my relatives. You’re so immoral. How can you hate others scolding you?” “What did I do immorally? Margot gnashed her teeth “When she was abducted, Patrick and I blamed ourselves for several months. During that

time, we were looking for her outside from morning till night.”

“We spent a lot in finding her Although she was missing for our mistakes, what we did later was also great in my view”

Cathleen looked at her daughter who still didn't realize her mistake, her eyes full of disappointment. “You brought back a girl who is not associated with you. Your own daughter still suffered in the village, and you didn't bring her back, only for you thought she was disgraceful and would lose your face So even though you found her, you still ignored her. You cherished a strange girl but disliked your biological daughter”

“Is this what you call 'great'?”

“If the master didn't tell you that Niky can change your family's fate, would you bring her back?”

“I'm afraid that you will continue to ignore her and never recognize her ”

Margot and Patrick changed their faces instantly

How did Cathleen know these things?

How did she know they had already found Nikita.

How did she know about the master?

Did Nathan tell her?

“Mom, I...” Patrick still wanted to defend.

Cathleen cast an indifferent look at him.

Suddenly, as if he choked, he can't make a sound anymore.

Cathleen looked at the couple coldly in an emotionless tone. "I know clearly how you treat Niky. No matter whether she recognizes me, I'll recognize her."

"I'll pay for your medical fee. Anyway, the three billion is given to my granddaughter. As long as I have, I'm willing to give her more."

Chapter 1063 She turned jealous.

Margot was happy to hear that Cathleen was willing to pay the money, but she turned livid after Cathleen said

She now seriously suspected whether she was Cathleen's real daughter

Cathleen treated Nikita better than she did to her

Although Cathleen promised to take out the diagnosis money for her, she still felt annoyed instead of being grateful

She couldn't help but think is it because of her or because of Nikita that she is willing to take out the large sum of money?

At the gate

Yvonne came back from school and happened to hear what Cathleen said,

She was surprised at first, and then she became livid.

She knew Cathleen was rich.

Cathleen was born from the Garrett family, and Old Mr. Garrett was her cousin. They have been intimate since childhood, even closer than those

ordinary cousins.

Even after the family was separated, and Cathleen moved out of the with her parents, doing their own business, her family also developed well

Although it can't compare with the Garrett Group which was flourishing it still earned ich money.

Later, Cathleen took over the company from her parents' hands, and she expanded it with business acumen Several properties developed under her name had a very good reputation inside and outside the industry.

So Yvonne knew that Cathleen was very rich a long time ago.

But she didn't expect she was so nich

Three billion seems a small sum of money.

She once tried her best to stay in the Swift family, thinking it was noble enough.

But now che discovers that compared with these real noble families, the Swift family is nothing.

The Swift Group is worth far less than three billion dollars.

But for those who are really rich and powerful, this figure is just a small number.

Yvonne finds that she underestimates Cathleen's wealth

Her nominal grandmother is much richer than she thought.

She would better flatter Cathleen instead of Patrick and Margot.

But thinking of that Cathleen refused to recognize her as her granddaughter in public at the banquet on that night, which made her lose face, Yvonne felt resentful in her heart.

Unlike Patrick and Margot, Cathleen is not easy to flatter

What she did to them is useless to Cathleen.

But Nikita that bitch can get Cathleen's recognition without doing anything.

Yvonne can't help feeling jealous when thinking of this.

Why all the luck is encountered by that bitch?

She just took a little from that bitch. God is so partial to make up for her so much.

The ruler of the Lambert family, whom all women dream to marry, is now in a relationship with that bitch.

Even if Sheehan just plays with that bitch, she earns a lot for she can have a relationship with a man with such power

What's more.

He is so rich and generous. He must give her much money after they break up.

Anyway, that bitch will not be at a loss.

Yvonne kept resentful at the door for a while before stepping into the house

Chapter 1064 You need to pay back sooner or later.

After she approached, Zoey who served the tea saw her and greeted. "Miss."

Reminded by Zoey, others also saw Yvonne.

Patrick stood up from the ground. Seeing Yvonne, he felt embarrassed.

He just knelt down to Cathleen.

"Ahem, Yvonne, you are back." Patrick touched his nose, smiling wryly. "Your grandmother is here. Come to greet her."

Yvonne immediately showed a lovely smile, walked over and looked at Cathleen, greeting, "Nanny."

Cathleen raised her head expressionlessly. "Don't call me so intimately. You're not my granddaughter. I have only one called Nikita.*

Yvonne's face turned livid right now.

