

## The Hunter 641

### Chapter 641: Interrogation

Because the longer he delayed things here, the more danger Li Xiaoran would be in.

Although Shu Ruyue was good at martial arts, who knew what the two women would encounter after they fell into the hole?

As a result, Luo Cheng crippled these people's tendons. Then, he came to the place where Li Xiaoran and Shu Ruyue had fallen to take a look.

Upon looking, Luo Cheng was shocked.

This pit was more like an underground tunnel.

There was no telling how deep it was.

When he came to the scarfaced man's side, Luo Cheng grabbed his collar and asked coldly, "Where does this pit lead to?"

At this moment, the scarfaced man also knew that he had lost. When he thought of the buddies who were lying in ambush at the foot of the mountain, he immediately understood something.

"So you've already dealt with the ambushers from our village!"

When Luo Cheng heard the other party's words, he punched the scarfaced man in the chest.

"Tell me, where does this pit lead to? Where's the entrance?"

With this punch, the scarfaced man felt as if all the bones in his body had been broken and he felt an intense pain.

"Hahahahaha, I won't tell you! Your two beautiful women belong to us now! By the time you find them, they'll be screwed over already!" The scarfaced man knew that he probably wouldn't be able to escape today, so he deliberately provoked Luo Cheng.

When Luo Cheng heard the scarfaced man's words, he suddenly suppressed his anger and stared at him.

"It seems that you don't know me well! There are many ways for me to get you to talk!"

As Luo Cheng spoke, he took out a pill.

Luo Cheng forcefully fed the pill to the scar-faced man.

The scar-faced man wanted to resist, but his limbs were already crippled and he couldn't exert any strength.

Just as he gritted his teeth and tried not to swallow it, Luo Cheng pinched his cheek and the pill rolled down his throat.

"What did you feed me?" The scarfaced man had a bad feeling.

“Don’t worry, it’s something that will make you talk obediently!” Luo Cheng’s cold voice sounded in the scarfaced man’s ear.

Li Xiaoran was Luo Cheng’s achilles heel. No matter who it was, anyone who hurt her would die.

Luo Cheng had actually made this pill inadvertently.

Originally, Luo Cheng felt that this pill was too evil, so he hadn’t used it.

Now, it came in handy.

Before long, the scarfaced man’s eyes glazed over, as if he had fallen into a trance.

“Where does the pit on this side of the medicinal field lead?”

When the scarfaced man heard Luo Cheng’s words, he replied obediently, “The pit leads underground. Those two women were trapped in a prison after falling in. There’s medicine there that can make people unconscious. After we go down, we’ll bring the two of them out of the prison!”

Luo Cheng asked again, “Where’s the entrance to the underground passage? How can we find the prison in the medicinal field?”

“There are a total of seven entrances to the underground passage. One is under the village chief’s bed, and the other three are distributed in the homes of the three of us. In addition, there’s an entrance to the sun farm, bamboo forest, the cave in the medicinal field, and a back mountain.” As the scar-faced man spoke, blood flowed out of his eyes, nose, mouth, and ears.

Luo Cheng quickly asked, “Where’s the entrance to the cave in the medicinal field?”

“In the cave, there’s a warehouse for storing herbs. There’s a millstone made of stone on the left side of the warehouse. If you move the millstone, you can open the entrance!” After the scarfaced man said this, his eyes suddenly bulged. Then, he died.

Luo Cheng got the information he wanted, so he quickly rushed into the cave with his men to save them.

Seeing this, Zi Zheng quickly took out the corpse dissolving powder from his body and dripped it on the scarfaced man. Then, he gestured for the others to carry the crippled people of Shatai Village into the cave.

After the group of people left, the scarfaced man’s corpse turned into water under the effect of the fossil powder and sank into the soil.

On the other side, after Li Xiaoran and Shu Ruyue fell, they finally hit the thick straw.

Because the pit was too deep, the two of them were knocked out after they landed on the straw.

When Li Xiaoran woke up again, her surroundings were pitch-black.

“Ruyue, Ruyue, are you there?” Li Xiaoran shouted as she looked around.

She could feel an emotion beside her, so she followed it.

Sure enough, after taking a few steps, she touched Shu Ruyue, who was lying on the ground.

Shu Ruyue heard someone calling her in a daze and immediately opened her eyes.

“Why is it so dark?” This was the first thing Shu Ruyue said after she opened her eyes.

“Ruyue, have you forgotten? We stepped into a pit and fell down!” Li Xiaoran reminded Shu Ruyue when she heard her words.

Shu Ruyue finally came back to her senses. Then, she supported her body with her hands and checked her condition.

“Xiaoran, can you walk? Are you injured?”

When Li Xiaoran heard Shu Ruyue’s words, she tried to stand up again.

“I’m fine. I was just knocked out from the impact! I wonder how long we’ve been unconscious for!”

Shu Ruyue checked and was relieved to find that she was fine.

She was a martial artist, so she was better adapted to the darkness.

At this moment, she could already see her surroundings clearly.

After Shu Ruyue reached out and grabbed Li Xiaoran’s hand, she looked around.

“Xiaoran, hold on to me tightly. Don’t get lost! I can see my surroundings clearly now. I’ll bring you out!”

“Alright!” Li Xiaoran nodded and held Shu Ruyue’s hand tightly.

After Shu Ruyue held Li Xiaoran’s hand, she looked around.

“There’s a wooden door here, so we should be able to get out. Wait for me. I’ll kick this door open! ”

Li Xiaoran reminded, “Wait! Don’t you know how to pick locks? Just pick the lock! ”

“Oh right, I forgot that I have such abilities!” Shu Ruyue smiled and hung her sword on her body. Then, she went to get the lock-picking tools she carried with her.

Soon, they arrived in front of the door.

Shu Ruyue took her tools and opened the door in no time. “Hahaha, it seems that my skills haven’t deteriorated!”

## Chapter 642: Unknown Situation

After she opened this door, the passageway outside was still dark.

At this moment, Li Xiaoran had also adapted to this dark environment and could vaguely see things.

Shu Ruyue said, "By the way, I brought a lighter!"

With that, Shu Ruyue reached for the lighter on her body to light it.

"Don't!" Li Xiaoran grabbed Shu Ruyue and stopped her.

Li Xiaoran persuaded, "Ruyue, we're in an underground passageway. The ventilation here isn't good to begin with. If we light a match now, we won't be able to breathe! Besides, in this dark environment, it's safe for us not to light a fire. Once there's a fire, it might attract some dangerous things and cause us trouble!"

Shu Ruyue decided to listen to Li Xiaoran.

Although she didn't understand why Li Xiaoran didn't use the lighter, what she had experienced previously told her that it was definitely right to listen to Li Xiaoran.

"Alright, I'll listen to you!" Shu Ruyue replied.

Li Xiaoran heaved a sigh of relief when she heard Shu Ruyue's reply. Just now, she had already sensed that this place was probably very deep underground.

Because when she took a breath, she realized that the oxygen in here was very thin.

It was unwise to light a match to consume oxygen when oxygen was already so thin.

Moreover, she didn't know how long the lighter could last. If she lit it now and couldn't light it when she urgently needed fire, the gains wouldn't make up for the losses.

"Let me tell you, our eyes have already adapted to this dark environment. If you light a match now, we won't be able to see clearly after we go out later!" Li Xiaoran explained as she walked along the underground passage with Shu Ruyue.

