

The Hunter 251

Chapter 251 Give An Explanation

On Huang Hong's side, he was furious to see his grandson and granddaughter return injured.

Looking at the two useless people in front of him, Huang Hong felt frustrated.

...

Why had he chosen these two idiots to do it? If he had known this would happen, he would have sent two other people.

Huang Hong wanted the two of them to secretly approach those two people.

It would be even better if they could make them fall for them. If that didn't work, they would use some other methods. At that time, they just had to separate Zhao Huaishan's granddaughter and grandson-in-law.

In any case, it would be good enough if they could get one. It would be even better if both of them could become members of the Huang family.

Huang Hong was a very ambitious person. He had long taken a fancy to these eagles.

However, since his generation, no one in the Huang family had been chosen by the eagles as a companion.

Fortunately, no one else in the village had been chosen in recent years, so Huang Hong felt better.

However, before he could think of a way to use these eagles to benefit himself, news that the eagle cubs had recognized two outsiders came.

At that time, Huang Hong was surprised and delighted.

To his surprise, the eagles recognized new companions again, and they were people from another village.

As long as these two outsiders stayed in the village and became members of the Huang family, wouldn't he be able to control those eagles in Eagle Village?

These eagles were very useful.

It could help the people in the village fight the enemy and also help them find precious herbs.

There was another special use that no one else knew. Huang Hong had found out not long ago by chance.

It was also after hearing this news that Huang Hong became interested in the eagle cubs.

At this moment, he really needed a baby eagle.

Unfortunately, his dream had fallen into the hands of two outsiders.

After following the village chief, Wei Changzheng, to the Zhao family's residence, he found out that the two of them were actually married. Huang Hong returned and thought for a long time before coming up with such a method.

However, although the method was good, the people who implemented it were as stupid as donkeys.

Not only did they mess things up, but they also caused a lot of trouble.

With Huang Hong's understanding of Zhao Huaishan, he definitely wouldn't let the matter rest.

Thinking of this, Huang Hong was furious.

"Look at the children you raised!"

As soon as he finished speaking, Zhao Huaishan's voice came from outside.

"Huang Hong, open the door! I know you're inside! If you don't give me an explanation today, I'll overturn your house!"

When Huang Hong heard this, he was shocked. He hurriedly asked Huang Yu and Huang Jiaojiao to kneel down, then he went out to see Zhao Huaishan.

"It's Zhao Huaishan! You haven't vented your anger after hitting my grandson and granddaughter, but you still want to fight?" As soon as the Huang family's door opened, Huang Hong looked at the group of people in front of him and said, "My grandson and granddaughter did something wrong, so it's fine if you teach them a lesson, but why are you still unwilling to let it go?"

When Zhao Huaishan heard this, he was instantly amused.

"We won't let it go? Why don't we call your married grandsons and granddaughters back? I'll also get someone to flirt with them, break them up, and give you a chance to fight back, okay?" Zhao Huaishan had encountered many things, so how could he be afraid of a scheming person like Huang Hong?

These words were a little harsh. Huang Hong immediately flew into a rage.

"Hmph, then tell me what you want! Now, I'm already punishing my grandson and granddaughter to kneel and admit their mistakes. How else do you want to deal with them? Come at me. I, Huang Hong, won't say a word!"

When Zhao Huaishan heard this, he immediately frowned.

He originally wanted Huang Hong to give him an explanation, but he didn't expect Huang Hong to say that. What should he do?

For a moment, Zhao Huaishan was in a dilemma.

At this moment, Jin Xiaojing, the eldest daughter-in-law of the Zhao family and Li Xiaoran's aunt, stood up.

"Since Mr. Huang has said so, we won't be unreasonable. No matter what, my granddaughter and grandson-in-law are the real victims. The reason we came today is to get justice for them. Otherwise, any Tom, Dick, or Harry will bully the Zhao family in the future!"

Huang Hong looked at Jin Xiaojing coldly and said sarcastically, “That’s right. What are you going to do?”

“From the beginning to the end, it’s not what we should do. It’s how you should apologize to our family. Your grandson and granddaughter should be punished by your family. How to punish them is naturally up to you! Our family doesn’t have the right to raise children for others unless these two people change their surname to Zhao!” Jin Xiaojing said without fear.

“Everyone, come and hear this. The person who did something wrong doesn’t have the slightest repentant attitude. Instead, you’re acting so shameless. Do you think you can do whatever you want? Those who don’t know better will think that our family is bullying others! Tsk, tsk, tsk. I have to say, Mr. Huang, you’re really good at this! Without a hundred tricks up your sleeve, you really can’t think of such a thing!” Tan Wan was a straightforward person. At this moment, she explained Huang Hong’s pretentious behavior, allowing everyone to see his sinister intentions.

At this moment, the surrounding people began to discuss. Even Wei Changzheng couldn’t stand it anymore.

“Huang Hong, don’t talk nonsense. You’re indeed the one who is in the wrong today. Your family should give the Zhao family an explanation!”

“Fine! I’ll give them an explanation! I wonder what explanation the Zhao family wants from me?” Huang Hong still said ambiguously.

When Luo Cheng heard this, he guessed Huang Hong’s intentions, so he walked out and said, “What I want is very simple. Set up those two’s marriage within three days!”

Everyone was stunned. No one expected Luo Cheng to make such a request.

“These two people have disgusting thoughts about us. As long as I think of someone coveting us, I’ll be extremely disgusted. So as long as these two people get engaged in three days and get married in ten days, we won’t pursue the matter! Otherwise, I’ll let people know that those who covet me or my wife won’t have a good ending!” Luo Cheng stared at Huang Hong and said coldly.

After Huang Hong met Luo Cheng’s gaze, he felt the intense killing intent in his eyes.

At this moment, Huang Hong regretted it. He had never expected the person in front of him to have such strong killing intent.

Chapter 252 The Person Who Disappeared

Only then did Huang Hong realize that perhaps he had provoked someone he shouldn’t have!

“Isn’t forcing them to get engaged making things a little too difficult?! After all, it’s still the new year. Why don’t you take a step back and let the Huang family guarantee that those two people will never appear in front of you again? Huang Xing, call your grandson and granddaughter’s parents out to apologize to them solemnly.” Wei Changzheng persuaded.

...

When Huang Hong heard Wei Changzheng’s words, he immediately said, “We can accept this! They can’t get engaged so casually!”

When Wei Changzheng heard Huang Hong relent, he looked at Zhao Huaishan.

“Huaishan! What do you think?”

“Why are you asking me? I’m not the one who suffered!” Zhao Huaishan said, “If you want to ask, you have to ask my granddaughter and son-in-law!”

Wei Changzheng could only look at Luo Cheng and Li Xiaoran.

Li Xiaoran considered that her grandfather’s family was still in the village, so she couldn’t be too ruthless.

So she turned and nodded at Luo Cheng.

Seeing Li Xiaoran nod, Luo Cheng also nodded.

“For the sake of Grandpa and the village chief, let’s leave it at that!”

When Wei Changzheng heard this, he hurriedly asked Huang Hong to call Huang Jiaojiao and Huang Yu’s parents out and they apologized to Luo Cheng and Li Xiaoran in public.

Of course, after apologizing, the Huang family also promised not to let Huang Jiaojiao and Huang Yu appear in front of Luo Cheng and Li Xiaoran again.

At this point, the matter was resolved.

Li Xiaoran was about to turn around and go out when she felt a strong emotion.

Li Xiaoran subconsciously turned around and looked at the Huang family.

