

The Girl CB 981

Chapter 981 Eat Crow Again

While speaking, the car called by Nikita arrived.

Nikita looked at the parked car: "I came to see the progress of the case, and now I am ready to go.

Sir Carroll also saw the car she called, and said with a smile: "Miss Nikita, where are you going? Just let Fagan send you there. Why do you call a cab?"

Nikita smiled: "Don't bother. The car I called has arrived, I'd better get going."

Sir Carroll watched her get on the bus, and watched the car drove away before turning and walking towards the police station.

The group of people behind them...

Patrick and Nikita, including Cathleen, all looked surprised.

Especially Patrick.

Nikita knowing the two policemen has made him very surprised.

But she even knows Sir Carroll?

When Sir Carroll talked to her, he was so polite?

He even personally sent her to the car and stood on the side of the road waiting for the car to drive away before leaving.

Patrick was surprised and stunned.

Sean, Malcolm, Director Frank, and Dr. Charles.

Nikita, how can she know so many people?

Moreover, this group of people with great status in society are all polite to her.

As far as Sir Carroll greeted her respectfully.

Sir Carroll turned and walked to the door of the police station. When he saw Patrick, he frowned.

He didn't be nice to Patrick.

"Sir Carroll." Cathleen was the first to return to absolute being, thinking about asking for help, and took the initiative to greet. "I am Cathleen. Can I talk to you about my daughter Margot?"

Sir Carroll glared at Patrick coldly before looking at Cathleen. His tone was polite, but somewhat alienated: "Hello, Mrs. Garrett."

The Garrett family is one of the big shots.

Thus, Sir Carroll didn't care about Cathleen's title.

Although he is polite to Cathleen, he didn't be so nice with her.

"Mrs. Garrett, I have made it very clear on the phone." Sir Carroll knew that Cathleen had come to beg mercy for Margot, but he never thought

of making peace in private. He said very directly. "It's all about the procedures. It is useless for you to come to me."

Cathleen frowned: "Sir Carroll, my daughter did something wrong, and now she knows it was wrong. I will let her go to the hospital and apologize to your mother."

"Do you think you can..."

Before Cathleen finished speaking, Sir Carroll interrupted her words: "Sorry, Mrs. Garrett, still, it's all about the procedures."

Being rejected again, Cathleen frowned more tightly.

She didn't expect that this Sir Carroll would not be nice at all.

"I have a meeting later, so I won't accompany you. Fagan, you will take care of Mrs. Garrett for me."

After that, Sir Carroll walked upstairs.

"Sir." Two young male policemen looked at Cathleen, remembered something, and quickly walked to the side of Sir Carroll, and lowered their

voices.

Sir Carroll seemed to be stunned, and then looked up at Cathleen.

Moments later.....

"Mrs. Garrett, do you know Miss Nikita? Sir Carroll asked.

He suddenly asked. Cathleen didn't react at that time.

Nathan remembered the scene he saw at the door just now. Sir Carroll was so polite and respectful to Nikita. Before Cathleen spoke, he said first: "Of course, Nikita is a member of our family. I am her brother,"

Chapter 982 I am respectful to Miss Nikita.

Sir Carroll suddenly froze and looked surprised: "You are Miss Nikita's brother, then you..."

Sir Carroll looked at Patrick and Cathleen.

Patrick sipped his lip and nodded: "Yes, she is my daughter."

Sir Carroll froze again.

And staring at a few people, Sir Carroll only to find that Nikita is very similar to Nathan and Cathleen.

They indeed look like a family.

But why didn't she mention Margot?

Is it too shameful to mention it?

Or doesn't she want to trouble him?

However, whatever the reason, if Nikita and they are really a family, then he has to let Margot go. He can't arrest boss' own mother.

Sir Carroll pondered for a moment, looked up and said to Cathleen, "Mrs. Garrett, since you are Miss Nikita's grandmother, I must respect Miss Nikita. This time, I will get it go."

After that, he turned to a young male policeman and said, "Forget the detention. Go up and let her out."

