

## **The Girl CB 441**

Chapter 441 She's really scheming.

"Ha, ha, ha, I think so. At least, I love my idol so much. He became popular because of Memory in August at the beginning, so he said Nikita was his benefactor. It is correct.

I must support the benefactor of my idol!"

"Sisters, let's vote for Nikita in the selection of the 'beauty' of our school.

I don't want that scheming woman to be chosen as the beauty of our school again."

Yvonne stood at the door. She was about to enter the classroom when she heard the discussion coming from the classroom.

She stood with her pale face at the door, her legs seemed to be tied with shot put, and she couldn't walk at all.

Others are still discussing in the classroom.

"Are you still going to her birthday party tonight?"

"I don't want to go, what about you?"

"I don't want to go either."

Someone saw Yvonne standing at the door, her face was pale. He was stunned, then he lowered his voice and said to others: "Keep your voice down, Yvonne is standing at the door, don't let her hear."

Several people who were talking looked at the door.

When they saw Yvonne, their faces changed slightly, but soon they pouted their lips indifferently: "She can hear, so what? We didn't wrong her, we are telling the truth."

Isn't it true that someone said that Nikita pestered Hugh for dinner?"

"But they have known each other for a long time.

Yvonne calls her as sister Nikita, but she frames her like this. She tried to make us hate her, such a hypocritical person is really frightening.

The girl's voice was not low, and everyone around her looked at Yvonne and whispered.

Yvonne's face became more gloomy.

Yvonne stood at the door for a while and sipped her lips. Her eyes gradually became red, she lowered her head and walked into the classroom silently.

"Hum." The girl who was talking snorted with disdain, "She is quite familiar with pretending, as if we have deliberately bullied her."

"Veronica, have I offended you?" Yvonne was finally angered. She threw the textbook she

CS CamScanner

had just taken out on the table, raised her head, and her eyes were red. "I didn't offend you. Why have you been targeting me?"

Yvonne's voice is soft, it seems that she is going to cry, and she sounds a little pitiful.

“Oh.” The girl who spoke said unceremoniously, “I just told the truth, was that targeting you?”

Didn’t you say Nikita asked your brother for the account of Hugh? Didn’t you say Nikita was shameless to ask Hugh to eat with her.”

“You said I was targeting you, didn’t you say these words?”

Many people heard these words at that time, can they prove that I didn’t frame you?”

“You...” Yvonne was anxious, she suddenly cried.

“Oh, don’t cry.

Otherwise, someone will say that I bullied you later.

Come on, it’s all my fault. I apologize.” The girl rolled her eyes, turned her head and ignored her.

“That’s what she said at that time, and I heard it.”

“I can prove, I have also heard it. And at that time, many people were scolding Nikita, and Yvonne didn’t seem to explain for her.”

“The more I said, the more I felt that she was really scheming. It is said that Nikita is jealous of her. But I think she might be jealous of Nikita? After all, she chased Felton for two years, but Felton didn’t care about her at all. As soon as Nikita came to our school, Felton was quite good to her.”

“Besides, Nikita is much more beautiful than her.”

“That’s right, she can write a song to make Hugh popular all over the country. How can she be jealous of her?”

Overnight, it seems that everyone has become a supporter of Nikita.

Chapter 442 The situation begins to change.

Everyone is speaking for Nikita.

Yvonne felt that she had become a sinner accused by thousands of people, and people around her were full of ridicule and schadenfreude.

Even those girls who often flatter her, please her and envy her seem to have changed.

Being stared at by those sights, she felt as if there were thorns on her back. It seemed that everyone was mocking her.

She bit her lips, her teeth fell deep into her lips, her fingers pinched tightly, her nails got into the palm of her hands, but she didn't notice the pain.

She wanted to pretend she didn't care, but she couldn't stand it in the end. Complex emotions, including grievance, anger, unwillingness and resentment were mixed. Tears fell down, and she whimpered while covering her mouth. After getting up, she cried and

ran out of the classroom.