She clenched her lips, pinching her fists tightly, and looked at Cathleen's eyes full of disgust. She felt as if she had been severely slapped and humiliated, with a sense of anger and shame.

Just like that night at the Lambert family, so many people saw she was humiliated and driven away.

She lost her face and became a joke in everyone's eyes

She felt the shame that made her want to dig a hole to hide again.

“Mom, what are you doing?” Margot didn’t understand why Cathleen was always prejudiced against Yvonne. This daughter was excellent, sensible and pleasing. Cathleen should like her.

But from the first time she saw Yvonne to now, her attitude towards Yvonne has been very cold.

It is a prejudice.

Cathleen even likes Nikita.

If it weren’t for prejudice early at the beginning, how can she dislike Yvonne?

‘Mom, Yvonne’s my daughter. She is your granddaughter. As for Nikita, she has broken up with us. She is not a member of the Swift family.’

“So what?” Cathleen smiled indifferently. “You’ve broken up with her, but I don’t. You want to see this one as your daughter. It’s your business. My decision is none of your business.”

After saying this sentence, Cathleen stood up and looked at Yvonne significantly. “There is a saying goes, ‘a clever man is misunderstood by his cleverness. Crafty men always don’t have a good ending’

“God arranges the life for everyone. You can take something that doesn’t belong to you for a while, but you can take it forever. You need to pay

back sooner or later.”

Cathleen said gently.

But Yvonne was blown, and her face turned white in an instant.

She looked at Cathleen in consternation and panic.

Cathleen stepped forward, warning Yvonne in an extremely low voice that can only be heard by them two. "Little girl, don't grab or steal something that doesn't belong to you. If you did, you should pay for it."

Yvonne goggled at her.

Cathleen...

Moments later, Cathleen left the Swift family.

Standing in place, she clenched her lips, her face pale, her body trembling.

What did Cathleen mean just now?

Has she found anything?

She once doubted her and said she would investigate the truth.

Chapter 1065 Margot starts to suspect her.

She must have found something. Otherwise, she wouldn't have said that.

Yvonne turned more panicky, her face paler.

A somewhat cold hand pressed on the back of her hand. She was shocked and lowered her head to look.

"Yvonne, don't take those words seriously. Margot saw her pale face, thinking she was hit by Cathleen's words, and comforted her. "She just misunderstood you"

"You are a clever, sensible and obedient child. When she gets to know you slowly, she will definitely like you."

Yvonne bit her lips tightly. Tears emerged from her eyes. She choked. "Mom, Dad, I really don't know what I did wrong." "Is it because I'm not your real daughter that she is unwilling to recognize me?"

"Nikita and Brother are your biological children, and Grandma likes them very much."

"If it is due to this, no matter what I do, Grandma won't like me or won't be willing to recognize me."

"Not because of this." Margot drew a piece of tissue and wiped Margot's tears while frowning. "She misunderstood you, so she was always unwilling to accept you"

Yvonne cast a curious and incomprehensible look at Margot, her eyes red. "Mom, what misunderstandings did Grandma have? I really don't know what I did wrong and annoyed her"

"Can you tell me? If I'm wrong, I will change at once."

Margot hesitated for a moment. She looked at Yvonne, whose face was pale, and her eyes were red and swollen. She thought of what Cathleen said at the beginning and Yvonne's strange behavior and words she said to them that day. She never had any doubts about this clever and obedient daughter, but suddenly she began to suspect her of previous things.

It was Patrick and her that made mistakes so that they thought Yvonne was their daughter and took them back.

But were they really not suspicious of Yvonne's identity?

No

She still remembered that after they found and saw Yvonne at first sight, they felt her appearance was not like them.

But at that time, they didn't think about it carefully. They only felt that it was because their daughter suffered in the countryside and because she, grew up that her look changed.

After all, Yvonne at that time was emaciated and dressed in rags. They felt distressed at that time. Even if there were some doubts, it was only moment, and they didn't go deep into it.

Although their daughter was not so similar to when she was lost, the outline of her facial features was somewhat similar.

Coincidentally, although they found the wrong person, Nikita and Yvonne did look quite similar.

If they were completely different, they would not take her back.

In addition, after seeing them, Yvonne knew that they came to pick her back, so she was very close to them, calling them Dad and Mom. They only wanted to bring their daughter back quickly, so they didn't

think so much about other things.