"Yes, sir, I'll go right away." The young male policeman turned and headed upstairs..

Sir Carroll looked at Cathleen again and said, "Mrs. Garrett, although I won't pursue this matter anymore, my mother is still lying in the hospital. The apology is still indispensable."

"Of course." Cathleen pressed down the surprise from the bottom of her heart and nodded, "After a while, I will let her go to the hospital. Thank you for willing to give her a chance to change."

Sir Carroll said quite directly, "If you want to thank, just thank Miss Nikita. I don't want to care about it if it weren't for Miss Nikita. But..."

Sir Carroll glanced at Patrick, looked at Margot who came down from upstairs coldly. He said sarcastically: "I didn't expect that Miss Nikita's family would be like this."

Patrick was satirized with a blue face.

He could only hold back his anger.

They went through great efforts to let Sir Carroll be willing to let go. They're still in the police station. Making troubles will do no good for them.

Cathleen didn't get angry because of the irony of Sir Carroll. She was quite angry with her daughter and son-in-law.

She also felt that her stupid daughter and son-in-law were not worthy of such a good daughter.

"Mrs. Garrett, the meeting will begin soon. Excuse me." Sir Carroll was furious when he saw Margot. In order to avoid him beating her out of impulse for a while, he greeted Cathleen and went upstairs.

“Mom.” Margot came down from upstairs and saw Cathleen with a gloomy face. She didn’t dare to look at Cathleen for too long and let out a guilty cry.

Frowning, Cathleen didn’t speak.

Margot walked to Patrick’s side, looked at Cathleen, who was still gloomy, and whispered. “Mom, I know I’m troubling you again. I...”

“Well, you’re not bothering me.” Before Margot finished, Cathleen interrupted her words in a cold voice. “Sir Carroll didn’t give up pursuing your responsibility because of me. If it weren’t for Niky, do you think you can come out so soon?”

Margot was stunned: “Mom, what did you say?”

Chapter 983 It’s all because you have a capable daughter!

“I said that Sir Carroll can not pursue your responsibility, completely for the sake of Niky, and has nothing to do with me. Do you really think that a Garrett can enjoy the privileges anywhere? I tell you, Sir Carroll is determined to let you detain for a full week. You came out now because you have a capable daughter.”

“It’s a pity that such a good daughter was created by you and your husband.” Cathleen glared at them, and denounced, “You didn’t want your own daughter, but a person who schemes you about everything. I think you are too stupid to know what are you doing!”

“Mom, you can’t say that.” Patrick refuted, “It doesn’t mean Nikita is nice even if Sir Carroll let Margot go for her sake.”

“Since she knows Sir Carroll and has a good relationship with him, She could ask him to let her go. But she didn’t. And she knew Margot is suffering from a disease, and can’t be in here for too long. She never thought of helping.”

“She is so cruel to her own mother, what is so good about her?”

“How dare you?” Cathleen scolded, “You have all cut off relations with her, she doesn’t share a family with you, why are you forcing her to do you a favor? Also, what did you do to her before?”

“If I were her. I wouldn’t mind your business!”

“Since you think she is not good, why did you tell Sir Carroll that she is your daughter just now? You think I don’t know what’s going on? If you really have the guts, you should clear things up with her. You used her and said she’s bad, what do you mean?”

Patrick stiffened.

Nathan was deeply embarrassed.

“Forget it, I don’t care about your affairs. The daughter is yours, not mine. It is also your business to do the right or wrong thing. If you regret it in the future, don’t come to me for help.”

“And, if there is such a thing in the future, don’t call me. You are making me feel too ashamed.” Cathleen scolded the couple, and then left. Margot looked gloomy. After Cathleen walked out of the police station, she asked Patrick with a blue lace: “What did mom mean by those words just now? What does my business have to do with Nikita? She said that Sir Carroll was willing to let me go because of Nikita. Is this true?”

Patrick looked a little gloomy and nodded: “It’s true. Originally, Sir Carroll didn’t want to let you go. He refused when mom came here in person and talked to him. Later, he knew that we knew Nikita, and he got over it then.”