The direction of comments on the Facebook has also begun to reverse.

Someone recorded a video of the process that female fans went to school to make trouble. The video also included Nikita's solving of that trouble. Then it was sent to

Facebook.

Curly Curly: Ah ah ah, I must ask all of you to take even one minute to watch this video. This little girl is so beautiful and powerful. I love her.

The netizen named "Curly Curly" attached a recorded video, showing that Nikita kicked away the cabbage and avoided the eggs. Finally, she picked up two stones with her hands, and smashed the stones into the trunk.

An inspiring background music has been added to this video.

Not long after the video was sent out, it was forwarded by an account with more than 5 million fans.

Then it can't be stopped.

Within just half an hour, tens of thousands of people have forwarded it.

People are also shouting in their comments: "This girl is so powerful and beautiful! I like!". "Ah, ah, ah, I love her, she is really beautiful.

Beautiful girl, do you want to fall in love with me, I am a girl... If you don't mind..."

"Ha ha ha, I am laughing to death.

She is really special, it's the first time for me to see this kind of person who can be against

CS CamScanner

of a group of fans alone. But she even succeeded, which was so awesome.

Such a beautiful and powerful girl, I will support her!"

“I want her Facebook account, I want to subscribe!”

“It is understandable that she can become my brother’s idol.

As girls, we also like such a handsome girl very much.”

Not only many female netizens shouted that they started to love Nikita, but many male netizens also forwarded the post, saying that boys also love such a beautiful little girl.

Soon, Nikita’s video was discussed on a hot search: #The girl is beautiful and powerful. #

At the same time.

Netizens found that all the negative hot searches about Nikita were removed, and the original gossip hot search between her and Hugh also disappeared.

Only this positive hot search that may attract others is at the top of the list.

Netizens thought that it was the action taken by Hugh’s team, feeling that he was willing to spend money for Nikita.

It seems that he really attaches great importance to this girl who he regards as the mentor of his life.

In the corner of the street.

In a silver-gray Rolls-Royce parked quietly, the man sipped his lips, and there was no expression on his handsome and deep face. His cold eyes looked out of the window in a certain direction. After a moment, he looked back without expression.

The air conditioner is on in the car, and the temperature is suitable.

The driver in the front row felt a little cold inexplicably.

He also felt the air pressure in the car was lower than before.

Chapter 443 The Inexplicable Crisis Awareness

The car has been parked on the street for more than half an hour.

The man sat in the car without saying a word. The air pressure was a little low, so the driver didn't dare to say anything.

Almost ten minutes passed.

Only then did he hear the man's deep voice: "Go to Vaton Hotel."

Hearing the man's voice, the driver seemed to be relieved, he breathed a long sigh of relief. He immediately started the car and respectfully said, "Yes, Mr. Lambert."

There is a jewelry auction at Vaton Hotel in the afternoon.

There is an expensive diamond necklace, which is an important item of this auction.

Sheehan's original plan was to let Vernon go to the auction in the afternoon, he asked him to get this necklace at any cost.

But now, he decided to go by himself.

The man's slender fingers with distinct joints clicked on the screen of the mobile phone. When he thought of the scene he had just seen, his cool eyes were half narrowed, and his eyes were a little cold. His heart was inexplicably blocked and uncomfortable.

That male star named Hugh met her so early?

Nikita even wrote him a song.

Their relationship seems to be quite good.

He doesn't even know that she can write songs or music, but she is a good friend with a handsome guy in the entertainment industry.

Besides the attractive man, she has other friends of the opposite sex.

The inexplicable sense of crisis made him anxious.

This anxiety comes from something that he cares about very much, and he is still thinking about how to get it. He hasn't come up with the way yet, but his target has been focused by others. This thing may be taken away by others at any time.

The man twisted his eyebrows, his eyes were getting darker, and the coldness in his eyes was also deeper.

