

## **The Girl CB 61**

Chapter 61 Did Nikita do all this?

Tobin and Samuel followed him and left the classroom early.

The math teacher in the last class scolded them for a long time who left arrogantly

A group of ignorant boys.

What the significance of their coming to school is.

Whoever teaches such students is unlucky.

Fortunately, he is not the head teacher of this class, otherwise, he would have had myocardial infarction because of

anger and went to hell!

1

\*Jake a cruel man, and he beats women. Nikita hit his sister this time, and he would revenge him badly.”

“Felton, should we convene more people?”

Three big boys with outstanding appearance walked quickly and went straight to the gate of No. 1 Middle School.

Thinking of Jake’s means of being a man, they think Nikita is dangerous this time.

Fortunately.

Felton, who never meddles in other people's business, will make an exception and intervene this time.

As long as Felton is here, Jake can't be too aggressive.

Not to mention Felton is also a malicious man.

If he offends the Lambert family, it is not enough for the Wilosn family to die a hundred times.

"No." Felton didn't put Jake in his eyes at all, and he pulled his lower lip and disdained, "He is just a small slag."

"I can deal with him alone."

Samuel: "...Bravo!"

They soon got to the gate, and at a distance, they saw a group of people not far from the school gate.

Samuel frowned and had a faint worry in his eyes: "It must be Jake who brought people to make trouble with Nikita."

Tobin looked at the crowd and was worried about that new classmate who was beautiful like a fairy.

They think Yvonne is good, mostly because Yvonne is good looking and mild.

To put it bluntly, Yvonne is very beautiful

The beauty of the new classmates at the fairy level is more likely to arouse their compassion.

They don't want her to get hurt.

"Go over."

Felton squinted and touched a pair of black leather gloves from his wide trouser pocket.

Seeing that he put on his gloves, Samuel and Tobin looked at each other, tightened their fists, and were ready to fight

immediately.

They walked over with low air pressure.

When they get approaching, they only to see that the people around are not the group of punks in vocational high

schools.

But passers-by watching the fun.

When Felton walked over, his face was cold, his narrow phoenix eyes were full of rage, and the low air pressure made

passers by see him like a ghost, and they automatically retreated to one side and gave way.

Felton touched leather gloves, and her finger joints pinched. He slowly sways into the crowd.

Samuel and Tobin also clenched their knuckles.

They are ready to have a big fight.

But when they saw that group of small gangsters who often followed Jake everywhere got hurt on their faces, and their nosebleeds spread on their faces, and they fell to the ground and howled weakly, they are puzzled.

Jake was one of them.

He looked pale and closed his eyes, motionless, and looked as if he had fainted.

“What a fuck.” Samuel was too surprised, “completely annihilated?” “Did Nikita do all this?”

Felton half narrowed his eyes, seemingly calm on the surface, but not in his heart.

There are at least a dozen people lying on the ground.

If Nikita did this alone, her strength... is tough enough to let Felton feel a little horrible. Chapter 62 Did his brother really do it?

Tobin was surprised and spoke after a while.

He turned his head and looked at Felton. I think we all underestimate our new classmates. She is fiercer than you” “Is

she still a normal human being?”

Looking like a weak little girl who needs care and protection, she beat a dozen big boys by herself?

These boys are all tall and strong

Tobin couldn't do it alone.

It's already very fierce to fight more than a dozen people by one person.

She beat them almost to death, which is beyond the scope of normal human beings.

If all these things are done by a woman....

At this moment, both Samuel and Tobin felt that Nikita was tough enough to be a little abnormal.

She is not a normal human!

"Master Felton."

A familiar voice suddenly came from the crowd, and Felton took back his unknown eyes from the coma of Jake, looked

up

and saw Vernon coming towards him.

The teenager also looked at the person in front of him with a little hostile eyes: "Why are you here?"

"The school

called you again?"

Seriously, whenever Vernon appears in No. 1 Middle School.

It's all Felton who got into trouble and needed him to deal with the aftermath..

But this time, it's different.

Shaking his head, Vernon said, "The school didn't call me. I came to deal with other things."

"Dealing with other things? Felton looked at the people lying on the ground. "Besides cleaning up my mess, what else

can you do?"

Vernon: "..."

Young master, since you know yourself so clearly, can you make less trouble for me!

You know I've been cleaning up your mess all day!

"This time it's really not for you. Mr. Lambert asked me to come and deal with other things."

