

## **The Girl CB 451**

### Chapter 451 Their Future Madam

Yvonne cannot be more miserable, the hillbilly robbed her of everything, and now she is taking away her brother!

After finishing these words, Nathan looks out of the window.

After about three or four minutes, he finally sees Nikita. She walks out slowly, carrying a black backpack, her hands in the wide pocket of school uniform.

Then, several students come out behind her.

There are three tall and handsome boys, and a little girl who looks lovely.

They are talking to Nikita,

seem to be familiar with each other.

Nathan feels a little bit shocked.

Are those students friends of Nikita? Now she has friends at school?

“Nikita is here, let me talk to her. Wait for me in the car with your friends.” Nathan says, reaches for the exquisitely packed black gift box, and then opens the door.

When he reaches for the black gift box, Yvonne looks very uncomfortable for a few

seconds.

Yvonne found the gift box when she got in.

A beautifully packed box with a silk bow tied on it.

The logo belongs to a luxury brand.

She saw it, but she didn't say a word.

She thought that this was a surprise prepared by Nathan for her.

But it turns out to be a gift he bought for Nikita?

Yvonne's has never been so angry. She looked down at the diamond bracelet on her wrist. and was so angry that she wanted to tear it off and throw it away.

Nathan bought a birthday present for Nikita, which was even better than hers!

That brand is a noble jewelry brand established by a royal family abroad, and any piece of its jewelry costs millions.

He is unbelievably willing to cost so much for her gift!

Yvonne's face is pale again, and her teeth rubbing with anger. Her head is almost overwhelmed by anger.

It happened that the two girls in the back seat didn't sense the atmosphere and asked her, "Yvonne, why did he seem to be quite nice to that hillbilly? He won't like that hillbilly, will he?"

"You have to pay attention to her, don't let that hillbilly take away Nathan."

Yvonne's face suddenly turns livid, and the hatred in her heart couldn't stop rushing up.

Nikita, do you really want to take everything from me?

The driver from the Lambert family comes to pick up Felton on time every day.

A black Rolls Royce is stopped at the gate, and the driver stands next to the car. When he sees Felton, he calls respectfully: "My young master."

He looks at Tammy with Felton again: "My lady."

Tammy is the only girl of her generation.

Sheehan is the eldest, Felton is the second, and Tammy is the youngest.

Tobin and Samuel's driver knows each other, they nod slightly to greet.

Finally, he looks at the unruly girl who stands loosely and looks indifferent. He calls her respectfully: "Miss Swift."

Every member of the Lambert family knows her.

They all believe that this is their future madame.

Therefore, in attitude, they are particularly respectful, even more respectful than treating Felton.

Felton and Tammy both feel comfortable about that.

Samuel and Tobin are quite surprised by the driver's attitude.

Though Nikita cured Old Mr. Lambert, that was still too much for them.

“The Centre Hotel.” Felton slightly raises his chin and says to the driver, “Call the hotel and tell them that my friends and I will be there. Let them arrange a private room.”

The Centre Hotel is doing well.

Private rooms can be booked up at any time.

It’s hot outside.

Although the sun has set now, the air is still sultry.

The driver opens the door.

Chapter 452 We Are Family

A line of people are about to get in the car when a voice sounds behind them: “Nikita.”

Hearing this voice, the girl frowns slightly, her impatience suddenly surfaces. She slowly turns around.

Seeing Nathan standing behind, the impatience in her eyes becomes even more obvious.

“Nikita, happy birthday.” Seeing that she turns around, Nathan hands over the black box in his hand and says gently, “You didn’t like the birthday present before, so I have brought another one.”

Nikita looks down at the box he handed over.

It is a very delicate box. The logo on the box belongs to a foreign aristocratic brand.

All the accessories of this brand are extremely expensive.

It is much more expensive than the bracelet given to her before.

After a few seconds, Nikita raises her head. Her eyes are black, her expression is indifferent, cold as always.

“I think you will like this gift.” Nathan notices that she didn’t speak or accepted the gift. After thinking for a while, he stretches out his hand and opens the box. He takes out the shining diamond bow hairpin.

His slender and delicate eyes looks at Nikita: “Do you still remember that when you had your third birthday, I gave you a bow hairpin? You liked it very much and wore that hairpin every day.”

“At that time, you didn’t even want to take it off in bed.”

