

The Girl CB 1451

Chapter 1451-As long as you are happy, Miss Swift.

“How do you know he is your brother?” Sheehan was a little curious about this. “If he is your brother, how can he become

the son of Duke Rosen now?”

“I’ve had it investigated. And I’ve checked with Duke Rosen.”

Nikita told Sheehan everything about her asking someone to do the investigation after she began to suspect the identity of

Sylvester.

She also told him how she came to Duke Rosen and confirmed it.

“So, I am very sure that Sylvester is Freddy.”

She also told Sheehan about her hypnosis for Sylvester.

After hearing her words, Sheehan nodded and said: “That must be right. Now that you two siblings have reunited, what

are you going to do next?”

“I’m going to let Sylvester choose by himself.” Nikita’s tone sounded very relaxed. “As long as know he still live a good life

in this world, it’s good enough for me.”

“Other things don’t matter.”

Sheehan understood what she meant. He caressed Nikita’s head and took her to the sofa to sit down:
“This is really worth

celebrating. Tell me what you want to eat. And I will cook for you.”

“I can order whatever I want?” Nikita looked up at the man’s handsome and noble face and raised her eyebrows.

Sheehan also raised his eyebrows: “Of course. As long as you are happy, Miss Swift.”

Nikita picked up a smile and leaned back lazily on the sofa. Even her voice sounded lazy: “Then, I’ll suit myself. Sliced

Beef in Hot Chili Oil, Sour-sweet Fish, Prawns with Garlic and Braised Pork Chops stewed Pork Chops.”

She ordered a series of dishes, none of which was complicated and difficult to cook. But it would still take a lot of time for

all the dishes to be served.

The girl smiled charmingly and said: “I will be looking forward to Chef Lambert’s cooking.”

There was always an affectionate smile remaining in Sheehan’s eyes. After hearing her orders, he slightly lowered his

head and approached her with one side of his face: “Can Miss Swift give me a little treat in advance?”

Nikita looked at the man's handsome face with deep contour and chuckled. She sat up and stretched out her hand to hook

the man's neck. Then she sent her lips over.

Sheehan's eyes darkened down. He put his arm around the girl's soft waist and buckled the back of her head with the

other hand.

He pressed his lips against her and deepened this kiss with gentle strength.

More than ten minutes later.

Nikita panted with her whole body falling on the sofa weakly. Her fair face was also dyed with breathtaking rosy color.

Sheehan's eyes looked dark. He looked at the girl's red and swollen lips with a pair of burning eyes and sipped his lips.

After a while, he spoke up in a hoarse voice. "I'll go to cook. If you are hungry, eat some snacks first."

"Hmm." Nikita replied to him neatly. And her voice also sounded a little hoarse.

Chapter 1452-She is her fan.

At this moment, the director also came here.

"Nikita, there are two new actresses in the crew. And several scenes that had been filmed before have to be filmed again

today. After a few days of rest, how do you feel now?"

Nikita used to play opposite Vanessa.

Now that Vanessa has been arrested and replaced by another actress, the scenes will have to be filmed again.

The director actually feels that it's a pity.

Because Nikita performed very well in those scenes. He was very satisfied.

He was afraid that it wouldn't be as good as before when they needed to film the scenes again.

"I'm okay." Nikita still remained a carefree appearance. Her tone sounded casual.

The director has already known how capable she can be in acting.

And he is still very confident in her acting skills. He is not worried that Nikita's performance may have some problems. But

he is afraid that the actress who plays opposite Nikita may not be able to cooperate with her well.

Vanessa's acting skills can't be considered as excellent. And it's not as good as Nikita's. But she graduated from an acting

school and has rich experiences after all. So she didn't make any mistakes in her performance.

However, the newly found actress entered the entertainment industry through a talent show. She is good at singing. But she

is still lack of some acting skills.

“Well, let’s audition for a short part first. If there are any problems, we can find out in time.” While saying so, the director

waved to the actress standing not far behind him. “Faustina, come here.”

The actress’s name is Faustina. She made her debut in a singing competition. Although she failed to win the first place in

this talent show, her popularity was much higher than that of the first place.

