

## **The Girl CB 1601**

Chapter 1601-Marie informed Rosa.

As everyone knows, in the current social circle of luxury families, there are a lot of people, who are in the same generation as Old Mr. Lambert, envying him, saying that he is so blessed to have such a great granddaughter-in-law.

They are all very envious.

They all want their grandsons to be more promising and date someone like Nikita to make them look good.

Walker said with a smile. "Miss Swift is indeed a great girl. She and Sheehan look perfect together. I'm also looking forward to attending their wedding ceremony: "That sounds about right." Old Mr. Lambert said with a smile: "When the time comes, you will have to prepare some cash gift for them as their uncle"

Walker hurriedly nodded. "Of course. It has already been prepared."

Hearing their conversation, Marie showed a weird expression on her face. She didn't enjoy this conversation at all.

If this Nikita never showed up, Sheehan would definitely end up getting married to Rosa.

Rosa is her niece. And she has been trying to set up Sheehan and Rosa.

Unexpectedly, Sheehan showed no interest in Rosa. Originally, she thought it would be easy for a girl to take the initiative to pursue a man. As long as Rosa is persistent, Sheehan will finally be moved by her and accept her.

But no one expected that before Sheehan was moved by Rosa, Nikita showed up.

In the terms of looks, Nikita is indeed more beautiful than Rosa.

When it comes to other respects, Nikita's family background and personal talents were originally not as good as Rosa's. But now, she has surpassed Rosa in every aspect.

Rosa has no chance to win now.

But Marie doesn't want Nikita to marry in the Lambert family so easily.

Sheehan is now the head of the Lambert family. After Nikita and Sheehan gets

married, she will officially be the hostess of the Lambert family.

By then, she will have no rights to decide anything as Sheehan's aunt.

The old man has always been partial to Sheehan. According to how much he

dotes on Nikita and Sheehan, he probably has secretly transferred his private

property to those two. And after Nikita marries into this family, he will definitely

send her more.

The private property in Old Mr. Lambert's hands is not a small amount.

Marie is not willing to give it up to others so easily.

If the hostess of the Lambert family were Rosa, things would be very different.

Rosa is her niece. She will certainly be partial to her in every aspect.

After thinking about this for a long time, Marie decided to fight for it for one last

time.

Although Corley had enjoined her to keep the current situation of the Garrett

family from Rosa, she simply ignored it and called Rosa in the morning,

reminding her to come back for Sheehan's birthday party.

She knows very well that according to Rosa's personality, she is absolutely not

willing to give up Sheehan to others so easily.

"Dad, I think Sheehan is still young. As the saying goes, men should build up

their career at the age of thirty. So he should focus on his career right now. Why

does he have to be in a rush to get married? According to his personal

conditions, it's not too late even if he gets married at his forty."

Marie has her own plan in her heart. So she doesn't want Sheehan to get

married too early.

She pretended to be concerned about the younger generation. And she made it

sound like she said so for the sake of Sheehan.

"I think even if Miss Swift reaches the legal age of marriage, we can still wait a

little longer. I think..."

"Why should we wait? If it's possible, I'd like them to get the marriage certificate

now!" Before Marie could finish her words, Old Mr. Lambert simply interrupted

her. "What's so important about his career in the company? For him, getting married is much more significant than making money! Sheehan finally shows some interests in dating. How could you let him focus on his career now? Are you really qualified to be his aunt? Are you clear about the current situation or not?"

The expression on Marie's face froze for a second. "Dad, I..."

Old Mr. Lambert didn't say nice words to her: "If you don't know what to say, just shut up."

Chapter 1602-So, you have been recovered, haven't you?

Being scolded by Old Mr. Lambert in public, Marie looked extremely embarrassed.

But Old Mr. Lambert did not care. He even added some harsh words: "You have to say those words that are displeasing to my ear, don't you? Let me make it clear to you today. I only accept Niky to be my granddaughter-in-law. And Niky is the only girl who can marry Sheehan!"

“So don’t bother. Other girls won’t have a chance”

Old Mr. Lambert deliberately said so to Marie.

How could he not know what Marie was up to?

When Marie said that she didn’t want Sheehan to get married so soon just now,

Old Mr. Lambert had been clear about her plan.

Old Mr. Lambert won’t give her the chance.

In the past when Nikita hadn’t showed up yet, Old Mr. Lambert thought it was

not a bad idea for Rosa to be his granddaughter-in-law.

