

The Girl CB 541

Chapter 541 They can't understand Nikita's coldness.

Nikita leaned on the car to play games lazily

In the game, a group of people who were tortured and slayed by her always scolded her for being too cruel, and some people thought that she had opened a plug-in and said that she would report her after playing the game.

Nikita didn't reply them.

She just slayed these two people several times more.

Only six minutes after the start, the opponents was slayed so many times that they didn't want to continue this game anymore and surrendered.

Nikita was about to play a game again when hearing someone calling her.

"Nikita."

She frowned, slowly raised her head and saw Patrick and Nathan standing in front of her.

Nice, she just quit the game and was not in the mood to continue.

She indifferently looked at them standing in front of her: "What's wrong?"

She guessed the reason why they came to her.

Margot was in hospital.

Margot's illness must have been checked out.

The hospital's statements are roughly the same. No doctor can tell you that the disease can be cured in the middle and late stages of cancer.

Treatment can only prolong life by one or two years.

This is in the case that the treatment effect is good.

Because Margot's cancer is pancreatic cancer, which is known as the "king of cancer".

The hospital had no idea. Margot probably thought of her.

A dying man will never miss any chance to live.

"Nikita." Patrick has a thin face. He was somewhat embarrassed. He rubbed his hands and said, "Yvonne should have told you yesterday. Your mother is ill seriously. She is still in the hospital."

"Can you go to the hospital to see her?" Patrick felt nervous in the face of his daughter for no reason.

This kind of feeling is like he goes to talk about contracts with someone and beg that person to do things.

But the girl in front of him is obviously his daughter.

He's afraid of his daughter?

"Nikita, Mom is really sick... very seriously." Nathan also said, "Mom said that you had already seen that she was ill before. In this case, you should also know what disease she has."

Nikita's expression was very serious. He clenched his fists: "She was in the middle and almost late stage of pancreatic cancer. The doctor said... she can only delay. She can only hold on one year at most. Today, Dad and I also went to other hospitals. All doctors said the same statement."

After listening what they said, Nikita was still indifferent, as if listening to an insignificant thing.

After that, Nathan looked at her still indifferent face, frowning: "Nikita, we did something that made you unhappy before. However, Mom really suffers from cancer. She doesn't have much time"

"Anyway, she was pregnant ten months and worked so hard to give birth to you. It's not too much to ask your to go to the hospital to see her."

Nikita can't understand Nikita's indifference.

Yes, they were not so good to Nikita before, and they were partial to Yvonne.

However, they were just a little partial.

They didn't do anything sorry to her.

After all, after more than ten years of separation, it is impossible for them to be especially good to her at once the same as treating Yvonne.

They need to develop their relations slowly.

She doesn't even give them the time and opportunity to develop their relations at all. What should they do?

She wants to sever ties with her family for such a little thing?

Now, even when they were talking about Margot's cancer, talking about that she's dying, she was also this indifferent and faint look.

There was no worry or other emotions on her face.

Chapter 542 I have conditions.

She felt that they showed partiality to Yvonne, while mistreating her.

But she has no feelings for them either

Otherwise, how could she be so indifferent after hearing that her mother had cancer?

Even strangers would sigh and comfort them if hearing this kind of matter

"Nikita, your mother is seriously ill. Patrick sighed. "Nikita, we've come to this far. Even if you have grudges towards us, could you set aside the hatred and visit your mother at the hospital???"

"Your mother told us that you had seen that she was ill before, and said that if the hospital couldn't cure Rate, she could come to you. Do you remember this?"

Nikita smiled

After talking about things for a long time, the last sentence is the real purpose of why they came here

"Well, that's what i said." She said faintly, and she didn't deny it. "So you came to ask me to treat her? Do yo really think I can cure her when the doctors failed?"

Patrick and Nikita paused

They don't know whether she could treat.

It's just that they can't do anything else now

Looking for Nikita? They just had no way to go.

In any case, they must give it a try.

