

The Girl CB 1511

Chapter 1511-Sue Her

“What attitude she has!” Old Mr. Lambert heard Rosa’s malicious words, and then she left. He was so angry that he

slammed on the table, and his face was darkened.

“I took into account the friendship between the two families and didn’t want to deal with it in an ugly way. Now it seems

that it is not necessary!” Old Mr. Lambert has always been a man with a bad temper.

That was why his health was not very good, and he was persuaded by doctors to calm down and protect his health, so he

gradually restrained his temper and tried not to be angry.

But this time, he was really annoyed by Rosa.

Even Old Mr. Garrett had to be humble in front of him. Rosa was from a young generation, she unexpectedly dared to be

so unscrupulous in front of him.

Old Mr. Lambert felt that he had to give Rosa a lesson.

“I hope I can handle this matter myself.” Nikita looked at Old Mr.

Lambert who was very angry. His tone was calm, "Grandpa, don't intervene and leave it to me, okay?" For Nikita, this was

her own business.

Since it was the feud between her and Rosa, it should be handled by herself.

But she still said it to Old Mr. Lambert in a consultative tone.

Although she has always been used to going her own way, Old Mr.

Lambert was an elder to her, and she still knew the basic respect and courtesy for her elders.

Old Mr. Lambert was stunned, "Niky, do you mean that neither I nor Sheehan should intervene?" Nikita nodded and turned

to Sheehan, "I think I can handle it myself. If I need help, I will find you, OK?" In front of Nikita, Sheehan didn't dare to sa

anything.

He has never doubted Nikita's ability.

He was silent for a few seconds, and he looked at the girl's dark and soft eyes, "OK." He nodded.

"But before that, I still want to confirm something with you and grandpa." Old Mr. Lambert and Sheehan looked at Nikita,

"What is that?" Nikita thought for a while and then said, "Can I do anything, even if it will affect the friendship between the

Lambert family and the Garrett family?" After all, she was a member of the family now.

What she did was also related to the Lambert family.

"Of course." Sheehan didn't consider more than three seconds, so he nodded and said, "You can do what you want, and

you dont need to consider anything else."

The friendship between the Garrett family and the Lambert family was not as important as the people around him.

Because Old Mr. Lambert Lu was still there, so the friendship between the two families has been maintained, and

Sheehan himself had no feelings for the Garrett family.

Old Mr. Lambert was silent for a few seconds and said, "I agree with Sheehan. If you want to do anything, just do it."

With Old Mr. Lambert and Sheehan's permission, Nikita let go of his hand and asked the Misty Organization to deal with

Rosa.

Although she didn't care about Rosa, she couldn't tolerate being slandered at will.

If people didn't offend her, she was too lazy to give her a look.

But if someone took the initiative to provoke her, she should let her know the consequences of provoking her.

The Misty Organization was very efficient. After all the collected evidence was sorted out, they handed it over to a law

firm.

People in law firm were also very efficient. On the day they received the evidence, they sent a lawyer's letter to Rosa.

She was sued for defamation.

Chapter 1512-Useless

Generally speaking, the average lawyer would not take over such a case of suing Miss Garrett.

They could win, but they didn't want to get into trouble.

The wealthy families had some resources that ordinary people couldn't imagine. To sue Miss Garrett was obviously

against the family, and the consequences of offending the Garrett family were unbearable for ordinary lawyers.

Therefore, the law firm that dared to take over this case must not be an ordinary one.

If Sampson was one of the best lawyers in the domestic legal field, the law firm that sued Rosa was also one of the best in

the industry.

Several lawyers in the law firm were even better than the best lawyers of the Lambert Group.

When Sampson saw on Facebook that Rosa was sued, he couldn't help calling Nikita.

He seemed a little dissatisfied, "You gave the case to others? You don't believe in my ability, right?"
Nikita wanted to start a

lawsuit, and she didn't come to him.

When she received the call, Nikita had just taken a bath and was lying in bed playing games.

Listening to the man's complaint with some jealousy, she picked her eyebrows, "I thought of you before, but after thinking

about it carefully, I decide to leave you alone."

Sampson curiously asked, "Why?" Nikita picked her eyebrows again, "The James family and the Garrett family are also

good friends. You and Rosa are still friends. It seems a bit inappropriate for you to sue her."

These wealthy families had friendship for decades.

