

The Girl CB 1401

Chapter 1401-Nikita has long known that Sheehan is standing behind her.

“You know I’m in the back?” Sheehan smiled and walked towards her.

Nikita turned around, looked at the man coming, raised her eyebrows and said, “I still have some alertness. Did you hear it just now? Do you have anything to ask?”

Although Nikita thought there was nothing between she and Xavier, she didn’t want Sheehan to have any misunderstanding.

She used to think it didn’t matter, no matter what the other party thought.

But for Sheehan, since she is concerned, she will not be as casual and indifferent as before.

If he needs an explanation, she will give it to him. Sheehan was slightly stunned, as if he had never thought she would take the initiative to mention it. After a few seconds of silence, he said with a smile, “You said you always treated him as your brother. So it’s unnecessary to ask this ‘rival in love ‘who has no threat to me.’” “Are you so assured?” Nikita raised her eyebrows again, “I do take him as a brother, however, there is one thing I have to declare in advance.” “Well, say it.” Sheehan habitually held her hand, smiled, and looked at her gently. Nikita looked serious: “Sheehan, even if we already stay together, I will not cut off communications with my friends of the opposite sex because of you. I can guarantee that Xavier and I will not develop any ambiguous and intimate relationship. However, unless he is unwilling to be friends with me, my relationship with him will remain the same as before.” She would say this because she actually felt that Sheehan was a possessive man. Although she is willing to be with him, she is not willing to keep her distance from her friends of the opposite sex in order to make him feel at ease completely. “Is that what you want to say?” Sheehan listened, pondered for a moment, and then smiled. “Niky, since I am your boyfriend, I won’t let you make any changes for me for my own sake.

I said that you would live the same way as you lived before when you stayed with me. The only difference is that there will be one more person around you who cares about you, loves you, and wants to take good care of you all your life.

How could I ask you to give up your friends for me? If I really ask so much, what I have to worry about is not whether you will agree, but whether you will fire me.

I finally became a full member after the probation period. Of course, I have to cherish this hard-won opportunity.”

Looking at the man’s serious and affectionate appearance, Nikita smiled, interlocked his fingers, held his big hand, and said in a domineering way: “Well, then you should continue to perform well and make me satisfied. I will give you benefits.”

“What benefits?” Sheehan pinched the girl’s soft palm. His eyes were darker, and his heart was a little itchy.

Nikita stretched out her hand and scratched his jaw. Her eyes were full of amorous feelings: “Guess?”

Sheehan was even more itchy because of her behavior. When she withdrew her hand, he grabbed her hand and lowered her head. His handsome face slowly approached her, and his voice got lower and slightly hoarse, “Didn’t I perform well enough before? Can’t I apply for some benefits in advance?”

Chapter 1402-“What benefits do you want?” Nikita didn’t avoid his eyes, smiling.

“What do you think?”

As soon as he finished his words, he kissed her directly. Nikita leaned into Sheehan’s arms, stretched out her hand to hug his neck.

Their lips and teeth were intertwined, and the surrounding temperature is gradually rising. For a time, they can’t tell who is the dominant one, and they seem to be competing with each other.

Wale gave Nikita the address of the dinner party.

Seeing that it was almost time, they packed up and drove to Wale’s castle.

The castle was built in the mountains.

In the evening, it was already dark, street lamps were turned on both sides of the circling mountain road, so the lighting in the mountains was not very dark. But even so, driving through the deep mountains still made people feel unspeakable horror.

Nikita is not afraid at all.

She drove in the mountains at night many times.

Moreover, although this mountainous area looks a little frightening, it is a good place for people to live.

When building a residence, Wale, a noble person, must have looked for a great master of geomantic omen to choose it.

It took almost half an hour to drive from the foot of the mountain to the castle halfway up the mountain.

When Nikita and Sheehan arrived at their destination, many guests had already arrived.

Ten minutes ago, Wale sent a message to Nikita and asked her when she would arrive. Nikita said an approximate time.

There is a doorman at the door to guide the guests to park. After parking the car, Sheehan got off first, then went around to the other side to open the door for Nikita. After she got out of the car, he took her hand and walked to the gate together.

