

The Girl CB 31

Chapter 31 The atmosphere in this class is good, which is convenient for sleeping.

“Yeah, yeah, yeah.” Maddox took the small pills with both hands, regarded them as rare treasure, and then he immediately

took a handkerchief out of his pocket, put the small blue pills in, stacked it, and then carefully put it back into his

pocket.

“Thank you, senior sister apprentice. Maddox’s eyes were red. He was touched and said, “You are very kind to the Old

Maddox. I can’t repay your kindness. In the next life, the Old Maddox will do everything for you...”

Only Maddox knew clearly how precious the small pills Nikita gave him just now.

It is rare for others to get one.

His fairy senior sister apprentice gave him seven at once!

Senior sister apprentice is too kind to him, so he is really touched.

www

Senior sister apprentice even saved his life. Four years ago, if senior sister apprentice hadn’t rescued him in time,

he’s long gone from this world.

This time, the reason why he was able to succeed in the operation and save his life from the hell was that the treatment of senior sister apprentice four years ago evacuated a lot of congestion in his brain, which reduced the difficulty of

this brain opening operation.

“Stop!” Nikita made a pause gesture, raised her slender eyebrows, said impolitely, “Don’t talk nonsense. I don’t need

you to do everything for me to repay me in the next life. You just need to help me solve two things now.”

“Senior sister apprentice, just say it.” Maddox immediately said, “I can do ten things, one hundred things for you, let

alone two things. As long as I can help you, I will never refuse!”

“Rest assured, it is not difficult.” Nikita popped up her lips, “I want to study in First Senior High School, you help

me arrange it.”

Maddox opened his eyes wide: “Senior sister apprentice wants to study in our First Senior High School?”

“Yes, I’ll study the second half of the third year of high school.”

“But aren’t you already...” Nikita is super university tyrant who got the diploma of a world-famous university as early

as two years ago. Now she wants to resume her studies in First Senior High School?

Is she kidding?

“It’s a bit boring recently, and it’s good to re-experience campus life.” Nikita raised her hand to interrupt him,

glanced at him faintly, “Don’t mind so much, just help me arrange it. Don’t tell me that you can’t do this little thing.

well?”

“Of course hot, no problem. I’ll do it for you right away.” Maddox knew her temper, and didn’t dare to ask any more.

questions. He said carefully, “Our best class is Class A, you…”

“I’m going to Class F.” Nikita said.

“Class F?” Maddox was stunned. “Senior sister apprentice, Class F is the worst class of Senior Three.”

He thinks Nikita doesn’t know this school, so he reminds her.

Nikita raised her eyes and popped up her lips: “Yes, I’ll go to this class.”

Maddox froze again.

Nikita seemed to see his confusion and smiled: “The atmosphere in this class is good, which is convenient for sleeping.”

Indeed, there is no psychological burden sleeping and playing with mobile phones in a class full of poor students.

After all, teachers turn a blind eye to their behaviors.

Unlike the Class A, which is full of top students, the teacher keeps a close eye on the students energetically every

day.

Maddox: "..."

Maddox was supposed to personally arrange the things about Nikita's transfer.

But Nikita said she didn't want to be too high-profile, so he could only arrange the class teacher in charge of Class F

to do it.

Chapter 32 I am willing to indulge her. Who dares to pick on me?

Talbot hasn't reacted yet.

"Teacher, the transfer student named Nikita..."

"Transfer student? You are impolite!" Maddox stared at him and corrected him seriously. "She's my senior sister

apprentice. You have to call her little master"

Talbot

“Teacher, what’s going on here? That transfer Talbot saw Maddox staring at him again, sipped his lower lip, and

changed his words awkwardly “Little master... is still a high school student, how did she become your sister?

Before Nikita let Maddox call her, which seemed like she is very familiar with Maddox.

Talbot only thought she was impolite and underbred, and didn’t take her words seriously at all.

But now...

Talbot felt embarrassed.

“Why do you care so much?” The teacher who is very kind stares at him and says in a fierce tone now, “Your little master has a special status, how others can know it at will? Even if you are my disciple, I can’t tell you without her

permission.”

“In a word, your little master will stay in our school for half a year. Just be respectful when you see her.”

Talbot: “..

“I have to have a good rest for nearly a year, so I won’t come to school often. If she has anything to find you for

help, you must do it for her.”

“And, you tell to the teachers in her class later that she loves to sleep. If you see her sleeping in class, don’t

disturb her and let her have a good rest.”

