

## **The Girl CB 91**

Chapter 91 If anyone wants to take Felton from her, then go to the hell.

They run faster than rabbits.

It's like monster is chasing them behind.

“What’s the matter? Are they the parents of those students in vocational high schools?”

“Yes, I heard that they came to school to look for Nikita and vent their anger for their sons ”

“Why do I feel as if they are afraid of something?”

Yvonne just came out of the classroom with a stack of papers and saw this strange scene.

She paused.

She heard from the students in Class F that Nikita went to the principal’s office.

The parents of those vocational high schools are all tiresome bitches.

Usually, they turned a blind eye to their son’s bullying of others, and they often turned upside down and tangled with

the bullied boy’s parents, and make the injured party pay money.

Jake’s mother, in particular, is notoriously tiresome.

But at the moment....

Yvonne pondered for a few seconds, frowning.

Why did all those women run away? What are they afraid of?

Maybe... Nikita?

Yvonne's face changed slightly, and her mood suddenly became somewhat bad.

She thought that the group of women would teach Nikita a lesson badly.

She has fantasized about the tragic situation after Nikita was beaten many times, so she was in a very good mood during

the whole class.

But if Nikita was not beaten, and scared the women away....

Yvonne stood in the corridor with a slightly heavy face for a while, looked up at the opposite teacher's office

building, took out her mobile phone and sent a message to Lucy.

If Nikita can go to jail.

That would be perfect.

She can endure anything.

But if someone wants to take Felton from her, then go to the hell.

In the principal's office.

Nikita looked lazy leaning on the sofa, with cold white beautiful fingers holding a skirt belt to play with.

Her porcelain white face was careless and indifferent.

Talbot, who stood next to her was in a hurry "They won't give up. Their son was beaten by you, and now you have forced them to donate money to the charity fund. They will definitely not let you go."

"You go quickly, or the police will come later..."

"I just left, if they really tell The Education Bureau this thing..." "You, the vice president, have to take up the

responsibility." Nikita lifted eyelid.

"That's better than you being locked up in the police station." "What if they really want to sue you and put you into

Jail?" "Once you go to jail, you have to leave a criminal record for a lifetime."

"Your life is basically over" Talbot frowned. "I can give up the vice president. I can retire early."

Nikita raised her eyes, "Relax, I will be fine." "I won't make you trouble."

Talbot: "..

"I don't leave, I just wait for the police."

Talbot: "..."

"If they still have some brains, this matter will just pass." "If they want to call the police, then don't blame me for

being merciless to their son."

More than ten minutes later.

The policemen are here.

www

The group of women who were forced by Nikita to donate 5 million yuan each called the police when they left the office.

There is a police station near No.1 Middle School, so the police come quickly.

The whole school people have seen Nikita being taken away by more than a dozen policemen from the school.

Including Yvonne.

Yvonne stood in the corridor on the second floor of the teaching building and saw Nikita comes out of the teachers"

office building with a group of policemen.

The police car is parked downstairs.

Until the policemen carrying Nikita drove away and could no longer be seen, Yvonne slowly took back her eyes.

Chapter 92 The Clearer Cognition

She wants to laugh

But there are so many people around.

The smile on the lips can only be suppressed.

But her mood suddenly became good, and she felt that the whole world was beautiful.

Nikita was taken away by the police

If nothing happens those women will sue her and put her in jail.

Her life is over

Yvonne is very clear that Swift Family has no feelings for Nikita. If things get complicated, Swift Family may not be in

charge

The Swift Family can't bear it.

A daughter who will be caught in jail, even if she is an adopted daughter, is also a stain on the Swift Family, and it

is too late to distance her from the relationship.

“Yvonne, the hillbilly was taken away by the police” “Do you think she will really go to jail?” There are two

girlfriends of Yvonne standing next to her

“Your family won’t be in charge of this matter? She is just an adopted daughter. What a shame it has brought to your

family Let her suffer the consequences.”

Yvonne gently bit the lip corner, and her moist eyes were covered with water mist. With a sigh, she choked and said, “I

don’t know. In fact, she is a poor girl.”