Recalling the past, Nathan’s eyes softened, and there is warmth in his eyes, which has never appeared before: “I couldn’t find the same hairpin as before, but I found a similar one. Today, my parents hold a banquet at a hotel. Go with me.”

“Nikita, no matter what, we are family.” Nathan keeps silent for a few seconds and then says, “Something unpleasant happened before, and I understand why you are angry. But are you sure you are not going home again?”

“What should I do to ease your anger?”

Nikita listened to him indifferently, and looks down to that sparkling and beautiful bow hairpin. A moment later, sarcastic smile appears on her face.

She looks indifferently: “I don’t like the things that attracted me in my childhood. Also, I can’t remember the things you mentioned. I have said very clearly that I have nothing to

do with anyone in your family.”

“If you are still not clear about this. I’ll have to go to court to sever the relationship.”

Nathan is stunned, and his face grows darker: “Why? Is it because you think we are not good enough to you? Is it because you don’t like Yvonne, so you don’t want to go home and cut us off?”

“Before you, she had been in the Swift family for more than ten years. It is impossible to let her go...”

“Enough?” Nikita coldly interrupts him.

Nathan looks at her frosty expression, and clinches his lips tightly, frowning heavily.

Nikita looks coldly at him: “I will let a lawyer deal with the procedure of cutting off relations with the Swift family.”

Nikita feels it is ridiculous.

Until now, Nathan still thinks she is only angry with them.

He still thinks that she is in a mood because she doesn’t like Yvonne.

Since they still don’t believe that she really wants to cut off the relations with the Swift family, she has to go to court to make them clear about this.

Chapter 453 Do you want to be everyone’s brother?

“Nikita, you...” There were still people standing behind Nikita who must have heard their conversation. Nathan felt a little embarrassed, and his face turned green.

But besides embarrassment and anger, he felt more powerless and sad.

Nikita's indifference and ruthlessness stabbed directly at his chest like a thorn.

When she said she wanted to cut off the relationship, her tone was very decisive.

She has no affection or wistfulness left for the Swift family.

He still remembers their childhood and feels very nice and warm when he thinks of it.

Is she really not wistful about it at all?

"Sister Nikita, who is this person? Why is he so annoying?"

Samuel actually knew Nathan. But at this moment, he pretended not to know him at all. He walked to Nathan's side and looked Nathan up and down with disdain in his eyes. He said with a very impolite tone: "Hey, why are you so cheeky? Can't you see that Sister Nikita doesn't want to talk to you?"

He glanced at the diamond hairpin in Nikita's hand and laughed mockingly: "Do you think Sister Nikita is still a three-year-old child? You take this hairpin and go back to coax your

own sister.

Sister Nikita, let's go. Don't listen to him talking nonsense. It's a waste of time."

Samuel and others all know that Nikita has moved out from the Swift family.

Although they don't know the specific reasons, would she decide to move out if the Swift family treated her well?

So naturally, he didn't want to be polite to Nathan.

Nathan was offended by Samuel's words, and his face blushed and turned pale in turns. "Who are you? What does it have to do with you while I'm talking to my sister?"

"Your sister?" Samuel picked up a smile and turned to look at Nikita. "Sister Nikita, is this your brother?"

Nikita didn't even look at Nathan. She just answered with an indifferent tone: "No."

Nathan's face darkened down again. He took a deep breath to hold back his anger.

"Did you hear that?" Samuel stared at Nathan. "Sister Nikita said no.

Are there people who like to be other girl's brothers now? If you want a sister so much, go back and ask your mother to give birth to one for you. Why do you have to consider others as your sisters?"

Samuel's words were very harsh, and Nathan's face immediately darkened down.

"Let's go." Nikita slightly raised her chin, turned around and didn't look at Nathan anymore.

am hungry. Let's go to dinner."

"Okay, I'll follow Sister Nikita's words and let you go this time." Samuel severely stared at Nathan again. Then, he turned around and got in the car with others.

Nathan stood still and sipped his lips with a gloomy face. He saw those people getting in that black Rolls-Royce.

Its license plate number is an unusual set of numbers.

Although it can't compare with the four eights license plate numbers he has seen before, the license plate number 6688 is still not available to ordinary rich people.

All these friends of Nikita seem to have backgrounds.

Soon, the black Rolls-Royce drove away.

Nathan stood in place for a while. After he turned around and returned to his car, his heart seemed to be hollow with a feeling of emptiness.