Rosa and Sampson were friends who grew up together.

If she asked for Sampson, Sampson may not refuse, but she really didn't want to make him difficult.

Sampson was silent for a moment.

He and Rosa didn't have great friendship, however, it was not appropriate for him to accept this case.

“You call me just for this?” Nikita was lying on the bedside cushion, and her voice was lazy.

“There is another question.” Sampson asked in a more curious tone than before, “The special lawyer team of the

president only serves the president. How did you make it?” She got the team of lawyers of the president to work for her.

Sampson was really surprised.

Average person couldn’t make it. Anyway, the James family was unable to invite the team of lawyers of the president.

Only the Lambert family could make it.

But the Lambert family had its own team of lawyers, which was equal to that of the president, so he felt that this was

definitely not arranged by Sheehan.

If Sheehan wanted to help Nikita, he must let the best lawyer team to accept the case.

He wouldn’t let the team of lawyers of the president to help her.

Then Nikita did it herself.

Nikita tilted her head, “Are you curious?” “Well, I am curious.” Sampson paused for a few seconds and then said, “Very

curious.”

“Probably they owe me a favor, and now it’s time to pay back.” Nikita said concisely.

Sampson, “...” She didn’t say anything...

He was curious about the relationship between Nikita and the presidential office.

Nikita’s explanation was useless.

“You can make the lawyer team of the presidential office owe you a favor.” Sampson said sincerely,
“Nikita, I really admire

you. To be honest, we have known each other for so many years, and I suddenly found that I really don’t
know anything

about you.”

Chapter 1513-I Couldn’t Lose

Of course, he knew that Nikita was very powerful.

He just didn’t know how powerful Nikita was.

Ordinary person couldn’t know the people in the presidential office.

Also, Nikita was actually the music master Aroma, which also surprised him.

He and Nikita have known each other for many years.

He thought he knew much about Nikita.

But now it seemed that his understanding may be trivial.

Moreover, he felt that Nikita must have other unknown identities, but they have not been exposed yet. Once they were

exposed, she would shock all the people on the Internet.

Nikita just replied lightly, and her tone was still lazy, "Have you finished your questions?" Sampson hesitated for a few

seconds, "Actually, I still have another question. Are you determined to sue Rosa? Is there no room for her to change the

situation?" If she really was determined to sue Rosa, Rosa's charges of slandering would certainly be valid.

Firstly, the evidence was conclusive.

Then, the lawyer team of the presidential office was also quite powerful, and even if the Garrett family invited a powerful

lawyer, it was impossible for them to win this lawsuit.

Unless, Nikita was willing to let Rosa go.

But with his understanding of Nikita, Nikita was not such a soft-hearted person. Especially, Rosa started it.

“Why, are you going to persuade me for her?” “Of course not.’ Sampson immediately denied it. “I’m just curious.

The Garrett family also spoiled Rosa. This time, it is impossible for the Garrett family to help her clean up the mess-” Why

did she mess up with her?

She messed up with the person that she couldn’t deal with.

After satisfying his curiosity, Sampson just hung up the phone and someone Called.

Seeing that it was Rosa, he frowned slightly, and after a few seconds, he picked it up.

“Sampson, I want to ask you for a favor.” Before Sampson opened his mouth, Rosa’s anxious voice came over, “We have

been friends for so many years, I believe you will definitely help me.”

Although Sampson didn’t know what Rosa would say, he guessed it at once.

He didn’t talk with Rosa often.

She called him at this moment and asked him for help as soon as she opened her mouth, which could only be related to

what she was sued for.

Sure enough, before Sampson could say a word, Rosa said in a hurry, “Sampson, I have been sued. The other party is a

very powerful lawyer, and my chance of winning is very low. I think about it, and now only you can help me." "I want you to

help me win a lawsuit. I can't lose, I can't lose. If I lose... then I am over."

If Miss Garrett went to prison, her life would almost be over.

This would be an indelible stain in her life.

After Rosa left the Lambert family, he didn't believe that Nikita could really hurt her.

So she didn't take her words to heart.

She always believed that it was impossible for the Lambert family to break up with her family for the sake of Nikita.

If she lost the support of the Lambert family, Nikita couldn't do anything to her.

But just an hour after she left the Lambert family, she received a lawyer's letter. She didn't take it seriously until someone

told her that the law firm suing her was the lawyer team of the presidential office.