"My brother?" Felton was surprised, "Things for what?" "Don't tell me..."

He glanced at the ground again. "It's about them."

"It is indeed about them." Vernon nodded.

Felton frowned: "What's going on?" "How can my brother get involved with vocational high school students?"

His brother is a social elite, a business tycoon, and a genius-level successful person who is so excellent that everyone

around him will feel inferior.

It is impossible for him to have anything with a group of vocational high school.

“Mr. Lambert accidentally rear ended one of them and was stopped by them.” “Then they have some argument. “Vernon said

calmly.

“My brother beat them?”

“It seems to be.” The Vernon’s answer is somewhat vague.

Felton was shocked to the extreme.

He thinks it’s incredible.

His brother did it?

Fighting with a group of vocational high school students?

So it’s not Nikita, but his brother whose moods are invisible, cold and self-sustaining, and every move will make good

rules and etiquette to the extreme, and emotional control is to the extreme and even Felton can’t guess?

Felton felt that the fight between his brother and a group of gangsters brings him more shock than let him see aliens

landing on the earth.

He was shocked for a long time, and then he thought of another question: "What's my brother doing here at school?"

Vernon said, "I don't know." "Apart from his work, I can't ask about his private affairs."

Felton didn't ask any more.

He didn't see Nikita.

Chapter 63 Because of The Beauty

But now that Jake and his friends have been beaten by his brother, Nikita should be fine.

"Your big brother is so smashing."

"I know your eldest brother is good at reading and managing the company, but is he so good at fighting?" "No wonder

you

said that the person you admire most is your brother. If I have such a powerful brother, and I also admire him!"

"As I said, how can a girl who is small and delicate like Niky fight so fiercely?" Samuel patted his chest and breathed

a sigh of relief. "Fortunately, she is still a normal girl."

"Niky?" Felton turned his head and gave him a bad look.

Samuel touched his nose, and the handsome face of the teenager was shy, and a sweet smile hung on his mouth: "I read the

book 100 Points of Courtship Tips, which said that enhancing the intimacy between each other should start with the

title. I think the title of Niky is very intimate and nice."

Felton: "... You bastard!"

Samuel didn't mind either. He looked up at Felton, took the opportunity to make it clear and said, "You said you're not

interested in Nikita." "I'm serious. I really like Nikita."

"Really like her?" "How long have you known her?" "Is there one day?" Felton sneered, "You just like her beauty."

"Whatever it is." Samuel didn't defend himself, and generously admitted, "This is a society that looks at appearance."

"She looks so good, isn't it normal for me to like her?"

"Anyway, even if you are my brother, we have to compete fairly in pursuing the girls." "I won't draw back." Samuel is

still a little afraid of Felton at ordinary times, but he got up the courage to be bold once in the matter of

"courtship".

Felton saw Samuel really going to chase Nikita, he is a little fidgety.

Saying you like others when you see them look good, and go after them?

Superficial.

Is that like?

This is clearly greedy for her body.

“Suit yourself Felton suppressed the inexplicable irritability and oppressed the depressed mood in his chest, took off

his leather gloves and crumpled them into a ball and stuffed them back into his trouser pocket. He turned around and

said coldly, “I said, I’m not interested.” “You don’t have to tell me these things, it has nothing to do with me.”

\*\*\*

Nikita woke up, and it was already dark outside.

After six hours’ sleep, her spirit is much better, her eyebrow eyes are no longer tired, her black eyes are much

brighter, and the whole person looks much more energetic.

When she arrived downstairs, she saw Xavier talking on the phone.

Nikita just walked behind him and heard Xavier say “see you later”, and then ended the call.

“Going out?” Nikita just woke up, and her voice was hoarse and lazy, not as cold and clear as usual.

Xavier’s back stiffened.

After a few seconds, he turned around and looked Nikita up and down “Have you slept well?”

“Well, yes.” Nikita nodded. “When I find the house, you let someone move my bed there.”

Nikita wants her bed.

If it’s not the bed she used to sleep in, she is basically awake all night.

She came to Xavier’s home just to have a good sleep.

#### Chapter 64 Newcomers with Good Qualifications

Of course, Xavier’s cooking skills can be compared with international chefs, and she can also eat his meal here

Xavier knew her bed stuff and nodded “OK” “Do you want Young too?”

“You can keep Young” “Your house is spacious and has a small garden. It’s more comfortable to live in.

