

The Girl CB 481

Chapter 481 He is upgraded to be her boyfriend.

And her tone sounded indifferent too. "Sheehan, if I am your girlfriend, the Lambert family will be an enemy with the Dark Disney from now on and suffer from attacks from the Dark Disney. Do you still want to pursue me?"

When it comes to power, the Lambert family and the Dark Disney are both the leading bosses in their own territory.

Neither of them is inferior to each other.

It is not so easy for the Dark Disney to aim at the Lambert family.

And it is also not that easy for the Lambert family to deal with the Dark Disney.

Maybe, both sides will suffer great lost.

However, even if no one will win in the end, the losses caused to each other will be huge.

Nikita directly threw out the question.

If Sheehan wants her, the Lambert family will never live a peaceful life again. And it also means that the Lambert family may start a battle with the Dark Disney at any time from now on.

Is Sheehan willing to bear such consequences?

Is the whole Lambert family willing to bear such consequences?

Does he really feel worthy to cause so much trouble just for a woman?

After saying so, Nikita lifted her eyes and took a look at the man who was sitting opposite her.

There was some consternation showing in the man's deep and dark eyes. The expression on his handsome face was unclear. He narrowed his eyes and didn't say anything.

Nikita smiled, as if she had expected this.

She didn't feel disappointed at all. She just felt that this was the choice that a normal person would make.

Even if he is from such a powerful family like the Lambert family.

There is no need to get into so much trouble for a woman.

Wealthy families pay attention to strong cooperation, so that after becoming one family through the marriage, they can both get part of the resources from the other party. In that case, each other's families can get a higher status on the basis of their original strength.

If a woman he has eyes for not only won't help his family, but also may cause great losses to the interests of his family, he won't make a wrong decision even if he is from the Lambert family.

Businessmen usually pay special attention to interests.

This is especially true when it comes to a century-old family like the Lambert family.

"Sheehan, I hold a personal grudge with Mr. Hall. He will not let me go, and I will not make it easy for him either. Therefore, don't get involved with me in the future even for the sake of your Lambert family." After Nikita said so, she buried her head down and continued to have the chicken soup.

“Then if the Lambert family is willing to be an enemy with the Dark Disney, I can be upgraded to be your boyfriend then.” The man’s voice was low and steady. He paused for a few seconds and then slowly said: “Niky, is this what you mean?”

Nikita was stunned. The bowl which was held in her hand shivered. She slowly raised her head.

The man’s eyes looked extremely dark and deep. And there seemed to something flowing in his eyes while he fixed his dark and deep eyes on her.

At that moment when their eyes met in the air, his sexy thin lips slowly curved into a smile. His low and steady voice sounded slightly hoarse. He slowly and lightly spoke up word by word: “Niky, if I accept to be the enemy of the Dark Disney, can you be my girlfriend?”

Nikita froze.

Before she could answer, the corner of the man’s thin lips rose again. His smile looked beautiful and charming with his attractive and watery eyes. “Then I accept it. Can I continue to pursue you now?”

Nikita: “...”

She originally thought that bringing the Dark Disney up would make the man retreat.

But he actually said he was willing to make enemies with the Dark Disney!

“Sheehan, I’m not joking with you.” Nikita slightly twisted her eyebrows. “Mr. Hall and I really have some histories.”

“Well, I’m not joking with you either.” The man looked serious, “Niky, be my girlfriend. And the Lambert family and I will be your soldiers in the future. I can promise that the Dark Disney can’t lay a finger on you in N City.”

Seeing the girl widen her eyes in shock, he picked up a smile again. "You think I'm bluffing? Then how about I teach the Dark Disney a lesson first? In that case, you can check whether I have enough power to be qualified to pursue you.

Chapter 482 Three-month Internship

Nikita: "..."

"Niky, give me a chance." The man stretched out his big hand and gently covered the back of her hand with his palm. Realizing that she didn't resist him, his smile turned brighter and more charming.

Nikita lowered her eyes with her long eyelashes hanging down and covering her eyes. The emotions showing in her eyes now are also hidden.