“Yvonne, you are too kind, why is she pitiful? She deserves it! She wants to grab the position of campus belle, and also wants to seduce Felton. She was jealous that you were better than her in everything, so she deliberately targets at you. Who does she think she is, the hillbilly will never be on the stage!”

Yvonne sighed faintly again: “My parents have been very kind to her. My brother and I also tried to treat her as a

family, but... I never thought she would be so jealous. Perhaps it is because there is a big gap between me and her

living environment since childhood, and she is stimulated.”

“So, let her go to jail.” “It is a great thing for this kind of bitch to leave your home.”

Yvonne was silent for a few seconds, frowned and said, “Anyway, she is also the adopted daughter of Swift Family.” “I’d

better call my mother

The third floor

Felton, Samuel and Tobin also stood in the corridor and witnessed Nikita being taken away by a group of policemen. "Felton, you really don't care?" Samuel was anxious, "You really let Nikita be taken away by the police?"

Felton sipped his lips, and his cold white delicate face had no expression and didn't speak.

"Felton!" Samuel was in a hurry.

"What are you howling about?" Felton turned his head and glanced at him coldly.

"Nikita she..."

"Did I say I don't care?" Felton pulled out his cell phone from his pocket and made a phone call to Vernon. Although he also has a temper.

"After being refused by Nikita once, he decided to stop taking care of her.

Does he really don't care?

Just let her go to jail?

The Lambert.

On the black leather sofa sat a man with gold-rimmed glasses. He has a white shirt, and a coquettish half-opened.

neckline.

This man is gentle and handsome, and he looks a little bookish.

However, this bookish spirit was abruptly added a few coquetries by the half-exposed and half-hidden chest muscles in

his chest.

The whole person looks like a gentle scum.

“The alley you asked me to investigate, including the surrounding surveillance video, was hacked. When I went to check.

I couldn't find anything. And you take a look at this news. I believe that after reading it, you will have a clearer

understanding of your so-called little friend.”

On the black leather chair in front of the desk.

The man's cold white slender fingers pulled the tie on his chest, and his cold eyes looked at the mobile phone that the

man on the sofa threw to the table. He narrowed his eyes, and took his mobile phone up and looked through it slowly.

Chapter 93 How did she do it?

The mobile phone screen stays on the Twitter page.

N City Daily. At 12 o'clock last night, passers by passed by an alley and saw a shocking scene Four unidentified men

fell unconsciously in an alley due to injuries, and they were transported to hospital for treatment by ambulance

Surprisingly and inexplicably, all four men who were unconscious could not remember what had happened, or even

who they

were When the nearby police retrieved the surveillance video around the alley to find out the truth, they also found

that the surveillance video disappeared out of thin air from 10 pm to 0. For this magical phenomenon, our reporter will

continue to follow up and report the truth

"Finished?" Yates held up the gold rimmed glasses that were about to fall off the bridge of the nose and squinted. "Do

you still feel that she is just a child?" "With such an amazing way, I think even you may not be able to do it?"

"Those four unidentified men are members of the Dark Disney, the first international killer organization" "Moreover,

they are all golden medal killers" "But they were all put down by the child in your mouth."

“This is not the most amazing” “After them woke up, they all lost their memory. This is the most terrible thing” One

of Yates’s eyes was half narrowed, and his eyes were faintly excited. He held his chin with one hand and said with great

interest. “You say, how did she do it?”

“She learns from Lemuel. Did she feed them some kind of medicine?” “To make them lost their memory?”

After reading the news, Sheehan looked calm on his handsome and expensive face, and his eyes did not fluctuate at

all

He put his mobile phone back on the table without expression.

The man’s cold and deep eyes looked at Yates with excitement on his face, and his voice was calm: “Those four men

are

the killers of the Dark Disney?”

“Yes. Yates nodded, “They have tattoos on their hands, which are the patterns of Dark Disney.” “And they all wear

golden nose rings, which only golden medal killers are qualified to wear.”

“As far as I know, there is no one that they can’t solve when the golden medal killers of the Dark Disney are

dispatched.”

“Even if one can fight, it is quite difficult to fight with a golden medal killer.” “But Nikita...” Yates sighed with

amazement, “An 18-year-old girl can solve four in ten minutes.”