But now...

Old Mr. Lambert does not like Rosa at all. With that kind of personalities, she is

not good enough for his grandson at all!

Even if Nikita broke up with Sheehan, Rosa would never be accepted by him.

Marie’s face turned pale. And she couldn’t look more embarrassed.

“Call Sheehan. It’s only two hours left before the dinner party started. How come

he still hasn't come back with Niky yet? Does he forget that today is his

birthday?" Noticing that it was about time, Old Mr. Lambert asked Fabian to call

and check.

Nikita slept from morning to 3:00 p.m. She finally felt alive again.

She simply washed up and walked out from the bedroom.

Just as she walked out, she heard Sheehan's voice coming from downstairs.

"Well, she is still sleeping. There is no hurry. The dinner party can be postponed

anyway.

"Let's wait until she wakes up."

Sheehan was standing in the living room, answering his phone. Judging from

what he said, Nikita assumed that it should be a call from the house of the

Lambert family.

Nikita's legs were still a little sore. But she felt much better compared with her

state in the morning. At least, she has no problem in walking now.

She went downstairs.

As Sheehan had just finished answering the phone, he saw her walking down.

And he immediately walked towards her.

“How are you feeling?” The man’s voice sounded extraordinarily gentle. He

reached out to pull Nikita into his arms.

“Mmm Nikita’s voice sounded a little lazy. But it sounded much more energetic

than it used to be in the morning: “Was it Grandpa who called you just now?”

“It was Fabian, asking when we were going back to the old mansion of the

Lambert family.”

Nikita remembered that today was his birthday. So she said: “Then let’s go back

now.”

“Are you sure?...” Sheehan checked her up and down with his eyes.

“Hmm?” Nikita raised her eyebrows: “What’s wrong?”

“How do you feel now?” Sheehan looked at her with a serious expression and

asked: “Do you feel any discomfort? If so, you don’t have to attend the dinner

party. I can go by myself.

Nikita went speechless.

She pursed her lips and raised her eyebrows again to hide the shyness in her

eyes. "I'm not that fragile."

"Is that so?" Sheehan looked at her with a pair of burning eyes. "So, you have

been recovered, haven't you?"

Nikita didn't want to answer him.

An hour later.

Nikita and Sheehan returned to the old mansion of the Lambert family.

"Young Master, Young Lady." Fabian's voice sounded respectful: "Your dresses

have been sent over."

Sheehan had the dresses that he and Nikita were going to wear at the dinner

party sent directly to the old mansion of the Lambert family.

The gown and jewelry Nikita wore for this evening were all selected by

Sheehan.

When she arrived at the dressing room, there were already several uniformed staff members standing in the room and waiting for her. They were all the employees of some high-fashion brand.

One employee was holding a long golden dress. While another was holding a jewelry box with a set of diamond necklace and earrings in it.

Chapter 1603-Will Sheehan and Nikita be engaged tonight?

After Nikita changed into her evening dress, she quickly put on some makeups and got her hair done.

She has a good look. Even if she wears no makeups, she still looks stunning.

So heavy makeups are actually not suitable for her. She is already beautiful enough with a light makeup.

In less than an hour, she was ready.

On the other hand, Sheehan also got ready quickly in less than half an hour.

At 7:00 pm, the birthday party started on time.

Old Mr. Lambert decided to hold a big party. So he invited a lot of people. There

were at least one hundred people in the hall of the Lambert family. There was

laughter everywhere. And the Lambert family had never been so lively.

“Walker, what do you think Dad is up to? Does he want Sheehan and Nikita to

officially get engaged tonight?”

Because Marie was scolded by Old Mr. Lambert earlier, she was still feeling

upset at this moment. While talking to Walker, she looked towards the direction

of the hall entrance from time to time.

At this moment, Rosa should be arriving soon.

Since she got her call, she would definitely come back to attend Sheehan’s

birthday party.

Walker turned to look at her and frowned. Then he whispered to her: “I know

what you are thinking. But I suggest that you’d better give up. Things won’t go

your way. You can see with your own eyes how much Dad dotes on Nikita”

After all, he has been married to Marie for so many years. Of course, he knows

what she is up to.

Marie snorted coldly. "I just think Rosa and Sheehan look perfect together. This

Nikita is just a third woman. If she hadn't shown up, Rosa would have been the

one who was about to marry to Sheehan."