Yvonne said that she had amnesia and couldn't remember the previous things, so they thought that she was frightened because she was abducted, and didn't doubt anything else.

For them at that time, it didn't matter if their daughter lost her memories.

Chapter 1066 Her Denial

The important thing was to find her.

Even if she forgets the past, it doesn't matter

But what if Yvonne didn't lose her memory at that time?

What if she lied to them?

Thinking of such a possibility, Margot's eyes suddenly sank and clenched Yvonne's hand.

"Ouch..." Yvonne frowned due to pain.

"Yvonne," said Margot in a deep voice, holding her tightly and staring at her. "When your father and I found you and asked whether you remembered the past, you said you forgot."

"You have been back to the Swift family for so many years. Have you ever remembered it again?"

When Yvonne was brought back, Margot once wanted to find a doctor to restore her memory.

Patrick said it was unnecessary, and it was also a good thing for her to forget those things. If she remembered that she was abducted, it would scare her.

She thought what he said was reasonable. Yvonne was still little when she was abducted, losing her memories had no impact on her. So she didn't bring her to see the doctor.

In the following years, they didn't ask Yvonne if she recovered.

"Mom, why do you suddenly ask this?" Yvonne blinked nervously, pinching her nails into her palm and desperately restraining her inner panic and

uneasiness

Margot still stared at her. "You was also abducted. Are you curious about your biological parents in these years? Do you really forget them?*"

Patrick looked at Margot in consternation and didn't understand what she meant.

Why does she ask this?

Yvonne lowered her head, but she could feel Margot was staring at her. Her eyelash vibrated quickly, and she bit her lips heavily so that blood oozed from her lips.

Her mind went blank for a moment.

For a long moment, she couldn't say a word.

After she was taken back to the Swift family by them from that remote mountain village, this was the first time Margot asked her biological

parents.

Does she...?

Does she also begin to suspect her?

Yvonne was so panicky. "Mom, I didn't think of these things. Dad and you are so nice to me. How can I think of my biological parents? I forgot what happened when I was abducted."

"You forgot all?"

Yvonne shook his head. "Yes,"

She doesn't know if Margot believes her words. After a few seconds of silence, Margot nodded. "Well, I just asked casually. It's nothing if I don't remember. Go upstairs to change clothes and then eat dinner."

She gave a low "Yes", clenching her fingers and biting her lips.

Then he turned around and walked upstairs slowly.

Her back and steps looked stiff, and she walked slowly step by step.

After Patrick saw her up, he turned to ask Margot in a low voice. "Why do you ask this? Are you suspicious of her?"

-Margot didn't answer her.

"You think Yvonne lied to us?" Patrick frowned, "Margot, Mom didn't know Yvonne, so she was suspicious. But Yvonne has been lived with us for many years. Haven't you known her well?"

"She was still young at that year. How can a little girl be so crafty?"

Chapter 1067 We still count on her to win glory for us.

Margot kept silent, recalling the detail about Yvonne. She also felt she thought too much

a bit crafty, and she treated them by means of some tactics.

Margot knows all this

When girls grow up, they will have such thoughts more or less, which is a very normal thing.

But when they brought

r back, she was only six years old.

She thought

was impossible that Yvonne was crafty at that time.

“Well, I think too much” Margot quickly dispelled her doubts about Yvonne, She said with a little guilt,
“You are right Yvonne grew up with us. She has always been very obedient

Patrick walked up to her and patted her on the shoulder “Yvonne I attend the competition soon, and the joint entrance examination is coming. At this juncture, we should not

ssure on her to affect her performance ”

or us. After she goes down, you comfort her

Margot nodded and regretted suspecting

just now

She set store by Yvonne’s piano competition and the joint entranc examination. The Swift family counts on her now. After she wins a prize in the competition and goes to Peking University they can bring her to the Lambert family

As long as she can make Sheehan

The next afternoon

After school,

fancy to her, the Swift family will have a lifetime of splendor and wealth

walked out of the classroom and received a phone call from Sheehan

"I can't have dinner with you tonight

have to sign a

to have dinner with his business partners who h

tonight. You can eat some first. After I come back, I'll cook for you" Sheehan was about

appointment with a month ago. When her school was over, he called her

They have been staying together recently doing something intimate. The contract they sign tonight is important and impacts on the future development of the Lambert Group Otherwise, he would change the time of the dinner

In the past, he only thought about work

Now he, in addition to work, just wants to stay with Nikita in the rest of the time.

