

The Girl CB 671

Chapter 671 Have I met him before?

Sheehan's silver-gray Rolls-Royce was parked next to the fountain pool of the villa.

The sun was blazing outside But it is very cool inside the car

After getting in the car, Nikita saw a cup of bubble tea in the place where the water cup was placed next to the car seat.

She picked up a smile in a good mood and took out the bubble tea.

She took a sip. It was at normal temperature.

When Sheehan closed the door of the car, he saw that she was already drinking the bubble tea. He spoke up in a deep and low voice "Don't get too full of that I'll have lunch soon."

"Then why did you buy it for me?"

"When I came over, I saw the bubble tea shop and bought a cup by the way" Sheehan drove out of the villa. "Do you want to get something to eat now?"

Nikita nodded "Hmm"

"What do you want to eat?"

"Hot pot? But it is so hot. Is it not appropriate to eat hot pot?"

"Then it's settled. We'll have hot pot." Sheehan picked up a smile. "Yates happened to recommend a hot pot restaurant to me Let's go and have a try."

Nikita remembered the last time when she had hot pot with Sheehan, he barely ate.

He doesn't seem to like hot pot very much.

"A hot pot restaurant recommended by your friend?"

"Well, Yates is very proficient in eating, drinking and having fun. He knows where to have fun and try some good foods in N City."

"Have I met him before?"

"Yes. When we went shopping that night, we ran into him. The man in a purple shirt."

Nikita immediately remembered.

Yates... This name is no stranger to her.

But that was her first time to meet him.

"By the way. Yates and others asked me to take you to have dinner with them. He had mentioned it several times. Do you want to go?" Sheehan turned his head back and focused on the road. He asked for her opinion: "I haven't promised them yet. If you are willing to go, I'll make an appointment for dinner together. And I will formally introduce you to my friends."

"If you don't want to go, we can talk about it in the future."

When Sheehan asked about this, he had no confidence in his heart.

He felt that Nikita might not be willing to meet his friends.

He is serious about this relationship with her. So he wants to introduce her to everyone around him.

But she's not.

And they haven't been dating for a long time.

Their relationship hasn't been settled yet.

If she doesn't want to go, he won't force her.

"Okay." The girl took a few sips of her bubble tea and promised decisively. "You guys can settle a date."

There is a red light ahead.

Sheehan stopped the car and turned to look at her. The man's handsome face looked a little surprised
"Really?"

Sheehan was really surprised.

He didn't expect Nikita to agree so simply

He thought she would refuse him.

An unspeakable joy welled up in his heart.

Does this mean that she is not completely indifferent to their relationship?

"Hmm." Nikita nodded.

“Okay.” The man picked up a charming smile. “I’ll let Yates know later.”

The hot pot restaurant recommended by Yates was really good.

After lunch.

Sheehan turned to look at the girl beside him: “Do you want to go back to school?”

Nikita shook her head. After thinking about it, she spoke up: “I want to go to the hospital to check on my friend.”

After operating on Malcolm, she hasn’t gone to visit him yet.

It seems a little inappropriate.

Half an hour later, at the hospital gate.

Nikita unbuckled her seat belt, took her black backpack and waved to the man beside her: “Goodbye.” She opened the door.

But her wrist was held by the man.

Chapter 673 You can be the boss.

It’s a pity that she won’t stay in the music industry.

It will be a great loss to the music industry.

Therefore, even if he has already been rejected, Malcolm is still unwilling to give up and wants to fight for it again.

He is old and ill And many things are beyond his power.

He wants to find the most suitable and capable successor before retiring.

And Nikita is the most recognized and suitable successor in his heart.

“I have already given you my answer to this question. I am not interested in joining any sect or organization.” Nikita’s answer was still simple and decisive just like the one she gave years ago. She directly turned him down again without hesitation. Even though he had expected such an answer, Malcolm’s pale face still showed a disappointed look.