“This is not the category of normal human beings.” “I have never seen such a fierce woman. I have never seen a man

like

her.”

“In addition to being a disciple of Lemuel, how many identities do we don’t know?” “I’m getting more and more interested in this little girl now...” Yates rubbed his chin and chuckled, “I think she will definitely bring us a lot of surprises”.

Yates’s voice just fell, and he felt a cold eye shooting at him.

He looked up and looked at Sheehan’s cold and deep eyes. Don’t know if it was his illusion. He felt that the eyes were colder than usual.

Although Sheehan is usually this deserted appearance.

But at that glance just now, it was way too cold.

Maybe, it’s his illusion.

“So I asked you to look it up, and you didn’t find anything?” The man’s fingers are slender and white, with distinct joints. He took a sip of the steaming coffee on the table, and his low and cold voice inexplicably made Yates feel colder than usual.

Chapter 94 Miss Swift has troubles.

Yates touched his nose: “Her action is too fast, and all the relevant information was deleted.” “What can I find out?”

Yates said this sentence, and inexplicably felt that the eyes fell on him were not so cold.

“He is not my child, don’t label it indiscriminately” The handsome and elegant man’s cold white fingers pressed against the rim of the coffee cup, and his thin lips obviously evoke a small radian. Soon his face looked normal again, and his

voice was cold. “Besides, she may not have done all the things you said.”

“She didn’t do it, who else can it be?” “She went to FANTACY WONDERLAND last night, and you watched her come out

of that

alley with your own eyes. “She didn’t put down those killers?” “She didn’t erase the monitoring around FANTACY

WONDERLAND from ten o’clock to 07” And she didn’t erase their memory?”

“Then tell me who else can it be besides her?” Yates doesn’t understand. It is so obvious, how can Sheehan feel that

Nikita didn’t do it?

The point is that Sheehan is such a smart person that he can tell apart.

“If I know everything, why do I keep you?” Sheehan raised his eyelids and looked at him with heavy eyes.

“If you, the so-called world-class hacker and detective, are defined by your own inference and guess, it is also fake.”

“OK” Yates was wronged. “Then wait for me to find the so-called evidence, when the time comes, I will see what you

say!”

Sheehan raised his eyebrows “Wait until you find it’

“Mr. Lambert’

Vernon knocked on the door outside

Sheehan looked outside the door “Come in ”

Vernon pushed open the door, walked into the office, looked at Yates sitting on the sofa, and politely called out: “Mr.

Sue

Then he went to Sheehan’s side and lowered his voice. “Mr. Lambert, Felton called me just now and asked me to go to

the

police station immediately”

Sheehan’s face sank slightly: “What’s wrong with him?”

“It’s not him, it’s Miss Swift who has troubles.”

Mr. Lambert’s face changed, and the reaction is completely different when he thought it was Felton.

There is no fluctuation in the cold eyes of the man, but his face is not very good, and his voice sinks:  
“What’s going

on?”

“It is said that some women went to the school to make trouble, saying that Miss Swift injured their son and called the

police to take her away” “Moreover, they want to sue Miss Swift and let the court sentence Miss Swift to jail.”

Said Vernon, while paying attention to his cold face.

Sure enough.

His face sank, which was even uglier than before.

He secretly felt assured that he told him about this matter.

He knew that Mr. Lambert must have a crush on her

When it comes to Miss Swift, Mr. Lambert always cares.

Felton has made so many troubles, and the number of times he entered the police station was quite a lot, and he never saw Mr. Lambert care so much.

“I’m thinking, since you and Miss Swift are friends, you should know this matter, so...”

Sheehan’s cold eyes picked up, suddenly hooked the lower lip, although laughing, but the whole person is showing a dangerous breath that makes people tremble.

He suddenly got up.

Chapter 95 Mr. Lambert is angry!

The man’s slender cold white fingers fell on the tie on his chest, and slowly tied the loose tie. His movements were

slow and elegant, and his over handsome face made his every move elegant and eye-catching.

“Tell the Ministry of Justice.” Sheehan turned his head and said to Vernon standing next to him,  
“Arrange two people to

follow me.”