"You notice her illness from the very beginning. We believed you have some approaches After being silent for a long time, Patrick said

Nikita said expressionlessly, with eyebrows raised. "I can treat her, but I have conditions."

"What conditions?" Patrick paused.

"I don't have time to visit her today. I will bring a lawyer with me tomorrow" Nikita said faintly. "You have to sign the agreement to terminate the parental relationship with me, and I will treat her."

Patrick and Nathan frowned.

They never thought of the condition she raised

Patrick thought Nikita wanted money.

He has thought about it, if Nikita asks for millions of dollars, he can still give it to her

The money should also be compensated her loss.

It could make up for their failure to take care of her over the years.

Nikita thought that Nikita might take the opportunity to let Yvonne leave the family

He was still wondering how he should tell Yvonne about it.

Unexpectedly, she wanted to leave?

She's taking her lawyer?

Is she really going to cut off the relationship with them?

Nathan's heart surged with inexplicable anger.

When Nathan just about to get angry, he heard Nikita's cold voice sounded again: "I have only one condition. If you agree, I would treat her tomorrow. You'd better agree. Besides, you didn't lose anything."

"Anyway, in the past ten years or so, without me, you lived happily. Isn't it?"

"You can regard that you didn't find me. Besides, you found me because you wanted me to turn the tide of the family. Now, the Swift family's fortune has not improved. Thus, I am redundant for the Swift family."

Patrick froze, looking up.

Nikita showed a look of consternation.

What does she mean?

Why would she say that?

Did his family find her because of wanting her to turn the tide?

Where did she hear that?

Nathan didn't know about it.

Chapter 543 She was only used from the beginning to the end.

He heard it from Nikita for the first time.

Beside him, Patrick paused. He wanted to say something, but couldn't.

He can't refute it..

Sean must have told Nikita about this matter.

So, is Nikita determined to cut off with them, because of this matter?

"The milk tea you want. I checked, this kind of drink is unhealthy. You can't drink it every day. In the future, you should drink less."

Suddenly a voice sounded beside them, Nikita turned around. Sheehan handed her a cup of milk tea.

She smiled, saying leisurely: "Even though it's unhealthy, you bring it back to me every time."

The man was silent for a few seconds: "Well, I won't bring it to you every time you asked in the future."

When pursuing her, in order to please her, it is natural to do the things she wants him to do.

"Tut." Nikita drank a mouthful of milk tea and sniffed.

“Let’s go?” Sheehan opened the car door, without looking at Patrick and Nikita standing aside.

It’s like they never exists.

Nikita bit the straw, nodded. Without looking at Patrick and Nathan, she got on the car.

When she sat down, Sheehan closed the door and walked to the other side.

When Nathan and Patrick passed by, the man looked up, his dark eyes flashed coldness, with no temperature in them.

His one glance made Patrick and Nathan terrified.

Soon, the Lamborghini disappeared before their eyes in the blink of an eye.

Patrick and Nikita are still standing.

Both the father and son frowned hard.

Patrick was angry. Nathan was pissed off by another thing.

“Dad, is what Nikita said true?” Nikita turned and looked at Patrick, whose face was still blue.

“What’s true?” Patrick knew what he was asking, but he pretended to be confused. “Nikita has grievances. towards us. We can’t believe what she said. No matter what she says, don’t take it seriously.”

Nikita wanted to figure it out: “Nikita said that you only wanted to change the Swift family’s fortune, when you brought her back. Is this true?”

Margot mentioned this matter before.

But she didn't make it very clear.

Nikita also knows that they have looked for a feng shui master before.

Did they pick Nikita back, just want to turn the family's fortune...

Instead of finally finding their long-lost daughter to take good care of Nikita and compensate her?

If Nikita couldn't turn the fortune, they won't pick up Nikita and come back?

Nathan seems to suddenly understand, why Nikita is determined to draw a clear line with the Swift family.

She was being used from the beginning to the end.

Then, she really doesn't need this so-called family.

Patrick frowned: "I've told you, don't take her words seriously. Why are you so serious about it?"

