

The Hunter 671

Chapter 671: Recommendation

There was a certain type of people in this world who were the most terrifying.

He meant every word he said, but he had his own schemes and secrets.

He did things flawlessly and made it impossible for others to notice his scheme.

Liu Mingkun gave off such a feeling.

If all three of them felt that way, something must be wrong.

Therefore, at this moment, Li Xiaoran and Luo Cheng immediately became vigilant.

Li Xiaoran asked, "What should we do about this?"

Luo Cheng said, "We definitely have to investigate. It's most likely true, so we still have to resolve it! However, I'm a little uncertain. Does Liu Mingkun really have no other ulterior motives?"

Li Xiaoran thought for a moment and said, "Since we can't find any loopholes now, we can only take it one step at a time. As long as it concerns a human, there will always be loopholes. If we're careful, we can definitely find them!" Luo Cheng nodded and called Luo Ziyang over to see how to arrange this.

Li Xiaoran thought of something and suggested, "Husband, leave this matter to Yu peng! Let Yu Peng and Jiao Hang go. No one in Huaiqi Village has seen these two people before, so it's easier for them to investigate than us! Yu Peng is ambitious and smart. Jiao Hang is strong and has a good memory. If these two people work together, they might be able to bring us a surprise!"

Luo Cheng felt that Li Xiaoran's suggestion was very good.

"Then let them go! I'll leave it to them now!"

With that, Luo Cheng went out to look for Yu Peng and the others.

Seeing that there wasn't anything else for him to do, Luo Ziyang thought of something and asked, "Madam, has the matter with Xiao Qing been resolved?" When Li Xiaoran heard Luo Ziyang's words, she was immediately amused.

"I haven't had the time to ask my sister! However, according to my observation, Xiao Qing doesn't like Liu Mingkun. She just treats him as her savior. Besides, Liu Mingkun has someone he likes, so he's not a threat to you!" With Li Xiaoran's assurance, Luo Ziyang felt relieved.

Luo Ziyang thought for a moment and said, "If that's the case, there's no need to test Xiao Qing's feelings! Let her grow up carefree and live a happy and simple life! Love is too harmful!"

When Li Xiaoran heard Luo Ziyang's words, she was a little moved.

It wasn't easy for Luo Ziyang to do this.

If he didn't love her deeply, he wouldn't have so much considerations.

Li Xiaoran couldn't help but remind him, "Are you really sure? If you don't say your feelings bravely, you'll regret it when Xiao Qing falls in love with someone else in the future!"

Luo Ziyang struggled for a moment when he heard Li Xiaoran's words. Then, he said, "If that's the case, we're not fated. There's no point in forcing things!"

"Alright! Then I'll respect your opinion!" Li Xiaoran nodded and said nothing else.

Everyone should make their own choices. She respected others' choices.

Looking at Luo Ziyang's departing figure, Li Xiaoran sighed.

To be honest, she really hoped that Xiao Qing and Luo Ziyang could end up together.

However, who could say for sure when it came to relationships?

After Luo Cheng found Yu Peng and Jiao Hang, he told them about this.

After Yu Peng and Jiao Hang accepted the mission, they were very excited.

Yu Peng nodded, but his mind was on this mission.

Although he had never seen that person called Liu Mingkun before, from Mr. Luo's description, this person wasn't as simple as he seemed!

After some thought, Yu Peng decided to take a look at Liu Mingkun.

Of course, they couldn't just meet him. Instead, they had to secretly observe him.

Thinking of this, Yu Peng went to look for Luo Ziyang.

After Ziyang heard Yu Peng's request, he said, "How about this? I'll disguise you. You can see him when you go to the shop to eat sliced noodles. As far as I know, he's been eating sliced noodles every morning for the past few days!"

When Yu Peng heard this, he nodded and decided to change his appearance the next morning to meet Liu Mingkun.

After seeing him, he came back and removed his disguise. Then, he went straight to Huaiqi Village to check if what Liu Mingkun said was true!

Li Xiaoran was still thinking about how to tell her parents about Liu Mingkun. After all, her family was still waiting for her to explain.

After thinking about it, Li Xiaoran decided to tell her father and Xiao Qing first. As for her parents, she would hide it from them first.

How could she call her father and sister out alone?

This was really troublesome!

After thinking about it, Li Xiaoran decided to call her sister over first.

When Li Xiaoring heard that her sister was looking for her, she quickly ran over.

"Sister, is there a problem with Liu Mingkun?" Li Xiaoring asked as soon as she entered.

When Li Xiaoran heard this, she immediately laughed and asked,

“Do you also think there’s a problem with Liu Mingkun?”

Li Xiaoqing nodded and sat beside Li Xiaoran.

“That day, when Liu Mingkun suddenly appeared and saved me in time, I felt very suspicious. How can there be such a coincidence in this world?! Instead of calling it a coincidence, it’s more like it was premeditated. Therefore, I used the excuse of being grateful to him to interact with him, but I didn’t find out anything!”

When Li Xiaoran heard her sister’s words, she immediately laughed.

“No wonder I saw you talking and laughing when you came back with Liu Mingkun previously. So you were taking the opportunity to test him? Tell me, how do you feel about him?”

When Li Xiaoqing heard Li Xiaoran’s words, she said, “He gives off a very gregarious vibe. When I walk with him, I feel like I’m bathing in the spring breeze. I think girls probably like men like him very much because he’s good at taking care of people. He can sense all your feelings and emotions and give you the most suitable replay at the right time! Anyway, I think this person is so good that he seems fake. Is there such a good person in this world?”

When Li Xiaoran heard Li Xiaoqing’s words, she immediately took them seriously.

“If he’s so nice, why are you on your guard?”

Li Xiaoqing pursed her lips and said,

“My sister, I’m no longer an innocent little girl. We’ve experienced a lot since we were young. Although our lives were difficult in the past, I didn’t lack the care and love of my family. It’s precisely because of this that I can see things more clearly. There’s no such good person in this world.. If there is, he must be pretending!”

Chapter 672: Father and Daughter Joining Forces

Li Xiaoqing said, “If there’s really such a good person, and this person has appeared in front of you, you have to be vigilant because the other party might have designs on you!”

When Li Xiaoran heard this, she felt that her sister had really grown up.

“Xiao Qing, I’m very relieved that you realized this. To be able to realize this, you’re already very impressive. You’re even more impressive than me!”

After Li Xiaoqing was praised by her sister, she immediately felt a little embarrassed.

“Sister, I just use my brain more when I encounter big things. I’m not as impressive as you say!”

“You are. You’re very impressive! I hope that you can maintain such rationality and clarity in the future because only then can you avoid schemes and danger!” Li Xiaoran patted her sister’s hand as she said, “I can protect you for the time being, but I can’t protect you for the rest of your life. You have to learn to protect yourself and recognize the evil people around you!”

Li Xiaoqing nodded. She understood what her sister was saying.

“Sister, don’t worry! I’ve already grown up. In the future, it’ll be my turn to protect you and our parents!”