He couldn't be interested in anything else.

Yvonne opened the window just now and had been watching all the way.

Seeing that Nathan felt so disappointed and sad with the diamond hairpin in his hand, Yvonne pinched her fingers tightly, and she felt extremely uncomfortable. But she had to pretend to care and asked in concerns: "Brother, Sister Nikita... won't come with us, will she?"

Nathan lowered his eyes, and he could feel stabbing pain on his chest.

Nikita's lovely appearance when she was a child and always stayed by his side. consistently showed up in his head, along with her indifferent look just now when she regarded him as a stranger.

Chapter 454 He seems to be more concerned about Nikita.

He used to have a lovely sister who loved him very much.

But now...

He really lost this younger sister.

However, he is already trying to make things right.

He did something wrong, and he had realized it.

His teacher said that as long as he apologizes sincerely, the other party can sense it.

Could it be that what he is doing now is not sincere enough and can't prove his heart?

He spent a whole afternoon running for several hours to pick out this hairpin from one shop to another. He thought with joy that she would definitely like it. But unexpectedly, she said that she might like this when she was three. But now, she has grown up. So she doesn't like it anymore.

At this moment.

Nathan really felt particularly powerless.

He has never been so powerless since he was a child.

He doesn't know what he should do.

It seems that no matter what he does, Nikita will be unwilling to forgive him.

Even though he knew he was wrong and was willing to fix the relationship between them, she refused to give him the opportunity to work on it.

"She really seems to have given up on us." Nathan seemed to be in a trance. And his hoarse voice showed his powerlessness. "She was acting like a hedgehog. And she wouldn't listen to anything I said. I don't know what to do."

Seeing that he seemed to care about Nikita a lot, Yvonne clenched her lips tightly and held plenty of grudges in her heart. But she had to look considerate and spoke up with a gentle and soft tone: "Brother, I think you should stop trying to find her.

Girls can be very rebellious sometimes.

The more frequently you come to her, the less she will take you seriously.

You've tried your best and done enough. And you don't owe her anything. As for those histories between you two..."

Yvonne took a look at the two girls in the back seat, sipped her lips and said in an obscure tone: "It's not your fault.

The reason why she didn't want to come back may be not because we didn't do well enough. It's just because she found a more powerful person to rely on."

"She never... bonded with us in the first place.

Now that she has found a better backer, it's quite normal that she doesn't want to come back." Thinking of the scene she saw just now, Yvonne couldn't help feeling jealous.

Felton and his group are all hanging out with Nikita, now.

Tobin and Samuel used to get along with her before.

She also invited Samuel and Tobin to her birthday party this time. But both of them turned her down and said they had some other plans today and couldn't find the time.

But just now, she clearly saw them being together with Nikita.

Their other plans were actually spending time with Nikita, weren't they?

Nathan pinched the bowknot diamond hairpin in his hand tightly and remained silent for a long time.

He didn't agree with Yvonne.

Nikita refused to go home only because she was too disappointed at them.

It's not because she found someone more powerful to rely on.

But he didn't want to retort her, and he was actually in no mood of retorting her.

"Brother, let's go to the hotel. Don't let our parents wait too long." Seeing Nathan was still in a trance and seemed to be distracted, she clenched her fingers even tighter. There were some dark emotions showing in Yvonne's eyes. And she couldn't help holding some hatred against her.

Nathan used to care about her the most.

But now, he seems to have become more concerned about Nikita.

Today is her birthday, but he looked distracted and depressed because of Nikita.

Has Nikita become more important than her in his heart?

Even the birthday present he bought for Nikita was more expensive than hers.

She has been spoiled by the Swift family alone for more than ten years. But now, it seems that their favor no longer belongs to her alone.

Chapter 455 Some big shots will come.

She originally thought that Nikita was just a bumpkin who grew up in the countryside, and she didn't pay attention to her at all.

However, this bumpkin, who she didn't pay attention to, is now taking away everything she cares about one by one.

Nathan is her brother, who only dotes on her.

She will never allow anyone to steal Nathan away from her!

The Centre Hotel.

Margot and Patrick arrived at the hotel in advance to make some arrangement.

Although the two people suffered some blows because of Nikita, their interest in tonight's birthday party was not as high as before, they had invited so many guests, and Young Master Lambert would attend tonight. So they still spent a lot of money and put a lot of thoughts in it.

