

The Girl CB 1191

Chapter 1191-Because next, Nikita talked about the five multiple-choice questions she just checked.

“Your last three answers are correct.”

“Niky, you...” Tammy was stunned. It took a long time for her to come to her senses.

Since it is the right answer, the basic content of each question is of course remembered.

However, it is not possible for ordinary people to remember the options of every question clearly.

This requires a super-vast capacity of working memory.

Nikita didn't explain too much. She continued to explain the ideas of each question to her. After speaking, she looked at Tammy and asked: “Can you understand me when I say this?”

Nikita explained in a way that she thought was the simplest and easiest to understand.

However, she is still not sure if Tammy understands.

“Tammy?” Nikita shook her hands in front of Tammy.

“Yea...yeah!” Tammy finally came to her senses. She was very excited, “Nikita, I get it! I get it! I understand every detail of the questions.”

“Niky, you are brilliant! Did you finish the last two questions?”

Not only Tammy couldn't do the last two big problems, but even the girl said they were very difficult and didn't know how to solve them at all.

Nikita's phone buzzed.

She took it out and saw that Sheehan was asking her if she had finished the exam. After she returned the information, she looked sideways at Tammy: "Yes."

"You finish the last two big questions?" Tammy widened her eyes. "Nikita, so did you finish the whole test in half an hour?"

She thought that Nikita slept on the table so early because the examination paper was too difficult for her.

Nikita answered faintly.

Tammy: "..."

"Nikita, can you tell me the ideas for solving the last two big problems?"

She couldn't figure out how to solve the problem!

The previous girl didn't know how to solve them either.

"Those two questions seem to be somewhat difficult. In fact, if you find the right problem-solving ideas, it is very simple." Nikita is quite patient with Tammy. After she sorted out her thoughts, she explained it to her.

A few minutes later, Nikita finished explaining.

"The original idea of solving problems is like this, why can't I think of it!" Tammy patted her head.
"These two questions are really simple!"

Nikita smiled: "Well, it's quite simple until you find the right way of thinking."

At this moment, Tammy worshiped Nikita very much.

Is this the gap between straight-A students and ordinary people?

Her way of thinking is completely different.

If she hadn't listened to Nikita's explanations, she wouldn't have been able to solve that two questions all her life.

"Nikita, are your previous zero points accidents?" If Tammy still believes that Nikita is not good at study, she's insane.

Nikita's logical thinking in solving problems, as well as her super memory, can't be surpassed by other students.

Anyway, she's much better than her.

Chapter 1192-Nikita looked at her curious sight. She raised her brows, and said ambiguously: "It's up to what you think."

Fourth floor, Class 4, Grade Three.

Yvonne finished the test paper ten minutes ahead of schedule. Instead of handing it in immediately, she examined it carefully from the beginning to the end.

When the invigilator walked past her, he looked down at her and nodded with satisfaction.

This student named Yvonne is very outstanding.

She is very famous in the N City.

She already got the admission to the top university across the country. Whether she does well on this exam doesn't affect her admission. However, she still takes this exam seriously. Her attitude destined her promising future.

Such a student is bound to make great achievements in the future.

At the last minute, Yvonne handed in the examination paper with other students.

There are quite a few students in Class A in the class.

Leon was with her, and they handed in the papers one after another. After leaving the classroom, Leon couldn't wait to check the answer with her.

Both of them are good at mathematics. In normal tests, Leon's score is higher than Yvonne's.

After checking several difficult multiple-choice questions and fill-in-the-blanks questions, Leon smiled.

His and Yvonne's answers are the same.

So, they did it correctly.

"Yvonne, have you finished the last two questions?" Other questions are not so difficult for Leon, but he is not sure about the last two questions.

Yvonne frowned slightly: "I didn't do the last big question, what about you?"

Leon frowned as well, "Me neither. It seems that this time, the questions are really difficult. Many people couldn't figure the last two questions out.

It's an application question section.

Naturally, the questions worth more points.

Hearing that Leon didn't do the last question, Yvonne felt a little relieved.

They all failed to solve the last questions, and so did others.

If everyone doesn't do it, she has nothing to worry about.

In fact, except for the last big question, she is confident that she did all the others correctly. She has been preparing for this exam for a long while, even though she has the admission to the top university. She needs to get a nice score in this exam!

