

The Girl CB 1531

Chapter 1531-Finally, it depends on Nikita.

After dropping out of First Senior High School of N City, she rent a house, and on the day of the college entrance

examination, she took the college entrance examination as a social figure.

Originally, with her usual grades, it is no problem to take an examination of a better university, and even be admitted by a

famous school easily.

But she didn't expect that her college entrance examination result was not enough to be admitted by an ordinary

university.

None of the universities she applied for accepted her.

She despises all the schools that have sent her admission notices.

At this moment.

Yvonne was sitting on the sofa of the rented house with her hair disheveled, her eyes flushed and staring at Nikita in the

video. Her eyes were intertwined with crazy jealousy and hatred.

It's all Nikita's fault!

She hates Nikita!

If it weren't for Nikita's appearance, she wouldn't become so poor now, she wouldn't end up so miserable, she wouldn't

lose everything.

She has nothing now.

It was Nikita that made her lose everything.

"Nikita, I hate you, I hate you, why do you appear, why do you want to take away everything that belongs to me, why do

you want to harm me like this?"

"I can't wait to kill you, I can't wait to let you go to hell! I hate you! I hate you!" Yvonne's eyes were crimson, and her face

was ferocious. He gasped for breath.

She hates Nikita, and she can't wait to kill Nikita.

If Nikita dies, she would let off fireworks to celebrate.

The Swift family.

Margot was recuperating at home. During this time, Patrick and Nathan stayed at home to take care of her. Her whole

complexion looked much better than before, and her pale face gradually became ruddy.

Patrick walked to the bed with medicine, and saw Margot dealing with the company's affairs with a notebook.

He frowned, put the bowl on the cabinet beside the bed, and stretched out his hand and took the laptop.

"Didn't I tell you to take good care of yourself, but why did you turn on the computer again?"

Margot smiled at him: "I'm idle, so I want to the time."

"You'd better recuperate your body well. Nathan and I will handle the company's affairs. Nathan is also very sensible now.

During this time, he handled several things in the company by himself, and the employees agreed with his ability"

"Really?" Margot looked gratified. "Then I'm relieved. I used to want Nathan to enter the company to improve his ability.

He refused firmly. He had to pursue what so-called dreams. I didn't expect that after I got sick this time, he was very

sensible and finally willing to work in the company.

Patrick also smiled, and the expression on his face was also gratified: "Nathan is really sensible this time. I think you just

took advantage of this illness and handed over the company to him for management."

Margot nodded. "Well, I do have this plan."

Patrick picked up the bowl on the cabinet, put it on his mouth and blew it, and then handed it to Margot: "Drink it, it should

not be hot at the moment."

The bowl is black Chinese medicine. Margot looked at it and frowned and said, "This medicine is too bitter"

"As long as it works, it's nothing to have some bitter medicine." Patrick seemed to think of something, hesitated and

sighed. "I didn't expect it to depend on Nikita in the end."

"She is really capable. I don't know where she learned her medical skills. You know, she clearly lived in a remote mountain

village like Syracuse Village since she was a child. How did she... how did she learn so many skills?"

Chapter 1532-God's Punishment for Them

Margot went to the hospital for reexamination a few days ago, and the doctor said that she recovered very well.

The cancer cells that originally existed in some parts actually disappeared like miracles.

These "miracles" were created by Nikita.

Margot's face changed, and she was silent for a long time before she said with duplicity: "She is actually skillful, but even

so, how many people can bear her temper and character?"

Patrick sipped his lips and wanted to say something, but when he saw Margot's face, he finally held back.

In fact, they both regretted it.

But no one is willing to admit it.

Besides, even if they regret it now, it is useless.

Nikita has cut off relations with them, and the Swift family has nothing to do with her.

All her honors have nothing to do with them.

Margot was competitive all her life, and always hoped that her children can make great achievements. If Nikita is still in

their home, Margot must be very proud now. She will be proud of this daughter.

Patrick feels that everything today is God's punishment for them.

God punishes them because after knowing that their own daughter suffered in the mountains, they ignoring it for an

impostor.

Nathan received a phone call from Yvonne.

As soon as the phone was connected, Yvonne's crying voice sounded: "Brother..."