He went silent for a moment. But he still didn’t give up. He spoke up again and persuaded her. “I know you are used to being free. And you don’t like to be controlled. Well, how about this? If you become my disciple, you can do what you like to do at ordinary times. No one will set any rules for you.”

“Your life will remain the same. You only need to attend one or two activities on my behalf occasionally. And it won’t occupy much of your time.”

Homer, who stood aside, showed a surprised expression on his face.

He raised his head and took a deep look at Nikita.

Malcolm is not trying to ask her to be his disciple.

He clearly wants Nikita to be his successor and wants to pass down all his theories to Nikita.

Several disciples of Malcolm are quite famous talents in the music industry.

Even Malcolm’s son is also a disciple of him.

He originally thought that Malcolm’s successor must be his son.

However, Malcolm actually wants to pass down all his theories to Nikita, doesn't he?

How much does he appreciate Nikita? Compared to her, even his own son is not his first choice.

And in order to make Nikita promise him, he was almost telling Nikita that she just needs to have a title as his disciple.

Malcolm is usually very strict with himself and others. When did he become so lenient and tolerate?

"You won't be my real disciple. You can be the boss." Malcolm acted like a trafficker who tried to abduct a child and

continued to coax her. "You are the boss, and you can do whatever you want. You are the one who makes the rule. And you can also get some money. I know you are not short of money. But no one dislikes having more money."

Homer: "..."

Malcolm really played all the cards he had.

He wondered what his disciples would think if they knew he actually begged someone to be his successor.

Nikita looked at the old man who was quite persistent on this matter and couldn't help frowning.

She thought that after so many years, Malcolm should have given up on her long ago.

Unexpectedly, he hasn't given up yet.

“Malcolm, you are making it very difficult for Niky. The half-closed door of the ward was pushed open. And an old lady with plain clothes and demure temperament came in. She was about the same age as Malcolm. And people felt comfortable when looking at her.

When Homer saw the old lady, he immediately went forward and greeted her respectfully: “Teacher.”

Nikita was stunned for a second. Then she also got up and greeted her politely: “Auntie Lewis.”

“I haven’t seen you for many years. And Niky has grown into such a beautiful girl.” Lauren came forward, held Nikita’s hand

intimately and carefully looked at her from head to toe. She sighed with emotions: “What have you been eating? How could you grow into such a beautiful girl?”

*Just grains, of course. I had the same food as Auntie Lewis.” Nikita smiled.

Lauren took her hand and sighed with emotions for a while.

And she actually ignored her husband aside, the patient.

Chapter 674 I’m begging you. Please!

Lauren is Malcolm’s wife.

Before Nikita and Malcolm went into a deadlock, she often went to Malcolm’s home to have free dinner. Lauren is a good cook. Every time when Nikita came to visit, she would make a big table of dishes for Nikita, which were all her favorite. She was also very concerned about Nikita at ordinary times and took good care of her.

Besides Granny Callie, Lauren is also an elder Nikita respects very much.

After coming out of the ward.

Lauren walked Nikita out.

“Niky, I know that you don’t want to be Malcolm’s disciple. I tried to talk to him many times those years and asked him not to push you so hard. But he told me that you are a rare genius in a hundred years. And he doesn’t want to miss you.

A few years ago, before he met you, he had begun to look for a successor for physical reasons. Later, he met you. He was sure that you were the best successor arranged by God. He wanted you to be his disciple and trained you as his successor. But he didn’t expect you to be not interested in everything he arranged for you at all.

I really didn’t expect that he still hadn’t given up yet after those things in those days.” Lauren took Nikita’s hand and looked at the slim and elegant girl in front of her. After hesitating for a few seconds, she continued: “If his successor can’t be settled down, he probably can’t retire with confidence.”

“But with his health condition now... Speaking of this, Lauren sighed.

“Auntie Lewis, if you have anything to say to me, just say it.” Nikita is very patient in front of Lauren. She can be in a good temper with a clever and lovely appearance.

Lauren beat around the bush for so long to prepare for what she was going to say next.

How could Nikita not know what she wanted to say?