Vernon: “Mr. Lambert, do you want to go to the police station in person?”

Sheehan’s voice was heavy and cold. “I also beat their son.” “I want to see if they are also ready to let me go to

jail.”

Vernon: "..."

Mr. Lambert is angry!

The consequences are very serious!

He should want to inform the Ministry of Justice and take his lawyer to the police station.

He is serious to those women,

Vernon don't worry about his boss will go to jail. If the Ministry of Justice is in this matter, only that group of

women and their sons can be unlucky.

But...

Felton went into the police station so many times, Mr. Lambert always let him, this assistant, to handle.

This time it's about Miss Swift, and Mr. Lambert wants to handle it in person. He suddenly feels that Felton is a little

pitiful.

Sheehan said and walked out of the office.

Yates stood aside, "Where is he going? I just heard about the legal department and the police station. Is something

wrong?"

“Oh, Mr. Lambert has a friend who has a little trouble. He went to deal with it.” Vernon also didn’t say anything about

Nikita. There is nothing between her and Mr. Lambert, so he can’t talk nonsense.

“Friend, what friend?” Yates’s face was curious and confused, “Mr. Lambert handles it in person. Maybe their

relationship is not simple?” “Is he or she?”

Yates heard some of their conversation, but didn’t hear the whole conversation.

“This...” Vernon smiled, “It’s about Mr. Lambert’s private affairs. I can’t say it casually. If you are curious, you can

ask Mr. Lambert. I still have something to do. Sorry I have to go.”

The police station.

Nikita is being interrogated.

“Why hit people?” Sitting opposite her is a young male policeman with a gentle attitude. He frowned and asked, “Did you put all those high school students into the hospital by yourself?”

The young policeman is obviously suspicious of her.

The little girl opposite looks small, clean and white, gentle and delicate.

“Even if she learns a little self-defense, it is very enough to protect yourself.

A little girl can beat down more than ten big boys?

Even they can't do it.

"Don't be afraid, just tell me the truth." The police voice softened "Did someone ask you to take the blame?" "Who beat

them into the hospital?"

"I did it, and no one asked me to take the blame" Nikita lazily leans on the interrogation seat, porcelain white face

with casual expression. She looks lazy and indifferent. They provoke me first."

"If I don't fight back, I will be beaten by them." "I'm a normal girl. Of course I have to fight back"

"It's just that I didn't expect them to be so fragile."

She spoke carelessly

With a little disdain and contempt: "They are too fragile, and everyone just gets a punch from me and goes to the hospital." "Are men so useless now?"

The young policeman: "..."

Chapter 96 It is no different from strangers.

The young policeman

This girl is arrogant to the extreme.

He has never seen a few people who dare to be so arrogant in the police station

“So, you beat everyone?” The young policeman spoke again, his tone was not so gentle, and his face was stern.

Nikita nodded. “It was me

“Do you know the consequences of beating people?”

“Yes.”

“But you still beat?”

“I told you” Nikita lifted her eyes, and there were subtle blood streaks in her black eyes. She hooked her lips, but

her eyes were cold. “If I don’t fight back, I am the one who is beaten.”

“So you mean they fight first?” “You fought back out of self-defense?”

“Of course, you can watch the monitoring, don’t you know everything?”

“Of course we thought about monitoring.” The young policeman frowned. “But the cameras at the intersection of No.1

Middle School Gate are broken, and there is no way to watch the surveillance video at that time.”

“The cameras are broken?” Nikita was stunned, and then, the lip angle evoked a playful smile. “It was not bad at other

times, but it was broken at noon yesterday?"

Of course, the young policeman understood what she meant.

"It's reasonable for your questioning. We are also puzzled." "But the camera is really broken, so you said that they

started it first, and you fought back in self-defense. There is no evidence to prove your word is true."

"Unless the eyewitness passer-by present at the time can testify to you."

"Otherwise, in the absence of certain evidence, you are unscathed now, but those boys are injured and entered the

hospital. It is difficult to establish the statement of self-defense."

"Anyway, the current situation is very unfavorable to you."

Nikita's slender and beautiful fingers hooked a thin belt on the white skirt, and her chin was supported by one hand.