Hearing her say so, Walker frowned again: "Even without Nikita, Sheehan

showed no interest in her before."

"Anyway, give up on your hopeless idea.' Walker saw a few familiar faces at

work. After he enjoined her, he turned to greet those people.

Marie sipped her lips and snorted again with a gloomy face.

Old Mr. Lambert had long been surrounded by a lot of people.

A group of old men usually look very steady and are highly respected in their

families. However, at this moment, they gather around and can't stop chattering,

just like attending a tea party at school. They all seem to have a lot of things to

sigh about.

"Alas... Brandy, it turns out that you have the most promising grandson. He is

able to manage a company as big as the Lambert Group's in a well organized manner at such a young age. And now, he has found such an excellent wife."

"Indeed. Among all of us, Brandy has the least to worry about. Unlike me, my grandson causes trouble for me every day. He knows nothing but messing around outside!"

"So does my grandson! I'm about to have a heart disease because of him!"

"Don't start this conversation with me! A few days ago, my grandson brought home a foxy woman who worked in those kinds of entertaining places and claimed that he had met the love of his life. He actually insisted on marrying that foxy woman!"

Chapter 1604-I'm not okay with marrying another woman!

"I'm not intentionally showing off to you guys. I'm just telling the truth. And I didn't exaggerate at all. My granddaughter-in-law is indeed very awesome! Ha ha..."

Hearing him say so, a few of the old friends who were upset about their own

grandchildren didn't want to talk with Old Mr. Lambert anymore.

The more Old Mr. Lambert bragged about his own granddaughter-in-law, the more depressed they felt.

Thinking of their children and grandchildren who only care about having fun outside, they couldn't help feeling frustrated.

This is like the parents showing their kids' results of the final exams in the group chat of the whole class. All the other children got perfect marks, While only their children didn't even pass.

So frustrating!

After a while, the birthday boy, Sheehan, appeared together with Nikita.

As soon as the two showed up, people who were originally talking in the hall instantly quieted down. They all couldn't help but turn to look in the same direction. After a few seconds, they exclaimed one after another.

"That's the future Mrs. Lambert, right? Young Master Lambert really has a good

taste in women! What a stunning woman!”

“She is not only beautiful, but also clever. Her IQ is also particularly high. And

she is the genius who got perfect scores in all the subjects in the college

entrance exams a few years ago.”

“It is said that the daughter of the Garrett family is the first beauty in the circle of

the famous families. But compared with Miss Swift, I think she is not even

close.”

“I think so too. I used to think Rosa is quite beautiful. But in terms of good looks,

Miss Swift is absolutely the winner”

Although Sheehan is the birthday boy tonight, most of the guests who got

invited were talking about Nikita.

Marie stood in the crowded and heard that everyone around her was praising

Nikita. They even compared Rosa with Nikita and claimed that Rosa was inferior

to Nikita. Her face darkened down. And she felt more upset.

She couldn't help but turn to look at the entrance of the hall again.

What's wrong with Rosa? Why isn't she here yet?

Is it possible that she didn't come back from abroad?

No! No way!

She knows very well how obsessed Rosa is with Sheehan.

This is Sheehan's birthday. And it is also the first time for Sheehan to hold a

birthday dinner. Rosa would never miss such an opportunity to show up.

At the front of the hall.

Sheehan was giving a speech to express his gratitude. "Thank you all for taking

the time to attend my birthday party. I'd like to take this opportunity to formally

introduce a very important and special person to everyone."

While saying so, Sheehan turned to look at Nikita beside him with a pair of

gentle eyes. Then he continued: "This is my fiancée Nikita. In a short while, we

will hold a wedding ceremony. I hope you can all come to our wedding."

As Sheehan just finished saying so, the hall became lively again.

“So, it’s settled then. What about the daughter of the Garrett family?”

“How could the Lambert family still consider the daughter of the Garrett family after she had that scandal?

Besides, even if nothing happened, she is not as good as Miss Swift”

“That’s right. In terms of beauty and talent, the Garrett family’s daughter is no match for Miss Swift. And everyone knows that the daughter of the Garrett family has been pursuing the young master of the Lambert family for many years. But Sheehan never had an eye for her.”

“However, in this case, the daughter of the Garrett family girl should have given up. Since Sheehan has announced that Miss Swift is his fiancée, and they are going to have a wedding soon, she should be way out of the picture.”

