

The Girl CB 681

Chapter 681 I only have this one, I won't provide another one.

The girl looked stunned: "Are you sending messages to Hugh?"

Nikita said 'Hmm.

The girl suppressed the impulse to scream, and her voice trembled with excitement: "I, I am from Class A, my name is Cecilia."

Nikita nodded, bowed her head and sent a message to Hugh, asking him to send his autographed photo to Cecilia of Class A, Senior Three.

Hugh replied quickly: No problem! I'll ask my assistant to send it right away.

Nikita thought for a while and replied: Write some birthday wishes if you can.

Hugh is quite curious: Your new friend?

Nikita: Your fan, she knows our relationship, so she asks me to help her.

Hugh: By the way, the judges of the piano competition need a personal photo of you, and they want to send it to Facebook.

Nikita looked at the message he sent and gently raised her eyebrows: They want my photo?

Hugh: Don't worry, I have told them that you won't show your face. You can just send a photo without showing your face.

A photo without her face?

Nikita doesn't like taking pictures, she may just take some landscape photos at most. She almost doesn't have photos of her own.

In recent years, the only life photo was taken when she went to the competition with Manley. She took a photo wearing a mask for publicity. She didn't change her phone or delete the photo, so the photo was still in her phone.

Thinking like this, she has a photo.

She clicked on the photo album, found the photo, and sent it to Hugh.

In the photo, the girl is dressed in black, with neat short hair, dyed with outstanding silver gray, wearing a black cap on her head. She puts her hands in her pockets, she is standing casually, she looks quite cool.

With the brim pressed low and a mask, no one can see her face clearly.

But her eyes are very beautiful, which look cool and proud.

Hugh received the photo sent by Nikita, he was stunned for a long time. Then he couldn't help ask: Nikita, you only have this photo?

Nikita: They can't use this one?

Hugh looked at the special girl in the photo, and pulled his lips: Although they can use it... this photo looks quite special... Others think that Aroma is an elegant and mature woman in her forties or fifties... but this photo... it seems that the person is just a teenager.

Nikita is only eighteen years old now.

In the photo taken several years, she is younger.

Even if she is wearing a mask, her aura as a teenager can't be hidden.

If this photo is sent out, a large group of people will be surprised to the extreme.

Nikita: I only have this photo, I won't provide another one.

She said arrogantly.

Hugh didn't dare to say anything else. He said in a hurry: OK, OK! I will send it to them immediately!

Nikita didn't say anything to him again, she put away her phone.

She put her hands in her pockets and wanted to leave. However, she saw the girl named Cecilia was still standing in front of her. Cecilia was biting her lips and looking at Nikita shyly

Nikita narrowed her eyes slightly: "Anything else?"

Cecilia took out her mobile phone and said, "Nikita, tell me your account, I will transfer to you."

"Transfer?"

"The money for the autographed photo... Cecilia opened an application and said sincerely. "I have kept all my pocket account. I can add your account and transfer to you."

Nikita: ...

She said it casually, but this girl took it seriously?

Nikita looked at the sincere girl in front of her, she smiled and said: "This is your birthday gift, you don't have to transfer the money to me"

Chapter 682 She is really talented

Finishing her words, she put the black bag in her hands on her shoulder. Then she turned and walked away casually.

As soon as Nikita left, Cecilia was surrounded by a group of people.

“Nikita really helped you get the autographed photo of Hugh?”

“She is so kind?”

Many people started to be envy

All those girls are fans of Hugh.

Cecilia nodded excitedly and said, “Well, she asked me which class I am in and my name. She said that a staff will come here and give the autographed photo to me.”

Envious voices sounded again.

But there are also jealous people.

The tone is quite unfriendly and strange: “You’d better say this when you get Hugh’s autographed photo. Isn’t it so early for you to be happy now? Perhaps she has just pretended to promise you, she has just played at you.”

Beside Yvonne...

Leon has just read the posts of Hugh. He looked up at the girl who had gone far away from him. After being silent for a while, he said sincerely I didn’t expect Nikita to be really talented in music.”

Although he still doesn't like Nikita.

After all, Nikita's academic performance is too poor.

But he has to admit that Nikita is definitely talented in music.

Waiting in the Rain is very nice and of high level.

It is another super-high-level song after Memory in August made by Hugh.

He just listened to the original version without modifications, which is also nice, the level is also great, but it is quite worse than the modified version.