She will use the results of this joint entrance examination to step Nikita down.

She wants everyone to see she is better than Nikita.

She wants to let those who choose to stand in line Nikita regret!

Yvonne's best friend is waiting for her on the stairs on the third floor.

Seeing Yvonne coming down from upstairs, she waved and walked towards Yvonne.

"Yvonne, how are you doing? Every one's cursing that this exam is too hard!" Arming around Yvonne, the girl complained.

Yvonne smiled, "Well, it's not that difficult. Only the last two questions are hard."

“Only you will find it difficult.” She gave Yvonne a thumbs up. Thinking of something, she smiled, and said in a low voice. “By the way, tell you something that definitely will make you be in a good mood.”

Yvonne showed a little interest: “What is it?”

Chapter 1193-“Nikita sat next to me during the exam. Do you know? She fell asleep after half an hour until the end of the exam. After waking up, she handed in the test paper.”

“This paper is so difficult. At her level, I don’t think she can answer those questions. She might again receive some zero marks.”

“Oh?” Yvonne was stunned, and then smiled. “So, she slept through the exam?”

“Of course.” The girl’s sight was full of disdain. “In the previous test, I felt that she must have cheated by some means. The results of that test are definitely not her real results.”

“This time proves that I’m right. Now, she can’t cheat!”

“She reveals herself. Huh, she can’t achieve anything moving from that remote area to here. From my perspective, she doesn’t deserve to wipe your shoes.”

She is talking about the math test in school before.

Nikita also took part in that test and got full marks.

This matter was quite sensational in school at that time. Many people questioned whether Nikita cheated, but after re-testing, she said that she didn’t cheat.

But there are still many people who don’t believe it and still think there is something wrong with her.

But these people do not include Yvonne.

Yvonne also suspected Nikita cheating at first, but later Nikita was called to the classroom office. Several teachers stared at her and gave her a paper to do it. She still got full marks.

Yvonne knows this matter.

It was also at that time that she felt that Nikita had become her real threat.

She remembers that Nikita handed in the test in advance.

Did she finish the text before falling asleep?

But Yvonne felt it's unlikely.

This paper is much more difficult than the test paper. Even if Nikita is good at mathematics, she can't finish the paper in half an hour.

Those students participated in math contest couldn't finish the text like this.

Nikita should be no better than those people.

Yvonne doesn't believe that Nikita can't do any questions and get zero marks, but she doesn't believe that Nikita could finish the test paper in half an hour neither.

"Did you notice if she finished writing her paper?" Yvonne asked.

The girl didn't pay attention to it, since she's fighting hard to finish the test in time.

However, in order to make Yvonne happy, she lied: "When she handed in the paper, I glanced at it, and many answer areas were empty."

Yvonne smiled, "No wonder she finishes in half an hour. However, it's kind of nice that she didn't turn in a blank answer sheet."

It seems that she thinks too highly of Nikita.

Nikita will never be a true straight-A student.

Now Nikita, is no longer worthy of her opponent, she doesn't have to take Nikita seriously.

This is just the beginning.

In the future, she will be doing well in the promising future, when Nikita will rot in some corners.

Chapter 1194- This is her attitude towards us!

"There is a tea shop at the school gate. Let's go, drinks on me." Yvonne happily said,

A black Rolls Royce is parked quietly outside the building.

Inside the car, the sleeves of the man's white shirt were rolled up. With one hand was on the steering wheel, and the other hand was holding the mobile phone, Sheehan looked out of the window with dark eyes.

Sheehan drove to pick up Nikita for dinner after ditching an invitation of business meal.

Although Nikita didn't care about the joint entrance examination, Sheehan must pay attention to take care of her mood.

Sheehan was afraid of traffic jam on the road, so he came half an hour ahead of schedule to avoid a large number of parents waiting at the school gate. He found a place, and waited patiently for Nikita.

On the other side...

At the crowded school gate, Margot and Patrick desperately looked at the door.

The couple waited for a while, and saw a familiar figure.

“Nikita! “Why is she here!” Margot saw the girl who followed a group of students, looked leisurely and walked out slowly, frowning.

Patrick also saw her. He hesitated, and asked his wife carefully: “It’s Nikita. Have you forgotten that she and Yvonne go to the same school? They were assigned to the same campus to take the exam? Do you want to go and say hello to her?”