Hugh...

He pondered for a while and made a phone call.

His phone call was answered quickly, and a casual voice sounded: "What a special day!

CS CamScanner

It's strange. Mr. Lambert took the initiative to call me."

Sheehan ignored his ridicule and said directly, "I agreed to invest the film you have mentioned before.

Besides, I can invest two-thirds of the total amount."

The other side was stunned, soon, the man with a casual voice said with excitement: "Mr. Lambert, are you serious?

You agreed to invest?"

"Hmm." Sheehan's fingers with distinct joints gently knocked the mobile phone's screen. He turned his head, and his dark eyes were half squinted and looked out of the window.

"But I have conditions."

"OK, if you have any conditions, just say!"

The man's voice was cold, and he said in a deep voice: "I will decide the hero of the movie. And the location of shooting."

"OK, no problem. You are the biggest investor, so you have the right.

However, you suddenly agree to invest the movie I have mentioned. Are you going to advertise an actor? This is not your character."

"As for the hero, you can go to negotiate with Hugh, he must be the hero.

As for the shooting location, I think M country is good, so I choose there.

By the way, tell the director, I need a high-quality film. Don't want to slight over with a rubbish film shot within several months.

The other side was stunned for a few seconds.

"Hugh?"

The most popular idol singer now?

He is quite popular and qualified to be the hero.

However, as far as I know, he hasn't shot any films or TV series yet, so he may not be willing to work in another area."

"He must be the hero, this is the premise for my investment."

Chapter 444 She is a genius in every field.

.." The other side seems to be embarrassed. After a long while, he said, "Well, I will find someone to negotiate with him.

However, I'm afraid his payment will be a little expensive, and if the shooting period is too long, the production cost will also be high."

"You don't have to be worried about money."

"... OK! With your words, everything will be easy!

I'll do it for you right away!" On the other side, Harrell hung up the phone happily.

Sheehan narrowed his eyes, pondering it for a while. Then he sent a message to Harrell: The film's shooting period can't be less than one year. Tell Hugh, I will pay him as much as he wants. Remember, he will be the only choice as the hero of this film, or I won't

invest.

Harrell: OK, brother! But I'm really curious. What's the relationship between Hugh and you? Why do you want to advertise him so much?

Sheehan: It has nothing to do with you. Just do what I said.

After replying to this message, he deleted the dialog box.

The man's cold eyes looked at the cat photo at the top of his list, he stared at it for a few seconds with deep eyes.

Nikita returned to the classroom.

Along the way, many people were looking at her with excitement on their faces as well as worship and yearning in their eyes.

At the age of fifteen, she wrote "Memory in August" and made Hugh popular, which was known by everyone in the school.

Including Talbot and all the teachers.

Talbot called Maddox directly and asked him if he knew about this matter.

His voice was a little excited because he was so surprised.

On the other side, Maddox seems to have been accustomed to it for a long time, he smiled: "Are you talking about this?"

Of course I know."

Talbot was quite surprised: "Sweet Uncle, she can write songs of that level at the age of fifteen?"

Teacher, what kind of person is my Sweet Uncle? Why do I think she seems to be

CS CamScanner

mysterious and powerful, as if she is not what she seems to be."

Maddox still smiled: "Your Sweet Uncle is really powerful.

Malcom wanted to accept her as his disciple before, but he was refused by her for

countless times.

I can't tell you so much, but I can tell you that your Sweet Uncle is a genius in every field."

"A lot of powerful industries you can guess are willing to let her enter.

However, she is casual, and she likes freedom. She is undisciplined, so she doesn't like to enter any industry.

I asked you to tell those teachers that she can do whatever she likes at school, and they should leave her alone just because of this."

Talbot was silent for a long time.

“Teacher, do you mean that she used to get zero marks in exams on purpose?”

A genius in every field.

How can she have poor academic performance?

