

The Girl CB 1611

Chapter 1611

The detailed situation is still unknown.

Marie was there, seeing the whole process made her face pale in horror, her hands and body began to tremble.

She made a phone call to Rosa because she wanted Rosa to stop Sheehan from being together with Nikita smoothly.

As long as Sheehan and Nikita are not married, they will have the chance, the later the better.

As long as Nikita is not the hostess of the Lambert family, Marie feels that she doesn't have to be so worried.

But she didn't expect Rosa to be crazy all of a sudden. Rosa took a knife to stab Nikita!

So many people were at the banquet, but Rosa wanted to kill Nikita!

Was she crazy?

More surprisingly, Nikita was fine, but Rosa stabbed herself.

Rosa was in a coma and lying on the ground motionlessly. Her belly was still bleeding, making the white ground red, so she was almost lying in the blood of herself.

The shocking color, such a motionless and pale Rosa... Marie opened her eyes widely in horror, she became short of breath, and she was almost going to be fainted.

It was Marie who had called Rosa to come.

Marie had to be responsible, if Rosa really...

Marie would have to suffer from the blame and punishment from the Garrett family and the Lambert family.

If Old Mr. Garrett knows what she has done...

Thinking like this, Marie became more frightened, her palms and her forehead were covered by cold sweat.

She regretted so much.

If she had known that it would be like this, she wouldn't have called Rosa or asked her to come back for the birthday banquet tonight.

Seeing Marie's pale face and nervous situation, Walker thought that she was worried about Rosa, so he held Marie's hand and comforted her in a low voice:

"The doctor will come soon, that injury is not fatal."

Marie looked pale, she nodded.

She prayed silently in her heart: God, please, don't make me involved.

Otherwise, Old Mr. Lambert and Sheehan have been protecting Nikita so well, even if she is Walker's wife, she will still suffer in the Lambert family in the future.

Rosa was sent to the hospital.

The Garrett family was also informed.

Corley was silent for a long time after knowing the whole matter.

“Mr. Garrett, Old Mr. Lambert said that Miss Garrett is a member of the Garrett family, although she suffers like this because of her own bad deeds, we still have to tell you about this matter truthfully in detail.”

“Now, Miss Garrett has been sent to the hospital of N City, you can ask the staff there, we don’t know the specific situation of her injury.”

Fabian finished his words and hung up the phone.

Corley immediately called the hospital. He knew someone working there.

“Mr. Garrett, your sister has just been sent to our hospital. We still need to check her injury, and we will inform you of her situation as soon as we get the results

Chapter 1612

He can’t protect her.

“OK. Corley drove to the hospital. When he was still on the way, the doctor there called him and told him the results. Rosa’s injury was quite serious.

She has lost so much blood, she was still in a coma. The doctor didn’t know when she could wake up.

Fortunately, although the injury was serious, it was not fatal.

Corley got to the hospital soon, Rosa’s injury had been treated. She was sent to a ward, accepting the transfusion.

Corley walked into the ward and saw Rosa lying in a white hospital bed with her eyes closed, she was so pale.

He walked to the bed, stood by it, and looked at Rosa for a long while.

He has been protecting her since he was a child.

No matter what mistakes she has made, he would only blame her at most, then he would solve the consequences for her.

But this time...

He couldn't protect her again.

He couldn't.

Corley knew Sheehan's character so well.

Rosa dared to stab Nikita with a knife at the banquet. Although she stabbed herself in the end, Sheehan wouldn't forgive her.

Because she wanted to kill Nikita.

She wanted, and she really did it.

Sheehan couldn't tolerate such a person who wanted to kill his beloved, he couldn't be indifferent.

Sheehan would definitely make Rosa responsible for what she has done, unless...

Unless Rosa dies.

Corley has done everything he can do.

He has sent Rosa abroad, he has asked Nikita to hypnotize her, but such an ending was still inevitable.

After standing in the ward for a while, Corley went outside and called Nikita.

Seeing the caller, Nikita hesitated for a few seconds and answered the phone.