Patrick thought that Margot had to go to find Nikita to greet her. Since Nikita is treating her, they couldn’t pretend that they didn’t see her.

Just saying hello, it’s nothing.

However, Margot acted coldly, “Why? We are the seniors. She should be coming to greet us!”

“I forgot she’s a senior student. I think, she doesn’t need to come to take the test. She’s pretending it anyway.”

Because Yvonne, Margot are very confident now, she doesn’t take Nikita seriously.

If it weren’t for her illness needing Nikita’s treatment, she didn’t want to see Nikita again in her life!

She deemed Nikita as a heartless and cruel person.

Patrick still wanted to say something, but the girls who came out seemed to see them. Indifferently, she soon took back her sight emotionlessly.

Then, as if she didn't know them, she walked pass them, looking straight.

Margot was infuriated, "See? That's her attitude. How did I give birth to this kind of person?"

Patrick frowned and didn't speak.

Nikita is really some outrageous, they are her own parents who gave her life.

Even though she endured some hardships when she was a child. Isn't she living well?

Blood is thicker than water. No people should hate their own parents.

They frowned until they finally saw Yvonne come out.

Margot soon put on a smile and walked towards her, "Yvonne, you're here. How's the exam?"

Chapter 1195-"Are you feeling hot? Let's drink a bottle of water. Where do you want to have lunch?"
Patrick handed her the thermos.

The attitude of husband and wife is flattering.

Yvonne ignored them, looking at the black Rolls Royce parked not far away.

That's Sheehan's car.

At this point, he appears in such a place obviously to pick up Nikita.

Yvonne bit her lip, even if she was very proud these two days, she couldn't restrain herself from feeling jealous.

Sheehan is so attentive to Nikita.

As she is, he is willing to pick up and drop off Nikita every day.

Nikita just came out of school, and Sheehan saw her at a glance.

Just after the exam, the students walked out in piles, and the door was crowded with people, but the girl was still the focus of attention, and her eye-catching facial features could be easily found among the crowd.

When Nikita approached, Sheehan opened the door and got out of the car.

“Brother Sheehan.” Tammy greeted politely.

Tammy, the beloved young lady in the Lambert family, doesn’t scare of many seniors. However, she’s very afraid of Sheehan.

Every time in front of Sheehan, she behaved obediently.

Sheehan nodded, and took over Nikita’s bag. Holding her hand, he asked, “Let’s go then? I asked them to prepare your favorite sweets.”

“Good.” Nikita turned and looked at Tammy. “Tammy, let’s have dinner together.”

Sheehan smiled, and said gently: “Well, let’s go.”

“Nah, nah, my parents book the seat in a restaurant. I will eat with my parents. I’ll join you next time!”

Tammy is not blind. She doesn’t want to be a gooseberry.

She knew that Nikita would definitely not mind.

But she can't speculate on his mind.

"Well, let's go first." Sheehan didn't say anything, holding Nikita and got on the car.

Not far away from them...

Biting her lips, Yvonne looked at the two hands on the car. Her eyes were cold, and her jealousy swelled up.

After getting on the bus, Sheehan watched the girl beside him fasten her seat belt before driving.

Nikita, as usual, were playing games with ease all the way, unlike students who have just experienced an important exam.

Sheehan was a little strange, he didn't even talk.

After Nikita's played two rounds of game, she looked at the man lazily: "Don't you ask something?"

After the girl spoke, Sheehan turned to look at her. He smiled, and asked in a low voice: "Hmm? What should I ask?"

Nikita: "For example, ask me how I did in the exam."

Sheehan was silent. Then, he smiled: "How did you do in the exam?"

He didn't ask because he didn't want to affect her mood.

Nikita tilted her head, as if thinking about his problem, after a while, she smiled and said: "I think I did well."

"That's good." Sheehan touched her head and didn't care how she did in the exam. "After dinner, you go to the lounge to sleep for a while, and I will call you when it's the time."

Chapter 1196-"Grandpa called and asked us to join him for dinner. If you don't want to go that far..."

"Well, let's go back." Nikita thought about it and said, "I want to know how much grandpa recovers."

After dinner, Sheehan sent Nikita back to the examination room.

It's a Chinese exam in the afternoon.

The moment the students got the test paper, just like in the morning, there were whining sounds.