Chapter 1514-A Must-lose Lawsuit

She was really panicked and scared.

No matter how powerful the lawyer of the Garrett family was, they couldn't compare with the lawyers in the presidential

office.

No matter how powerful the Garrett family was, it was nothing to the presidential office.

The only person who could match the ability of lawyers in the presidential office and help her was Sampson.

The Garrett family and the James family were also great friends.

She and Sampson have known each other for so many years.

Sampson would definitely help her and would definitely not refuse her.

As long as Sampson was willing to help, she couldn't lose the lawsuit.

Sampson frowned and knew that Rosa must be calling him for this matter.

He pressed his lips and kept silent for a few seconds. When he spoke again, his tone was much more polite, "Sorry, Rosa,

I'm afraid I can't help you."

"What are you talking about?!" Rosa thought she heard it wrong, "Sampson, what do you mean? Are you refusing me?"

Sampson was not very polite. He said directly, "If you want me to help you deal with the lawsuit, then I really can't help

you."

Rosa never thought he would refuse. With an incredible expression on her face, she couldn't help but ask loudly, "Why?"

Aren't we friend that have known each other for many years? I never asked you for help. Now, when I ask for your help for

the first time, you just refuse me?"

"Aren't you a lawyer? Aren't you good at it? Aren't you able to win any lawsuit? Is it because of the lawyer's fee? I don't

want you to help me for free, as long as you..."

"It was not a matter of fees. Even if you pay me much money, I won't take this lawsuit. Besides, I have plenty of money.

Do you think I opened a law firm just to make money?"

He was the young master of the James family, even if he was not the heir of the James family, he would not be short of

money.

Rosa was shocked, "Why is that?"

Sampson's tone changed, "You are my friend, and Nikita is also my friend. I always stick to justice. Do you think I would

help you with the lawsuit against Nikita after what you did to her?"

"And this is a must-lose lawsuit. Even if I am willing to help you, I can't win.

“Instead of asking me for help, you might as well think about how to let Nikita calm down and ask her to withdraw the

lawsuit.”

“Rosa, I know Nikita, you can’t win this lawsuit anyway. Unless she lets you go, it is useless for you to ask anyone for

help.”

Sampson didn’t bother to talk to her more, and then hung up the phone.

According to the relationship, although he and Rosa have known each other for a longer time, but Nikita was his real

friend.

She would lose this lawsuit. Even if she could win, he would never help.

On the other side.

Rosa heard that she was hung up, and she stood still with an ugly face.

Sampson refused her.

And he told her that she would lose the lawsuit.

If she was willing to beg Nikita and let her go, she still had the chance to get away from it.

But how could she beg Nikita again?

But if she lost the lawsuit, she would be...

Rosa thought about it, and her face turned pale.

Soon after the fact that Rosa was sued was posted on Facebook, a new hot topic about her came out.

On the same day.

Malcom announced the dissolution of the mentoring relationship with Rosa and expelled Rosa from the Evan School

Chapter 1515-She couldn't Go to the Jail

There were various hot topics about her on the Internet.

Among all these hot topics, the most surprising one was that Rosa was sued by the lawyer of the presidential office.

"Does the lawyer team of the presidential office only serve the president or the top officials in the cabinet? The Lambert

family is so powerful and could even invite the people in the presidential office."

"However, I heard that the Garrett family and the Lambert family are friends for many years, and the friendship between

the two families has always been very good. Are they going to abandon the friendship?"

"Wow, Mr. Lambert is always so handsome. He is so decisive for his wife."

“The lawyer of the presidential office has accepted the case, so Rosa will lose for sure. If she loses the lawsuit, will she go

to jail?”

There has been a lot of discussion on the Internet, and this matter has naturally spread to the Garrett family.

Old Mr. Garrett heard that Rosa was sued, and she was sued by the lawyer team of the presidential office. He almost

blacked out and fainted.

“You, what do you say? The lawyer of the presidential office sued her?” Old Mr. Garrett suspected that he had misheard,

and after he stabilized his breath, he once again tried to confirm it from Corley.

Corley looked serious on his face and said with a heavy tone, “Yes.”

“The presidential office?” Old Mr. Garrett was surprised, “How can it be the presidential office? Didn’t the people in the

presidential office have no contact with the Lambert family?”

In the early years, the Lambert family had contacts with the presidential office.