"Dad, you and mom took Nikita back, just wanted to use her to change the family's fortune? Nothing else?"

Nikita suddenly became very angry. He took a deep breath and wanted to keep himself calm as much as possible, but failed: "Don't you have any feelings for Nikita? She is your own daughter."

"When she was little, you loved her, didn't you?"

“If she is useless, are you still going to find her?”

Chapter 544 You are rushing to the wrong person!

When Patrick heard this, he was angry yet embarrassed: “What are you talking about? Do you really think your mother and I took her back because we wanted to take advantage of her?”

Nathan said coldly: “Don’t you know?”

In this matter, Nathan believes Nikita more.

He thinks Nikita won’t lie.

She disdains lying.

“If what Nikita said is true, I think it’s reasonable for her to cut off with us.” Nikita looked at Patrick with disappointment and distress. “We showed partiality to Yvonne, which has made Nikita feel very disappointed. And you pick her up to use her. If I were her, I don’t need such a family either.”

Before, he would feel Nikita’s being paranoid.

She has too much prejudice against them.

But now...

Nikita felt a little sad.

They finally found the little girl they lost ten years ago.

But soon, she will be lost again..

If Nikita really cuts off relations with them. They would be complete strangers.

At least, legally, she really has nothing to do with the Swift family.

“Nikita, how can you speak for he?” Patrick said angrily, “We are family. Why were you helping an outsider? Don’t you dislike her previously? Why would you protect her? Did she brainwash you?”

“Dad, you see...” Nikita shook his head. “You haven’t regarded her as a family member until now. You have always regarded her as an outsider. How can she regard herself as a part of the family?”

Patrick frowned, and couldn’t speak.

“What she just said, tell mom, please...think about it again.” Nathan rubbed his eyebrows, tired, “With Nikita’s character, no matter whether you agree or not, she won’t take us as her family members.”

“It’s all the same to her, whether she cuts off with us.”

She asked a lawyer to do it, because she wanted to break their relationship thoroughly and neatly.

“Dad, brother.” A delicate voice sounded behind them.

Nathan saw Yvonne, who walked towards them, and smiled feebly: “Yvonne.”

“Brother, I just saw you talking with Nikita.” Yvonne hesitated, saying softly, “What’s the matter?”

Nathan paused.

“Nothing.” He smiled, which seemed awkward. “We just wanted her to go to the hospital to see our mother.”

“She won’t go, will she? Didn’t you tell her that mom actually got cancer?”

“We did say.” Patrick was indignant. “She uses cutting off from the family as a condition. In addition, she would bring a lawyer tomorrow. If we refuse to let her leave, she won’t treat your mother.”

Yvonne was shocked: “You asked her to treat mother?”

She frowned again and said before Patrick and Nathan say anything. “Dad, brother, are you nuts? Why are you asking her to treat mother? Does she know how to treat others? Don’t you afraid mother might get worse under her treatment?”

“But, your mother said Nikita knew she’s ill a long while ago. Nikita even asked her to take an exam at the hospital. She...supposed to be able to treat others

Chapter 545 Is Nathan speaking for Nikita?

mother said Nikita knew she’s ill a long while ago. Nikita even asked her to take an exam at the hospital. She...supposed to be able to treat others.”

“Dad, you are taking risks with mom’s health. Does Nikita have a qualification certificate?”

“Qualification certificate?” Patrick was stunned.

“It is illegal to practice medicine without a license.” Yvonne said solemnly. “You are hurting mother by letting a person who doesn’t even have a doctor’s qualification certificate to treat her.”

“You don’t believe so many great doctors in the hospital. Do you believe that she can cure mother’s illness?”

“Medical organizations all over the world have failed to overcome the problem, do you think she can overcome it? It’s not a small cold that mom caught. It’s cancer, in the middle phase. If she could cure this kind of cancer, I’m afraid she could be the medical prodigy who stuns the whole world.”

Patrick couldn't refute.

He doesn't actually believe that Nikita can cure the cancer.

However, Margot asked them to find Nikita.

Plus, he also wants Nikita to give it a try.