Suddenly, she smiled: "So if you can find the video and prove that they started it first, and my self-defense is legal?"

"If there is evidence to prove that they started it, then yes."

At this time.

There was a noise outside.

“Nikita, she beat my son, and my son can’t get out of bed now!” “She also blackmailed and threatened us, forcing each of

us to donate five million yuan.” “Police officer, you must strictly punish her!”

“Yes, you must strictly punish her!”

The young policeman frowned: “Now you have to inform your parents to come over.” “We will try our best to make civil

compensation and mediate privately.” “But whether they are willing to accept mediation or not is beyond our control.”

The police are also clear about the demerit of those vocational high school students.

It’s a pity if this beautiful little girl is really in jail because of this matter.

Nikita sipped her lips: “No parents.”

“What?” The police paused.

“I don’t have parents, and I don’t have to mediate privately Just handle it according to the process.”

Although Margot and Patrick are Nikita’s biological parents.

But in her eyes, they are no different from strangers.

“Little girl, you...” The young policeman was about to speak when a policeman about his age came in from the outside,

walked up to him and whispered in his ear.

The young policeman looked up at Nikita, like very surprised.

He looked at Nikita with surprise in his eyes: "The trial is over for the time being, you can go out."

Nikita walked out from the interrogation room.

Outside stood the parents of the vocational high school students.

Chapter 97 What's her background?

The thought of the five million they were forced to donate made them feel very painful.

Even though they have five million.

However, being forced to take it and taking it voluntarily are two different things.

What's more, Nikita injured their sons!

Although this group of women hate Nikita to gnash teeth, they not dare to come forward to scold her.

Nikita gave a punch in the wooden door and smashed out a hole.

This group of women looked at her with some fear, just like looking at a monster.

Nikita took a cold glance at them, and they immediately shrink the necks, moving backwards.

They don't dare to do anything to Nikita, and all gather together in front of the two policemen.

“Officer, we all demand to punish Nikita badly.” “If a scourge like her is not punished by law, it will become more

unscrupulous in the future and seriously affect social stability.” “She will let us these law-abiding citizens be scared

all day long and can’t live normally.” Helen said, staring at Nikita.

That face of gnashing teeth expression, as if Nikita has killed her father.

The two policemen looked at each other and didn’t say a word when they thought of the notice they had just received.

This matter is beyond their control now.

They just received the notice, saying that Director Anthony is going to handle it personally.

Both of them were surprised.

Even Director Anthony knew this small case.

What’s Nikita’ background?

The two policemen didn’t say anything, which made Helen very dissatisfied. She shouted angrily: “If Nikita is not

severely punished, we will go to the media to expose it and make things big.”

“Yes, Nikita must be severely punished!”

A silver-gray Porsche stopped at the police station gate.

The door opens.

Margot and Nathan got off the car.

Margot got off the car with an ugly face.

Margot is a perfectionist, and she is very demanding of herself and her children,

Nathan and Yvonne grew up under her high standards. They have now become the pride of Margot, and they are a pair

of

outstanding children that she can show off everywhere.

Margot never thought about it.

She went to the police station for the first time in her life because her daughter had a fight.

"It really pisses me off." Margot walked to the door of the police station, paused, and her face felt ashamed. "I

shouldn't have picked her up." "I have never been to the police station in my life, and my face has been lost by her all

my life!\*

Nathan squinted, and his face looked a little tired.

He looked for her for a long time last night.

He went to the police station to check the surveillance.

But the monitoring on the road at the gate of a lieutenant colonel was broken, so he didn't find out where Nikita went later.

He worried about her all night. He was afraid of Nikita's safety.

But after receiving Yvonne's phone call, he realized that she has nothing at all.

Margot called Nikita last night.

He also made some phone calls.

Nikita didn't turn off her phone. She was sure to see the missed call, but she didn't recall.

The family was worried about her all night.

She didn't take them seriously at all. She was heartless. She didn't live with them, and she didn't have feelings to them.

Chapter 98 It doesn't matter.