In half an hour.

Nathan went to the community where Yvonne rented a house.

He gave Yvonne a sum of money at the beginning, which was enough for Yvonne to have enough food and clothing, so

the community rented by Yvonne was not bad, which was in a high-end community in N City.

Yvonne sat on the bench downstairs. When Nathan saw her, she was crying with her head buried.

She looked a lot thinner, and her hair was a little messy. She was wearing a dress that can't see the brand, and she was

no different from passers-by everywhere on the roadside.

Nathan stood not far away and watched for a while before walking towards her slowly.

After he walked to Yvonne, she heard footsteps and looked up. Her red and swollen eyes lit up after seeing Nathan.

"Brother." She stood up excitedly.

Nathan looked at her pale and haggard face, sipped his lips, kept silent for a few seconds, then said, "I said, I am not your

brother, don't call me that again."

Yvonne seemed to be very painful, and her tears suddenly fell down. She bit her lip and sobbed: "I know I don't deserve to

call you brother anymore, but in my eyes, you are my own brother.

Even if you refuse to recognize me again, in my heart, you will be my brother all my life."

Nathan frowned.

Yvonne looked at him with red eyes: "Brother, I will never forget your kindness to me. I will remember how happy I was in

the years when I lived in the Swift family."

"What do you want for me?" Nathan looked at her appearance and felt pitiful, but his tone was still cold.

His feelings for Yvonne now are somewhat complicated.

On the one hand, he was angry at Yvonne's deception and didn't want to have anything to do with this liar who cheated

their family for so many years.

On the other hand, Yvonne has lived with his family for so many years, and he really loves her as his own sister.

It is unrealistic to say that he has no feelings for her at once.

So seeing Yvonne's pathetic appearance now, he felt pity again.

Yvonne has always been spoiled and pampered in the Swift family, but now she looks so down and out.
Chapter 1533-This is my only way out.

"I want to go abroad, please help me." Yvonne grabbed Nathan's hand. "Brother, only you can help me now. I know you

will definitely help me, brother, help me. If you don't help me, I will really die."

Nathan frowned: "Are you going abroad?"

Yvonne bit her lip and choked, "I only have one way now. I, I didn't go to an ideal university, and I don't want to repeat my

study. I want to go abroad to study at university.

But it costs a lot of money to go to school abroad. I... I don't have so much money."

"I just gave you a sum of money before. If you didn't spend money indiscriminately, it would be enough to pay for your

study abroad."

Nathan shook off her hand, took a step back and kept a distance from her: "Don't tell me, you have used up the money."

"No. Yvonne quickly shook her head. "I didn't spend it indiscriminately. I paid the rent and bought some daily necessities

with the money you gave me. The rest were in the bank."

“What do you want from me?” Nathan said coldly.

Yvonne sipped her lower lip and said her real purpose. “Brother, don’t you have a friend’s father who is a professor at a

university in Y Country? Can you ask him to help me?”

Nathan thought he had misheard and was surprised: “Do you want to study at that university in Y Country?”

Yvonne nodded.

Nathan frowned more tightly: “Do you know that it’s not easy to be admitted by the university in Y Country? Even if I am

willing to help you, your own scores are not enough, and you will not be admitted”

Yvonne bit her lip and hesitated with her head down. After a few seconds, she looked up at Nathan: “I know, but I heard

that if insiders can write letters of recommendation, the insufficient scores can be made up by money.”

Nathan opened his eyes wide.

Yvonne looked at his incredible eyes, and begged in a low voice with red eyes: “Brother, can you help me one last time? I

want to go to Y Country to study. As long as there is a letter of recommendation, as long as I can pay some money, I can

go.”

This is my only way out, please.

I promise, if you helped me this time, I will never ask you for help again. I will remember your kindness all my life. When I

have the ability in the future, I will certainly repay you well.”

Nathan looked at her unbelievably for a while, and slowly believed that she really had this plan.

She really wants him to spend money to help her go to that university in Y Country.

There was an unwritten rule in that university. If there is a recommendation letter from insiders when her scores is not

particularly low, the insufficient scores can be filled with money.

But not many people can meet these conditions.

First of all, it is difficult to get the recommendation letter from insiders.

