

## **The Girl CB 991**

Chapter 991 It is a delusion!

Nikita narrowed her eyes and turned around.

Rosa stood behind her with a cold face and looked at her, as if she were looking at her enemy. The hostility in her eyes was obvious.

"I was looking for you, but I didn't expect to meet you here" Rosa coldly said, "In this case, let's talk here"

Nikita slightly raised her eyebrows: "I seem to have nothing to talk about with you."

"Nothing? Nonsense" Rosa's eyes were filled with anger and unwillingness, "Nikita, let me tell you, no matter what plans you have used, no matter how you let master give the Evan School to you, you won't be the leader of the Evan School. No way!"

"Even if master wants to give the Evan School to you, you must be accepted by others. Now, no one but master thinks you are qualified to be our master"

"Do you think that everything will be all right after coaxing the master? You'd better stop thinking like this as soon as possible. In any case, other members of the Evan School will not agree to let a useless person who can't do anything with bad academic performances become the master!"

"Stop imagining of being the master!"

That day, Malcom announced that he would hand over the Evan School to Nikita, and let her be the next master of the Evan School. This matter quickly spread in this school. Within one day, every person knew this matter.

Many people opposed this, they were quite resistant to Nikita, the so-called next master.

All of them said that if such a useless and wanton girl would be their master, they would quit the Evan School.

They can't afford to be so ashamed.

Certainly, Rosa has heard of such opposing ideas.

She hopes those people who don't support Nikita to meet Malcom and argue with him

The more people, the better, and the more serious, the better.

Finally, Malcom will definitely give up choosing Nikita to be the master!

Nikita wants to be the master of the Evan School? Is she qualified?

Nikita thinks that getting Malcom's support is enough?

No way!

All the members of the Evan School are proud. They won't accept a senior high school student, who can't be compared with them and is much younger than them as their master

Looking at Rosa's angry face, Nikita felt funny: "I have never been interested in being the master. It is Malcom who has forced me and begged me to be the master of the Evan School"

"I'm also very annoyed with him. There are so many disciples, he also has a son who can inherit the Evan School. Why does he bother me? If you want to be the master, or if others want to be the master, you can go to argue with Malcom. What's the point for you to argue with me?"

Rosa's face suddenly became gloomy.

She gnashed “You are not interested in being the master of the Evan School? How ridiculous! If you are not interested, why don’t you refuse my master? If you refuse him, he won’t decide to let you be the master!”

Nikita blinked, and her expression was quite innocent: “I have refused, but he insisted. What can I do?\*

“You have refused?” Rosa couldn’t help but sneer. “What do you mean? You mean my master forces you to accept the Evan School? Nikita, no one will believe your words What do you think the Evan School is? Trash? No one will accept it?”

The Evan School is powerful in the domestic music circle and even in the global music circle.

Chapter 992

am afraid you are not qualified.

The Evan School is powe

› domestic music circle and even in the

skita said that Malcom

orced her to accept the Eva

Evan School 10)

What does the

At the beginning she wanted to learn from Malcom and enter the Evan School She has School in such a way, if the Evan School were an ordinary association

That's ridiculous!

"Yes, I don't understand why Malcom has to give the Evan School to ma be the master of the Evan School?"

"What are you talking about? Posa was stunned

efforts. However, |

useless hillbilly describes the Evan

ikita smiled and said casually. Perhaps, I can suggest him I can persuade him to let you

half narrowed her eyes, her voice was indifferent "Well, I'm afraid that your level is

Rosa reacted, her face became gloomy, there seemed to be fire in her eyes She looked at suddenly sneered

"Nikita, you can be sharp tongued with me at will. Now, you have Sheehan to support you When he

Le's wait and see'

recommend you, it wont ma

aliciously She grashed, stared at Nik

while, then she

not interested in you, you

be tortured to death.”

Although you are lovers now, it is still impossible for you to marry the Lambert family His family is a century-old noble family Now, Sheehan is the rule of his family, which means his actions can represent the whole family. As the ruler of the Lamben family. won't marry a hillbilly who has grown up in the countryside

Absolutely, Sheehan won't marry Nikita, a hillbil

He's just for fur

After all, this file bitch is beautiful, and it is understandable for men to be attracted by her face for some time

When such an interest is over, he will break up with this little bitch

When the time comes, she will definitely torture the little bitch

Without Sheehan's protection, this little bitch wont dam to quarrel with her like this.