"Sheehan, are you serious about this?" Moments later, the girl spoke up in a very tone. He couldn't tell her mood.

"Yes. I'm serious." The man's voice sounded low and steady. His eyes looked very deep with a smile showing on his face which even reached to the end of his eyes. "Actually, I have never been so serious."

Moments later.

He heard the girl say a word lightly. "Okay."

As Sheehan just put a piece of braised pork in her bowl, he heard her answer and was stunned. The chopsticks in his hand trembled. After a few seconds, he came to his senses. "Are you saying that you are willing to give me a chance?"

Nikita bowed her head and ate the braised pork he picked up for her. The meat tasted very soft, waxy and fragrant. It immediately melted as she put it in her mouth. And it didn't taste greasy at all.

Her voice sounded faint. "You have to go through a three-month internship. If you can reach all my standards, you'll officially be my boyfriend."

“What?” Sheehan looked up in consternation. With a crisp sound, his chopsticks fell to the table.

He somehow couldn’t believe what he just heard.

What does she mean by a three-month internship?...

He didn’t dare to overthink this for fear that he might have some misunderstanding.

After finishing that piece of braised pork, Nikita got another piece for herself again and eat it leisurely. After a while, she didn’t get any response from the man. She slightly raised up her eyebrows and looked up at the man,

What she saw was the man’s dull face,

The girl put down her chopsticks, held her jaw with one hand and picked up a smile. “Why? Is there a problem? Then just pretend that I didn’t...”

“No. I have no problem with that.”

The man came to his senses and grabbed her wrist tightly, as if he was afraid that she would change her mind the next second.

“OK, three-month internship period.” Sheehan grasped the girl’s wrist and looked at her with his eyes. His eyes were deep and dark, he said word by word, “Now, girlfriend?”

Nikita looked faint, her eyes were smiling slightly: “Mr. Lambert, I am still young.”

Sheehan: “Well, I know.”

“So...” Nikita slowly pulled out her hand, she said lightly and slowly, “just nominal girlfriend, can you accept?”

“Yes.” The man did not hesitate, and his eyes were full of laughter. “I will respect all your requirements, and I won’t force you to do anything you don’t want.”

She is still young now.

He had no intention of doing anything to her.

He can wait for her to grow up.

He’s in no hurry.

“Tut.” Nikita scoffed, “You have promised me so quickly. I have also said that I don’t like men who are older than me, why don’t you respect my thought?”

Sheehan: “...”

The man was silent for a few seconds and coughed softly: “Except this matter, for everything else, I will respect your wishes.”

For his love... if he is not shameless, he has to be single all his life.

“Oh.” Nikita scoffed again.

“This sweet and sour fish tastes good, try it.” Sheehan knew that he was wrong, so he quickly changed the subject. “You said before that you and Mr. Hall have personal grievances. Can you tell me what personal grievances do you have?”

Nikita knew he was changing the subject, but she didn't expose him. She bowed her head and bit the sweet and sour fish with rich soup, and whispered: "It's a long story, let's talk about it later."

"Well, tell me in detail in the future." Sheehan didn't ask again. When she finished eating the fish, he put a few pieces into her bowl.

Chapter 483 Sleep here with me?

He looked calm, controlled his feelings quite well.

But... looking at his eyebrows and his eyes, his joy couldn't be hidden at all.

After dinner, Nikita lay on the sofa and started a game to play.

The girl half narrowed her eyes, like a cat just satiated, and her face was somewhat lazy and satisfied.

Sheehan collected the bowls and made her a cup of fresh mango juice. Seeing that she didn't mean to go back, he smiled happily, walked aside and took down the black box on the shelf.

He went to the sofa and sat down next to Nikita.

Suddenly, there was a man beside her, a man. The girl who was playing the game was slightly stunned and raised her head. The lazy and indifferent water eyes like cats stared at the man sitting beside her. Soon, she lowered her eyes and continued to play the game. "A birthday present." A black box was handed to her, the man reached out his hand and touched her head.

Nikita just finished the game, she looked up at him, and looked at the box he handed over. A few seconds later, she raised her eyebrows, and smiled slightly. She stretched out her hand slowly and took it over.