“Of course.” It seemed that Maddox felt his question was funny, and he said with a smile, “As long as your Sweet Uncle wants, she can win the champion of the college entrance examination easily for our First Senior High School in this year.”

Talbot was stunned for a long time: “Why did she deliberately take a zero score?”

“I don’t know. Don’t worry about your Sweet Uncle’s affairs, don’t ask these questions, you just need to know that she is a genius. That’s enough.”

“However, she applied for the National English Competition.” Talbot’s mood is complex at the moment. “Will she deliberately get a zero point then?”

If there is a student who gets zero score in First Senior High School, the other schools will definitely laugh at us.”

“Oh? She signed up for the English competition?” Maddox’s tone was a little surprised.

Chapter 445 It’s our First Senior High School’s turn.

“Ha ha ha.” Maddox laughed. “If she took the initiative to apply for the exam, you could wait for the school to take the first place.

This first place is won by Foreign Language School of N City every year. This time, it’s our No.1 Middle School’s turn.”

After hanging the phone, Talbot was still confused.

Can First Senior High School really win the first place in this competition?!

The other side.

After returning to the classroom, a group of people such as Samuel were also very excited.

“Niky, Memory in August is really your work?”

Samuel also loves to listen to this song. When he went to KTV, he liked to order this song the most. He always felt that “Memory in August” was a special and classic work. No song could surpass Memory in August after the releasing of it.

Unexpectedly, such a classic and pleasant song was written by Nikita.

It’s... It’s awesome.

Nikita sat down lazily, because she was sleepy, she covered her lips and yawned: “Hmm.”

The voice is lazy, and she looks indifferent.

She is just the same as before.

It seems that she didn’t realize at all how awesome she is in the eyes of others.

Samuel sighed: “Niky, you are too powerful.

I’ll call you Sister Nikita in the future!”

Such a powerful person has to be called as sister to show enough respect and admiration.

He is really afraid to chase Nikita, he thinks he is not qualified.

But at least he can be her follower, right?

Nikita lifted her eyes and glanced at him. Her voice was lazy: "Whatever."

"Then I will also call you Sister Nikita in the future!" Tammy still doesn't want to leave Class F, and she is still very excited. "Sister Nikita, do you need a follower to prepare drinks or snacks for you? What do you think of me?"

CS CamScanner

Nikita smiled: "Well, not bad."

Only Felton is stubborn and refuses to do the same thing as them, he refuses to call her Sister Nikita. But his narrow and beautiful eyes are also surprised and curious, he smiles slightly and asks: "Nikita, what else can you do?"

Can you tell us together?"

"Guess?" The girl picked her eyebrows and answered playfully.

The bell rings for class.

Tammy had to leave, although she didn't want to.

Nikita's mobile phone vibrated, she opened the screen and looked at it. Sheehan sent her a message.

The message is short, which has only three words.

Sheehan: Are you OK?

He didn't ask anything specific, but Nikita could guess what he asked. Her long and white fingers gently clicked on the screen of the mobile phone, and she also replied briefly.

Nikita: Fine.

After replying the message, Nikita threw her mobile phone in the desk drawer.

"What are you looking at? You are so absent-minded?"

Training room.

After guiding a student, Farley came to Nathan and saw him holding his mobile phone in a daze. The expression on his face looked confused.

He stretched out his hand and patted Nathan on the shoulder.

Nathan was stunned and then he recovered. When he looked up at Farley, his eyes were still a little confused: "No, nothing."

Farley didn't ask much, and patted him on the shoulder: "Practice seriously."

Although he failed when he tried to introduce Nathan to Xavier the last time, but Farley valued this student who was the most potential one.

Sooner or later, Nathan will be popular.

He just needs an agent who can promote and advertise him.

“Teacher.”

Farley turned around and prepared to go to other students. Nathan stopped him aloud. After a few seconds, his voice was also confused: “Teacher, have you heard the song “Memory in August”?”