Nita had turned and walked into the private room. After listening to Rosa's words, the paused, turned her head, and smiled because she felt these words were nidiculous “Marry the Lambert family?”

Rosa looked at her with a little pride and venting in her eyes. “Yes, if you think that you can marry the Lambert family because you are Sheehan's lover you are so

I can tell you for free Sheehan's mother is from a royal family, her status is extremely noble, and she is a famous talented woman. She once won the first place in the world competition for violin. It can be said that her skills of playing the violin are superb and unparalleled ”

“Another aunt of Sheehan is also from a noble family. She has graduated from a world class university, she is an internationally famous painter Sheehan’s grandma is from a famous soldiers family, which is quite famous in the history

As for the families that have married the Lambert family several generations ago, they are all noble families”

When Rosa said these words, she thought that she had made Nikita depressed. So she looked at Nikita with a smile “The noble families always marry those families with similar social positions, because they can cooperate as powerful families. You won’t think the tale of Cinderella can be true, right? You won’t think that you can be the Cinderella in the real life, right?”

Nikita’s facial expressions didn’t change. When Rosa finished her words, Nikita smiled and said “I don’t know whether it is easy to marry the Lambert family I am not interested in knowing this. I am not interested in knowing whether Sheehan wants to marry me or not. But I know one thing clearly”

“Sheehan definitely doesn’t want to marry you. It must be difficult for you to marry the Lambert family”

Chapter 993 Niky, is that you?

Rosa was stunned, when she realized that Nikita was mocking her, her face changed immediately:  
“You!”

“Niky, is that you?”

Rosa was about to get angry, a voice suddenly sounded behind her. Nikita heard the voice, turned her head. Then she saw a gentle-looking man looking at her in surprise and walking towards her quickly.

Soon, the man walked to her.

“It’s really you!” After approaching, the man stared at her for a few seconds. After confirming her identity, he looked slightly excited and said, “Mom told me that you are back. I have been willing to meet you for a long time, but I have been attending a seminar abroad some time ago. I came back this morning

Originally, I wanted to call you and ask you to come out to have a meal. Mom told me that you would come home to eat with us together after some time. So, I thought it would also be the same to meet you then.

I didn't expect to meet you here"

While speaking, he looked at Nikita carefully. His sights were gentle, just like her brother. His voice was also gentle: "We haven't met for many years. Nikita, you have become more and more beautiful. You are so beautiful, I didn't dare to call you just now."

The man is Malcom's son, Edmund,

In those days, Nikita always go to Malcom's home to have dinner. Edmund likes this beautiful sister with special characters.

Edmund is Malcom's only child.

He wanted to have a sister since he was a child, but Lauren couldn't conceive again because of physical reasons. As a result, his dream of having a sister can't be achieved. So, at that time, Edmund treated Nikita as his sister

When Nikita disappeared after being forced by Malcom, Edmund quarreled with Malcom because of this

Later, he also went to look for Nikita, but he didn't find her

After a few years, Edmund was very happy to see the little sister he had been looking for again.

"Brother Edmund, you have also become more handsome" Nikita was also looking at Edmund. She slightly smiled. When she was talking to Edmund, her tone was not that alienating and cold as it was just now. Her tone became gentler

Thinking of the past years and their contacts, her eyes also became softer. She said softly. "Brother Edmund, you must haven't rested well recently. You look tired."

Edmund nodded: "Yeah, I have been to many places in the world recently, I am a little tired."

Nikita looked at him again: 'No matter how busy you are, you should pay attention to your health. You'd better have a rest for at least two or three months immediately, take good care of your health. Then, go to the hospital for examination. If nothing is wrong, you can recover your normal lifestyle.

Edmund was stunned, then he nodded immediately: "OK, I will obey your words."

He didn't ask Nikita about the reason.

He knows Nikita's medical skills clearly.

When his father was dying, all his doctors were helpless, his father was almost facing the death.

