

## **The Girl CB 1491**

Chapter 1491- It's not hard to find him.

Nancy was very angry. When she heard this, she eased a bit, but was still very angry: "Have you ever thought about how

much impact and loss you will cause to the factory?"

"I understand." The employee shed tears and said, "I really had no other choices. I only have one daughter."

"Please. I can take any punishment as long as my daughter is healthy. Miss Nancy, please. Could you punish me after my

daughter receive her surgery?"

As the employee spoke, she plopped down on her knees.

Nancy was startled. She looked at the employee kneeling at her feet and begging. Her eyebrows twisted tightly.

She wanted to teach her a lesson.

But now...

"What's wrong with your daughter's heart?"

This time, Nikita, who had always been silent, talked.

She looked at the employee who was still kowtowing to Nancy, saying lightly, "Which hospital did she have her surgery in?"

"Which doctor did it for her?"

The staff who are kowtowing raised her head. Looking at Nikita, she was stupefied.

Nikita is playing with a pen on the table: "Didn't you say that Rosa promised that she would find a good hospital for your

daughter and then find a good doctor to operate for her?"

"Which hospital and doctor did she promise you?"

"Yes, it is the best big hospital and city hospital in the city. It is the head of the hospital who performs the surgery."

"The civic hospital?" Nikita looked at the employees. "Are you talking about Director Frank?"

The staff stunned again, then nodded, "Yes. Miss Garrett said he is a brilliant doctor who performed surgeries for many

big shots."

"It would definitely be a successful surgery if it is performed by him."

"So, this is the main reason why you cheated." Nikita's tone is very gentle said, "Because Rosa promised to find Director

Frank to do surgery for your daughter, you just made up your mind."

If only hundreds of thousands of surgical expenses, the temptation is not enough.

The employee nodded after a moment of silence.

“Then if I promise you that you can find a doctor who is better than Director Frank to operate on your daughter, are you

willing to tell the truth to the public and prove that our factory has no quality problem?”

Since the main reason for betrayal is for her daughter’s surgery, she will definitely not cheat on Rosa until her daughter’s

operation is finished.

Or else, they can only offer better and more favorable conditions.

“A doctor who is better than Director Frank?” The employee paused.

Nikita nodded and stood up: “Director Frank’s master, Lemuel, can you rest assured of his medical skills?”

“The magic doctor Lemuel?” The employee suddenly widened her eyes. “I have heard of his name, but, but this magic

doctor is without a trace, and no one knows where he is.”

“Ah, that’s what happens in general.” Nikita nodded again, threw the pen in her hand to the table. She said lightly, “Well,

fortunately, I have anecdotes with him, so it's not difficult for me to find him."

Chapter 1492-The teacher's order can't be violated!

The bell rang over and over again, and Lemuel carefully wiped his reading glasses. After putting them on, he finally made

sure that he was not dazzled when he looked at the "Little Master" still displayed on the screen of his phone.

He quickly picked up the phone and called happily: "Little Master."

"Hmm. At the other end of the mobile phone, the girl's voice is cold and clear. "Hey, I had a thing."

"Master, please. What can I do for you?"

On the other side, Lemuel sounded as if he's flattering. Fortunately, there were no others around, or else, they must be

scared to death by him.

Lemuel, a famous doctor in the medical field, could be so respectful and courteous to others.

Even in front of those top dignitaries, he won't talk with people in such a tone.

If they know the person whom Lemuel was speaking to was just a little girl, they must drop their jaws.

"Come back. There's an operation for you to perform." Nikita said concisely.

"Operation?" Lemuel stunned. "What operation?"

“You will know when you come back. Don’t ask that much. Call me when you come back.” Nikita then hung up the phone.

Lemuel held his mobile phone: “Little master, you...”

“Beeping...”

In response to him, it was the voice of disconnection of the phone.

Lemuel listened to the disconnection sound and touched the beard that had not been shaved for almost a month. The

beard had grown quite long, and it felt quite pricking.

He touched his beard, sighing. Looking down, he began to check the quickest flight to the N City.

He also plans to fly to the R country tomorrow.

Now it seems that it can’t be done.

All his previous plans have to be put on hold.

Well, his little master let him go to the N City!

His teacher’s order can’t be violated!

He didn’t know what kind of operation it is. Why would little master ask him? She is way better than him regarding medical

skills.