They have some regrets about Nikita.

Especially after knowing that the young man with Nikita is very likely to be a member of the Lambert family, they regretted it even more.

After all, even if the young man is not a direct relative of the Lambert family, and he is probably just a collateral one, it is not easy for the Swift family to get in touch with him.

However, it's no use regretting now.

With Nikita's attitude being like that, they certainly can't count on her anymore.

The couple both put all their hopes on Yvonne.

It doesn't matter that they lost all the social resources of Nikita if Yvonne can get involved with Young Master Lambert.

There is no need to say more about the status of Young Master Lambert.

Most importantly, his brother is currently taking charge of the Lambert family. He is the current president of the Lambert Group.

Even if that young man with Nikita is a direct relative of the Lambert family.

Can he compete with the ruler of the Lambert family?

Thinking of this, the couple became to act actively again. The banquet was almost

arranged. Seeing that the time was almost up, the couple went to the main gate to meet the guests.

There will be many guests coming tonight.

Those cars parked at the gate are all luxury cars. Except the top giants, Margot invited all the prominent figures in N City.

The people passed by would take a glance at it, secretly astounding that there are quite a few rich people in N City.

They all come here today.

"Boss Chandler, please come in, please."

“Chairman Sung, it’s my honor to invite you. Thank you for coming. I will accompany you to drink more tonight.”

Margot and Patrick stood at the gate. When they saw the guests getting off, they came forward to greet them with smiles.

In half an hour.

The guests were almost arrived here.

They were about to go to the banquet hall to entertain the guests when they suddenly saw a group of employees in uniforms and several men in black suits running out of the hall.

These men are in a hurry.

At the same time.

A black Rolls-Royce stopped at the hotel gate.

These uniformed employees stood in two rows at the door. Several men in black ran towards the black Rolls-Royce.

Patrick knew the man in black who led them.

He is a senior leader of this hotel. They had some cooperation before.

Seeing the senior leader of hotel standing respectfully next to the black Rolls-Royce and waiting, Patrick was stunned and somewhat surprised: “Isn’t that Boss Caleb? Which big shot has come here, so he has to come out to receive him in person?”

“Boss Caleb?” Margot looked at the black Rolls-Royce.

“He is responsible for managing all matters of the hotel.

Under normal circumstances, he won't come forward to meet anyone in person. “Patrick also stared at the black Rolls-Royce to see who would get off.

Chapter 456 It turned out to be Nikita!

When Margot heard him say this, she was also curious.

After a while, the door opened.

A teenager in school uniform, with delicate facial features and good-looking appearance got off from the passenger seat. When Boss Caleb saw the teenager, he immediately stepped forward and bowed to the teenager respectfully.

The teenager nodded slightly with his hands in his pockets. He looked lazy.

Patrick and Margot were surprised.

The big shot in the car turned out to be a student?

Then they saw the school uniform this boy worn, which was as same as Yvonne's.

After getting off from the car, the teenager didn't leave, as if waiting for someone.

A few seconds later, the door of the backseat opened.

Two tall and handsome teenagers in school uniforms get off. Then they also stood by and

waited.

Apparently there is still someone in the car.

When Margot and Patrick saw the girl getting off from the car clearly, their eyes widened with consternation. They were shocked.

The person who got off from the car turned out to be Nikita!

After the girl got off, several people waiting on the side turned around and walked towards the hotel.

Margot and Patrick stood still in a daze. They blankly looked at Nikita and several other teenagers who were very outstanding in appearance and temperament walked towards the hotel together.

The several people seem to be quite close.

It can be seen that the status of the first one to get off from the car is very extraordinary.

The senior leader of the hotel came out with several managers and many employees to meet him.

This boy walked in Nikita side, tilting his head and talked to Nikita.

Nikita was indifferent. She occasionally nodded, with her hands in her pockets. Her expression was careless.

They walked up the steps.

The girl walking with her head down seemed to suddenly perceive something She looked up and saw Patrick and Margot standing at the entrance of the hall at a glance. Both them looked stupefied

When they saw Nikita look at them, they moved their lips. It seemed that they wanted to

say something

But Nikita only glanced at them with no expression and feeling. In an instant, she turned her gaze.

She walked past them without looking sideways

They entered the hall.

The employees standing on both sides of the hotel gate said respectfully with one voice: "Welcome to the young master. Good evening, young master."