Even those media reporters have heard this news, they came to the hospital and wrote the manuscripts of the death of his father because of illness

At the critical moment, Nikita saved his father

Not long ago, it was also Nikita who made an operation for his father.

So, Edmund took Nikita's words to heart. Although she didn't say clearly, Edmund could also realize that there must be something wrong with his health.

No wonder... he always feels tired recently.

He thought it was because he was too busy with his work, so he didn't care

Chapter 994 How did she meet you?

He planned to restart his work after resting for two or three days.

Fortunately, he met Nikita.

Otherwise, as soon as he goes abroad in a few days, he will have to stay abroad for about half a month before he can come back, perhaps he will be ill

“Take this” Nikita took out the blue bottle of medicine in her bag, which she always took with her, and handed it to Edmund, “Take one pill every other day.”

Edmund took it looked down and put it in his pocket: “Niky, thank you.”

His father has also taken the medicine in the small blue bottle.

He knows how good the effect is.

Rosa was standing aside with a gloomy face

After Edmund came over, he didn't look at her. He was just talking with Nikita.

As if she were a transparent person

Rosa's relationship with Edmund has also been good.

But now, Edmund pays no attention to her because of Nikita.

Edmund seems to be gentle and easy to get along with, but he is proud. Only a few people can be accepted as his friends.

She thought that she was the only woman who had a good friendship with him.

However, Edmund is obviously closer to Nikita compared with his attitude towards Rosa

According to Edmund's words just now, Nikita has met them several years ago.

Didn't she grow up in the countryside?

How can she know Malcom's families and be so close to them?

Their relationship is so close that Malcom is willing to give the Evan School, which he has made efforts for almost all his life, to her, an outsider.

"By the

way, Niky, are you here alone or with friends?" Edmund said with a smile, "If you are alone, have dinner with us."

Us? Nikita looked at Rosa, who was standing next to Edmund. She realized that they had made an appointment.

Nikita's phone vibrated, Manley sent her a message to ask whether she had arrived

Nikita bowed her head and replied the message, then she looked up at Edmund. "I have an appointment with my friends, they are coming soon."

"Well, you can come home to have dinner some day, let's talk then." Edmund smiled, "I remember you like sweet and sour ribs best. When you come home, I will cook for you. My cooking skills are much better than before.

“OK.” Nikita also smiled. “I am looking forward to it

After a while.

When Nikita entered the private room, Edmund finally turned his head and said to Rosa: “Rosa, let’s go.”

Rosa has also booked a private room, which is in front.

When the waiter led them into the private room, seeing the door was close, Rosa asked a question, which she had endured for a long time “Edmund, Nikita has known you several years ago? How did she know you?”

Edmund looked up at her “You know Niky?”

Rosa’s voice was a little cold “Master is going to let her be the successor of the Evan School. Of course, I know her.”

Edmund went over and sat down. After thinking about it, he smiled and said, “Yeah, Niky has met us several years ago. As for how she met us... it was quite interesting”

“A few years ago, dad went to the countryside to teach for a period of time. At that time, he taught in a middle school in a town for music lessons. One day after school, dad left something in the school and went back to get it. When he passed a teaching building, he heard the sound of the piano from upstairs”

“He had never heard such a charming sound of playing the piano before. It was so wonderful that he stood downstairs without leaving after the playing ended

Chapter 995 Provoking

“After listening to the music, dad couldn’t help but go upstairs to find that person. He was surprised to find that the person playing the piano turned out to be the famous bad girl in the class

“Later, dad left the town after teaching, he left his contact information for Nikita alone. After contacting for several times, Nikita became familiar with us.”

Rosa remembered that a few years ago, Malcom did go to a remote village to teach.

Malcom went to Syracuse Village to teach at that time?

“Nikita can play the piano?” Rosa said with doubts in her eyes, “She grew up in a poor village, how can she play the piano? In that remote and poor place, could there be a place for her to learn piano?”

“I don’t know” Edmund felt Rosa’s hostility to Nikita, he frowned slightly. “Rosa, do you have any grudges with Niky?”