"I didn't expect it to be so difficult!"

"No wonder they are using this text to recruit for students. I think it is much more difficult than the papers of last year's college entrance examination."

This paper, without exception, is very difficult.

Many people who want to perform well on the test are all dumbfounded when they got the test papers.

"Quiet, start answering questions now!" On the stage, the invigilator's majestic sight swept to the audience. The classroom was quiet in an instant.

There's only a rustling sound of writing.

Chinese answer time is longer. After Nikita finished, she looked up at the clock hanging on the wall. She could sleep for 40 minutes.

When Nikita was lying on the table, it was very eye-catching. Almost all the students in the classroom looked up at her, and several invigilators also looked at her. After seeing that it was the girl sleeping in the morning, they were quite speechless.

Nowadays, students are getting more and more outrageous.

She doesn't pay attention to it at all, and even sleeps in the examination room!

Why would she take the exam anyway?

It's a waste of her parents' money.

She needs to start to look for a job.

After the exam in the afternoon, Tammy was in a much better mood than in the morning.

She gets the highest score in Chinese among all subjects in every test.

Although this test paper is very difficult, it is much easier for her than the test paper in the morning.

"Nikita, have you written composition?" Tammy estimated the time and felt that Nikita's composition was mostly unwritten, otherwise, she could not finish the paper so quickly.

The Chinese test takes time.

Composition alone takes much time.

Nikita lazily nodded: "Yeah."

Tammy's eyes were wide open: "Have you finished your Chinese papers?"

"Yeah."

Tammy: "..."

What kind of hand speed is this?

Who is she?

How can she write so fast?

"She slept in the afternoon, too?"

Yvonne heard from her best friend that Nikita had slept for a long time in the afternoon exam. She snorted: "It's kind of bizarre that she sleeps every day in every occasion."

"If she couldn't answer the questions, what would you expect her to do?" Yvonne's best friend sarcastically said, "She is famous now, and everyone knows that the transfer student named Nikita slept through the exam."

"Someone on the forum also posted her photo. I see that all the posters are laughing at her."

Yvonne smiled: "Has anyone posted a post? I will check later."

A joint entrance examination reveals Nikita's deeds.

Yvonne thought about the situation when Nikita's supporters know.

After all, they must feel embarrassed.

Chapter 1197-You actually find Nikita to check the answer?

The examination lasted for three days.

After the last examination, it happened to be a weekend holiday, and all the students shouted that they must have a good time after the tests.

In this exam, all the students were tortured as if they had been stripped of a layer of skin.

They were simply miserable during the exam!

Samuel made an appointment with Nikita early in the morning. After the exam, they would find a place to relax together in the evening.

Nikita agreed. She told Sheehan not to come to pick her up at night.

After the exam...

Tammy and Nikita found a tea shop with a rest area nearby. They sat in the shop waiting for Samuel to come.

Samuel and Tobin were assigned to another site. It took about ten minutes for them to arrive by taxi.

“Nikita, what did you fill in the last two fill-in questions?”

Tammy checked the answer with Nikita while drinking.

The last test today is chemistry.

Tammy was not good at Mathematics, physics and chemistry. She will have checked the answers with Nikita after the exam these days. After the last test, she basically knows how many scores she can get

this time.

Nikita is chewing the ice in the milk tea. She ordered an iced milk tea. Since she was with Sheehan, she hasn't drunk iced milk tea for a long time.

Nikita was about to answer Tammy when she heard a contemptuous sneer: "What, Tammy, you actually asked Nikita for the same answer? Are you insane, don't you know she has zero scores in all subjects? "

"Rosalia, what are you talking about!" Tammy heard this voice, raised her head and rushed to the girl who spoke angrily.

"It was, did I say something wrong? Everyone knows there is a 'genius' transfer student named Nikita in our No. 1 Middle School, who gets zero marks in all subjects in every exam. "

The girl named Rosalia spoke louder and louder, which attracted all the other customers sitting in the store to look over.

"Nikita, I didn't slander you, did I?" Rosalia holds a cup of milk tea and walks to the front of Nikita, looking down at her with disdain and ridicule in her eyes.

With her doing this, everyone knows who she just said was the person who scored zero in the general exam.

All the customers in the store have turned to Nikita.