With such curiosity, Lemuel, who has been wandering outside for half a year and whose whereabouts are so mysterious

that even the Lambert can't trace him, obeyed his teacher's orders and boarded the plane flying back to the N City after an

hour.

Nikita just solved the problems in the factory, there came another problem.

Chapter 1493-I will defend for my idol!

It even made Hugh feel that he is a little stressed.

Nikita said faintly: "Clarify?"

Hugh: "Yes, you obviously didn't plagiarize, but now someone deliberately slandered you and said that you plagiarized.

Aren't you going to clarify?"

"You cant let them keep talking like that and framing you, can you?"

Hugh knows Nikita has always been the kind of indifferent temper.

A huge instance seemed to be small in her view.

But even if it doesn't matter, he can't just let the villains succeed.

He won't accept it anyway!

“I’ll take care of it myself.” Nikita still doesn’t care much.

Hugh didn’t dare to say anything more.

Otherwise, it will be an awkward situation.

“All right. If you need my help to clarify, just text me, I am always there’

After a while, Hugh hung up the phone.

The agent looked at his unhappy expression and laughed: “What’s the matter? What did boss Nikita say that makes you

frown like this?”

Hugh was preparing to participate in a shooting. He threw his phone away and sighed: “I feel that Boss Nikita is not

concerned about the rumors at all.”

“Since she is not in a hurry, why are you in a hurry?” The agent smiled again. “When you were slandered, you were never

so angry.”

Hugh sat down weakly: “You don’t understand.”

It doesn’t matter if he is slandered, he is used to it anyway.

He couldn't accept it if his idol was slandered!

His idol is so fantastic, why would those people do that?

"No, I can't stand this!"

Hugh suddenly sat up straight and picked up his mobile phone again.

The agent looked at him and frowned. "What do you want?"

Hugh opened his social platform accounts and read the rumors under Nikita's topics. He greeted his teeth: "It is

inconvenient for her to clarify, then I will clarify for her!"

"You are..."

"I will protect her! Go away!"

Therefore, less than ten minutes after Nikita and Hugh finished talking on the phone, she received a reminder notice of

heated discussed topics on the social platform.

Originally, she glanced at it inadvertently, but after seeing the new heated topic, she was slightly dazed, frowning.

It turned out that there was Hugh's rumors.

Moreover, the rumor even went up to the top discussed topic.

Those three became the most heated discussed ones.

Hugh is top-notch in the industry.

Suddenly, such a shocking topic broke out, and the public's attention suddenly shifted from Nikita's plagiarism to Hugh's

depression.

Although Nikita gains a certain degree of attention, she is not a person in the entertainment industry after all.

The netizens who were still discussing the plagiarism of Nikita turned into discussing Hugh;

Hugh's discussions came all of a sudden.

Chapter 1494-Aroma is Nikita

This is a bit too coincidental.

Nikita won't believe that there are so many coincidences in this world.

She can't think of other possibilities except that Hugh exposed himself.

Hugh replied immediately.

Hugh: No.

He denied it quickly.

But Nikita doesn't believe him at all.

Nikita: You tried to block my rumors by spreading yours? How did you come up with such a stupid way? Don't tell me you

didn't

break the news yourself. Don't think others are as stupid as you.

Hugh: ...

Nikita: Do you know what I dislike least?

Hugh: What is it?

Nikita: Returning favors. Hugh, I know you did it for me. However, I can handle it myself. I really don't need your help.

Hugh: ...

Nikita looked at her reply, worrying that she might be too ruthless.

Although this method is really stupid, she appreciates his warm thought.

Nikita: Have you recovered from suffering from depression? And is it true that you were bullied?

Nikita didn't know that Hugh had ever suffered from depression.

When she met Hugu, he seemed quite normal.

People who have suffered from depression, even if they recover, will no longer want to recall the time when they suffered

from depression, which could be a second-time mental torture.

The same is true of people who have been bullied.

No one will want to recall the pain once again, and no one will want to let so many people know her pain.

Hugh helped her regardless of himself.

She said he was stupid, but she was also touched.

This time, Hugh's reply is not so fast.

After waiting for almost a minute, he replied: It's all in the past. I'm fine now.

Nikita sipped she lips. She didn't reply.

Less than ten minutes after Hugh's discussion, there's another heated search surged.

It instantly rushed to the top of the hits.

There are hundred-millions of posts under this topic within five minutes.

Chapter 1495-Copy Myself?