Rosa did not answer his words, but went to the position beside him and sat down. She changed the topic: “Edmund, you must have known that master is going to give the Evan School to Nikita and let her be the next master”

“Yeah, dad has told me” Edmund nodded.

“Since you have known this matter, don’t you have any thoughts?” Rosa looked at Edmund’s indifferent face, she frowned, “Are you willing to accept such an arrangement?”

Edmund was stunned, then he looked up at Rosa, “Rosa, what do you want to say? Since dad has decided, I will definitely support him”

“Edmund, won’t you be unwilling? That position should have belonged to you, but now master wants to give it to another person. You are master’s son and the most qualified person to take over the Evan School. If the painstaking efforts of your family are given to an outsider, can you really accept it?”

Edmund was always gentle. After listening to this, his face suddenly changed.

When he spoke again, his tone was not as mild as before, and his face became serious: "Rosa, you are wrong I have never been the most qualified person to take over the Evan School. As for qualifications, many disciples are much better than me

The position of the head of the Evan School is chosen according abilities, which has nothing to do with whose son I am. Besides, Niky is not an outsider, and our family has never treated her as an outsider. Dad's decision must have his own reasons. He feels that Niky is the most suitable person to take over the Evan School, he must be right.

Besides, I also know Niky's abilities. Her abilities are definitely qualified."

Rosa didn't expect Edmund to have such an attitude.

She thought that Edmund would definitely fight for being the head of the Evan School as Malcom's son.

So she made an appointment with Edmund

She thought that as long as she could incite Edmund to argue with Malcom, Nikita wouldn't become the head of the Evan School.

Malcom doesn't care about other people's opinions.

But he can't neglect his son's thoughts, right?

Unexpectedly, Edmund agrees with Malcom's decision?

"But, Edmund..." Rosa still wanted to say something.

"Well, if you asked me out for telling me this, we don't have to continue talking" Edmund interrupted her words directly. He stood up, lowered his head, and looked at her seriously. "Rosa, I don't know your grudges for Niky. But I won't oppose her of becoming the head of the Evan School. You don't have to provoke our relationship like this"

Chapter 996 Are you really in love?!

“It suddenly occurred to me that I still have something to do I think we’d better make an appointment another day”

Edmund said like this, then he turned and left

Seeing Edmund walking outside the private room, Rosa’s face became gloomy and dark to the extreme.

Edmund is a fool!

The Evan School is the achievement of his own family, but he doesn’t even want to fight for it. He is willing to give it to Nikita directly.

If Edmund doesn’t cooperate, her plans can’t be carried out

But she won’t give up!

Nikita wants to be the head of the Evan School and be superior to her? She will definitely stop it.

In any case, she won’t let Nikita be the head of the Evan School smoothly!

Nikita finished eating with Manley and others. Then, a team member proposed to go to KTV to sing songs,

“Leader, I haven’t heard you sing for a long time”

Yes leader, it’s still early it is not easy for us to meet, let’s play for another while

Manley also smiled and said, “Go back later, we will send you then

A group of people were walking out of the restaurant

Nikita replied Sheehan's message, then she looked up at those boys who were inviting her enthusiastically: "Next time, I still have something to do"

Sheehan said he had come to pick her up, he was soon going to arrive at the door of the restaurant

"Something to do? Manley suddenly remembered the man who came to pick Nikita up at noon. He slightly raised his eyebrows and asked with curiosity, 'Something to do. Do you mean you are going to date with someone?'"

"Date?"

"Who will our leader have a date with?"

What? Leader is in love?"

Other team members also immediately became curious, all of which were in high spirits

Their leader is such a cold, cool, and special girl, what is her boyfriend like?

That man can be accepted by their leader He must be extraordinary.

A group of people with attractive faces walked out of the restaurant under the gaze of others.

Nikita walked down the stairs of the restaurant and stood under a tree by the street to wait for Sheehan

Manley and other team members were standing with her

”

Those boys are all handsome and full of youth, the girl is also delicate and beautiful. When they stand by the street, they form a beautiful scene, which attracts the passers by to have a look.

“Yeah, I will date later. Nikita didn’t hide her amour. She admitted directly in front of them.

Those boys who were gossiping about her just now were dumbfounded immediately.