Margot frowned hard: “So, Nikita still knows Sir Carroll?”

“Yeah. And I think that Sir Carroll...” Patrick glanced at Margot’s face, hesitated, and then continued, “He is very polite to Nikita.” Frowning, Margot suddenly stopped talking.

Sir Carroll refused Cathleen, but accepting Nikita.

How come Nikita is so powerful?

“Mom, I think Grandma is right. Thanks to Nikita this time, Sir Carroll did us a favor. I think we should thank Nikita.

Chapter 984 I think he is crazy!

As soon as Nathan’s voice fell, Margot became angry with him: “Nathan, what’s going on with you these days? I remember when Nikita first came home, didn’t you still dislike her very much? Why did you begin to think highly of her since she cut off relation from us?”

“You actually let me thank her? Don’t you know what she did to me before? She is shameless. Your father just said that she clearly knows Sir Carroll and that I was detained. She didn’t beg mercy for me.”

“I think she may still be gloating!”

Nathan frowned: “Mom...”

“Well don’t tell me again. It will never be possible for me to thank her!” Margot was gloomy. “You might as well regard I don’t have this daughter as I do. Remember, Yvonne is your sister, not her. She has nothing to do with us.”

*Also, I heard Zoey says that you and Yvonne have been in conflict for several days. Nathan, what’s wrong with you? You and Yvonne have a good relationship since childhood. You also love her the most and protect her the most. Why are you bullying your sister now?”

“You are simply strange! You are protecting the person you shouldn’t protect! You are a brother, are you still going to be angry with your sister? Yvonne’s eyes are swollen with tears these days, do you know?”

Nathan listened to Margot’s ruthless words indifferently, and then looked at her face of deep hatred when she mentioned Nikita. He couldn’t help but get angry: “Mom, Nikita is your own daughter, not your enemy. Why do you hate her so much?”

“Even if she didn’t help you, she didn’t do anything to harm you. She has been separated from us for more than ten years, and her feelings for us are not deep enough. She is cold to us because we treated her badly.”

“If we can treat her like Yvonne at the beginning. I believe she will treat us with sincerity.”

“We are not very good to her, and now why should we ask her to be good to us?”

“And Yvonne...” Nikita took a deep breath and suppressed the impulse to tell the truth. His tone suddenly became indifferent and said, “Don’t worry about things between me and her.”

‘Nathan, what do you mean!’ Margot was furious.

“You are biased against Nikita!” Nathan looked at them with anger in the eyes. ‘Grandma is right, one day you will regret what you’ve done!’ He then turned around and left without looking back.

Margot’s face turned blue with anger: “Patrick, look at your son’s attitude! He listened to me when he’s a little child, and now he argues against me like this for the sake of that shameless girl! I think he is crazy!”

“He actually said that we are biased against the shameless person! If Nikita can be half sensible as Yvonne, can we be biased against her? It is she who doesn’t learn well and make us feel embarrassed. Can’t we say a few words!”

Margot was furious with anger.

Their most sensible, the most filial son, now unexpectedly stands for an outsider who cut off relations with them!

Is he poisoned by Nikita?

Chapter 985 She has always been prejudiced against Yvonne.

Biting his lip. Patrick didn't speak.

When he didn't say a word, Margot became even more angry: "Why don't you talk? Am I wrong? Are you thinking that I have done something wrong for the sake of that shameless person?"

Patrick sipped his lip and was silent for a few seconds, "Nikita is very capable. All the people she knows are big shots. If she is still in the Swift family, I think she will definitely make us proud."

Yvonne has good academic performance. She plays the piano very well, which makes them proud.

Every time their friends talk about their children, Nathan and Yvonne make them very proud.

Others envy them for having a pair of sensible and capable children.

But if Nikita hasn't cut off relations with them, with those people she knows whether it's Sean, or Malcolm, or Dr. Frank, they'll be proud if they bring anyone of them up in the conversation.

It's definitely more credit to their pride than having a pair of sensible and capable children.