"Yes, I was indeed too rash just now!" Shu Ruyue recalled what she had experienced when she was young and knew that Li Xiaoran was right.

As they walked, Shu Ruyue thought of something and asked, "Do you think Luo Cheng and Wu Qinghe will come straight to us from where we fell?"

When Li Xiaoran heard this, she smiled.

"No, they'll find the entrance of this underground passage to look for us. If we just walk out now, we'll be fine!"

Shu Ruyue said, "Sigh, I wonder how long we were unconscious for. Wu Qinghe and the others must be very anxious outside!"

Li Xiaoran said firmly, "Don't be anxious. They'll find us! Don't forget that Wu Qinghe is good at divination! They can definitely find us!" Shu Ruyue was amused by Li Xiaoran's words.

"That's right. How could I have forgotten that?"

Li Xiaoran said with a smile, "You're too anxious! Let's go! Let's hurry up and walk out! "

Shu Ruyue nodded and continued walking with Li Xiaoran.

If not for the fact that her surroundings were dark and the air didn't smell good, Li Xiaoran would have thought that she was out for a walk.

"Sigh, Xiaoran, since there's such a passageway under Shatai Village, no wonder they could escape and hide even when the officials surrounded them." As Shu Ruyue spoke, an idea suddenly popped up. "Sigh, Xiaoran, do you think those women who were captured by the village were hidden in this underground passageway? That's why people couldn't find them?!"

Li Xiaoran smiled when she heard Shu Ruyue's words.

"That's very likely! We might even meet some people in the passage. We can save them in passing!"

Shu Ruyue thought of what those people in Shatai Village had done and said angrily, "That's right. If we encounter them, we have to save them! The men in this village are too inhumane!"

Li Xiaoran said, "In the past, I always felt that looking down on poor people was a form of prejudice. But now that I've seen the situation in Shatai Village, I finally understand why they said that. Poverty can make people go crazy!"

When Shu Ruyue heard Li Xiaoran's words, she remembered something she had personally experienced.

"When I was roaming the martial world previously, I met a family. At that time, I felt that this family was very pitiful, so I wanted to help them! But gradually, that family took my help for granted. Because they were poor, I should give them all my money. If I didn't help them, it would be my fault."

"At that time, I realized that people can be kind, but it also depends on if the other party is someone worth helping. Some people are not worth helping at all! There are also some people who don't know how to be grateful at all!" Shu Ruyue sighed.

Li Xiaoran could understand Shu Ruyue's feelings. She nodded and echoed, "I understand how you feel. Not everyone in this world is worthy of being treated gently! Perhaps those people are here to teach us a lesson! It's something we have to experience in our lives! Only by experiencing this can we grow up!"

Shu Ruyue nodded in agreement with Li Xiaoran.

They walked until they reached a fork in the road.

There was a passageway on both sides. For a moment, the two of them didn't know where to go!

Li Xiaoran closed her eyes and sensed carefully.

"Take the left route! There are people on the left. They don't seem to be from Shatai Village. These people have very weak auras and seem like they're on the verge of death!"

Shu Ruyue thought that Li Xiaoran had heard all this, so she walked to the left with Li Xiaoran.

Not long after they left, a familiar wooden door appeared in front of them.

Shu Ruyue looked around and asked in a low voice, “Are those poor women really locked inside?”

After Li Xiaoran sensed it, she felt that it was very likely the case.

Shu Ruyue asked again, “How is it? Should we save them?”

Li Xiaoran pondered for a moment and said, “Open the door first. Let’s go in and take a look!”

Shu Ruyue nodded, took out her tools, and opened the door gently.

After pushing open the door, it was very quiet inside.

After the two of them walked in carefully, they realized that a woman was actually locked in this pit.

“Xiaoran, there’s only one woman!” Shu Ruyue said as she squatted down and checked the woman’s condition. “She’s still alive!”

When Li Xiaoran heard Shu Ruyue’s words, she thought for a moment and said, “Wake her up. Let’s ask her what’s going on!”

Shu Ruyue nodded and reached out to push the woman.

“Hey, wake up! Wake up!”

#### Chapter 643: Are You Blind?

After calling out for a long time, the other party still didn’t move at all.

Li Xiaoran thought of something and said, “Ruyue, stop shouting. She must have been drugged and can’t be woken up!”

Shu Ruyue also sensed the abnormality and stopped what she was doing.

“Then what should we do? Should we take this person away?”

To be honest, Li Xiaoran felt that they should take this woman away, but now that she couldn’t be woken up, if they took her away, she might become a burden.

Should they bring her or not?

Li Xiaoran didn’t speak, and Shu Ruyue was also hesitating.

Shu Ruyue finally said, “Bring her along! I’ll carry her on my back! Since we’ve already found her, we can’t just leave her in the lurch!”

In the end, Li Xiaoran agreed with Shu Ruyue.

“Then bring her along!”

Just like that, the two of them helped the unconscious woman up.

Shu Ruyue carried the woman on her back while Li Xiaoran supported the woman from behind to prevent her from falling.

Just like that, the two of them returned with the unconscious woman.

This time, the three of them walked towards the path on the right.

However, as they walked, the two of them saw another closed pit by the underground passage.

They had no choice but to put the unconscious woman aside and open the door again.

After the two of them opened the door, they gasped when they saw a group of women lying inside.

Great. One unconscious woman was already giving them both a hard time.

What were they going to do with the group of unconscious women lying here?

Shu Ruyue said, "I'll bring the women outside inside. Put her here! There are so many people, so we can't bring all of them out! We might as well go out first and then come back to save them after we finish dealing with the people from Shatai Village!"

Li Xiaoran said gloomily, "That's the only way for now!"

It seemed that saving people was also a laborious task!

At least, with her small body, she was really helpless at this moment!

Just like that, after the two of them came out of that pit, they found their way out together.

It had to be said that there were too many side roads in this underground passage. Several times, the two of them lost their way.

With no other choice, the two of them could only rely on luck and choose a random path.

Of course, Li Xiaoran was the one who chose because Shu Ruyue only believed in Li Xiaoran's luck.

As it turned out, Li Xiaoran was really lucky.

The two of them walked for an unknown period of time. Just as they were about to stop from exhaustion, Li Xiaoran immediately sensed a familiar aura.

"Ruyue, they're here!"

Shu Ruyue was a little tired, but when she heard Li Xiaoran's words, she immediately perked up.

"Really? Did they really come to find us?"

Li Xiaoran said with a smile, "Yes, they're here! Let's rest here and wait for them to find us!"

Soon, light appeared.

Before long, Wu Qinghe's voice sounded.

"Brother Luo Cheng, quick, they're in front! I've divined that we can find Madam and Shu Ruyue from this direction!"

Li Xiaoran shouted when she heard the voice, "Husband, I'm here!"

Shu Ruyue also stood up at this moment and shouted towards the light, “Wu Qinghe, come over quickly. We’re here!”

Hearing Li Xiaoran and Shu Ruyue’s voices, Luo Cheng, who was already anxious, was overjoyed.

Soon, footsteps sounded and Luo Cheng and Wu Qinghe appeared in front of Li Xiaoran.

Luo Cheng ran over and hugged Li Xiaoran.

“Xiaoran, are you alright? You scared me to death!”

When Li Xiaoran felt the warmth of Luo Cheng’s arms, she smiled.