“Boss, you, you are really in love?” These boys were stunned. Originally they casually gossiped, and no one thought Nikita really fall in love.

Their boss is really in love?!

This is too scary!

Manley are also stunned for a while, showing obvious surprise on his face.

He won’t be surprised if anyone falls in love.

But Nikita gives him the feeling that she has no interest in love at all.

“It’s unnecessary for me to lie to you.” Nikita’s tone was calm, “Why are you surprised like this? I am in love, not killing someone of doing something evil.”

Several boys: “..

“Is it the man who came to pick you up at noon today?” Manley asked.

“Hmm” Nikita nodded.

Many were silent for a few seconds before he came up with a sentence: "OK, he is quite handsome."

And he drives a limited edition Rolls Royce

He should be quite rich

Even if they are both men, Manley thinks that the man is quite handsome at noon today

His temperament is also very good.

On the appearance, he is suitable to Nikita

Chapter 997 Even if he lied to me, I wouldn't lose anything.

"Nonsense" Nikita is not polite at all, "I won't fall in love with him if he is not handsome."

Manley

Several other boys" ..."

After so many years, their boss is still appreciating handsome guys!

"Does he come to pick you up?" Manley asked again.

"Hmm."

"What does he do?"

Nikita raised her eyes and smiled: "Why do you ask so many questions?"

Manley looked at her dark eyes, blinked and said in a serious way 'No, I am just a little curious. I think he is older than us and should be a social elite'

"People in the society have much more complicated thoughts than us, so you should be cautious."

"Are you worried that I will be cheated" Nikita slowly showed a smile. I know him clearly Besides, even if he lied to me, I will not lose anything What she takes a fancy to is Sheehan's appearance.

As long as Sheehan's face is real, she won't lose anything

Hearing her words, Manley turned to look at her. His lips moved, and he still wanted to say something.

But after thinking about it again, he didn't say anything

Nikita is smarter than all of them.

The person who can deceive her is probably not born yet.

Those boys accompanied Nikita to wait on the street. After waiting for a few minutes, a silver-gray Rolls-Royce drove up and stopped by where they stood. The door opened, and the man with excellent appearance and noble temperament got out of the car After that, he went straight to the front of Nikita. Those boys were all staring straight at Sheehan.

Nikita took the initiative to come forward and hold Sheehan's hand, and then introduced them: "My boyfriend"

Sheehan also greeted several people gently: "Hello, I am Nikita's boyfriend, Sheehan Lambert

"Hello, Sheehan Several boys looked at the handsome and powerful man in front of them, and they all felt invisible oppression, and they became nervous inexplicably

As if they saw their interviewers

They were so nervous

But they don't know why they are nervous.

"Thank you for taking care of Nikita for me tonight. I will pick her up now" Sheehan holds Nikita's hand, and his smile is noble and elegant.

"You, you're welcome. This, this is all what we should do." The boy who talked to Sheehan stammered. He was very talkative at ordinary times, but now he couldn't even speak neatly

After a while

Sheehan and Nikita left

Manley and other boys didn't react.

"Manley, why do I think the name of Niky's boyfriend is a bit familiar? It seems that have heard it somewhere."

I also feel a little familiar

Manley sipped his lips tightly and made no noise.

Of course they felt familiar.

The name of the new president of the Lambert Group is Sheehan

The man can't conceal his noble temperament, and his aura is different from that of ordinary people. It is very likely that he is that young president of the Lambert family

If he is the president of the Lambert Group, whether his appearance or identity is suitable to Nikita.

Manley was worried that Nikita was cheated at first.

But how, he began to worry about how long Nikita's new relationship can last

Although he thinks Nikita is also excellent

The Lambert family is a real noble family, and Sheehan is now in power in the Lambert Group, so his status is extremely noble. Nikita is very likely to be wronged with such a man in the future

The next day

Chapter 998 Few people believe it.

As usual, Sheehan sent Nikita to the school gate, watched her walk into the school, and then drove away.

The morning self study time in Class F is as lively as usual. Many people were chatting and laughing around.

Although the college entrance examination is coming soon, which can determine the direction of life, it has not brought any pressure to the students in Class F. After all, few people in this class are willing to study hard

Basically they are fooling around.