Even if Nikita really don't learn well, with these big people she knows, it is impossible to make them feel embarrassed.

Every time he thinks of these things, Patrick regrets.

But it's too late to say anything now.

Nikita held great prejudice against them. Every time they bumped into her, she gave them cold faces.

They can only choose to cultivate Yvonne now.

If Yvonne can be admitted to the best university in the country, and awarded with a few more prizes in piano contest, it's smooth to get her married into a prestigious family.

On that day, Margot told him about the young master in the Lambert family who is single.

Although he felt that Margot want too much, he had thought about it seriously. Besides, with Cathleen, there might be a chance for them to get to know the Lambert family.

Yvonne is smart, good-looking, and has a gentle and thoughtful temper. Maybe the young master in the Lambert family like her. If so, the Swift family will be wealthy and powerful when after Yvonne marries into the family.

"Hum, what if she has the ability, and we can't count on her! Fortunately, we have Yvonne, and we can still count on Yvonne in the future!" "Yeah." Patrick nodded. "Yvonne has been clever and sensible since childhood, and filial to us. Let's cultivate Yvonne well in the future."

Margot thought of something and frowned. "But..."

Patrick: "But what?"

Margot said with some annoyance, "But Mom still doesn't like Yvonne. I think she is quite good to that shameless person. I planned to bring Yvonne to her place more often. However, she is biased towards Yvonne. I'm afraid she might not care about it."

Patrick shook her hand: "Mom has never been with Yvonne for a long while, and she doesn't know her well enough. After a while, she will definitely like Yvonne."

"Indeed." Margot nodded. "Let mom come to live at home for a while, and then you can let Yvonne perform well in front of her."

Leaving the police station...

Nikita directly took a taxi to the Lambert Group,

After arriving at the place, she went straight into the hall without telling anyone she was coming.

This is Nikita's first visit.

The girl in school uniform is very beautiful, with fair skin. As soon as she walks into the hustle hall, she attracts many curious sights.

Chapter 986 Looking for President Lambert's younger brother?

In school uniform, Nikita is quite out of place in the company hall.

She is a beautiful little girl.

Curious, wondering, sights fell on Nikita, and the staff in the hall were whispering.

"Who is this girl looking for?"

"She's from the First Senior High School, the same school as President Lambert's younger brother. Would she be here because of his younger brother?"

"It is possible! I heard his brother is quite a scum."

A group of people started to fantasized when seeing beautiful Nikita who shares the same campus life with Felton.

Nikita heard the gossip expressionlessly, and went directly to the front desk.

Two employees at the front desk were also talking about her. When they saw her coming, they immediately stopped talking, and put on a smile. Politely, they asked: "Miss, who are you looking for?"

Nikita lifted her eyes and looked at the female employee: "I am looking for Sheehan."

The two female employees: "..."

Is it true that the President's younger brother romantic scandals, and the girl came to his family directly?

"Sorry, if you look for our President, you need to make an appointment." The female employee stunned for a few seconds, said with a smile. "Do you have an appointment, Miss?"

"Make an appointment? Nikita shook her head. "I didn't have an appointment."

"I'm sorry, if you don't have an appointment, you can't go directly."

"Oh, well." Nikita nodded. "Then I'll give him a call.*"

The two employees: "?"

When they were in doubt, Nikita took out her mobile phone and made a phone call to Sheehan.

Her phone call was answered in a sec.

"Smoke, why do you call me at this time? Have you finished your operation?" The man's low and gentle voice was flowing into Nikita's ears, and her mobile phone was attached to his ears, as if the man was talking in her ears, which was magnetic and provocative.

"I'm in your lobby." Nikita didn't answer his words, looked up at the curious and surprised eyes of the two female employees at the front desk, and whispered. "Your employee said that I need to make an appointment to see you. I want to make an appointment with you now. Then you tell them."

'Have you come to my company?' Sheehan was surprised.

'Yeah.'

"Wait for me. I'll be right there."

"You come downstairs?"