At that time, someone in the Lambert family worked in the cabinet.

However, after that person retired, there was no contact between the Lambert family and the presidential office.

Moreover, the Lambert family has its own team of lawyers. If the Lambert family wanted to help Nikita, it should not be the

people in the presidential office to sue Rosa.

Old Mr. Garrett felt there was something wrong.

Corley also felt strange and frowned, "Yes, so I think that the Lambert family didn't ask the lawyers in the presidential

office to help her."

"Not the Lambert family?" Old Mr. Garrett also frowned, "Then who has the ability to invite the presidential office to help

her?"

Corley pondered for a few seconds, and he spoke slowly, "It might be... Nikita."

"Nikita?!"

"Well, it should be Nikita. Grandpa, don't underestimate her. I think she is not simple. She is an excellent doctor and a

world-famous pianist, no one could do that at her age."

"She can become a doctor and a world-famous pianist at a young age, and it is possible for her to know people in the

presidential office.”

Old Mr. Garrett was sullen and silent for a long time, and he nodded, “What you said is very reasonable.
The Lambert

family doesn’t act like that. It might be Nikita herself.

“She is... determined to let Rosa lose the lawsuit.”

No matter how angry he was, she was also his own granddaughter.

Now his own granddaughter was at the risk of going to jail, he must be anxious.

“However, what Rosa did was too unreasonable, and I heard that she went to the Lambert family to apologize, but she

was not sincere at all.” Corley frowned, “We have no chance of winning this lawsuit. The evidence on her side is very

sufficient, and the lawyer of the presidential office would help her. She is losing the lawsuit...”

“But we can’t just watch her go to jail.” Old Mr. Garrett sighed heavily, “It seems that I have to go to the Lambert family.

Corley, go to Nikita and have a good talk.”

“In any case, Rosa can’t really go to jail.”

Corley pressed his lips tightly. After a while, he nodded, “Yes.

Chapter 1516-Let Her Out

Now, they had to ask for forgiveness.

Old Mr. Garrett visited Old Mr. Lambert that night.

Old Mr. Lambert met him, but no matter what Old Mr. Garrett, Old Mr. Lambert only said he couldn't deal with this matter,

and he didn't invite the lawyer of the presidential office.

"So, the lawyer of the presidential palace was really invited by Nikita?" Old Mr. Garrett was not angry because of this, and

his tone was still calm.

Old Mr. Lambert took a sip of tea, "It should be her. I didn't ask her either."

Old Mr. Lambert was quite surprised when he knew that.

He knew that his grandson-in-law was powerful.

But he didn't expect her to know people in the presidential office.

Niky was impressive.

They have found a treasure for the Lambert family.

After Old Mr. Garrett left the Lambert family, on the way back, he looked at the scenery going past the window of the car

and sighed heavily.

Rosa has always been naughty.

She made trouble before, but they could easily solve them within the power of the family.

But this time...

She has met a tough guy.

“Sir, what should we do if Miss Swift still refuses to let her go?” The driver saw Old Mr. Garrett’s worried face in the

rearview mirror.

Old Mr. Garrett squinted and looked serious on his face. After a long time, he said, “Then let her go out.”

In any case, the family couldn’t have such a stain.

If people knew that the members the Garrett family have been in prison, it was definitely a shame for the family.

He wouldn’t allow such a shame to happen!

Corley went to Nikita, but he didn’t even meet Nikita.

“Are you looking for me for Rosa?” Nikita answered his phone.

Corley was also quite direct, "Yes. Nikita, I want to ask you to withdraw the lawsuit."

Nikita was more direct, "I'm afraid I can't."

Corley's voice was a little anxious, "I know that she have gone too far. My grandfather and I have severely criticized her

and asked her to apologize to you."

"Such a thing would not happen again."

"Just let her go and give her a chance."

"If she goes to jail, her life will be over."

"In the future, I will discipline her well. I know that her attitude at the Lambert family was very bad. If you are willing to give

her another chance, I will let her send a public apology statement on Facebook."

"I don't need it." Nikita did not even pretend to be friendly, and she said directly, "Corley, if you want to beg for your sister,

then you can hang up."

Corley was stunned for a few seconds, "Nikita, won't you give her any chance?"

Nikita's voice was quite light, "You should not talk about it with me, it is better for you to prepare your sister's lawsuit."

She said so, and Corley knew it was hopeless.