Fooling around every day

Samuel, Tobin and other noble students have already arranged to go to foreign schools by their families. They have to go home and inherit hundreds of millions of possessions if they don't work hard. Their families have arranged their future directions, so naturally they have no pressure

When Nikita came into the classroom, Samuel and Tobin were surrounded by many boys, who were talking about something, which was very lively. "Really? Nikita is Manley's former coach. Samuel, we all know that Nikita is your goddess, but you can't put her in such a high position because of this."

"Yes, Samuel, you brag too much. Their team has been established for several years. Their former coach was there when the team was just established. According to you, how old was Nikita at that time?"

"She became their coach when she was thirteen or fourteen years old?"

"Brag" I never brag Niky is the former coach of RG, which is a firm fact! Forget it if you don't believe it. Anyway, you will be proven that you are wrong in the end. At the beginning. I said that Niky had a good relationship with Manley, but you didn't believe it. In the end, you were dumbfounded:

These people blushed with emotions because of the discussion.

When Nikita came into the classroom, she heard several people talking about her

She carried a black backpack in one hand and put the other hand in her pocket, and walked slowly.

Someone saw her

"Nikita you are here" A boy volunteered to greet her.

Nikita nodded, went to her seat, stuffed her backpack into the drawer of her desk, and got a book conveniently

"Niky your iced milk tea, and the ice inside has not melted yet! When Samuel saw Nikita coming, his eyes lit up, and he put the milk tea he had already bought on Nikita's desk

When he handed it over, he inserted the straw by the way.

His service is very thoughtful.

Tobin has long been accustomed to all this. Several other boys looked at Samuel giving milk tea to Nikita and helping her insert the straw. They turned their heads and looked at each other in confusion for a few seconds, and they all felt that Samuel was flattering too much.

They haven't seen him serve a girl like this.

Samuel is handsome and rich. Even if his family is not as good as Felton's, it is also a famous wealthy family in N City

Girls used to chase him and service him.

Nikita wasn't polite at all. She picked up milk tea and took a sip.

Several boys are still at Samuel's desk. One of the boys watched Nikita for a while. After hesitating for a few seconds, he couldn't help but ask: "Nikita, Samuel said that you are the former coach of RG. Is this true?\*

The other boys all looked at her uniformly.

Other people in the class also looked at her

Samuel said that Nikita was the former coach of RG, and all the students in the class heard it

Few people believe it.

Although Nikita and Manley seem to have a good relationship, it is too exaggerated to say that she is the former coach of RG.

Chapter 999 Her brag is too exaggerated.

Doesn't that mean that when she was thirteen or fourteen years old, she was working as a coach for professional game players?

No one believed Samuel

But at the moment, they also want to hear how Nikita will answer

When Nikita heard the boy's question, she took a sip of milk tea, chewed and swallowed it slowly. Then she raised her eyes and looked at the boy who spoke. Her voice was quite light, "Yes, it's true"

Several boys

Others in the class

Ahem The boy stunned for a few seconds, and the smile on his face was somewhat awkward. "Does that mean that you became the coach of RG team three or four years ago?"

"Hmm" Nikita nodded

"Did you hear it? I didn't brag to you! Niky is YAN, the former coach of RG, and she made the RG team to be a powerful team by herself! Didn't you all say that YAN

is your idol? Now that your idol has become your classmate, and she stands in front of you. Are you surprised?"

Ha ha it is it is quite surprised Several boys looked at each other for a few seconds, and they all saw distrust in each other's eyes.

No one takes Nikita's words seriously

She's gone too far

But no one dares to say anything in public, because they are afraid that Samuel is eager to protect her and find trouble with them. Samuel was carried away by love, and he believed whatever Nikita said.

They're not as gullible as he is.

YAN is indeed their idol, but it has nothing to do with Nikita.

Originally, a group of people liked Nikita, and had a good impression on Nikita because of Manley

But now, there are more boys in the class who have some opinions on her

Unexpectedly, Nikita pretended to be their idol. This kind of behavior was too bad.

Nikita is YAN, which was quickly spread in the campus chat group.

There were many fans of Manley in the chat group, who used to be fans of YAN, couldn't help scolding.