"Mom, go in and have a look Nathan rubbed his eyebrows, and his voice was hoarse. "Listening to Yvonne, things are serious We have to find a way to see if we can settle down in private"

"In private?" Margot's face became uglier. She pursed her lips and said coldly, "She hurt so many people. How much do

you have to pay for privacy?" "You know our situation. We can afford a little, but not much."

Margot had no feelings in her eyes and said with disgust: "Then I don't care!" "Going to jail, or anything else, is all

her own fault!"

Nikita frowned and didn't speak.

Of course, he knows the situation of Swift Family.

On the surface, it looks fine, but in fact...

If the amount of compensation is too big, they may really can't help Nikita.

Margot walked into the police station and felt that people around her looked at her with ridicule.

She felt more and more ashamed, and almost wanted to turn and leave.

She found a policeman and identified herself.

"Hi" "I, I am Nikita's... mom." Margot endured a sense of shame. When she said the word "mom", her face was even

more

ashamed. She wanted to dig a hole in the ground.

It's too shameful.

She used to attend the parents' meeting of Nathan and Yvonne, and she was very proud.

This kind of shame and incomparably ashamed mood is the first time she experiences.

She really doesn't want to experience it again in her life.

"Are you Nikita's mother?" The young policeman looked at her with a strange expression on his face.

He remembers that Nikita said that she had no parents.

Why her mother is here?

"Yes. Where is Nikita now? Can we go and see her?" Margot's face was burning with shame. She was embarrassed to look at

the police, because she was a strong woman.

"I am Nikita's brother." Nathan stepped forward and said politely. "Can you lead us to see Nikita?"

"Certainly, please follow me." When the police saw Nathan standing behind them, he didn't doubt Margot's words any

more.

Nikita and Nathan looks alike.

At first glance, he knew they are family.

The police took Margot and Nathan to the second floor.

“Nikita, your mother and your brother are here.” The young policeman pushed open the glass door, and Nathan and Margot

went in.

Nathan saw Nikita sitting by the window.

She sat lazily, leaning obliquely against the chair, her legs overlapping at will, and her little porcelain face was

indifferent, and he could not see any emotion on her face or in her eyes.

There is no fear and tension after being caught in the police station.

She looks very indifferent.

Even playing with a mobile phone.

Nathan has good eyesight.

He can see that a game page is displayed on the screen of her mobile phone.

Opposite her, there are a group of women sitting or standing.

When they heard the police say that her parents were coming, they all turned their heads and looked at Nathan and Margot.

“Margot, it’s you!” When Helen saw Margot, she was surprised for a few seconds, then jumped up and pointed to Margot’s nose. “I know that who can raise this scourge are definitely not good things, and sure enough.”

“Unexpectedly, Nikita, this little bitch was actually your daughter.”

“You come here.” Helen and Margot already were old enemies. The two companies had a lot of grievances because of business. At this time, their new hatred and old hatred were counted together, and Helen scold without mercy. “It is said that the upper beam is not straight and the lower beam is crooked, like mother must have her daughter. This sentence is really true.

Chapter 99 Anything I did has nothing to do with the Swift Family.

Margot’s face darkened, and she was furious: “Who are you saying about?”

“Of course it means you Helen’s company was robbed of a lot of business by Swift family. In addition, Jake was not

good at reading and often made trouble. Margot used to ridicule Helen with it, and often made Helen speechless.

Margot’s son and daughter are excellent.

Helen can only swallow this anger.

Now, Helen seems to have finally found a breakthrough, and can’t wait to vent all the anger she had received before. Margot once said Helen’s son only fight and make trouble.

So does her daughter!

“Margot, your daughter is really amazing.” “A girl fights harder than boys, and has put all our children in the

hospital.” “You are her mother, and you have taught her very well.”

Helen ridiculed in a strange way.

“You!” Margot’s face turned red.

“What, am I not telling the truth? Helen looked like a shrew, and shouted loudly, “I tell you, if someone else has a

good attitude of admitting mistakes, I might be able to be lenient.” “Since she is your daughter, let her go to jail!” Margot’s face turned black.

When she looked at Nikita, who didn’t say a word from beginning to end and was still burying her head to play with her

phone, and she was even more angry.

If it weren’t for Nikita.