When Li Xiaoran heard this, she thought of something. “In that case, I have something for you to do!” When Li Xiaoqing heard this, she immediately perked up. “Sister, just tell me. I’ll definitely do what you told me to do!”

After Li Xiaoran thought for a moment, she whispered to her.

Li Xiaoqing listened attentively and nodded from time to time. After Li Xiaoran finished speaking, Li Xiaoqing agreed with a smile.

“Don’t worry. Leave this to me!”

Li Xiaoran nodded at Li Xiaoqing with a smile, then she thought of Luo Ziyang.

After hesitating for a moment, Li Xiaoran decided to ask about her sister’s thoughts on her marriage.

“Xiao Qing, you’re already 16 years old. You’re almost at the age where you can get engaged! This time, others used your marriage to cause trouble, but next time, they might use it to scheme against you. Do you have any thoughts about your own marriage?”

Li Xiaoqing said firmly, “I want my future husband to marry into the family! I don’t want to marry someone else and work like a slave. Wouldn’t it be better for me to earn money and support myself?! Therefore, my future husband can only marry into the family!”

Li Xiaoran asked with a smile, “So be it! Have you thought about what kind of man you want to choose?”

“What’s the point of me thinking about this? I’ll feel it when the time comes!” Li Xiaoqing said blankly, “Even if you ask me now, I won’t know. I’ll know when I feel it!”

Li Xiaoran smiled at her sister.

It seemed that this girl was still clueless about love.

“Alright, when you encounter something that makes you feel something, you have to tell me first!” Li Xiaoran said.

Li Xiaoqing said, "Of course. You have the best taste in men, so if you say a man is good, he must be good!" Then, she suddenly thought of something and said, "Why don't you help me see who's suitable for me?! I'll go out with whoever you think is suitable!"

When Li Xiaoran heard this, she was amused.

"Do you think this is a joke? You're really willing to listen to me?! That's the person who will accompany you for the rest of your life!"

Li Xiaoran thought for a moment and said, "Alright, alright, alright. Then I'll help you take a look and tell you if there's anyone suitable!"

She originally wanted to mention Luo Ziyang, but when she thought of what Luo Ziyang had said previously, Li Xiaoran swallowed her words.

She should let nature take its course!

If the two of them were really fated, they would naturally get together.

Li Xiaoqing didn't know how conflicted her sister was. After she accepted the task she had been given, she went home.

Zhao Xiu was cooking, so Li Xiaoqing called her father out and told him that something was wrong with Liu Mingkun.

"Dad, my mom has a very good impression of Liu Mingkun, but this is dangerous. She might fall for Liu Mingkun's trap if she's not careful! My sister asked you to find an excuse to leave with our mom for a while. You can't let her fall for Liu Mingkun's scheme!"

Li Shun immediately nodded when he heard his daughter's words.

"I knew there was something wrong with Liu Mingkun, but your mother didn't believe me. She kept saying that it was wrong for me to show him attitude. But why didn't your mother think about it? Why didn't I show attitude to others? But why did I only show attitude to Liu Mingkun? Your sister is right. I have to leave this place with your mother! By the way, didn't we open a shop previously? I'll bring your mother to town to work for a few days and see how our shop's business is doing!"

Li Xiaoqing said, "Sigh, that's a good idea! If she mentions that he saved my life, tell her that my brother-in-law has already repaid this favor for me!"

Li Shun nodded and replied, "Alright, I'll remember!"

"Xiao Qing, what were you talking about with your father outside?" Zhao Xiu's voice came from the kitchen. "Hurry up and help me! The weather is too hot. I really don't want to cook for you guys anymore!"

"Coming!" Li Xiaoqing replied with a smile and went to the kitchen with her father.

Those willing to cook for you on a hot day were definitely the ones who loved you the most.

If she didn't love them, how could she be willing to cook for them on such a hot day?

After Li Xiaoqing and Li Shun entered the kitchen, they coaxed Zhao Xiu until she smiled.

"Why are you two such sweet-talkers now?" After Zhao Xiu quickly stir-fried a dish, she asked Li Xiaoqing to remove the firewood from the stove.

After the family washed their hands, they brought the stir-fried dishes and rice to the dining room. Then, they sat down and ate with relish.

The next morning, Yu Peng woke up early in the morning to look for Luo Ziyang.

Luo Ziyang made a disguise for Yu Peng.

After looking at himself in the bronze mirror, Yu Peng looked at Luo Ziyang.

"Didn't you say you would disguise me?"

"I thought about it last night and felt that I should change your appearance instead! Liu Mingkun is very smart. If you appear in disguise, he will definitely discover you. If I disguise you only a little, you won't attract attention. Look at you now. You don't look like a scholar at all. Instead, you look like a businessman who has traveled extensively!" Luo Ziyang reminded, "It's more suitable for you to pretend to be a businessman.. After all, most of the people coming and going from the pipeline are businessmen and people from escort agencies!"

Chapter 673: Loophole

Yu Peng nodded. Then, he got up and went to the sliced noodles shop by the official road.

However, Yu Peng didn't enter the shop at the beginning. Instead, he hid at the side and carefully observed the people who entered the shop to eat sliced noodles.

When he was done observing, he waited for a caravan to arrive and followed these people to the sliced noodles shop.

Yu Peng walked in and shouted in a hoarse voice, "I want to order two taels of spicy and salty minced meat sliced noodles!"

Li Xiaoqing was already cooking noodles, so she said with a smile, "Please wait a moment." Then, she went to peel the noodles.

Yu Peng found a seat at the side and sat down. Then, he waited for his sliced noodles.

This location was the best place to see everyone who came to the shop to eat sliced noodles.

At this moment, the person Yu Peng was looking for was eating in a seat to the right of the middle section.

Yu Peng took advantage of the wait to look around, as if he couldn't wait to eat the noodles.

Although his gaze attracted Liu Mingkun's attention, Liu Mingkun only glanced at him. After the two of them made eye contact, Yu Peng smiled at Liu Mingkun.

"You look unfamiliar! You've never eaten sliced noodles here before, right? Let me tell you, the sliced noodles here are superb! When my brother brought me here to eat these sliced noodles, I was blown away!" Yu Peng chatted in a very friendly manner.

Liu Mingkun nodded with a smile. "It's quite delicious!"

With that, Liu Mingkun turned his head around and focused on eating the sliced noodles.

It was obvious that he refused to talk.

However, Yu Peng acted as if he didn't see his rejection and immediately started chatting with a merchant beside him.

"Hey, brothers, that big cart of fur outside is your goods, right? You're really good at doing business! Aren't you afraid that you'll lose all your capital if you send the leather goods to the capital at this time?!"

When the merchant heard Yu Peng's words, he immediately glared at him.

"What nonsense are you talking about? I don't even know you. I don't have a troublemaker buddy like you!" With that, the merchant finished the remaining sliced noodles quickly and left in a hurry after paying for the noodles.

Yu Peng was also a little angry now and kept muttering, "Hey, why is he like this?! I kindly reminded him, but he scolded me. How ungrateful!"