Talbot: “...”

Talbot is speechless: “Teacher, will it indulge her too much?”

Maddox rolled his eyes: “She is my senior sister apprentice, and I am willing to indulge her. Who dares to pick on me?”

“I don’t care about her if she fights with others?” Talbot has seen some information about Nikita. She used to fight.

with people.

“I know her character. If no one takes the initiative to pick a fight, she wouldn’t fight with others. If someone is

beaten by her, he deserves it.”

Talbot: “...”

Is this still the teacher who is extremely strict with them and students, and can’t tolerate any mistakes?

He actually has double standard.

Nikita’s class teacher is Mr. White, who immediately take Nikita to get school uniforms, books and other things

personally when he received the notice.

“Nikita, I have seen some of your information. I don’t ask you to have any good performance, but I hope you can do the

most basic thing of not causing trouble at will, and be friendly and harmonious with your classmates. These two

requirements are not difficult, can you do them?”

There are many problematic students in Mr. White’s class.

He even tolerate the most unruly person the little devil of the Lambert, and he feels that even if Nikita is not a good

student, she should not have many problems.

No matter she is how difficult to discipline, can it be harder than disciplining Felton?

Nikita nodded and looked clever and obedient.

She put on her school uniform, and her little face, which was not made up, was white, tender and beautiful. There was extra decoration on her body, and her hair was only tied with small black rubber bands.

Unlike other female students, who like to make a lot of efforts in dressing themselves.

She looks like a student who is quite simple.

And Nikita obediently answered what he said to her, so Mr. White felt that the student was obviously quite honest and

gentle.

She is not who her information says she is.

Mr. White has some doubts about whether the information is wrong.

Chapter 33 Mr. Lambert is still watching his mobile phone.

She is such a good girl Who says that she fights with people every day in school?

And she often beat people to the hospital?

Ha ha, he doesn't believe it anyway

The Lambert Group

Vernon held a stack of documents, stretched out his hand and pushed open the half-open door of the president's office

Entering the office, he went to the black desk and gently put the document on it. "Mr. Lambert, this is a few documents

that you need to handle today Half an hour later, there is a high level meeting that requires you to attend and preside

in person.

At noon, you'll have dinner with Mr. Chaucer of HSBC. He made an appointment for today's dinner a week ago.

And in the afternoon..."

Vernon put the document on the desk, then retreated to one side, looking at his boss who is out of ordinary. He feels

strange, secretly glanced at him several eyes.

Mr. Lambert always concentrates on his work. He doesn't touch his mobile phone a whole day except for necessary

contact

But today, he keeps watching his mobile phone.

He has been in and out of the office three times.

Mr. Lambert is still watching his mobile phone.

This is a phenomenon that has never happened before.

Vernon is very curious what is attracting Mr. Lambert on the mobile phone.

He reports on Mr. Lambert daily routine as usual.

"Wait a minute." In front of the black desk, the man with extremely handsome appearance slowly raised his head, and

his

handsome and elegant facial features were particularly bright. His black eyes were indifferent and alienated, and his

innate dignity and elegance made him more outstanding.

Even Vernon, a man, is often obsessed with his handsome boss.

Looking at his super handsome boss, he secretly sighed that if Mr. Lambert weren't the president of the Lambert Group

and entered the entertainment industry, he must overshadow those handsome young boys.

Mr. Lambert's face is definitely overwhelmed them.

Vernon step forward and respectfully say, "Mr. Lambert, what do you want?"

Sheehan's slender and white fingers gently tapped on the screen of the mobile phone, and his cold and deep eyes

narrowed. The white shirt with two buttons unbuckled was slightly open, showing a cold and white skin and a very

attractive collarbone.

The man opened his mouth, and his voice was cold and magnetic: "There is nothing but daily work report?"

"Huh?" Vernon paused.

Sheehan glanced at him with his cold eyes: "How did Felton perform in school recently?"

Vernon froze for a few seconds.

Is Mr Lambert concerned about Felton?

Although Vernon doesn't know why Sheehan suddenly cared about his younger brother who hasn't cared several times

all the

year round, he still replied truthfully: "It's still the same. Today, he fought with people again and the other party

was sent into the hospital."

Vernon is quite clear about those things Felton did.

Because every time Felton got into trouble, it was he, the special assistant of Sheehan, dealt with trouble.

Just in one year.