Even though all the people invited tonight are of high status, Nikita and Sheehan attracted many people's attention when they appeared at the gate.

Two people's appearance is too excellent, and they are strangers, so there are many people talking about them.

"Who is this couple? They look very unfamiliar. Does anyone know them?"

Someone carefully looked at Nikita and Sheehan and shook his head: "I have never seen them."

"They must not be ordinary people since they are invited to Duke Rosen's dinner. But if they are local celebrities, they look so unfamiliar."

"Yes, I haven't seen them either. But don't you think this couple is very good-looking? Especially that girl, I don't think even Princess Selena, who is called the most beautiful beauty in our royal family, can compare with her."

"I also think she is so beautiful. Princess Selena is inferior to her."

"Princess Selena has always been very competitive. If she lost to this girl like this, she must be unhappy. What does Duke Rosen think? Isn't it troublesome for himself to invite such a beautiful

woman?"

They looked at two people, whispering.

At this time, a noble lady who was Princess Selena's friend walked towards Nikita, looked up at her proudly, and said in a haughty tone: "This lady looks unfamiliar. Everyone is curious about you, so I wonder if you can introduce yourself?"

Chapter 1403-Although the royal family and aristocrats are somewhat despised for these so-called giants, the rest are basically these so-called giants and celebrities besides the royal family and aristocrats who can come to the dinner.

When the noble girl thought so, she couldn't help but look at Sheehan again. Although she was attracted for a moment by his excellent appearance, she thought of his identity and despised him.

The man in a black suit was quite handsome, better than any other man in their royal family, but his identity was a little worse.

For ordinary people, the status of a wealthy family is very valuable.

But for the royal family, it is not suitable enough.

The father of this noble girl is a marquis. She was born into an aristocrat, and the husband she wants to find in the future must be the child of an aristocrat.

The aristocratic girl looked at the extraordinary appearance of the handsome and outstanding man in front of her, and felt pitiful in her heart.

If this man is also an aristocrat of the royal family, it would be nice.

She is old enough to get married now. She doesn't like any of what her family introduced her. She finally took a fancy on a man, but he didn't match her identity. The noble lady stared at Sheehan several times, revealing her thoughts clearly. Not only Nikita, but also other people around her saw that she was interested in Sheehan.

When Nikita saw it, her eyes were cold, she clenched the hand of the man beside her, and her voice was indifferent: "I told you, I am just an ordinary person. This lady, my identity has nothing to do with

you. Please don't get in the way." Her attitude suddenly turned cold, and her tone was very unfriendly. It can be said that she didn't even have basic courtesy, and she didn't show a good attitude to this noble girl. In front of everyone, Nikita didn't save the face of the aristocratic girl, so she suddenly changed her expression. She just thought Nikita didn't want to show her identity because her family was too humble, then she decided to teach Nikita a lesson. The aristocratic girl immediately got livid and looked at Nikita with unfriendly eyes: "I think that everyone here is a guest, so I am polite to you for the sake of Uncle Rosen. What kind of character do you really think you are? You dare not show your identity, because you are afraid of making people laugh? Or do you have no invitation at all and want to sneak into the dinner party in the crowd?" Before Nikita spoke, she stretched out her hand and pointed to Nikita's nose. She snapped, "I think you just want to sneak into the dinner party. Say it, who are you? If you don't make it clear, I will call the guards to come and arrest you!"

Noble girl's father was Duke Rosen's friend. She hated to see that Nikita stole the show just now. And she saw Nikita unexpectedly dare to treat her disrespectfully, so she was more dissatisfied. At this

moment, she just wants to teach Nikita a lesson in public, so that this arrogant bitch knows her strength! Her "Uncle Rosen" is to let Nikita know that she is a royal aristocrat!

If she dared to provoke her, she would have to suffer! When the aristocratic girl reached out and pointed to her, Nikita narrowed her eyes, and her attitude suddenly became cold. What she hates most is that others point at her. When Nikita was ready to teach this aristocratic girl a lesson, she heard this arrogant aristocratic girl suddenly screamed. "Ah, it hurts. What are you doing? Let go of me!" Beside her, Sheehan took a step ahead of her, stepped forward and pinched the aristocratic girl's wrist.