Memory in August?

Certainly I’ve heard it.

Almost everyone has heard it. It was an amazing song that has got almost all the awards

of songs in those old days.

Chapter 446 Mixed Feelings

Nathan looks down at his mobile phone again with eyes filled with complex emotions: Sir, how do you like this song?”

“It should be the best song in the last several years. No, it should be the best in around two decades.” Farley remarks objectively after brief consideration, “All the awards it won made me feel that it deserved.”

“It is different from those catchy songs that gain prizes easily.”

“Ah, speaking of it, the music scene is getting worse and worse now, and there are not many good songs showing real talents. After reading today’s trending topics, I realize that this song was actually written by a little girl who was still in high school. She was only fifteen years old when she created this song.

She is a real genius. My master has always wanted to find the last disciple. I think this little girl is quite suitable. I’ll tell him later to see if he is interested.”

“Well,” Farley turns around and smiles, “The last name of this little girl is also Swift, called Nikita Swift. Your first names are similar in pronunciation. And you look quite similar. What a coincidence! I actually doubt whether this is your own sister that you never know.” Farley was joking.

But Nathan hears it carefully, and feels uneasy.

Nikita Swift, Nathan Swift...

When Margot Dan and Patrick Swift first named their son and daughter, they deliberately chose the similar words “Nikita” and “Nathan”, and the pronunciation is quite close.

At that time, Margot said that if people hear their names, they will know that they are brother and sister.

“Bhajra, Niky likes you best.”

“Bhajra, I need your hug.”

“Bhajra, Bhajra, my dear.”

Some memories of childhood emerge from his mind. Little Nikita like a pink ball followed him like a tagalong every day. Wherever he went, she would follow him. When he was sad, she would give him her favorite candy, ice cream and cake.

As a child, Nikita was unwilling to share her favorite things with others.

But she was very generous to him.

As long as he asked, she would give her favorite food without hesitation.

Little Nikita was very clingy. Every night before sleep, she asked Nathan to tell stories for her and put her to sleep.

When Nathan went to school, she always sent him to the school gate and left until she couldn't see him any more.

When his class was over, she would follow the driver to pick him up.

At that time, they had a very good relationship, and Nathan cared much about his little sister.

Later, Nikita was abducted, and he was in great pain for a long time. Every night, he dreamed that his little sister was found.

This dream lasted until Margot and Patrick brought Yvonne back to the Swift family.

At first, they didn't know they had the wrong person, believing that Yvonne Swift was his lost sister.

Therefore, during Yvonne's two years in the Swift family, the whole family was very kind to her. The family felt that she had suffered a lot. So, they took pity on her, and wanted to make up for her.

Later, they found that they had the wrong person.

But after Yvonne returned to the Swift family, they found she was so sweet and adorable. In addition, the feelings they paid in these two years were sincere, and that made it harder

to let her leave.

Later, Yvonne lived in the Swift family for more than ten years.

They also regarded her as real family.

Gradually, no one remembers Nikita again.

But once he recalled the memories he got along with her during his childhood, Nathan found that he still didn't let her go in his heart.

Chapter 447 A Sincere Apology

Nikita can't be easily replaced by other people in Nathan's heart.

"Sir, if one person makes a mistake and let another person sad, what should he do?"

"Apologize, of course."

"If he apologizes, and says he is willing to mend his ways, but the other party is still unwilling to forgive him and give him a chance, what should he do then?"

Farley realizes that he is serious and ponders for a while, "It depends on what it is. If it doesn't involve a deep hatred, then he should continue to apologize and show all sincerity to let the other party feel his great will to change."

"I think as long as you sincerely apologize and admit your mistakes, the other party can feel your sincerity."

A sincere apology...

Nathan reflects on these words over and over again.

"I see." A moment later, he looks up, and his long and beautiful eyes like peach blossom are somewhat brighter, no longer at a loss. He seems to have made up his mind, and his eyes become firm. "Thank you, sir. I know what to do now."