Before Li Xiaoran could see clearly, the figure disappeared.

“What’s wrong?” Luo Cheng sensed Li Xiaoran’s abnormality and asked.

“It’s nothing. I might have seen wrongly!” Li Xiaoran didn’t reveal anything and only said this.

When Luo Cheng heard this, he also glanced at the Huang family.

After the Huang family and Luo Cheng’s eyes met, they felt as if they had been frozen. Their limbs felt cold and numb, and they didn’t dare to move.

After Luo Cheng retracted his gaze, the group panted heavily.

“How terrifying! Grandpa, we provoked a very powerful person!” Huang Hong’s eldest grandson, Huang Qiming, said.

Huang Hong said nothing. He turned around to enter the house.

The Huang family had really suffered extreme humiliation today.

On the way back, Li Xiaoran kept recalling the scene she saw previously.

“What did you see at the Huang family’s residence?” Luo Cheng asked.

“I think I saw someone. When I wanted to take a closer look, that person disappeared. I definitely didn’t see wrongly. Even if I did, the emotions I sensed couldn’t be wrong. But at that moment, that person disappeared from my perception. There’s only one possibility. The other party immediately lost his emotions or entered a state of hibernation.” Li Xiaoran told him what she felt was strange.

“You can’t be wrong. There must be such a person! Can you tell me what that person’s emotions are like?” Luo Cheng asked.

“Ruthless, dark, and cold! This coldness is the kind where you don’t have any feelings when you look at anyone or anything. It’s as if that person cares about nothing. Yes, prey, I remember! That emotion makes it seem as if he regards us as prey!” Li Xiaoran trembled and understood what she had been unable to figure out previously.

When Luo Cheng heard Li Xiaoran’s words, his expression became solemn.

If that was the case, it seemed that they were in trouble.

“Husband, Huang Hong still has designs on our eagles! Although he tries not to look at the eagles on our shoulders, I still feel that he cares about the fledglings. Why do you think that is? Even if these two eagle fledglings are very rare, Huang Hong doesn’t have to keep having designs on them, right?” Li Xiaoran felt that something was amiss.

“My grandpa, two uncles and I have asked around. There are many eagles in Eagle Village, but the kings are extremely rare among eagles, and those young eagles with the potential to become kings rarely recognize companions. There have been young eagles with the potential to become kings in the past, but there are only two of them in total. As soon as we arrived, we were recognized as companions by two eagles who are very likely to become kings. Other people naturally became greedy!” Luo Cheng said.

Li Xiaoran shook her head. She felt that this matter wasn’t that simple.

However, her mind was spinning and she couldn’t figure out what was going on.

After the people left, Huang Hong returned to his house and saw the man in black sitting at the table drinking tea with his back facing him.

“What are you doing here?”

“Why can’t I come? How could I have seen such a farce if I hadn’t come?” The man in black took a sip of tea and said calmly.

“Hmph, what? Are you that happy to see our family make a fool of ourselves?! Don’t forget, we’re in the same boat now,” Huang Hong said unhappily.

“Don’t worry, I won’t forget this. However, Huang Hong, don’t blame me for not reminding you. If you don’t do your job well, you won’t have the chance to be in the same boat as me in the future! Also, Fang Wanli has been captured. My people can’t spare any manpower now. You better think of a way to save him. At this moment, Fang Wanli is still useful. Nothing can happen to him!” the black-robed man said.

“I knew you wouldn’t appear for nothing. As expected, nothing good happens once you appear! Fang Wanli is the same. Isn’t he quite capable? Why was he captured?! Now, my family still has to think of a way to get the Eagle King’s baby birds. How can I have the time to care about him?!” Huang Hong said calmly.

“Speaking of which, this matter happens to have something to do with you! Do you know how Fang Wanli was captured? He was captured by the young couple who asked you to apologize today. Now, young eagles have acknowledged these two people as companions. If you want to deal with them, Fang Wanli will have to take action. After all, almost no one can see through Fang Wanli’s outstanding disguise technique!” the black-robed man said.

Huang Hong thought about the man in black’s words and finally nodded.

“Don’t worry, I’ll think of a way to save Fang Wanli!”

“That’s for the best! I wish you all the best with tea instead of wine!” After saying this, the man in black drank the tea in his teacup in one gulp, then leaped out of the room and disappeared from Huang Hong’s sight.

Chapter 253 Maniac

After Li Xiaoran returned to her grandfather’s house, she thought of something.

“Grandpa, Grandma, Uncle, Aunt, do you know if Eagle Village left any records or books about eagles?”

...

Zhao Huaishan was stunned when he heard Li Xiaoran’s question.

“I’m not sure. Only the village chief knows. Do you want to see them? What do you want to know? You can tell us. Perhaps we can answer them.”

Li Xiaoran shook her head. Actually, she didn't know what she wanted to know.

However, she had a feeling that she should learn more about the eagles in Eagle Village.

"Even if the village chief has information or books, he won't show them to just anyone!" Zhao Long thought of something and said, "Actually, I know someone who probably has a lot of records about eagles!"

When Zhao Liang heard his brother's words, he immediately thought of someone.

"Brother, are you talking about the maniac in the village?"

Zhao Long glanced at his third brother and nodded.

When Li Xiaoran heard her two uncles' words, she immediately perked up.

Li Xiaoran had a feeling that she should meet that maniac.

"There's no time to lose. Let's go together!" Luo Cheng said.

Zhao Long's expression was a little strange. He didn't take a step forward when he heard Luo Cheng's words.

"That maniac acts strangely and has a strange temper. Going to see him is like trying your luck. You might not be able to see him. If he's in a bad mood, we might even be beaten and kicked out!"

When Li Xiaoran and Luo Cheng heard this, they exchanged glances.

"Doesn't that maniac have hobbies?" Li Xiaoran asked after some thought.

"There is. He likes to drink. Moreover, it's very risky to send wine over because no one knows what kind of wine the maniac likes. He might be very happy today, but very angry in a few days even if you send the same wine over. Therefore, no one can understand what he's thinking!" Zhao Long revealed.

Li Xiaoran thought for a moment, then looked at Luo Cheng.

"Husband, I remember you brought wine when we came?"

Luo Cheng nodded, then said, "I think the wine I brought will satisfy him!"

With Luo Cheng's assurance, Li Xiaoran knew what to do.

"Grandpa, give me a bottle of the wine we gave you!"

"If you want it, go get it! It's okay! The next time you come, just send more wine to Grandpa!" Zhao Huaishan nodded and said with a smile.

"Alright, I'll definitely bring more for you next time!" Luo Cheng promised.

Just like that, Li Xiaoran and Luo Cheng went out again not long after they returned with a bottle of wine.

The maniac lived in a residence on the south side of the village.

Li Xiaoran originally thought that it was a dilapidated house, but it turned out to be a very well-built house.

Zhao Long walked forward and knocked on the door before waiting quietly.

After a long wait, the front door finally opened.

A person with messy hair yet clean clothes appeared in front of them.

Luo Cheng walked forward and handed over the bottle of wine.

“I have a favor to ask!”

The maniac studied the three people who had come, then reached out and took the wine jar.

After he drank a mouthful of wine, the maniac’s eyes lit up.

“Come in!” With that, the maniac drank and walked forward.

Zhao Long gestured for Li Xiaoran and Luo Cheng to follow him in. Then, he was the last to enter.

After entering, Zhao Long didn’t follow. Instead, he closed the door of the residence.

When Zhao Long was done, he turned around and saw Li Xiaoran and Luo Cheng looking at him strangely.