If it were someone else, Nikita would have been too impatient to listen to her chattering.

But Lauren is different.

She always remembers who is really nice to her.

“You saw right through me, didn’t you?” Lauren looked a little embarrassed and sipped her lips: “Niky. I hope Malcolm can retire early. You also know his physical condition. Fortunately, you are here this time. Otherwise, I dare not think about what the consequences would have been.”

“If he doesn’t retire, he will always have a lot of things to worry about.”

“But he needs a good rest now.”

“He has long been looking forward to passing down all his theories to you. He despises anyone else except you. So, for the sake of me, can you agree to this? As he said, you can still do what you like. And no one will put constraint on you.”

“You can just receive the title and let him retire with peace of mind, OK?”

“Auntie Lewis...” Nikita frowned.

Lauren held Nikita’s hand tighter with water mist welling up in her eyes. “Niky, Auntie Lewis never asked anything from you. Just for this one! I’m begging you. Please! Malcolm’s physical condition can’t afford more burden.”

Seeing Lauren’s red eyes, Nikita hesitated.

She felt too ruthless to refuse Lauren.

‘Auntie Lewis, let me think about it.’ In the end, Nikita’s heart melted. She promised to give it a second thought.

After Patrick finished his work in the company, he drove to the hospital to take care of Margot.

As he parked the car and got off, he saw a familiar figure standing on the steps of the hospital gate.

The girl is slender and tall, wearing the school uniform of the First Senior High School of N City.

Because she is too slender, the smallest school uniform looked baggy on her. Her clothes were unzipped. And her backpack was on her shoulder slantwise.

It's Nikita!

Patrick's face couldn't help but darken down.

Thinking the prescription Nikita gave Margot before, his face looked more gloomy.

Chapter 675 Be Smacked in the Face

At that time, after the doctor told them that there was something wrong with the prescription, he was really furious.

But later, after calming down, he thought he might have wronged Nikita.

So he took the prescription and went to several famous hospitals to find the best experts.

But what those experts said about the prescription was the same.

That prescription is a poisonous.

If the patient mixes the medicines above it together and took them, the mild affect will be suffering diarrhea and vomiting. And the worst consequence can be losing his life.

Nikita really wanted to harm Margot

As he and Margot's own daughter, she is actually so vicious.

After all, she had stayed in that badlands for too long and was raised badly.

Fortunately, Nikita has cut off her relations with them now.

Beside Nikita, there stood an old lady with gray hair and simple clothes, who was talking with her.

Patrick glanced at the old lady at will and felt she actually looked a little familiar to him. But he didn't think too much before taking back his eyes.

There was another man getting off the car.

It was Patrick's assistant.

After his assistant got off the car, he went to the trunk and carried out a pile of expensive supplements.

Patrick took a look at the assistant behind him and stepped forward: "Let's go."

As he just walked a few steps, he suddenly saw the dean of the hospital come out.

The dean strode in his direction with a flattering smile on his face.

Patrick couldn't help going in a daze.

Why would the dean come out to meet him in person?

Although the Swift family is a little powerful.

Its status is not high enough to let the dean come out to greet him in person.

Besides, when Margot was diagnosed with cancer earlier, he wanted to ask the dean to treat Margot in person. But at that time, the Swift family didn't have that kind of connection to ask the dean for help at all.

Yesterday, it was his mother-in-law who pulled some strings to make the dean promise to check on Margot.

Could this be because of his mother-in-law?

Patrick watched the dean coming with doubts in his eyes. He was also somehow flattered.

He immediately strode forward. And when there was still a small distance between him and the dean, he had held out his hand and greeted him with a smile: "Director Frank..."

Before he couldn't finish his words, he somehow saw Director Frank unexpectedly stop in front of Nikita and the old lady.

Patrick. "..."

He withdrew his hand in embarrassment.

It turned out that Director Frank didn't come out to greet him.

Patrick was embarrassed for a while. Then he looked over in doubt. He saw Director Frank greet the old lady and Nikita with

a respectful attitude and even stretch out a hand toward Nikita.