Seeing this, Li Xiaoqing quickly sent Yu Peng's knife-cut noodles over.

When Yu Peng saw this bowl of sliced noodles, his unhappiness dissipated and he started smiling again.

"Sigh, this is the taste!" With that, Yu Peng picked up his chopsticks and started eating.

For some reason, everyone around him heaved a sigh of relief when they saw the man eating in big mouthfuls.

After Liu Mingkun finished eating the sliced noodles, he came to Li Xiaoqing. "Miss Li, this is the money for today's sliced noodles!"

"Mr. Liu, there's no need! You're my savior! It's just a bowl of noodles. There's no need to pay!" As she spoke, Li Xiaoqing looked at Mao Dao. "Mao Dao, return the money to my benefactor!"

Mao Dao happened to pass by, so he quickly took the money and stuffed it in front of Liu Mingkun.

“Young Master Liu, aren’t you deliberately making things difficult for us? You’re Xiao Qing’s savior. If her savior came to eat a bowl of noodles, but we accepted the money, wouldn’t everyone criticize us? Don’t you think so?” The other people eating noodles echoed this sentiment.

“That’s right. If they accept the money, what will others think of her?! Young Master, you should keep the money! Xiao Qing is a grateful person. She won’t accept your money!”

“That’s right. If you insist on paying for the noodles, won’t you be slapping the little girl’s face?” Yu Peng said directly, “If word gets out, people will say that the second daughter of the Li family is an ungrateful person who even wants to accept money from her savior. If anything happens to her in the future, who will dare to save her?! Mr. Liu, you should keep the money! Otherwise, I’ll think that you have a grudge against this little girl and want to use this method to ruin her reputation!”

Everyone understood this.

However, there were very few people who were as straightforward as Yu Peng.

The others also began to size up Liu Mingkun and think about his motive for paying for the noodles.

When Liu Mingkun heard Yu Peng’s words, he wasn’t angry. Instead, he smiled. “You’re right. I didn’t consider it thoroughly! In that case, I won’t pay you!”

“Mr. Liu, that’s how it should be! I’ll be embarrassed if you insist on paying me for the noodles. Feel free to come and eat noodles in the future. I won’t charge you a single copper coin! My life is more valuable than these sliced noodles!” Li Xiaoqing said with a smile.

“Yes, yes, yes. Miss Li’s life is naturally more valuable than these noodles. In that case, I’m lucky. In the future, I can eat such delicious sliced noodles for free every day!” Liu Mingkun said.

Those who knew the inside story wouldn’t overthink it.

However, what would those uninformed people think when they heard this?

Wouldn’t they think that Li Xiaoqing and Liu Mingkun had feelings for each other?

At this moment, the way Yu Peng looked at Liu Mingkun changed.

Li Xiaoqing didn’t seem to hear the meaning in Liu Mingkun’s words and said bluntly, “Don’t worry, in the future, I’ll tidy up a table and write down that it’s the seat for my savior. You can come over to eat noodles anytime in the future!”

When Yu Peng heard this, he was immediately impressed with Li Xiaoqing’s answer.

This time, Liu Mingkun’s ulterior motives were exposed.

Disappointment flashed across Liu Mingkun's eyes, but he revealed a gentle smile.

"Alright, I won't disrupt Miss Li from cooking noodles anymore!" With that, Liu Mingkun left.

It had to be said that Liu Mingkun really knew how to disguise himself.

Dressed in white and with his graceful strides, he looked like a gentle and humble young master.

Unfortunately, he was a scheming person.

To be honest, most women wouldn't be able to resist such a man.

Fortunately, the consort's sister was unfazed.

Thinking of this, Yu Peng ate his noodles in big mouthfuls.

After eating the noodles, Yu Peng placed the money on the table and came to a caravan's carriage. Then, he left with the carriage.

Not long after Yu Peng left, Liu Mingkun, who was hiding in the dark, walked out from behind a big rock.

"This person really left.. It seems that he's indeed a merchant who transports goods!"

Chapter 674: Intermediate Expert

Yu Peng followed the caravan for a long time. After he used the excuse of peeing to hide in a bush, he removed his disguise and returned to his original appearance.

At this moment, Jiao Hang, who had been driving a carriage, was waiting not far away. When he saw that Yu Peng had returned to his original appearance, he was immediately amused.

"You look much better in this outfit!"

Yu Peng laughed when he heard Jiao Hang's words.

"I feel more comfortable in this outfit too!"

With that, Yu Peng thought of something and said to Jiao Hang, "We should stop in town first and send a letter to Mr. Luo. Let Ziyang or Zi Zheng come over. I have something important to tell them!"

Jiao Hang thought for a moment, then drove the carriage towards town.

Jiao Hang and Yu Peng knew where the grilled fish shop in town was, so they went straight to the shop.

Coincidentally, Ziyang had something to do today and came to check on the shop's progress. He happened to bump into Jiao Hang and Yu Peng, who had rushed over.

Luo Ziyang asked the two of them in confusion, "Didn't you two leave today? Why are you two in town?"

“Ziyang, it’s good that you’re here. I have something to tell you. Go back and tell the consort that Mr. Luo must send someone to keep an eye on Liu Mingkun. I think he has designs on Miss Li!”

When Luo Ziyang heard Yu Peng’s words, his heart skipped a beat and he immediately became nervous.

“What do you mean? Could it be that you saw something at the shop today?” After Yu Peng looked around, he pulled Luo Ziyang to a quiet corner.

Yu Peng told him what had happened at the sliced noodles shop this morning.

“I have a feeling that Liu Mingkun isn’t a good person, since he’s too good at dealing with women! He seems to know how to deal with all kinds of women, but on the surface, you can’t tell! Although Miss Li is on guard against him now, no one can say for sure what will happen over the long term. We have to be on guard!”

“But he previously told Mr. Luo that he and the daughter of Daxing Village’s village chief were in love. Because the two of them wanted to be together openly, he asked Mr. Luo for help to resolve the hatred between the two villages!” Luo Ziyang said.

“Do we have to believe whatever he says? Perhaps this is his way of lowering our guard. Think about it carefully. When he said that he already had a woman he liked, didn’t everyone let down their guard? Didn’t he achieve his goal? Perhaps it’s true that he fancies the village chief’s daughter, but with his methods, but I’m afraid there are many more such people!” Yu Peng hit the nail on the head.

Luo Ziyang’s expression turned ugly.

“I really didn’t expect to be deceived by him!”

“That’s why I want you to tell Mr. Luo and the consort that you must keep Miss Li away from Liu Mingkun. If you really let him interact with Miss Li over the long term, I’m afraid there will be endless trouble in the future!” Yu Peng reminded.

Luo Ziyang nodded at Yu Peng gratefully.

“Thank you! If you hadn’t discovered this, I’m afraid we wouldn’t have been on guard!”

“We’re all buddies, so there’s no need to stand on ceremony! I’ll leave with Jiao Hang now. Remember to go back and tell Mr. Luo and the consort!” Yu Peng smiled as he waved goodbye. Then, he got into the carriage with Jiao Hang and rushed towards Daxing Village.