Chapter 1404-"I can't believe you are invited to Duke Rosen's dinner party. It seems that it's not a good thing to attend such a dinner party."

The man's voice was low, with some coldness. After he finished speaking, he shook off her hand with a cold look. He seemed to be extremely disgusted. After shaking off her hand, he immediately took out a handkerchief from his pocket and wiped the hand that had just touched her a few times. His actions made this noble girl more and more livid. "How dare you treat me so disrespectfully? I will ask someone to teach you a lesson!" The aristocratic girl was embarrassed in public, and her face flushed with anger. After saying the malicious words, she turned to call the guard standing behind her. "Why are you still standing there? Arrest them quickly!" The aristocratic girl had visited Prince Rosen several times before with her father, and the guards here knew her. Hearing her say so, a guard leader came forward and looked at Sheehan and Nikita again. His tone was polite and asked: "Sir, Miss, do you have an invitation for dinner?" All the guests who came to the dinner were Duke Rosen's guests. Before the identities of Sheehan and Nikita were unclear, the guards did not dare to treat them casually. Nikita looked at the guard, frowning lightly, but still replied: "No." Wale invited her verbally and didn't give her any invitations. The guard was stunned. Before he said anything, he saw the noble girl beside him shouting excitedly and angrily: "Do you hear it? They don't have invitations at all! I guessed long ago that they were not guests invited by Uncle Rosen at all, otherwise they wouldn't be afraid of telling us their identities! These two people are liars, and they must have no good intentions to get into the dinner party! Maybe they want to steal things at the dinner party when many people are here, but fortunately I discovered it in advance! Why are you still standing here? Arrest them quickly!" After hearing that Nikita and Sheehan had no invitations, the expression on the face of the guard leader became less friendly. When she was about to give an order to the guards behind her, a juvenile tone with surprise sounded from the gate. And then, they saw a thin and slender blue figure coming out quickly from the gate of the castle. "Sister! Why are you here?"

Chapter 1405-"I live here, sister. Are you here for dinner?" Sylvester saw Nikita here, feel very surprised and happy. He was still trying to find an excuse to meet Nikita. Unexpectedly, they met each other so soon, in such an occasion. He could feel before Nikita is definitely not an ordinary girl. The people were invited to dinner by his father were royal aristocrats or ladies from noble families. Nikita was definitely not an ordinary person. But one thing is certain, she is definitely not a royal.

If she was a royal aristocrat, she would have been famous for her appearance. It is impossible that he had never heard of it before.

Nikita nodded: "Well, I'm here for dinner. You live here, so what is your relationship with Duke Rosen?"

Sylvester: "Duke Rosen's my father. Sister, if I had known you would come to the dinner party, I would have come out to welcome you in advance. By the way, sister, who is this gentleman around you?"

Sylvester has long noticed Sheehan. This man's appearance and temperament were particularly outstanding. He was particularly conspicuous when standing in the crowd. He also can see that he has a closed relationship with Nikita. Nikita turned her head and looked at Sheehan. After thought for a while, she generously introduced: "This is my fiance." She and Sheehan will soon get the certificate, and it's nothing inappropriate to call him fiance. Nikita's "fiance" made the man next to her slightly dazed. And then he turned his head, looked at her with complicated emotions in his eyes.

Nikita saw his eyes, smiled, and knowingly asked: "What's the matter?" Sheehan's Adam's apple rolled, and the light in his eyes was deeper. He slowly showed a smile. After

looking at each other for a few seconds, he turned his head and looked at Sylvester. His voice was calm and powerful, with unique magnetism: "Hello, I am Sheehan Lambert, Nikita's fiance." He held out his hand to Sylvester. "Sheehan Lambert?" Sylvester raised his eyebrows on one side and said with some doubts in his eyes. "Mr. Lambert's name sounds familiar. We haven't seen it before, have we?" Sheehan: "No." Sylvester nodded: "I also think we have never seen each other. Otherwise, if I saw such an outstanding person like Mr. Lambert, it is impossible not to be impressed."