Nikita reached out and shook hands with Director Frank with an indifferent look.

He couldn't hear what they were talking about.

1/2

Director Frank's attitude from beginning to end remained quite respectful. And he kept nodding and bending over at them.

He seemed to be in a humble gesture.

After a while, Nikita left first.

Seeing the girl coming towards him, Patrick somehow felt inexplicably guilty like a thief. And he subconsciously fled away and hid himself behind a big tree.

Seeing him like this, the assistant beside him was stunned,

Who is Boss Swift hiding from?

Patrick hid behind the big tree. And he didn't come out until he saw Nikita get on a black Bentley and watched the Bentley drive away.

At the hospital gate.

The old lady who was dressed in plain clothes disappeared.

Director Frank stood at the door for a while. And then he turned around and walked towards the hospital.

"Director Frank, excuse me!" Patrick thought of the scene he saw just now and couldn't help feeling shocked. He strode towards Director Frank in consternation.

Hearing someone call him, Director Frank turned around and took a look.

Patrick quickly walked to his front.

“Director Frank.” Patrick politely greeted him.

“It turns out to be Boss Swift.” Director Frank recognized Patrick and smiled politely. “What’s up, Boss Swift?”

Chapter 676 Be Smacked in the Face

Knowing that Patrick is Cathleen’s son-in-law, Director Frank held a polite attitude towards him.

Patrick has been thinking about the scene he just saw. He was really curious and confused. He couldn’t help but ask out directly: “I just saw Director Frank chatting with other people. Is the old lady with extraordinary temperament your mother?” Director Frank took a look at him with doubts in his eyes.

Patrick’s question was inexplicable and somehow impolite.

But it’s not a question he can’t answer.

Thinking of the fact that he is Cathleen’s son-in-law, Director Frank didn’t make him look bad and replied with a smile: “That’s not my mother.”

“Not your mother?” Patrick was stunned.

An old lady who can make Director Frank hold such a respectful attitude must have an extraordinary status.

But he couldn’t recognize who the old lady was.

“No.” Director Frank smiled again and said with a good temper. “That is Ms. Lauren, the wife of Master Malcolm and a famous writer.”

“Boom.” Patrick felt something exploded in his head.

He was completely stunned. After a long time, he finally spoke up with a dull face: “Lauren? Is she that Ms Lauren who is the only one to win the Nolan Literature Award in our country and the current vice president of Peking University?”

Director Frank nodded.

Patrick was blindsided again.

No wonder he felt the old lady looked a little familiar to him.

She turned out to be Lauren!

Over the years, she is the only literary master in A Country who has won the Nolan Literature Award!

The Sensation-Thinkers written by her has sold hundreds of millions of copies worldwide.

She was rated as the most talented writer with the deepest thoughts in A Country. She is the pride of A Country, a national treasure as the literature master and the university tutor for the current president.

Her relationship with the president is very good.

When it comes to Lauren’s status, it is comparable to Malcolm.

Both husband and wife are powerful people. And they are both big shots who have super high status in their respective fields.

No wonder Director Frank’s attitude was so polite and ingratiating!

But... Does Nikita know Lauren?!

Patrick was severely shocked. And his face looked extremely gloomy.

"Then what about the other one..." He murmured, as if he could not even speak.

"That one..." Director Frank's tone became inscrutable. "The identity of that one can't be mentioned. However, she is also a very powerful."

"Boss Swift, I still have other plans. Sorry for being unable to keep you company. You can contact me if something comes up." Seeing that Patrick kept asking weird questions, Director Frank lost his patience to continue chatting with him. After finding an excuse casually, he turned around and left.

Patrick stood in place with a dull face. And the whole person was completely stunned. He couldn't come to his senses even after a long time.

"The identity of that one can't be mentioned. However, she is also a very powerful." Director Frank's words kept echoing in

his ears.

In Director Frank's eyes, Nikita is powerful. And she actually knows Lauren. Then she...

If Nikita knows Lauren, it means she also knows Malcom.