I had a good impression on the new school babe, but now I don't like her at all!

"I can't bear it. I also begin to hate her!"

"How could she impersonate YAN? She must apologize to YAN!"

The boys are passionate and indignant in the chat group denouncing Nikita.

It's a big deal.

Yvonne is also in the campus chat group. Seeing they are aimed at Nikita, she can't stop smiling, and she feels very happy

"Nikita is crazy about being popular She even pretended to be the former coach of RG Yvonne's deskmate is also scolding Nikita.

Is RG's former coach very good?" Yvonne watched their words for a while, quit it, and asked curiously.

It's the first time for her to see these boys in school react so much because of something.

This group of boys quite supported Nikita before

They even scolded Nikita like this for that YAN.

Yvonne is a little curious.

"Yvonne, you dont like playing games, so you don't know about it. YAN is the former coach of RG, a very powerful person. I tell you

Her deskmate made a detailed explanation to Yvonne

After hearing this, Yvonne showed a macking smile: 'It turns out that's the case. Of course, she can't be YAN T really didn't expect her to be so shameless to get others' attention."

"Maybe the previous things made her get some benefits. Her deskmate pouted. 'She knows Hugh and be a good friend with Manley, which makes her become very -popular in school.

Chapter 1000 Of course she will do better than Nikita.

“She wanted to get more attention, so she lied”

However, she certainly didn't expect her to be scolded this time. There are still many boys in the school who have good impressions on her, but they hate her

because of this matter.”

Yvonne was doing a test paper She bowed her head and finished a question. She smiled coldly and said, “She deserved it”

Yvonne now does not hide her disgust and hostility to Nikita at all.

She didn't call Nikita sister any more like before.

“She can only do this to get more attentions” Her deskmate intentionally pleased Yvonne, so she belittled Nikita. After all, in other aspects, she can't compare with you She is an adopted daughter and always wants to compare with you, a justified daughter She is really shameless.”

Yvonne's fingers holding the pen stiffened, and the expression on her face froze

After a few seconds, she lowered her head and continued to finish the paper While writing, she said: “But she is really popular now. She has a good relationship with Manley and Hugh Many people in the school envy her”

“So The people she knows are very powerful, but it doesn't mean she is very powerful. I dont envy her, I only envy you. It's better than anything to have a happy family and relatives who dote on you. If your family hadn't adopted her, she is just an orphan, right? Who would envy an orphan? Besides, of

course, students must give priority to their studies. No matter how powerful she is in other aspects, her studies are not good, so she is not deserved to be envied”

“But she won the first place in the Greek competition.” Yvonne sipped her lips “All teachers are praising her

“It’s just Greek” When her deskmate saw Yvonne’s gloomy face, she thought about it and continued to say some sweet words, “There will be a joint examination at the end of the month. At that time, it will be a general examination. Even if she gets full marks in Greek, her scores in other subjects will not good. So her total score cant be high”

“Yvonne, your grades have been stable in the top three of our grade In this joint examination, your grades will be definitely higher than hers!”

1 disdain to compare with her” Yvonne snorted, “She has never been the goal of my competition.”

Of course, she will do better than Nikita in this examination.

If in this respect, she can’t compare with Nikita, her efforts in recent years are in vain!

The thing about Nikita pretending to be the former coach of RG team was swirling

Many boys in the school are shouting in the chat group to let Nikita join in to apologize publicly

Nikita is not in the campus chat group.

But Samuel and Felton are here.

“Who has Nikita’s account? Ask her to join in to apologize to YAN

“Yes, Nikita must apologize

Many people in the group were indignant.

The person who was denounced slept soundly on her desk, and she didn't know what had happened

Samuel was very angry when he saw the chat in the group. He gritted his teeth and said to Tobin. "These bastards even said that Niky was pretending to be YAN and asked her to apologize. No way, I can't stand it!"

Said that, Samuel was about to scold them.

He just typed, but before he sent it out, he saw that someone had scolded those boys one step ahead.

Felton Shut up, all of you. You disturb my sleep. If you dare say anything again, I'll punish you severely!

Felton was always silent in this group.

He never expressed his opinion.