It can be told that Nikita hasn't made many changes.

But those few changes improved the style and the level of the song.

Yvonne sipped her lips, her face looked gloomy.

Even Leon starts to admire Nikita... and be attracted by her?

"Of course, you are the best one in music." Leon didn't hear Yvonne's response, so he looked back and saw that Yvonne looked gloomy. So he quickly flattered her, "You are professional. Nikita can just write songs. But you can play the piano quite well, which is much better than her."

"No matter how talented she is in writing songs, she can just be a famous songwriter at most. You will become a famous pianist in the future, and your future can't be compared by her."

Yvonne narrowed her eyes, she looked at Nikita gloomily, Nikita had entered the teaching building.

She will definitely give a good performance at the concert tomorrow night.

Nathalie knows Malcom.

As long as she can get Nathalie's admiration first, she will certainly have the chance to meet Malcom.

Although her ultimate goal is the internationally renowned music master, Aroma.

But being admired by Aroma will be more difficult than being admired by Malcom.

Therefore, she will definitely get the admiration of Aroma and Malcom.

"Niky is coming!"

Nikita has asked for two days off. When Samuel saw her, he was quite excited as if they had not met each other for two

years.

Tammy was also there.

Many people asked Nikita about what she had done in the past two days.

"Handle some personal matters." Nikita answered briefly.

"Ah, Niky, Hugh has released a new song." Tammy is also Hugh's fan, she cares about his actions at any time. When Hugh released his new song. Tammy immediately listened to that song for many times.

But she didn't want to stop.

His song was so pleasant.

She wanted to listen to this song for numerous times.

This super nice new song was created by the girl beside her and her idol.

Chapter 683 Two Generation Gaps

Tammy admired Nikita to the extreme, she looked at Nikita with admiration in her bright eyes: "Niky, have you thought of become a singer?"

Nikita looks so beautiful, she can also write songs.

She can make others popular with her songs. If she becomes a singer, she will be popular to the extreme.

She will definitely be the most beautiful and talented female singer in entertainment circle.

Before Nikita could answer, Tammy took her hand and said excitedly: "Niky, if you debut as a singer, I will be your fan and take photos for you! I can also be your assistant!"

Nikita:

"I don't want to." Nikita looked uninterested. "I'm not interested in being a singer."

To be precise, she is not interested in entering the entertainment industry.

Before, Xavier also asked her similar questions.

He has asked her if she wants to enter the entertainment industry.

He will give her the best resources, he can ask the most extraordinary people in the entertainment circle to help her to be popular.

She can do anything at will in the entertainment industry.

Nikita refused. She jointly opened an entertainment company with Xavier because it was easy and quick to make money in the entertainment industry.

She's not interested in the entertainment industry.

But she is quite interested in money.

"Niky, we haven't heard you sing yet." Samuel smiled. "When will we go to KTV together? Sing a song for us, we want to listen to that."

Nikita has a nice voice.

But having a good voice and singing songs well are different.

"At the end of the month." Felton is turning over a book in his hand, but he is not reading this book. He pretends to say casually, "I will treat you, let's go to Charming Night."

"At the end of this month?"

Tobin gently raised his eyebrows and remembered something. He smiled and said, "Felton, I remember that the end of the month seems to be your birthday."

"Yeah." Samuel also remembered, he raised his head and looked at Felton. "Felton, your birthday is coming soon. Aren't you going to celebrate it in a magnificent way this time?"

Felton looked indifferent: "I don't have to. Let's eat a meal together. That's enough."

“This is your eighteenth birthday, which is of great significance! Of course, we have to celebrate it well!”*

“Eighteenth birthday?” Hearing this, Nikita turned her head to look at Felton, “You are younger than me?”

Felton stopped turning over the book.

His long and narrow eyes flashed, his mouth also stiffened for a few seconds. Then he said indifferently: “Just a little, just several days... It won’t lead to great differences. As long as the gap is not more than three years old, it is not large.”

“Why?” Samuel asked curiously, “What will the gap be like if it is larger than three years old?”

Felton glanced at the girl beside him and said calmly, “Between men and women, every three years is a generation gap. If the gap is over three years old, they won’t be suitable for each other.”

Tammy felt strange when she heard this.

The gap over three years old?

This is isn’t it talking about Niky and Sheehan?

If there is a generation gap every three years old, Sheehan is six years older than Niky, which is two generation gaps?!