So, on that day when Malcom was hospitalized, they saw Nikita in the hospital... because she came to visit him? Margot said Nikita wanted to destroy the bright future of Yvonne, but it was not the case.

"Boss Swift? Are you all right?" The assistant came over and saw Patrick's face was pale and at a loss. He asked with concern.

Patrick finally came back to his senses. He looked at his assistant and said in a hoarse voice: "I'm all right."

Chapter 677 Everything is so late.

Patrick finally came back to his senses. He looked at his assistant and said in a hoarse voice: "I'm all right."

When Patrick walked into the ward, Margot was calling Yvonne.

"Nathalie has just come back, and there will be a concert in the Golden Music Hall tomorrow night, which will be attended by many famous music masters. I have already helped you get the ticket, and don't forget to go."

"Although Nathalie is slightly inferior to Malcom, she is also the best choice besides him. Perform well in front of her, then you will get another choice. Moreover, she has a good relationship with Malcom. If she appreciates you, she may introduce you to him."

As soon as Patrick entered the ward, he heard Margot talking about Malcom. He paused and felt uncomfortable.

He was thinking.

If their relation with Nikita had not been so irreparable, Nikita would definitely be willing to introduce Yvonne to Malcom.

And Lauren...

Lauren is the vice president of Peking university, she has the real power.

Peking University is the best university in the whole country. Every year, a number of high-quality senior high school students are admitted in advance without examination.

If Nikita is still in the Swift family, she can introduce Yvonne to Malcom and Lauren

Think about it, if Yvonne can be admitted by Peking university without examination... if she can also be the disciple of Malcom... how great it will be.

But now

Everything is so late.

After a while, Margot hung up the phone.

Margot looked up, when she saw Patrick was absent-minded and at a loss, she was worried. So she asked with concern: "Patrick, is there anything wrong with the company again?"

With the help of Cathleen, the Swift Group's share price has stabilized. It's slowly rising.

Although they have lost a lot, at least they don't have to worry about bankruptcy.

"The company is fine." Patrick felt quite comfortable, his voice was hoarse when he was speaking.

"But you..." Margot looked at him suspiciously.

Patrick sipped his lips, looked at Margot's eyes with doubts and worries, he opened his mouth and didn't say anything.

He was hesitating about whether he should tell Margot that Nikita knows Malcom.

After thinking about it, he decided to hide it for the time being.

Margot is ill now. If she knows this, perhaps she won't be in a good mood.

What's more, Nikita has cut off her relations with them.

Even if Nikita knows Malcom, it has nothing to do with them.

"Nothing, I haven't rested well recently, and I am a little tired." Patrick made an excuse to prevaricate, then he went to the bed, picked up Margot's drinking cup from the cabinet. Then he poured out the cold water inside, took a cup of warm boiled water and handed it to her.

Margot saw that he did have a little trance, his face also looked a little haggard, so she didn't doubt his words.

She said with distress in her eyes: "Go home and have a good rest tonight."

Patrick sat down by the bed, held her hand, and said softly, "I'm fine. I'll be with you in the hospital. If I am not by your side, I won't sleep well even I go home."

Margot was moved: "Patrick..."

Patrick lightened his hand and patted gently on the back of her hand: "I will visit the Lambert family with my mother tomorrow. As long as I can find the magic doctor, your illness will definitely be cured."

"Can my illness really be cured?"

"Definitely! That magic doctor can cure Old Mr. Lambert, he can certainly cure you!"

Chapter 678 I have overestimated her.

Although Patrick feels bad because of Nikita's matter, the most urgent thing now is to treat Margot.

Anything else can be put aside for the time being.

For two days in succession, Nikita didn't participate in the following tests.

She got full marks in two subjects before, many people became ashamed and uncomfortable because of this.

Knowing that Nikita didn't take part in the test for two days in succession, these people said a lot of bad words with revenge.

"I heard that when it was time for exams for two days in succession, she asked for leaving, saying that she had something to do."