Farley smiles: "If you want to do anything, do it now, don't hesitate."

"Sir, I want to ask for leave." Nathan gets up and says, "I have to do something."

After school in the afternoon.

Nikita sleeps regularly, she falls asleep in the morning, wakes up at noon, takes a nap in the middle, and wakes up on time a few minutes before school ends in the afternoon.

As usual, she pulls her backpack out of the drawer, slanted across her shoulders, and gets up to leave.

"Niky." Samuel stops her, and takes something out of his drawer. He gets close to Nikita self-consciously and stretches out his arms, "This is for you. Happy birthday!"

Today is Yvonne's birthday.

Nikita and Yvonne have the same birthday, and Samuel bought gifts for Nikita yesterday.

Nikita is taken by surprise for a while. She takes the gift, her delicate eyes looking down, glances the small black box in her hand.

“Niky, you said that you like delicious food. I believe you probably like this.” This is not the first time that he gives gifts to girls. But it is the first time that he feels so uneasy, fearing that the gift is not attractive enough to her.

Nikita ponders for a while, opens it in front of him.

In the black box, there is a stack of cards.

They are membership cards of restaurants, hotels, bakeries and milk tea houses.

Samuel scratches his head and says: “These are the membership cards of the shops owned by the Garcia family. With these cards, you can go shopping without paying at any time.”

The Garcia family is also a powerful family, which is slightly smaller than the four great families in N City.

Nikita looks at this ingenious gift and smiles happily, “Thank you, I like this gift very much.” What she said casually yesterday was remembered by the teenager.

She suddenly felt that it was quite good to go back to school as a student.

At least, she can make a few sincere friends.

“I’m glad you like it!” The gift is recognized by her, and Samuel feels very happy, just like a

fool.

“Happy birthday, Niky.” Tobin Johnson changes his way of address with Samuel and hands a box to Nikita. “I think this should be useful.”

“Thank you.” Nikita accepts it and opens it.

Tobin gives her a pair of earplugs.

It is MG brand, the Hermès in earplugs. A pair of such earplugs costs tens of thousands of dollars.

This gift is also very attentive.

Nikita puts the earplugs in her school uniform pocket: "Well, it is really useful for me."

Chapter 448 Please Arrange a Big Private Room

"Happy birthday." Felton Lambert also hands Nikita a very delicate black box. "I don't know what you like, just select it carelessly."

Nikita takes it.

Just about to open, Felton stretches out his hand and stops her: "You'd better open it at home."

She is surprised for a while and lifts her eyes to see him.

He looks into her black eyes, and his eyes flashes slightly. The handsome face with delicate facial features looks uncomfortable: "Go back and open it please."

"Felton, what is your birthday present for Niky? Why it is so mysterious?"

Samuel stretches out his neck to see, and stretches out his hand to that box, trying to figure out what it is. But he is hit on the back of his hand by Felton's hard slap.

He gives a cry of "Ow" and takes his hand back.

“I’m coming!” Tammy runs to Nikita like a gust of wind, and takes out the birthday gift that he prepared earlier. The box of the gift bought by the girl is often pink and fragrant, which looked very delicate.

“Happy birthday, Niky!”

Tammy bought a light blue silk hairband, with scattered diamonds on the edge, shining under the light.

Nikita takes out the hairband, has a look, and notices the brand logo sewn on the

hairband with silver threads.

The latest hairband from brand C.

It costs tens of thousands of dollars.

In front of Tammy, she takes off her scrunchy and ties her hair with a ponytail again.

Tammy claps her hands and smiles: “So beautiful, the color is especially suitable for you!” Nikita hasn’t celebrated her birthday on this day for a long time.

It is because she feels that his birthday is meaningless to her.

But now, it seems that this day is not completely meaningless.

At least, at this moment, she receives sincere blessings.