Yu Peng didn’t want to get sleepy in the carriage, so he came out and drove the carriage with Jiao Hang.

“What should we do after we go to Huaiqi Village and Daxing Village?” Jiao Hang asked.

“No, let’s go to Huang’an Town first and ask about Liu Mingkun! By the way, when we get to the next town, let’s find a shop to buy some drawing paper and paint. We’ll go to Huang’an Town after we’re done!” Yu Peng said.

“Alright, you can decide. We’ll go wherever you want! I’m here to protect you!” Jiao Hang nodded as he drove the carriage forward.

On the other side, Luo Ziyang quickly rushed back and repeated what Yu Peng had said.

When Luo Cheng and Li Xiaoran heard this, their expressions changed.

When Li Xiaoran heard Yu Peng’s description, she immediately thought of modern-era playboys. She really didn’t expect such men to exist in this era as well.

This person was a womanizer!

No wonder she couldn’t find any loopholes when she tried to sense this man’s emotions!

This man must be an experienced player. That was why he knew exactly what to do.

They were so good at self-deception that even their thoughts were the same as their performance.

No wonder she didn’t notice this person’s abnormality but her intuition told her that this person was scary. It turned out that he was scary in this aspect!

Yu Peng’s reminder gave Li Xiaoran a wakeup call.

Luo Cheng also felt a little afraid when he heard this.

To be honest, when he heard from Liu Mingkun that he had someone he fancied, he heaved a sigh of relief.

He didn’t expect Liu Mingkun to be so scheming.

Li Xiaoran suddenly said, “Ziyang, immediately arrange for someone to keep an eye on Liu Mingkun. Then, secretly send more people to Xiao Qing’s side. By the way, hand over the matters in your hands and let Zi Zheng deal with them during this period of time. You’ll be in charge of following Li Xiaoqing! Now,

I’m only at ease if you follow Xiao Qing!”

Everyone would be on guard against their love rival.

Men and women were the most sensitive to their love rivals.

Once the other party did something, they would be the first to notice.

Therefore, letting Luo Ziyang follow her sister was the best arrangement.

Luo Cheng also felt that Li Xiaoran’s arrangement was the most appropriate, so he nodded. “Hurry up and hand over the things in your hands to Zi Zheng!

Next, focus on taking care of Xiao Qing!”

Luo Ziyang thought so too. Previously, he wanted to give Li Xiaoqing time to grow up.

However, he didn't give Xiao Qing time in order for her to be schemed against and get hurt.

At this moment, Luo Ziyang was like a general who was going to war. He was planning to go all out against the enemy.

Li Xiaoran said with lingering fear, "Fortunately, Yu Peng realized that something was wrong.. Otherwise, if something really happened, it would have been too late to regret it! We actually didn't realize that something was wrong with Liu Mingkun in this aspect!"

Chapter 675: Don't Panic

He was such a cunning person. No wonder Li Xiaoran and Luo Cheng misjudged him.

"Husband, what do you think the other party's goal is?" Li Xiaoran was a little puzzled. "Anyway, it definitely isn't to be with Xiao Qing!"

Luo Cheng said with certainty, "We can try to follow the other party's train of thought. If he successfully deceived us and we didn't notice anything, he could have made Xiao Qing fall in love with him. You care so much about Xiao Qing, so even after you found out the truth later on, Xiao Qing would already be deeply in love with him and you would have no choice but to let them be. This way, he would become my brother-in-law and have ties with us!"

"So, he's targeting us? If he becomes my brother-in-law, he can learn many things about us! Assuming that he was sent by your enemy, our every move might be monitored by the other party. If the other party is a mercenary, he will definitely do things in our name. At that time, we will have to clean up the mess." Li Xiaoran thought of many possibilities.

Luo Cheng said, "No matter what, Liu Mingkun has ill intentions, so he'll definitely become a problem for us instead of a helping hand. Not to mention anything else, with his proficiency in womanizing, it won't be long before he makes many people around him work for him. At that time, we'll be in a passive position!"

As the saying went, what one was afraid of the most was usually what would happen.

Just as Luo Ziyang appeared in the shop where Li Xiaoqing was, he heard a woman who was eating noodles teasing, "Xiao Qing, I think your savior is also a good-looking person, so why don't the two of you get married?! Isn't there a

saying that you should repay your life-saving grace with your life?" Luo Ziyang's expression darkened when he heard this.

"Madam, you can't spout nonsense. Young Master Liu has someone he likes and is waiting to get married after he goes back this time. Don't spout nonsense! If word gets out, how will others think of Miss Li?! Or are you doing this on purpose? Do you

have any hatred towards our family? That's why you came here today to spout nonsense?!"

Li Xiaoqing was already very impatient. Just as she was about to retort, she heard Luo Ziyang's voice and immediately stood at the side to watch.

It was better for Ziyang to take action than her.

"I just suddenly thought of it. That's why I said that! Besides, I was just being kind. "

"Kind? Are you deaf and blind? Our family has long released the news that my sister's future husband will have to marry into the family. If you have a suitable candidate, ask him if he's willing to marry into the family," Luo Ziyang said.

This time, the woman didn't know what to say.

Which man of high caliber would be willing to marry into his wife's family?!

Thinking of this, the woman quickly finished her noodles and left dejectedly.

Seeing that the matter had been resolved, Mao Dao walked over.

"Brother Yang, something's fishy about what happened today. I keep feeling that Xiao Qing's savior isn't a good person. Do you think he really wants Xiao Qing to marry him?"

Luo Ziyang shook his head when he heard Mao Dao's words.

"Don't worry, he won't succeed! From today onwards, I'll follow Xiao Qing. I want to see what other tricks Liu Mingkun has up his sleeve."

When Old Madam Jin came over and heard what had happened this morning, she also sensed that something was fishy.

Coincidentally, Luo Ziyang was around, so Old Madam Tin asked him.

"He should be repaid for saving Xiao Qing's life. I wonder what Xiaoran plans to

Luo Ziyang immediately understood what Old Madam Jin meant, so he replied,

"Liu Mingkun asked them to mediate the conflict between Huaiqi Village and

Daxing Village because he and the daughter of the village chief of Daxing Village are in love, but because of the enmity between the two villages, they can't be together!"

When Old Madam Jin heard this, she immediately understood.

"So, Mr. Luo and Xiaoran are already repaying the favor?"

Luo Ziyang nodded.

"But Liu Mingkun is probably not as simple as he seems! Mediating the conflict between Huaiqi Village and Daxing Village might not be his true motive. Think about it, how can the enmity that spans generations be resolved so easily? If it were that

easy, there wouldn't be so many tragedies in this world!" Old Madam Jin immediately saw through it.

"That's why we're certain he has ulterior motives! This person is very scheming! No wonder he tried to create the impression of having an intimate relationship with Xiao Qing this morning. He's setting a trap for Xiao Qing and waiting for her to fall into it! If I'm not mistaken, I'm afraid he has many other methods to force Xiao Qing to marry him!"