"I know what has happened at the banquet. I didn't expect her to lose her mind and even want to kill you.

Anyway, no matter whether you need it or not, I have to apologize to you for her."

"Fortunately, you are fine." Corley's voice was tired and heavy. "Anyway, Nikita, I'm sorry"

Nikita pursed her lips and said in a cold voice: "How is she?"

She was asking about Rosa's situation.

Corley told the truth: "The doctor said that the injury was not fatal, but she was still in a coma because of losing so much blood. I don't know when she can wake up."

"Hmm." Nikita was silent for a long while after this.

Corley was also silent for a while, and then he asked, "Didn't Rosa forget those things after you hypnotized her before? Why... I have known her actions at the banquet, did she remember those things again?"

“Yes.” Nikita didn’t deny, “Hypnosis is not once-and-for-all. I just hid a part of her memory, I didn’t completely erase it. She heard what had happened before at the banquet, so she got stimulated and remembered the past.”

“Just like what I have told you before, she will remember this matter unless she can be protected from relevant topics or people of this matter all her life.”

Corley said, ‘I see.’”

“Sorry to disturb you, I just want to figure this matter out.” Corley finished his words and hung up the phone.

A crystal cup filled with fresh mango juice was handed to Nikita, Nikita looked up and saw Bethel.

Bethel has also come to the birthday banquet tonight.

“Thank you, auntie.” Nikita took the cup over.

Bethel also held a glass of juice in her hand. She smiled, and her voice sounded gentle and kind: “Have you got frightened tonight?”

Nikita felt speechless.

She has seen too many bloody scenes. Rosa was far from enough to frighten Nikita.

Chapter 1613

Announce the engagement first.

Seeing that Nikita didn’t speak, Bethel thought she was really scared. After all, it was really bloody and scary, Bethel was also startled.

So her voice became more and more gentle, and she comforted Nikita softly: "I have met Rosa several times when she was a child, and she looked quite clever at that time. I didn't expect her to be like this now. She is so persistent for Sheehan."

Persistent, of course, Rosa's love for Sheehan is almost morbid.

"Niky, I have something to discuss with you." Bethel said gently.⁴

Looking at Bethel's warm eyes, Nikita nodded and said politely: "OK, aunt."

Bethel put the cup in her hand aside, then she held Nikita's hand and smiled gently: "I have the sense of crisis because of the matter today, so I have a request for you. You can refuse if you want."

"What's it?"

"We have invited almost all the noble and powerful people in N City for the birthday banquet tonight. I just think that you can announce the engagement with Sheehan on this occasion."

Nikita was stunned: "Engagement?"

Bethel nodded: "Yes. Of course, I know that Sheehan should propose first before a formal engagement, then you can choose a day to hold your engagement banquet. So, you can just announce your engagement tonight, just to tell others about your relations clearly."

"I will ask Sheehan to make up all the banquets and procedures for you later, OK?"

Nikita was stunned again.

Bethel was looking at her gently and lovingly, her tone was also gentle, she was really discussing with Nikita.

Nikita felt that it was hard for her to refuse such a gentle and beautiful person.

She was silent for a few seconds, then she asked in confusion, "Tonight? Why?"

Nikita didn't mind getting engaged.

But Bethel's sudden request was a little hasty.

Bethel loosened Nikita's hand and turned to look at the dark sky outside.

They were standing on the observation deck outside the lobby on the first floor.

No one else was there. After looking outside and being silent for a long while,

Bethel said: "Has Sheehan talked with you about his father's death?"

Nikita narrowed her eyes.

Before Nikita answered this question, Bethel said: "Sheehan's father died of a car accident."

Bethel's gentle voice sounded a little sad: "The day before his accident, he told me that he would celebrate our wedding anniversary when he comes back."

"We have planned to travel abroad."

"We have chosen our destination and the hotel we would live in advance. We have even decided what we would eat or play, the plan was perfect, but..."

"The accident came earlier than the next day."

Bethel said and turned back, Nikita saw her eyes were red with tears.