“What are you talking about?!” Tammy was stunned, with her eyes widened. “You just said, who and Niky?”

Tammy actually heard what Samuel said clearly.

But because she was so stunned, she doubted whether she had misheard just now.

Niky is Aroma?

Aroma, who is quite famous and mysterious in the world and has served as a judge of the National Youth Piano

Competition before?

Did she really hear him right?

“Aroma!” Samuel was a little incoherent with excitement. “It is the world piano master Aroma!”

This time, Tammy was sure she heard correctly.

She was so stunned that she’s babbling. “Niky...Niky is Aroma?!”

“You, how do you know?! Where did you hear that?”

“On Twitter !” Samuel excitedly stuffed his phone to Tammy. “Look at the hits.”

Tobin also looked at it on his phone. He was also stunned: “It’s true, I saw it.’

Tammy also saw the topics.

At the top of the hit list, the topic spread heatedly like a bomb.

Clicking into the hot search, the netizens who participated in the topic were obviously startled. There were hundreds

thousands of posts within seconds.

“What’s going on? Aroma turns out to be a little girl? I thought she’s in her forties! I’m not dreaming am I?”

“So, the internationally renowned talented pianist is still a high school student? My God, what an amazing story is this? I

dare not write a drama like this!”

“Five years ago, the talented girl who won the first place in the national college entrance examination with full marks in

general

practice was Nikita, which is stunning enough. Now, a more stunning identity of her has emerged! God, who is this Nikita?

Could there really be such a powerful person in the world? If she is

Aroma, wouldn’t she have been famous all over the world a few years ago!!!”

Aroma is famous all over the world several years ago.

“She was already the top student in the college entrance examination with full marks and a world-class pianist. What are

we doing in our teens?! We don’t seem to live in the same world!”

Netizens seem to be crazy.

Tammy felt that she was also going crazy.

“Niky is really...Aroma.” Tammy stared at her phone for a while and looked up, still feeling incredible, “My God, this is

actually true. She is SO awesome, she actually has such an awesome identity!”

Nikita directly used Aroma’s account to respond to plagiarism.

She responded: I copied myself?

Nikita’s account is an international version.

That is, a social platform used all over the world.

She seldom posts anything on that account, but every time she says something, it can cause a sensation.

Chapter 1496-I’m a little worried about Felton.

Her reply was immediately screenshot and spread.

In less than two minutes, this screenshot response was forwarded by netizens and topped the hot hit list.

The identity of Aroma has always been a mysterious problem without solution.

No one has ever seen what the face under the mask.

But now...

This mysterious piano master, who always makes people wonder what she looks like and who she is, actually expose

herself!

She turned out to be such a beautiful young lady!

As a teenager, she is already a world-class famous piano master!

Who would have thought of this!

Compared with the stunned degree of netizens, Tammy and others, who used to get along with Nikita almost day and

night, were even more shocked.

They're thinking Nikita kept such an amazing identity from them.

The world-class piano master, Aroma, who is famous all over the world, is actually their good friend!

Several people were stunned at first, and then they were so excited that Samuel blushed and said excitedly, "Niky is

Aroma, and we are good friends with Niky, so we are good friends with the world-class piano master?"

Samuel suddenly felt that he was awesome.

The sense of pride and glory came up.

“So to say, the world-class piano master Aroma is also my sister-in-law! Oh my God, my sister-in-law turned out to be

Aroma, no, no, I have to post it and show off immediately, whoops, my sister-in-law is so powerful! Brother Sheehan really

found a treasure!”

As soon as Tammy finished speaking, she suddenly felt as if the atmosphere cooled down all of a sudden.

“Ahem!” Samuel sighted Felton’s face. He hit Tammy with his elbow.

It really shouldn’t be said.

The last thing Felton wants to hear now is probably the “sister-in-law” that Tammy just shouted.

He didn’t even tell his brother that he would go abroad today. Every one knows how hard he minds about their

relationship.

Tammy looked up at Felton, only to react that she seemed to have said something she shouldn’t have said just now.

“Ahem, that, brother Felton, don’t you really tell brother Sheehan?”

Tammy didn’t want her family to make such a stiff situation. She wanted to persuade him.

Felton looked at her with no expression on his face. He didn’t answer her question: “I’m going in. I’ll contact you when I get

there. You can head back.”

“But...”

Tammy still wants to say something, but Felton has turned around, leaving them with a figure that gradually fades away.

Samuel sighed: “Alas, we’re really worried about Felton.”