Xavier: “..

Like it is a real thing.

Clearly, it is a virtual projection.

“I’m going out.” “Will you stay at home or out with me?” Xavier didn’t really want to bring Nikita with him.

The little girl’s face is too eye catching, and there are too many lady killers outside. He doesn’t like all the men’s eyes sticking to her.

“Where?”

“A late-night show, talking about something.” “Farley said that he has a newcomer with very good qualifications and

wants to introduce him to me.”

Nikita knows Farley, a famous singer in the entertainment industry.

Now he is working as a tutor for some talent shows.

“Oh.” Nikita nodded, “then I go with you.”

“You go?” Xavier frowned. “You will feel bored on that occasion.” “Besides, there will be some styles that you don’t like, and I am afraid it will affect your mood.”

Nikita didn’t speak, just a pair of misty eyes looking at Xavier.

“Fine, I will take you there.” “Who let you be my little ancestor?” Xavier can’t stand her eyes. She doesn’t speak,

looking at him in a misty way, soft and cute.

Now she is very different in peacetime.

Much like Young, that silly cat.

At this time, no matter what she asked, even if she let Xavier immediately went out and ran naked along the villa, he

couldn't refuse.

Besides, Nikita is also one of the behind-the-scenes bosses of the company, even the shareholder with the largest share.

The company selected new employee, and she wanted to see them, and he couldn't seem to find a reason to refuse.

FANTASY WONDERLAND is the highest entertainment club in N City.

The place was frequented by the rich second generation in the rich circle.

Many women who want to catch the attention of the rich guy dressed up beautifully every night, and come to the here

to

wait.

The drama of accidentally bumping into someone, mistaking someone for someone, or being stolen by someone, borrowing a

phone to make a call often happened here.

As the first person in the entertainment industry, Xavier has long been a frequent visitor here.

'As soon as his Bugatti sports car stopped, a waiter stepped forward, bowed respectfully at 90 degrees, and then said

respectfully, "Good evening, Mr. Blake."

Xavier threw the car keys to him: "Has Farley arrived yet?"

"Yes."

The waiter took the car keys and saw Xavier get off the car first, then he went around to the other side and opened the

door of the co-pilot.

Only then did he notice that there was still a person sitting in the co-pilot position.

A woman, wearing a black cap, and her long hair is shoulder-length. He doesn't know her look because she buried her

head.

But the skin is extremely white.

The light inside the is not as good as that outside, but at first glance, the skin on her exposed wrist and neck is

porcelain white, which is very eye-catching.

The waiter secretly surprised Xavier's attitude.

Don't know who she is, Xavier should go around to open the door for her.

Xavier opened the door, and Nikita lazily yawned.

After getting off the bus, Xavier noticed many amazing eyes gathered around him, he tightened his eyebrows, blocked

Nikita with his tall and slender body, and swept around with fierce and cruel eyes, like an old hen protecting her cubs.

Chapter 65 Meet Again

But there are still many people who have seen Nikita's appearance.

Including the waiter who stands here.

But all men' eyes are straight.

The waiter saw Xavier coming with a cold face, and he lowered his head and did not dare to see Nikita again.

But at that glimpse, he can't forget her look.

A place like FANTASY WONDERLAND is the famous beauty concentration camp in N City

What kind of beauty have they never seen?

But this one beside Xavier. She is super beautiful.

No wonder she can get special treat from Xavier.

Such a stunning beauty, which man doesn't want to hold her in the palm and spoil her?

Walking to the gate, Xavier suddenly pulled out a mask from his bag and handed it to Nikita Niky, put on the mask."

"Why wear a mask?" Nikita raised her delicate porcelain white face and raised her eyebrows. Her eyes returned to the

ruffian spirit, and her eyes were somewhat uninhibited and manic.

"It's smoky inside and smells bad." Xavier found a good excuse. I'm afraid you will feel uncomfortable when you smell

it."

"Oh." Nikita accepted this reason, and she stretched out her hand to pick it up.

Xavier gave her a cartoon mask with Winnie printed on it.

Nikita is a girl who was ruffian and cold, and was brought to the lovely painting style by his Winnie mask.

Watching her put on her mask, Xavier's calm face recovered a little.

Although she only covers the nose and mouth, it is not as eye-catching as before.

She won't attract those wretched eyes with bad intentions.