Faustina’s image in the entertainment industry is cute and clever.

And she has an exquisite and cute appearance, which made her look like a good girl. Her sweet appearance doesn’t look

aggressive at all. With her lovable character, she has countless fans.

Hearing the director call her over, Faustina trotted to the director’s front.

“Director, what can I do for you?” Even her voice sounded very soft.

People could tell from her voice that she is a good and obedient girl.

“Faustina, you need to play opposite Nikita later. You two can do an audition now, which can help you devote yourself to

the roles in this play.” The director introduced Nikita to her. “This is Nikita. I don’t need to introduce more. You know her.”

As soon as the director just finished saying so, Nikita heard Faustina's excited voice sound: "Wow, I finally get to see you

in person, my goddess! Oh my god! You look a hundred times better than your photos and videos. You are beautiful, so

beautiful."

Nikita: "..."

Chapter 1453-Xavier is here.

Unfortunately, she only heard the legend of Autumn at that time.

But she never got to see Autumn in person, which has always been a pity for her.

Now, she finally has a chance to meet Autumn in person.

Unexpectedly, Autumn not only has a high IQ and great academic performance, but she also looks like a fairy. Besides,

she is very skilled at e-sports. And she also can write songs and act.

Such a perfect person actually exists in real life.

At this moment, Faustina simply looks like an excited fan in front of Nikita, who doesn't have eyes for anyone else but

Nikita.

If it weren't for her trying her best to hold herself back, she would have thrown herself into Nikita's arms!

Because her idol is not only super beautiful, but also smells very good.

"Are you from the High School in M City?" Nikita looked down at her hand that was held by the other party tightly. Although

she was not used to this, she didn't shake it off.

"Yes, I was lucky enough to go to the same school as you, Autumn!"

Faustina said excitedly: "There are many legends about Autumn in the school. You are our idol and model!"

Hearing her call her Autumn over and over again, Nikita picked up a smile. "Just call me by my name. There is no Autumn

here, only Nikita."

"Ha ha... Nikita, I didn't expect Faustina to be your fan." The director stood by and watched this scene. He said cheerfully:

"Good. This is good! Ha ha!"

Both Vanessa and Henrietta were replaced because they had problems with Nikita. And all the scenes involved them have

to be filmed again.

Although the losses have been covered by Xavier, it is quite troublesome to change the actresses and film the scenes

again.

Naturally, the director does not want similar incidents to happen again.

Now, it seems that at least, Faustina won't have such problems.

After the director happily said so, he arranged a play for Nikita and Faustina to improvise.

Nikita could devote herself to her character within seconds as before. And she performed the whole play so easily and

perfectly that the director couldn't point out the slightest mistake.

Faustina was never trained professionally. And she had never acted before. So it obviously took longer time for her to

devote herself to her role. And her acting skills were obviously inferior to Nikita.

At first, because Nikita entered the state too fast, Faustina couldn't adapt to it for a while. And the whole people still felt a

little stunned.

So she couldn't cooperate with Nikita well.

After Nikita realized this, she deliberately slowed down her rhythm to guide her. And Faustina also slowly enter the state of

acting under her guidance. Their interpretation later got smoother and smoother.

The director was satisfied with both of their performances and also praised Faustina.

Because Faustina's performance was much better than he imagined. Even if it is not as good as Nikita's, it's obvious big

progress for Faustina herself.

After this, the shooting process went smoothly. The newly replaced female host and female partner don't like to make

scenes. After Vanessa and Henrietta were replaced, the rest of people in the crew were also very polite and friendly to

Nikita. Almost half a month later, all the scenes that involved Nikita were finished.

Originally, the director wanted the screenwriter to add some scenes for Nikita. But Nikita turned him down nicely.

The reason why she promised Xavier to film was just that she had never been an actor before. And she found acting

interesting.

But no matter how interesting the thing is, once she has tried it, she lost her interest in it.

On the day of Nikita finishing all her shootings, she invited the whole crew to the best local restaurant to paid for the party.

After a group of people arrived at the restaurant, and they were halfway through the party, an unexpected guest showed

up.

When Xavier appeared, people who knew his feelings for Nikita were quite surprised.