“Why are you looking at me? This is the old man’s rule. As long as you enter his house, you have to close the door. Otherwise, he will immediately turn hostile and chase you out!” Zhao Long explained.

Li Xiaoran and Luo Cheng nodded at the same time and understood.

After that, the three of them followed the maniac to the courtyard.

There were no flowers in this courtyard, and the ground was filled with weeds.

Perhaps because it hadn’t been cleaned up, the weeds on the ground were still on the ground even though they had withered.

The maniac sat down on the layer of dead grass and drank. “What do you want to ask?” he asked.

Luo Cheng glanced at Li Xiaoran and waited for her to ask.

Li Xiaoran thought for a moment, then sat down and asked the maniac.

“I feel that I should understand the habits of the eagles in Eagle Village more. If I understand more, it can clear up some doubts I have. I don’t know what I’m looking for, but I now know that I have to understand the habits of eagles!”

The maniac looked at Li Xiaoran, then at the baby eagle on her shoulder, and then at Luo Cheng.

“You two are the ones who became companions with the baby eagles yesterday, right?”

Luo Cheng and Li Xiaoran nodded at the same time.

“Sit down too! Let me see the baby eagle on your shoulders!” The maniac looked at Luo Cheng and said.

Luo Cheng sat down beside Li Xiaoran according to the maniac.

The maniac carefully observed the two eagle chicks as he thought about something.

After he finished drinking, the maniac suddenly stood up.

“Wait, I’ll get you guys something!”

With that, the maniac stood up and entered a room.

Before long, the maniac came out with a roll of paper.

After sitting down, the maniac untied the hemp rope.

As he untied it, the maniac said, “I’ve been observing hawks all these years. Actually, hawks are divided into many kinds, and each kind has different habits. As far as I know, hawks don’t live in groups, but a strange phenomenon occurred in Eagle Village. Many hawks actually live in groups here. In addition, there’s actually a possibility that there’s a king clan among them.”

“Does an eagle’s bloodline matter?” Zhao Long felt that it was very strange, so he asked.

“No, no, no. It’s not a bloodline, but a king chosen through competitions. In other words, the strong are respected. However, I’ve observed for so many years that only one powerhouse will appear in every generation of eagles. But these few years, it’s been different. Three powerhouses appeared at once!” The maniac said as he looked at the two eagles on Li Xiaoran and Luo Cheng’s shoulders.

“In other words, there are too many powerhouses, so we have to split some. Our arrival is an opportunity!” Li Xiaoran seemed to understand something.

“Yes, you can say that! In other words, these two eagle chicks probably have chemistry with you guys!” The maniac nodded.

Chapter 254 Found

Li Xiaoran thought for a moment and said with a baffled expression, “I don’t know if it’s fate, but I feel like those two eagle chicks are clinging to us!”

As soon as she said this, the other three looked at Li Xiaoran.

...

“Xiaoran! Why would you say that?” Zhao Long asked in confusion.

It was such an honor to be chosen as a companion by a young eagle!

Many people in the village were envious of Li Xiaoran and Luo Cheng.

“I don’t know. They just give me this feeling!” Li Xiaoran said.

The maniac thought for a moment and said, “Let’s not talk about this for now. There are some things I’ve recorded over the years. Take a look. Perhaps you can find what you want to know!”

Li Xiaoran nodded and took the paper from the maniac.

Upon closer inspection, the words on the paper were very neat. They were written on the paper in block letters, making them very pleasing to the eye.

Zhao Long, who was standing at the side, thought of something and looked at his niece in surprise.

“Xiaoran, can you read?”

Li Xiaoran looked up at her second uncle and nodded with a smile. “Yes, I can read! My husband taught me!”

With that, Li Xiaoran looked at Luo Cheng with a smile.

“That’s right, I taught her! My wife is very smart. I didn’t spend much effort to teach her to read and write. Now, she has no problem reading or writing!” Luo Cheng said proudly.

Zhao Long agreed with the two juniors.

“It’s good to be able to read!”

Li Xiaoran smiled and nodded, then focused on reading again.

Luo Cheng also took a piece of paper and helped Li Xiaoran read it.

Because Zhao Long couldn’t read, he simply sat at the side and waited quietly.

The maniac didn’t speak at this moment. He sat on the spot as he stared at Li Xiaoran and Luo Cheng. From time to time, he observed the eagle chicks standing on their shoulders.

Li Xiaoran was fascinated by the content.

It had to be said that the content recorded on the piece of paper in her hand was simply priceless.

They made detailed notes on the size, weight, physical qualities, color of feathers, patterns, and habits.

Li Xiaoran read it word for word. The more she read, the more shocked she became, and admiration welled up in her heart.

This information could be considered an encyclopedia of eagles.

Anyone who didn’t know anything about eagles would know a lot about them after reading this information.

After looking at the first page, Li Xiaoran looked at the second page.

For the last few pictures, there was an analysis and summarization of all the eagles.

After Li Xiaoran saw the summary, she immediately fell into deep thought.

Luo Cheng saw that Li Xiaoran’s gaze was fixed on a single spot, so he looked over.

When he saw the content clearly, his pupils dilated and he couldn't help but look at the maniac.

After the maniac received Luo Cheng's gaze, he looked over.

"The treasure-hunting rats recorded here really exist?" Luo Cheng couldn't help but ask.

When Zhao Long heard the maniac's words, he also looked over.

"Treasure-hunting rat? What treasure-hunting rat?"

The maniac looked at Luo Cheng and then at Li Xiaoran, who had also looked up. He said, "Indeed! I have to observe eagles for a long time, so I often walk around the forest near Eagle Village. Once, when I was digging for herbs, I saw a very big rat pass in front of me. But I was shocked because that rat was much bigger than ordinary rats! What surprised me even more was that the rat carried a gold mine!"

"What surprised me even more was that the eagle in the sky actually swooped down at this treasure-hunting rat to capture it. However, that big rat actually nimbly avoided the eagle's attack and quickly escaped into the bushes!"

"Since then, I've also happened to meet two woodcutters who have been chopping wood on the mountain for a long time. I've also heard about this big rat from them. The strange thing is that whenever this big rat appears, it attracts the same eagle. Later, from the woodcutters' description, I confirmed that the eagle they saw catching the big rat was the same type as the eagle I once saw. They're both kings of eagles in Eagle Village."

"In other words, only the king of eagles can find that big rat?" Luo Cheng was smart and grasped the main point immediately.

"I'm afraid that's the reason Huang Hong has his eyes on our eagle chicks. Don't forget that big rat had a gold mine in its mouth. Since the maniac saw it, the others in the village must have seen it too! Wealth is tempting! The enticement of gold isn't small!" Li Xiaoran felt that the doubts in her mind were immediately cleared.

"You said that someone is greedy for that gold mine, so they want to obtain the king of eagles, because only then can they use the eagle to track the traces of that big rat and follow it to find the gold mine?" Luo Cheng said what Li Xiaoran didn't finish.

"That's right. Huang Hong is that greedy person! However, Huang Hong is just an ordinary person in the village. There must be someone behind him who instructed him to do these things!" Li Xiaoran speculated.

Zhao Long heard his niece and son-in-law say such shocking things one after another.

At this moment, his throat felt dry. He wanted to say something but couldn't make a sound.

When the maniac heard Li Xiaoran's words, he thought carefully and said, "Huang Hong does know about this! He heard it from a woodcutter. Once, when I went to observe the eagles, I sprained my ankle and fell into a pit. Before I could get up, I heard Huang Hong and the woodcutter talking about that big rat."