Outside the FANTASY WONDERLAND, a silver-gray Lamborghini pulled over and stopped slowly.

“Who is Mr. Lambert looking at?” In the co-pilot position, a young man with a handsome and luxurious face and some

evil

spirits looked along Sheehan’s eyes. After he didn’t see any thing, he h\*oked his lips and drew his eyes back.

In fact, he has seen something.

There is a woman with pale skin over there.

Wearing a hat, a mask, and loose hair, he can’t see her face at all.

Coming to a place like FANTASY WONDERLAND, she even got wrapped up.

Under the plaid shirt is a pair of light blue jeans with a pair of small white shoes.

Dressed like a schoolgirl.

She is pure in dressing.

But Harrell is disgusted with this kind of woman who deliberately pretends to be pure.

Come to play at night, but dress as a student sister. Isn’t this intentional to attract their attention?

He has met many this kind of b\*tch.

Arguably, Harrell didn't want to look at such woman,

But because of Sheehan, he endured resentment and looked at her again. Unfortunately, she was wrapped tightly. He didn't

see anything.

"An acquaintance." Seeing Nikita into the FANTASY WONDERLAND, Sheehan draws back his eyes.

"Acquaintances?" Harrell was stunned. "Man or woman?"

Harrell also saw an acquaintance.

But Sheehan and Xavier should not know each other.

Both of them are someone in their respective circles, but Sheehan has never paid much attention to the entertainment

industry, and he may not know Xavier, let alone become acquaintances.

"A little friend."

A teenage girl, still at school, came to a place like FANTASY WONDERLAND.

And follow a man who looks a little demon.

Sheehan frowned. Before the waiter came, he opened the door and got off the car.

“Little friend?” “What friend?” Harrell saw that Sheehan got out of the car and tore open his seat belt to follow.

Chapter 66 Students are not allowed to enter.

When Sheehan got off the bus, he was immediately noticed by several women wandering at the door of the bar

The man’s temperament is expensive, his face is handsome and good looking in first-class, and his cloth is also quite tasteful

At first glance, you can know he has an extraordinary status.

Besides, he just got off a Lamborghini sports car.

Although the whole body’s breath is cool, and he looks cold, not easy to approach.

But there are still a few women who want to try

When they were about to come forward, Harrell gave them a warning stare.

They knew Harrell.

He is a famous dude in N City, and his family is rich. He is the only son in his family and the only heir of Samuel family.

His identity is very noble.

Harrell has a bad temper, also don't know what is pity. His women are quite afraid of him, privately said that he is a little abnormal.

Even if women want to hook rich boy, they dare not to seduce Harrell.

After being warned by Harrell's eyes, no one dared to come forward again.

Sheehan walked into the FANTASY WONDERLAND, and the hall was full of people. A group of young men and women writhed

selflessly on the dance floor. The smell of wine and smoke was mixed with some human body breath, which led to some bad

smell in the air.

Sheehan frowned, and his cold eyes searched around again, but he didn't see Nikita.

There is no one in the hall.

Maybe she is in the box.

"Mr. Lambert, are you looking for someone?" "Looking for the acquaintance you mentioned?" Harrell came over, side by side with him, and swept his eyes on the crowded dance floor curiously

Sheehan is cold but arrogant.

Who is rarely really in his eye.

Even these friends who have known him for more than ten years dare not say that they are his acquaintances.

A moment later, Sheehan turned his head, lazily, with half-lowered eyebrows, but his voice was heavy and cold: "I remember

you seem to be one of the shareholders of this store."

"Yes." "What?" Harrell wondered.

He also thought that Sheehan had any idea of wanting to invest. His eyes lit up, and he introduced it with great

interest: "Mr. Lambert, the FANTASY WONDERLAND has been open for seven or eight years, and the annual revenue is very

good..."

"I'm not interested in these." Sheehan looked up and interrupted him in a heavy voice. "But I suggest you put up a sign

at the door."

"A sign?" Harrell froze. "What sign?"

Sheehan: "Students are not allowed in."

Harrell: "..."

What?!

“Mr. Blake, please.” The waiter took Xavier and Nikita to a private room, pushed open the door, and respectfully

retreated to one side.

Nikita’s hands were in pockets, eyebrow eyes drooping, cap brim pressed very low. She followed Xavier slowly into the

private room.

She is 168 and Xavier is 185.

The man goes ahead and she goes behind.

But she is the one who can make people notice at first sight.