Now, after listening to Yvonne's words, he felt that Nikita is unreliable.

He is too impatient.

He wants to give it a try.

"However, your mother's illness... the doctor said she could only live for one year at most...maybe half of a year." Patrick sighed, "Your mother now wouldn't let go of a trace of hope. She thought Nikita is able to treat her since she could tell her illness from the very beginning"

"But, you can't rush to the wrong person. Think about it, Nikita was born and raised in a remote mountainous area, without fine educational resources. How could she learn advanced medical treatments?"

"Her treatment is just some alternative prescription. It won't be helpful anyway. Mom might miss the prime time of treatment if you let Nikita treat her."

"Well..." Patrick was moved.

Nikita did grow up in a remote mountainous area.

She could only go to a very ordinary township school to study medical treatment.

Where can she study medicine?

If she can cure cancer in the middle phase, it would be sensational all over the world.

After all, no medical organization in any country has developed a method to treat advanced cancer.

If she can cure cancer, she will be the pillar of the country. Even the president will value her talents.

Before they take her back to the N City, did she need to stay in Syracuse Village and guard the dilapidated house?

“It’s too arbitrary to make a decision now. There’s a trace of hope if we let Nikita treat mother. We would know whether she’s capable after she gives the treatment...” Nathan suddenly blurted out.

Yvonne looked at him in consternation..

Is Nathan speaking for Nikita?

“Brother, do you think what I said is too arbitrary?” Yvonne bit her lip, feeling being wronged. “I didn’t deliberately target Nikita. I am worried about mom’s health.”

Nathan looked at her somehow coldly: “You don’t know Nikita. Why do you think it hurts to let Nikita treat mom?”

“Elder brother, you...” Yvonne never heard Nathan talk to her in such a cold voice. She widened her eyes, looking appalled.

Chapter 546 He shouldn’t think of her like that.

Nathan turned to look at Patrick: "Nikita really grew up in the countryside. However, don't forget that she knows Sean, and Sean also said that she is a genius. She can master antique feng shui at such a young age. I believe it is not strange that she is proficient in medical skills."

"I think we can give it a try."

"The hospital had made it clear that she could live for another year at most. Mom is willing to receive Nikita's treatment. I suggest we obey her wishes."

Nikita hasn't said that he saw Malcom and Maddox with Nikita the other day.

He felt that Nikita was not as simple as they see.

She knows Malcom, Maddox, Sean, Xavier, and Hugh.

She has a good relationship with this group of people who can be regarded as big shots in various fields.

Nikita may really be their last straw...

Patrick also remembered seeing Nikita in the antique city that night.

He doesn't believe in Nikita, but he believes in Sean.

All Sean's predictions have been confirmed.

He said, if Nikita leaves the family, the family would be doomed.

Now, the Swift Group's share has plummeted, and is on the verge of bankruptcy.

Margot was diagnosed with cancer.

The Swift family is in a terrible mess now.

If Nikita can really bring good luck to the family, does it also mean that she may really be able to cure Margot?

Even if she couldn't cure, Margot could at least live for a few years. It's better than her current condition.

Patrick thought, and wavered.

"I think...I think your brother made a point." Patrick rubbed his hands, and turned to Nathan's side. "Let Nikita treat your mother first."

Yvonne felt embarrassed. Biting her lips, she's as if wronged, saying with teary eyes: "I'm just worried about mom. Sorry, I'm too arbitrary. I shouldn't say anything like that regarding Nikita."

"Elder brother, believe me, I really have no problem with sister Nikita, I didn't mean to say that about her..." Yvonne said, with tears falling down.

Looking at Yvonne crying, Nathan comforted her after all: "Well, don't cry, I didn't say you were deliberately targeting her. Yvonne, Mom's situation is not optimistic now. She wanted Nikita to treat her. No matter what, we should give it a try."

Looking at Yvonne crying like a bunny, Nathan felt guilty.

Yvonne may really be unintentionally said those words for being too worried.

He just thought she was deliberately against Nikita.