Nikita would stick to the lawsuit.

“Well, in this case, I won’t force you again. However, I still want to say sorry for Rosa”

After Corley hung up the phone, he told Old Mr. Garrett the result at once.

“Grandpa, Nikita... refused to withdraw this lawsuit.”

Old Mr. Garrett had already guessed such a result, so he was not surprised.

“We will lose this lawsuit for sure. But your sister must not go to jail. We can’t have such a shame in our family.

Chapter 1517-Have Fun with Her

“Corley, you should contact your aunt immediately and send Rosa to her immediately.”

Nikita refused to withdraw the lawsuit, and they would lose it. They could only send Rosa abroad.

They wanted to let this matter subside slowly and then brought her back.

“What? Brother, grandpa wants me to go abroad?” Rosa knew that Old Mr. Garrett asked her to go abroad to avoid the

lawsuit, she had great responses.

“No, I’m not going abroad.” Rosa said emotionally, “I will accept her challenge and face the lawsuit. I don’t believe that I

just say a few words about her on the Internet, and I would be sent to jail”

Corley knew she didn’t realize the seriousness of the matter, and he frowned heavily, “Generally speaking, if she is willing

to forgive you, of course it won’t be so serious.”

“But Nikita is not willing to forgive you. Even grandpa went to the Lambert family to help you out, but the Lambert family’s

attitude is also very firm, and there is no room for you to get away from it.”

“Don’t you understand yet? This is the only choice you have.”

Rosa bit her lips tightly, and her face was very ugly.

Corley stepped forward, put a hand on her shoulder, and said sorrowfully, “Rosa, don’t be naughty this time, just listen to

grandfather’s arrangement.”

“You can go abroad to avoid it for a while, you should take it as a trip.”

Although he was very angry that Rosa did things without considering the consequences, which caused the present

situation, she was still his sister, and Corley still felt pitiful for her.

Rosa’s face was pale, and she kept silent for a long time.

“When can I come back?” She looked at Corley with red eyes, and finally had to accept such an arrangement.

“Nikita is still angry now, and the Lambert family also supports her.

When she slowly calms down, I will talk to her again, and you should apologize to her then.”

“I don’t understand.’ A trace of hatred flashed in Rosa’s eyes, “Brother, why the Lambert family values her so much? For

her sake, they can ignore the friendship with our family for so many years.”

“Doesn’t our families have a good relationship? Just for Nikita, can they ignore everything?”

Corley touched her head, “Nikita will marry Sheehan. She is also a member of the Lambert family. The people of the

Lambert family always protect their family members.”

“Even Grandpa’s pleading is useless. The Lambert family really values her.”

“Rosa, be good, go abroad for a period of time. You must remember the lesson this time, and don’t be so reckless when

you do anything in the future.”

“There are always people that are more powerful than you in this world.”

Rosa was in tears, and her eyes were red. The hatred showed in her eyes.

She would remember the lesson this time.

Nikita, she hated Nikita!

Everything belonged to her has been destroyed by Nikita!

Rosa took a special plane of the Garrett family.

The subordinate reported the news to Mr. Hall, "Master, the Garrett family arranged a special plane for that woman, and

after ten hours, she will arrive in Y Country."

Mr. Hall just got out of the swimming pool. He wore a bath towel, wiped his hair and took the red wine handed over by his

subordinates.

He walked slowly to sit down on the bench, with his slender legs lazy overlapping. He shook the glass, half squinting sip

wine. Then he looked up at his subordinates: "Is she out of here?"

Then he chuckled: "Then let people wait for her in advance. After receiving her, accompany her to have fun."

The subordinate said, "Yes, I have already arranged it over there.

However, you just said to let the brothers play with he

Chapter 1518-Rosa was robbed.

Shortly after Rosa's special plane arrived in Y country, the Garrett family received news that the car that picked her up was

halfway and was robbed by a group of unidentified people.

Corley was shocked and angry: "What? Robbed by an unidentified person?!"

"Yes, those people are wearing sunglasses and masks, and they are all very skilled. They might from the underworld."

"However, however, no other outsider knows about her flight to Y country at all. How can anyone ambush over there in

advance to hijack?"

Corley turned livid and said, "Kidnappers are probably for money.

Before they robbed Rosa, they must know the identity of Rosa.

Don't call the police for the time being and arrange people to search immediately."