Sheehan has been officially announced his relationship with Nikita since long ago.

However, things are different again.

When he made their relationship public, they were just dating. But now, they are

officially engaged.

They might break up when they were boyfriend and girlfriend.

But since he called her his fiancée, it meant that their engagement had been

settled down. They are very close to get a marriage certificate.

Their relationship is much more steady now.

“I do not agree! Sheehan, I’m not okay with you marrying another woman!”

Suddenly, an abrupt and sharp voice sounded loudly, which immediately

silenced all the discussion in the hall.

Chapter 1605-She can’t understand a word.

This voice that suddenly sounded seemed to have dropped a bomb into the

crowd. Everyone immediately looked towards the direction of the entrance.

When they saw Rosa walking into the hall from the entrance, everyone was

stunned.

Isn’t this the daughter of the Garrett family?

They were just talking about her.

In the past, no one would be surprised to see Rosa attend Sheehan's birthday party, because it would be a perfectly normal thing.

The Garrett family and the Lambert family have been friends for many years.

And it's normal for the younger generation of the two families to social with each other, isn't it?

But things are different now.

Because of what this daughter of the Garrett family did, the relationship between the Lambert family and the Garrett family seemed to be no longer as close as before. The two families seemed to be in a deadlock. Old Mr.

Garrett didn't even attend the party today.

Under such a circumstance, many people were surprised to see Rosa suddenly show up. They could not help but whisper and discuss.

"Why did the daughter of the Garrett family show up here? Could it be Sheehan who invited her?"

“How is it possible? She used to frame the fiancée of the young master of the Lambert family. And he planned to sue her! So he would never invite her.”

“Then she came without an invitation?”

“After that scandal, she disappeared. I thought she was going to hide from the public for the rest of her life. I didn’t expect that she would have the guts to come to Sheehan’s birthday party tonight.”

“That’s right! The reputation of the Garrett has been ruined. I heard that Old Mr. Garrett was so angry that he was already hospitalized.”

In fact, people were trying to keep their voices down.

However, when everyone was talking about the same thing at the same time, and there were several people whispering about it close to Rosa, their words could be heard no matter how hard they tried to keep their voices down.

As Rosa walked into the hall, she saw a woman, who she used to look down to because the other party’s reputation in this circle was not very good, looking at her with ridicule and disdain.

She was stunned for a second. Before she could figure out what was that about, she heard a few men talking while looking at her in a meaningful way. "Have you watched that video? Luckily, I was smart enough to save it before the Garrett family managed to delete it on the Internet."

"Of course, I saved it too. To tell you the truth, I never realize that she is actually a slutty woman. On that video, she is a completely different woman from the way she usually looks."

"Indeed. She looks so noble and proud in front of us, as if she looked down on everyone. Well... now that she has such a scandal, how can there be anyone who is willing to marry her?"

"Anyway, I will not marry such a woman! How embarrassing will it be?"

"Neither will I."

"Since neither of you want her, I don't want her either!"

Hearing several men's conversation, Rosa was stunned again. Her footsteps

towards the hall couldn't help but pause.

She turned to look at those men who were checking up on her with flirtatious eyes. And there was some confusion showing in her eyes.

Video?

What video?

Did they mean that she had made some kind of video?

What were they talking about? Why did she not understand a word of it?

But even though she couldn't understand, she knew that what those people were discussing wasn't a good thing, because the way of them looking at her was simply disgusting. When they looked at her, she felt like she were stripped naked.

In normal times, Rosa would definitely figure this out immediately.

But now, Rosa is in no mood to think about other things.

She was only stunned for a few seconds. Then under the different kinds of gaze of everyone, she walked in to the hall step by step and went towards Sheehan

and Nikita, who were standing in the forefront.

Chapter 1606

She looks a bit familiar.

Why did Sheehan suddenly have a fiancée?

Why didn't anyone tell her about this?

Marie called her today and told her to come back for Sheehan's birthday party.

Otherwise, she would have regretted it. If it weren't for this, Rosa would still have known nothing about it!

She has known Sheehan for so many years. She has never seen any woman around Sheehan. He has always remained an abstinent look and been busy with work. Except for eating and sleeping, he almost spends all his time in the company.

Rosa has never seen him interested in any woman. How come did he suddenly have a fiancée?