“Niky, should you treat us to dinner as a birthday girl?” Samuel suggests.

"I agree." Nikita nods, "Let's go."

"What about a big meal?"

"That's good."

"Anyway, you are rich, then I won't help you save money. How about going to the Centre Hotel? The environment is good, as well as its dishes. And it is also the hotel of Felton's family. Felton can arrange a big private room for us."

Felton raises his eyebrows but agrees: "No problem."

Nikita also raises his eyebrows: "Well, the Centre Hotel it is."

At the School gate.

Nathan's Porsche is stopped by the side of the road to pick up Yvonne.

While waiting, he once again takes out the packed black jewelry box from his bag.

In the jewelry box, there is a bow hairpin with diamond.

He asked for leave this afternoon and went to several shopping malls and jewelry stores to choose a gift. It took him two or three hours to choose the one that satisfied him.

When Nikita was a child, she liked bow hairpins very much.

He still remembers that when Nikita celebrated her third birthday, he gave him a crystal bow hairpin.

Nikita liked it very much and wore it every day.

She asked everyone whether her bow hairpin was beautiful. If the person said it was nice, she would be extremely proud to say that her brother bought it for her.

On the day Nikita was abducted, she also wore the bow hairpin.

Farley said that an apology should be sincere.

He ponders for a while and realizes that although the bracelet he bought for Nikita was expensive, he didn't think about whether she would like it. He only thought that she should be happy and accept it as he bought the same birthday present as Yvonne.

Chapter 449 Insurmountable Gaps

He remembers what Yvonne likes.

But he actually forgets what Nikita likes.

No wonder she was so angry at that time. He didn't really care. She was so clever that she could actually feel it.

He holds the jewelry box and looks at it for a while, then pulls out a picture with the size of an ID photo from his wallet.

The photo is turning yellow.

In the photo, the beautiful and lovely little girl like a little angel smiles with her eyebrows curved. Her head tilts towards him, and she makes a "Victory" gesture to the camera.

This is the headshot they took together on Nikita's third birthday.

Not long after taking this photo, Nikita disappeared...

He has been carrying this photo with him. It used to be in his schoolbag, but now it is in his wallet.

Even Yvonne has never seen it.

Nathan holds the yellowed photo and gazes at it for a long time.

After school.

“Yvonne, be happy. Today is your birthday, just smile, don’t be affected by those who are

not worth it.’

“Nikita just wrote a song called Memory in August, and now a lot of people are flattering her. What’s the big deal? It is just a song. I don’t think Memory in August is a good song. If this song weren’t sung by Hugh, it couldn’t be popular at the beginning!” Yvonne snorts.

“You are right. I also believe this song is actually ordinary, and its reputation is completely created by Hugh. If someone else sings, it won’t be so popular at all. Now all the credit is accepted by that hillbilly, and some people even said that she made Hugh popular. She is so good at give herself an endlessly glowing review. Shame for her. ”

“It’s not a big deal that she can write songs and have some medical skills. Her academic performance is such a mess, and she is getting sidetracked! Whether a student is excellent or not depends only on his academic performance, and the rest is not important at all. In any case, she can never be a patch on you in study!”

Yvonne’s face is still pale, clenching her lips without a word. She looks so weak right now But the phrase “she can never be a patch on you in study” made her feel better at last, and she is not so depressed and uncomfortable.

That’s right.

What's the point of caring about other matters of Nikita?

The most important thing for students is to do well in their studies.

No matter how excellent one student is in other aspects, it is just the icing on the cake.

For herself, even if she won the first place in the piano competition, a few people will think she is excellent because of her great piano skills, if her grades are the same as Nikita's,

If her grades are not good enough, she will still be a poor student in the eyes of others.

Though Nikita is excellent in other aspects, she could only go to Class F.

In another month, after the college entrance examination, she can go to B University, the best in this country, for further study.

And Nikita, certainly can't be admitted even by a junior college.