Even if he didn't point out, he did think of her in that way.

At this moment, he was ashamed of his dark mind.

Yvonne has always been simple and kind for living in the Swift family for ten years.

He shouldn't think of her like that.

"Brother, don't you like me?" Yvonne suddenly threw herself into his arms, sobbing and crying.

"How come?" Nathan felt even more guilty when seeing the scene. He patted her shoulder gently.
"Alright,

Yvonne, don't cry. I shouldn't talk to you in that tone. I apologize, alright?"

Chapter 547 We'd do this favor.

"Brother Nathan, you used to caress my hair when you saw me crying." Yvonne cried with hoarse voice.
"But you didn't. You don't like me anymore."

Hearing her say such childish words, Nikita smiled and caressed her hair: "Still sad now?"

Yvonne suddenly smiled, rubbing gently on his chest: "Brother, you still like me, right?"

"Of course." Nikita said softly, "Yvonne, you are my sister, how can I not like you?"

"But I'm so afraid..." Yvonne bit her lip tearfully, looking delicate.

"Afraid of what?" Nikita looked down at her.

Yvonne looked at him, flushed with tears, and then looked at Patrick standing by. She said pitifully, "I'm afraid you all like Nikita, not me."

Nathan paused. After a while, he smiled, "How can that be?"

Patrick also caressed her hair. "Yvonne, don't think too much. You have lived with us for more than ten years. We always loved you. How can we not like you?"

"Well, I'm just afraid!" Yvonne wiped away her tears, looking clever and sensible. "I just think I don't seem to be of any use. When something goes wrong at home, Nikita can help. I can't do anything but worry."

"Dad, it's definitely because of me that sister Nikita wants to cut off from the family." Yvonne showed remorse, "In fact, it is me who should leave. It should be her home. I occupied her position, and she must be unhappy."

"You let Nikita sister move back to live. I...I can live in school."

Patrick looked at his daughter's miserable and wronged appearance. He suddenly made up his mind: "It's your home. You shouldn't go anywhere, but here."

"As for Nikita, since she is determined to cut off from us, we'd do her this favor. We could take the fact as

we never had that daughter."

Yvonne frowned: "Dad..."

"Well, there is no need to talk about this matter." Mentioning this matter, Patrick is in a bad mood, frowning, "What else do we do, kneel down and beg her? Since this is what she wants, we'll do it as she wishes."

Yvonne bit her lip, as if she wanted to say something.

But she didn't say anything more.

She shrank in Nathan's arms, and she was extremely dependent, clinging to Nathan..

Nathan looked down. He thought of Nikita.

When Nikita was a child, she also liked to let him hug.

But then, the relationship between them got increasingly worse.

Nikita is his own sister.

But his own sister will soon have nothing to do with him.

When they picked Yvonne back, he felt distress because Yvonne had suffered a lot. He spoiled her.

But when Nikita was taken back, he was not in distress for Nikita.

He even hated her because her character was not so lovable..

She didn't do anything wrong to cut off from the Swift family.

What would she do with a brother like him?

Clearly, he doesn't care about her so much.

But he suddenly felt uncomfortable, with his heart seemed to be stabbed, which was painful.

Chapter 548 It begins with holding hands.

In the car...

After Nikita got on the car, she kept looking out of the window. She didn't drink much of the beverage that

she used to be fond of.

Sheehan sees everything in his eyes.

They thought she didn't care about the Swift family.

It seems that she doesn't care at all.

Sheehan regretted that he was not ruthless enough towards the Swift family.

At that time, he considered the family was still related to Nikita, thus, he didn't let them be in the desperate

situation.

Otherwise, the Swift family will have to declare bankruptcy that day.

Because of his mercy, people of the Swift family now were in the mood to find Nikita troubles.

"What are you thinking? Shall I find a lawyer to accompany you tomorrow?" When Sheehan came back from buying milk tea, he just heard Nikita say she wanted to cut off the relationship.

Although surprised, he supported every decision she made.

If she wants to break from the family, she could do it neat and clean.