Tobin also thinks about this.

He looks at Felton meaningfully without saying anything

Only Samuel he is a direct person who may not think much. He said bluntly: "Aren't there two generation gaps between Sheehan and Niky?"

They all know that Sheehan is chasing Nikita

But they haven't known that Nikita has been together with Sheehan.

Felton lowered his eyes, but he was looking at the girl beside him with the corners of her eyes. He sipped his lips without saying anything.

Chapter 684 How ambiguous her words are!

Being looked at by different sights, Nikita slowly took out an English novel from the drawer of her desk.

With the bookmark in the book, she turned to the page where she read last time. She didn't look up, after reading for a while, she said slowly. "Whether he is suitable or not, I will know after using him."

"Poof!" Others were extremely shocked.

How ambiguous her words are!

At this moment.

The Lambert Group.

Yates knocked on the door and walked into the office. He took his mobile phone and said to Sheehan, "Mr. Lambert, Hugh has released a new song. Have you heard it? It was created by Niky and him. This song is really nice. I have listened to it five or six times."

Yates is not Hugh's fan..

But he often listens to Hugh's songs.

His favorite song before was Memory in August.

Now there is another song: Waiting in the Rain.

Interestingly, these two songs are related to Nikita.

One song is composed by Nikita, and the other song is revised by her.

Yates said with admiration: "Although Niky's academic performance is not very good, she is quite talented in music. I think that even if she can't get into college, it doesn't matter. She can develop

towards the creation of lyrics and songs in the future."

"There are talented people in all areas. Having high grades is not the only way to have a bright future."

In front of the black desk.

The man's black shirt was buttoned to the first one, and only half of his neck was exposed.

The sleeves of the shirt are rolled up, and the exposed forearms looked beautiful and powerful.

The man is signing a document with a pen that looks expensive in his hand.

After signing his name, he threw away the pen, and moved the seat backward. Then he stretched his long legs, which were a little uncomfortable because of bending. He slowly raised his head, half-narrowed his black eyes, and looked at Yates, who was walking towards him..

"A new song?"

“The new song of Hugh.” Yates looked at a thick stack of documents piled up on his desk and knew that he must have been busy with his work and didn’t know about it yet.

“He sent a post, saying that the new song was created by Niky and him. The lyrics and rhythms he wrote were revised by Niky. The new song he released was the revised version of Niky.”

Hugh?

Sheehan frowned.

Yates glanced at the man who looked gloomy. He felt interesting and said again, “Niky has a good relationship with him. She wrote and revised songs for him.”

As soon as he said like this, he felt that the temperature in the office suddenly cooled down.

Although it is summer, he feels cold, and there are also goose bumps all over his body.

Yates rubbed the goose bumps on his arm. Seeing Sheehan’s gloomy face, he was afraid that Sheehan was really angry, so he said quickly to ease the atmosphere, “But he said that Niky has only used two minutes to revise his song, perhaps Niky just revised at will perfunctorily. Perhaps he has asked Niky to help him continuously, Niky had to help him to revise because she was annoyed.”

Sheehan was expressionless: “You came here to talk such nonsense with me?”

Yates: “...

It seems that Sheehan minds Hugh very much.

Yeah... Hugh looks handsome and attractive, he has also known Nikita for many years. Nikita has also written a song for him.

Sheehan has a strong sense of possession. Nikita has such a friend of the opposite sex like Hugh, it will be abnormal for Sheehan to not mind at all.

Chapter 685 It is related with a mysterious organization.

“Of course not.” Yates didn’t dare to really annoy Sheehan. After joking, he quickly controlled himself and changed the topic. “Didn’t you let me investigate Niky before? According to my current investigations, for two years, the whereabouts of her were blank

“In those two years, she seemed to disappear I can’t find any information.”

Sheehan looked at him with deep black eyes: “What do you want to say?”

Yates’s face became serious: “I couldn’t find anything before, but recently, I have found some clues. Mr. Lambert, I found that the two years when Niky disappeared may be related to a mysterious organization.”

“Mysterious organization?” Sheehan’s face didn’t change, but his eyes became colder. “What’s that?”

“Dark Disney” When Yates said these two words, he couldn’t help trembling. The largest international killer organization, Dark Disney. In those two years, Niky should have been trapped in Dark Disney. Do you still remember that night, you said that you saw her coming out of an alley covered in blood?”

“Those men who have been brainwashed and lost their memory must be the killers of Dark Disney.”