Soon, these teenagers walked into the hall.

Margot and Patrick are still standing here and looking in the direction of them. Nikita walked past them just now, but she pretended not to know them and never even greeted them.

"Young master... Margot whispered in absent. "The Centre Hotel belongs to the Lambert family. They call him young master...is he Young Master Lambert?"

But Yvonne said that Young Master Lambert would come to her birthday party tonight.

"Why does Young Master Lambert stay with Nikita?"

Patrick is also shocked.

No one expect the people of the Lambert family can order the boss of hotel personally to come out to meet and treat them so respectfully.

He also said in a low voice: "It should be Young Master Lambert.

Does Nikita ... also have a good relationship with Young Master Lambert?"

"It's impossible." Margot seemed to be stimulated by his words. She suddenly raised her head. She looked pale. "How noble Young Master Lambert is! How can he play with her?"

Chapter 457 How dare you talk to her like this?

"She must know Young Master Lambert will attend Yvonne's birthday party tonight. Perhaps she cheated Young Master Lambert, saying that she will bring him to meet

Yvonne.

In this way, others will think that Young Master Lambert has a good relationship with her, not with Yvonne.

Yes, that's right, it must be like this..

I'm going to find Young Master Lambert now. I must ask him clearly!"

"She is intent on giving us a hard time. I will not tolerate her despicable behavior!"

Said it, Margot turned and strode toward Nikita.

Patrick was stunned. After a few seconds, he reacted and quickly caught her up.

If Nikita is really to make trouble,

he can't tolerate it either.

The boss of the hotel took Felton and other people to the elevator dedicated to the internal senior managers.

The boss pressed the button of the elevator.

The elevator door opened, and they were just about to enter the elevator. A middle-aged woman's angry voice sounded behind them: "Nikita, stop!"

Several people who were about to enter the elevator stopped.

Felton and Samuel et al. felt the face of girl next to them suddenly darkened.

Several people glanced at her in confusion. Then they looked up middle-aged woman, who looked angry and walked quickly toward them.

The woman is about forty years old, wearing a luxury brand suit and an L-brand crocodile leather bag. Her skin is well maintained. Her appearance is excellent among her peers. She looks very rich.

But her eye and brow were somewhat sharp and aggressive, which made people feel that she had a bad temper.

Soon, the middle-aged woman came to Nikita.

Her eyes were full of anger. When she looked at Nikita, her eyes were fierce: "If you want to sever the relationship with us, you can do it as you wish.

No one expected such a thing to happen in those days. If you hadn't run around disobediently, how could you be abducted by someone?"

Now you think we owe you, you think the Swift family did not take out all the possessions to compensate you, so you hate us?

I'm kind enough to take you back from that poor mountain village. Am I wrong?"

"I don't mind you are not grateful. I just give birth to an ungrateful girl.

But do you still want to retaliate against the Swift family?"

Margot was furious.

She firmly believed that Nikita came here to make trouble and make them suffer tonight.

When Margot finished her words, she felt a little cold.

Margot raised her head and saw the girl's pure black eyes. The girl's eyes were very black and cold, as if her eyes were wrapped by ice. She slightly raised the corners of the eyes, looking at Margot coldly.

Margot paused. She uncontrollably felt fear with no reason.

She was burning with anger, but now her anger was dispersed by this fear.

"Sister Nikita, who is she?

Your mother?" They always thought Nikita was the adopted daughter of Swift family. But now according to Margot's words, Nikita seems to be her biological daughter.

Samuel and Tobin were both showing their doubts.

Felton's face darkened down.

When Tammy looked at Margot's fierce look, she suddenly got angry. She stepped forward and said rudely to Margot: "Hey, old woman, how dare you? Speak politely with Sister Nikita!"

The people of Swift family are really shameless. Sister Nikita was driven away by you, but you still come to bully her one by one!"

Chapter 458 Isn't Yvonne your biological daughter?

"Do you think Sister Nikita is alone and easy to bully?!"

The word "old woman" made Margot sullen in an instant.

She looked livid and said, "Who are you? I'm teaching my daughter. Why are you striking in?"

"I am her friend. You, an old woman bullies Nikita in front of us. How can we turn a blind eye to you? And, Sister Nikita has said to cut off from you. Why are you so shameless? You still pester Sister Nikita."

There is only a daughter in this generation of the Lambert family. Naturally the whole family loved her very much.