How can she suffer these humiliations?

Helen never had a chance to point at her nose and say these words in front of her in her life.

A crisp sound.

Margot rushed over and angrily threw Nikita’s mobile phone to the ground, pointing to her nose and lambasting: “You

are

still playing with your mobile phone. Do you want to live with your mobile phone for a lifetime?"

The phone fell to the ground and the screen cracked.

"What did I say when I picked you up? I don't ask you to be more promising, but don't make trouble for me and don't do

anything to disgrace our family." "How long has you come?" "Just the first day, you made such a big deal for me!"

"Nikita, if you don't want to stay in N City, I will send you back to your Syracuse Villiage immediately!"

"I was wrong, I shouldn't have taken you back!"

Margot has been full of anger since last night.

Just got angry from Helen again.

Looking at Nikita this careless, indifferent appearance, she is full of anger.

"Are you dumb? Did you hear what I told you? I called you last night, why didn't you answer? Do you still have me in

your eyes?" Margot lost her usual elegance and roared angrily.

Nikita still didn't speak.

She looked down at the mobile phone with broken screen on the ground.

‘Nikita, I’m talking to you!’ Margot saw Nikita still has no reaction at all, and stretched out her hand to push her in

anger.

However, her one hand just stretched out, and before she touched her, it was frozen by a pair of cold eyes.

Girl slowly raised her head, and her cold silent eyes wrapped in a layer of ice and snow.

That glance made Margot feel like she had fallen into ice house.

From head to toe, it’s completely cold.

The chill got into the bones, and the biting chill spread all over the body.

“You are not my mother.” There is no trace of temperature or emotion in Nikita’s eyes. She looks indifferent at the

woman standing in front of her, and her voice has no temperature. “I have nothing to do with Swift Family.”

“Anything I did has nothing to do with the Swift Family.”

Chapter 100 Don’t say angry words.

“What, what did you say? Margot looked at her with wide eyes and disbelief.

I said, I have nothing to do with the Swift Family You just said that I humiliated the Swift Family I think you

should have misunderstood something I remember I didn't call you to come here"

Nikita looked at Margot's dark face, and her eyes were still faint, as if she didn't care about everything  
'Miss Dan

can leave at any time, and I will solve my own affairs without bothering irrelevant people"

Margot froze

She couldn't say a word because she was too shocked.

"I have nothing to do with the Swift Family I hope Miss Dan will not take yourself as my mother in the future. I hope

you can understand that we are not mother and daughter"

Margot didn't expect Nikita to say so.

She actually said that she has nothing to do with Swift Family

She even called her Miss Dan

Is she not going to admit Swift Family?

She grew up in a poor ravine named Syracuse Villiage, and finally left that poor place. She is really willing to give up

everything now and go back to Syracuse Villiage?

Dunman can't believe it.

No one will want to go back to the poor days after having a better life.

“Nikita, don’t say angry words.” Margot thought Nikita is in anger. She took a deep breath to endure her anger, “You

think I want to handle these messy things?” “You represent the Swift Family.”

“If others talk about Swift Family in the future, I don’t want their first thing that comes to mind is that I have a

daughter in prison. You can lose face, I can’t! Swift Family can’t lose this face!”

“Nikita.” Nathan came over and looked at Nikita’s indifferent porcelain face, frowning and said, “Don’t say angry words.

It’s not good for you” “Do you really want to go to jail?”

“Do you know what that means?

“You better have a good attitude now. Go and apologize to them first. Don’t be so stubborn at this time. When you should throw away your temper, you should do it. Anyway, it is you who are wrong first, it is you...”

Nathan words haven’t finished, and he felt a cold eyes fell on him.

He lowered his head.

Her eyes are like wrapped in frost, like quenched ice, and her face looks indifferent to the extreme.

Nathan can't see a trace of feelings from her eyes, only bone-chilling coldness.

She looked at him as if she were looking at a stranger. No, it was colder, more indifferent and alienated than looking at a stranger.

They looked at each other.

Nathan's whole body seemed to be frozen by the coldness in the girl's eyes, and his throat seemed to be frozen with a layer of ice. His lips moved, but he couldn't say a word.