“I’m fine. Don’t worry! It’s just that it’s stuffy and hot down here, so I’m sweating a lot. Don’t you think I stink?”

No one could understand how Luo Cheng felt when Luo Cheng heard Li Xiaoran’s words and felt the touch in his arms.

“I don’t mind. I like you no matter how you are! In the future, I won’t let you take risks anymore!”

On the other side, Wu Qinghe came over and hugged Shu Ruyue excitedly.

“Shu Ruyue, it’s great to see you!”

Shu Ruyue was a little confused.

But Shu Ruyue was also happy to see Wu Qinghe here in this dark environment.

Shu Ruyue said, “Fortunately, you guys came over. Otherwise, Xiaoran and I would have lost it! This place is like a maze. We didn’t know where to go or when we could get out!”

When Wu Qinghe heard Shu Ruyue’s voice, he suddenly realized something and quickly let go.

“Um, I’m sorry! I was just too happy!”

When Shu Ruyue heard Wu Qinghe’s words, she patted his shoulder with a smile.

“It’s fine. What kind of friendship do we have? It’s normal for you to be worried and lose your rationality!”

Wu Qinghe was originally a little worried but also expectant, since he wondered if Shu Ruyue had noticed the difference in how he treated her.

Unexpectedly, Shu Ruyue’s words made him feel exasperated.

To hell with friendship. Was Shu Ruyue really blind to his feelings for her?

Luo Cheng said after confirming that Li Xiaoran was fine, “Alright, since we’ve already found them, let’s go out quickly!”

Li Xiaoran thought of something and said, “Husband, when Ruyue and I were

walking in this underground passage, we also discovered many women locked in the pit. We didn’t wake them up even after shouting for a long time. They must have been drugged.”

“How many people are there?” Luo Cheng asked.

Li Xiaoran recalled and said, “There might be more than twenty people!”

Luo Cheng said decisively, “There are too many people and they’re unconscious, so just the few of us can’t take them all away! Let them stay here. After we deal with the people from Shatai Village, we’ll send someone down to pick these people up!”

Li Xiaoran nodded, because it really wasn’t easy for them to go back and find those women now. After all, they were also lost and didn’t remember the path they had taken at all.

After finding them, Luo Cheng and the others didn’t stay any longer and began to return the way they had come.

Because they had marked the way, it was much easier to return the way they had come.

After they got out of the cave, everyone shielded their eyes with their hands and slowly adjusted to the light outside.

When Li Xiaoran could open her eyes and see everything clearly, she was stunned by the scene in front of her!

#### Chapter 644: Different Thoughts

At this moment, there was a row of people standing outside.

Zhang Yi and the others, who had been left in the cave previously, were already beaten black and blue and thrown to the ground.

When Luo Cheng saw this scene, his expression darkened.

At this moment, an ordinary-looking man walked forward and glared at Luo Cheng and the others. “You guys injured my people and even barged into the tunnel. Don’t even think about leaving this place alive!” This man was really very ordinary-looking.

It was the kind of face that wouldn’t stand out in a crowd. Luo Cheng instinctively sensed danger from this man.

“Ruyue, protect Xiaoran!”

Shu Ruyue also sensed killing intent from this ordinary-looking man, so she nodded and stood beside Li Xiaoran.

“It seems that you’re very confident that you can keep us here?” Luo Cheng asked.

This plain-looking man’s name was Su Zheng. At this moment, he was staring at Luo Cheng. He looked relaxed, but he was very heavy-hearted deep down.

“Try it and you’ll know. You can use poison once, but we won’t fall for it a second time!”

Luo Cheng smiled when he heard this.

“Is that so? Then why don’t you try it too?!”

As soon as he finished speaking, the two sides confronted each other.

Although Luo Cheng’s manpower was far inferior to the other party’s, he wasn’t anxious at all.

Su Zheng snorted and said, “Hmph, I didn’t expect you guys to be so bold! You actually dare to barge in anywhere!”

Luo Cheng laughed.

“We’re not very bold. We’re just a little bolder than normal people!”

When Li Xiaoran saw this, she immediately frowned.

She sensed anxiety from him, but why hadn’t he attacked yet?

Could it be that this person was stalling?

Thinking of this, Li Xiaoran said,

“Husband, they’re stalling for time. Don’t fall for their trap!”

Luo Cheng smiled when he heard his wife’s words.

“Don’t worry, your husband isn’t that stupid! Of course I know he’s stalling for time! What a coincidence. I also want to stall for time!”

Hearing Luo Cheng’s words, Li Xiaoran immediately understood.

She seemed to have ruined her husband’s plans!

Sure enough, Su Zheng’s expression darkened when he heard their conversation.

“You can tell that I’m stalling for time, but you’re still cooperating with me, so it seems that you guys are up to something too!”

“It takes one to know one!” Luo Cheng said, “Do you think I really didn’t know that you released a sort of drug in the cave? You’ve really underestimated me! Actually, I smelled that drug the moment I entered the cave. Also, you guys have another herb in your sachets, right?! When these two herbs meet, they will become highly toxic and we’ll quickly be poisoned to death!”

When Su Zheng heard Luo Cheng’s words, his expression changed drastically. “What are you talking about? I don’t understand at all!”

“It’s fine if you don’t understand! It’s fine as long as we understand! Since I already know everything that’s going on here, guess if I have a backup plan or not?” Luo Cheng asked with a smile.

“What do you mean?” Su Zheng looked at Luo Cheng, who wasn’t far away, and had a bad feeling.

With that, Su Zheng immediately understood something.

“You guys are fine?”

Luo Cheng said with a smile, “Of course we’re fine! We’re lucky. On the other hand, you guys do so many evil things, so sooner or later, you’ll get your retribution! I think today might be the day of your retribution!”

Su Zheng said fiercely, “Arrogant brat, I don’t care who you are. Don’t even think about leaving this place today! You have to know whose territory you’re in now. Even if you’re a dragon, you won’t be able to leave here today!” Luo Cheng said provocatively, “Is that so? What if I refuse?”

When Su Zheng heard this and saw that the person opposite him still didn’t react, he knew that the poison had lost its effect.

“Buddies, kill this group of people!”

This time, a battle was about to break out. Shu Ruyue shielded Li Xiaoran behind her and looked around for a corner. She planned to retreat there with Li Xiaoran to protect her.

After all, there were too many people on the other side, so all she could do was try her best to protect Li Xiaoran.

Li Xiaoran also knew that she was dragging everyone down by staying here, so she cooperated with Shu Ruyue.

The two of them retreated to a corner. Then, Shu Ruyue repelled the attackers with her sword.

Luo Cheng and the others also used their combat abilities to fight off the people from Shatai Village.

Even if Luo Cheng and the others were very skilled in martial arts, there were too many people from Shatai Village, so they couldn’t spare any energy to protect others for the time being.

Xue Shanhu was skilled in martial arts and Jiao Hang was strong, so the two of them could deal with the people from Shatai Village.

Yu Peng was a scholar. Although he had some combat skills, he wasn’t a martial artist.

Therefore, he could only rely on Shu Ruyue and Li Xiaoran to deal with the DeoDle who attacked.

Li Xiaoran didn’t know martial arts, so she stood in the corner and sensed the changes around her. At the critical moment, she reminded her people to avert danger.

“Luo Cheng, right corner behind you!”