Tammy looks soft and cute, as if she is easy to bully.

In fact, she is not weak and cute in front of others except those she cares about.

What's more, when someone provoked her, she would lose her temper.

Margot's face was even worse because of her few words.

But she was not sure about Tammy's identity, so she didn't dare to do anything. So she could only lose her temper with Nikita.

“Nikita, what kind of friends you make?! Are your friends so ill-bred? Is this their attitude to talk to elders?” Margot was livid with anger. She was short of breath and rolled her eyes, as if she was about to faint.

Patrick quickly walked to Margot and reached out to hold her.

Then he raised his head and looked at Nikita with disappointment and sadness in his eyes: “Nikita, do you have to do this?”

We are family, not enemies.

Your mother is right, the Swift family did not do anything sorry for you. When you were abducted, your mother was so sad that she didn’t eat anything for three days, then she suffered a serious illness.

We looked for you, but then we made a mistake, but now we have found you.”

“We took you home to make

home to make up for you.

But now your attitude is so indifferent, how can we make up for you?”

Patrick seems to be very sad. His tone was sort of aggrieved. The onlookers will only feel that Nikita is very ungrateful after listening to his words.

“Don’t be stubborn. Now that you have come to the hotel, come with us to the banquet

your un

hall.

Just in time, on an occasion like today, your uncles and aunts are here. We can formally introduce you to them.”

When Patrick saw the girl indifferent face, he paused and softened his tone, as if he was coaxing her: “Niky, Mom and Dad have always loved you. When you were young, Mom and Dad loved you the most, didn’t we? Don’t you remember it at all?”

“Do you really decide to abandon your biological parents?”

Patrick still wants to take this daughter back.

First, Nikita is his biological daughter. He pays more attention to blood relationship.

Another reason is the Swift Group.

Now he is convinced of Sean’s words again.

Only when they take Nikita back, the Swift family can get better and better.

With talking their blood relation, he thought Nikita would be soft-hearted and persuaded by him. After that, he saw that the girl was still indifferent. Her black and cold eyes showed her disgusted attitude.

When Nikita looked at them, it seemed that she was looking at a stranger who makes her extremely disgusted.

Patrick paused and frowned.

His lips moved. When he was about to continue, he heard a cold and sarcastic voice: “It turns out that you are Nikita’s biological parents.

So, isn't Yvonne your biological daughter?

Chapter 459 He hates her to death.

Yvonne and Nikita share the same birthday, but they are not twins.

If Nikita is his biological daughter. The other daughter must be non-biological one.

Felton didn't expect the truth of the matter to be like this.

All people in the school said that Nikita was the adopted daughter of Swift family. No one confirmed the authenticity of this matter.

But such rumors must be spread by someone.

It is not difficult to guess who originally spread this rumor.

As soon as Felton made a sound, Patrick and Margot suddenly changed their attitude.

Especially Margot, she looked up at him. There was no anger in her eyes anymore. She opened her mouth and said in a gentle voice: "Are you Young Master Lambert, Yvonne's good friend?"

Felton paused and frowned: "Good friend?"

Margot showed a big smile on her unkind face with flattery in her eyes: "Yvonne often mentioned you with us. You are good friends.

Young Master Lambert, although Yvonne is not my biological daughter, I treat her as my own daughter."

"She has been in the Swift family for more than ten years and has long been a member of

our family.”

Margot was afraid that Felton would be dissatisfied with Yvonne because of this matter, so immediately said, “Yvonne is smart, filial and sensible. She is the pride of her father

and me.

Besides, she has already registered the household registration of Swift family. From the legal point of view, she is our biological daughter.”

When Felton heard it, his face darkened.

What the fuck?

When did he and Yvonne become good friends?

Samuel and Tobin were also confused. They looked at each other, as if they both saw a line of words “Are you kidding me?” on their faces.

Felton treated Yvonne in such a different way.

Yvonne actually said they were good friends?

And, did they mishear just now? Nikita turned out to be the biological daughter of Swift family, but Yvonne was not their daughter?

What is the Swift family doing?

Their biological daughter was abducted and suffered hardships in the countryside.

But non-biological one lived a superior life with no worries about food and clothing at home. She has become their dearly loved person.

Speaking of their non-biological daughters, both of them showed their love.

But they treat their biological daughter coldly. They seemed to be accusing Nikita just

now

It's really a funny joke.