"It was also after that that I never saw that woodcutter again!" the maniac added at the end.

At this point, everyone understood.

That woodcutter had either been taken away by Huang Hong and locked up or silenced.

At this point, the group fell silent.

After a long moment, the maniac got up and put away the things he had recorded.

After the last piece of paper was put away, the maniac reminded them as he tied it with twine.

"If your guess is correct, it's best to keep this matter to yourselves. Don't tell anyone. Otherwise, this will bring disaster to your family. And the two of you, I'm afraid you've already been targeted. Since I like the wine you gave me previously, as long as you take out two more jars of wine, I'll help you! If you don't want to take these two eagle chicks away, I have a way to make them stay and save you guys from disaster!"

Chapter 255 Dissolvement

As soon as he said this, Li Xiaoran and Luo Cheng looked at the maniac.

"Do you really have a way to keep these two eagle chicks in the village?" Luo Cheng asked.

...

"Of course there's a way! Just let the two young birds find new partners! When the time comes, you guys will be fine!" the maniac said.

When Li Xiaoran heard this, she felt conflicted.

To be honest, she really didn't want this eagle chick.

Letting the young eagle stand on her shoulder all day was burdensome and tiring.

More importantly, the two eagle chicks had caused her and her grandfather's family a lot of trouble.

Now that she finally had a way to send these two eagle chicks away, she was naturally happy.

However, this young eagle had become a scourge. Whoever took over would definitely be targeted by Huang Hong.

If she sent the eagle cub away, wouldn't she be indirectly harming others?

Luo Cheng didn't dwell on it as much as Li Xiaoran did. Instead, he felt that sending the eagle cubs away was a good thing.

As for who the other two people the eagles became partners with were, that wasn't Luo Cheng's concern.

This trouble came from Eagle Village, so it should be resolved in Eagle Village.

"Let's get rid of it! Xiaoran!" Zhao Long thought about it and finally felt that it was better to remove it.

This matter was an unexpected calamity for his niece and nephew-in-law.

As for who these two eagle chicks would acknowledge as companions in the future, that was someone else's business.

Perhaps it was troublesome for Li Xiaoran and Luo Cheng, but it was a supreme honor for the people in the village.

"Are you sure you can do it?" Li Xiaoran looked at the maniac when she heard her second uncle's words.

"Don't worry, since I said it, I'm confident in handling it! Go back and prepare the wine. Send it to me later, and I'll help you get rid of this trouble!" The maniac said.

Li Xiaoran thought for a moment and said, "I wonder if the union can be dissolved in front of the villagers? I want the people of Eagle Village to see for themselves that we have nothing to do with the two eagle chicks anymore!"

"No problem!" the maniac said readily.

Seeing this, Li Xiaoran finally nodded and decided to terminate her partnership with the eagle chick.

Li Xiaoran was kind, but she wasn't a saint.

At this moment, in order to protect her family and loved ones, she could only break off her partnership with the eagle.

After the matter was settled, Zhao Long brought Li Xiaoran and Luo Cheng back to the Zhao family's house first.

After hiding the news of the gold mine they had obtained from the maniac, Zhao Long only said that the maniac had a way to undo the partnership between Li Xiaoran and her husband and the eagle chicks. In exchange, they had to move two jars of wine to the maniac.

As soon as Zhao Huaishan heard about this, he immediately called his two sons to pack the two jars of wine and sent them to the maniac.

In Zhao Huaishan's words, it was worth it to exchange two jars of wine for the safety of his granddaughter and son-in-law.

The maniac was also a man of his word. After seeing the two jars of wine, he immediately followed Zhao Huaishan and the others towards the village chief, Wei Changzheng's house.

Seeing that it was the Zhao family again, Wei Changzheng was a little shocked.

However, after Zhao Huaishan explained his intentions, Wei Changzheng looked at the maniac standing not far away.

“Do you really have a way to end their partnership with the eagle chicks?”

“Of course. I know how to refine pills. I just need to ignite the fragrance I made and dye two pieces of clothing. Then, these two young birds will recognize people wearing the dyed clothes as their companions!” the maniac said confidently.

Wei Changzheng thought for a moment and immediately had the idea of letting his family members wear these two clothes.

“I wonder if these two eagle chicks will still recognize their companions after the fragrance on their clothes is gone?”

“Of course!” said the maniac.

“That’s all. In order to reduce the trouble for my granddaughter and grandson-in-law, please quickly gather everyone at the field! The sooner it’s resolved, the sooner we can live a peaceful life!” Zhao Huaishan urged.

“Huh? We still have to call everyone in the village?” Wei Changzheng said reluctantly.

“If we don’t call them over, how will they know that my granddaughter and grandson-in-law have already terminated their partnership with the eagle chicks?” Zhao Huaishan widened his eyes and said.

“But since we’re going to dissolve the relationship, we naturally have to choose two people to wear clothes that have been scented with the fragrance. Who should I find to wear them?” Wei Changzheng said.

“That depends on you, Village Chief!” Zhao Huaishan said meaningfully, “Anyway, we just want to terminate the partnership!”

When Wei Changzheng heard Zhao Huaishan’s words, he immediately started scheming.

Since it could be dissolved, he might as well let his children take their place!

He was old and probably wouldn’t last another few years.

If his family members were considered partners by the eagle chicks, wouldn’t the Wei family be able to live a better life?

Thinking of this, Wei Changzheng made a decision and moved the maniac to the side.

Wei Changzheng originally wanted to pull Zhao Huaishan along, but Zhao Huaishan didn’t want to get involved at all.

He wasn’t stupid. They were finally going to escape trouble. He wouldn’t take the initiative to seek trouble again.

No one knew what Wei Changzheng was saying to the maniac. Everyone in the village was informed to go to the field in the afternoon.

“Folks, there’s great news! Because the partners the eagle chicks recognized are not from our village, we thought of a way to break the partnership between Li Xiaoran, Luo Cheng, and the eagle chicks. We’ll find partners for the eagle chicks again. Now, everyone is standing in the sun! The partnership between Li Xiaoran and Luo Cheng and the eagle chicks will be broken. After that, the eagle chicks will choose partners among you guys again! Don’t miss this great opportunity!” Wei Changzheng stood on a big tree above the field and roared at the top of his voice.

The sudden good news made everyone in Eagle Village excited.

It was a great thing to be considered a partner by the eagles!

For a moment, most people looked at the eagle chicks on Li Xiaoran and Luo Cheng’s shoulders eagerly.

Wei Changzheng was an efficient person. As soon as he finished speaking, he invited the maniac up.

The maniac circled Li Xiaoran and Luo Cheng a few times before splashing some water on their shoulders.

After that, the maniac muttered something again until he suddenly opened his eyes and shouted, “Go! Choose new partners!”

As soon as he finished speaking, the two eagle chicks flew off Luo Cheng and Li Xiaoran’s shoulders and circled the crowd before finally landing on two people’s shoulders.

Chapter 256 The Truth

The people of Eagle Village cheered when they saw that the eagles had chosen new partners.

Of course, some were unhappy. After all, they hadn’t been chosen by the eagles.

...

Among them were Huang Hong and the young people from the Huang family.

Originally, when he heard that eagle chicks could change their partners, Huang Hong was overjoyed. He felt that the heavens were helping him.

Unfortunately, his hopes were dashed.

This time, the eagles still didn’t choose anyone from the Huang family.

How could Huang Hong not be angry?

At this moment, Huang Hong had already thought of several ways to achieve his goal.

He stared maliciously at the two young boys who had obtained eagle companions.