Since Nikita and Sheehan made their relationship public, Xavier never showed up again.

Chapter 1454-He looked decadent and depressed.

When Nikita saw Xavier, she also looked surprised.

She didn't expect Xavier to come either.

After She and Sheehan announced their relationship to the public, Xavier never contacted her again. In the past, he

always came to talk to her. But for the past half of a month, he has never contacted her once.

Nikita knows the reason. Since Xavier didn't come to her, she didn't contact Xavier either.

She once thought that if her friendship with him just faded like this, it wouldn't seem to be a bad thing.

Because she is doomed to be unable to give Xavier what he wants.

So she didn't expect Xavier to appear on the day when she finished her filming.

"President Blake?" The director sat at the same table with Nikita.

When he saw Xavier, he paused for a while. After coming to his senses, he immediately got up and walked towards

Xavier.

When the rest of the people saw the director walking towards Xavier, they also came to their senses and got up together

to greet Xavier respectfully. "President Blake."

Only Nikita was still sitting at the table.

After Xavier nodded towards the director and everyone else, he turned to look at Nikita.

There were complicated emotions showing in the man's narrow and beautiful eyes. He stared at Nikita. After a few

seconds, he took the initiative to say hello to Nikita: "Niky, you finished all your shootings today and invited the whole crew

here to party. Why didn't you tell me?"

"Are you going to invite me to dinner alone?"

The man's voice sounded a little hoarse. And his handsome and evilly charming face didn't look as bright as usual. And

the whole person looked a little decadent and depressed. He has always paid great attention to his external image. And

he actually didn't shave his beard for the first time.

His raccoon eyes were quite obvious, which also showed that he hasn't had a good rest recently.

Nikita has known Xavier for many years.

But she has never seen Xavier be so sloppy and depressed.

Xavier always pays special attention to his image in front of her.

And when it comes to dressing himself up and skin care, he actually makes her ashamed of herself as a woman.

Seeing Xavier like this, Nikita was stunned for a while. There was shock showing in her dark eyes.

However, she soon returned to normal and smiled at Xavier. Her tone sounded as usual: "I thought you were not in F

Country."

"I've been here all the time." Xavier also picked up a smile. And his tone seemed to be no different from usual too. "I have

been busy with other things for the last a couple of days. And I finally got some free time today. I originally planned to go

to the crew to visit you, only to know that all your shootings are finished today."

"Oh, then you're not too late. We haven't finished yet." Nikita casually pointed to a position, picked up the juice on the

table and took a sip. "If it's okay to you, you can sit down and eat with us."

Chapter 1455-Xavier, I'm getting married.

Xavier took a look at the half-eaten foods on the table and picked up a smile. After he walked to the position beside Nikita

and sat down, he called the waiter over to bring him a pair of chopsticks.

There are seven or eight people sitting at this table.

Xavier is now sitting in the director's position. After the director saw him sitting beside Nikita, he was clever enough to find

an excuse to sit down at a table next to them.

And other people also came up with some excuses to change tables.

Suddenly, there were only Nikita and Xavier left at this table.

Nikita frowned. She looked at this man on her side who she has been familiar with for a long time and felt a little

uncomfortable.

There are some things which she can pretend never happened.

But there are also some things she can't ignore.

After she knew about Xavier's feelings for her, she knew very well that the relationship between them could never return to

the past.

It's not Xavier who cares.

She cares.

Neither of them spoke up. People who were sitting at other tables were originally still chatting. After Xavier showed up,

they all seemed to quiet down with some kind of tacit understanding.

For a while, the atmosphere was quiet and awkward.

After a moment of silence, it was Xavier who picked up a bottle of red wine on the table to pour himself wine and then

raised his glass towards Nikita: "Niky, I heard the director said that you had performed very well during this time. And you

are clever and talented in acting. You are not inferior to professional actors at all.

And you are even better than some of them."

"Since tonight is a party to celebrate you finishing all your shootings, I'll propose a toast to you and congratulate you on

your successful filming. I also wish the first TV series you participated in can be a great success."

Based on the relationship between Xavier and Nikita before, his words seemed a bit too polite.