"Well, sit in the rest area for a while, and I'll be right down."

"All right."

Hanging up the phone, Nikita didn't go to the rest area, just stood at the front desk and wait.

The two female receptionists looked at each other, one of them asked with some doubts. "Did you just call Mr. Sheehan?"

Before Nikita could speak, the female staff at the front desk said, "Miss, you don't have to act with us. It's useless, if you are familiar with our president, he will definitely tell us that you are coming over in advance."

"Or, he will definitely arrange someone to receive you."

They don't believe Nikita can call to Sheehan on the phone.

Mr. Lambert is giving a meeting to the top management of the company at the moment.

A very important business meeting.

Even if his brother calls him at the moment, he may not answer it.

Besides, she is an outsider.

Besides, if she can talk to President Lambert directly, she must have his private number.

But few people know President Lambert's private phone number.

Chapter 987 Can you talk with them?

Two female employees at the front desk don't believe that Nikita has called Sheehan just now.

President Lambert is having a meeting with executives now.

A very important business meeting.

Even if Sheehan's brother calls him, he may not answer the phone.

Let alone an outsider.

Besides, if someone can call Sheehan directly, that person must know his private phone numbers.

But... only a few people know his private phone numbers.

This girl is definitely acting.

She is treating them as fools? She thinks that she won't be revealed?

"Yes, miss, you don't have to act with us. If you really know our president, he will definitely arrange someone to serve you." Another female receptionist said with contempt in her eyes.

It sucks.

People's qualities are really 'diversified' recently.

Is this little girl coming to ask President Lambert for money?

Probably.

The little girl may have fallen in love with president's younger brother, and now they have broken up. She doesn't know what she can do, so she come to find President Lambert to make trouble?

After all President Lambert's younger brother is known as a devil of N City, only Sheehan can make him obedient.

If this is the case, the little girl is not worthy of sympathy.

At such a young age, she doesn't study seriously. She falls in love so early... She deserves to be hurt by breaking up with someone! "Acting?" Nikita received a message, noticing William's transfer of 500 million. She picked up her mobile phone and looked at the message. Then she raised her eyes and looked at those two female receptionists with dark eyes indifferently.

'Aren't you acting?' The female employee with contemptuous eyes pulled her lips. "Your words can't prove anything. Only you know who you called just now."

Nikita's eyes were black, she smiled in a low voice: "Well, I can call him again, you can talk with him, OK?"

The female employee who spoke just now thought Nikita was bluffing, she laughed sarcastically: "OK, call him."

Nikita smiled with deep meanings, then she clicked on her phone with white and beautiful fingers, she called Sheehan.

Sheehan answered her phone immediately again.

Sheehan was in the elevator, his voice was low and gentle: "I will soon arrive at the first floor. You like the desserts on the dessert store downstairs, right? Let's buy some later."

Nikita didn't answer his words, she said coldly: "Your employees don't believe I know you. Can you talk with them?"

"What?" Sheehan was stunned.

Nikita raised her eyelids and handed her phone to that female employee who spoke just now.

The female employee looked at the mobile phone Nikita handed over, and then looked at Nikita, who had indifferent face and calm and indifferent eyes. She inexplicably became panicked, then she took over the phone in doubt.

"Hello."

The next second, the expression on the female employee's face quickly became stiff, and her face turned pale gradually.

Till the end, that female employee didn't say anything else.

A minute later, her face was still pale, but her tone was not sarcastic as it was just now. She became more polite, then she handed the phone back to Nikita: "Miss, your phone."

Nikita took over the mobile phone, seeing the changes of the employee's arrogant attitude, she smiled with interest: "Do I know President Lambert?"

"I'm sorry, miss." That female employee's voice was low to the extreme, she also bowed her head lowly.

Chapter 988 Be careful when you talk and work in the future.

When the other female employee saw this situation, she understood what was going on. She quickly apologized to Nikita: "Miss, I'm sorry. we misunderstood you."

'Misunderstand?' Nikita narrowed her eyes. Her voice was quite faint, but those two employees were frightened.