"Had something to do? Really? Perhaps she was afraid that her grades would be so bad, she found an excuse for herself. Who knows?"

"I have even thought about how powerful she could be. Even if her math and English can get full marks, her grade of other subjects is zero. Her total grade was still quite low. Three hundred marks in total... for the college entrance exam, she could just go to a bad vocational school."

"I have overestimated her."

"Nikita has no other advantages besides her beautiful face. Yvonne is quite powerful. She took the second place in the grade. The adopted daughter can not be compared with the real lady of the Swift family."

After the total test scores come out, the rankings of the grade are hung on the bulletin board under the teaching building.

Everyone can see the rank.

The first place: Lanny.

The second place, Yvonne.

In front of the bulletin board, there was a large group of students from all classes.

Yvonne was also there.

“Yvonne, you are so powerful. Your ranking changes from the third place to the second place compared with the last semester.” Leon ranked the fifth in the grade. After looking at his ranking, he turned to look at the delicate, lovely, quiet and gentle girl beside him, and his eyes showed unabashed love.

Yvonne, a smart, gentle and beautiful girl, can deserve to be the person he likes.

As for Nikita...

Oh, she had no other advantages besides her beautiful face.

Originally, many people thought that she was a hidden smart student, they have overestimated her.

But it turns out that she is definitely a student with poor grades.

Only two subjects got full marks... she got zero in all the other subjects... In his opinion, her grade is quite poor.

The exam will not simply focus on one or two subjects.

They have to focus on the total score!

“Yes, Yvonne, you are so great Yvonne’s desk-mate also looked at her with admiration. “This test is quite difficult, but you have got more than 690 points, which is really amazing.

It’s no problem to be admitted by Peking University with your score.”

The admission score of Peking University is 680 points.

However, if the exam is particularly difficult, if students' scores are not high, the entry score will be lowered.

This test is very difficult.

The score of 690 is equivalent to more than 700 points at ordinary times

Chapter 679 He co-wrote it with Nikita.

Yvonne smiled again, when was about to speak something, she heard the girls beside her cheer: "Wow, Hugh has posted a new song."

Then, several girls cheered again: "Yeah, the song is of the ancient tone. I have just listened to the prelude, it sounds great!" Suddenly...

All the girls' minds were attracted by Hugh's new song.

Only Yvonne, she narrowed her eyes, she looked uninterested.

She used to be a fan of Hugh, but now she is not.

Hugh has lowered his own identity to make friends with Nikita, he doesn't deserve her to be his fan.

She has unfollowed Hugh's account, she has also deleted his contact.

Hugh has been preparing the new song for more than a year.

All his fans have been looking forward to it for more than a year.

Someone took out his mobile phone, opened the speaker, and played Hugh's new song.

A very nice melody sounded.

The prelude is played by traditional Chinese instruments, and it is mixed with the sound of violin. Several kinds of sounds

are intertwined, which does not make people feel abrupt, it is quite harmonious.

The ancient style, together with Hugh's special and clean voice, the first sentence is attractive enough.

The surroundings became quiet

Everyone is listening to the new song of Hugh, all of them are attracted.

Until the whole song is played.

"Fuck, Hugh's new song is so great!" A girl couldn't help swearing.

"Looking at today's music scene, only Hugh is concentrating on making music."

"Ah ah ah, his new song is so pleasant! I love it so much."

Yvonne sipped her lips, she didn't speak, she just frowned slightly.

Hugh's new song is really nice and of high level.

She studies music herself, so she can tell that the arrangement of the whole song is very good.

However, she doesn't know if it is her illusion.

Why does she think that the arrangement of this new song by Hugh is a bit similar to the original song written by "Annoyed Mary Sue" that she has heard a few years ago?

"Fuck! Look at Hugh's new post. He said that this new song was created by him and Nikita!" In the crowd, there was another voice with admiration. "I was thinking that Hugh finally created an original song that could be compared with Memory in August after so many years, it turned out that Nikita had participated in the creating of this song?"

"What? This song was jointly created by Nikita and Hugh?!"