The lawyers in the Lambert family are the top around the world. They could help her get it done neatly.

Nikita turned, seemed confused. She shook her head, saying in a tired voice. "No need. I can handle it."

In the N City, there is no more professional and powerful lawyer than Sampson.

Tomorrow, she will bring Sampson.

"Are you sure?"

"Hmm."

"Well, then." Sheehan nodded. "You can tell me if you need anything. We are now in a romantic relationship. You don't have to feel embarrassed to talk to me."

Nikita was silent for a moment.

"Well, I would speak up when I really need your help."

They arrived at the Lambert house.

Fabian came out to meet them. When they got off the car, he greeted respectfully, "Mr. Lambert, Miss Swift." Sheehan got off the car first. He went around to the other side and opened the door.

Nikita just got off the car. Sheehan held her hand..

The palm is big and warm.

With a gentle grip, his palm wrapped hers.

Nikita paused, wanting to take her hand back.

It was held tightly.

Nikita's not weak. She used to beat people down with one blow. Now, she couldn't break free from his palm.

The man is very strong, holding her hand tightly. Feeling her breaking free, he not only did not let go, but intensified his strengths, buckling her hands.

He's strong and overbearing.

Nikita looked down at her hands being buckled, and frowned.

She heard the man chuckling and saying: "The first step of romantic relationship starts with holding hands."

Nikita: "..."

"You are not used to it now. If we hold hands a few more times, you will get used to it."

"Why are your hands so small?"

"Just like you, so small,"

It was the first time for Nikita to be described as a "small one".

She's tall among girls, regarding her height of 5'7.

She's definitely not a small one.

But Sheehan is 6'3. Nikita looked petite, standing next to him.

Fabian was stunned to see the two holding hands.

His expression was as if saying: what's going on?

Are Mr. Lambert and Miss Swift being together?

The last time when Miss Swift came to treat old Mr. Lambert, they were not together.

Young master succeed so soon?

Chapter 549 Affection

He didn't expect Sheehan to be so decisive when it comes to chasing after a girl, regarding the fact that he hadn't been in a relationship before.

In the hall...

Old Mr. Lambert had already been awoken. He heard that his granddaughter-in-law will come tonight. He put on his favorite antique suit as early as half an hour ago, and dressed himself from head to toe very exquisitely.

He sat in the hall, waiting.

"Old Mr. Lambert, the young master and Miss Swift have arrived."

Fabian walked into the hall first.

He quickly walked to old Mr. Lambert and whispered.

Old Mr. Lambert's eyes suddenly lit up, looking up at him excitedly, "Really?"

"Really, I saw it with my own eyes! Young master and Miss Swift, they..." Forbes made a thumb-to-thumb gesture.

"Little Sheehan moves so quick this time?" Old Mr. Lambert was full of surprises.

When Fabian just finished whispering to old Mr. Lambert here, Sheehan led Nikita into the hall.

Old Mr. Lambert stared at their hands, pinching his thigh excitedly. He felt the pain, and believed that he was not dreaming.

He smiled happily.

Like spring blossom.

When Sheehan just walked into the hall with Nikita, old Mr. Lambert stood up, smiling and waving to Nikita: "Niky, you are here. Grandpa has been waiting for a long time."

"Come quickly, I haven't seen you for a long time, let Grandpa take a good look at you."

Nikita: "..."

Sheehan: "..

Fabian: "...

Long time no see?

They were only a few days apart.

Nikita turned looked at Sheehan, and her voice was low: "Your grandfather is too enthusiastic."

Nikita is not used to others being too enthusiastic towards her.

This will make her wonder how to get along

Sheehan chuckled in a low voice, gently pinched her palm. He said in a low and provocative voice: "It is because he likes you. The old man is not so enthusiastic towards everyone."

"You saved his life, which means a lot to him."

There is another thing which Sheehan didn't tell Nikita.

Old Mr. Lambert is so enthusiastic about her, on the one hand, it's because Nikita cured him, on the other

hand, it's Nikita who is his future granddaughter-in-law.