Tobin patted him on the shoulder: “Don’t worry, I believe Felton will be able to adjust himself soon.”

“However, Tammy.’ Tobin turned his head. “Niky and Brother Sheehan really have plans to get married?”

Tammy thought about it, “I don’t know what Niky thinks, but I think brother Sheehan wants to marry her very much.”

“And, they have already got a marriage certificate in the Y country.

Grandpa said that when Niky get older, he will throw them a formal wedding banquet. Niky is willing to get a certificate with

brother Sheehan in the Y Country. I guess she’s willing to marry him as well.

“Get the certificate?” Samuel and Tobin were startled at the same time. “When did this happen? Why didn’t we know!”

Chapter 1497- It also has a great impact on Sheehan.

Tammy looked at the two men: “Just in recent days. Otherwise, why do you think Felton went abroad so quickly?”

Felton is going abroad.

But if Nikita and Sheehan hadn’t stimulated him, he wouldn’t have gone abroad so soon.

This incident has hit him too hard.

As a result, he didn’t want to face Nikita and Sheehan.

Tobin and Samuel looked at each other in astonishment.

No wonder Felton is going abroad suddenly. He doesn’t tell Sheehan. It’s useless for them to persuade him. He still insists

on going.

It turned out to be because of this.

He had no chance to confess to the person he crushes for the first time.

His brother took her away.

This brother is better than him everywhere.

Anyone won't accept it.

Anyway, they all feel that Felton is miserable. It's better to go abroad early. When he gets to another place, at least he

won't be reminded of these memories.

At the Lambert Group...

Sheehan came out of the office after the meeting. He just picked up his mobile phone to text Nikita. The mobile phone

vibrated. It's a call from Yates.

He picked it up, but before he said anything, Yates said emotionally: "Mr. Lambert, our sister-in-law is so powerful, how

come you are hiding it from us. Aren't we good brothers?"

Sheehan stunned: "What do you mean?"

Yates asked a rhetorical question: "Do you still want to hide from us? It's viral on the Internet!"

Sheehan frowned slightly: "What? What's your point?"

"No, you didn't see the hot search of our sister-in-law?" Yates was surprised, "She won't even hide it from you, will she."

Sheehan patiently listened to Yates, but he still couldn't tell what he was saying.

He only knew Yates was talking about Nikita.

“Well, let’s talk about it later.” He didn’t have the patience to continue listening to Yates’ gossip, so he hung up the phone

and logged into his social platform account.

Moments later...

After reading the news, Sheehan’s feeling was a bit complicated, Yates just asked if Nikita was hiding it from him.

Indeed.

Aroma!

Nikita turned out to be the world-famous pianist Aroma?

Is it the Aroma that old Mr. Lambert admires?

This incident had a rather big impact on Sheehan. He stood in place and digested it for several minutes before stepping

into the office, and then called Nikita.

On the other side, the girl answer the phone very quickly.

As always, the girl answered: “Hello.”

Sheehan calmed down slowly at the moment. After picking up the suit jacket on the sofa, he walked out of the office: "I just

got off work, where are you? I will pick you up.'

Nikita was standing on the street, waving for a taxi. She thought about it and walked to the bench at the bus stop behind

her. She then texted Sheehan her location.

"Well, it's close. Wait for me. I will come right away.'

Sheehan hung up the phone and drove into a crossing in front of him. He was close to Nikita. In less than ten minutes, he

arrived at the bus stop where Nikita waited for him.

Sheehan parked his car, opened the door and walked towards Nikita sitting under the tree at the bus stop.

The fine sunlight falling, like light and shadow, slanting on the girl's delicate face.

Nikita is very beautiful. He knew early at the beginning.

But when he looked up and saw the beautiful face of the girl in the sun, he was still stunned for a few seconds, and his

heartbeat accelerated uncontrollably.

Chapter 1498-This is indeed her usual style He walked to the front of Nikita.

The man's handsome and cold face become gentle. He bowed his heads, spoil the girl sitting on the bench.

When he lowered his head, Nikita raised hers.

They look at each other in the eye. Staring at the girl's bright and beautiful eyes, Sheehan's eyes became more and more

gentle: "There was a traffic jam on the road just now, so I delayed a few minutes."

"Hmm." Nikita, of course, won't be angry because she waited a few minutes more. She stood up and hold Sheehan's hand

naturally.