“Zi Zheng, there’s an ambush on the east side!”

“Jiao Hang, kick! ”

“Watch your back, Xue Shanhui!”

It had to be said that with Li Xiaoran’s reminder, everyone dealt with the attacks with ease.

At the same time, Luo Cheng understood.

Not only was the other party’s poison ineffective, but his poison was also ineffective. How strange.

Could it be that these people had also taken antidotes that could detoxify poison?

At this moment, the situation didn't allow him to dwell on it. He could only put this matter aside and focus on dealing with the people from Shatai Village.

Just as the fight was in full swing, there was suddenly some movement behind them. The people of Shatai Village, who were originally rushing forward, were attacked from behind and many of them fell.

When Su Zheng looked back, his eyes widened.

“Xue San, you actually dared to betray your buddies from Shatai Village. I'll kill you, a traitor, first today!”

When Luo Cheng heard Su Zheng's words, he looked behind the crowd.

As expected, Third Master Xue, who was dressed in rough clothes, appeared in front of Luo Cheng.

Third Master Xue also looked over. When he noticed Luo Cheng's gaze, he nodded at him with a smile.

At this moment, for some reason, Luo Cheng felt his eyes well up!

## Chapter 645: Unprepared

Li Xiaoran was also surprised to see Third Master Xue.

Back then, Third Master Xue said that he had to deal with some matters. After he was done, he would come back and let Luo Cheng deal with him.

Unexpectedly, they never heard from Third Master Xue again.

However, they never expected Third Master Xue to come to Shatai Village and become 'Xue San'.

As Li Xiaoran was feeling surprised, the fight was still ongoing.

However, with Third Master Xue's help, Luo Cheng and the others felt much less pressure.

After half an hour, the people of Shatai Village were either dead, injured, or captured.

Su Zheng was the one who had been captured by Luo Cheng. At this moment, his acupoints had been tapped and he had been fed a medicine.

This time, Su Zheng could no longer move or muster his strength.

After Third Master Xue rushed over with his group of people, he sized up Luo Cheng. After confirming that he wasn't injured, he heaved a sigh of relief.

“I felt that something was wrong when I received the news that Su Zheng had brought people out, so I brought some buddies over. Fortunately, we came in time and could help you!”

When Luo Cheng heard Third Master Xue's words, he suddenly asked, “Why are you in Shatai Village? And this person's name is Su Zheng?”

“Yes, this person’s name is Su Zheng, and he’s the village chief of Shatai Village. He’s also the leader of this group of factions. There are a total of three leaders in Shatai Village. There’s also a person called the scarfaced man. The third person is called Big Head Xu.” Third Master Xue looked at Luo Cheng and said, “The reason I’m here is to track Yu Baifeng. Unfortunately, I’ve been in

Shatai Village for so long, but I haven’t heard any news about Yu Baifeng!”

“Luo Cheng, be careful! ” At this moment, Li Xiaoran’s anxious voice sounded.

In the blink of an eye, an arrow quickly shot over from the distant forest.

When Third Master Xue heard the commotion, he threw himself in front of Luo Cheng without thinking and pushed him back.

An arrow hit Third Master Xue’s back and pushed him forward a few steps.

Then, Third Master Xue fell down and was hugged by Luo Cheng.

“A second arrow has been shot! Dodge to the left and enter the cave!” Li Xiaoran’s anxious voice sounded again.

Luo Cheng jumped to the left. Then, he retreated into the cave.

At the same time, a second arrow shot into the place where Luo Cheng and Third Master Xue had been.

If Luo Cheng hadn’t dodged, he would have been hit by this arrow.

Just as Luo Cheng entered the cave, a third arrow arrived. After Li Xiaoran grabbed Luo Cheng’s clothes and pulled him towards her, the third hidden arrow flew past Luo Cheng and stabbed into the wall of the cave.

“It’s Lin Ning. This kid is only 16 years old, but he was born an outstanding archer. He’s best at taking lives with arrows. We’re the first people to escape death from his arrows!” After Third Master Xue confirmed that they were safe, he told Luo Cheng and the others the identity of the person who shot the arrows.

By now, the others had retreated into the cave. There was no one else outside except the bodies and the immobile Shatai villagers.

Although Su Zheng couldn’t move, he could speak.

At this moment, he saw Su Ning hiding in the forest outside. “Kid, come and save me! Hurry up and leave this place to send a letter. I’ve been drugged by them and won’t live long. Leave quickly!”

When Third Master Xue heard Su Zheng’s words, he suddenly laughed out loud.

“Su Zheng, you’re still using Lin Ning, this pitiful child, to work for you even at a time like this! Lin Ning, do you know what kind of person Su Zheng, whom you’ve always been grateful to, is?! Don’t you know that your father was personally killed by Su

Zheng back then? Your mother was also secretly hidden by Su Zheng. Your family was actually ruined by Su Zheng. What's even more tragic is that you even acknowledged the culprit as your father and helped this enemy who killed your father!"

"You're spouting nonsense. Lin Ning, don't believe him!" Su Zheng panicked and quickly denied it.

Li Xiaoran sensed an emotional fluctuation and quickly confirmed Lin Ning's location.

At the same time, Li Xiaoran entered a scene.

A handsome man and a beautiful woman were playing by the stream with a little boy.

When Li Xiaoran saw the woman's appearance clearly, she immediately thought of something.

"Lin Ning, I've seen your mother before! Believe me, I know where your mother is! If you show yourself, I can guarantee that we won't hurt you. I can bring you to see your mother!"

With that, Li Xiaoran recalled things carefully and said, "Does your mother wear a jade pendant in the shape of a crescent moon? And there's a butterfly-shaped birthmark on her waist, right?!"

When Lin Ning, who was hiding in a tree, heard a woman's voice coming from the cave, he could no longer continue to hide himself.

He had been looking for his mother. Every time the village chief said that he had news of his mother, he returned disappointed.

But now, someone told him that she had seen his mother and accurately identified the jade pendant on her body as well as the birthmark on her waist.

This woman didn't lie to him. She must have met his mother.

"Lin Ning, don't believe their words! As soon as you appear, they'll arrest you." Su Zheng quickly stopped him.

While Li Xiaoran and Lin Ning were talking, Luo Cheng fed Third Master Xue the medicine to stop the bleeding. Then, he confirmed the location of the arrow and pulled it out.

Third Master Xue winced and sweated from the pain.

Luo Cheng quickly took out some powder and poured it on his handkerchief. After he tore off his clothes and used the medicine on the handkerchief to block the wound, he bandaged it with long strips of cloth.

After Third Master Xue pulled out the arrow, he happened to hear Su Zheng's words. He used all his strength to say, "Lin Ning, do you remember what I said to you? You have to use your heart to distinguish who is truly kind to you and who is harming you! Remember, use your heart to distinguish! Actually, you've probably suspected him since long ago!"

When Lin Ning heard Third Master Xue's words, she recalled what Third Uncle Xue had said to him by the fire in the past. Then, he made a judgment.

After jumping down from the tree, Lin Ning walked straight towards the cave..

## Chapter 646: Verification

Su Zheng said with a pained expression, "Lin Ning, you're so stupid. Hurry up and run! At this time, it's more important to save your life!" Lin Ning walked straight towards Su Zheng and stared at him coldly.

"Where did you go in the middle of the night on March twenty-sixth?" Su Zheng was stunned when he heard Lin Ning's words.