Chapter 1406-Sylvester and the noble lady have seen several times before, and they know each other. The noble lady's family also wanted her to marry into Duke Rosen's family, and planned to marry the noble lady to Sylvester.

Their age and family background are matched.

And the people in F Country get married relatively early. Sylvester just became an adult, it already has a lot of people to ask him about his marriage, including the parents of this noble lady.

Sylvester also knew about this matter, because Duke Rosen had asked him about his impression of this noble lady. Sylvester was naturally not interested in her, so Duke Rosen declined the other party.

Miss aristocrat originally felt very ashamed because of Sylvester's refusal. Since Sylvester came out, he didn't say a word with her, and didn't look at her at all. He completely ignored her existence, which made her more ashamed.

A moment ago, she was still saying Nikita has no invitation, and she wants to sneak into the dinner to steal things. But the next moment, Sylvester appeared and called Nikita sister in a closed tone, which is undoubtedly smacking in her face.

For a moment, she felt embarrassed and ashamed.

"Sylvester, do you know her? Who is she? Why have I never seen her?" This noble lady saw that these people were ready to leave, she wanted to come forward to talk with him to save her face, so she trotted forward to hold Sylvester's hand.

Sylvester is still talking with Nikita, originally with a smile on his face. When the aristocratic lady held him, he frowned and got livid immediately.

He turned his head and shook off the aristocratic lady's hand in public without saving her face. He frowned coldly and said: "Who are you to me? It has to do with you if I know someone or not.

It's not anyone that can see my sister casually. It's normal that you haven't seen her!"

By the way, I almost forgot. Did you just call someone to arrest my sister?"

The noble lady didn't expect him to embarrass her in public, and her face was suddenly livid. But because of the identity of Sylvester, she didn't dare to lose her temper at all.

"No, Sylvester, I-" She explained.

"What qualifications do you have to order the Rosen family to do things for you? Father invited you to dinner for your father's sake, not to indulge you in making trouble here!"

“I, I was completely thinking of Uncle Rosen’s dinner, too. You misunderstood me. They came to dinner without invitations, and they...”

Sylvester interrupted her words directly, and said with disgust in his eyes: “My sister and Mr. Lambert are distinguished guests invited by me, and they don’t need invitations. Also, we don’t need an outsider to worry about our family affairs. Just mind your own business!”

This noble girl was humiliated by Sylvester for several times, so she looked ashamed and livid, and her expression was too stiff.

Their family and Rosen’s family have some friendship at least.

Now, Sylvester unexpectedly embarrassed her in public for an unidentified woman!

“What’s the matter? Why is so noisy?”

A middle-aged man’s voice sounded, and the people watching the fun looked up and saw a man with brilliant temperament and luxurious clothes coming out of the gate. The man was in his forties, handsome in appearance and elegant in temperament.

Along with the man, there is also an old man who is about sixty years old. Although his hair is gray, he has the same outstanding temperament and luxurious clothes.

Chapter 1407-All people coming to the dinner party, knew these two men.

One is the host of tonight’s banquet, Duke Rosen.

The other is Prince Wales.

When Prince Wales and Duke Rosen came out, the guests who were watching the fun took a step back. The noble lady’s face changed slightly.

“Father, Lord Wale.” Sylvester stepped forward, pointing to Nikita and Sheehan, and said, “They are my friends and were invited by me to attend the dinner party. Just now, because they didn’t show the invitation, there was some misunderstanding, but now it is fine.” Everyone who came to the banquet tonight received an invitation from Duke Rosen.

Sylvester also didn’t know why Nikita didn’t have invitation, however, at this time, he is sure to speak up for Nikita. Duke Rosen followed his eyes to see Nikita and Sheehan standing behind him. Immediately, his face changed. Duke Rosen had never seen Nikita, but he had seen Sheehan.

This dinner tonight is specially held to entertain Sheehan, a distinguished guest! At the same time, Prince Wale also saw Nikita, and his face changed.