She and Nikita are destined to have insurmountable gaps.

Why should she care about a clown who is destined to be trampled under her feet and can only look up to her throughout her life?

Just let Nikita enjoy herself in school for a while.

Her reputation is just a passing cloud. After graduation, no one will remember an idiot who scored zero in the exam.

Yvonne becomes more relaxed and smiles. He turns to the two girls beside her, "My brother has come to pick me up. Please go to the hotel with me."

The two girls are stunned and then excitedly says, "Yvonne, could we take Nathan's car and go to the hotel with you?"

Chapter 450 Nathan's Faint Affection towards Nikita

The two girls are stunned and then excitedly says, "Yvonne, could we take Nathan's car and go to the hotel with you?"

"Well, yes." Yvonne reaches out and settles a wisp of hair next to her ear, and smiles, "I'll tell my brother. Didn't you always want to take a group photo with him? When we arrive at the hotel, I can ask him to take several photos with you."

The two friends are surprised and shouted: "Wow, Yvonne, that's so kind of you."

Out of school.

Yvonne is in a good mood, and her footsteps become brisk. She notices Nathan's sports. car and walks to it quickly.

Two girls follows her.

"Brother." Yvonne walks to the sports car and knocks on the window.

Inside the car, the sound of knocking on the window recovers Nathan from his memories. He puts the black gift box on the shelf, puts away the photo, and then opens the door.

Yvonne's charming little face has a sweet smile: "Brother, I have two friends to go to the hotel with me."

"Hello!"

“Nice to meet you!”

When Nathan looks outside the car, he sees two girls with red exciting faces, greeting to him.

Looking familiar, they are friends of Yvonne. He has seen them before.

He nods: “Well, get in the car.”

The two girls were very excited: “Thank you!”

Yvonne sits in the co-pilot seat and the two girls sit in the back.

After closing the door, Yvonne notices that Nathan is not ready to leave. She is stunned and asks, “Brother, are we not going to the hotel?”

Nathan sips his lower lip and looks out of the window: “Wait a little longer.”

“Wait?” Yvonne is stunned again. “Waiting for whom?”

“Wait for Nikita.” Nathan has been staring at the school gate, but hasn’t seen Nikita yet. “Your classes are not dismissed yet? Why hasn’t she come out yet?”

The expression on Yvonne’s face suddenly freeze.

apter

The two girls in the back seat also changed their faces slightly.

Waiting for Nikita?

Is Nikita going to take the same car with them?

They don't want to stay with that bumpkin.

"Brother, why are we doing this? Didn't she... didn't she say that she has nothing to do with us in the future?"

Nathan looked back, his eyebrows twisted slightly: "She was still angry, and all she said were cross words, which can't be taken seriously. Today is also her birthday. We should pick her up to the hotel and hold a banquet together."

Nikita Swift and the Swift family are related by blood.

It can't be easily denied anyway.

Yvonne pinches her fingers tightly.

She thought that the Swift family had given up Nikita.

Maybe he noticed the trending topics on the Internet and knew that she was close to Hugh and even wrote a song for him. So, he wants to pick up Nikita again.

Especially...

Nathan is in the entertainment industry now.

Does he also want Nikita to write songs for him? Does he want to be as popular as Hugh overnight relying on a single song?

“I don’t think she... will go.” Yvonne clenches her lips and smiles stiffly. “She has a powerful supporter now, and we are nothing to her at all.”

“She is always a member of the Swift family.” Nathan turns around and looks very serious “Even if she refuses to talk to us now, it is supposed to be. The Swift family is really not very good to her, she should be angry.”

The expression on Yvonne’s face becomes more stiff.

Back seat.

After listening to Nathan’s words, the two girls glance towards each other, surprised.

Nathan seems to care about Nikita?!

It can’t be true that Nikita, the shameless girl, has successfully seduced Nathan.

She’s such a cheap girl.

Has every one of man become her target now?