When he said to her, his voice was so gentle and outrageous, which was quite different from his image when facing subordinates in the company. Completely opposite

Vernon came to the dinner with Sheehan together tonight

Sitting on the passenger seat and listening to the gentle voice from the back, he cast a glance at his boss who was calling his girlfriend and looked back at the driver who had the same feeling as him.

They silently looked at each other for a few seconds, and they all saw incredible from each other's eyes.

Since their boss had a girlfriend, Sheehan really changed a lot.

If they didn't see this scene personally, they would not believe that he can be so gentle and patient.

However, this side will only be displayed in front of Miss Swift.

As for others, Sheehan had the same attitude towards them as before.

For example, he was always indifferent to Miss Garrett

Chapter 1068 You Investigated me?

After Nikita hung up the phone, a black Bentley pulled over in front of her.

After the car stopped, the driver got off it to open the back door for her.

Nikita turned to look at the person getting off the car coldly, still pinching her phone and clicking on the screen.

The person who got off the car was Cathleen

As soon as she saw this black Bentley, she knew who was sitting in the car.

She once saw the license plate number hanging on the black Bentley before, so she remembered it.

"Niky Cathleen was a very serious person at ordinary times, with few smiles on her face, but when she was just like an amiable grandmother.

She called Nikita intimately. "Niky, can I borrow some time from you? Just minutes, I won't bother long"

Nikita didn't speak.

Cathleen smiled and said in a gentle voice "If you don't have time, then get on my car? I just want several minutes."

Nikita saw her amiable smile and heard her gentle voice. After a moment of silence, she nodded. "Fine."

In fact, she doesn't dislike Cathleen

On the contrary, when she sees her nominal grandmother, she has an indescribable intimacy

Probably because she looks like Cathleen

Seeing an old woman who looks like herself, she feels cordial. In addition, the old woman is her grandmother and has a kinship with her.

On appearance, Nikita was even more like Cathleen instead of Margot

Nikita didn't like Margot, because Margot didn't like her, so she won't pay her affection.

But she can feel whether Cathleen likes her or not

She can feel Cathleen's kindness.

So she didn't refuse Cathleen's request.

Twenty minutes later, the black Bentley pulled over the Germy Hall

The driver opened the door and stepped aside respectfully

Nikita saw that Cathleen took her to the Gergy Hall She pressed her lips and then followed Cathleen.

“This restaurant is the best and most tasty private one in M City If we want to eat here, we have to book in advance, no matter who we are ”

Cathleen saw Nikita staring at the plaque of the Gergy Hall and thought that she was curious, so she introduced it to her. “And whether to accept the reservation depends on the chef’s time and mood”

“I booked it half month ago. I’m so lucky to have a table soon. It is said someone needs to wait for year or two”

Theard that you love dessert, and the dessert here is a must”

After listening to Cathleens introduction, Nikita turned her eyes from the antique plaque to Cathleen. She was smart and suddenly got another meaning in Cathleen’s words.

“So you booked it half a month ago to invite me over for dinner?”

Cathleen did not hide her intention, nodding directly. “Yes.”

“You investigated me?” Nikita narrowed her eyes.

“It can’t be said to be an investigation.” Cathleen smiled warmly. “As a grandmother, I just want to know about my granddaughter.”

Chapter 1069 Her granddaughter is powerful than her.

In face of Cathleens gentle eyes, Nikita didn’t know how to react.

Cathleen just showed her affection naturally

“Mrs. Garrett At this moment, a man’s voice sounded behind him

Nikita looked and saw the manager of the Gergy Hall walk towards them.

When the manager approached, he saw Nikita and then greeted her respectfully. “Miss Swift”

Nikita was the special customer of the Gergy Hall.

The so-called special customers had some privileges.

For example, they didn’t need to book the room in advance and wait for the arrangement when they wanted to eat here.

Nikita doesnt need to do so

She can come here at any time and enjoy all dishes freely.

Seeing the managers respectful attitude to Nikita, Cathleen was surprised. “Have you ever been here?”

Yes, I have been here for several times”

The manager smiled. “Miss Swift is one of our regular customers. Miss Swift, you should have informed us early when you are going to eat here, so we can prepare for you”

Cathleen kept silent for a long time, as she looked at Nikita and then the manager.

She knew that Nikita was very interested in eating, so she specially booked a table in the Gergy Hall. She was still happy for getting the table early, but she didnt expect Nikita has been a frequent visitor here

Thinking that she just said how difficult it was to eat here, Cathleen kept silent.