Secondly, even if she gets a recommendation letter, she needs to spend a lot of money, which is not available to ordinary

people.

According to the regulations, one point needs one million.

Yvonne just said that she didn't get into an ideal university, which shows that her college entrance examination results are

definitely not good enough. If she wanted to study in Y Country, she had to pay for tens of millions at least.

This money is not a small amount for the Swift family today.

Even if he can get the money, his father and mother will definitely not agree with him to give it to Yvonne to study.

Looking at Nathan hesitating, Yvonne knelt on the ground with a plop, stretched out her hand and grabbed Nathan's

trousers, and cried with tears in her eyes: "Brother, please. I have nothing now. I just want to go to the university in Y

Country to study. If you pity me, help me for the last time."

Chapter 1534-She will laugh and watch Nikita crying.

Nathan looked at her for a long time.

"Well, it's the last time. Yvonne, this is the last time I will help you. No matter what happens in the future, don't come to me

again. I won't help you again."

Yvonne looked up in surprise: "Brother, you promised to help me. I knew that you wouldn't ignore me, you still love me."

Nikita turned around and didn't look at her again: "I only have Nikita as my sister. I help you, just because pity you. Take

the money and leave. I won't see you again in the future."

After saying these words, Nathan left.

Yvonne knelt on the ground, watching him go farther and farther, changed the poor and helpless appearance just now.

She stretched out her hand and wiped her tears, and slowly stood up with indifference on her face.

She knew that Nathan was a soft-hearted person, and it was impossible to ignore her.

She didn't hope Nathan to recognize her as his sister again, which is no longer important to her.

As long as she can go abroad, as long as she can study at the university of Y Country, she will still have a chance.

For her, this is the most important thing.

She believes that one day, the Swift family will definitely regret driving her away.

As for Nikita...

Thinking of Nikita, Yvonne's eyes were full of hatred.

She can't do anything to hurt Nikita now, but she believes that God will not always care for Nikita. One day, Nikita will be

the same as her, will lose all the good luck now.

At that time, she will laugh and watch Nikita cry.

Y Country.

Rosa woke up from a nightmare and sweated profusely. She stretched out her hand and hugged herself, curled up at the

bedside. Her face was pale, and her eyes were filled with fear.

“Rosa, are you having nightmares again?” The door of the bedroom was open, and a middle-aged woman came in.

Looking at Rosa curl up at the bedside, she walked over and sat by the bed, stretched out her hand and patted Rosa on

her back.

“Aunt, I’m fine.” Rosa raised her head and smiled reluctantly at the worried woman. “Did I wake you?”

“Rosa, tomorrow... let the psychiatrist treat you.” The woman looked at her pale face and sighed. “You have had

nightmares for several nights.”

“Aunt, I’m really fine. Go to sleep quickly.” Rosa gently pushed the woman away. “I’ll get better after sleeping. I don’t have

to see a doctor.”

“You, alas...” The woman had no idea. “OK, have a good rest and tell me what you need.”

The woman comforted her and left.

Rosa kept a curled-up posture, thinking of what happened in the nightmare, and her body couldn't restrain trembling.

That day she was taken away, blindfolded and taken on a cruise ship. After getting on the cruise ship, she was taken into

a room.

After entering that room, her nightmare began.

She was forced to strip her clothes, lay in bed and posed in many humiliating positions, and was photographed and

videotaped.

After taking photos and videos, the group of people let her go.

Later, she was found by Chadwick's people and sent to her aunt's house.

Rosa has never suffered such humiliation in her life. When she closes her eyes now, she saw the unbearable pictures in

the cruise room.

That group of people didn't do anything to her.

But those videos and photos, like time bombs, hang in her heart all the time, and she doesn't know when they will

explode.

Chapter 1535-Photos and Videos Exposure

She didn't know who the group was or what they were going to do with those photos and videos.

If they wanted to extort money, they should have called her a long time ago.

But she waited until today, and she didn't wait for any news.

This made her feel more and more uneasy.

She would rather the other party was for money.

In this way, at least she can deal with it by paying for them "Who the hell are they and what the hell do they want to do?"

Rosa racked her brains, but she can't guess the other party's identity and motivation.