They kept apologizing.

They said 'Sorry for countless times.

Since this girl can get Sheehan's private phone numbers, their relationship must be close.

No matter what the relationship is between this girl and Sheehan, they can't afford to offend.

At the beginning, they competed with countless people before entering the Lambert Group. They were very satisfied with this company's salary and various welfare, they didn't want to lose such a good job because of such a matter.

After all, if they leave the Lambert Group and go to find other jobs, they won't have higher salaries or better welfare.

"Be careful when you talk and work in the future." Nikita saw a familiar figure with the corners of her eyes. She turned and saw Sheehan walking out of from the elevator in front.

All the employees around stopped and respectfully said: "Good afternoon, President Lambert."

Two female employees at the front desk also saw Sheehan, and their faces changed again.

At this time... Sheehan should be at the meeting of the executives...

The meeting can't be over so soon.

So... Sheehan is in the lobby at this moment... because...

They looked at Nikita tacitly, their faces changed again. They regretted for their foolish words again.

This little girl has Sheehan's private number, she can also ask Sheehan to come down to pick her up during his conference with a phone call. Sheehan must value her very much.

Even Sheehan's brother won't be treated like this.

Nikita looked at the man coming towards her, she leaned against the reception desk lazily.

After a short while, Sheehan walked to her.

Nikita took off the backpack on her shoulder and handed it to him.

Sheehan took her backpack very naturally. He held her backpack in one hand and held her hand in the other: "When did you arrive here, why didn't you tell me in advance?"

"This is a surprise for you, don't you like it? The girl raised her eyebrows gently.

"I like it." Sheehan held her hand and smiled, "Such a surprise, the more, the better."

Two female employees at the front desk were stunned to see their president carrying a bag for the little girl. He also held that girl's hand. What is the relationship between Sheehan and this little girl?

She is Sheehan's sister?

President Lambert has a cousin... His cousin also studies in First Senior High School as a senior high school student. But... that girl has come to the company before, she doesn't look like this.

Besides, Sheehan is so close to this little girl.

Such intimacy is not the same as that between brothers and sisters.

Other employees in the lobby were also stunned.

After all, they have never seen their boss to be so close to any girls.

"Would you like some dessert?" When Sheehan was talking with Nikita, his voice was very gentle, which made those two female employees hard to believe.

Nikita thought about it and nodded.

Sheehan smiled. His deep eyes were filled with smile with dots: "Let's go."

After a while.

Sheehan took Nikita's hand and walked out of the hall.

The faces of the two female receptionists were pale, and their eyes also looked uneasy.

Chapter 989 The Legendary Team

After buying dessert and returning to the company, Sheehan continued his meeting.

Nikita stayed in his office, opened an APP to watch the live broadcast of KTL competitions. Then she saw RG won YUT easily at the score of 3:1.

This is the last game on the first day.

RG is invincible, this team has won all its opponents of that day.

The audience cheered. Fans were shouting “RG is awesome, RG is invincible”. First, the photographer shot those team members who were hugging each other and cheering on the stage. Then, the photographer shot the audience. Nikita saw Samuel and Tobin hugging each other and cheering, she also saw Tammy and Felicia.

The two girls were red-eyed with joy and excitement.

The photographer shot their faces closely. Nikita saw Tobin and Samuel were also red-eyed.

Although RG has only got a temporary victory, it hasn't won the final championship yet, everyone is very happy, excited and in high spirits. Nikita also smiled slightly. Considering the skills of the team members of RG, it won't be hard for them to be the champion again.

She decided to leave after seeing all the members being mature. She left because she didn't have to worry about them. During those years after her leaving. RG has developed better and better, it has also become more and more famous.

Up to now, it has been a legendary team in the field of e-sports.

Looking at the teenagers cultivated by her... They have got such achievements, Nikita was happy for them.

After watching the end of the competition, Nikita also closed the broadcast.

Before long, she received several messages on WhatsApp.

Those messages were sent by Manley, Samuel, and Tammy, all of them were sharing the good news with her.