“Although I haven’t found out why she was trapped in Dark Disney or her relationship with those people from Dark Disney... the two years when she disappeared were indeed related to Dark Disney.”

“Dark Disney? Those killers were assigned to kill her?” Sheehan’s face immediately became gloomy. His aura also became cold to the extreme. His eyes were also cold and scary.

Yates was breathless under the frightening gaze of Sheehan. After taking a deep breath, he swallowed his spittle and said, “Perhaps? I think they didn’t want to kill her.”

“If they wanted to kill Niky, Niky wouldn’t have let them survive that night.”

“She just made them lose their memory by brainwashing, which shows that Niky doesn’t want to kill them. Moreover, Niky was trapped in Dark Disney for two years, which also shows that the Dark Disney didn’t want to kill her.”

Otherwise, how can she still be alive after being trapped for two years?

Nikita may have great skills of fighting.

But Dark Disney is the best killer organization in the world, there are countless masters.

No matter how good her skills are, it is impossible for her to fight against Dark Disney by herself.

“Mr. Lambert...” Yates looked up at Sheehan’s cold face, hesitated for a few seconds, and carefully opened his mouth. “If Niky really has something to do with the Dark Disney, you’d better reconsider your relationship with her.”

When Yates finished his words, he felt the coldness coming directly.

Sheehan’s eyes were quite cold. His words seemed to be wrapped with ice. His voice was deep and cold. “No matter what relationship she has with Dark Disney, the Lambert family won’t be afraid. I don’t want to hear such words again.”

Yates frowned slightly.

The Lambert family doesn’t have to be afraid of Dark Disney, after all, both of them are the best one in their fields.

Their powers are almost equal. If they confront against each other, neither side will win.

But... If it weren't for falling in love with Nikita, the Lambert family wouldn't have any relations with Dark Disney. Perhaps they wouldn't be in conflict with each other forever.

It will be troublesome for anyone to be related with Dark Disney, such an organization for killers.

The Lambert family doesn't have to get involved in such a problem.

Sheehan and Nikita has just known each other for a short while, they have just fallen in love. Their love was not quite deep.

Chapter 686 Being Envious to The Extreme

If Nikita just has a bad family background, if she is just a girl from the rural area, Yates won't mind.

But if she has any unusual relationship with the Dark Disney, she will definitely bring some troubles to the Lambert family.

Yates originally wanted to persuade again, but he didn't dare to say anything after seeing Sheehan's gloomy and frightening face.

First Senior High School.

The third class in the morning is over.

Most students are sitting in the classroom, the college entrance examination is coming. Everyone is racing against time to review.

The classroom of Class A is quite quiet, only a few people are chatting in low voices.

Therefore, when Hugh's assistant appeared at the door of Class A's classroom, when he was seen and recognized by two girls sitting in the first row... when those two girls screamed excitedly... Everyone looked up towards the door.

Hugh's assistant is often photographed with him.

There are quite a few fans who know the little assistant.

A few girls screamed out again: "Hey, isn't him the assistant of Hugh?"

"Yes, he is the little assistant! But why is he here?"

"Hello, is Cecilia here?" At the door, the assistant looked into the classroom and politely asked a girl sitting in the first row.

"Ce, Cecilia?" The girl was stunned for a few seconds before she reacted. She nodded and said, "Yes, I am here.

I, I am Cecilia!" Cecilia sat in the second row. When she heard the assistant ask about her, she immediately stood up, then went out of her seat and walked quickly to the door.

"Are you Cecilia?" The assistant looked at the pretty girl.

Cecilia nodded wildly.

The assistant handed her a CD and autographed photo to her, smiled and said, "Happy birthday to you, Cecilia."

Cecilia looked down at the CD and signature photo, and stunned for several seconds before she took it excitedly.

On another look, she found the CD was actually Hugh's new album. Besides "Waiting in the Rain" released by him on Facebook, there were several new songs that have not been released.

Moreover, there is a birthday greeting from Hugh on the CD.

To Cecilia:

Happy birthday. Hope you to get good grades.

The autographed photo given to her was an autographed photo just taken for a fashion magazine.

After the assistant delivered the things, he turned and left.

Cecilia stood at the door of the classroom in a daze, holding an album and an autographed photo. The whole person was stunned and motionless.