Nikita raised her eyes to look at him. And the expression on her face didn't change. She raised her glass and said in a flat

tone: "Then I also wish this TV series you invested in can bring you a lot of profits."

"Ha ha..." Xavier laughed out and raised his head to gulp down the red wine in his glass. "Speaking of this, this is also a

TV series invested by you, Niky. Okay, then we both wish this TV series can be a big hit."

Nikita also owns almost half of the shares of the entertainment company which was run by Xavier.

However, Xavier is the boss on the bright side. While she is the boss behind the scenes.

Nikita nodded and left no comments.

After that, there was another silence.

Nikita buried her head down and focused on the foods quietly, while Xavier drank wine one glass after another.

Before long, he has drunk most of the wine in the bottle.

"Niky." Xavier seemed to have made up his mind and suddenly raised his head. His long and narrow eyes looked dark

and unclear.

He stared at Nikita for a while with complicated expressions showing on his face. Then he slowly spoke up: "Are you

serious to be with Sheehan?"

Chapter 1456-This is not the Nikita he knows.

Xavier stared at her for a long time after she said so.

It was not until he was sure that Nikita was not joking with him that he finally couldn't hold back his emotions and broke

out. He said with anger showing on his face: "Nikita, I know that you have always been a casual person. And you don't like

to be restrained.

You always go your own way. And you don't care what others think. You can do whatever you like. Naturally, no one can

control you."

In the past, when Granny Callie was still alive, Nikita could still take her words seriously.

After Granny Callie passed away, Nikita was unwilling to listen to anyone.

"But marriage is no child's play. It is something that can affect you all your life! Do you know what you are doing?"

Xavier couldn't believe that Nikita would make such a decision.

She is actually willing to get married at such a young age.

This is not the Nikita he knows.

He remembered Nikita once said that she was not interested in marriage. And it was very likely that she would never get

married in the future.

He thought that she would be always against marriage.

He even thought it was okay if she never got married. He won't get married either, so that he could accompany her for the

rest of his life like this.

But now...

She suddenly told him that she was going to get married.

She is going to marry Sheehan.

He was still thinking that this relationship between her and Sheehan should have passed the period which could make her

feel fresh and excited. She should be feeling bored about it.

This is the first time for Xavier to call Nikita by her name in such a serious tone.

He is angry now, very angry.

He feels Nikita is just being impulsive. She isn't herself now. She doesn't know what marriage means. When she has a

clear understanding of marriage, she will definitely regret this.

She has always been a person who chooses to go her own way.

How can she get used to having one more person in her future life? And she will always have to spend time with him and

have a close relationship with him. How can she be okay with that?

The more excited Xavier got, the more calm Nikita looked.

She waited calmly for Xavier to finish. Then she responded to his words in no hurry. Her voice sounded very light. But

every word she said was particularly clear: "Xavier, I know very well what I am doing. And I have clearly considered what I

will face after making this decision"

"Marriage is no child's play indeed. So you should also know very well that I didn't say it casually. And I didn't make this

decision at will."

It's definitely not a casual decision for her to decide to marry Sheehan.

Instead, she is sure that Sheehan is a man who suits her in all aspects.

She won't regret marrying him.

Xavier looked at her dark eyes. He could tell that she was serious about this. He frowned tightly.
"Nikita..."

"I told you this because of our friendship for many years. And I hope to get a blessing from you. If you can't bless me, it's

okay.

But don't ruin it for me. And don't ever lecture me."

Nikita spoke up to interrupt him: "You know I hate others giving me a lecture."

"If the things you are going to say are not something I'd like to hear, then you'd better stop."

Nikita's tone sounded a little annoyed. Based on Xavier's understanding of her, he knew that if he continued to say so, she

may directly leave with a gloomy face.

Xavier sipped his lips tightly and didn't want to really anger her. His hands which were hung under the table were clenched

into fists.

And he couldn't look more gloomy. After a long silence, he finally raised his head. His eyes showed that he was hurt. And

his voice sounded hoarse. "Niky, so do you have to marry Sheehan?"

Chapter 1457-Well, I wish you happiness.

Does she have to make him completely desperate?