Sheehan looked at her: "Open it and see if you like it."

"Oh." Nikita crossed her legs and sat on the sofa, she opened the box slowly.

Under the crystal light, the diamond necklace in the box was glowing, and the refracted light was dazzling.

Nikita was forced to narrow her eyes by the flashing light in the box.

“How much does it cost?” The girl’s slender white fingers hooked the necklace, she half narrowed her eyes and identified it for a moment. “You got it from the auction?”

“It is cheap.” Sheehan smiled lightly. “If you like it, you can wear it. When I get a better one, I will buy it for you.”

“Tens of millions? Cheap?” Nikita chuckled, tilted her head and blinked. “President Lambert is so generous.”

“You can earn hundreds of millions by treating a patient for once, isn’t it cheap for you?” Sheehan picked up the mango juice on the table and handed it to her. They were a little close, and he could breathe sweet and light fragrance from the girl.

That fragrance is faint, he feels itchy.

“I have no money.” Nikita took the mango juice, took a sip, and said slowly, “No matter how much I have earned, I didn’t get the money saved in my card.”

Sheehan smiled: “You have donated all the money?”

Nikita raised her eyebrows without answering.

“Let me put it on for you?” Sheehan took the diamond necklace.

Nikita said ‘hum’ lazily.

The man smiled and got closer to her. He moved her hair, moved her hair, and picked the necklace to put it on her neck.

The girl's skin is white, and the skin of her neck is white and delicate like snow. When Sheehan approached, he smelled bursts of fragrance that made him more attractive.

The man's slender fingers with distinct joints touch the girl's warm skin, and his fingertips felt her soft and tender skin.

He can't help breathing quickly, and his eyes gets dark to some extent.

He takes a deep breath and controls himself. He put on the necklace for her after spending several minutes.

Putting on a necklace even makes him have thin sweat.

Nikita covers her lips and yawns lazily.

Sheehan saw drowsiness on her face. He looked at the wall clock on the wall and said, "Are you sleepy?"

Nikita said 'hum'.

Sheehan sipped his lips and was silent for a few seconds. His eyes flashed slightly: "Are you going to sleep here?"

Nikita raised his eyes and looked at him, she sipped her lips slightly without speaking.

Chapter 484 She only wants the best one.

The man didn't look at other places, he stretched his hands to rub her head: "Don't think too much. You can sleep in the bed, I will go to sleep on the sofa."

The girl still sipped her lips and didn't speak.

Her face looked indifferent without any emotions.

Being looked by her, Sheehan felt panicked. Thinking about the three-month internship period, he controlled his facial expressions, he looked serious: "I can send you back."

Early the next morning.

Nikita had just finished washing when she heard a knock on the door.

She opened the door and saw the man standing outside the door.

His upper body is in a white shirt with simple style, and the black trousers are wrapping. his straight and powerful long legs. The hair must have just been washed, he looked very refreshing, and the beard has just been shaved. Nikita smells a very light and refreshing smell of shaving water.

The buttons of the white shirt on the man's body were not all fastened, the two buttons down the neck were not fastened, and the collarbones on both sides were exposed.

Exquisite and sexy.

Although she is a woman, she even has the impulse to rush over to bite him.

Looking downside....

Looming chest muscle...

Nikita looks at the white skin of his chest, she stares for another seconds.

She doesn't know what his figure looks like in the white shirt.

Looking at the looming chest muscles, his figure should be good.

Nikita is picky, not only picky in the eating aspect.

She is also very picky in choosing a boyfriend.

She will just want the best one.

When she saw Sheehan for the first time, she felt he was quite handsome.

She didn't chase him, because she was afraid that she might harm him if she was tired of him so fast.

As for the three-month internship period, she wants to give it a try. After this fresh period, she wants to know whether this man will still be attractive for her.

Sheehan stepped forward and reached out his hand to touch the girl's head: "Have you washed? Go to eat breakfast."

Nikita: "..."

Does this man think of her as a kitten or a puppy?

As soon as he meets her, he touches her head.