Besides, what puzzled Rosa the most was why she never knew about

Sheehan's fiancée until now.

This doesn't make sense.

If there is a woman showing up by Sheehan's side, she should be the first one to know.

But why could she not remember who the woman standing next to Sheehan was no matter how hard she tried to recall her memories? How the hell did she meet Sheehan?

Does this have something to do with her drowning?

Did she forget something?

While thinking so, Rosa turned to look at Nikita.

The girl has a delicate and beautiful face. And her facial features seems to be finely designed by God. Her skin was as fair as jade. In the golden trailing dress, she seemed to be glowing, which made her look beautiful beyond words.

Seeing this face, Rosa went in a trance for a moment.

She couldn't help feeling some strong jealousy in her heart.

She had always been conceited. And she thought no one could be better than her

But at this moment, seeing this unrealistically beautiful girl in front of her, she felt inferior for the first time.

In addition to jealousy, she also felt some inexplicable anger. Rosa felt that she was a bit familiar for no reason.

But she had no memories of this face.

Rosa bit her lips and stared at Nikita sharply for a few seconds. Then she turned to look at Sheehan with a pair of sad eyes and said: "Sheehan, we have known each other since childhood. With so many years of friendship, how can you not tell me that you have already had a fiancée?"

"Who is she? Do you know everything about her? Didn't you tell me that you were not interested in dating?"

Sheehan narrowed his eyes and looked at Rosa who suddenly appeared at the dinner party. Then he spoke up with a gloomy face: "What are those security guards doing? Call their leader over."

Seeing that Sheehan's face darkened down, the staff member in the hall immediately called over the security captain.

And the security captain did not dare to keep him waiting. He ran all the way to the hall and got to the front of Sheehan. Before he could catch his breath, he said with fear and trepidation: "Mr. Lambert, is there something wrong?"

Sheehan's deep and steady voice showed that he was holding back his anger.

"As the security captain, can you explain how did this person get in without an invitation?"

Although Old Mr. Lambert had invited many people to his birthday party tonight, not everyone could get in easily.

Those who did not receive invitations were definitely not allowed to enter.

Of course, Sheehan never sent Rosa an invitation.

Hearing this, the security captain immediately understood what was going on.

He took a look at Rosa and hurriedly replied: "Young master, I would never dare to let one person in when he doesn't have an invitation"

"Miss Garrett had the invitation letter. I thought you... So I let her in."

The security captain did not lie.

Chapter 1607

It seems that he is going to drive her out.

Previously, after Nikita figured it out that Rosa hired some ghostwriters to discredit her and planned to sue her, Old Mr. Garrett took Rosa to come to the door to apologize to Nikita, which made a big scene and caused a lot of attention.

Everyone in the old mansion of the Lambert family knew about this.

Under such a circumstance, how would he let Rosa in if she didn't have an invitation letter?

He did check Rosa's invitation letter and made sure there was no problem before he let her in.

Sheehan knew that the security captain didn't dare to lie to him. So he turned to look at Rosa with a pair of cold eyes. His voice sounded cold and serious:

"Where did you get the invitation?"

When Sheehan asked Rosa about this, Marie, who was standing not far from him, immediately clenched her fingers tightly. And there was some panic showing in her eyes.

It was Marie who gave Rosa the invitation.

Marie was afraid that Rosa would sell her out.

Although she married to Walker which made her Sheehan's aunt, and she knew that Sheehan wouldn't do anything to her even if he knew it was her who gave

Rosa the invitation, Marie was still a little afraid of her nephew.

After all, Sheehan is the current head of the Lambert family.

Although she is from an elder generation, she still needs to follow the words of the head of this family.

“I asked for it from a friend. Since you didn’t send me the invitation, I had to use my own way to get it.”  
Rosa did not sell Marie out.

Marie loosened her fingers and secretly sighed in relief.

Sheehan looked at her with a pair of dark eyes and didn’t force her to tell the truth about the invitation. Then he took back his sights from Rosa and coldly instructed the security captain: “Take her out. And don’t let anyone in again.’

The security captain knew that he made a mistake by letting Rosa in. At this moment, he was shivering for the fear of taking the blame.

Hearing Sheehan’s order, he immediately went over to Rosa. And his attitude was not as polite as before. He said in a serious tone with a straight tone: “Miss Garrett, please come out with me.”

But Rosa was not willing to leave like this.