Because the aura is too strong, even the entertainment industry bosses like Xavier are her younger brother.

And she is the big sister who takes her younger brother out to talk about business.

“Xavier, hi, the wine is here.” There are two people sitting in the box.

Farley and Xavier have known each other for many years, and they are old friends. He is very casual in front of Xavier.

A person sits beside Farley.

He is the newcomer Farley is going to introduce to Xavier.

The newcomer, like Nikita, was wearing a black cap and a trendy suit. When he saw Xavier walk into the box, he stood up politely: "Hello, Mr. Blake."

Chapter 67 Introducing Nathan to Xavier.

Xavier is the most awesome broker in the entertainment industry, with countless popular stars. Arthur Media, which he

operates, is the largest and most profitable artist brokerage company in the circle.

He is not only a broker, but also a proper capitalist.

But any artist who can make him fancy and sign in to his company is not popular.

When the newcomer greeted him, he also secretly looked at this entertainment industry magnate with legendary life

experience.

When his eyes fell on the face of Xavier's excessively handsome face, his eyes flashed a trace of surprise.

It is said that Xavier, an agent, is more handsome than many male stars in his company.

It seems to be true.

If he takes the star route, he can be popular easily.

Nikita was originally with her head down. When she heard the newcomer talking, she stretched out her hand and raised the

brim of the cap, and slowly raised her head.

In a few seconds.

The girl's lips evoked a meaningful smile, and a trace of interesting smile surfaced in her black and cold eyes.

Hmm.

Interesting.

Xavier's narrow phoenix eyes half narrowed, quietly looking at the new man brought by Farley.

Then, he hooked his lips and turned to look at Farley: "Is this the person you brought?" "Don't you introduce him?"

Farley has a good taste.

This newcomer's external condition is really OK.

Good-looking, good temperament, from the appearance, he is suitable for the entertainment industry.

"Nathan, the most popular player in Idol Training Camp, is also the most powerful player in my opinion."

"He is also a

top student of N City University. He entered this university with the first college entrance examination score in the

province. The young man is really quite excellent."

"I know you are demanding, and I only recommend you the best one." Farley is the tutor of Nathan in Idol Training Camp. Usually, students sign up for brokerage companies after attending the finals.

However, Farley felt that Nathan's conditions were particularly good, so the first round of competition was over, and he

introduced him to Xavier.

He felt that the young man was so well qualified that he was destined to become a big hit.

If he can sign in to Xavier, it will undoubtedly be the best for his future development.

"Nathan?" Xavier's smile fixed, the original eyes brought a bit of appreciation, but after listening to Farley's

introduction, his eyes suddenly turned cold, and his face expression sank.

Farley recognized his tone is not right. He looked up, and saw the expression on his face is not right, "What?" "What's

wrong?"

Xavier didn't speak, but squinted, looked at Nathan a few times, and then evoked his lips and said lazily. "Nothing."

"Then sit down and talk slowly Farley also didn't ask again, but turned his eyes to Xavier behind him, curiously, "By

the way, why you bring someone, who is she?"

When Farley spoke, Nathan also looked up to her.

There is a little girl standing behind Xavier, who has been silent.

She should be young, and her hair is soft and bright, like satin

Wearing a mask, she showed her eyes and forehead, and Nathan felt somewhat familiar when he looked at her eyes.

It's like he has seen them somewhere.

But he couldn't remember where.

There are many female artists under Xavier, and it is said that he is very dissolute. Nathan felt that it was not

surprising that he brought a woman.

Compared with the woman brought by Xavier....

Nathan is more concerned about Xavier's attitude that suddenly changed.

Chapter 68 I don't think much of him.

He can feel that after Farley introduced him, Xavier's attitude suddenly became cold.

"My ancestor."

Xavier didn't say the name of Nikita, but a phrase "my ancestor surprised Farley

Farley and Xavier have known each other for a long time, and he knows Xavier better than others.

It is said that Xavier is dissolute, and there are countless women around him. It is even said that every female artist

in his company has slept with him.

But Farley clearly knew that these are bullshit.

There are no women around Xavier.

All the female artists in his company want to sleep with him, but none of them succeed.

“Then I don’t know how to call this lady?”

Nikita is playing with a mobile phone. She raised her head and looked at Farley, didn’t speak, and buried her head to

continue playing with the phone.

Those eyes are black and cold, beautiful and amazing, with supercilious arrogance and indifference.