When Luo Ziyang heard Old Madam Jin's words, the worry in his heart deepened.

Old Madam Jin snorted and said, "Let's spread the news that Mr. Luo and Xiaoran have returned Xiao Qing's life-saving grace first! Then, we'll see what happens next! He'll eventually be forced to reveal his true intentions!"

"Madam, you're right. I'll go make the arrangements now!" Luo Ziyang nodded and went to make the arrangements.

After Luo Cheng heard about Old Madam Jin's suggestion, he pondered for a moment, but in the end, he suppressed news of this matter.

"This news can't be spread like this, or else we'll fall into the other party's trap!"

Luo Ziyang didn't understand.

"Think about it. If I spread this news, it will mean that we owe Liu Mingkun a favor. If I can't resolve the conflict between the two villages, it means that we still owe Liu Mingkun a favor. At that time, Liu Mingkun can use this favor as an excuse to do many things!"

"Then are we going to let Liu Mingkun extort Xiao Qing with this?" Luo Ziyang was a little anxious.

Luo Cheng looked at Luo Ziyang and reached out to pat his shoulder.

"Ziyang, you're too paranoid. Do you think Xiaoran and I will let others force Xiao Qing to marry Liu Mingkun? Liu Mingkun doesn't dare to force her to marry him openly. Didn't he find others to beat around the bush? So don't be anxious.. Don't panic! If you panic, you'll fall into the other party's trap!"

Chapter 676: Check On the Farmstead

Luo Ziyang realized that he was being too anxious after being reminded by Luo Cheng, so he calmed down.

The more problems they encountered, the calmer they had to be.

Luo Ziyang took a few deep breaths and adjusted his emotions.

“Alright, from today onwards, you’ll live in the Li family’s house! When Father and Mother ask why we did this, tell them that we were afraid that someone would harm Xiao Qing again, so we sent you over to protect her. Remember, you have to calm down when you encounter things in the future. You can’t get worked up so easily. After you appear beside Xiao Qing tomorrow, Liu Mingkun will definitely understand. He might even provoke you and use you to cause trouble!” Luo Cheng reminded.

Luo Ziyang nodded, indicating that he would definitely handle it calmly.

Luo Cheng trusted Luo Ziyang and was confident in his abilities!

As long as he didn’t get worked up because he was too worried about Xiao Qing, he would definitely be able to handle this matter well.

Just like that, Luo Ziyang moved into the Li family’s house and began to protect Li Xiaoqing.

The next morning, when Liu Mingkun appeared at the sliced noodles shop again, his pupils immediately dilated when he saw Luo Ziyang following Li Xiaoqing.

Others might not have noticed this, but Gao Chen, who happened to come in with dishes, did.

Gao Chen noted the customer’s appearance and came to the stove.

“Xiao Qing! Changsheng has washed all the vegetables you need! This kid is quite diligent!”

Li Xiaoqing happened to be scooping noodles into a bowl. When she heard Gao Chen’s words, she immediately laughed.

“Changsheng is very diligent. He secretly does things that we didn’t even tell him to do! This child is so sensible!”

“That’s right. Every time he finishes his homework, he comes back to help us! This child has a good personality, so we have to nurture him well!” Gao Chen nodded and said, “Sigh, Ziyang! I think we’re about to run out of flour. Hurry up and follow me to the storage room to move a bag of flour out!”

Although Luo Ziyang was worried about Li Xiaoqing, on second thought, it was only a few steps away, so there was nothing to worry about.

Therefore, he nodded and followed Gao Chen to move the flour.

In the room where the flour was stored, Gao Chen told Luo Ziyang about Liu Mingkun’s previous abnormality.

“This person’s expression changed when he saw you. Pay more attention to this person!”

Luo Ziyang nodded when he heard Gao Chen’s words.

“Alright, I understand!”

Gao Chen thought of something and said, "By the way, for some reason, I feel that Liu Mingkun looks very familiar. But when I think about it carefully, I can't remember him! However, I feel like I've seen him somewhere before!"

Luo Ziyang said with a smile, "It's fine, there's no hurry. Take your time! You might remember it one day!"

"That's right! When you really try hard to remember things, you can't recall them no matter what, but when you stop forcing yourself to remember, you might actually remember! I'll tell you when I remember it!" Gao Chen was relieved to hear Luo Ziyang's words and stopped thinking about it.

He would let nature take its course.

After Luo Ziyang carried the flour to the shop, he saw that there wasn't much dough left on the panel, so he washed his hands and went to knead the dough.

Today, Liu Mingkun was very well-behaved. After he ordered noodles, he ate them before leaving silently.

However, when he left, he couldn't help but turn to look at Luo Ziyang.

Coincidentally, Luo Ziyang had finished kneading the dough and handed it to Li Xiaoqing.

At this moment, Luo Ziyang felt that someone was looking at him, so he followed that gaze and saw Liu Mingkun.

Liu Mingkun froze a moment. Then, he nodded at Luo Ziyang with a smile and turned to leave.

Luo Ziyang stared at Liu Mingkun's back for a long time before retracting his gaze.

Shatai Village and went to the farmstead with Shu Ruyue to see the two of them.

Zi Zheng was now in charge of managing the farmstead, so he accompanied her to the farmstead.

It had to be said that the farmstead had really changed.

In the past, the barren mountain was desolate and barren.

Now that she looked at the farmstead again, it was thriving and vibrant.

There were a lot of vegetables and fruits, fish ponds, and chickens, ducks, and pigs in the farmstead.

When Li Xiaoran and the others arrived, everyone was busy in the field.

"What were Wang Jiameng and Feng Yuxin arranged to do?" Li Xiaoran asked.

Zi Zheng also knew the two women, so he said, "The two of them didn't learn how to raise fish from the people in the farmstead. Instead, they chose to raise chickens and pigs. Every day, they followed others to cut pig grass, cook pig food, feed pigs to chickens, and pick up eggs. They weren't asked to clean the pig and chicken pens!"

"How are they coping?" Li Xiaoran asked again.

Zi Zheng hesitated for a moment and finally decided to tell the truth. "Wang

Jiameng is a little lazy. She does what she needs to do every day, but she won't do what isn't asked of her. She's a little arrogant and looks down on the people in the farmstead. Instead, she likes to cling to me!" As soon as he said this, Li Xiaoran held back her laughter.

"Madam!" Zi Zheng blushed.

"Why are you blushing?! You're already an adult, so you should find a wife now!" Li Xiaoran said with a smile.

"Madam, don't tease me! The wife I'm looking for isn't Wang Jiameng! I don't think she's suitable!" Zi Zheng wasn't willing to say badmouth others, so he only said that she wasn't suitable.

Seeing that Zi Zheng was really unhappy, Li Xiaoran thought for a moment and said, "Zi Zheng, if you're really unwilling, you have to be careful when you interact with Wang Jiameng tomorrow! There might be trouble if you don't make up your mind. Don't give her any expectations that you shouldn't give! Otherwise, you'll be harming her!"