"Zero marks for all subjects? Oh my god. No matter how stupid a person is, it's impossible for him to score zero in every subject, right? How low the IQ is! Get such a result in the test."

“I know this Nikita, my best friend goes to the same school as her. It is said that she was transferred from a township middle school to No. 1 middle school. She had scored zero in the exam before. I heard that she fell asleep in this entrance exam. Such a person might score zero in the exam. “

“That girl who slept in the entrance exam is her! She looks pretty, but she is too stupid. “

“So, God is fair. One person will not take all the benefits. Pretty and brainless are both related. “

“That’s not necessarily true, Yvonne from their school is very good. She is beautiful, smart and versatile. Hey, the girl at the door is Yvonne. She has a good family and studies well. She is a student from Peking university and the first disciple of a famous musician. She looks good.”

A few people looked in the direction she pointed, and saw a pure and delicate girl wearing a No. 1 Middle School uniform standing at the door. In terms of appearance, she was much inferior to Nikita, but she was still an eye-catching beauty.

Chapter 1198-“That’s Yvonne. Quite good-looking.” “Although her look is less delicate than Nikita’s, her temperament is better.”

“Of course, she’s the cutest girl in school.” “What’s more, Nikita’s just a country girl. How can she compare with girls in town?”

Their voice were low, but Yvonne could hear their dialogue for she was close to them.

Hearing several girls praising her like this, Yvonne smiled jauntily. When she turned her head at Nikita who was still sitting there calmly, she sneered, her eyes disdainful and happy, as if she just avenged Nikita.

Nikita stole her thunder many times.

She deserved to be treated like this.

Yvoone was so happy in her mind.

After the results of the joint examination were announced, she would be more happy.

In the past two days, Yvonne has estimated her scores of various subjects. Except mathematics, the scores of other subjects were quite good, higher than her usual test scores.

She asked several other students in the class who were usually top-A students, and their scores were not as high as hers.

Only Lanny can compete with her now.

Lanny's usual test scores were higher than hers, and her scores were very stable. But due to Nikita, Yvonne had a bad relationship with him, so she can not ask him about his estimated scores.

But no matter how many scores he got, she must be in the top ten across the nation this time.

Different from the usual school examinations, the joint examination was a nationwide exam. Those who could rank in the top ten were all first-class top students and talents that famous schools rushed to grab.

"Nikita, why do you not say something? I guess your unbearable past, so you're ashamed to admit it?" Rosalia saw her Nikita's silence and thought she was afraid to retort, so Rosalia turned more arrogant.

Her words turned more snarkily. "You can be self-aware. I remember someone said that she would slap my face through her scores. Oh, I really look forward to the day when the scores will be announced."

"I just wanna see how a 'genius' who got zero points in the general practice slap my face? With you eggs?"

After she said, others burst into laughter.

"You!" Tammy was angry to quarrel with her, but Nikita stopped him.

Rosalia's hands rested at the waist. "What? She..."

Nikita who always kept silent drank the last sip of milk tea and looked up, her eyes cold.

The arrogant girl seeing Nikita's indifferent eyes turned chilled and did not dare to say anything again.

"Can a dog without leashes enter the store at will?" Nikita's stared coldly at Rosalia for a few seconds and then turned to look at Tammy with confused eyes.

Tammy always got her underlying meanings quickly and answered at once. "No, the regulation decrees that if a dog wants to enter the public place, it can't be off leash. If it's big, it should wear a muzzle. Every time I walk with my dog, I'll tie a leash."

"Then why is a dog barking here without a leash?"

Chapter 1199-"Then it's because its master has a low morality." Tammy raised his head and cast a look at where Yvonne stood. "Like master, like dog. With such a pet, its master seems to be also terrible."

Nikita smiled and nodded. "It makes sense."

They worked really well with each other.

The customers next to them didn't react at first, and some people looked around and asked doubtfully. "Hey, where is the dog? Why didn't I see it?"

When Tammy's eyes rested on Yvonne, someone suddenly reacted and understood what they were saying.

Others who gradually picked up on that looked at Rosalia who was still confused after she was cursed and then at Yvonne who kept silent. They couldn't help chuckling with their mouths covered.

They didn't expect that this beautiful was so eloquent.

She swore at that girl even without any swear words.