On the dinner table, there is a rich breakfast.

The congee is freshly cooked and steaming.

In front of Nikita, there is a cup of milk and a cup of mango juice.

Nikita sat down, looked at the table full of food, slowly turned her head, and said to the man next to her seriously: "In fact, you don't have to cook so much, we can't eat them up, it will be a waste."

"Hmm." Sheehan put a crisp and fragrant spring roll on her plate. "If you have something you want to eat the next time, you can tell me, I won't have to cook so much."

Nikita was stunned, she looked at the spring rolls in the plate and understood quickly.

She slightly smiled: "So, you have cooked so much just because you don't know what I like to eat?"

"Well, if I can cook more, there will be something you like to eat."

Nikita blinked and didn't speak.

Admittedly, she is a little pleased.

After breakfast, Sheehan cleaned the table and washed the dishes as usual.

Nikita crossed her legs and sat on the sofa. She was replying Hugh's text message.

Hugh told her that all the judges of the music competition have been decided.

The program group agreed that she could refuse to show her face, but as a judge, she had to have some achievements to convince the public.

Hugh: Hey, how can I discuss with them? If I tell them that you are the writer of "Memory in August", hiding your appearance will make no sense. But if you want to hide your identity, you can't participate as the writer of Memory in August.

Nikita pinched her eyebrows with one hand, and typed quickly on the mobile phone screen with the other hand.

Chapter 485 Don't you want to give something good to your boyfriend?

Nikita: Then ask them if Aroma of F Band is qualified as a judge.

Hugh replied several minutes later.

Hugh: What? Aroma of F Band? That person who is quite famous in the world, who is proficient in many musical instruments, who has the highest honor of St. John's College. of Music, who is also the youngest talented tutor of St. John's College of Music, who is also awarded as the first female knighthood in the history of Y country by the Queen of Y country?

Hugh: Sister, don't scare me.

Hugh: Tell me quickly, the Aroma you mentioned is definitely not the same person as the Aroma I mentioned!

Hugh sent three messages in a row.

Nikita smiled.

It seemed that he was frightened.

She held her mobile phone and changed into a comfortable sitting position, she typed slowly: Well, we are talking about the same person.

As soon as the message was sent...

Hugh replied quickly: Fuck!

After a few seconds.

Hugh: You, you, you are really Aroma?!!!

Nikita smiled: What's the matter?

Hugh: I, I, I, wait, I have to calm down first. My mind is in a mess now, I can't think at all. So, I, I, I... I know Aroma, she has also written a song for me?! I become popular because of Aroma?!!

Nikita feels that Hugh seems to have been incoherent.

Nikita: You can calm down slowly.

After replying Hugh's message, she threw her mobile phone aside, looked up at the man wearing an apron in the kitchen, who was cleaning the kitchen.

He was washing dishes quickly.

She thought that a master grew up in the Lambert family with great treatments must haven't done any housework. She thought that Sheehan can't do anything.

Unexpectedly, he is quite virtuous.

She suddenly discovered that Sheehan had many advantages.

He is good-looking and smart-minded. He can earn much money, and he is also good at cooking and doing housework.

Such a woman is definitely what men dream of.

Such a man should also be dreamed of by women.

At the gate of the school.

The Lamborghini stopped at the side of the gate.

Nikita unbuckled her seat-belt and was about to get out of the car.

“Wait a minute.” Next to her, a man’s dissatisfied voice sounded.

Nikita turned her head.

Sheehan’s eyes are half narrowed, the sleeve of an arm has been rolled up. He puts one hand on the steering wheel of the sports car, and he gently raises his eyebrows: “You want to leave like this?”

“Otherwise?” Nikita also raises her eyebrows.

Sheehan sipped his lips: “Don’t you want to give something good to your boyfriend?”

Nikita looked at his eyes and smiled faintly: “What do you want?”

Sheehan: “...”

He wants so many things.

Does he dare to say them all?

All his thoughts were unsuitable for such a little girl.

The girl's eyes were dark, bright, clear and clean, and her eyes were wet like the eyes of a fawn.