"Madam, I understand what you're saying! Don't worry, I won't give Wang Jiameng any false hope!" Zi Zheng said seriously.

"That's good! Just be careful! By the way, where's Feng Yuxin? How is she?" Li Xiaoran thought of the other person and asked.

"Feng Yuxin is hardworking and gets along with the people around her quite well. Other than doing the things arranged for her by the farmstead, she also takes on some laundry and sewing work to earn money! Madam, you also know that many people in the farmstead can't wash clothes or sew clothes.. They're willing to give Feng Yuxin some money to help them sew clothes!"

Chapter 677: Visit

When Li Xiaoran heard this, she had a better impression of Feng Yuxin.

No matter where one was, self-reliant women were admirable.

As for Wang Jiameng, she couldn't say for sure now.

Although she had harassed Zi Zheng, she also had the right to pursue happiness, so Li Xiaoran didn't think much of it. Her subsequent performance was more important!

"Bring me to see these two people first!" Li Xiaoran said.

Zi Zheng nodded and brought Li Xiaoran and Shu Ruyue to the new house built in the southwest.

The house had been built recently.

Because Wang Jiameng and Feng Yuxin were women, everyone took care of them and let them choose first.

Fortunately, the two of them weren't greedy. They each chose a small room and moved in.

The others were all men, so they lived in the same room. Only the two women received preferential treatment and each had their own room.

When Li Xiaoran and Shu Ruyue arrived, they happened to see Feng Yuxin washing a large basin of clothes.

Seeing that Li Xiaoran and Shu Ruyue were there, Feng Yuxin quickly stood up. "Consort, Miss Ruyue, why are you two here? Hurry up and come in!"

"No need. We just came to see how you guys are doing now." Li Xiaoran said, "Why did you pick up so many clothes to wash? Can your hands take it?" When Feng Yuxin heard Li Xiaoran's words, she smiled.

"Isn't it just washing clothes? I used to wash so many clothes at home. To be honest, I can accumulate a lot of money by washing clothes now, so I'm looking forward to it!"

Li Xiaoran felt that Feng Yuxin was in good spirits. If this continued, her future life definitely wouldn't be bad.

"As long as you're diligent, your life will definitely get better and better! Don't overwork yourself. Your health is the most important. When you're healthy, everything is possible!"

"Yes, thank you for your concern. I know what to do!" Feng Yuxin nodded and began to wonder if she was really overworking.

Her current life was better than she had even dared to imagine in the past.

Therefore, she shouldn't be too anxious. She had to take it slow.

Li Xiaoran asked when she didn't see Wang Jiameng come out after talking to Xie Yuxin for so long, "By the way, isn't Wang Jiameng at home?"

"She probably went to the fish pond! I heard that because the temperature has been relatively high recently, many fish in the fish pond have overturned. She went over to see what was going on!" Feng Yuxin said.

Li Xiaoran turned to look at Zi Zheng and asked, "The fish in the fish pond turned over?"

Zi Zheng nodded. "That's right. They've already built the water circulation device in the fish pond according to what you said previously. Under such circumstances, there were still many fish who have overturned!" When Li Xiaoran heard this, she immediately thought of a possibility.

"It seems that there are too many fish in the fish pond! Even with this water circulation device that provides oxygen, it can't resolve the problem. How about this? Arrange for people to start fishing a certain number of fish in each fish pond. Give everyone in the farmstead a fish. The shop on the official road, the wine shop in town, and the people in my parents' shop will all get a fish. In addition, find the

closest auspicious day. It's time for our grilled fish shop to officially open for business!"

Zi Zheng quickly remembered what Li Xiaoran had instructed. "Let's go take a look at the fish pond too!"

With that, Li Xiaoran thought of something and looked at Xie Yuxin.

"Go do your own thing! If you encounter any trouble, look for Zi Zheng. He will help you resolve it!"

Xie Yuxin nodded and watched Li Xiaoran and Shu Ruyue leave.

There were many fish ponds in the farmstead, so Li Xiaoran and the others didn't walk long before they saw many people surrounding a fish pond. At this moment, because of the hot weather, the fish that were salvaged already reeked a little.

When Li Xiaoran smelled it, she frowned.

"Hurry up and get someone to sell these fish. We can't let everyone eat them!"

The weather is so hot, so dead fish will breed a lot of bacteria. If we eat them, we will get sick. We have to publicize this to the people in the farmstead. Also, we have to choose a place far from the water source when burying these dead fish! We can't let these fish pollute the water source!"

When Zi Zheng heard this, he immediately called someone over and quickly did as Li Xiaoran instructed.

Soon, the onlookers were called over. One by one, they began to pack the dead fish with shovels and prepared to send them up the mountain to be buried.

Wang Jiameng, who was mixed in the crowd and looking to see if she could get a fish or two, quickly ran over when she saw Li Xiaoran and Shu Ruyue.

"Consort, why are you here?"

"I came to see how you and Feng Yuxin are doing. I also came to settle the matter of the fish pond here!" Li Xiaoran replied with a smile.

"We're all doing well! Thank you for settling everything for us. We're living a comfortable life now!" Wang Jiameng thanked her with a smile. "Consort, it's a pity to bury all these fish. Can't you share them with us?"

"You can't eat dead or dying fish because there's already something that you can't see in these fish. After eating them, you'll become poisoned, get diarrhea, or fall unconscious, so you can't take this risk! As for the fish in the fish pond, you'll be able to eat them soon!" Li Xiaoran said with a smile.

At this moment, Zi Zheng said to the busy people, "Everyone, work hard! The consort said that she will organize everyone to go fishing later. Everyone in our farmstead will get a fish!"

As soon as they heard that there was fish, everyone perked up.

A man who wanted to slack off said, “Zi Zheng, it’s useless even if we get the fish. Why don’t you let the people from the farmstead help us make fish?!”

“You guys have to settle this yourselves! If you want to eat fish, you can cook it together! If you don’t want to eat it, you can marinate it and smoke it into dried fish! However, looking at the weather, I think it’s better to just eat it!” Zi Zheng said with a smile.

There weren’t many people in the farmstead.

It would take a lot of effort to gather the entire farmstead to cook the fish.

Instead of going through so much trouble, it was better to let them get it themselves.

They could eat it however they wanted!

If they were unwilling to eat with everyone, they would go back and cook it themselves.

“Sigh, we’ll have to do it ourselves!” someone said regretfully.

“Everyone has their own thoughts, so it’s better to let you guys do your own thing!” Zi Zheng said.

Although it couldn’t save them trouble, they were still very happy to get a share of the fish..

Chapter 678: Onlookers

After that, everyone got busy.

Because the weather was hot, everyone sweated a lot when they worked and their clothes were quickly drenched.

As Li Xiaoran watched everyone, she felt that this couldn’t go on.

“Zi Zheng, there are watermelons planted in the farmstead, right? Get someone to pick a few and let everyone rest while eating watermelons. Get someone to be in charge of brewing cold tea and mung bean soup for everyone! The weather is so hot, so it’s very easy to get heatstroke. In the future, when everyone is working, try to avoid the hottest four hours in the afternoon. Leave for work early in the morning and wrap up later at night. Be flexible!”