"How can I remember that? It's been months already. How can I remember it clearly?!"

"Is that so? Do you really not remember? Then let me remind you. That night, the moon was shining brightly. When you came back from outside, I happened to bump into you outside your house. I asked you where you were going, but you said that you went out to pee!" Lin Ning reminded him.

Su Zheng was stunned when he heard this.

"Huh? Which day? I really don't remember!"

When Lin Ning saw the man in front of him, he stood up.

"That night, I smelled my mother's scent on you! In addition to my good eyesight, I also have a good sense of smell!"

With that, Lin Ning strode into the cave.

Lin Ning glanced at the group of people in the cave, then looked at Li Xiaoran and Shu Ruyue.

"Who just spoke to me?!"

Seeing this, Li Xiaoran quickly said, "It's me! We really saw your mother!" Shu Ruyue was a little confused and had no idea what Li Xiaoran was talking about.

Lin Ning walked forward and wanted to approach, but Luo Cheng stopped him.

"What do you want to do?"

Li Xiaoran could sense that Lin Ning had no ill intentions towards her, so she Dulled her husband.

"Husband, it's fine. He doesn't have any ill intentions!"

When Luo Cheng heard Li Xiaoran's words, he moved aside.

When Lin Ning was only two steps away from Li Xiaoran and Shu Ruyue, his expression changed drastically.

"Where have you seen my mother?"

Li Xiaoran explained, "It's in this underground passageway! After we fell into the medicinal field, we fell asleep for an unknown period of time. When we woke up again, we realized that we were in a pit and that there was a closed door not far away. After we opened the door, we walked out along the passageway. After walking for an unknown period of time, we discovered another pit. There was also a door. After we opened the door, we found your mother!"

Hearing this, Shu Ruyue immediately understood.

"Xiaoran, you're saying that the woman we carried is his mother?"

Li Xiaoran asked, "Yes! Ruyue, take a closer look. Does the woman we carried look a little similar to the young man in front of us?"

Shu Ruyue didn't notice it at first, but now that she observed carefully, she realized that the two of them really looked alike.

Lin Ning could already smell his mother's scent from the two of them, and it was very strong. They had probably just met his mother not long ago and even had direct contact with her.

Otherwise, these two people wouldn't have his mother's scent. Therefore, he believed that what Li Xiaoran said was true.

"Then why don't I see my mother?" Lin Ning asked.

When Li Xiaoran heard Lin Ning's words, she didn't hide the truth anymore.

"Ruyue was carrying your mother on her back. I dragged your mother's back with my hand from behind and we searched for a way out together. Originally, we planned to bring your mother along, but when we were looking for a way out, we discovered a huge pit and opened the door again."

Shu Ruyue added, "The pit was filled with unconscious women. The two of us couldn't take those people away at all. Besides, we weren't sure how long it would take to find a way out, so we could only put your mother with those women. We planned to come out to find them first and resolve Shatai Village's matter. After confirming that there was no danger around, we planned to bring people to save the women inside!"

Lin Ning wasn't angry when he heard Li Xiaoran and Shu Ruyue's words.

Because he also knew that if he had encountered such a thing, he would have found a way out as soon as possible as well.

Lin Ning asked Third Master Xue, "Uncle Xue, do you know anything about underground tunnels?"

Third Master Xue shook his head and said, "You also know that I've only been here for a short time, so how would I know how to get to the underground tunnel?! You've been by Su Zheng's side all this time, but even you don't know about the underground tunnel?"

Lin Ning shook his head and sighed softly.

"He never mentioned anything about the underground tunnel to me." Third Master Xue looked at Lin Ning sympathetically.

“It seems that he doesn’t trust you completely. Instead, he’s been guarding against you!”

Lin Ning’s face was expressionless. Now, he was more concerned about where his mother was. However, he wasn’t familiar with the underground tunnel, so he didn’t dare to enter rashly to search.

Lin Ning thought of something and asked Luo Cheng, “Su Zheng, did you really drug him and he won’t live much longer?”

Luo Cheng raised his eyebrows and nodded.

“That’s right. We have to send him to the officials!”

Lin Ning thought for a moment and said, “Give him to me. I’ll let him bring me to my mother! If you agree, I’ll sell my life to you. I’ll work for you in the future!”

Luo Cheng smiled when he heard this.

“Looks like you’re very confident in your abilities!”

Lin Ning said, “You’ve seen my abilities before, so what do you think of my suggestion?”

Luo Cheng looked at Lin Ning. For some reason, he saw himself in this young man.

Unfortunately, he wasn’t as lucky as the young man in front of him.

Because his mother was already gone.

Li Xiaoran said, “Husband, let Shu Ruyue, Wu Qinghe, and I bring Su Zheng along! It’s time to save those people in the tunnel! Now that Shatai Village is leaderless, it’s the best chance for you to take down Shatai Village. It’s safer for the few of us to go into the tunnel!”

Luo Cheng frowned when he heard Li Xiaoran’s words.

“Xiaoran, there might be unknown danger in the tunnel!”

“Husband, it’s also very dangerous outside. Other people might use me to threaten you! Therefore, I might as well stay in the tunnel and save those who need me to save them. Besides, with me, Shu Ruyue, and Wu Qinghe around, nothing will happen to us!”

Upon seeing Li Xiaoran’s determined gaze, Luo Cheng finally gave in.

Luo Cheng stared at Li Xiaoran and said, “Then you have to remember to protect yourself! If something happens to you, I don’t know what I’ll do!” Li Xiaoran laughed when she heard Luo Cheng’s words.

“Don’t worry! I cherish my life and won’t take risks easily! You know my abilities. I’ll be fine!”

Luo Cheng understood what Li Xiaoran meant and could only agree to let her go into the tunnel again.

Lin Ning thought of something and said, "I know there's a night pearl in Su Zheng's room. It's under the bed where he sleeps.. I can bring you guys to get

## Chapter 647: Let Me Guess

If there were Night Pearls, the lighting in the passageway wouldn't be a problem.

"Zi Zheng, follow Lin Ning to get it!"

When Li Xiaoran heard this, she thought of something. "Wait, ask Su Zheng how many entrances there are to these underground tunnels. If you can find out how many entrances there are, open those entrances and let fresh air enter! Because we don't know how long we'll be gone for this time, we have to make some preparations. We have to bring some food in!"

"Food? Are we going to Shatai Village to find some food?" Zhang Yi, who was about to be woken up, couldn't help but ask, "If we go to Shatai Village now, we'll be like sheep entering a tiger's den!"

Li Xiaoran said, "There's no need to go to Shatai Village. There's food to eat by the roadside when we came to the medicinal field just now! We just need to dig up those taros and roast them before bringing them with us!"

Lin Ning thought of something and said, "I still have some food at home. I can bring it over. We have to bring some food before entering the underground passage!"

Third Master Xue thought of something and said, "I also have some food at my mace. I can bring them over too!"

Yu Peng reminded, "No, bringing too much food over will attract the attention of Shatai Village's people!"

Lin Ning glanced at Yu Peng and said, "No need. No one will suspect me even if I bring food!"

When Third Master Xue heard this, he laughed.

"Listen to him! I forgot that this kid often helps Su Zheng move food elsewhere, so the villagers are used to it!"

Zi Zheng saw Luo Cheng nod at him, so he followed Lin Ning to Shatai Village.