When the soft little hand stretch out, Sheehan immediately held it: "Grandpa asked us to go home for dinner at night. If

you don't want to go, I will tell him."

"Go." Nikita frowned, "Why not go?"

The cook over there cooks delicious food. Of course, she was willing to go.

Sheehan pursed and led her to the black Rolls Royce parked next to her: "Well, Grandpa said he missed you, he hasn't

seen you for a long time."

On the way to the Lambert Mansion.

Sheehan drove very attentively. He occasionally talked with Nikita.

But to put it bluntly, he didn't ask Nikita that he was still at the top of the hot search list.

But Nikita became a little impatient.

She felt that Sheehan must have seen the hot topic on Twitter, but if he did, why did he ask her?

No matter how, it's abnormal.

But he looks quite normal as usual.

When they were about to arrive, Nikita finally lost his temper. After thinking about it, she turned her head and took the

initiative to ask him: "Sheehan, have you surfed the Internet today?"

The man who was concentrating on driving paused for seconds, and then replied with "hmm".

Nikita sipped her lower lip.

He has been on Twitter. He must have seen her trending searches Can you still keep silent?

It's not like his style.

"Then do you have anything to ask me?" Nikita asked.

"Then do you have something to talk to me?" Sheehan turned to look at her and asked.

Nikita: "..."

She felt that Sheehan seemed a little unhappy?

Is he... angry with her?

Be angry that she is hiding her identity of Aroma?

But she didn't mean to hide it.

Whenever he asked, and wanted to know her true identity, she could tell him.

"Don't you know everything?" Nikita looked at the man's handsome face with delicate facial features: If you think I'm hiding

something from you, I can explain."

In the past, Nikita disdained to explain to anyone.

She always does what she wants, and she is used to doing whatever she wants.

But now...

After all, the man beside her is her... husband.

They have been certified in Y country.

She treats him differently from others.

“Are you angry?” Nikita looked at the man’s face, “blame me for hiding from you?”

“No: Sheehan drove the car into an intersection halfway up the mountain and said in a low voice: “Niky, I said I would

respect all your habits. Of course, you can have your own secrets. I won’t be angry about this kind of thing.”

“Then why don’t you ask me?” Nikita asked with confusion, “You are not curious at all?”

“Of course.” Sheehan was silent. “But, I am waiting for you to tell me in person.”

“All right.”

Making sure he was not angry, Nikita slightly relieved. After all, she didn’t have much experience in the relationship

between man and woman.

I spent some time at St. John’s College of Music when I was studying abroad a few years ago. They were recruiting, so I

applied for I have nothing to do.

“Later, I stayed at school for a while and felt that being a teacher was boring, so I quit.’

Sheehan: “...”

It is indeed her usual style.

Chapter 1499-Haven't he given up on you?

She got bored, so she went to act, and when she finished her acting, she would lose her interest.

She didn't seem to keep an interest in anything for long.

Sheehan was a little worried that Nikita's interest in him will not last long.

"You know the thing happened next.' Nikita shrugged. "I don't think there is anything special about this identity. I didn't tell

many people, because I didn't want to cause some unnecessary troubles."

She looked at Sheehan honestly, "I didn't tell you because I didn't think it was necessary to tell you specifically. But if you

want to know, I won't hide it from you."

"I understand." Sheehan nodded. "So, I won't be angry about this.

I'm just curious."

"Curious?" Nikita's eyebrows lightly picked, "What are you curious about?"

"Since you didnt want to cause unnecessary trouble, so it hasn't been made public, why is it made public now? Just to

clarify the plagiarism? Or is there another reason?"

With Sheehan's understanding of Nikita, he felt that Nikita would not do that just for that matter.

There must be other reasons.

Nikita looked at him silently for a few seconds and nodded, "Well, you are right, there are other reasons."

"What is it?"

"Because of Hugh."

Sheehan was a little shocked, "Because of him?"

Although he knew there was nothing between Nikita and Hugh, he frowned gently.

"Hugh helped me before, I just wanted to pay back a favor." Nikita saw the expression on the face of Sheehan, and said

with a teasing smile, "You won't be jealous?"

Sheehan was really easy to be jealous.

Sheehan pressed his lips without denying it. He said unhappily, "That Hugh, he must be interested in you. You should

have less contact with him in the future."

Before Nikita could speak, he said again, "I am not limiting you to make friends, just, you should have no friends with bad

intentions."

Nikita, "..."