“Niky, what happened tonight reminded me of the night when his father had an accident. Now, I sincerely hope that you and Sheehan can announce your engagement quickly. I shouldn’t have been so anxious, I shouldn’t have urged you, but...”

Bethel didn’t finish her words.

But Nikita could understand.

Tonight, Rosa wanted to stab her, it happened all of a sudden.

Just like the car accident suffered by Sheehan’s dad, it was also an accident.

Bethel remembered Sheehan’s father’s death because of tonight’s incident, she suddenly had no sense of security, and she was afraid that there would also be some unexpected things between Nikita and Sheehan.

That’s why Bethel wanted them to announce their engagement tonight.

Chapter 1614

Are you willing?

Bethel felt that she shouldn’t have asked Nikita to do this.

Although she is an elder, she should not intervene too much in Nikita and

Sheehan’s matters.

She knows Sheehan the best.

Sheehan has been very independent since his childhood, he would take actions after making decisions carefully. He has done almost everything well, he doesn't need anyone else to be worried about him.

He must have his own thoughts about his marriage with Nikita.

Since they haven't engaged, the only reason is that Sheehan doesn't want to get engaged now.

Bethel felt that she shouldn't have told her request to Nikita so suddenly.

She shouldn't have intervened their matters.

When Bethel regretted and wanted to tell Nikita to forget this matter, she heard

Nikita's lovely voice: 'Aunt, I agree, but engagement should be the consensus of

Sheehan and me, although I can promise you, Sheehan..."

Bethel was stunned, then she held Nikita's hand tightly, she said in excitement and surprise: "Niky, you agree?"

Nikita sipped her lips: "Yeah, if Sheehan agrees, I also agree."

"That's great." Bethel was delighted, then she smiled: "Sheehan? Of course, he will agree. If he knows that you are willing to get engaged with him tonight, he will be ecstatic. He may even be too excited to sleep tonight."

Nikita felt speechless.

"Mom, you are here, I have been looking for you for a long while."

After talking about Sheehan's opinion, he appeared with a cup of champagne in his hand, he smiled and walked to Nikita.

He held Nikita's waist and looked at Bethel, then he smiled: "What are you talking here?"

"We are talking about you." Bethel looked at her son and smiled gently.

"Talking about me?" Sheehan raised his eyebrows and looked interested in their conversation: "For what?"

Bethel smiled: "I discussed with Niky just now, I think today is a good timing for you to announce your engagement since so many influential people are here. What's your opinion?"

Sheehan was stunned.

He turned to look at Nikita.

"Niky has agreed." Bethel looked delighted, her eyes also looked bright, "Take her outside and tell the guests about your engagement."

Sheehan held Nikita's waist tighter, his voice was low and attractive as usual, but he was a little nervous: "You have agreed?"

Nikita looked indifferent and said calmly: "Yeah, auntie said that she hopes that we can announce our engagement tonight. Anyway, we will announce it sooner or later, to announce it tonight doesn't matter for me."

Sheehan sipped his lips was silent for a long time.

Probably because he was silent for a long time, Nikita looked up at him and asked directly, "You don't want to?"

“Of course I do.” Sheehan looked quite calm, but the emotions in his deep eyes were complicated, showing his complicated mood at this moment.

He swallowed his saliva, took a deep breath, and tried to keep calm: “But... if we make the announcement tonight, it is not formal enough.”

“Of course, you have to make up for all the banquets and rites later.’ Bethel walked to them and held their hands with a smile, “The proposal, engagement banquet, you have to make everything up for her.

Chapter 1615

She is his goddess.

“Although I don’t think the banquets or rites are necessary for you, but Niky deserves them.”

Sheehan: “...”

He used to be the most favored one in the Lambert family before.

Now, Nikita has replaced his status at the Lambert family.

Sheehan led Nikita into the hall and stood on the stage in the middle.

“Dear guest, sorry to disturb you for a few minutes, I want to announce an important matter for me.”

All the guests were drinking and talking happily in the hall.

The atmosphere was delighting and relaxing.