“Wow, Cecilia, Hugh really asks his assistant to send the autograph photo? Can we have a look?” A group of girls all came to around her excitedly, wanting to see Hugh’s autographed photo.

Although it’s not for them.

But it’s still good if they can have a look!

“It’s not just a signed photo. Cecilia stunned for a long time, slowly raised her head. Her face was red and looked very excited. “There is even a CD of new songs, and he wrote me birthday greetings.”

What a CD of new songs and birthday greetings for you?”

Cecille nodded heavily and showed the CD to the people around her.

These girls were so envious.

Hugh’s new album hasn’t been released yet.

Even if they have money, they have no way to buy it!

Moreover, Hugh wrote greetings on the album, which is unique in the world!

Every fan of Hugh wanted to receive such a birthday present!

Chapter 687 Her eyes were very similar to Nikita's.

"It seems that the relationship between Hugh and Nikita is really good." A girl envied and said, "In a word, Nikita let the assistant send the album and signature photo"

Everyone is regretting it.

Why didn't they ask for something in a cheeky way at that time?

"I think Nikita is not bad" Another girl said, "She isn't as cold as she looks. Cecilia is not familiar with her, but she still can help Cecilia get Hugh's autograph.

"I also think Nikita is actually quite good." Cecilia said with some emotion, "I just asked her for a signed photo. The CD and greetings must have been told by her to Hugh."

"I thought she looked very indifferent before, and it must be difficult to get along with her. But now, I think she is very good and not indifferent at all."

"Niky is actually very good!" Tammy was very happy to hear someone praising Nikita, even happier than hearing someone praising her "She just looks cold, not really cold! Anyway, after getting along with her, you'll know that she is a very good person!

Many people have changed their impression of Nikita because of this incident.

Although there are still some people who firmly hate her.

And there are also some people who had some prejudice against her before, but now they have no prejudice.

They still didn't like her, but they didn't hate her,

Yvonne sat in her seat and read a book.

Her eyes fixed on the book, but she didn't read a word.

She kept hearing Nikita's name.

Everyone is talking about Nikita.

Overnight, Nikita became a popular person.

She hung her head and looked gloomy. The pen in her hand scratched hard on the book, and a page was punctured.

The cell phone on the desk rang.

A Facebook notice pops up on the screen.

The title: Official announcement of the judges of the National Youth Piano Competition.

Yvonne was stunned, and she was suddenly attracted by this pop-up news.

She picked up her mobile phone, unlocked it, and logged in the Facebook.

The official blog of the piano competition sent a group of image photos of the judges.

There are five judges in total, except for Hugh, who is trans-disciplinary, all the others are big shots in the music industry.

Nana is also one of the judges.

Yvonne was not interested in other judges. After clicking on Facebook, she went to find Aroma's photos.

Aroma's appearance and age have always been a mystery.

She has appeared in public before.

But she always wore masks.

In this image photo, she was still not exposing her face. The mask covered most of her face and only showed a pair of eyes. Yvonne looked at the girl in black who was so cool, with shining silver hair in the photo, and froze directly.

Her eyes were wide open, and she was shocked.

is this Aroma?

Everyone guessed that Aroma was at least forty years old.

But the person in the photo is clearly a very young girl, whether her appearance, dress or temperament.

What shocked Yvonne even more was that the eyes exposed by Aroma's eyes were very similar to those of Nikita.

No, it's not just the eyes.

Their temperaments were also very similar.

Their body shapes were also very similar

The only difference is probably that the girl in the photo has silver and short hair.

However, how can Nikita get anything to do with Aroma.

Even if she knows Hugh, she can never have anything to do with Aroma

Aroma has been living abroad.

Nikita grew up in Syracuse Villiage

She and Aroma are completely people from two worlds, and it is impossible to have any connection.

Chapter 688 Is this girl who has silver hair Aroma?

Thought of it, Yvonne slowly calmed down.

But Aroma was such a young girl, which surprised her too much.

In the comment area, a group of people were also shocked.

“Holy shit, this silver-haired girl is Aroma???”

“No way, Aroma is not an aunt in her forties? How did she become such a beautiful girl with full personality?”

“Is it true that the judges didn’t misplace the photos? Is this Aroma???”

“Wow, Aroma is such a young girl. Through the mask, I can feel her beauty. These eyes are so beautiful”

In less than half an hour that the judges released Aroma’s photos, the discussion about Aroma directly became the top one of the trending topics.

Everyone was shocked that Aroma turned out to be a young lady.