If the other party is not for money, it is for...

After thinking about it, she found there was only one person who had a personal grudge against her.

That is...

"Nikita!" Rosa opened her eyes wide, and her face became livid in an instant.

It must be Nikita!

That group of people must be ordered by Nikita.

Nikita also ordered those people to take those photos and videos.

At that time, the group said they would teach her a lesson, saying that she provoked the wrong people.

Except Nikita, she and others have no personal grudge.

Therefore, what happened that day must be related to Nikita. She wanted to harm her!

Rosa bit her lips, clenched her fists, and gnashed her teeth: "Nikita, I am at odds with you all my life!"

She wants revenge, she wants to double her humiliation back, she wants to let Nikita pay the price!

"Holy crap! Niky, have you seen today's trending topic? If not, you should go and see it quickly. It is too exciting!"

Nikita just woke up and received a phone call from Nancy.

Nancy was very excited.

Nikita rubbed her eyes, yawned and slowly lifted the quilt, and her voice was careless and lazy, showing some

hoarseness when she just woke up: "Hmm? What makes you excited like this?"

"Of course it is a great happy event." Nancy smiled, "A thing that you never think of. You should hurry to have a look on

Facebook."

Nikita yawned again. After getting out of bed, she walked slowly towards the bathroom: "You can tell me directly."

Nancy was mysterious: "I think it's more interesting for you to see it yourself"

Nancy hung up the phone after saying so.

Nikita: *..."

"It's boring." After she muttered a word, she couldn't help but log in her Facebook account curiously.

Then she saw a really shocking topic.

"Shocking! Miss Garrett?!"

"Miss Garrett's naked photos are exposed!"

Nikita looked at these two trending topics and frowned. After seeing the photos, she frowned tighter.

A lot of Rosa's naked photos were posted in the trending topics. Although the key parts were mosaic, it can be seen that

Rosa in the photo was naked.

She was lying on a big bed, naked and in all kinds of tempting positions.

These photos seem to be taken by herself, but Nikita is very clear that Rosa definitely not took these photos voluntarily.

Mr. Hall said he would help her vent her anger.

These photos were taken by Mr. Hall's people who forced Rosa to take them.

Even if Nikita didn't like Rosa, she despised to punish her in this way.

But it was a common thing for Mr. Hall to use these means, after all, he has done more abnormal things than this.

"What do you think, Niky? Have you seen the trending topic? OMG, what does Rosa think? She can allow people to take

pictures and videos of herself. I really didn't expect that a so-called lady has such a special hobby

Chapter 1536-Nikita said lightly, but Nancy was quite nervous: "Oh, dear. What can I do? Does he want to catch you back and imprison

you again? Does Sheehan know about this matter? I tell you, don't try to be brave, don't think about carrying everything by

yourself, you have to tell Sheehan.

Nancy was afraid that she promised well, but she didn't pay attention at all. She stressed it again and again: You must tell

Sheehan that you are both together now, and your business is also his.

Nikita didn't want to say more, so she replied with a word: Hmm.

After Mr. Hall's matters came to an end, Nancy turned her attention to Rosa. She is delighted when talking about gossip.

Nancy: Although that Mr. Hall is a pervert, he helped you out this time. When these photos and videos are exposed, Rosa

is over, and the Garrett family is disgraced.

Although Rosa is also a victim.

However, no one cares.

When these photos and videos were released, it would be a lifetime shadow.

Rosa is no longer a famous lady in the eyes of others, but a “tainted figure” that others will talk about after dinner.

Also, the Garrett family will become a joke in the upper class circle, as Nancy said.

It didn't take long for Rosa's “...” hot topic to be posted on Facebook, her family knew it soon.

Old Mr. Lambert got so furious that he almost fainted.

Corley hurriedly spared no efforts to remove all related topic, but even so, all those photos and videos have been spread.

His efforts were almost in vain.

“Your sister's photos and videos, did you find someone to delete them! Go and find someone to delete it, we can't afford to

lose face like this!”

Old Mr. Lambert lying in bed, gasping, pale, and roar.

Rosa's matters made her grandpa sick again. He pressed his hand in the position of the heart, almost out of breath.