One was the eldest grandson of the old village chief, and the other was the eldest grandson of the respected Elder Liu.

Neither of them were easy to deal with!

However, they were just difficult to deal with!

As long as Huang Hong wanted something, he wouldn't stop until he obtained it.

Besides, since the young eagles could choose their companions again, couldn't they choose again if these two people died?

Li Xiaoran and Luo Cheng were relieved to see that the eagles were no longer standing on their shoulders.

The rest was left to the people from Eagle Village. Li Xiaoran and Luo Cheng left the field with Zhao Huaishan.

Everything was over. Li Xiaoran could finally rest in peace at home.

Without the eagle chicks, there was no trouble, and no one came to the Zhao family to disturb the family's reunion.

After staying in Eagle Village for three more days and confirming that the two eagle chicks would no longer come, Li Shun and his family started to pack up to leave.

Before leaving, Zhao Huaishan and Xu Xiufang were very reluctant to part with them and reminded their family to come back next year.

Li Shun and Zhao Xiu agreed readily. Then, they waved their hands and left with the cart of things sent by their brother and sister-in-law.

They had brought a cart full of things when they arrived, and another on the way back.

Although the item wasn't expensive, it was a token of everyone's affection.

Only by reciprocating affection would they become closer to each other.

There were also a few cousins in the family. They were all nice people.

They had only interacted for a short period of time, so they didn't know each other that much. At the moment, they were getting along well, and they would only know what kind of person the other party was after more interactions.

It was a smooth ride back.

Initially, Luo Cheng and Li Xiaoran were worried that Huang Hong would attack, but the journey was smooth.

As for the gold mine, Luo Cheng and Li Xiaoran had also discussed it secretly.

They didn't want to care about it, and they couldn't anymore.

When the group returned to Hele Village and saw the familiar house, they finally felt at ease.

As the saying went, east or west, home is best!

Returning home was so relieving!

When Luo Ziyang saw that his brother and sister-in-law had returned, he also smiled brightly.

Big Yellow and the others were so happy that their tails kept wagging. A few enthusiastic pups even pounced on everyone.

After calming the pups down, the group carried the things off the ox cart and stored them in a suitable place.

Before Luo Cheng could pull Luo Ziyang to the side to ask about the situation at home, there was a knock on the door.

Hearing this knock, Li Xiaoqing was about to open the door when Luo Ziyang stopped her.

“Xiao Qing, don’t open the door!”

Li Xiaoqing stopped and turned to look at Luo Ziyang while wondering why he was stopping her from opening the door.

“Brother, after you left, a woman brought her husband to see you. I felt that they had ill intentions, so I asked someone to investigate! The other party is the eldest daughter of the Li family’s Li Wei. Her name is Li Lan, and the person who came with her is her husband, Wu Duan,” Luo Ziyang explained.

“So, the person who came is Li Lan?” Li Xiaoqing’s expression changed when she heard Luo Ziyang’s words.

Li Xiaoran saw that her sister’s expression had changed and asked in confusion, “What’s wrong with Li Lan?”

“Sister, you hit your head previously and forgot many things, but I remember it very clearly. Li Lan has always made herself seem like your savior, and others might not know, but I saw the scene very clearly. The reason she saved you back then was because she caused you to be injured in the first place!” Li Xiaoqing said with red eyes.

Li Xiaoqing hadn’t planned to say anything about this in the past.

Because she felt that it was useless even if she said it.

Her parents wouldn’t help her sister get justice, and when the time came, to make things worse, the Li family would make them do even more labor.

Therefore, the young Li Xiaoqing understood what to do.

There was no point in revealing it. She might as well keep it to herself.

But it was different now. They had already left the Li family. Now, someone had her sister’s back.

“What exactly happened? Xiao Qing, tell me!” Luo Cheng’s expression turned solemn as he said.

Li Xiaoqing thought for a moment before telling him what had happened back then.

Li Xiaoqing was only twelve at that time, but Li Lan was already fifteen.

One day, Li Xiaoqing didn't see her sister return after cutting the grass, so she planned to go out and look for her.

However, just as she reached a place, she suddenly realized that there were a few mushrooms growing not far away. Li Xiaoqing quickly ran to the ditch to pick them.

By the time she'd picked the mushrooms and threaded them through the grass stems, she heard some noises.

She raised her head and looked in the direction of the commotion. She saw two girls punching and kicking a person carrying wild vegetables, knocking her out.

Because the other party came too quickly, by the time Li Xiaoqing realized that it was her sister, Li Xiaoran, who had been beaten up, those people had already run away.

Just as Li Xiaoqing was about to climb up to check on her sister, Li Lan appeared.

She looked around furtively, then squatted down and carried Li Xiaoran on her back.

"Cousin, don't blame me for being ruthless. You're the easiest to bully, so I can only let you be my scapegoat! Don't worry, if I save you now, I can say that I'm your savior! I'm really smart to think of a way to kill two birds with one stone. Not only will I solve the problem, but I can also make my stupid cousin owe me a favor."

With that, Li Lan carried Li Xiaoran back.

Li Xiaoqing, who was halfway up, heard this and was shocked.

So her sister had done this to protect Li Lan?

As Li Xiaoqing explained, the expressions of everyone in the room turned ugly.

Li Xiaoran also remembered this matter when she heard her sister's words.

"I remember this. Back then, I was very grateful to Li Lan! At that time, we didn't know who hit your sister, nor did we know why those people hit her. Your sister was lucky to survive after taking a few pills!" Zhao Xiu choked.

Chapter 257 Try It If You Don't Believe Me

When Luo Ziyang heard this, he could no longer suppress his anger.

"Li Lan wants to use the excuse that she saved Xiaoran's life to get her to chase Yuan Cheng away and let their family stay in the shop. Then, they can move into the shop and do business! They actually dare to have such a delusional idea! Previously, they had already gone to the shop to try to get Yuan Cheng to move out. Fortunately, Yuan Cheng coaxed the two of them into leaving before sending someone to look for me. That's why their plan didn't succeed!"

...

At this moment, Li Lan's domineering voice came from outside.

“Li Xiaoran, I know you’re inside! When your savior comes, you hide inside without opening the door? Is this how you repay kindness? Or has your conscience been eaten by a dog?”

“Leave this matter to me and Ziyang! Don’t go out!” Luo Cheng said as he pulled out a slender bamboo from the ground and jumped onto the wall.

As soon as Luo Cheng and Luo Ziyang appeared, Li Lan and Wu Duan saw them.

Li Lan was delighted to see the two handsome men.

Just as she was about to speak, Luo Cheng pulled the bamboo out of Li Lan’s hand.

The bamboo hit Li Lan’s mouth and immediately made her face swell.

Before Li Lan could cry out in pain, Luo Cheng smacked her with the bamboo again.

After Li Lan’s mouth was smacked again, it swelled even more and looked like a sausage.

When Wu Duan saw that his wife had been beaten, he was so frightened that he shrank to the side and trembled.

Li Lan’s mouth hurt badly. She wanted to speak, but she couldn’t.

Because when her lips moved even slightly, there was a burning painful sensation.

Luo Cheng said coldly as he whipped the bamboo in his hand at Wu Duan, “Li Lan, Wu Duan, right?! You came to my shop to chase my people away? You’re too big for your britches!” Luo Cheng stood on the wall as he looked down at the two people below.

“No, it’s not like that! This shop is owned by my wife’s cousin. We were just being nice! You hit the wrong person. My wife even saved her cousin. She saved her life!” The man was still hit even though he dodged. He endured the pain and explained while trembling.