..not even the slightest hope.

He always thought that when she gets tired of this relationship with Sheehan, she could come back to him again.

She can have a long love affair with Sheehan.

One year, two years, three years will do.

He can wait.

No matter how long, he can wait.

But now, he is not even qualified to wait.

Nikita looked at him and nodded without any hesitation: "Yes, I have already decided."

Xavier's eyes dimmed, losing color. He seemed to be collapse in an instant. Sipping his lip, he didn't say anything more.

He knows Nikita well.

That is why he feels so desperate.

Nikita is really going to marry Sheehan.

“Well: A few minutes later, the man’s hoarse voice sounded again: “Niky, now that you have thought it over, you won’t

listen to me. If you need my blessing, I wish you happiness.”

After saying this, Xavier got up and left.

He didn’t stay long, and left quickly.

Looking at Xavier leaving, all people cast their sights on Nikita, discussing.

“Hey, you say, what’s going on between President Xavier and Nikita? They wouldn’t be making conflicts, would they?”

“Who knows, maybe, President Xavier frowns really hard just now.”

“Have you heard that rumor?”

“What rumors?”

“Well...” The speaker was a female staff member. After looking at Nikita, she lowered her voice.

“President Xavier likes

Nikita, but Nikita and Sheehan announced their relationship. She disappeared for so long probably because of this.”

“Ah, I also heard about this. If this rumor is true, President Xavier has no hope at all.” “Indeed, his opponent is Sheehan.

Who can be better than Sheehan? If I were Nikita, I would choose Sheehan.”

“I really envy Nikita. She is very outstanding, and so does her man!”

After dinner...

Sheehan waited outside the hotel half an hour in advance.

Chapter 1458-Mr. Lambert, will you give up?

This is a man whom they can't even think about having a romantic relationship with.

Now, this man fell in love with an actress in their crew. He even comes to pick her up in person, which makes them

jealous.

Nikita saw Sheehan coming towards her, smiling.

Faustina looked at Sheehan, who was getting closer and closer, and was spellbound. She lowered her voice, “Niky, your

boyfriend is so cute. I heard others saying that the president of the Lambert Group looks so vicious that everyone will be

frightened when looking at him.”

“Now that I have seen myself, I think the first person to say such a thing is either blind, or being so jealous of your

boyfriend’s handsome appearance that to spread rumors.”

Sheehan can popular in the entertainment industry.

He is even better-looking than many A-list male celebrities.

He’s way better-looking than them.

“However, only someone as good as your boyfriend can be worthy of you!”

Faustina admires Nikita.

He who is worthy of a goddess must naturally be a god.

President Xavier may not be excellent enough to be a god.

While Faustina was speaking, Sheehan had already come over.

Seeing Nikita, he swept away the cold expression, smiling. He held out his hand towards her, with his voice low and

gentle: “Niky.”

Faustina, who is standing next to him, is touched by the hidden emotion in his voice.

“Mr. Lambert.”

When the director and the crew saw Sheehan, they greeted him politely.

Although Sheehan is not a person in their circle and has no cooperation with them at present, the big shot can decide their

future.

No one dares to neglect him.

Sheehan nodded at several people, then held Nikita's hand. He said to the director politely, "Please help me take care of

Niky during this time. When we returned, I will invite everyone to hold a dinner party, on me."

The director said without hesitating, "No need, no need. Nikita is very smart. She performs outstandingly in the crew. We

didn't particularly take care of her, actually."

Sheehan was polite to them and said he would invite them to dinner, but they didn't dare to regard the invitation to be true.

Back to the villa...

Nikita went to take a shower. Meanwhile, Sheehan has been holding a hair dryer beside the sofa waiting for her.

She wiped her hair with a towel and walked towards him.

After sitting down, Sheehan skillfully turned on the hair dryer and blew her hair.

“What are your plans after filming?” Sheehan looked at the girl who circled herself into a ball like a sleepy cat. His

movements became more and more gentle.

Squinting, Nikita answered lazily: “I don’t have a specific plan now.

Or, to be your secretary?”

“Sure. Sheehan didn’t think about it and promised. “However, is it a bit too low-key to be a secretary? What about the

position of vice president?”