Corley's face is also hideous. He is also very angry. He tried to comfort Old Mr. Lambert who has relapsed from his old

problem: "Grandpa, don't worry, we have dealt with it.

It seemed that his comfort didn't work at all. He gasped and said, "What's the use of removing it? Everybody knows it. The

Garrett family is now a joke in the eyes of others. What should I do in front of others in the future?"

Corley sipped his lips and didn't speak.

What Old Mr. Lambert said is true. It is so shameful.

So is he.

Just ten minutes ago, he received a mocking text message from someone who had an old grudge against him.

"Hey. Corley, your sister is in good shape, and the photos and videos are so good."

When Corley received this short message, he smashed his mobile phone to the ground.

He almost rushed straight to beat someone.

“It’s just that I didn’t discipline your sister well and spoiled her since she was a child, which will cause this situation today.”

“Without her and Nikita those things, she also doesn’t have to go abroad. If she didn’t go abroad, she wouldn’t...”

Old Mr. Lambert shook his head, closed his eyes. He had no choice but to accept the fact.

“It’s too late to say anything now. Corley, tell your sister that she should stay abroad in the future and never come back.”

Corley’s face changed slightly, his lips moved slightly, as if he wanted to say something. But he said nothing after thinking.

Perhaps this is the best choice for Rosa.

Chapter 1537-But Rosa might be unwilling to accept such an arrangement. But whether she would like to, she has no choice now.

Old Mr. Garrett’s arrangement is to abandon her and save her family’s face.

No matter how much Old Mr. Garrett pampered her, it was nothing compared to the honor of the whole family Rosa

received a phone call from Corley, but she didn’t know what happened. In the face of his request, she refused angrily at

the first time.

“What does Grandpa mean? I am not allowed to go back in the future? He agreed that I could go back when this matter

was over?”

“Why is it like this now? Why can’t I go back? I belong to the Garrett family. Why can’t I go back to my home?”

Corley’s voice was heavy: “Rosa, don’t you know?”

“Know what?” Rosa hasn’t seen the hot trench about her on Facebook yet.

Corley’s voice became heavier and heavier, “You were kidnapped by a group of unidentified people before. What did

those people do to you? Didn’t you tell me the truth at the time?”

Rosa was stunned, her face changed instantly. She replied with a panicked tone: “Brother, why did you suddenly talk

about this matter? I, didn’t I tell you, fortunately, the person you are looking for found me in time. Nothing, nothing

happened to me”

Rosa didn’t dare to tell Corley about being photographed with those videos and photos.

Because she knows that the Old Mr. Garrett is quite a proud person, once he knows that she has been taken indecent

photos and videos, he will definitely pursue it to the end.

She holds a lucky mind, think that the cruise ship things will not be known to others, but, why will Corley ask her that thing

again?

“However, how long do you want to hide it from me? Your photos and videos have been spread on the Internet.

Now... it is already known to everyone.”

“Grandpa said they cannot accept such shameful things. You’d better never come back in the future.”

“You have lived abroad for so many years, and you should have adapted to life abroad long ago. From now on, just stay

outside, and I’ll see you when I have time”

Rosa was struck by lightning in an instant.

“Brother, you, what did you say? What photos and videos?”

I had people take down all the trending searches and videos of those photos, but still, a lot of people have seen them.

“You should know how important Grandpa regards family honor and face. Don’t think about going back, just stay abroad

and have a good life. If you need money, just tell me.”

Corley hung up the phone after that sentence...

Listening to the disconnection sound ringing in the mobile phone, Rosa dazed for a few seconds, as if she suddenly

thought of something, lowered her head, and pressed it crazily on the mobile phone.

Her fingers trembled, and after a few seconds, her pale face lost all its blood in an instant and turned pale.

Photos and videos...

Corley was talking about the photos and videos she took on the cruise ship?

Rosa turned pale and immediately surfed on the internet.

Corley has already asked someone to take down the hot search, but netizens have long since saved the videos and

photos. Rosa quickly found those photos and videos that made her feel ashamed on Facebook.

She just glanced at it, then screamed out of control, and smashed her mobile phone to the ground like a ghost.

Chapter 1538-Mentally The things that she was most afraid and worried about being known were all exposed on Facebook.