"If the kidnappers call, no matter how much money they blackmail, give it. Tell them that we are willing to give any money

to them, but they must ensure that Rosa is unscathed. Otherwise, I will not let them go! I will spare no efforts to have them

pay the price."

Corley did not dare to tell Old Mr. Garrett that Rosa was kidnapped, for fear that he could not stand the stimulation.

Rosa disappeared in Y country, and her family has few influence in Y country. If he wants to find Rosa and have her return

safely, he must use other forces.

And this other force is the Lambert family.

The Lambert family is not only powerful in N City, but also with great power abroad.

Corley can only think of the Lambert family now, and only the Lambert family can help.

However, if he asked for help from the Lambert family, the fact that Rosa was sent abroad can't be hidden anymore.

Corley didn't hesitate for too long, and finally called Sheehan.

Compared with others, the most important thing now is Rosa's safety.

He still knows nothing about the identity and purpose of the kidnappers who robbed Rosa.

If it's just for money, that's fine.

If it is not for money, Rosa will be in danger.

After the relationship between Sheehan and Nikita was completely determined, he took Nikita to see his mother.

Nikita rarely dresses quite formally like this. She looked like a noble lady.

She wore a long white floral dress, a fresh and neat ponytail, and a pair of small white leather shoes on her feet.

She also wore light makeup on my face.

From beginning to end, including the makeup on the face, it is all the style that elders will like.

After eating at the Lambert Mansion last night, they went back to their apartments.

So early in the morning, Sheehan knocked on Nikita's door and saw the girl standing at the door, who was dressed up and

ready to set off with him. He was stunned directly.

Nikita is mostly leisure style at ordinary times, and Sheehan had seen it at the banquet.

But he seldom saw her lady style.

"What's the matter? What's wrong?" Nikita saw him staring at herself, stretched out her hand and touched her face.

She specifically asked Nancy how to dress when she saw the man's parents. Then she wore this suit according to

Nancy's suggestion.

And after she put it on, she took photos and sent them to Nancy, which was affirmed by Nancy.

Sheehan stared at her for a few seconds. After returning to God, her thin lips hooked up and reached out to hold her hand:

“No, you look good in this dress today. The skirt suits you very well.”

“But you seldom wear it like this, so I’m a little surprised.”

“I’m going to see your parents today. Of course, I have to dress well. Nancy told me that the elders will like it.” Nikita

buckled his fingers, came out of the room, stretched out her hand and closed the door.

Chapter 1519-Asking Sheehan for Help

“You have attached great importance to today’s meeting, haven’t you?” Having heard Nikita say so, Sheehan was quite

surprised.

He always felt that Nikita was the kind of accustomed temper who was informal in many things.

Even on the day they got their marriage certificate in Y country, she dressed just casually, which didn’t seem to take this

matter to heart.

So, he didn’t expect her to be so attentive today.

“Aren’t we going to see my aunt?” Nikita raised her head and smiled. “Isn’t it good to pay attention to it?”

“Of course there is nothing wrong with it.” Sheehan reached out and rubbed her head. “I am very happy that you can pay

attention to this meeting, which shows that you also take me to heart.”

“Also, shouldn’t you change the way you call her?”

“Change?”

“You still called her aunt?”

Nikita was stunned, and then nodded: “Well, I’m not used to it.”

Sheehan rubbed her head again and looked at her with spoiled eyes: “Don’t worry, we still have plenty of time to get used

to it slowly. Let’s go. Knowing that I took you there today, my mother is very happy, and I can’t wait to see you.”

In the underground parking lot, after they got on the bus, Nikita fastened her seat belt and heard Sheehan’s cell phone

ring.

Sheehan picked up his phone and frowned.

“What’s the matter? Who called?” Nikita saw his expression, and asked.

Sheehan picked up his phone and showed it to her.

Nikita looked at the caller ID and turned out to be called by Corley.

“It turned out to be him. Pick it up.” Nikita raised eyebrows, “See what he will say.”

“What else can it be?” Sheehan also picked his eyebrows. “It must be for his sister.”

“Not necessarily.” Nikita touched her chin. “I have explicitly rejected him. I don’t think he will be so uninteresting, maybe for

other things.”

Sheehan didn’t speak and picked up the phone.

After a while, he squinted: “I will arrange someone to check it. Let’s talk about it when there is news.”