Friends with bad intentions?

Hugh had bad intention to her?

She felt that, probably in Sheehan's mind, every man around her had a bad intention for her.

Thinking of this man's jealousy, Nikita didn't argue with him.

"If you want to know anything else, you can ask me now. I will tell you whatever you want to know."  
Nikita looked at the

man who was driving attentively beside him and whispered.

She and Sheehan were already married.

Between husband and wife, she felt that there was no secret that could not be talked.

Anyway, there was nothing she couldn't say about her.

If he could accept it, he may accept it.

If he couldn't take it, then they had to break up with each other.

When the phrase "break up" popped up in her mind, Nikita felt she was choked in her mind, and she had a sad feeling.

Because she found that she didn't want to be separated from Sheehan.

"You will tell me anything I want to know?" Sheehan turned his head and looked at her, and his emotions were unclear in

his deep eyes.

Nikita shortly agreed.

"You and that Mr. Hall..." Sheehan paused for a few seconds, and he saw that Nikita did not have great reaction, so he

continued to ask, "he has not given up on you, right?"

When it came to the men around Nikita, Mr. Hall made him feel uneasy the most.

The sense of crisis brought by Mr. Hall was greater than Xavier.

He was also the only opponent that made him feel evenly matched.

Chapter 1500-What Was She Doing Here?

Nikita has not heard the name Mr. Hall for a long time.

Suddenly, he was mentioned by Sheehan, she was stunned for a few seconds.

Thinking of some unpleasant memories on the island, she frowned slightly.

"I don't care anything about him." Nikita talked about Mr. Hall with obvious displeasure in her eyes, "I don't care what he

thinks.”

“But...” Nikita raised her eyes to look at the handsome face of the man on her side. She thought for a while, and raised her

eyebrows, “If he really didn’t give up on me, what are you going to do?”

“Then let him go back to where he came from.” Sheehan’s face was slightly stern, “I won’t let him stay in N City.”

Mr. Hall’s power was huge.

But N City was under his control.

Nikita looked at his angry face. The mood affected by Mr. Hall got better again. She said with a smile, “Well, I don’t want to

see his goddamn face again.”

“Then let him go back to where he came from.”

Sheehan’s dark eyes flashed slightly and looked at her without speaking.

Mr. Hall should be dealt with.

Arrived at the Lambert family.

Uncle Paul came out to greet them.

After Nikita and Sheehan got out of the car, Uncle Paul stepped forward and respectfully greeted, "Young master."

He turned his head and looked at Nikita. After about three or four seconds of silence, he greeted her with the same

respectful tone, "Mrs. Lambert."

Nikita stopped, turned to look at him, the expression on her face froze for a second.

Uncle Paul smiled at her, "Mrs. Lambert, congratulations on your happy wedding with the young master. I wish you a good

marriage forever and wish you have a son earlier."

Nikita, "..."

It seemed that many people already knew that she and Sheehan have got married in Y country.

Although she was indeed Sheehan's wife in name, she was still a little uncomfortable when she heard that "Mrs. Lambert".

"Thank you.' Although she was uncomfortable she thanked him out of politeness.

Sheehan stood beside her. He looked at Uncle Paul, and looked at her again. The slightly raised corners of his lips

showed that he was in a good mood at the moment.

"By the way, Mr. Lambert and Mrs. Lambert."

When they were about to enter the hall, Uncle Paul stopped at the door. He looked inside, and then looked back. He said

with a subtle expression on his face, "Miss Garrett is here, and she is talking with Old Mr. Lambert now."

"Rosa is here?" Sheehan's footsteps also paused, and he frowned, "What is she doing here?"

Uncle Paul looked at his face, thought for while, and replied, "She got a rare hundred-year-old ginseng, and she specially

took it for Old Mr. Lambert to nourish his body?"

However, Rosa came here and said that she was here to send the ginseng. In fact, people in this house clearly knew her

real intention.

Uncle Paul talked about this matter, and he looked unhappy.

Everyone knew that the young master and Nikita have already got married abroad.

Although they haven't got the marriage certificate of A Country, the certificate abroad was also effective.

The young master was already married, and they didn't know why Miss Garrett still had the courage to visit him.

They used to think that she had deep affection, and was single-minded and sincere to the young master.

But now...

She didn't give up on a married man, which was extremely disgraceful, let alone she was a daughter from a noble family.

Even though she was a girl from an ordinary family, it was also inappropriate