He deal with those (f u c k i n g) things caused by Felton at least twenty or thirty times.

Those teachers in First Senior High School may not know Sheehan, but they must know Vernon.

As for Mr. Lambert...

Mr. Lambert's feelings with his younger brother are not deep. One is at home all the year round, the other is abroad all

the year round, so they just meet each other once or twice all the year round. Although they are brothers, they should

spend time and efforts bonding with each other.

"Fighting again?" Sheehan's cold voice is somewhat lazy. Probably because he didn't have a good rest, his deep voice is (h o a r s e) without emotion. But his deep eyes are somewhat cold.

"Actually, in fact, Master Felton has restrained himself during this time." Vernon helped Felton deal with troubles many

times, so he had a little feeling to Felton. He carefully glanced at Sheehan's face and talked for Felton. "In the last

two months, he only had such a fight."

Chapter 34 The only person he's afraid of is his brother.

"Only once?" Sheehan glances at him, and the majesty released virtually made him daunting.

A faint glance makes Vernon dare not breathe.

Vernon broke out in a cold sweat, lowered his head, and did not dare to look him in the eye: "Yes, Master Felton was

more tractable recently than before."

Vernon also don't know why Sheehan suddenly asked about Felton's situation.

Maybe he is on a whim, or he has not cared about his younger brother for a long time, and suddenly wants to care about

him.

Or something else.

No matter what kind of possibility, it is probably not a good thing for Felton

Master Felton is fearless, and the only thing he is afraid of is his brother

Sheehan was not strict with Felton before, and he didn't care much about Felton's affairs. Felton's life was very

carefree. Naturally, he caused a lot of trouble.

Sheehan sipped his lips and pulled up his shirt cuffs, revealing a cold white wrist. The platinum buttons on the cuffs

of the white shirt were reflected by the sunlight.

The light reflected to the skin of his arm obliquely His fingers were slende and white, and the pale blue blood vessels

were clearly visible.

An instant later, the man's cold eyes fell on the screen of the mobile phone where Verno couldn't see anything. After

looking at it for a few seconds with his half-narrowed eyes, he sank his voice: "Felton fight with people and the other

party was sent into the hospital. Why didn't the school call the parents? Is this school too irresponsible?"

Vernon stunned.

He has worked for Sheehan for a long time.

He thinks that he knows his boss very well. Most of the time, he can understand what Mr. Lambert means only through

a

look.

But now, he pondered again and again, but didn't figure out what Mr. Lambert meant.

Didn't Mr. Lambert clear whether the school has called parents or not?

"Mr. Lambert, the school has called us. I think Mr. Lambert is busy with your work, so you definitely don't have time to

go, so..." Vernon couldn't figure out what Mr. Lambert thought, hesitated, and could only answer truthfully.

"Even I'm busy with work, I still need to squeeze time to discipline him." Sheehan closed his mobile phone and tapped

his index finger twice on the black marble table. After a moment, he suddenly stood up. "Go and inform all departments that the meeting will be moved to the afternoon. Then call Mr. Chaucer to tell him that I have something to do today and

I'll have dinner with him tomorrow."

When the man finished speaking, he walked outward with his long legs.

Vernon looked with astonishment at the boss who had walked to the door.

Where is

Where is Mr. Lambert going?

Why did he suddenly leave?

Nikita followed Mr. White to the classroom door of Class F. Mr. White paused, turned his head and looked at the girl who lowered her eyes, thinking that she was nervous, and specially appeased her: "Don't be afraid, the students are very

friendly. Go in and introduce yourself later to let everyone know you."

Nikita nodded with low eyes, which are covered with a layer of water mist

In another place, she didn't sleep well last night, and now she is very sleepy.

"Come in with me."

Mr. White turned around and went into the classroom.

Chapter 35 Competing with Felton for School Bully

The noisy classroom suddenly quieted down.

Nikita is still standing at the door, lowering her head. Her black eyes squinted, and her upper and lower eyelids are

starting to fight. She is so sleepy that tears are gathered in her eyes.

M: White held his hands on the desk. Even though the students he supervised are at the bottom of the grade, he still

did not dispel his enthusiasm for work. He was full of energy: "I believe everyone has heard that there is a female.

classmate has transferred to our class."

"Now, let's welcome our new classmate with warm applause."

Mr. White took the lead in clapping, turned his head and said to Nikita, who was still standing at the door: "Nikita,

come in and say hello to everyone."