After the game, it was almost dinner time.

Nikita promised to have dinner with Manley and other members this night. Manley was afraid that she wouldn't come, so he sent a message to her to confirm.

Manley: Leader, you will definitely come tonight, right?

Before Nikita replied, Manley sent another message: After changing clothes, we will go to the place for dinner. Be there or be square tonight! Nikita replied a word: OK.

After replying Manley, the door of the office was opened, Sheehan finished his conference and came in from outside.

"Is it boring to be alone in the office?" Sheehan walked to Nikita and sat down next to her. "I have got off work. I have told Grandpa to take you back to dinner at night. Shall we go now?"

*Tonight? I'm afraid I can't." Nikita said with guilt in her eyes. "I have forgotten. I have promised Manley to have dinner with them."

Sheehan smiled: "Well tomorrow is also OK. Are you free tomorrow night?"

Nikita was afraid that she might have forgotten something again. After thinking about it for a while, she nodded: "Tomorrow night, OK," "Well I have to tell grandpa. Otherwise, he will wait for us."

Sheehan took out his mobile phone and called Old Mr. Lambert.

"Grandpa, I have something to do. I can't bring Niky back to eat with you tonight."

“Well, tomorrow night.”

“OK, I’ll tell Niky.”

After a while, Sheehan ended the chat.

He smiled and looked at Nikita: “I have already told grandpa. He asked me to ask you, the medicine you prescribed for him before has been eaten up, does he need to continue eating?”

Nikita: “Those are tonics. If he has recovered well, he doesn’t have to eat. All kinds of medicine may have side effects. Even if those are tonics, grandpa can’t eat too many.”

Chapter 990 The receptionists have been changed.

Sheehan nodded: “OK, I’ll tell him later. Where will you have dinner with your friends? Now... it’s time for me to send you there.”

Nikita said the address.

Sheehan took her hand, stood up, and said, “Let’s go, I’ll send you.”

When they went to the lobby downstairs...

When they walked by the front desk, Nikita found that the receptionists have been changed. Those two female receptionists she saw before were gone.

She looked back thoughtfully.

Other departments are still at work, so the receptionists will definitely not leave work early.

There are also no shifting.

But... the receptionists are suddenly changed, the reason is quite obvious.

Although the two female employees are not sensible, Nikita has never thought of asking Sheehan to dismiss them. Well, since Sheehan has taken the initiative to do this, she won't beg for mercy for them.

It is perfectly normal for the boss to fire employees.

They will have dinner at the city center, which is not far away from the Lambert Group. It has only taken them more than ten minutes to get there.

Sheehan stops his car. Nikita unbuckles her seat belt, opens the door and wants to get off the car.

Her hand was gently pulled.

She turned her head, looked at the handsome face of the man close at hand. Then she slightly raised her eyebrows: "What's the matter?" Sheehan reached out his hand and put the hair by her ear behind her ear, then he held her hand and pinched: "I will pick you up after your party. Tell me in advance when you finish the dinner."

Nikita nodded: "Hmm. I see."

Sheehan touched her head and said with soft eyes: "Go and have fun."

"Well, you can find a place to have dinner." Nikita also pinched his hand, then she opened the door and got out of the car.

Sheehan sat in the car and watched her walk into the restaurant before driving away.

Manley booked a private room in advance.

Nikita walked into the restaurant, the waiter greeted her enthusiastically: "Hello, miss, are you alone?"

This restaurant is a very upscale restaurant in N City.

People who come here are wealthy and powerful.

Although Nikita was wearing a school uniform, others could tell that she is a student at a glance. The waiter thought that she is a young lady from a wealthy family, so he was quite enthusiastic.

Nikita shook her head and said Manley's name.

"He has booked a private room." The waiter led her, "He hasn't arrived yet. Miss, I will take you to the private room first."

Nikita nodded and followed the waiter.

When they walked to that private room, the waiter opened the door. As soon as Nikita wanted to enter the room, a cold voice sounded behind her: "Nikita, it's you!"