When he hung up the phone, Nikita couldn’t help but ask curiously:

“What did he say?”

Sheehan turned his head and looked at her: “Rosa was hijacked by a group of unidentified people.”

Nikita was stunned.

“Rosa was kidnapped?”

“Well, you won’t let go, and the Garrett family was afraid that Rosa would be taken to the court by you, so she was

arranged to fly abroad overnight. Not long after she landed, she was kidnapped away.”

Nikita: "..."

This incident really surprised her, and it sounded quite dramatic.

"So, the Garrett family should have secretly sent people away without telling others. How can Rosa be robbed in

advance?"

"So, Corley came to you for help?"

Sheehan nodded: "Chadwick has great influence in Y country, and the Garrett has no contact with him, so they come to

me." Sheehan and Chadwick had an excellent relationship. As long as Sheehan was willing to help, Chadwick would

definitely not refuse.

With Chadwick's influence in Y country, it was not difficult to find out a person's whereabouts.

"Niky, will you be unhappy if I promise to help?" Sheehan looked at Nikita with his dark eyes, always paying attention to

the expression on her face.

Nikita smiled and spread her hands: "Why should I be unhappy?"

Although I don't like Rosa very much, at this time, they find you for help, and you can help if you are willing to help."

Although she didn't like Rosa very much

Chapter 1520-He should die.

There was no deep hatred.

"However, I am curious, are those who kidnapped Rosa for money?"

"I don't know yet, I haven't called over there yet." Sheehan said, digging out Chadwick's contact information from the

address book.

"Rosa went out this time and brought a few bodyguards around her. I heard that those people are very skillful, and the

bodyguards have no ability to parry at all."

Nikita was about to say something, and her mobile phone vibrated.

She looked down and saw a string of familiar numbers, which also made her hate.

This string of numbers that made her extremely disgusted was followed by a paragraph: Niky, waiting for me to revenge

for you.

Nikita face suddenly turned black.

She squeezed her lips, clenched her mobile phone, and held down the hand that Sheehan was about to dial: "Don't need

to call. I know who kidnapped Rosa."

Sheehan looked at her with surprise.

Nikita was in a bad look. When she said the name, she also gnashed her teeth: "It's Mr. Hall. It's useless for you to call

your friend. No one can stop what he wants to do."

"Now, Rosa may no longer be in Y country."

Nikita knew Mr. Hall's style so much which was abnormal.

When Sheehan heard Mr. Hall's name, his look became terrible.

"Why did he kidnap Rosa?"

Nikita was silent: "In order to give me vent."

Sheehan's face suddenly became uglier.

"Who is he, and what does your affairs have to do with him? When will it be his turn to revenge for you?"

"He has always been like this. He always does things according to his own wishes and doesn't care whether others need

it or not.”

Thinking of those unbearable past, Nikita felt disgusted.

“If it’s him, I’m in charge of this matter. I don’t believe it. No one can stop what he did.” Sheehan said with a cold face.

Nikita: “...

“You’re not jealous, are you?”

Sheehan squeezed his lips tightly: “No.

Nikita looked at him: “Even if all the men in the world are dead, leaving only a pig and Mr. Hall, I will not choose him.”

Although she didn’t feel the need to explain this matter, she made her position and attitude clear.

She felt that Sheehan didn’t look very good when his face was cold.

She didn’t want his beautiful face to be so cold all the time.

This trick, whether to say or not, was quite useful.

Sheehan’s face eased a lot at once, and he looked not so cold, but when talking about Mr. Hall, he still gnashed his teeth:

“He should die.”

As soon as the words sound just fell, Nikita saw Sheehan unbuckle his seat belt.

“Niky, give me an hour, and when I finish something, we will start again.”

Moments later.

Nikita and Sheehan went back to the apartment. After entering the house, Sheehan walked directly towards the study.

When Nikita walked into the study, Sheehan was already sitting at his desk and turned on the computer he usually used

for office work.

At this time, Nikita certainly wouldn't think he came back to deal with the company's affairs.

She walked past with curiosity, and felt surprised to see a string of codes that she knew so well appear on the screen of

her black notebook.

Nikita froze, with her eyes showing a rare surprise.

Sheehan was...

Sheehan's fingers were beating quickly on the screen, and more and more code symbols appeared on the screen.

And these numbers which ordinary people couldn't understand was clearly understood by Nikita at a glance.