Class F.

Samuel was also shocked when he saw the trending topic.

He was stunned and muttered to himself: “I thought I like an elegant and intellectual aunt, but it turned out to be a cool and sassy girl?”

Nikita, who rarely didn’t sleep and was reading foreign novels:

Tobin also just finished reading the trending topic. He clicked on Aroma’s photo and looked up at Nikita.

Why does he feel this Aroma and Nikita are quite similar?

Even if Aroma wore a mask, she was similar to Nikita.

However, Tobin didn’t think much about it.

After all, Nikita and Aroma can’t have anything to do with each other.

And in this world, there are quite a few people who look alike.

Therefore, even if Nikita really looks like Aroma, it is not a strange thing.

Noon, at meal time.

Samuel said that a restaurant selling delicious casserole rice noodles started business next to the school gate, so that Nikita could go with them.

"I'm going too, I'm going too! As soon as Tammy finished class, she ran upstairs. She just heard Samuel say to eat rice noodles, walked into the classroom with Cecilia, and shouted to join their team.

Several people looked at Cecilia with her and paused

Samuel first asked. He looked at Cecilia, and turned to Tammy "What's the situation?"

Why is there another person?

"May I go with you?" Cecilia is very shy Facing these famous handsome guys in First Senior High School she felt her cheeks were slightly hot it's my treat at noon Nikita helped me realize my birthday wish I want to invite her to have a meal

Samuel suddenly understood

It turned out to be this thing

Nit helped Cecilia to ask for Hugh's autographed photo and new album CD, which has already spread e

Senior High School of N Cey

All the

the girls in the school especially envy Cecile

This matter has been discussed by guts in their class all morning

yone is envious

“I have no problem, it’s up to you.” Samuel shrugged.

Tobin stretched out his hand and put on Samuel’s shoulder: “I have no problem, either.”

Felton put his hands in his trouser pockets, stood up slowly. After he slept all morning, his voice was lazy: “It’s mainly up to

Nikita.”

Originally, she said to treat Nikita for a meal.

Nikita took out the backpack in the drawer. She also leisurely stood up, with eye and brow lowering: “OK, let’s go together.”

These people, except Cecilia, are popular people in the school.

When they were walking on campus, they were like a beautiful landscape.

When Yvonne went downstairs, she just saw Nikita, Felton and a group of people passing by.

Three girls walked in the middle.

Felton walked next to Nikita, while Tobin and Samuel walked on the other side.

“Cecilia is really a snob. She gets close to Nikita just because of this?”

Chapter 689 It is just a flash in the pan.

“What a shameless bitch! I think her real purpose is to approach Felton through Nikita””

The Swift family was out of the economic crisis, so Yvonne’s two girlfriends returned to her side again. They walked downstairs arm in arm with her

As soon as they went downstairs, they saw Nikita and her friends.

Two people scolded Cecilia with all kinds of harsh words on the surface, but they were very envious.

They envy that they don’t have the same treatment as Cecilia

They also want Hugh’s signature photo and the new album with birthday greetings, and they also want to stay with Felton and Samuel, those handsome guys.

Yvonne looked at the front, lowered her eyes, gloomy lights flashing cross her eyes.

It took her two years to make good relations with Felton and Samuel.

But she can’t compare with Nikita, who just transferred to school for just a few days.

Nikita didn’t do anything, but she easily got everything she tried her best to get.

Sometimes, she thinks God is really unfair.

Now the only thing that can make her feel some comfort is that her academic performance is better than Nikita’s.

In the future, she will go to the best university in this country.

No matter how popular Nikita is, she can only barely enter a junior college in the future.

In terms of academic qualifications alone, she can outdistance Nikita.

When she won the prize in the piano competition and successfully became Malcom's apprentice, Nikita was nothing

anymore

The popularity of Nikita now is just a passing cloud.

When the time comes, wait and see how badly she fell.

The restaurant mentioned by Samuel is very ordinary and small, but it is clean.

Although the restaurant is small, it is clean.

When they entered the shop, there was only an empty table near the door.

Samuel was very eagle-eyed. He pulled a few toilet paper, carefully wiped a chair in front of Nikita. After wiping it, he stretched out his hand and made an invitation posture. He said in a clever tone: "Niky, please sit down!"

Nikita raised her eyes and looked at him with a smile, then she leisurely sat down.

She looked quite at ease.