After looking at each other for a few seconds, Sheehan was 'defeated'.

Being stared at by such a pair of clean eyes, he felt that any thought he had was evil.

"Forget it, you are still young. We can talk about it in the future." The man sighed, he was quite helpless. He stretched out his hand to take his wallet, then he took out a card from his wallet.

Centurion Card from Concord Bank for the supreme VIP customers. At least, the quota is one hundred million.

Nikita looked at the black card handed to her, she slowly smiled faintly: "For me?"

"Hum, take it."

"Why, Mr. Lambert, you are going to raise me?" Nikita smiled.

Sheehan looked at her with deep eyes: "You have said that you have no money in your

card, right? Hundreds of millions are in this card. Take it with you, tell me when you use the money up."

Chapter 486 Let me do something good.

Nikita lowered her head. She didn't stretch out her hand to take it over.

"It is natural to spend your boyfriend's money." Sheehan directly put the card in her hand. "I am still in the internship period, let me do something good, huh?"

Nikita stared at his perfect and deep facial features for a few seconds, she pinched the card from him looked at it carefully. Then she smiled slightly: "You mean I can use the money at will?"

"Yes, you can use the money at will."

"If I use the money up within one day..."

The man was in no hurry and took out an identical black card from his black wallet.

"Don't worry, there are still many cards." The man also smiled, reached out his hand and touched her head, and his low voice unconsciously had dotes. "Your boyfriend has enough money, so you don't have to save money for him. You can buy whatever you want."

Nikita: "..."

Later, she will buy luxury cars and villas.

She will spend all the money within one day!

Nikita came down from Sheehan's car.

She just went forward by several steps, then an excited voice sounded behind her: "Niky!"

She turned her head and saw Tammy jumping down from a black Bentley. Tammy jumped to Nikita like a rabbit.

She ran a little fast, so her face was red.

Tammy stretched out her hand and took Nikita's arm. She looked back at the Lamborghini sports car that Sheehan had not yet driven away. Tammy smiled secretly and covered her mouth, and then blinked at Nikita: "Niky, Sheehan sent you here?"

"Hmm." Nikita has decided to be Sheehan's girlfriend, so she didn't hide.

Tammy is quite satisfied with the development of their relationship.

She smiled and said, "Niky, this is the first time for me to see Sheehan treat a girl so well. You are the first one!"

Nikita smiled: "You are his sister, he doesn't treat you well enough?"

"No." Tammy told the truth, "Although he is my cousin, we are not close to each other. He usually looks very strict. You know, every time I see him, I am actually a little afraid of him

But I think he treats you uniquely

Tammy said with emotion. "Niky, Sheehan is quite gently for you, he hasn't been so gentle even for Felton. Felton is his biological brother."

Nikita didn't speak to deny.

Sheehan is very attentive to her.

"Nikita."

Nikita and Tammy walked to the gate, when they were about to enter the school, a faint voice sounded behind them.

Nikita frowned, turned her head, then she saw Yvonne, whose face was pale, as if she hadn't slept overnight.

Yvonne had heavy dark circles under her eyes, and her eyes seemed to be watery. She looked up at Nikita pitifully. "Nikita, mom is ill and hospitalized. Don't you... want to go. and see her?"

Last night, Yvonne went to the hospital and stayed for several hours.

When she arrived at the hospital, Margot fell asleep again.

She still doesn't know what illness Margot is suffering.

But it seems to be a little serious. Nathan and Patrick looked solemn. But when she asked them, they didn't say anything.

Yvonne had a bad feeling in her heart.

The Swift group's stock price plummeted, Margot suddenly fell ill, and Yvonne felt that the Swift family might be devastated.

What she is even more afraid of is that the Swift family will really go bankrupt.

Last night, she stayed up all night.

She searched something about the stock market, and the more she knew, the more she panicked.

She doesn't dare to think about what kind of life she would live in the future if the Swift family really goes bankrupt.

Chapter 487 So Cold-blooded and Ruthless

“Nikita, mom is really sick.” Yvonne bit her lips and looked at the expressionless girl in front of her. Even if she hated Nikita in her heart, she had to lower her head and whisper, “Go to the hospital to see her. The doctor said that mom suddenly fell ill because she was so stressful and sorrowful.”