They just started dating.

Sheehan didn't want to scare her.

If he scares her away, he would lose more than what he had gained.

"Niky, come here quickly." Old Mr. Lambert beckoned toward Nikita again, laughing like a child on the New Year pictures.

“Go.” Sheehan let go of his hand reluctantly.

Nikita sipped her lip, and walked over to old Mr. Lambert.

She stopped in front of him.

Old Mr. Lambert smiled at the girl’s exquisite and beautiful facial features. The more he looked at it, the more satisfied he was. He couldn’t wait for his grandson to marry this future granddaughter-in-law

immediately.

This girl...

...is so beautiful.

His has lived for decades, yet he has never seen a girl more beautiful than this one.

Gee, this eye, this nose, this mouth, this palm-sized little face...

It’s as delicate as the dolls placed in the window.

No wonder she took down his grandson who was not close to women when she’s just eighteen.

If he were a few decades younger, ahem...

Old Mr. Lambert looked at Nikita with affection towards a future granddaughter-in-law.

“Niky, you haven’t had a good meal these days? You’re thinner than last time I saw you!”

We can even donate billions of dollars for you!

Chapter 550 We can even donate billions of dollars for you!

Nikita:

Sheehan couldn't listen anymore. He rubbed his eyebrows: "Grandpa, this is your illusion. Don't exaggerate."

Old Mr. Lambert carefully looked Nikita from head to toe and said seriously, "I'm not exaggerating, I really think Niky is thinner. Is study too stressful, so you did not eat and sleep well?"

"Niky is going to take the college entrance examination soon. Senior students are under great pressure. In fact, which school do you want to go to, just tell grandpa. You can go to all the famous universities in the country. Why are you studying so hard?"

"Even it's the top university abroad, I will let you enter. I would donate several million dollars to the institution. We Lambert family have loads of dollars."

Old Mr. Lambert is quite generous.

He said donating a million dollars as if some ordinary people saying donating a hundred dollars.

Oh, no.

Ordinary people felt it's too much to donate a hundred dollars.

But when Old Mr. Lambert said donating hundreds of millions, Nikita couldn't see the slightest reluctance

on his face.

After all, the Lambert family does have plenty of money.

The Lambert family will not be short of money.

Old Mr. Lambert was just bragging about the family.

Nikita was speechless.

She seems to have nothing to do with working hard.

It's true that she works hard to sleep from the morning to the evening.

"Ahem, grandpa, be normal, don't scare Niky." Sheehan felt a headache. "If you continue to talk like this, she will not dare to come to eat next time."

"I felt distressed for Niky!" Old Mr. Lambert glared at Sheehan, "Do you think I'm like you? You don't know how to care for her! Fabian, remind the chef to make warm soup for Niky."

Sheehan: "."

"Niky, are you hungry? Let's have dinner. I've told the chef to make delicious cuisine." Old Mr. Lambert directly ignored Sheehan. Holding Nikita's hand, he led her to the canteen.

As for Sheehan....

He didn't even look at him, as if Sheehan's not his own grandson.

Sheehan looked at the two walking in front of him, smiling.

Old Mr. Lambert is so fond of Nikita, that he won't have to worried about the messy familial relationship when Nikita marries him.

Rosa got off the car with several boxes of valuable supplements.

Fabian looked at the person getting off the car, with his eyes flashed a trace of surprise. He greeted politely. "Good evening, Miss Rosa."

Rosa has been to the Lambert Manor before.

The people in the Lambert Manor are no strangers to her.

"Fabian, I come to see Grandpa." Rosa handed over the gift box in her hand, saying gently. "I don't know whether I disturbed him to rest."

Fabian worked in the Lambert Manor for many years.

And he has been taking close care of old Mr. Lambert.

Therefore, he knows a thing or two about many private things in the family.

For example, the Garrett family and the Lambert family once had plans to marry their grandchildren.

If it weren't for Sheehan's strong opposition, the daughter of the Garrett family would have married into the Lambert family.