Zi Zheng nodded and immediately arranged for people to pick watermelons.

After that, Li Xiaoran went to other places in the farmstead to take a look. After confirming that there were no problems, she left with Shu Ruyue.

Coincidentally, the people picking watermelons from the farmstead had returned. They insisted on letting Luo Cheng and the consort try the watermelons they had planted. Therefore, Li Xiaoran could only bring the watermelons back.

When Luo Cheng learned that Li Xiaoran had returned and saw the few big watermelons, he was immediately amused.

“Looks like the watermelons in the farmstead were planted quite well! Could it be that they picked the largest watermelon for us?!”

Li Xiaoran smiled when she heard Luo Cheng’s words.

“Most likely! I didn’t want to accept them at first, but they stuffed them to me!”

Luo Cheng thought for a moment and said, “You guys went out for a walk and must be exhausted from the heat. Pick a watermelon and cut it into pieces.

Then, let’s try it together!”

After the others received the news, they immediately ran to the main hall and craned their necks as they waited to eat the watermelon.

Li Xiaoran thought of something and said, “Send the other watermelon to the shop! It’s been hard on everyone!”

“I’ll send it over now!” Zi Zheng thought for a moment and said, “It just so happens that Zi Yang and Changsheng are still over there! I’ll just go over there to eat!”

Luo Cheng nodded and asked Zi Zheng to bring the largest watermelon over.

After all, there were more people at the shop, so if they brought a big watermelon over, everyone would get some.

At this moment, Li Xiaoran was eating a piece of watermelon. When the sweet taste entered her stomach, her mood brightened.

“I really didn’t expect the watermelons planted in our farmstead to be so delicious! I think we should plant more next time. In the future, we can also sell the watermelons we planted ourselves at the fruit shop. This way, we can increase our income!”

Luo Cheng thought of something and said, “I remember that we’ve also planted a lot of watermelons! And it should be harvesting season for peanuts! The weather has been very hot recently, so we don’t have much of an appetite. Why don’t we go to the field and dig out some peanuts when it’s cooler later?!” “I want to go too!” Wu Qinghe immediately volunteered.

“Yes, yes, yes, I’ll go too! Speaking of peanuts, I like them too!” Xue Shanhui echoed.

“Heh, how can I, Shu Ruyue, be absent when there’s delicious food?! You have to bring me along to dig peanuts!” Shu Ruyue volunteered as she ate the watermelon.

Li Xiaoran said with a smile, “Don’t worry, all of you will be able to participate! It takes a lot of effort to pick, wash, and cook peanuts. You guys can’t slack off even if you want to!”

Luo Cheng thought of something and said, “Let’s send some peanuts to Father and Mother later! Also, let them try this watermelon!”

Li Xiaoran thought of something and said, “Let’s go take a look at the watermelons we planted in our own fields first! Why don’t we call Father, Mother, Grandpa, and Grandma over? They’ll

definitely be happy when they see that the crops in the fields have harvested. That kind of happiness is better than anything!”

“Sure! If we go later, the sun won’t be so scorching. Besides, I remember that the peanut and watermelon fields are close to the mountains. There are many shady places there!” Luo Cheng felt that this was a good idea.

Li Xiaoran thought for a moment and said, “Why don’t you call the people from the shop over?! The weather is too hot, so let’s close the shop early today and let everyone come over to relax. Then. They can have more energy to work hard tomorrow!”

Therefore, after Xue Shanhui ate a few watermelons, he went out to run errands.

When it was no longer so hot in the afternoon, a large group of people gathered at the Luo family’s house.

Zhao Sisi, who had been recuperating at home, was also carrying a basket.

Everyone from the shop carried a basket over.

“Are you guys planning to empty our land When Li Xiaoran saw everyone, she couldn’t help but laugh.

“I heard that there are watermelons, so we brought a basket to store watermelons!” Kang Zheng said what was on his mind.

“You still love eating watermelons as much as ever! Don’t worry, I’ll let you bring two back!” Luo Cheng teased Kang Zheng.

Luo Cheng told them about Kang Zheng’s secrets.

“One year, when we were fighting on the battlefield, we actually encountered a watermelon field that grew on its own. The watermelons inside grew well, so we picked a lot and brought them back. The general was afraid that this watermelon was poisonous, so he didn’t dare to share it with the soldiers. In the end, this kid cut the watermelon open and ate it. He even said that he was helping everyone test the poison!”

“After he ate three watermelons, he fell to the ground! Just as everyone thought that these watermelons were poisonous, this guy said that these watermelons were really too delicious and if not for the fact that his stomach couldn’t take it anymore, he could have eaten three more!”

As soon as he said this, everyone laughed.

Kang Zheng touched his head in embarrassment and wanted to defend himself.

“Those melons were so delicious that I couldn’t stop eating! After I finished the three of them, I realized that my stomach was so full that I couldn’t stand anymore, so I could only lie on the ground!”

As soon as he said this, everyone laughed even more merrily.

On the other side, He Hui and her family also came to the field.

As she listened to everyone’s words, she walked into the field.

“Look at these watermelon. They all look so nice!” He Hui’s eyes widened when she saw the melon field in front of her.

At a glance, there were countless watermelons lying in the melon field.

Their round appearances were really adorable.

“Oh my god, there’s really so many watermelons?!” Li Shun was also shocked.. The watermelons here were so well-grown!

Chapter 679: Guan Kang’s Decision

When Li Xiaoran and Luo Cheng saw this melon field, they immediately looked at Guan Kang.

After Guan Kang smiled at the two of them, they understood.

Luo Cheng and Li Xiaoran smiled, but didn’t say anything.

“Don’t just watch. Go dig for peanuts first! Watermelons don’t have legs, so they can’t escape. Let’s pick the peanuts first before coming back to pick the watermelons!” Li Xiaoran reminded with a smile.

After all, the watermelons were so heavy, so it was inconvenient to pick them now. They might as well do other things first.

Everyone understood this, so the group continued walking forward to dig for peanuts.

The peanut field was cool at this moment. With the mountain wind blowing around, it felt a little cooler.

Because the peanuts were planted in the sand, there was no need for a hoe. They pulled out the peanuts from the ground.

The men were in charge of pulling the peanuts, while the women were in charge of picking the peanuts from the roots and placing them in baskets.

When Li Xiaoran saw the peanuts in her hand, she immediately smiled.

With a squeeze, the outer shell was opened, revealing a white peanut.

“These peanuts aren’t bad! They’re very plump! This is a big harvest!” He Hui said with a smile.

“It’s just that they’re too young. If only they were a little more ripe!” Zhao Xiu said regretfully.

“Mother, I planted these peanuts to eat boiled peanuts. If they were a little older, the boiled peanuts wouldn’t be as tasty!” Li Xiaoran said.

“That’s right, Mother, don’t feel regretful about these peanuts! Just feel sorry for greedy juniors like us!” Li Xiaoqing said happily.