They seemed to have forgotten the bloody accident an hour ago.

Even though everyone was frightened at that moment, their fear vanished quickly. At the continued banquet, the attendees stayed and talked.

After all, this night was a rare opportunity.

Only the Lambert family could gather all the powerful people in N City like this, only them.

Therefore, people who have come to the banquet wanted to get to know more noble people with such a good opportunity.

Perhaps they could find more business opportunities.

No one would be willing to leave until the end of the banquet.

Sheehan's words made the noisy hall silent in an instant, everyone stopped talking or doing something else and looked up at the stage together.

The most outstanding man at the banquet, Sheehan, the youngest person in power of the Lambert family, said word by word clearly after the hall became quiet.

"As you all know, this is my birthday banquet, but I am going to announce a matter that is more important than my birthday just at this moment."

"Although I have introduced my fiancée to you before, at this moment, I want to formally and solemnly tell you that tonight's banquet is not only for my birthday, but also for my engagement with my fiancée."

"Tonight is my birthday, and it is also the day for my fiancée and I to get engaged."

"Of course, my birthday banquet can't replace our engagement banquet, I announce our engagement in such a hurry just because I can't wait to make this announcement."

Sheehan said like this, then he held Nikita's hand and continued to say with self mockery: "You all know how outstanding my fiancée is, I announce our engagement tonight because I am short of the sense of security."

"After all, her advantages can be found by many people besides me."

If it weren't for hearing such words on the spot, no one would believe it was Sheehan who said such words.

Sheehan, the ruler of the Lambert family, said such humble words.

How surprising it is.

Who is Sheehan?

He is the best and most outstanding one in his generation in the top rich and powerful circle.

His identity, status, talents, wisdom, and qualities are almost the best, no one could be compared with him.

He has always been the god for others.

But now...

The woman next to him has become his goddess.

The announcement of engagement made by Sheehan was recorded as a video and soon sent to Facebook by a lady at the banquet. Everyone on the Internet could witness the announcement and listen to Sheehan's humble words.

Chapter 1616- Sheehan is so powerful.

Countless girls felt jealous and envious for such words.

“I am so envious of Nikita, Sheehan loves her so much.”

“Sheehan is the ruler of the Lambert family, and the Lambert family is almost the richest family in our country.

Sheehan loves her so much, otherwise, as such a powerful man, he shouldn't have been so worried. Think about it, only when we love someone deeply, will we think that we are not good enough and lose our confidence.”

“Whoops, I want to experience Nikita's life, I also want to enjoy the feelings of being loved by the ruler of a top family.”

“Yeah, Sheehan is excellent, but Nikita is also the same. If you can be as excellent as Nikita, you will also have the chance to be loved by excellent men.

Girls, if you want to meet excellent people, you have to improve yourselves! You have the right to decide who you will meet!”

“Both of you are excellent, and you are born to be a couple. Wish you happiness!”

At the same time, Rosa's action of stabbing Nikita at the banquet was also on the hot search list.

This was also an influential matter, some witnesses also sent the video to Facebook.

“Miss Garrett? She is from the Garrett family of N City?”

“I heard that the scene was horrible and bloody. When she stabbed Nikita with a knife, she fell over and the knife was stabbed into her own belly, she got fainted and lost much blood. She was still in a coma when the doctor arrived.”

“She suffered completely because of herself. I am not sympathetic for her at all!”

“She made rumors and framed Nikita before, which made Nikita want to sue her, right? Was she crazy? She even wanted to kill Nikita in public?”

“This time, it is much more serious than making rumors, she has committed a crime, if she survives, she will be sent into jail”

“Really? I can’t believe this matter, it is so strange.”

“It’s true. My sister is a doctor of the hospital. She told me just now that Rosa was sent to the hospital, Rosa was in a coma because of losing too much blood.”

“So, she didn’t die?”

“She survived, that injury wasn’t fatal.”

“So she would be sent into jail after being discharged from the hospital?”

When Rosa’s matter was on the hot search list, the public relations department of the Garrett Group called Corley immediately.