All the students in Class F clapped their hands and looked at the door.

As early as half an hour ago, they knew that a female classmate would be transferred to their class.

A very beautiful female classmate.

Class F has always been an unlucky class, which never meet good things but always meet bad things.

But this time, because of a transfer student, Class F has become the envy of the whole school.

This transfer student likes a fairy with white skin, beautiful skin and long legs. It's the first day she come to school

today, but she has won the good feelings of 98% of the boys in the whole school with a few photos taken by others.

The remaining 2% is said to be the die-hard fans of Yvonne.

The transfer student has just arrived at the school for one hour, and she has become the most popular and hot

prospective campus belle candidate in First Senior High School. People in Class F are dying to see if their new

classmate is as good-looking as the photos.

Is she really worthy of the title of "fairy"?

They saw a tall and thin figure first. But they couldn't see what she looked like because she lowered her head, but her

skin was as white as snow, her hair was very black and bright as silks. She walked into the classroom slowly with her

hands in her trouser pockets.

"Hello everyone, my name is Nikita."

"I have a bad temper, so don't mess with me. I can't control my emotions and may hit people."

“I don’t like to make friends, so you’d better pretend I don’t exist. Ignore me is the best care for me.”

The noisy classroom suddenly becomes eerily silent.

Mr. White, who was still smiling on his face, stunned in an instant.

Only Nikita glances the classroom like nothing happened, and then slowly raised her head. Her super beautiful black

eyes

covered with a layer of water mist.

“That’s my self-introduction. Thank you, I’m finished.”

The girl’s voice is clear and ethereal, which seems to make people’s ears pregnant.

Her face is also very good-looking. At the moment she raises her head, there are gasps of amazement under the podium.

The girl looks much better than her photos.

The post is not deceptive. She really has a fairy face.

But her self-introduction just now is terrifying.

“OMG, this new classmate is too personalized!”

“Our class already has a school bully, is there another one? I think she is not here to compete with Yvonne for the

campus belle, but to compete with Felton for the school bully.”

The students in Class F never thought that their new classmate would be so “personalized”.

Chapter 36 The little girl is so powerful?

After a brief consternation, the classmates, who had been quiet for about a minute, are widely discussed.

“Mr. White, where is my seat?” Nikita finishes her words, and she doesn’t care what other people’s reaction, but turned

to look at the side stunned Mr. White.

Until this moment, Mr. White finally believed that the transfer student who looked very good and quiet was really a

problem girl.

Her information is correct.

Nikita went to the last row, took out the books in her black backpack and stuffed them into the desk drawer. She also

stuffed her backpack into the drawer, took out her blindfold and earplugs and put them on. Then, under the stunned gaze

of all people, she began to sleep on her desk.

The students in Class F were shocked to see her sleeping in class so blatantly.

She even prepared earplugs and eye masks?

This new classmate is too arrogant.

Even Felton has never been so arrogant.

Felton also sleeps in class, but at least he will take a book to block himself and make a show.

“Oh (s h i t), this transfer student is more arrogant than Felton.”

“She is must a school bully transferred from another school. How do I feel that the position of Felton as a school bully

is unstable?”

There are many girls in the class who have a crush on Felton.

They are hostile to Nikita because she is very beautiful.

They feel even more uncomfortable when they see Nikita sits next to Felton, although it's the only empty seat in the

whole classroom.

Several girls gathered together talk about with gloat, “Hum, it is because Felton hates people sitting next to him that the seat next to him has always been empty. This Nikita really thinks highly of herself. Does she think she will be an

exception because she is beautiful?”

“When Felton comes back and finds someone sitting next to him, he must get angry. Just wait and see how she is given

a

lesson!”

“Ha-ha, the first class is the strictest teacher, and she dares to sleep openly in class on the first day? Waiting to be

given a lesson by this teacher!”

Nikita wore earplugs and couldn't hear anything.

She bends over on the desk and fell asleep quickly.

In the car, Sheehan overlaps his long legs, leaning lazily on the black leather seat, and one elbow randomly rests on the armrest of the seat.

He wears white shirt and black trousers, with a handsome and cold face, slowly reads a newly sent information with his eyes down, and his cold eyes fell on two lines of information that he felt interesting. After staying for a few seconds,

he popped up his lips.

“A girl beat four or five boys from the same school who were taller and stronger than her and beat them into the

hospital? Are you sure what you investigated is the real information?”

He opens a video chat.