Farley was stunned.

“Why do you ask so many questions?” Xavier frowned impatiently.

The surprise in Farley’s eyes is deeper.

It can be seen that Xavier really values this girl.

Farley's curiosity about Nikita increased, but the girl wore a mask and didn't say a word.

Xavier is also unwilling to say more.

Thinking of his purpose tonight, Farley temporarily put away his curiosity and mentioned Nathan again:  
"Xavier, Nathan

is a very good man. I think it is a waste for him to sign to anyone. Only you are the most appropriate."

"Isn't your company digging for new people recently?" "I think Nikita is very suitable." "What do you think?"

Nathan also looked at Xavier.

Although he looks calm and cool on the surface, but a hand hanging on the side is pinched.

Since he wants to enter the entertainment industry, if he can follow Xavier, it is naturally the best choice.

Xavier holds the best resources in his hand.

He is also a professional first-class in boosting people.

Xavier smiles with evil, looking at Nathan with contempt: "I don't think much of him."

Farley froze, stunned and surprised.

Nathan's face suddenly changed.

Before Xavier finished speaking, he let out a cold hum from his nose and continued to poison his tongue:  
“I really

thought you had brought me some good prospect.” “If I had known this, I would not have wasted my time coming here.” “Xavier, you...” Farley frowned.

Nathan’s conditions are obviously very good.

Give him a good resource, and he can be popular immediately.

Xavier is a professional broker, so he knows it.

Nathan’s face changed obviously

He never thought Xavier would refuse him.

He refused so directly, and refused in person.

It was like a slap in his face.

“Mr. Blake, I want to know what kind of good seedlings are in your eyes?” Nathan clenched his fist, took a deep breath

to hold back his anger, and tried his best to keep his demeanor.

But he is clearly unconvinced.

Xavier also saw his dissatisfaction and sneered out: “Anyway, it’s not like you. Entertainment is not somewhere that

newcomers with ordinary qualifications can enter.”

Nathan’s face was stiff.

He felt that Xavier was hostile to him.

Nathan is also a very proud person.

He was spoiled as the big son in his family, and has never been frustrated.

Xavier repeatedly stepped on his self-esteem on the soles of his feet, and Nathan couldn’t stand this.

Chapter 69 Do a cosmetic surgery to refine your facial features.

He cooled his face and no longer maintained his polite appearance: “Since Mr. Blake thinks that my qualifications are

ordinary, and I can’t enter in entertain, I will no longer waste your time.”

Saying that, he turned his head, bowed slightly to Farley: “Sorry, I don’t get it.”

“This... Farley completely didn’t expect to be such a result.

Although Xavier doesn’t have good temper.

It’s not like his style.

Even if he is dissatisfied with people, he won’t speak so badly to his face.

"I still have something, sorry to have to go first." "No matter what the result is, thank you for giving me this

opportunity." Nathan maintained the last grace, and turned and walked outward.

"It's not that you can't sign him." The girl who has been burying her head to play the game suddenly made a sound,

looked at Nathan who had already walked to the door, and she said slowly, "Xavier, I think you can sign him."

Xavier froze.

Farley froze.

Nikita was surprised to turn around, and he looked at Nikita straightly.

This voice and the eyes....

Nathan thought of a person.

But soon, he felt impossible.

How can a girl who grew up in a poor ravine have the opportunity to know someone like Xavier?

Nikita locked the screen of her mobile phone, turned her head, and raised her eyebrows to Xavier, who was staring at

her: "Although the qualification is a little ordinary, it can be improved." "He should go to the plastic surgery

hospital to do a cosmetic surgery and refine the facial features.”

Xavier: “...”

He knew this little girl wouldn't be so kind!

How can she have any feelings for such a cheap brother as Nathan!

“Nathan...” Nikita looked at Nathan, whose look was hard to tell, and her tone was serious. “Would you like to go to the

plastic surgery hospital?” “The company can pay you this money.”

“You...” Nikita's face turned green. After a few seconds, he laughed angrily. “The people around Mr. Blake are as good

as you.” “I am an eye-opener today and have gained insight.”

Nathan angrily slammed the door and left.

Nikita looked indifferent and took back her eyes, unlocked her mobile phone, entered the game that had just been played

half, and continued to kill in the game: “His temper is not very good, you really can't sign him.”

Until now, Farley knows why Nathan was refused.