Luo Cheng walked out of the cave and came to Su Zheng's side.

When Su Zheng saw that Lin Ning didn't even look at him, he knew that Lin Ning had completely changed sides.

Seeing Luo Cheng come out, Su Zheng stared at him with hatred.

"Who exactly are you?"

Luo Cheng looked at Su Zheng and said, “You don’t have to know who I am! Just treat it as if I’m here to uphold justice on behalf of the heavens! After all, retribution will come for those who have done evil!”

“Evil? What have we done? Those women were blind. I brought them to the village to enjoy life. As you can see, the herbs planted in our village are of better quality than those planted elsewhere. As long as we’re given time, it won’t be long before Shatai Village becomes the richest village, but those b\*tches are clamoring to leave!” Su Zheng gritted his teeth and said, “They’re really a group of ungrateful people. They’ve never suffered before. Therefore, I have to make them suffer enough before they learn to understand my painstaking efforts!”

Luo Cheng was dumbfounded when he heard Su Zheng’s words.

This man was probably out of his mind!

Who in their right mind would think like that?

Li Xiaoran questioned, “Since it won’t be long before you can earn a lot of money, why don’t you wait? When your village really becomes rich and every family builds new houses, I believe there will be a lot of women who are willing to marry you. Why do such evil things?”

At the mention of this, Su Zheng fell silent.

As Li Xiaoran looked at Su Zheng, she suddenly sneered.

“Because you know that it’s impossible for your village to become rich! The people behind you won’t allow you guys to become rich at all! Or perhaps, the person behind you guys don’t want you to show your wealth at all! So you have no choice but to think of a way to kidnap women!”

When Su Zheng heard Li Xiaoran’s words, he looked at her in shock, his face filled with disbelief.

Li Xiaoran stared into Su Zheng’s eyes as she said, “It seems that although the person behind you guys gave you some money, it’s not much! There are very valuable herbs, but they don’t belong to you guys. For the sake of money, you guys secretly took the risk and got some to exchange for money! It’s also for this reason that the person behind you guys doesn’t allow you guys to be high-profile. He hopes that you guys can keep a low profile. After all, the other party doesn’t want the news that you guys have many herbs to spread! Therefore, you guys could only think of a way to kidnap women to resolve your needs!”

This time, Su Zheng was completely flustered.

This was because Li Xiaoran hit the nail on the head, as if she had seen these things happen with her own eyes.

When Luo Cheng heard Li Xiaoran’s words, he immediately reacted.

“By the way, Yu Baifeng is one of your people, right?” Li Xiaoran suddenly asked.

Su Zheng’s eyes quivered, then he said, “I don’t know what you’re talking about.”

Li Xiaoran suddenly said, "Oh, Yu Baifeng isn't one of you guys, but she's from the faction behind you! Yu Baifeng's status is higher than yours, right?"

The woman in front of him was so scary. Why did she know everything? It was as if she had seen right through him.

When Third Master Xue, who was sitting in the cave, heard Li Xiaoran's words, his pupils dilated and his face was filled with surprise.

Third Master Xue looked at Xue Shanhui and said, "Quick, help me up!"

After Xue Shanhui glanced at Third Master Xue, he picked him up.

Third Master Xue asked impatiently when he saw Li Xiaoran, "What did you say just now? Yu Baifeng is from the faction behind them?" Li Xiaoran pointed at Su Zheng and said, "That's what he told me!" Su Zheng immediately retorted, "Impossible, I didn't say that!"

"You didn't say anything, but your subtle change in expression betrayed you!" Li Xiaoran said, "A person's expression can be faked, but subtle changes in expression can't be faked!"

When Third Master Xue heard this, he immediately became worked up.

"Yu Baifeng is from the faction behind them? How can that be? Isn't she a gentle and kind woman?"

When Su Zheng heard this, he thought of the Yu Baifeng he knew and his eyes revealed a hint of disdain.

That woman wasn't gentle or kind at all. This man must have been deceived.

Li Xiaoran said when she heard Su Zheng's words, "Third Master Xue stayed in your village because Yu Baifeng instructed him to! Her goal was to trap him in Shatai Village?"

If not for the fact that Su Zheng's acupoints had been tapped, he would have jumped up.

Why was this woman able to read his every thought? Could it be that she knew sorcery and could hear what he was thinking?

Li Xiaoran looked at Su Zheng meaningfully and was immediately amused.

Unexpectedly, this person actually hit the nail on the head.

The more agitated he was, the more she could hear what he was thinking..

## Chapter 648: Unexpected Gain

Of course, Li Xiaoran wouldn't admit it to Su Zheng.

Third Master Xue wasn't a fool. From Su Zheng's reaction, he obtained the answer he wanted.

“No wonder. No wonder you accepted me so easily the moment I arrived! No wonder you weren’t on guard at all when I wandered around the village and let me do whatever I wanted!”

Thinking of this, Third Master Xue smiled bitterly.

“Looks like I’ve been a failure all my life. I’ve been played by a woman this entire time.”

First, it was Cui Niang, then it was Yu Baifeng.

How muddle-headed was he to be deceived by them?

Not knowing how to comfort him, Luo Cheng looked at Third Master Xue.

After all, his uncle seemed to have always been at a disadvantage when it came to women.

“So, Third Master Xue, what are you sad about? You should be happy! At least you saw these people’s true colors and won’t have to be deceived by them in the future. Some people will never be able to see through the truth and will always be kept in the dark. Therefore, you should be happy. At least you weren’t stupid to the end!” Li Xiaoran’s voice sounded.

It had to be said that Li Xiaoran’s words were very harsh, but they were the truth.

“You’re right. I should be happy!” Although Third Master Xue had figured it out now, the feeling of being betrayed by someone he trusted made him feel very upset.

“I just want to ask why. Am I that gullible?”

“What’s the point? Isn’t it just a coincidence? Perhaps she needed someone, and you happened to appear at that time. That’s all! If you want to blame someone, you can only say that you’re really unlucky! However, you’ve already encountered two, so I believe your luck will change soon!” Li Xiaoran comforted.

When Wu Qinghe heard Li Xiaoran’s words, he couldn’t help but laugh.

“Ruyue, sometimes, I feel that Madam is more of a prophet than me! She’s better at beguiling people than me!”

Although Shu Ruyue felt that Wu Qinghe’s words were a little strange, she felt that he was right.

“Actually, you don’t have to lie to Xiaoran. Just by standing there, she can convince people!”

Third Master Xue was originally feeling very sad, but Li Xiaoran’s words dispelled his sadness and amused him.

Li Xiaoran said, “Alright, you should recuperate first! With your current state, if you’re depressed, your body might not be able to take it!” Then, Li Xiaoran looked at the others.

“Don’t just stand there. Follow me. Take the shovels or scimitars on the ground and follow me to the front to dig potatoes to eat!”

Then, Li Xiaoran shifted her focus to serious matters.

When the others heard this, they quickly went to get their tools and followed Li Xiaoran.

Seeing this, Luo Cheng stayed behind. On the one hand, he had to take care of his uncle, and on the other hand, he had to watch Su Zheng.

Lin Ning and Zi Zheng quickly carried two bags of rice and two baskets over.

There were vegetables and cured meat in the basket.

Of course, they also brought the Night Pearl.

Surprisingly, there were nine Night Pearls.