After reading the information, Sheehan clicks into the chat interface, then the other party's gentle and handsome face

appeared in the video. His questioning made the man at the other end of the video frown discontentedly. "Mr. Lambert,

please don't question my professionalism."

"Don't be fooled by this little girl's appearance. Do you know how many big men have been beaten to the hospital by her

in recent years? You must be more surprised and ridiculous if you hear it."

"Do you know that on the day she left, the villagers in Syracuse Village set up a dam banquet to celebrate her

departure?"

"Do you know why the villagers celebrate? Because their sons are finally safe and don't worry about being beaten again."

"Oh?" Sheehan felt interesting, his thin lips were popped up, and said in a low and (s * x y) voice, "The little girl is so

powerful?"

The man at the other end of the video is speechless: "Mr. Lambert, aren't you curious where did she learn this skill as

a teenage girl? How can she beat a group of strong men?"

Chapter 37 I have no special hobbies.

"And, do you know where she went the two years when she was not in Syracuse Village according to my investigation?" Before Sheehan opened his mouth, the man pushed the glasses on the bridge of his nose and opened his mouth with a serious expression: "She has been to 16 countries in two years. She was only 16 years old two years ago. A 16-year-old

girl has the courage to run all over the world."

"She grew up in Syracuse Village, and I believe you should know very well how poor that place is. Where did she get the

money to travel around the world? And, how did she, a little girl who grew up in a remote mountain village, know the

magic doctor Lemuel and become an apprentice of Lemuel?"

"She had already finished high school, and her scores in the college entrance examination were outrageous. There

were

all zero points in three subjects. Do you know why she got zero points in those three subjects? Because she slept all

the way during the exam. Now, she has gone to N City First Senior High School to resume her studies. Although I

haven't

found out what her purpose is, I knew this little girl named Nikita is definitely not simple."

“Mr. Lambert, don’t regard her as an 18-year-old innocent girl.”

“Do you know what kind of person is the most dangerous? She seems a simple girl without threatening, but the truth is

she has a lot of doubts.”

When the man finished speaking, he saw from the video that his boss was still careless, so his handsome and gentle

face

was getting more serious: “Mr. Lambert, I hope you can pay attention to my suggestion. This Nikita is very special.”

After listening to his suggestion, Sheehan slightly smiled with unknown meaning, said in a charming voice: “Has she

been

eighteen years old?”

“She looks quite young, like a minor.”

“She also looks petite, but she is quite powerful to beat people.”

“Mr. Lambert, don’t tell me you have a crush on this little girl?” The eyes of the person opposite are almost staring

out.

Sheehan's jointed fingers stroked the platinum buttons on the cuffs. His cold eyes were half narrow, sitting in an

elegant way: "She is still a child, I have no special hobbies."

He just thinks that little girl is different from ordinary girls of the same age, which is quite interesting.

"That's good, otherwise others should think you are worse than a beast. That's all I have found so far, but I'm sure

there are still many secrets about Nikita. I will continue to investigate her and tell you when I find new discoveries."

"I have another work to deal with, so I'll hang up first. Call me if you have something."

After a few seconds, the video was ended..

Sheehan's cold eyes fell on a photo carried in the information.

In the photo, the girl is comely, and her appearance is stunning. When she laughs, two shallow dimples appear on both sides of her mouth.

They are not obvious.

But they are very beautiful.

Sheehan stared for a moment, and his eyes darkened.

Talbot was surprised when he received the notice.

“The school board is coming? Now?”

“Why did he come so suddenly? Is he going to make a surprise inspection?”

“OK, I will definitely serve the school manager Lambert well.”

Hung up the phone, Talbot was still surprised.

Each heir of the Lambert Family also holds the position of manager of N City First Senior High School.

This year’s school manager is Sheehan, president of the Lambert Group.

Sheehan also studied in the First Senior High School before. After he took over the Lambert Group, the school invited

him to deliver a speech for the opening ceremony and serve as an honorary special lecturer of First Senior High School. Every previous school manager has done this.

But he turned them all down.

He refused because he didn’t like to expose himself too much.

Chapter 38 I’m not interested in both of them.

But now, he suddenly said he would come without being invited by the school?

Talbot feels that it’s probably a surprise inspection. Probably because Mr. Wilde was ill during this period of time,

and the school was handed over to him for management, so The Lamberts didn't trust him?