“Mr. Garrett, shall we remove that topic from the list?”

Corley said tiredly: “We don’t have to.”

“But...”

“You don’t need to do anything for this matter.” Corley hung up the phone.

Removing that topic from this list was far from enough to solve Rosa's matter this time.

She wanted to kill Nikita with a knife in public.

What a felony.

No matter how powerful the Garrett family is, they can't protect her this time.

Because Rosa has offended the Lambert family this time.

The birthday banquet came to the end.

It's already past two o'clock in the morning.

Nikita took a bath and felt tired, she lay in the bed and didn't want to move.

She always stayed up late, even if she couldn't sleep well, she would also be energetic.

But now...

She looked down at the red traces on her body, sipped her lips, and felt that she was so weak for the first time.

She has never been so tired.

She had to admit...

Sheehan is so powerful.

She hasn't recovered after almost 24 hours.

Chapter 1617-You have recovered so soon?

She has been so lazy and short of exercise recently? So she has become so weak?

Or... Sheehan is more powerful than other men?

Nikita has no experience.

Just because she has no experience, she doesn't know whether Sheehan is powerful or not in this aspect.

Anyway, according to her feelings, she felt a little comfortable at the first time, then she felt great.

Because they are living in a villa as an unmarried couple, they are living in two bedrooms in the same floor.

She is living next door to Sheehan.

After taking a bath, she lay in bed and played games for a while, and then she was a little sleepy. After putting her mobile phone aside, she wanted to sleep.

As soon as she closed her eyes, someone knocked on the door.

Before Nikita could ask who it was, she heard Sheehan's low and sexy voice:

"It's me, have to gone to sleep?"

Sheehan?

Nikita opened her eyes, then she got out of her bed and went to open the door.

At the door...

It seemed that Sheehan had just taken a bath, he was in a black silk night-robe, which didn't cover his chest. He smelt good because of the washing shampoo.

There was a delicate box in his hand.

Nikita looked at his handsome face, then she looked downside...

His chest looked like jade, which was white and attractive. However, there were some red traces on his chest, which were quite eye-catching.

Nikita suddenly thought of some erotic scenes subconsciously...

It was her who made those red traces.

At that time, she was out of control while making love with him, so she scratched him for several times.

So... both his chest and his back had such red traces.

Thinking of those erotic scenes, Nikita felt shy, but she still looked calm and indifferent, then she asked in a calm voice: "What's the matter?"

"Well, let me go inside first?" Sheehan smiled and said gently.

Nikita turned sideways without saying anything.

Sheehan walked into the room and closed the door.

Nikita followed him.

“This is a medicine for relieving pain and swelling.” Sheehan put the delicate small box on the table and turned around, he held Nikita’s hand tightly, making her feel his temperature.

Nikita was slightly stunned, then she glanced at the box on the table: “Relieving pain and swelling? For me?”

Sheehan nodded.

Nikita raised her eyebrows in confusion: “I am not injured, why do you give this to me?”

Sheehan narrowed his eyes, then he looked at her with desire and said in a low and hoarse voice: “Think about it carefully, you are not injured? You have recovered so soon?”

Looking at his eyes, Nikita reacted after a few seconds.

Sheehan felt speechless.

After all, she is a girl, she doesn’t know what she should say for this matter.

Sheehan held her hand with his hot hand, then his voice became more hoarse, he looked at her with desire: “Do you need me to apply the medicine for you?”

Nikita felt shocked and took her hand back from his, her voice was low: “No!”

It was rare for Sheehan to see her to be shy like this, he felt delighted and held her hand again: “You really don’t need?”

Chapter 1618-Have a meal together.

Nikita looked expressionless, but her ears were a little hot, she said unnaturally in a hoarse voice: "I don't!"

Sheehan didn't insist, he nodded and said gently: "This medicine is quite effective, since you don't need my help, I will put it here, don't forget to use it."

Nikita felt speechless.

"Are you sleepy?" Sheehan saw her tired face and asked in a low voice.