Moments later, the manager took them to a private room

The manager pushed open the door for them. "Mrs. Garrett, Miss Swift, please come in."

The room was so big

It was not the first time for Cathleen to come here, so as soon as she walked into the box, she knew that this box was not the ordinary box she

booked before

It was at least twice as big as ordinary private rooms, and its inner decorations were also better.

At first glance, it was different from ordinary rooms

Cathleen didn't ask the manager why he brought them here. It is impossible for employees here to mix the ordinary box and the VIP box. Since the employees doesn't make a mistake, there is only one possibility

This box is specially arranged for them.

As for why he changes the room for them, there is a reason.

Cathleen got the reason when seeing her granddaughter walking beside her.

Her granddaughter is powerful than her.

"Mrs Garrett, Miss Swift, I'll go out first." The manager called two waiters and then left.

The water came with the menu.

Cathleen said to Nikita with a smile. "You order. You are a frequent visitor here, and you must know which dishes are delicious."

"You'd better order it. You may not like what I like." There was a cup of lemon water on the table, and Nikita sipped it

"I'm not picky about food" Cathleen handed the menu to Nikita. "You order what you like."

So Nikita ordered a few dishes, and then gave the menu to Cathleen.

Cathleen also added some and handed the menu back to the waiter

"Please wait a moment." The waiter walked out of the box with the menu.

"Mrs. Garrett, let's get the point."

After the waiter left, Nikita took a sip of water and asked impatiently. "Nothing in life is free. What's up?"

Cathleen smiled. "Your disposition is similar to mine. You're right. I found you for something."

"You want me to cure Margot?" said Nikita in a cold tone, "If you want to talk about this matter, there is no way."

Chapter 1070 I make the deal.

Cathleen looked at Nikita more amiably.

Nikita is her real granddaughter, for Nikita's disposition is really similar to when she was young.

Her daughter is not like her at all, which made her upset for a long time.

But her granddaughters look and disposition are very similar to hers.

This is probably called atavism

"Niky, you are so clever that you must have guessed what I came to you for," said Cathleen. "Margot said, only when she pays three billion dollars will you be willing to treat her"

"I will give you the medical fee" said Cathleen. Then she kept silent for a while and sighed, "Niky, I know you have suffered from grievances, so I can understand that you are unwilling to treat her. But..."

Cathleen observed Nikita's look, saying helplessly. "She's my only daughter. Although she lets me down, I can't leave her alone. Other doctors can't cure her. Only you can save her life now."

Cathleen felt it hard to say these words, and she also felt somewhat embarrassed.

It took a long time to finish saying these words.

Although Cathleen can pay for three billion medical fees, she also knows very well in her heart that Nikita is not a greedy person.

Nikita offered the price just because she didn't want to cure Margot.

It's just an excuse to reject Margot

So if she pays for the medical fees, she will force Nikita to do what she is unwilling to do.

Therefore, Cathleen felt sorry in her heart.

But Margot is her daughter. Although Margot is not good enough, Margot is still her daughter, and she can't watch her daughter die.

She can only choose to force Nikita.

Nikita listened to Cathleen's words, still with a cold look at Cathleen. "It seems that Ms. Swift is lucky, for she has a mother who you are willing to

pay for her."

"OK, since you are willing to pay for this bill, I will take this business."

Cathleen loosened her fingers on the cup with relief and said with guilt. "Niky, I am just an ordinary mother, L.

"There is no need to explain to me." Nikita said in a light tone. "I just need the medical fees."

Cathleen pressed her lips. She can't figure out whether Nikita's angry or not from her expressionless look.

She thought for a moment and took out her mobile phone. "Ill ask someone to the bank to transfer the money immediately. If I want to transfer 3 billion at once, you may have to wait. If you are not in hurry, then..."

"I'm not in hurry." After drinking half of the lemonade in the cup, Nikita put the cup back on the table. She supported her chin with one hand, and her voice was calm. "You don't have to pay now. After I cure her, you pay for the bill."

Cathleen was about to call her assistant, when she heard Nikita's words, she put her mobile phone back.

It is not a simple matter to take out 3 billion dollar cash.

Fortunately, Nikita doesn't ask for it at once.

"When can you start the treatment?" Cathleen thought of Margot current situation and turned anxious.

"When I'm available." said Nikita slowly.

'I'll inform her."

Cathleen didn't dare to push her.