"It's true. I have just read the post. He said that after he finished writing, Nikita revised it for him. Moreover, he also posted the unmodified version, which is quite different from the current version."

The crowd was quiet for a second, then it became noisy again.

"Fuck, Nikita is so powerful?"

"Don't forget... it was the song Memory in August created by her that made Hugh in those days."

"Well, there is a more shocking message. Hugh has just replied to a fan, saying that Nikita revised this song for him only within two minutes."

The crowd was quiet for a few seconds again.

Two minutes?!

"Nikita is coming. Someone saw a person slowly coming not far away and shouted excitedly.

At that time, everyone raised their heads and looked at the slim and tall figure not far away from them.

That girl was walking casually and lazily. She still looked indifferent, under the sunshine, her face was delicate and beautiful to the extreme.

Chapter 680 She can't bear it!

That face is too eye-catching.

Even Leon couldn't help but look a few more times.

Yvonne clenched her fists and saw that everyone's attention was attracted by Nikita, she bit her lips, her face turned gloomy

Nikita... It's her again! Why?

Every time she felt that she became confident again, Nikita would come to attract others' attention!

Again and again.

She can't bear it again!

Nikita walked slowly, it seemed that she was wandering. When she walked to the bulletin board, she looked at the crowd and looked back coldly.

"Nikita!" A girl called her excitedly.

Nikita paused, looked back, she saw a face she had never seen before.

The girl is not from Class F.

She raised her eyebrows slightly, looked at the girl, and said politely: "What's the matter?"

The girl came forward. She looked at Nikita's delicate and perfect facial features without any flaws at close range, and her face suddenly turned red.

The girl said with hesitation, just like a girl who was confessing to a boy she liked. She looked quite shy: "Nikita, Waiting in the Rain... posted by Hugh...you created this song with him?"

Nikita was stunned.

Behind the girl, many people were looking at her excitedly.

Nikita was stunned for a few seconds, then she knew what had happened roughly.

Probably, Hugh said this.

In fact, she just revised the song casually. She doesn't mind it if Hugh doesn't tell others.

But Hugh is quite kind and polite.

"Hmm. What's the matter?" Nikita looked at the girl whose face was flushed with excitement and nodded.

"Ah, Nikita, you are so amazing. The girl looked at her admiringly. "Waiting in the Rain is so pleasant. I am a fan of Hugh. I really envy you... You can write songs for him, and you can also become his friend."

Nikita was silent for a second: "Thank you."

"Well, well..." The girl twisted her fingers and looked embarrassed.

"Hmm?" Nikita raised her eyebrows.

When the girl looked up, she saw an enlarged beautiful face at a close range.

Although she is also a girl, she is also attracted by Nikita's beautiful face.

She was fascinated and dizzy. After a long time, she came to her senses. The girl blushed and whispered, "Nikita, your relationship with Hugh must be great, right? Can you help me get an autographed photo of Hugh?"

That girl was afraid that Nikita would refuse, so she added, "I can give you the money!"

"Give me the money?" Nikita looked at the shy girl and smiled. "How much are you going to give me?"

"I, I can give you all my pocket money!" The girl bit her lip. "The day after tomorrow is my birthday. Can you help me realize my birthday wish?"

Please!" The girl looked at her with eager eyes.

Nikita looked at the girl's eyes. The girl's eyes looked careful, she was afraid of being refused. Nikita nodded and said: "OK"

"You, you agree?" The girl was stunned, then she said excitedly.

"Hmm." Nikita's voice was lazy and casual, but it was quite pleasant. "When do you want to get it?"

"The sooner, the better, of course!"

Nikita didn't say anything. She took out her mobile phone and clicked on WhatsApp in front of the girl.

Then the girl saw that Nikita sent messages to a person named Hugh. The profile photo of that person was a photo of Hugh several years ago.

Nikita is concise: Arrange someone to send some autographed photos here.

After sending. Nikita raised her head and asked the girl, "Which class are you from, what's your name?"