Seeing that Sheehan didn’t care about their friendship for years and embarrassed her in front of so many people, she bit her lips with her eyes turning red immediately. She couldn’t help feeling wronged and angry and said in a choked tone: “Sheehan, I specially flew back from abroad to celebrate your birthday with you. I even spent several days picking out gifts. How could you treat me like this?”

“What did this woman do to you? You’ve never been a person who would lose himself in lose. I don’t believe that you really like her. And I don’t believe you’d really be willing to marry her!”

Sheehan’s eyes looked colder.

Seeing his gloomy face, the security captain spoke up again: “Miss Garrett, if you don’t come out with me now, I’ll call people over.

It seems that she is going to be driven out...

Chapter 1608: What photo? What video?

“If it weren’t for those dirty videos, I couldn’t believe she’s such a bitch in private!

How dare such a bitch come to make a fool of herself?” Someone whispered.

“What did you say?” Rosa never expected that one day, she would be humiliated by a man she used to disdain.

Besides, he used to be pleasing her all the time.

“Jacob, make it clear to me! What do you mean by that? What’s wrong with my reputation? And what have I done in private?”

Rosa heard some similar words when she had just entered the hall.

Although she also felt confused back then, she was focusing on Sheehan and was in no mood to care about other things.

Now that she heard Jacob and several other men in this circle saying those inexplicable words again, she couldn’t help but ask for clarification.

“What dirty video? Who were you talking about? And what does it have to do with me?”

Hearing her ask so, Jacob was stunned. He stared at her in shock for a few seconds. Seeing that she really didn’t seem to know anything, he said in a strange tone: “Rosa, are you really unaware of what I said? Or are you just pretending? The videos and photos you took had been spread all over the internet. Everyone knows that Miss Garrett is only noble and holy on the surface but slutty and flirtatious in your bone.”

Rosa widened her eyes in shock. And her head went completely blank for a second.

“What are you talking about? What photos? What videos? Why are you talking nonsense?”

“I’m talking nonsense?” Jacob felt amused and laughed out. He turned to ask the other guys beside him: “Did she just say that I was talking nonsense? Haha... You guys can tell her whether I was talking nonsense!”

“It has been spread all over the Internet! Do you still want to deny it?”

“Why? You are not going to say that the person in the video is not you, and someone else used head-swapping software to frame you, are you? Do you think anyone will buy your words? If those videos and photos are not real, why is your Garrett family in such a hurry to delete the trending topic online and delete all those posts?”

“I heard that Old Mr. Garrett was so angry that he had been hospitalized since then. That actually made sense.

Such a scandal really brought shame to the Garrett family. If I were Old Mr. Garrett, I would be too embarrassed to meet with other people too, since I had such a shameless granddaughter”

The rest of the fops also laughed out.

Rosa’s head went blank again.

What photos?

What videos?

Why didn’t she know what they were talking about at all?

Also, is it true that Grandpa has been hospitalized?

Why did no one tell her about this?

Rosa suddenly remembered that Corley used to tell her that the Garrett family was having a rough time. He told her to stay abroad for the time being and not to come back.

But when she asked him what was going on, he refused to tell her.

After talking with Corley, she asked Linsey about this too. But she also refused to tell her the truth and just enjoined her to take good care of herself and stop worrying about other things.

Corley mentioned to her that the Garrett family was going through a difficult time.

But is that true?

Jacob said Old Mr. Garrett was hospitalized because of her. But what on earth did she do that could anger her grandpa so much?

Rosa tried her best to think. But she couldn't remember anything.

Her brain suddenly hurt. And just as she was trying to remember, she suddenly felt tingling pain in her head, as if there were needles stabbed into her brain. Her face turned pale because of the pain. And she looked extremely miserable.

Chapter 1609

The Recovery of Memory

Rosa's miserable expressions made the man next to Jacob ask in confusion.

Seeing that Rosa looked strange, Jacob frowned and sneered: "This is none of my business, I am just telling the truth. Since she has been recorded like that in the video, she deserves to be mocked."

Jacob said and looked at Rosa.

He felt that she was pretending.

He was just telling the truth, which shouldn't have stimulated her like this.

However, he had to admit that Rosa's acting skills were powerful, it seemed that she was really miserable.

Many people present had the same thoughts as Jacob, they thought that Rosa was pretending.

Even including Marie.