Everyone knew that she had taken those nasty photos and videos.

Everyone had seen the nasty photos and videos she had taken.

How could she live her life in the future?

At that moment, Rosa really even wanted to kill herself.

However, she was not willing to die just like that.

If she really did not want to live anymore, then before leaving this world, she must take away the person she hated most.

She wanted that bitch to accompany her to die.

Even if she was going to hell, she would take that bitch with her.

“Nikita, Rosa gritted her teeth and said the name with hatred in her eyes. She had never hated someone so much and

never wanted someone to die right away.

She really wanted Nikita to die right away.

“Nikita, why are you still living! Why are you not finished? Why am I living in such pain while you are still having a good

life! Why is God so unfair? Why? Why?”

Rosa smashed all the things in the room on the floor as if she had gone crazy.

Even so, it did not make her feel even a little better.

The hatred in her eyes was still strong. And her face contorted. She was like a mad woman.

Hearing the noise coming from the room, her aunt rushed up from downstairs. She wanted to comfort Rosa.

But seeing what was going on in the room, she was shocked.

She was so scared that she froze in place and didn't dare to go in.

She was wondering if her niece was really crazy.

After all, this Rosa was nothing like the Rosa she used to know.

Especially when she heard Rosa shouting over and over again that she wanted to kill Nikita, she was scared by Rosa's

contorted and horrific expression.

After standing silently at the door for a while, she patted her chest with a frightened expression and turned to leave in

silence.

Then she took out her cell phone and gave Corley a call.

"Hey, is this Corley? Are you free these days? Can you come over as soon as possible?"

"Rosa is crazy. She was yelling like she was crazy. And she was smashing everything in the room. And, she kept stabbing

the pillow with a fruit knife. And while she was doing it, she was yelling something about going to hell."

"Well, I'm worried about her state right now. I feel like she's not normal mentally. I'm a little afraid she won't be able to

control herself. And I'm wondering if I need to get her to the hospital? She always listens to you. I'm afraid she won't listen

to me, so you'd better hurry over and take her to the hospital."

A few moments later, she hung up the phone.

She still had a palpitated expression.

Noises still came out of Rosa's room from time to time upstairs.

'What did Rosa smash?' She wondered.

The cracking sound of breaking was accompanied by Rosa's creepy shouting.

Her aunt looked upstairs with concern and fear.

Rosa was living in her house now. And she was scared.

She thought, 'When Corley comes over, let him take Rosa away.'

Over at the police station, Mr. Hall was held for a day and a night before his lawyer paid a hefty bail to get him out.

Chapter 1539-Jealous Revenge?

After Nikita knew that Mr. Hall was released on bail, she only said, "Once he's out, he won't let anyone have a chance to

catch him again"

Nikita knew very well what Mr. Hall was capable of.

As she predicted, Mr. Hall left on a private jet the day he was released on bail.

When the police department learned the news, Mr. Hall had already flown out of A Country. Then the police force of the A

Country could do nothing to him.

Sheehan got the news a few hours earlier than the police department. But Mr. Hall had already left N City by that time.

Nikita was sitting in Sheehan's office. She was playing a game while drinking a bottle of bubble tea with her legs bent.

When Sheehan heard the news, he told her about this.

Nikita looked up at him and raised her eyebrows, saying without surprise, "Well, if Mr. Hall wasn't capable of doing that, he

wouldn't be qualified to be the head of Dark Disney."

"I guess you knew he was going to leave sooner or later, right?"

Sheehan dropped the phone on the table, got up, and walked towards her. He didn't look surprised, "Well, the leader of

the Dark Disney won't be at his place if he couldn't handle this kind of situation."

"So, you held him at the police station for a day and a night for some other purpose?" Nikita asked.

Sheehan laughed and walked up to her. Then he bent down and rubbed her head, "There are some domestic

disturbances in Dark Disney. Mr. Hall is in a hurry to go back to peace them out. And the later he goes back, the more

damage will be done internally."

"By the time he got back now, Dark Disney was already badly injured and would not be able to recover without spending

three to five years. My purpose? I just want to see him suffer."

The more Mr. Hall had a bad time, the more comfortable he was.

Nikita, "..."