Nikita nodded and didn't look at him.

She has never felt so awkward when she was with Sheehan before.

After making love, she felt quite embarrassed.

As soon as she looked at him, she would remember those erotic scenes that night.

Those erotic scenes...

"Well, sleep quickly." Sheehan rubbed her head. Seeing that she didn't look at him, he guessed the reason and smiled.

His smiling sounded nice.

He smiled in a low voice, which was quite attractive.

"Why don't you dare to look at me?" Sheehan pinched her jaw with his slender white fingers, then he looked into her eyes, "Niky, don't you know that? The more you are like this, the more I want to..."

Being forced to look at him, Nikita sipped her lips, restrained her embarrassment, and tried to say calmly: "What do you want to do?"

He touched her jaw gently, and he said in a lower voice in her ear: "I want to bully you, just like that night..."

He wanted to see her crying because of him.

That must be beautiful and charming...

"Sheehan..." Nikita finally got annoyed, "You are thinking about this all the day?"

A cold person? A person who has no sexual desires?

Indifferent and noble?

He is totally different from those descriptive words of him!

The man standing in front of her is not cold at all, and he is almost controlled by his sexual desires!

He didn't control himself at that night at all!

Fortunately, she is stronger than ordinary people.

Otherwise, she couldn't have been able to move at all.

"Of course not." Sheehan's face looked serious again, then he said: "I won't have such desires if I am not with you."

Nikita finally drove Sheehan out.

She pushed him out of the room directly, and then she closed the door while being looked at meaningfully by him.

After a while.

Nikita received a message from Sheehan in her room.

Sheehan: Remember to use the medicine.

Nikita didn't reply, she went over and picked up the box of medicine, opened the lid and smelled it.

The medicine was white, which smelled good with good and rare medicine materials.

With Nikita's medical skills, she certainly knew that this medicine was effective in relieving pains and swollen.

However, she didn't use the medicine.

Although she felt a little comfortable, it wasn't serious, so she didn't have to use the medicine.

Nacy has just come back from abroad, so she invited Nikita and Sheehan to dinner.

"I haven't had a meal with your Mr. Lambert." Nacy smiled and said on the phone: "Don't you want to introduce your boyfriend to your best friend?"

Chapter 1619-Sampson is also there.

Nacy smiled again: "Yes, I have met him, but it wasn't formal. Moreover, I haven't met you for a long time, I miss you very much. Since you are not busy, come out and eat together with your Mr. Lambert."

Nikita agreed because she wasn't busy.

She hasn't met Nancy for a long time.

After hanging up the phone, Nikita turned and asked the man who was sitting at his desk and working hard:

"Nancy asks us to have dinner together, do you want to come with me?"

"Nancy?" Sheehan looked up and felt that the name was a bit familiar.

But he didn't remember who she was.

Sheehan wouldn't bother to remember anyone who was not close to him.

"You have met her before. When I attended an evening banquet of the Lambert family before, it was her who dressed me up." Nikita reminded.

Nancy is a bright and charming beautiful woman.

For almost all the men and women who have met her, they would be impressed by her.

Sheehan didn't remember her?

Sheehan finally remembered who she was with Nikita's reminder.

He smiled and said: "When?"

“Tonight.” Nikita said the appointed time and place, “Pearl Restaurant.”

Pearl Restaurant is a famous western restaurant in N City.

Originally, Sheehan had an appointment, but he decided to ask Vernon to change his appointment later, so he could have dinner with Nikita tonight.

Although work is important...

His wife is more important.

This is the principle that Sheehan has always adhered to.

Nacy asked them to have dinner at 7 o'clock in the evening.

Sheehan has never been late for his appointment, so he arrived at Pearl Restaurant on time.

After parking the car, he led Nikita into the restaurant, which had many guests.

The waiter led them to the reserved seats, and at a distance, Nikita saw Nacy sitting by the floor-to-ceiling window with Sampson next to her.

Nikita was stunned when she saw Sampson, then she raised her eyebrows.