“The price of the Swift group plummeted, which hit her too hard.” Yvonne said, while paying attention to the expression on Nikita’s face, “She has fallen ill now, but she is still worrying about the Swift group’s affairs. If someone can help the Swift group to get through this difficulty, her illness may soon get better.”

Nikita listened to her words patiently, but she was still expressionless.

“Oh, you have finished your words?”

Her attitude like this made Yvonne stunned.

Nikita smiled, but her smile was not sincere. She smiled ironically: “I have severed relations with the Swift family. The Swift family or anyone of the Swift family has nothing to do with me.”

Yvonne was stunned again: “Nikita, you...”

She didn’t expect Nikita to be so cold-blooded and ruthless.

Margot is her biological mother.

Hearing that her biological mother is ill, probably, the illness is serious, she is indifferent.

“That’s right, Niky has cut off her relations with your family. In the future, as for everyone. of your family, don’t bother her again!” Tammy didn’t like Yvonne at all. After knowing that Yvonne has occupied the

position of Nikita and spread the rumor that Nikita was the adopted daughter of the Swift family, she hated Yvonne even more.

How can she be so shameless!

“Niky, let’s go, ignore her!” Tammy rolled her eyes at Yvonne, and took Nikita to walk by her side.

Yvonne stood in place, her face looked gloomy.

Nikita went into the classroom. Unexpectedly, Miss Morris was sitting on the platform.

The first class this morning is not hers.

Now, it’s time for the morning reading time. Why is Miss Morris sitting in the classroom?

“Nikita, you are here.” As soon as Miss Morris sees her, she walks quickly to Nikita, grabs her hand and leads her to go out the classroom, “Come on, come on, come to my office.”

So Cold blooded and Hutfitess

Nikita followed her to go out in confusion: “Miss Morris, what’s the matter?”

Ten minutes later.

Nikita watched Miss Morris pull out a few test papers from the drawer She put those test papers gently on the table, then took out a pen and handed it to Nikita. Nikita, there will be an English test this morning, which will select the contestants for the English competition.”

“Although it is a little late to teach you now, it is not too late to make up. The more you can learn, the better.” Miss Morris looked at her seriously. “The questions on these papers cover a wide range. If you can finish all the above questions, it will be of great help to the following test.”

“I don’t expect you to win any prize, which is unrealistic. As long as you can take the exam on behalf of Class F, it is also an honor for Class F.”

Nikita is the first student in Class F to sign up for the English competition.

Miss Morris has expectations for her, but she really doesn’t expect Nikita to get any awards.

Because it’s unrealistic.

Even those students study English the best in the school... the best grade is the third place.

Basically, the top three places are all taken by Foreign Language School of N City.

Nikita can represent Class F and First Senior High School of N City to participate in the competition has made Miss Morris quite satisfied.

Nikita narrowed her eyes, she looked at the papers taken by Miss Morris and the pen handed by her, Nikita smiled meaningfully.

Chapter 488 All Nikita’s answers are right.

“Miss Morris, you ask me to come here to give me tutoring?”

Miss Morris nodded: “Don’t think tutoring is useless, we still have two hours, try to solve the questions on the papers. I will look at you during the whole process, you can ask me if you are confused about any questions.”

Nikita smiled, nodded, pulled a chair, slowly sat down, and took over the pen from Miss Morris.

The girl used her long and white fingers to pinch the pen. She turned the pen in a handsome way for several times: “Do you mean I can leave after finishing writing these papers?”

Miss Morris: "Finish the papers first."

These papers are difficult.

This morning's test will also be difficult.

The test won't be simple, because they will select ten students to participate in the English competition representing First Senior High School of N City. If the questions are simple, every student will be able to answer.

The test won't help them know the real abilities of students.

Nikita didn't say anything, she nodded her head, picked up her pen, and began to write the test paper.

Miss Morris got up and went to pour a glass of water for Nikita.

Una walked into the office and saw Nikita sitting at Miss Morris's desk, writing the test paper with her head buried.