“Hmph!” Luo Cheng snorted. “What a joke! Li Lan, you know very well what your so-called life-saving grace is. If you dare to slander my wife again, I’ll tell people the truth! Don’t regret it when the time comes!”

When Li Lan heard Luo Cheng’s words, she immediately panicked.

From this person’s tone, did he know what she had done back then?

This was impossible. No one knew! She had already dealt with it. No one could possibly know!

“If you don’t want others to know about your dirty deeds, don’t do it in the first place! Li Lan, you’d better not try to push your luck. Otherwise, you won’t be able to bear the consequences! If you know what’s good for you, get lost quickly and don’t appear in front of us again. Of course, you can also try!”

With that, Luo Cheng jumped off the wall with Luo Ziyang and ignored the two people outside.

After some time, Li Lan and Wu Duan looked at each other, then helped each other away.

After Li Xiaoran sensed the emotions of the two people outside, she looked at Luo Cheng.

“That person called Wu Duan is suspecting that Li Lan had done something shady behind his back. It seems that things won’t be smooth sailing for Li Lan in the future!”

When Luo Cheng heard Li Xiaoran’s words, he said indifferently, “Isn’t that better? It’ll stop her from coming here to harass us!”

Li Xiaoran nodded and thought about it carefully. “I hope her life gets worse and worse! There’s no reason for her to be able to live a peaceful life after harming me and taking advantage of me back then!”

“Do you want me to send someone to secretly trip them up?” Luo Cheng raised his eyebrows and asked Li Xiaoran.

“There’s no need. People like her will screw themselves over if they commit too many evil deeds. The heavens will punish them. Why should we dirty our own hands? Besides, she’s so anxious to move into the shop and even wants to occupy our shop to do business. It means that she’s not doing well in her in-laws’ house! I’m relieved that she’s not doing well!” Li Xiaoran said.

Although she wasn’t the Host, she had the Host’s memories.

Therefore, after knowing the truth and that what the Host had experienced in the past was caused by Li Lan, it was difficult for Li Xiaoran not to hate Li Lan.

Therefore, the worse Li Lan’s life was, the more satisfying it was for her.

“Go take a shower and change your clothes first! In the next few days, the shop will open. You’ll be busy then!” Luo Cheng looked at Li Xiaoran and suddenly said, “Take good care of your body, maintain a good mood, and wait to be my bride!”

At the mention of this, Li Xiaoran blushed.

Over the past few days at her grandfather’s house, she had completely forgotten that she was going to get married soon.

“Got it!” With a blush, Li Xiaoran entered her house and went to retrieve clean clothes.

When night fell, the tired family went to bed early.

Yuan Cheng was about to rest when he heard a knock on the door.

Who would be here at this hour?

As Yuan Cheng thought about it, he put on a coat and prepared to go out to take a look.

As soon as he walked out of the door, he felt someone smack the back of his neck.

Yuan Cheng blacked out and fainted on the ground...

The next morning, it was misty outside.

Li Xiaoran pushed open the window and saw the thick fog outside.

Normally, it would be sunny after a thick fog, so it should be a sunny day.

After a good sleep, Li Xiaoran got up in high spirits and went to the kitchen to prepare breakfast for her family.

Perhaps she had eaten too much fish and meat during the new year, she was a little sick of it, so Li Xiaoran made the simplest breakfast today.

She made boiled eggs, porridge, and pickles.

By the time the porridge was cooked, the family was already up.

Seeing the simple food on the table, everyone ate merrily.

“Sister, you’re the best. You know that we’ve been eating too much meat recently, so you actually made such a simple yet delicious breakfast for us!” Li Xiaoqing said with a smile.

“If word gets out, you’ll be beaten up! Many people in the village want to eat meat but can’t! You don’t know how lucky you are!” Zhao Xiu glanced at her youngest daughter and lectured her.

“Yes, yes, yes. I’m not content enough!” Li Xiaoqing quickly apologized.

“Xiao Qing, everything is obtained through hard work. We have to cherish our current lifestyle. Think about what kind of life we had in the past! Think about the life we’re living now. We should be grateful!” Zhao Xiu said.

Only by being grateful would one be able to work steadily without letting wealth get to one’s head.

Chapter 258 Exposed

Hearing her mother’s lecture, Li Xiaoqing replied with a bitter expression, “Mother, don’t worry. It’s not that I don’t know how to cherish it!”

Li Xiaoran looked at her sister and immediately laughed.

...

“You should have thought twice before you spoke so you wouldn’t get scolded by our mom!”

After saying this, Li Xiaoran looked at her mother and counseled her.

“Mom, it’s not like you don’t know what Xiao Qing is like! With her good appetite, it’s impossible for her not to cherish food!”

Zhao Xiu remembered this after hearing Li Xiaoran’s words, so she softened her tone.

“Xiao Qing, I’m not blaming you. I’m just reminding you!”

Li Xiaoqing wasn't angry. Actually, she knew that her mother was saying this for her own good, so she said sensibly, "Mom, I know what you mean! Don't worry, I'll be grateful for the rest of my life and cherish the food!"

After breakfast, Li Shun thought for a moment and took out the tools he had bought for carpentry.

Previously, he had wanted to make a dowry for his daughter, but before the new year, he only managed to cut firewood into wooden boards.

Since he had time now, he had to start preparing dowry for his daughter.

Li Shun wanted to see if his carpentry skills had declined or not. If he took up carpentry again now, he could have another way to make a living in the future.

Li Shun remembered what his father-in-law had said to him.

Li Shun thought about it for a few days and felt that his father-in-law, Zhao Huaishan, was right.

As a man, how could he rely on his son-in-law to support his family?

Even if Luo Cheng was willing to raise them, as a man, he still had to bear financial responsibility.

He had to plant the land and pick up his carpenter's skills.

From today onwards, he had to work hard to earn money to support his family.

Li Xiaoran and Li Xiaoqing were very curious about what their father was going to do, but Zhao Xiu pulled them aside.

"Don't disturb your father. He wants to practice his carpentry skills! We've been away for so many days. I wonder what's going on at the shop. Let's go and tidy up today so that we can open business again in a few days!"

Since their mother had already spoken, Li Xiaoran and Li Xiaoqing naturally followed along.

Luo Cheng was busy preparing for the wedding, so he could only let Luo Ziyang follow Li Xiaoran and the others to the shop.

What made Li Xiaoran baffled was that Yuan Cheng, who was usually very diligent, didn't open the shop today.

In the past, Yuan Cheng had always opened the shop very early so customers could eat warm steamed buns in the morning.

However, when they came over today, the door of the shop was closed. There was no movement inside.

After opening the shop door with the key, Li Xiaoran and the others walked in.

"Yuan Cheng, Yuan Cheng, where did you go? Why didn't you open the shop today?" Li Xiaoran shouted with a frown.

No one answered. The shop was silent.

Luo Ziyang also realized that something was wrong, so he came to Li Xiaoran's side and looked around.

“Cough, cough, cough. I’m sorry. I caught a cold. I woke up when I heard someone calling me just now!” At this moment, a voice came from Yuan Cheng’s room.

Although it was Yuan Cheng’s voice, Li Xiaoran felt that something was wrong.

At this moment, another wave of emotions appeared in Yuan Cheng’s room.

This wave of emotion contained tension, fear, and anxiety.

At that moment, the door opened.

Yuan Cheng walked out from behind the door. His entire body was wrapped tightly, only revealing his face.