Marie didn't know that Rosa has been hypnotized by Nikita and lost a part of her memory. Corley just told reminded her of not mentioning anything about photos, the video, or Nikita while talking to Rosa, he didn't tell Marie anything else.

Marie naturally thought that Corley said like this because he didn't want to make her stimulate Rosa.

Sheehan looked at Rosa coldly and expressionlessly.

Old Mr. Lambert looked gloomy, he frowned and wanted to call Old Mr. Garrett to blame him.

Such an annoying person came to the happy birthday banquet! Couldn't the Garrett family control her well?

Nikita was the only one who knew that Rosa was really miserable, she wasn't pretending.

She hypnotized Rosa, which meant she forcibly took a part of Rosa's memory away.

Moreover, that part of memory was important and impressive for Rosa.

Although the hypnosis is successful, there are some side effects.

One of the side effects is that people can't tell her anything or anyone about that memory.

Otherwise, the lost memory may be remembered again.

Considering Rosa's appearance like this, she must have remembered something.

Sure enough, after suffering from the headache for a while, Rosa felt that the pains faded, then she suddenly remembered something.

Some sporadic fragments flashed in her mind like movies.

Video...

Photos...

She remembered the yacht, and she was threatened by a group of people to take erotic photos and videos.

Then, her photos and video were exposed on Facebook.

Everyone laughed at her.

Her grandpa felt ashamed of her and forbade her to come back again.

Even those people whom she despised before started to laugh at her and insult her with the photos and that video.

Chapter 1610

She deserves.

Rosa remembered the memory and her hatred for Nikita at the same time.

Since her photos and video were exposed, she was ashamed to appear in public or meet anyone she knew before.

Because those photos and the video were shameful for her, she was afraid of being laughing at by the public.

But now...

Rosa looked at the familiar or unfamiliar faces in the hall, listened to all kinds of criticisms coming from around, and looked at everyone's disdainful eyes. She was flustered and angry, hatred filled her eyes. She stared at Nikita, the only thing in her mind was to kill Nikita!

She remembered everything.

Everything was arranged by Nikita.

If it weren't for Nikita, if Nikita hadn't made her lose her memory, Rosa felt that she couldn't have come to the banquet tonight, she couldn't have been insulted by so many people in public!

This was Nikita's purpose!

"That bitch! She wants me to be laughed at and insulted by everyone, she wants me to be ashamed all my life!"

Rosa thought in her heart.

Blinded by hatred, Rosa's eyes were red as blood. She saw a waiter coming over with a fruit bowl, and there was a silver knife next to it. Rosa took the fruit knife away from the waiter, which made the waiter surprised.

Then, in the screaming around, she rushed towards Nikita with the knife. Sheehan's face suddenly changed, he looked cold and angry. He stretched out his hand and pulled Nikita behind him. Looking at the fruit knife stabbed by

Rosa, he stretched out his hand to stop it, but he saw Rosa suddenly slipping.

When Rosa was half a meter away from him and Nikita, she lost her balance and fell down to the ground.

When Rosa fell down to the ground, others gasped in shock.

Everyone around opened their eyes widely and looked at Rosa, who had fallen to the ground and could not move, in shock and horror. A woman in a long red dress covered her mouth and opened her eyes widely in horror, then she said in a trembling voice: "Blood... she is bleeding... the knife is stabbed into her belly..."

Nikita's calm face also looked surprised.

She didn't expect it to be like this.

When Rosa fell to the ground, the knife in her hand was stabbed into her stomach.

The white ground was covered by blood.

Everyone watched this unexpected scene in shock.

Seeing this, Old Mr. Lambert was shocked. He looked at Rosa who had fallen to the ground, she didn't move, it seemed that she was in a coma. Old Mr. Lambert said to Fabian with a gloomy face: "Arrange someone to send her to the hospital, call the Garrett family and tell them about this matter in detail."

Seeing that Rosa might die, Fabian contacted the medical group of the Lambert family immediately.

Rosa was like this, who dared to move her? Perhaps moving her would make her injuries more serious.

They could only call a professional doctor at once and ask the doctor to deal with her.

Looking at Rosa, who was lying in the blood in a coma, Fabian felt complicated.

Of course, he would not sympathize her.

If Rosa hadn't got mad suddenly, if she hadn't taken the knife to stab Nikita, she wouldn't have suffered from her own actions and stabbed herself.