"Can I take your actions as jealous revenge?"

Sheehan raised a smile, "Jealous? Well, a bit, I have to admit. But mostly because of the things he once did to you."

He even wanted to kill Mr. Hall if he could.

His look was soft, as if there was a deep pound in his eyes that could make him drown.

Nikita looked at his deep and affectionate gaze and was stunned a little. But a while later, she showed a smile and said,

“That’s not bad.”

“Hmm?” Sheehan raised his eyebrows, “For what?”

“The feeling of having someone to stand up for me.” Nikita tilted her head and answered after a thought, “I’ve always felt

that I should take care of your own business. And I never want to seek help from others.”

She had always done the same.

She did everything on her own. And she was able to fix everything on her own.

Looking for help?

No, she didn’t need to.

She thought it was unnecessary to ask for help when she could solve it herself.

She didn’t like owing people favors, and she was more accustomed to people owing her.

But now she suddenly found that it felt good to have someone to stand up for her. She didn’t reject this feeling.

Somehow, she even felt happy about this...

Sheehan’s protective tone especially made her feel good.

“That’s because you’ve been alone before.” Sheehan reached out and pulled her up. He took her phone away with one

hand and caught her jaw gently with the other. Then he touched her soft lips with his thumb.

Chapter 1540-She Went There to Be His Boss

His gaze gradually went deep. And he said in a deep voice, which was so tempting, "Niky, from now on, you will no longer

be alone. I will be with you all the time. No matter what happens, you will have me with you to face it."

"So, you don't have to be alone like before. You don't have to solve everything on your own. Remember, I will be with you

no matter what. Let's face everything together in the future."

His warm breath was on her lips. Looking at this handsome man approaching, Nikita was a bit lost in his gentleness. She

knew Sheehan was talking, but she didn't hear him clearly.

At that moment, she only had one thing in her mind.

Sheehan's lips looked so beautiful.

His lips were moist, soft, plump, and beautiful. He looked so delicious...

Then Nikita took the initiative and kissed him.

Their kiss lasted for a while.

Nikita felt that all the oxygen in her body was sucked out of her by this kiss. She felt her legs were too weak to stand up.

And she just fell into his arms during the kiss. Finally, Sheehan left go of her lips with reluctance.

Nikita gasped and asked in a muffled voice, "Sheehan, it's weird..."

"Hmm?" The man looked down at her with a burning gaze.

Nikita gasped for a moment and came back to her senses. She stood up straight in his arms. She reached out and gently

pushed him away. Then she looked up at him with a confused expression, "Why are you breathing fine?"

Every time she almost fainted from the kiss.

Sheehan, on the contrary, was in high spirits and had no problems at all.

Sheehan didn't expect her to ask this. He laughed at her question and said, "Let's do it a few more times a day.

Then you'll be able to do the same as me."

Nikita, "..."

"I can cooperate with you anytime. I'll stand by 24 hours a day. How about that?"

She felt that Sheehan was becoming a man with a glib tongue.

After Rosa's scandal, Old Mr. Garrett was so embarrassed that he refused to meet anyone for a while. It was said that he

was so angry that he went to a special sanatorium to recuperate.

Nikita had nothing to do lately and was called by Sheehan to accompany him to work every day. Sheehan told her that he

just needed her to be his assistant and would give her a high salary. Nikita couldn't resist the temptation of a high salary.

However, he told her that she would be her assistant.

But actually, she was the big boss there. After all, no one would have such an easy task as assistant to the president.

She didn't have to do anything, and the president was there for her all the time.

Vernon went to the president's office to deliver a file. When he opened the door, he saw Nikita, the big boss of his boss,

sitting on Sheehan's chair.

"Ma'am." Vernon was accustomed to such a scene. So, she was not surprised or shocked.

He walked to the desk and said respectfully, "This is an expedited document that needs to be read and signed by Mr.

Lambert immediately."

“Hmm. Nikita distracted herself from the game and looked up at Vernon, “Put it down. I’ll tell him when he returns.”

Vernon nodded and put the file down.

After he put the file down, he was going to leave. As he was about to turn around and head out the door, he couldn’t help

but ask, ‘May I ask where Mr. Lambert has gone?’