Although they had the same face, Li Xiaoran felt that this person seemed familiar yet unfamiliar at the same time.

“Ziyang, capture this person!” Li Xiaoran suddenly said.

In the blink of an eye, Luo Ziyang immediately grabbed him.

After tapping this person’s acupoints, Luo Ziyang gave him some Soft Tendon Powder.

“Sister-in-law, we’ve caught him and drugged him with Soft Tendon Powder. It’s fine now!”

“Go and search the closet in the room. There should be another Yuan Cheng inside!” Li Xiaoran looked at the imposter in front of her and said.

“Huh?” When Luo Ziyang heard Li Xiaoran’s words, he quickly ran in.

As expected, Luo Ziyang saw another Yuan Cheng tied up and gagged in the closet.

“Wuwuwu!” Yuan Cheng shouted when he saw Luo Ziyang.

Luo Ziyang quickly took out the gag from Yuan Cheng’s mouth and asked, “Are you alright?”

Yuan Cheng replied anxiously, “I’m fine. It’s just that the back of my neck is a little sore. I blacked out after being smacked by that person! When I woke up, I was already locked up in here!”

As Luo Ziyang listened, he untied the ropes on Yuan Cheng’s hands and feet.

After quickly putting on his clothes, Yuan Cheng walked out with Luo Ziyang’s help.

When Yuan Cheng saw that there was actually someone in the courtyard who looked exactly like him, he was immediately shocked.

“Good lord, did my parents give birth to a twin brother?”

When Li Xiaoran heard this, she couldn’t help but shake her head.

Yuan Cheng had a good mentality.

He had just been kidnapped, but his mood wasn’t affected at all. He even had the mood to ponder if he had a twin brother!

“Look carefully. Do you really think this is your brother?” Luo Ziyang rolled his eyes at Yuan Cheng and reminded him.

Yuan Cheng squatted down and sized her up carefully before saying, “I can’t tell. He looks exactly like me!”

“He’s in disguise! And if I’m not mistaken, this person is someone I know!” With that, Li Xiaoran stared at the fake Yuan Cheng on the ground. “Isn’t that right? Fang Wanli! Oh, no, maybe I shouldn’t call you Fang Wanli because you’re not Fang Wanli.”

When the fake Yuan Cheng on the ground heard Li Xiaoran’s words, he stared at her in shock.

“How do you know? That’s impossible. No one can see through my disguise!”

When Li Xiaoran heard this, she sneered.

“Perhaps your disguise can indeed fool others. Unfortunately, you can’t fool me!”

“Send someone to call your brother over! We have to let your brother handle this!”

With that, Li Xiaoran entered the shop to tidy up.

Luo Ziyang nodded and helped Yuan Cheng to another place to sit down and rest. Then, he went to find the secret guard to pass the news to Luo Cheng.

Soon, Luo Cheng appeared in the shop.

“Is it really Fang Wanli, who we caught previously?” Luo Cheng asked Li Xiaoran as soon as he came in.

“He’s not Fang Wanli. He’s probably an imposter! I’ll have to trouble you to interrogate him!” Li Xiaoran said.

Chapter 259 Don’t Want It

“Not Fang Wanli?” When Luo Cheng heard this, he immediately understood something. “You mean that an expert in disguise disguised himself as Fang Wanli, then disguised himself as Yuan Cheng?”

Li Xiaoran nodded.

...

“Alright, I understand. I’ll handle this!” Luo Cheng said and turned to leave.

When Luo Cheng saw the same face as Yuan Cheng, he was secretly shocked.

If not for his wife, he wouldn’t have been able to tell that this was a fake Yuan Cheng even if Luo Cheng was standing here.

They were too similar.

Not only did they look alike, but their demeanors were also very similar.

“Brother Luo, this person looks a lot like me, right? If not for Sister-in-law saying that he was in disguise, I would have thought that he was my twin brother!” Yuan Cheng sat at the side and rested.

It couldn't be helped. Previously, he had been tied up and stuffed in the closet for too long, so his entire body was stiff. Therefore, he could only sit here and try to recover.

Luo Cheng glanced at Yuan Cheng and was a little speechless at this happy-go-lucky fellow.

“Do you know that if she hadn't realized that this person was an imposter, you would have lost your life?! You're actually still laughing here?!”

“Brother Luo, of course I know! It's precisely because I know that I'm happy! What does this mean? It means that you two are the benefactors of my life! As long as you two are around, I'll turn misfortune into fortune! So I don't have to worry at all. I'm blessed!” Yuan Cheng said happily.

Luo Cheng thought about it carefully. It seemed to be the case.

“You should be more careful next time! If we don't come in time, I'll see what you can do!” Luo Cheng had no choice but to say this.

“Tell me! Who are you and what's your name?! Why are you pretending to be Yuan Cheng?” Luo Cheng turned to look at the fake Yuan Cheng on the ground and asked.

“If you ask your wife how she saw through my disguise, I won't hide anything. I can tell you everything! Otherwise, don't even think about getting a single word out of me!” The fake Yuan Cheng said.

Luo Cheng thought about it carefully and suddenly laughed.

“What a boring deal! If you can submit to me and work for me, I'll let my wife tell you!”

When the fake Yuan Cheng heard Luo Cheng's words, he hesitated for a moment and immediately nodded.

“Sure! As long as she can tell me, I'll work for you for the rest of my life!”

When Yuan Cheng heard this, he was immediately dumbfounded.

How could this work?

“Brother Luo, how can you believe this person's words? Don't let her tell him. If he finds out, he'll run away!” Yuan Cheng reminded him.

“Shut up! Fool!” The fake Yuan Cheng looked disdainful and glared at him.

“Why should I shut up?! You ambushed me yesterday and pretended to be me today to harm others. Now, you're scolding me?! Sigh, do you really think I don't have a

temper? If it weren't for the fact that I was tied up too tightly by you and haven't recovered yet, believe it or not, I would have thrown a stone at your head! As long as you're dead, you won't be a threat to Brother Luo!" Yuan Cheng was furious and pointed at the fake him as he cursed.

Yuan Cheng used to be a loafer after all. He was also a very gutsy person.

Now that he had met someone who was even gutsier than him, Yuan Cheng's impatience was triggered.

The fake Yuan Cheng rolled his eyes and snorted, then he ignored Yuan Cheng.

Li Xiaoran walked out of the shop and glanced at the fake Yuan Cheng.

"I don't want someone like you! You lied to so many people. You don't have a conscience at all. I don't want someone without a conscience working for us!"

The fake Yuan Cheng looked at Li Xiaoran and thought of something.

"I disguised myself as Fang Wanli, but I didn't do anything outrageous. Fang Wanli did those things himself. I just received a mission not long ago to disguise myself as Fang Wanli to capture Kang Dandan. You know what happened after that!" The fake Yuan Cheng said.

"Why should we believe you?" Li Xiaoran still didn't believe this person.

Li Xiaoran was very wary of the person in front of her.

When Li Xiaoran heard what the fake Yuan Cheng had said previously, she became even warier of him.

Was someone who only did things according to his whims really someone they could control?

This person was like an unpredictable bomb.

He could flare up at any time and injure others or himself.

Therefore, Li Xiaoran didn't want to believe this person.

When Luo Cheng saw this, he pulled Li Xiaoran aside.

"Wife, what do you think?"

Li Xiaoran glanced at the fake Yuan Cheng and said disapprovingly, "This person's disguise is indeed brilliant, but his character isn't good. Today, he offered to work for you because I exposed him, but tomorrow, he might offer to work for someone else who exposes his identity. Having a fence-sitter by your side is dangerous!"