Una was stunned, then she walked over to ask Miss Morris: "Are you tutoring Nikita?"

Miss Morris nodded.

The relationship between them has become better because of Nikita.

Perhaps, because of Una's illness, she has also become calmer for many things. She is not so ambitious as before.

Una knows that Nikita has also signed up for the English competition.

Nikita is not a student in her class, but she is her benefactor.

Una has also thought of give tutoring to Nikita.

She also took two test papers from her bag, sipped her lips, and put them on the desk: "I also have two test papers, and the key points are all on the test papers. When she

finishes doing yours, let her finish mine."

Miss Morris took a glance.

The test papers taken out by Una are internal key test papers, which cover many key points. One paper like this is more important than dozens of ordinary papers.

Only internal teachers can get such internal papers.

Una is a teacher for Class A. She didn't give these papers to the students in her class, but she gave them to Nikita. Una is quite good to Nikita. After all, Nikita has saved her life.

They stood by Nikita's side. When they were talking, they saw the girl had finished more. than twenty multiple-choice question.

She writes very quickly.

There is almost no pause.

Within less than a minute, more than 40 multiple-choice questions were done.

Miss Morris frowned, thinking that Nikita was writing at will to slight over. When she wanted to say something, she heard Una' surprised voice sound by her: "All her answers are right..."

“How could...”

“Right? What?” Miss Morris turned to look at Una.

Una pointed to the paper that Nikita was answering and murmured in a low voice: “These multiple-choice questions... all of Nikita’s answers are right... all of them.”

“What?” Miss Morris immediately looked down at the test paper. After a while, she also looked surprised like Una.

This test paper she gave Nikita is definitely not simple.

It is not unusual to answer all these multiple-choice questions correctly.

For the top students in Class A, they may also answer them correctly.

But the speed for Nikita to answer these questions....

Isn’t it too fast?

For anyone else, they will definitely think for several seconds before making choices.

But she didn’t. She completes almost a multiple-choice question every second.

Most people may haven’t even finished reading the question during one second.

Chapter 489 If Nikita can take the crown...

Can she read so many things at a glance?

A few more minutes passed.

It is hard to describe the facial expressions of Miss Morris and Una.

Surprised? Frightened?

They stood beside Nikita and watched her finish a test paper within five minutes at an extraordinary speed.

She finished four test papers on the table within half an hour.

“Done.” Nikita threw the pen to the table, clapped her hands, stretched herself and stood. up under the frightened eyes of Miss Morris and Una. “Can I go back to the classroom?”

Miss Morris opened her mouth and wanted to say something, but she almost choked.

Una picked up one of the test papers and checked the answers.

After a while, the expression on her face became more and more astonished and incredible.

She looked at several multiple-choice questions, some fill-in-the-blanks and the two most difficult questions.

All her answers are right.

She picked up several other test papers as if she wanted to prove something.

She checks a few questions casually, and the answers are all right.

Una pinched the test paper and slowly raised her head with consternation on her face: "Nikita, you..." She wanted to say something, but she didn't know what she should say.

They have all seen Nikita's grades before.

She has got zero marks in English for several times.

But now... If Una hadn't seen it with her own eyes, she wouldn't have believed it anyway.

These papers are all internal papers.

So Nikita can't know the answers in advance.

Even if she knows the answers to multiple-choice questions and fill-in-the-blanks questions... there's no answer for the short essays, but she has written quite well.

If she doesn't have enough accumulations in English, she can't write such good essays.

Even she and Miss Morris can't write such good essays.

Nikita looked at them, who were quite excited. She looked quite indifferent: "Can I not go to the test in the morning?"

After pausing for a few seconds, Nikita covered her mouth, yawned and said lazily: "I am tired, I want to sleep for a while."

Una is in charge of all matters of this English competition. She will invigilate and correct the papers for the English test one hour later.

Una and Miss Morris are very clear about the meaning of Nikita's grades.

They looked at each other.

Inexplicably, both of them were a little excited.

Originally, First Senior High School has never expected to win the championship.

But this time, there seems to be hope.