This couple is brainless.

"Yvonne told you that we were good friends?" Felton even laughed out because of anger.

Margot was stunned when she noticed his voice was strange. She looked at him and felt a little strange in the mind..

Why did Young Master Lambert treat them in such an attitude?

He likes Yvonne, doesn't he?

Then he should be very polite to them.

Why didn't he even call them uncle and aunt?

Margot was confused in her heart, but she didn't think too much. She smiled and said, "Yes, Yvonne often mentioned you to us and said that you took good care of her at.

school.

Her father and I wanted to express our thanks in person long time ago, but we have never found a chance.”

“We finally met Young Master Lambert today. Thank you for taking care of Yvonne.”

“Yvonne, that bitch really said so?” Before Felton could speak, Tammy sneered and ridiculed them mercilessly. “She is so shameless. Obviously, my cousin hates her very much and doesn’t even want to say a word to her. She actually said that they are good friends?”

“And my cousin takes good care of her?”

It’s hilarious. She must live in a dream.

Chapter 460 Teach Her A Lesson Personally

Margot’s face suddenly turned gloomy.

“What are you talking about?!”

She glared at Tammy.

Tammy also glared at her without fear. She showed a disdainful smile and stretched out

her hand to hold her arms, looking at Margot, as if looking at a joke: “What?

I’m not wrong.

She chased my cousin for two years shamelessly. My cousin hated her to death. When he saw her, he wanted to make a detour.

I've never seen such a shameless girl.

Even if some people want to get acquainted with Lambert family, they also need to consider if they are qualified enough.

Not all beggars can enter the house of the Lambert family. My cousin is not interested in a hypocritical girl. Our whole family is not interested in a hypocritical girl!

"You..." Margot was livid with anger. She was on the verge of losing her temper. Suddenly she realized something, then she changed countenance, looking at Tammy in surprise.

"Young Master Lambert is your cousin?"

"President Lambert is my elder cousin. The one next to me is my younger cousin. Old Mr. Lambert is my grandfather. Tammy looked at Margot's face turning pale suddenly and sneered "Our Lambert family is really ill-bred."

Margot opened her eyes wide and looked at Tammy in astonishment. Her face turned

more pale.

At present, this little girl who makes her angry to death is actually the lady of the Lambert family

At the thought of what she had just said, Margot became more and more pale. Her body shook, as if she couldn't stand firmly anymore.

She unexpectedly offended the lady of the Lambert family.

"Your daughter Yvonne has been chasing our bro Felton for two years. The whole school knows this matter." Samuel looked at Margot's pale face at the moment, continuing to taunt: "Miss Lambert is right. Bro Felton is not interested in her, and he wants to detour when he sees her."

“If she really tells you that she has a good relationship with bro Felton, she must be lying to you.

As for the reason why she lies to you, maybe you know it clearly in your heart.

Others helped him to say what should be said, so Felton raised his eyebrows and didn't want to say more words anymore. He said directly with cold and gloomy voice: “My good friend is Nikita, not Yvonne. Don't make any mistakes in the future.”

“What's more.” The teenager looked at the couple's pale and embarrassing face, showing a sneer with some warnings. He said word by word: “Keep your daughter in line.

She occupied other people's position and enjoyed other people's resources and benefits. She got all the advantages. Not only did she know how to be a low-key person, but she even dared to secretly use dirty tricks to hurt the original owner.

“If she dares to continue to swagger around like this, I will personally teach her a lesson.”

Felton's worthy of the title of “school bully”.

The boy's voice was very low and deep. His beautiful and deep eyes were full of coldness. When he threatened them, his eyes were vicious, which made their blood freeze and feel fear from the bottom of their hearts.

Such eyes remind Margot of the young man who is close to Nikita.

The boy in front of them and the Mr. Lambert looked somewhat similar, especially the coldness and cruelty in their eyes were exactly alike.

Margot and Patrick, two adults, gave birth to some fear under the cold gaze of this young

man.

“That’s right. Keep that bitch in line.

If she dares use dirty tricks again, I must tear her up

Also, you are not allowed to come to disturb Sister Nikita again in the future!”

Tammy pointed to the nose of Margot and Patrick very rudely and threatened them, learning Felton’s tone: “Your family should stay away from Sister Nikita, otherwise, I will ask my older cousin to punish you. Then you will be miserable.”