Luo Cheng understood Li Xiaoran's worry. Although he also wanted to take this expert in disguise for his own use, he felt that Li Xiaoran's worry was right.

Before Luo Cheng could think it through, the fake Yuan Cheng said, "I'm willing to take poison. If I don't listen to you in the future, just poison me to death! The reason I was willing to help him

previously was because of the favor my mentor once owed him. Now, I've repaid all the favors and don't owe those people anymore!"

As he spoke, the fake Yuan Cheng thought of something and continued, "It's true that I don't care about good or evil. I only want to study disguise techniques. But I can guarantee that I only killed people that deserved to be killed. I definitely didn't harm the innocent!"

"What do you mean by killing people that deserved to be killed? What do you mean by not harming the innocent? Who do you think you are? Do you have a right to uphold justice in this world? You think they deserve to be killed, but that's just your personal opinion. It's not what the law says! Your so-called not harming the innocent is just what you think!" Li Xiaoran stared at the fake Yuan Cheng angrily and retorted, "What right do you have to take other people's lives at will?! Every life is precious. What right do you have to end it?"

Li Xiaoran's anger stunned the group of people.

Even Luo Cheng fell into deep thought when he heard Li Xiaoran's words.

The fake Yuan Cheng was also a little confused. Was everything he did wrong?

Chapter 260 Let Him Go!

"Husband, let him go! When you figure it out, come and find me! Perhaps at that time, I'll tell you why I saw through your disguise!" Li Xiaoran suddenly said.

"You're letting him go just like that?" Yuan Cheng stood up in shock.

...

Not to mention Yuan Cheng, even Luo Cheng and Luo Ziyang couldn't figure it out.

The person in front of them didn't leave any information behind. If he was released now, it would be impossible to guard against him if he came to harm them again!

"Husband, believe me!" Li Xiaoran didn't say the reason. She just looked at Luo Cheng.

Luo Cheng thought for a moment and nodded.

"Alright, I believe you! Ziyang, undo the Soft Tendon Powder on his body!"

Luo Ziyang felt that things had developed too strangely!

His brother, who had always been rational, actually let her go with just a word from his sister-in-law?

Wasn't this too rash?!

"Ziyang, listen to your sister-in-law!" Luo Cheng said again when he saw that Luo Ziyang hadn't moved.

These words reminded Luo Ziyang of something.

That was right! He should listen to his sister-in-law.

Previously, his sister-in-law had sensed that his brother was in danger and wanted to look for him, but he didn't agree.

As it turned out, his sister-in-law seemed to have a strong intuition for sensing danger.

Later on, it was only because of his sister-in-law that he found his brother and saved him in time.

Therefore, he should believe that his sister-in-law wouldn't do this for no reason.

After Luo Ziyang figured it out, he took out the antidote and fed it to the fake Yuan Cheng.

Without hesitation, the fake Yuan Cheng took the medicine and swallowed it.

After a while, the fake Yuan Cheng regained strength in his limbs and Luo Ziyang unsealed his acupoints.

After confirming that he was really fine, the fake Yuan Cheng stared at Li Xiaoran.

“Why did you let me go?”

Li Xiaoran glanced at the fake Yuan Cheng.

“I told you to look for me after you've figured it out! I said that if you haven't figured it out, don't look for me! However, there's something I hope you can promise me. From today onwards, do a good deed every single day. Even if you haven't figured it out, if you can persevere in doing a good deed every single day for a year, you can still look for me. Perhaps I'll tell you how I saw through your disguise!”

With that, Li Xiaoran returned to the shop and got busy.

“My name is Ye Xingchen! Remember my name!” The fake Yuan Cheng stared at Li Xiaoran's back as he shouted.

Li Xiaoran didn't answer and didn't pause as she entered the shop.

Luo Cheng and Luo Ziyang couldn't be bothered to waste time with Ye Xingchen anymore. They followed Li Xiaoran into the shop.

Yuan Cheng thought of something and stood up, then circled Ye Xingchen with a puzzled expression.

“To be honest, I really don't understand why Sister-in-law let you go! But if you really want to know how she saw through your disguise, I advise you to do a good deed every day!”

At this point, Yuan Cheng thought of something.

“Can you read?”

Ye Xingchen nodded and said, “I can read!”

“It’s good that you can read! If you do a good deed every day, record it! This can also prove that you really did it! Don’t worry, she is a kind person. If she can help, she definitely will help!” Yuan Cheng thought of something and said.

“Then why isn’t she helping me now? She can clearly help me by answering my doubts!” Ye Xingchen looked at Yuan Cheng and asked.

“Are you crazy?! You were captured by Brother Luo before, right? Now, you came here to kidnap me and try to deceive her. With what you’ve done, will she be willing to answer your questions?” Yuan Cheng looked at Ye Xingchen as if he was looking at a fool.

“However, she’s kind-hearted and will give people a chance to change! Previously, Mao Dao and I were also idle and incompetent. At that time, we overestimated ourselves and provoked Brother Luo and her. We were taught a lesson. However, after she and Brother Luo found out about my family’s situation, they persuaded Mao Dao and me to turn over a new leaf and change our ways. That’s why I’ve changed!”

At this point, Yuan Cheng looked at Ye Xingchen as if he was looking at his other self.

“Persist in doing a good deed every day! As long as you do it sincerely, you won’t regret it when you follow Brother Luo and Xiaoran in the future!”

As someone who had experienced it, Yuan Cheng felt that it was already very uncharacteristic of him to say such heartfelt words.

Next, it would depend on Ye Xingchen’s choice.

Ye Xingchen left!

With a thoughtful expression, he left alone.

Li Xiaoran stared at Ye Xingchen’s departing figure and let out a long sigh.

“I feel that you’re helping him, but why? Is he worth it?” Luo Cheng came to Li Xiaoran’s side and asked.

“I can sense his emotions and can confirm that he’s a simple-minded and pure-hearted person. But husband, the more simple-minded and pure-hearted a person is, the more lethal they are. If he doesn’t distinguish between good and evil and only acts according to his own preferences, he will eventually go down the deep end. Therefore, I want to try to help Ye Xingchen before that!” Li Xiaoran thought of something and said.

Luo Cheng looked at Li Xiaoran, who looked sorrowful and felt that she was only halfway through her words.

There was another reason, which she didn’t want to say.

Luo Cheng wanted to ask, but he hesitated and swallowed the rest of his words.

It didn't matter if she said it or not. What was important was that his wife was doing the right thing. Ye Xingchen was a complex person with good and bad qualities. The slightest carelessness could let his evil thoughts take control of him.

It was difficult to be kind, but it was easy to be evil.

Luo Cheng knew this very well.

This world was like a big dye vat!

It was very difficult to remain kind-hearted without the slightest adulteration!

To Luo Cheng and Li Xiaoran's surprise, Ye Xingchen seemed to have disappeared off the face of the earth after leaving them.

Whether it was the people who knew Ye Xingchen in the past or the people who sent Ye Xingchen, they had no news of him.

It was as if he had vanished into thin air!

"Tell me, what's going on?! You asked Fang Wanli to approach those two people and kidnap Li Xiaoran, but what happened? Fang Wanli disappeared instead!" Huang Hong said angrily.

When the man in black heard Huang Hong's words, his expression didn't change at all.

"We've already made two plans. Capturing Li Xiaoran was just a precaution. It doesn't matter if we didn't catch her. Anyway, haven't the eagle chicks in the village already acknowledged their new partners? It's better to start with the people in your own village!"