Nacy didn't tell them that Sampson would also come for dinner on the phone.

So, why?

“Niky, I miss you so much.”

Nacy also saw Nikita, as soon as Nikita walked over, Nacy stood up and walked to her quickly, then she hugged Nikita, regardless of Sheehan's hand, which was holding Nikita's hand.

Being held by Nacy expressionlessly for a while, Nikita turned her neck and said indifferently: "Can you let go of me?"

Nacy felt satisfied and loosened her hands, then she took a step back.

"Mr. Lambert, I have hugged your fiancée, you won't mind, right?" Nacy smiled and greeted Sheehan meaningfully.

Sheehan's handsome face looked calm: "I don't mind."

"Mr. Lambert." Sampson also stood up and greeted Sheehan with a smile.

"Sampson." Sheehan nodded, "I have heard that you have been dealing with a special case, which is quite difficult, I think that you must be busy."

Sheehan was also a little surprised when he saw Sampson was there.

The James family is also wealthy and noble. In the same circle, Sheehan and Sampson have known each other long ago.

Although they have known each other for a long time, they were not quite familiar or close.

They have just met and talked for several times at different banquets, they haven't met in private.

Sampson smiled: "Yes, I have been busy, but I still have time for eating."

Chapter 1620-Get married because of pregnancy.

After a few commonplaces, they took their seats.

Nikita sat by Sheehan, and Sampson sat by Nancy.

Nancy ordered a glass of juice, and the waiter sent it over. When she just wanted to drink it, Sampson took the glass of juice directly away from her hand.

Nancy frowned and glared at him. "What are you doing?"

Sampson put the juice on the table: "It is cold, you can order a glass of warm juice." "On such a hot day, I just want to drink cold juice!" Nancy said angrily: "You are not my dad, don't control me like this. I just want to drink cold juice, give it to me!"

Sampson looked at her calmly, then he said calmly and overbearingly: "No."

"Sampson, you!" Nancy's eyes widened with anger.

Sampson didn't answer her words, he called the waiter and ordered a glass of warm juice.

Nikita looked calm, but she was looking at Nancy and Sampson with curiosity, she narrowed her eyes and looked at them again and again.

Clearly, Sampson and Nancy have hidden something from her.

"Don't you want to explain to me?" Nikita raised her eyebrows and looked at them with questioning, "What's your relationship now?"

Nancy and Sampson didn't get along with each other like this before.

Although Nikita was less sensitive in such matters, she could still feel something strange.

“Hmm?” Sampson looked up at Nikita, “Isn’t it obvious enough?”

Nacy covered her mouth and coughed, then she looked into Nikita’s questioning eyes. Rarely, Nacy looked shy and muttered: “Well, Niky, I have forgotten to tell you, I... Sampson and I... we...” Sampson wasn’t as shy as her, he directly held Nacy’s shoulder and said to Sheehan and Nikita: “We are together, Nacy is my girlfriend.” Nikita felt speechless.

Although she has guessed something, she still felt surprised.

Nacy and Sampson are together?

They used to despise each other and mock each other whenever they met.

Nikita still remembered Nacy’s words: “Even if Sampson is the only man left in the world, she won’t be with him even if she has to be single all her life.”

But now, she is Sampson’s girlfriend?

What a shocking matter for Nikita.

“Well, Niky, this is a long story. I have asked you to have meal together today just because I want to tell you...”

Sampson and I will get registered for our marriage in the next month, and we will hold our wedding ceremony at the end of this year” Nikita felt speechless.

Before she could accept the fact that they have been together, they are going to get registered?

“You...” Nikita recovered after being stunned for a long while, then she looked at them in shock: “Are you kidding me?”

“No.” Nacy looked shy and said, “I have never thought of getting married so soon. However, for the sake of the baby, we have to get registered and hold the wedding ceremony quickly” “Otherwise, my belly will be quite obvious after two months, it will be hard for me to wear the wedding dress.”

Nikita felt speechless.

Her pupils became wider in shock.

Baby?!

Didn't she hear it wrong?