Samuel didn't wipe his own seat. He sat down directly.

Felton just took a pack of paper towels out. Seeing it, his eyes slightly moved, and he quietly took it back.

Tammy snorted softly: 'Samuel, you are not a gentleman. You can't take care of only one person if you take care of ladies. You just wipe the bench for Niky. Don't we deserve the same treatment?'

Samuel was sincere. He nodded and said, "I only serve Niky. However, you can ask Tobin to wipe it for you. I believe he will be very happy"

Tammy was stunned, and suddenly he stared at Samuel with annoyance and shame, biting her lip and stopping talking.

She pulled out a chair and sat down without saying a word.

Tobin also narrowed his eyes, kicked Samuel with great strength with his long leg under the table.

Samuel turned to look at him: "Am I wrong?"

"Even if you don't talk, no one thinks you are dumb Tobin lowered his voice and implied a warning. "Don't pull me with Tammy again

Nikita looked through the menu with a hand supporting chin.

She lowered her head, her school uniform untying. She wore a white T-shirt with a V-neck.

At noon, the sun was shining, and they sat by the glass door. The light reflected on her. The diamond necklace around her neck was shining and dazzling.

Tammy was the first one to discover it.

First, she said “wow”. And then she got close to her, staring at her neck: “Niky, when did you buy a new necklace? It’s so beautiful!”

Cecilia also saw it. Girls have no resistance to shiny ornaments, not to mention the diamond necklace around Nikita’s neck. It looked very expensive.

Tammy’s clamor attracted others.

Chapter 690 I will always stay by your side.

Everyone stared at the necklace around Nikita neck

“Niky, when did you buy a new necklace? I have never seen you wear it before”

Nikita raised her eyes. Seeing those people staring at her, she looked quite indifferent said “Someone sent it to me”

“Someone? Tammy blinked, and suddenly smiled mysteriously, and then said in an ambiguous tone, “Niky, is this ‘someone you said Sheehan?”

Beside her, Felton, who just took out his mobile phone from his pocket, paused his action unlocking the phone. He lowered his eyes, with some different emotions in his eyes.

Then he unlocked the mobile phone and turned his head. He glanced at Nikita without emotion

They were all staring at Nikita.

Nikita was still indifferent. She carelessly nodded. “Yes, he sent it ”

Tammy showed a big smile: “I knew it! It seems that Sheehan is very good at pleasing girls!”

Samuel was stunned and said curiously “Niky, you and Sheehan, you...”

Are they really getting together with each other?

Otherwise, with Nikita's character, it is impossible to receive gifts casually.

Especially, when she knew that the other party was pursuing her

If they are not that intimate, it's impossible for her to accept such an expensive gift.

Nikita narrowed her eyes and was about to answer when her cell phone rang

She looked at the caller ID, and her dark eyes narrowed again. She picked up her mobile phone and answered.

In the mobile phone, a lazy magnetic voice sounded: "Niky, what are you doing?"

Nikita rubbed her jaw, and her voice was lazy: "Have lunch."

"Alone?"

Nikita looked at the others beside her: "There are several classmates."

The other party kept silent for a few seconds, then, he chuckled: "Did you really make friends at school?"

"Well, do you have any problem?"

"Of course not. I also hope you can make more friends. At your age, you should make more friends." The other party paused, then continued, "Niky, do you still remember that thing you promised me?"

Nikita raised her eyebrows: "Hmm?"

"You agreed to spend my birthday with me, have you forgotten?" Xavier's voice was somewhat complaining, "Won't you really forget it? We have known each other for so many years, am I still a dispensable person in your heart?"

Nikita: ...

Today is Xavier's birthday?

She really forgot it.

"Forget it. Xavier sighed, and his tone is very sad, "Forget it, anyway, you have always been like this. I shouldn't expect you, to remember it."

Nikita: "Are you angry?"

"Angry? Of course not. Xavier laughed again and said briskly, "Have you forgotten? I once said that no matter what you do I will never be angry with you.

I will be your friend forever, and I will always be with you.

Unless... you tell me yourself one day that you don't need me anymore." The last sentence he said had some loss and sadness.

Nikita frowned: "Why do I think you are strange today?"

Xavier smiled: "Maybe I drank too much? Niky, you agreed to accompany me on my birthday. I haven't had lunch yet, please accompany me."

Before Nikita spoke, he said, "I have arrived at your school now. Where are you, I come to find you?"