He received Nikita text message before, estimated the time to come out in advance to welcome them, but he did not expect Nikita arrived in advance. Seeing that Prince Wale and Duke Rosen changed their expressions at the same time, Sylvester stunned, looked at the reaction of the two people, and asked with some doubts: “Father, what’s the

problem?” Duke Rosen did not speak, but walked quickly past Sylvester, walked around Sheehan, held out a hand towards him, and said with a smile on his face:

Chapter 1408-“Well, that’s him.” Nikita nodded.

“Nice, he’s a man of striking appearance and a good match for you.” Prince Wale looked at Sheehan and said with a smile, “Mr. Lambert, Niky is a very nice girl. You should cherish her.”

Prince Wale has a grandson who is about the same age as Nikita. Now he is studying at HF University. Originally, he planned to be a matchmaker for his grandson and Nikita.

He has always appreciated Nikita.

At that time, Nikita was still young. Even if he had any ideas, it was inappropriate.

Now Nikita has finally reached the age when he can talk about her marriage, but she has already become another man’s fiancée.

Looking at the future granddaughter-in-law became another man's fiancée, Prince Wales felt pitiful, but he has to admire Nikita's vision.

The fiancée picked by Nikita is better than his grandson just in terms of appearance.

He was the main guest of Duke Rosen's banquet, so his status is obviously noble, and he must come from a noble family.

"Of course." Sheehan hugged Nikita's waist with one hand and looked at her with some dotting lights in his eyes. "I will cherish her so much and do my best to be good to her."

Prince Wales was an experienced person. He can see at a glance whether Sheehan is sincere to Nikita. He smiled again and nodded: "Niky's vision is definitely not wrong. We are all at ease with the man she takes a fancy to."

"Then we can wait to receive the wedding invitation from Mr. Lambert and Niky." Prince Wales turned to Nikita. "Niky, you must inform me in advance when you get married, so that I can prepare wedding gifts for you in advance."

"No matter where you hold the wedding, I must go to the scene to send my blessings."

Nikita raised her lips and said, "OK."

Sheehan also smiled: "As long as you don't disdain the long journey, we will naturally welcome you very much."

"I must attend Niky's wedding banquet even if I have to cross half of the earth."

Prince Wales's words all revealed an extraordinary relationship with Nikita.

People who hear their dialogue around were still not clear what the identity of Nikita, but no one will dare to despise Nikita again.

In addition, from Duke Rosen's conversation just now, some people recognized that Sheehan was the distinguished guest invited by Duke Rosen tonight.

It is conceivable that the status of a distinguished guest who can be invited by Duke Rosen to hold a dinner party is very valuable.

And the fiancée of this valuable guest, who is so valued by Prince Wales, is naturally also distinguished.

How could she be the thief who wanted to sneak into the dinner party and steal things in the mouth of the noble lady?

Some people can't help but feel glad that they didn't do anything too much with the noble lady just now, otherwise...

The noble lady's face is already pale to the extreme at the moment.

In front of Prince Wales, she has always been cautious and respectful. She dares not to take such a casual attitude like Nikita. And Prince Wales treats Nikita with the same attitude as a friend with excellent relations.

Obviously, Nikita didn't have an invitation, not because they didn't receive an invitation, but because of their deep relationship with Duke Rosen, so they didn't need to show an invitation at all!

How could she have thought of this at that time?

At this moment, the noble lady already knew that she was in trouble and offended the wrong person. When she was thinking about what to do to save the situation, she heard Duke Rosen sternly said to the bodyguard next to her: "She told you to arrest Mr. Lambert and Miss Swift just now?"

Chapter 1409-The leading bodyguard looked at the noble lady and nodded. "Yes, my Lord, we fail to recognize that Mr. Lambert and Miss Swift are your distinguished guests. Just now Miss Ivy said they didn't have invitations, so we thought..."

The leading bodyguard realized that he had offended Duke's distinguished guests, and he was remorseful. He turned his head and bowed deeply to Nikita and Sheehan: "Mr. Lambert, Miss Swift, I'm sorry."