“Where did you get so many Night Pearls?” After Li Xiaoran brought taros back, she happened to see Lin Ning taking out the Night Pearls in the cave to count.

Zi Zheng laughed when he heard Li Xiaoran’s words.

“Su Zheng has the Night Pearl, so do the scarfaced man and Big Head Xu also have the Night Pearl? We went over to take a look on the way. There were three of them. Each of them has three, so we got nine in one go! Also, these vegetables, fruits, and cured meat were also taken from these three people’s houses. When a villager saw them, he asked Lin Ning, who used the excuse that the village chief asked him to cook!”

Li Xiaoran didn’t expect such a good thing to happen.

Therefore, the group quickly got busy.

There was a small stream near the medicinal field that was usually used as a water source to irrigate the medicinal field.

Today, Li Xiaoran and the others used the stream to wash up and get some water to drink.

Lin Ning wandered around the cave and wrung out a few wooden buckets, bowls, spatulas, and condiments before handing them to Zi Zheng.

“I’ve given you everything. Take it and use it! If you’re worried, just put it in the stream to wash it or check if it’s poisonous! If you’re worried, let me try the food later. After confirming that there’s no problem, you can eat it!”

Luo Cheng glanced at Lin Ning and said, “That’s not what we meant! But if you really played tricks, you won’t be able to hide it from us!”

After all, their medical skills were outstanding. Moreover, everyone had taken pills that could detoxify hundreds of poisons, so they were really unafraid of others poisoning them!

Wondering if these people really believed him, Li Ning glanced at Luo Cheng.

After that, everyone started a fire to cook.

After the people from Shatai Village who had been captured were knocked out by Luo Cheng, they were sent to a pit in the cave to be locked up!

Without these eyesores, the entire medicinal field looked much more pleasing to the eye.

Originally, there were still some bloodstains left behind from the fight, but they were all buried in the ground.

Even if someone came over, they wouldn't realize that there had been a fight there.

Fortunately, the food was cooked in the cave, so it was easy to clean. For a moment, everyone sat around and waited.

For the sake of convenience, Li Xiaoran cooked a large pot of rice.

In addition, there was also a pot of cucumber egg soup.

The hungry group wolfed down the rice and cucumber soup.

Shu Ruyue marveled after finishing the bowl of rice, "Sigh, why didn't I know how delicious braised rice was before?"

Wu Qinghe said, "That's because you're hungry! When you're hungry, everything tastes delicious!"

Because Wu Qinghe had starved before, he hit the nail on the head.

Shu Ruyue thought of something and asked, "But how are we going to bring so much rice with us?"

Li Xiaoran replied with a smile, "That's simple! Aren't there banana leaves nearby? Pick some and we'll knead the remaining rice into a ball. Then, we'll carry the banana leaves in our pockets and take them away!"

Shu Ruyue felt that it was a good idea.

"Aren't you afraid of the food spoiling? The weather is hot today, so you might get a stomachache after eating it!" Yu Peng reminded her kindly..

## Chapter 649: Doting

Li Xiaoran said, "It won't spoil. It's cooler in the underground passage, especially when the weather outside is hot. It'll seem much cooler inside. If you don't believe me, go into the underground passage and try. I think we have to open all the entrances in this underground passage to ventilate it. Otherwise, it'll smell bad inside!"

"I don't recommend opening all the entrances to the underground tunnels. We're too short-staffed to guard every entrance. If someone slips in, your people in the cave will be in danger," Luo Cheng said while shaking his head.

With that, Luo Cheng took out a porcelain bottle from his pocket.

“Bring two pills with you. They can improve the smell wherever you go, so you won’t feel so uncomfortable!”

With that, Luo Cheng poured out two pills and stuffed them into the sachet Li Xiaoran was carrying.

Sure enough, after the two pills entered the sachet, the air around them immediately became much fresher.

After that, Luo Cheng gave Wu Qinghe, Shu Ruyue, and Lin Ning two pills each.

Luo Cheng said as he put away the porcelain bottle, “The effect of this pill can last seven days! As long as you wear this, you’ll feel much better!” Li Xiaoran immediately felt refreshed after obtaining such a good thing.

“Husband, why didn’t you take it out earlier?! This pill smells so good. I like it very much!”

When Luo Cheng heard Li Xiaoran’s words, he was amused.

“Do you think of this as some sort of incense?”

Li Xiaoran said with a smile, “This is better than incense!”

Seeing that Li Xiaoran liked it, Luo Cheng didn’t say anything else.

Nothing else was important as long as Li Xiaoran was happy.

Luo Cheng said, “If you like it, I’ll make more for you in the future and let you wear it every day!”

When Zi Zheng heard this, he immediately had a new understanding.

Although this pill only had this small effect, it needed high-quality herbs, so it would really be a waste to use it as an incense for Li Xiaoran. However, Luo Cheng was willing to dote on his wife.

As the saying went, money couldn’t buy kindness.

If Li Xiaoran liked it, Luo Cheng was willing to use it to make her happy.

On second thought, if his future wife was half as good as Li Xiaoran, he would be willing to dote on her as well!

Luo Cheng didn’t care what Zi Zheng thought. At this moment, he was still worried about Li Xiaoran’s safety, so he called her out of the cave and gave her some things to protect herself.

Luo Cheng reminded her carefully, “You already know how to use this bracelet, so don’t hesitate to use it at the critical moment. Also, you know about the medicine I gave you. Use it when you need it. Don’t be reluctant to use it! I think Lin Ning is trustworthy, but don’t trust him completely. As for Su Zheng, you have to pay special attention to him. Don’t let him play any tricks. Although I fed him medicine, he can still think!”

Luo Cheng thought of something and said, “This time, you just need to save Lin

Ning’s mother. Don’t worry about the others for now! As long as the matter of Shatai Village is resolved, those women will be saved. If you get soft-hearted and save them now, you might encounter the people of Shatai Village when you come out and they might lose their lives in vain!”

Li Xiaoran remembered Luo Cheng's words.

“Husband, don't worry! I have the ability to keep an eye on Su Zheng. If Wu Qinghe follows us, we won't be afraid of getting lost. Ruyue can also protect my safety, so you don't have to worry about me! On the other hand, you have to be more careful! No matter how powerful you are, you're still alone. Try to outsmart the enemy. Don't lose your life because of your pride! To me, no amount of money is more important than you!”

What was home? It meant having someone to accompany you. When you went out, someone would miss you. When you were travel-worn, someone would welcome you with a bright smile!

Luo Cheng knew very well what kind of wife he needed.

Li Xiaoran was smart and capable, but what he loved the most about her was her sincerity towards him.

Whether a person took one to heart or treated one sincerely didn't depend on one's words. It depended on one's actions.

Luo Cheng was already surrounded by the love Li Xiaoran gave him.

Luo Cheng reached out and hugged Li Xiaoran as he whispered in her ear, “Got it. You too. Take good care of yourself!”

After the couple finished speaking, they packed up and prepared to get busy.

The rice ball was already pinched and placed in the bag. The water bag was also filled with water.

Li Xiaoran waved at Luo Cheng and entered the underground passage with the Night Pearl.

Because of the pill, Li Xiaoran was in good spirits.

Lin Ning tied Su Zheng up with a rope and walked in front of him.

Li Xiaoran and Shu Ruyue walked in the middle, while Wu Qinghe walked at the back.