They can also expect this.

If Nikita can win the championship...

Una got excited, she nodded again and again: "Yes, of course. You have passed this test. There is no need to take an exam again."

Nikita covered her lips and yawned again, as if she were really sleepy.

She took off the black backpack and took out two small black porcelain bottles, one is for Miss Morris and the other is for Una.

"You can continue to eat these things." Miss Morris, have you been to Euston Pharmacy to

take the medicine?"

Now, Miss Morris knows that her small porcelain bottle is filled with good medicine. After she got it, she quickly put it in the drawer of her desk and locked it up: "Yes, I gave them the list you gave me, saying that it was you who asked me to come. They really didn't ask me for a penny."

“So many precious medicinal materials are all free for me.” Speaking of this matter, Miss Morris’s eyes are full of gratitude. “Nikita, thank you very much. If it weren’t for your help, I really couldn’t afford those medicines.”

Among the medicines prescribed by Nikita to her, many medicinal materials are very precious.

Chapter 490 For Example, Her Identity

The medicine for once will cost tens of thousands.

For the whole process of her treatment, it will cost hundreds of thousands.

She can’t afford at all.

Therefore, the main consumers of Euston Pharmacy are rich and superior people.

Not the general people.

The boss who founded Euston Pharmacy was a descendant of a century-old medical family. Many people in the family are high-level experts in the National Medical College, who focus on treating the heads of countries such as the president or the prime minister. In ancient times, these people were doctors for the emperor, and they were extraordinary among the doctors.

They have no idea about the relationship between Nikita and Euston Pharmacy.

Nikita can even let her get medicine from Euston Pharmacy for free.

Miss Morris always feels that this girl, who looks still immature and is clearly a little girl, should have many unspeakable secrets.

Such as her identity....

She is definitely not just an ordinary student.

According to the information they have read, she grew up in a poor mountainous area.

Moreover, she has poor academic performance, she often fights with her classmates, and drops out of school for two years. She is an arrogant little girl in everyone's eyes, and the local people call her as scourge. Not only the students in the school are afraid of her, but also the parents of those students are afraid of her.

But such a girl has very powerful medical skills, she can also speak French, her English is also very good.

She seems to have a very unusual relationship with Euston Pharmacy.

That time when she gave Samuel an acupuncture...

Even the principle came to speak for her, it seemed that she and the principle also knew each other.

On the day when she transferred to First Senior High School, Talbot told them not to bother her. He also specifically said that she liked to sleep, so they could just let her sleep without waking her up.

At that time, they all thought it was because the Swift family.

After all, the Swift family has donated a lot of money to the school before.

But now, think about it carefully, it should have nothing to do with the Swift family, the Swift family is not powerful enough.

If it is because of the Lambert family, it will be more reasonable.

“Miss Morris, how do you feel after taking the medicine? Nikita spoke and looked at Miss Morris’s face, it was clear that she had looked better than before. Although she had just taken medicine for several days, the effects could be seen clearly.

“I feel much better.” Miss Morris said with a smile, “After eating the pills you give me for two or three days, I feel less tired than before, my spirit is much better, and I don’t always want to sleep.”

“The quality of sleep at night is much better than before.”

These are not psychological effects.

These are the changes she really feels.

If they tell others, no one will believe.

It takes only two or three days to see the curative effect?

Others will definitely say that it is just a psychological effect, but it is not. Miss Morris knows it in her heart.

Nikita nodded; “Continue to take medicine on time every day, you are in the early stage of cancer, which is easy to treat. When you finish eating the medicine in this period, go to the hospital to check again. If there is nothing wrong, I will give you some medicine to maintain your health later.”

Miss Morris was stunned, she pondered Nikita’s words for a few seconds, and widened her eyes in surprise: “Nikita, do you mean that I only need to take medicine for a single period, and my disease... can be cured?”

“Almost.” Nikita looked at her face with incredible expression, smiled and said faintly, “I said, you are in the early stage, and your disease is found very early. Your disease can be cured. If you go to the hospital for treatment, you can also cure it. There is no need for me to treat you originally.”