Nikita said casually.

However, after listening to Sheehan, she raised her brow, smiling: “Aren’t you afraid that me as the vice president messed

up the company?”

Sheehan: “No.

Nikita raised her eyebrows again: “What if I am interested in the position of president? Will you let me have it?”

Chapter 1459-Niky, stop it!

“If you like it, there is nothing I can’t give way to you.” Sheehan lowered his voice. “You can even have me.”

“Anytime.” He thought, but he didn’t spit it out.

Nikita knew what he meant.

Maybe because of the warm wind, she feels the impulse surging, and her heart beats much faster.

Most of the time, Sheehan is a gentleman.

Previously, they just kissed.

Nikita isn’t conservative.

She felt that there was nothing wrong with it if they do it.

At the thought, Nikita wanted to fool around with Sheehan. She smiled, and pressed his hands.

She seriously yet casually said: “Well, let’s do it right now.”

The man paused. He looked down at her in surprise.

It seems that he was indeed quite surprised.

Nikita smiled, and was about to unbutton his shirt.

She was pressed down.

The man's low and dull voice sounded above her head: "Niky, dont make trouble."

Nikita looked up, pretending as if she didn't know what he meant.

She raised her brows; 'I didn't make any trouble. Didn't you say I can have everything including you?"

Sheehan looked at the girl with a clever smile on her side, knowing that she was deliberately making trouble, but he was

still affected

uncontrollably.

His eyes darkened.

"Stop it." After taking a deep breath, Sheehan once again held down the girl's hand. There was obvious restraint and

depression in his hoarse and low voice. "If you continue to make trouble like this, I will take your words seriously."

"Then take it seriously." Nikita blinked, as if to say that it's a nice day, casually.

Sheehan paused again, motionless.

After a long time, Nikita heard his voice was more hoarse: "It's not about the time."

She is still young.

He can't act out of impulse.

Although she is an adult in terms of age...

If he takes this as a reason to do anything without conscience, he's really a beast.

She is not sensible because she is still young, but he should be sensible.

Chapter 1460-Then one year later?

"Why not?" Nikita knowingly asked, "Don't you want to?"

Sheehan's sight darkened again. Looking at the girl's flawless delicate face...

Sheehan felt a sense of burning desire.

Doesn't he want to...

Of course, he wants.

After being together with her, he suppressed himself almost all the time.

If she were two years older, he wouldn't be repressing himself as he is now.

"I wanted it, but..." Sheehan's voice was hoarse. "Niky, now is not the time. If you are willing to do it next year, we will..."

"Forget it." Nikita teased him for a while, also feel that it is no fun to tease anymore, "I don't want to force you, just pretend

that I haven't said it."

“I am not forced.” Sheehan changed to the other side. He was afraid that Nikita really thought he was unwilling and

patiently explained, “Niky, you are still young now. If I sleep with you now...you may regret it in the future.”

Nikita: “What if I don’t regret it?”

Sheehan paused for a few seconds before saying, “Even if you don’t regret it, I will feel that I am an animal.”

Sheehan has his own principles.

Nikita is a very important person to him throughout his life.

Even if he is not a traditional person, he doesn’t plan to sleep with her after marriage. It’s just that regarding the love of his

life, he doesn’t want to treat her casually.

“Oh, well.” Nikita looked up at the handsome man. She smiled, teasing, “However, Sheehan, are you sure you can really

endure the desire until a year later?”

Sheehan: “...”

He’s not really sure.

Especially when she takes the initiative.

“Then, let’s do it one year later”

Nikita changed her sitting position, yawned lazily: “I’m not in a hurry anyway, it’s just that as long as you can bear it.”

Sheehan: “...”

On the next day...

After filming, Nikita didn’t intend to stay in the F Country, and Sheehan’s affairs had already been handled. He stayed in F

country just to wait for Nikita, and they were ready to leave after planning the next trip.

Before leaving, Nikita went to Rosen Castle.

“Sister, are you leaving?”

Hear Nikita to leave the F country, Sylvester looked at the eyes of the Duke of Rosen standing next to him, feeling

complicated.