At the beginning, Rosalia was also confused about where the dog was and looked around to find it. After hearing the laughter around her and seeing others point at her, she realized that she was cursed.

She turned livid. Seeing Tammy's smile, she raised her hand to slap him. "How dare you swear at me? Tammy, I'll kill you!"

As soon as her hand reached out, she was imprisoned by unshakable force.

"How dare you touch him?" The girl's voice was cold, her eyes oppressive. Without much force, Rosalia was painful to sweat, her face twisting.

"Nikita, loosen her."

Yvonne who kept silent finally opened her mouth and walked to Nikita with a cup of lemonade she just bought.

"We're schoolmates. Although you have conflicts, you shouldn't beat her. What's more, Rosalia is to stand up for me. If you're dissatisfied, you can target me. Loosen her."

"Oh, another blind guy here. If your eyes have no problem, you should know who starts."

Nikita looked disdainfully at Yvonne who finally stood up to pretend to be a good guy.

"It is I who started. So what? He swore at me first. How can't I beat him?" Rosalia's hand was grasped, and she can't break free, her eyes red in pain, but she was still looked defiant.

Nikita shook off her hand. "I also swore at you. Why didn't you hit me?"

Rosalia was almost thrown on the ground, but Yvonne held her, so she did not fall down.

She pinched her red wrist angrily, raised her head furiously and saw Nikita's cold and cruel eyes. Then she shivered and was afraid of showing her dissatisfaction.

Even the vocational high school punks who were good at fighting were beaten by Nikita and sent to the hospital.

She is not a fool. How dare she fight against Nikita?

She picked a weaker one that she felt she could control.

Tammy Lambert is the one.

"Showing off your eloquence is useless." Yvonne pressed her lips and smiled gently. "If you wanna acquire others' respect, you need to show your own ability and convince them."

Chapter 1200-"Didn't you bet with Rocalia? The results of the joint examination will be announced in a few days. Then, we'll know who loses her face."

"To be honest, I am looking forward to the day."

Nikita did not respond to Yvonne's provoking, but she smiled and changed into another topic. "The first female disciple of Aroma? Yvonne Swift, I heard you got the quota of admissions to Peking University due to this reason?"

Students from other schools have also heard about it.

Every year, Peking University would assign the quota of admissions to key middle schools. With Yvonne's results in this joint examination, she should be able to be admitted to Peking University by herself. But getting the quota is securer, and she does not have to experience the pressure of the College Entrance Examination.

It is better to get the quota.

Yvonne was the first one in First Senior High School to get the quota.

She really depended on the reason as Nikita said.

She knew it.

In the face of others' eyes, Yvonne did not deny it. She smiled and nodded. "You're right. So what do you wanna say? Do you think it's unfair?"

"If you can also become Aroma's disciple, I think even if you got zero in the general exams, you may be able to get the quota."

"And then I will definitely be convinced and will not feel that there is anything unfair."

"But..." She smiled again. Her voice was still warm and gentle, but her eyes were full of ridicule. "You won't have such opportunity."

Nikita looked at her jauntiness and smiled. "Yvonne Swift, do you think you will definitely be Aroma's disciple and certainly get the quota?"

Yvonne looked at her, with a gentle look. "Of course, don't be jealous. It's useless, for you have no relationship with them. "

"But, don't be in a hurry. All roads lead to Rome. You don't have to go to college for jobs. If you're not good at study, don't waste your time on it. You're good at playing games. I think you also can make money by being a network anchor."

Yvonne said 'anchor' in disdain.

Nowadays, the reputation of the anchor industry was not so good.

Speaking of network anchors, most people think of some negative things.

Although there were also good ones, most people did not respect this industry. When Yvonne persuaded Nikita to be an anchor, she definitely had a vicious attitude.

Nikita was not provoked by these words, but smiled at her and said in a very gentle voice. "Don't swell your conceit. Otherwise, you'll lose those capitals that you show off."

"Really?" Yvonne raised her chin carelessly. "Only incapable persons will worry about it. Those capable ones never worry about it."

Seeing her confident appearance, Nikita raised her eyebrows and smiled meaningfully. "I hope you can keep this confidence all the time."

At this moment, Tammy's cell phone rang.

After reading the message, he said to Nikita, "Nikita, Samuel and others are coming. They're at the school gate now. Let's go there."

Nikita nodded. "Well, let's go."