Thinking of Felton, who was still locked up in his office, Talbot's face changed slightly and immediately turned and

walked in the direction of the teachers' office building.

"Didn't Talbot say to punish us for facing the wall and pondering about our mistakes for an hour? Why doesn't he let us

go in advance?"

These teenagers who have just been freed are like birds released from cages, blowing loud whistles and walking out of

the teacher's office building.

They are eye-catching in appearance.

Usually, when one of them walk alone, he can catch others eyes.

When four handsome boys walk together, they are the most attractive scenery line in First Senior High School.

It's not time for class yet.

On the opposite classroom building, a group of girls in love are filled with the corridor escalator. And they can also

hear their crazy screams at a distance of ten meters.

“Ah, Felton is so handsome!!”

“OMG, Felton is so handsome even when he walks, I can’t stand it.”

“Ah ah ah, I want to give Felton babies!”

In a small group of four, Felton takes the lead. He has the best appearance and the tallest figure, and his female fans

in the school are also the most.

Felton just entered First Senior High School at the year Nathan graduated.

In the following three years, the school hunk in First Senior High School was always Felton.

Felton is a handsome and noble gentleman. Even if he is the tailender in the class with every semester, almost all the

girls in the school want to marry him..

“Are these women crazy? They look abnormal.”

“They are normal at ordinary times, but when they saw Felton, they become fools.”

“Felton has infinite charm, and even the campus belle falls in love with you. I am afraid that no girl in our school can

resist the charm of Felton.”

“No, I think there is a girl can resist his charm.”

“Who?”

“The transfer student. She is the only one who has not gone crazy after seeing Felton.”

Speaking of that transfer student, they are interested and discussed excitedly.

Only Felton looked lazy and his eyes were cold, as if he had no interest in what they were discussing.

After talking for a long time, several people found that Felton didn't say anything. They turned their heads and looked

at Felton one after another. “Felton, we all think that transfer student is very interesting. She is very beautiful and

individualized, which is much more interesting than a good student like Yvonne.

What do you think?”

Felton turned his head. His eyes were cold and somewhat fierce. His beautiful red lips were slightly popped up, and his

voice was indifferent. “I am not interested in both of them.”

“Really?” Samuel's eyes were full of excitement, he said. “Then I'll pay court to her?”

Felton despised him: “Go ahead, you don't have to tell me. But...”

“But what?”

Don't hold your breath, you can't be her boyfriend."

"(F * c k), you look down on your brother so much? Even if I am not as handsome as you, I'm not bad."

Felton laughed and said, "You can't be her boyfriend."

Felton has a strong intuition.

The girl named Nikita, like him, is a very proud person. She is indifferent and wild.

It's not easy to mess with or approach her.

She definitely turns her nose up at this group of friends around him.

Chapter 39 She was sleeping in an arrogant position.

"Felton is back!"

F class. When Felton's small fans group in the corridor to see the appearance of his slender figure, they become very

excited.

Felton is back.

Nikita will be given a lesson soon.

Felton is not a person who will be confused by beauty.

Her beauty is useless!

As soon as Felton walked to the door of the classroom, several girls gathered in front of him and said with the

excitement as taking credit: "Felton, you are finally back."

Girl A: "Felton, a woman came to our class and sat next to you while you were not there!"

Girl B: "We told her that she can't sit next to your seat. She didn't listen at all and didn't pay attention to Felton

at all!"

Girl C: "Felton, you must teach her a good lesson. She is too arrogant!"

Clearly, Mr. White let Nikita sit here.

Because there is only one vacant seat in the classroom.

But these girls don't care so much, they just want to let Felton gives a lesson to Nikita.

All because Nikita is as beautiful as a fairy, and she is very arrogant!

Felton bowed his head and glanced at them. His thin lips sipped coldly, and they couldn't see his joys and sorrows on

his face. He walked towards the classroom with his hands in his pockets.

Samuel and others followed closely.

The girls who snitched are excited and follow Samuel.

A group of people with different thoughts walked into the classroom.

Just entering the classroom, Samuel let out a burst of laughter, clapped his knees heavily, and doubled over with

laughter: "OMG, Felton, are you sure she is not your long-lost sister?"

Jiang Yuting looked at the seat of the last row and laughed: "She's really as same as Felton."

"If I'm not wrong, she also wears blindfolds and earplugs? OMG, her equipments are more complete than Felton's."

Felton didn't say anything and squinted. At a glance, he saw the last row of girls sleeping soundly on the table.