It turns out that he has offended someone he shouldn't offend.

He looked at the girl who was buried in the game, and then looked at Xavier. His eyes were thoughtful.

Farley and Nathan left.

Xavier's face is still calm: "Niky, what happened to your brother?"

"He didn't want to take over the company?" "How can he think about entering in entertainment?"

Swift's family business is not big.

But not small either

In the eyes of ordinary people, the Swift family can be regarded as a rich and powerful family.

As a wealthy young master, Nathan is the heir of his family, and his parents will definitely give their business to him

in the future.

Rich family always look down on the entertainment industry.

How did Mr. and Mrs. Swift allow their son to enter the entertainment industry?

"There is no money in Swift family." Nikita played the game without raising her head and said faintly, "it looks fine on

the surface, but there are a lot of internal problems." Swift family now needs a capital turnover. The bank's loans have

not come down, and they dare not borrow money from others for fear that the matter will spread, and the share price will fall sharply.”

Chapter 70 The Large Font Reminder “SOS”

“At present, entering the entertainment industry as a star and mixing into the front line as soon as possible is the

fastest way to get money”

“I see.” Xavier’s phoenix eyes half narrowed and sneered, “A group of idiots. Don’t hug the gold well, but they hold a

small turtledove as a treasure” “Don’t worry about what the Swift family has become, anyway, it’s their thing”

The idiots in Swift family are doomed to be destroyed by themselves.

Even if they pretend to be nice to Nikita, show a little personal love, Nikita might help them.

Heaven’s iniquity is still forgivable!

Human being’s iniquity is not forgivable!

Nikita lifted her eyelids and was about to speak. Suddenly, the game interface on the mobile phone screen turned into

an

oversized font reminder flashing red “SOS”.

“Boss, we just monitored that there are suspected dark alliance members less than 100 meters away from you.” “There

are

five people, carrying guns, and the risk factor is five degrees!”

“Suspicious persons are approaching quickly, and the distance is 90 meters...”

“Eighty meters...”

“Seventy meters...”

“Boss be careful, the suspicious person is getting closer and closer to you, and now is directly behind you.” “Give me a

reply!”

Nikita looked at the flashing red font reminder on the screen of the mobile phone, and there was a trace of cool color

in her eyes. Her fingers clicked on the screen, and after replying, she put away the mobile phone.

“Xavier.”

She sipped her lips and raised her head. Her tone was the same as usual, and she didn’t show anything unusual: “I want

to drink yogurt, you go and buy it for me.”

“You want yogurt?” “Now?”

“Yes, now.” “I suddenly want to drink it.”

“OK, wait for me.” “There should be no yogurt in this store. I will go out and buy it for you.” Xavier didn’t doubt

Nikita’s words, thinking she really suddenly wanted to drink.

Such things often happen.

Nikita used to suddenly want to eat something, or suddenly want to do something, and she would let him do it.

Xavier even drove back and forth for more than two hours in the middle of the night to buy her milk tea.

It’s nothing to go out and buy yogurt at the moment.

“Anything else besides yogurt?”

“Whatever.” “You know what I like to eat anyway.”

Soon, Xavier walked out of the box and went to buy yogurt for Nikita

After he left...

Nikita looked at the red reminder font that reappeared on the mobile phone, and the lip angle hooked up. The black eyes

seemed to be covered with a layer of frost, and there was a murderous look at the end of the eyes.

She tore off her cap and threw it on the sofa.

Tie up the hair.

There is a cross pendant on the silver chain around the neck. Nikita took off the pendant, held it in the palm of her

hand, and quickly walked out of the box.

Sheehan came out of the box to breathe some fresh air.

The man's elbow is lazily against the wall behind him, his black silk shirt is rolled up, and his arm lines are

beautiful and clear.

His jointed fingers pinched his mobile phone and clicked the chat interface with the word "Niky". An edited message

stayed in the chat interface for almost five minutes, but it hasn't been sent out yet.

"I'm also in FANTASY WONDERLAND. Have a supper together?"

He lit the screen with his finger, and was just about to send it out when he caught a familiar figure out of the corner

of his eye.

Sheehan stopped and raised his head.

The girl's skin was dazzling, she wore a ponytail, and she walked very fast. The corners of her plaid shirt were rolled

up by the wind on her feet.

Her eyes hung down, her cartoon mask was still on her face, and she walked into the elevator like wind.