The rest of the guards also bowed their heads and apologized.

Nikita was certainly not angry for this kind of thing.

The guards were just performing their duties, so she never thought of creating difficulties for these guards.

"They just play by the rules, and I won't blame them." Nikita said to Duke Rosen.

"They are really senseless! Miss Swift and Mr. Lambert are so broad-minded that they are not annoyed with you. Get out of here quickly!" Duke Rosen angrily told those guards to leave.

After all the guards leave, everyone focused on the initiator Ivy.

Duke Rosen also looked sternly at Ivy.

When Ivy saw the scene, she was suddenly frightened.

At this moment, she had already regretted it.

She was thinking about teaching Nikita a lesson, in order to please Princess Selena. In addition, she also didn't like Nikita. She thought she could easily handle Nikita. How could she think of this?

That Nikita was completely not that easy to deal with as she looked.

Not only did she fail to give Nikita a lesson, but she brought shame on herself in public.

“It’s not your family’s turn to dictate my Rosen family affairs. Just mind your own business. It seems that your father is not strict with you on weekdays, so you are so lawless like this.”

Duke Rosen and Ivy’s father were friends, but their relationship was not that close.

The Girl Come Back Is Super Chapter 1410-Even the most authoritative brain expert in the world had given him a check, but he still couldn’t find out what was the cause of his headache. He had also been tested with the most advanced instruments in the world, but nothing could be found. The results of every examination were the same, saying that everything in his brain was normal, and nothing abnormal could be found. Not only the brain, but other parts of the body. All the places that should be examined had been examined, but the cause still couldn’t be found. Finally, the doctor implicitly and tactfully suggested that his headache might not be a physical cause, but a psychological one. This was to say that he was psychologically ill, which meant that he felt sick, but actually he was healthy.

Duke Rosen naturally disagreed with this statement, but after all the necessary examinations had been done, and the cause could not be found out, he once doubted whether there was something wrong with himself psychologically.

He had also seen a psychologist, but no doctor could cure him physically or psychologically. Every time he had a headache, he couldn’t wait to kill himself. So, regardless of whether what Prince Wales said was true or not, even if there was only one percent hope, he would try it. He would do anything as long as he could stop suffering from headache. He had been looking forward to the highly-skilled doctor, but he didn’t find it for a long time, so he couldn’t help worrying. He was afraid of any changes in his medical treatment, which might lead to the result that his only hope would be dashed. Prince Wales was stunned, looking toward Nikita looked at, and then laughed out loud. With this smile, Duke Rosen became more anxious, and frowned: “Your highness, is there something wrong with the highly-skilled doctor, who won’t come tonight? Or did your highness coax me to be happy and have lied to me before, so there is no highly-skilled doctor at all?”

“Don’t worry, Duke Rosen. How can I lie to you about such a thing? The doctor is naturally true, and she has already arrived.” Prince Wales had not specifically talked to Duke Rosen about Nikita before. So Duke Rosen only knew that there was a powerful doctor who could cure his headache, but he didn’t know the doctor’s age, gender, appearance or name. “The doctor has already arrived?” Duke Rosen was stunned,

looked around, turned his eyes to the gate, and then looked back, frowning. "Your Highness, where is the doctor you are talking about? Can your highness introduce to me?"

Most of the people in the hall were familiar to him.

Duke Rosen didn't see anyone like a highly-skilled doctor. "Duke Rosen, the man you want to see is just in front of you." Prince Wale said with mirth. "In front of me?" Before Duke Rosen could react, he paused again and said, "Your Highness, what you said is..." Prince Wale turned his head and looked at Nikita: "Niky is the highly-skilled doctor I told you about, and I forgot to introduce her to you just now." Duke Rosen followed Prince Wale's eyes to Nikita, and then he showed an unabashedly surprised look. "Miss Swift is the highly-skilled doctor?!" Duke Rosen was obviously surprised that the superb doctor in Prince Wale's mouth would be such a beautiful little girl of such age. He thought it should be an old man with a gray beard.