She wears a black blindfold and blue earplugs. She may think that her desk is too small, so she put one hand on his

desk, and her slender straight legs stretch out to his seat.

She is sleeping in an arrogant position.

She is not as elegant as a girl.

Felton sleeps in class every day, and he doesn't feel anything wrong.

But he felt funny when he sees Nikita lying there.

The indifferent young man smiled faintly, and walked towards the last row under the gaze of a group of people.

There are many spectators in the class.

Everyone knows that young master Felton is eccentric.

Felton didn't like someone sitting next to him, so only the place next to him in the class was empty. He didn't like

others sitting next to him, and no one dared to sit.

But now, this person not only sit on the position beside him, but also boldly occupied half of his seat.

According to Felton's temper, the transfer student will be given a lesson.

There are boys who want to save this beauty as a hero.

But in the end, they still didn't dare to help her

Most girls gloat, because they like Felton. A Yvonne is annoying enough, and now there is a super beautiful transfer

student who is more beautiful than Yvonne.

The transfer student still sits next to Felton.

It serves her right to be taught a lesson!

Felton walked to the sleeping girl's side and stopped. Just when all people thought Felton was going to give her a

lesson, or called her up, they saw that he actually walked to the position of Samuel in the front row, and said lazily

to Samuel: "Find your own place, I will sit here in this class."

Chapter 40 I can't bear that she gets my male (g o d)!

Samuel and Tobin: "What the (f * c k?)"

Other onlookers in the class: "What's the situation?"

The girls who snitched are furious and their faces are gloomy: "Felton didn't let her get away, but gave her place to sleep? Felton won't really take a fancy to her, will he?"

"You can know she is a schemer through her appearance. She even gets into Felton's good graces at the first day she comes to the school. Isn't Felton cold and fierce to everyone? He even won't give a good face to Yvonne. This Nikita is

too scheming."

"I can't bear that she get my male (g o d)!"

Soon, the people in Class F discovered that not only did Felton give his position to the transfer student to sleep for the first time, but even Miss Chou, an English teacher who was always "cruel" to anyone, ignore Nikita for the first

time.

It's like she didn't see Nikita sleeping in her class at all.

But how can she not see her?

The position of the last row is far away from other positions, like a single small space.

So it is very conspicuous and can be seen at a glance

And it is impossible for Miss Chou not to see Nikita sleeping because she has a pair of piercing eyes!

But she didn't say anything

She allows Nikita sleeping in her class for a whole class, just like she's blind!

The first class is over

Someone starts spreading a rumour that Felton of Class F took a fancy to the fairy transfer student.

Fairy transfer student is extremely arrogant, and she has occupied the seat of Felton to sleep But Mater Felton, who

never has compassion for womanhood and be indifferent to all girls, even gave up his seat because he couldn't bear to

wake her.

He sits down somewhere else!

All people in First Senior High School are shocked.

“That transfer student is too attractive, isn’t it? She even got Felton when she first came?”

“Yvonne chased Felton for two years, and didn’t get Felton. She just came and got Felton? She’s awesome.”

“Despite claims otherwise, fairy transfer student is super beautiful Yvonne is also beautiful, but her appearance is a

bit worse than the transfer student’s I also choose to transfer student if I were Felton.”

Yvonne looked at the new post on the campus forum, and her face was extremely cold, which seemed to be covered

with

frost

She clenched her lips and stared at the photos attached to the post with resentment.

In the photo, there is a girl sleeping soundly

“Half of the girl’s face is on the desk, and half of her face is exposed. Her skin is as white as jade, and her side face

is super beautiful. When she sleeps quietly, she looks like an angel. Because her eyes are closed, blocking the unruliness in her eyes, so she doesn’t look as indifferent as when she is awake.

The boy who replied in the post seems to be crazy

They are all saying that they fall in love with this transfer student. And a lot of boys who envy Felton that he can

become their goddess's deskmate.

Saying Felton has a good fortune in love affairs.

"These boys are crazy, aren't they? A hillbilly deserves such flattery?" Several girls who play with Yvonne every day

are also reading the post. After reading the post, they look gloomy and angry.

Almost all girls in the school are in love with Felton explicitly or secretly.

These girls are one of many secret admirers of Felton.

They can tolerate that Yvonne likes Felton and pursues him.

After all, Yvonne is a campus belle, studying well and having a good family, and her brother is Nathan, a former man of

the hour in First Senior High School.