When they encountered a fork in the road, Li Xiaoran chose a path based on her intuition. Then, Wu Qinghe also chose a path.

Surprisingly, Li Xiaoran chose the same path as Wu Qinghe every time.

Su Zheng was very anxious and he felt that this was his chance to escape.

He was very familiar with this place!

And Lin Ning was the one who was watching him.

He might be able to fool this kid.

With this in mind, Su Zheng opened his mouth to say something.

“Lin Ning!”

As soon as he finished speaking, Shu Ruyue came over and tapped Su Zheng's mute acupoint.

Lin Ning glanced at Shu Ruyue in surprise and asked, “Why did you tap his mute acupoint?!”

Shu Ruyue said righteously, “Xiaoran said that if this person speaks on the way, I should tap his mute acupoint. We didn’t ask him anything, but he wants to speak, so he must have ill intentions and is preparing to trick us! Instead of wasting time being tricked by him, why don’t we stop him from speaking right from the beginning?! Don’t you want to find your mother? We’ll bring you to find her! Only when we can’t find her can we undo his mute acupoint and let him speak!”

When Lin Ning heard Shu Ruyue’s words, he felt that it made sense.

The reason he wanted to bring Su Zheng along was because he was worried that they wouldn’t be able to find their way down. In that case, they could interrogate Su Zheng.

Therefore, tapping his mute acupoint now was a good idea!

When Su Zheng heard this, he became anxious!

However, he couldn’t speak now, so he could only curse at the people around him inwardly.

When Li Xiaoran heard this person scolding them inwardly, she wasn’t angry at all.. Instead, she listened in amusement with a smile!

## Chapter 650: Heaven’s Rules

Su Zheng felt that scolding them inwardly was meaningless, so in the end, he could only continue walking with a listless expression.

If only these people asked him how to get there.

He could take the opportunity to bring these people to those traps.

Sigh, why didn’t these people ask him?

When Li Xiaoran heard Su Zheng’s thoughts, the smile on her face disappeared.

It seemed that they weren’t in danger previously due to luck.

If she and Shu Ruyue were unlucky and accidentally entered the trap zone set up by these people, they might encounter danger.

At this moment, Li Xiaoran had no choice but to change her mind.

Could it be that she was really a lucky charm that could turn misfortune into fortune?

Although Lin Ning was very anxious, his emotions were still stable, so Li Xiaoran didn’t sense that there was anything wrong.

As they walked and stopped, Li Xiaoran and the others successfully found the big pit they had been in previously.

This time, because they had the Night Pearl, they could see the situation inside clearly after walking in.

Upon looking, Luo Cheng was shocked.

The women lying unconscious on the ground were either bruised or scarred.

Lin Ning suddenly smelled a familiar fragrance. As he followed the fragrance, he found his mother, Jiang Qiniang.

Lin Ning's eyes turned red as he shouted with a sob, "Mother, Mother, Mother, wake up! I'm Ning'er. I'm here to look for you!"

No matter how calm he was usually, he was still a child in front of his mother!

Li Xiaoran sighed when she saw Lin Ning crying.

"Your mother was poisoned. If you believe me, you can give her this pill. I believe it won't be long before your mother wakes up!"

Lin Ning trusted Li Xiaoran, so he fed his mother the pill and kept calling her.

Su Zheng felt a little uneasy. If possible, he really wanted to slip away.

Unfortunately, his acupoints had been tapped again, so he couldn't move at all.

As Li Xiaoran and Shu Ruyue counted the women in the pit, they felt a little upset when they saw their miserable appearances. "Ruyue! After these girls are saved, give them some Soft Tendon Powder!"

"Huh?" Shu Ruyue didn't expect Li Xiaoran to say that.

Even Lin Ning looked at Li Xiaoran in surprise.

"Lin Ning, why don't you feed your mother some Soft Tendon Powder first?! If you still want your mother to live!"

This time, Lin Ning was even more confused.

After Wu Qinghe went down the mountain to train, he had suffered many times, so he had more experience than others.

When Li Xiaoran said that she wanted to give these women the Soft Tendon Powder, Wu Qinghe already understood Li Xiaoran's intentions.

"Kid, don't just stand there. Hurry up and give your mother some Soft Tendon Powder! Think about it. These women were captured here and are in this state now. Who knows how many times they have been violated by those animals from Shatai Village?! Why did the people from Shatai Village knock them out? On the one hand, it's to prevent these people from escaping, and on the other hand, it's to prevent these people from committing suicide!" Wu Qinghe explained, "Even if they're saved now, they probably don't want to live anymore. After all, they're already in this state!"

Shil Rilvne was a woman. so she naturally understood what WII Oinghe meant Although Lin Ning didn't quite understand, with his mother's personality, she might really choose to commit suicide.

After all, his mother and father were very loving. Now that his father was dead, his mother probably didn't want to live anymore either.

Thinking of this, Lin Ning asked Li Xiaoran and the others for some Soft Tendon Powder for his mother.

After five minutes, Jiang Qiniang woke up.

Although the cave was illuminated by the Night Pearl, Jiang Qiniang was still confused.

For a long period, she would face that beast every time she woke up, so before Jiang Qiniang could see clearly, she instinctively slapped him.

“You beast, you’ll die a horrible death!”

That slap was very loud and stunned Lin Ning.

When he came back to his senses, he saw his mother glaring at him through gritted teeth, as if she wanted to kill him.

“Mother, I’m Ning’er! I’m your son, Lin Ning! Mother, I’m here to save you!” As Lin Ning spoke, he quickly went forward and grabbed Jiang Qiniang’s weak hands.

Trapped in this underground passage, she didn’t eat much and was unconscious all day long. Even with the antidote pill’s effect, she didn’t have any strength, let alone after being sprinkled with Soft Tendon Powder.

She had no strength, but she wasn’t deaf!

After hearing Lin Ning’s call, she calmed down.

When she saw the person in front of her clearly, tears welled up in her eyes.

Lin Ning looked very much like his father, so Jiang Qiniang could tell at a glance that this young man was her son.

“Ning’er! My Ning’er! Your father was killed!”

Jiang Qiniang somehow found the strength to grab Lin Ning and cry.

When Li Xiaoran and the others heard Jiang Qiniang’s words, their eyes stung and tears flowed down.

Lin Ning’s family had indeed suffered quite a lot.

The family of three was originally a happy family, but because they met these scumbags from Shatai Village, they were forcefully broken up.

Lin Ning’s father was gone, and his mother had been forcibly taken away.

And he had treated the enemy who had killed his father as his benefactor. Lin Ning was feeling upset as well. The mother and son hugged each other as they cried.

After they cried, Jiang Qiniang wiped her tears.

However, when she wiped her tears, another problem arose.

After Jiang Qiniang’s tears were wiped away, her vision became much clearer.

Just as she looked up to say something, she saw Su Zheng standing at the side with his acupoints tapped. Her expression changed drastically. She pushed Lin Ning away and jumped up to bite Su Zheng's neck.

This bite contained all of Jiang Qiniang's hatred and broke Su Zheng's larynx.

Blood flowed down. As Su Zheng stared at Jiang Qiniang, his eyes gradually lost their luster.

Su Zheng had never expected to die here, the place where he was usually most happy, and at the mouth of the woman he had bullied.

Seeing this, Li Xiaoran knew what to say.

With what Su Zheng had done, he was destined to have a bad ending.