“That’s right. I also like to eat boiled peanuts made from soft peanuts!” Zhao Sisi added.

Zhao Xiu said in amusement, “You guys! You guys are on the same side as Xiaoran! You guys agree with whatever she says!”

“That’s right. That’s my sister, so of course I have to be on the same side as her!” Li Xiaoqing said proudly.

“Yes, me too! Xiaoran is a blessed person. As long as I follow her, my life will be smooth sailing in the future!” Zhao Sisi said.

As soon as he said this, Li Xiaoran was overjoyed. She quickly walked between her two sisters and pulled one with each hand.

“Mom, did you see that? I have helpers now!”

“Yes, yes, yes. You have helpers. You’re so capable!” Zhao Xiu replied happily.

He Hui thought of something and said with a smile, “This time, I’m going to stand by Xiaoran’s side too! To be honest, I like soft peanuts too!”

“Do you think I don’t know how delicious soft peanuts are? It’s just that I feel that it’s a pity!” Zhao Xiu couldn’t help but sigh when she saw that her good friend had also changed sides.

“In that case, let’s not dwell on it so much, or it’ll affect your mood!” Wen Lu said with a smile as she picked peanuts.

“Yes, yes, yes. You’re right. Hurry up and pick peanuts so we can cook them after we go back. We have to satisfy our cravings today!” Zhao Xiu said.

This time, the women picking peanuts immediately quickened their pace.

When the men saw that they had pulled out a lot of peanuts, they went to get a few baskets. Then, they chose a place to sit down and picked peanuts as well.

“I really didn’t expect these peanuts to grow so well! I think we can harvest a

lot of peanuts this year. Luo Cheng, don't sell or eat them all. Keep some for planting!" Li Shun was overjoyed when he saw such good peanuts.

There was nothing more enjoyable than a good harvest.

As a farmer, he was overjoyed to see his hard work result in a bumper harvest.

Luo Cheng nodded and said, "Alright, I'll listen to you! I'll leave enough peanuts to plant more!"

Actually, the reason these peanuts looked so good was firstly that they were good-quality, and secondly, because of Guan Kang's ability!

However, Guan Kang's ability was too supernatural, so they could only hide it.

Li Shun thought of something and said excitedly, "It's not just peanuts. I saw that the other things in the field are also growing well. Planting suitable crops according to the location is also very important! I'm looking forward to seeing how many sweet potatoes I planted will harvest!"

"There will definitely be a lot of harvests!" Luo Cheng said firmly.

Guan Kang was secretly amused when he heard Luo Cheng's words.

At this moment, the hesitation that had plagued him for a long time dissipated.

He really liked the joy of a bumper harvest. Seeing the satisfaction on people's faces, he felt that everything he did was worth it.

"Mr. Luo, I want to farm with you!" Guan Kang suddenly said.

Luo Cheng froze for a moment before looking at Guan Kang.

Guan Dongshan also didn't expect his son to suddenly say this at this time.

"Have you thought it through? Are you really sure you want to take this path?" Luo Cheng stared at Guan Kang to see if he had really thought it through.

"I've thought about it. Previously, I wanted to farm, but at that time, I didn't know if my decision was right or wrong! But now, I'm very certain. I want to farm with you!" Guan Kang said seriously.

At this moment, Luo Cheng laughed.

"Alright, if you want to farm, farm! You won't regret your decision!" Guan Kang nodded and he looked much happier.

Guan Dongshan knew his son the best. When he saw Guan Kang's joy at this moment, he knew that he had really made a choice.

No matter what, as long as his son made the choice himself, he would support it.

His son had suffered for so many years, so it was time to let him do something he felt happy about.

Mao Dao's attention wasn't on this at all. Instead, he looked at Zhao Sisi, who was chatting and laughing with the others not far away.

Seeing that her complexion was rosy, he guessed that what had happened previously hadn't affected her very much.

That was good!

However, he wondered how long it would take him to woo her and make her become his wife!

To be honest, he really wished he could marry Zhao Sisi now!

Unfortunately, it wasn't that easy to get a wife!

Chapter 680: Secret Reminder

As Zhao Sisi picked peanuts, she felt that someone was looking at her.

She followed the gaze and saw Mao Dao looking at her.

Zhao Sisi smiled at Mao Dao, indicating that she was fine and not to worry. Then, she turned around and continued talking to everyone.

Their interaction caught Li Xiaoran and Li Xiaoqing's attention.

Li Xiaoqing nudged Zhao Sisi with her arm.

"Look, he's looking at you so eagerly. Why don't you go talk to him?!" Zhao Sisi blushed after being teased by Li Xiaoqing.

Li Xiaoran raised her eyebrows and asked, "You can tell too?"

"I could tell since long ago. I was the first to tell! Mao Dao literally stares at Sisi all day long! How mushy! Probably everyone in our shop can tell!" Li Xiaoqing said with a smile.

When Li Xiaoran heard this, she thought of something. "Everyone in the shop knows? In that case, Aunt knows about this too?!" This time, Li Xiaoqing and Zhao Sisi immediately looked over.

"That can't be!" Li Xiaoran said in disbelief.

Zhao Sisi also fell into deep thought.

Zhao Sisi quickly said, "No wonder!"

"No wonder what?" Li Xiaoran and Li Xiaoqing asked at the same time.

"My mother said some strange things some time ago. At that time, I was confused, but now that I think about it carefully, I finally understand!" Zhao Sisi said.

"Huh? What did Aunt say?" Li Xiaoqing asked curiously, "Hurry up and tell us!"

Zhao Sisi looked at Li Xiaoran, then at Li Xiaoqing, then at the other three people who were talking about something. Then, she lowered her voice and said,

“That day, I had just returned from the shop and I was feeling tired, so I wanted to rest first! But my mother stopped me and asked me what my plans were for my own marriage! Before I could say anything, my mother said something else.”

“My mother said that I have to consider marriage carefully and not get deceived by sweet nothings! She said that most men are very good at coaxing people. The better they are at coaxing people, the more unreliable they are! Therefore, I have to consider the man’s family background. If I can live a good life, why should I choose to live a hard life?”

After saying this, Li Xiaoran and Li Xiao Qing looked at each other.

“Your mother must know about Mao Dao’s feelings for you, so she said that.

Perhaps your mother realized that you slowly developed feelings for Mao Dao. Otherwise, she wouldn’t be in such a hurry to let us find you a good person!” Li Xiaoran said.

Zhao Sisi finally understood and sighed.

“My mother only wants me to marry into a rich and powerful family, but why doesn’t she think about it? With my qualifications, would they fancy me?”

Li Xiaoqing thought of something and asked, “Where’s Second Uncle? Is that also his intention?”

“If my father didn’t agree, would he let my mother ask you guys to find a husband for me?” Zhao Sisi said.

Li Xiaoqing was enlightened and sighed.

Li Xiaoqing said sympathetically, “Sigh, if your parents don’t support you, things will be difficult for you!”

“It’s not difficult for me. I have my own ideas and I can earn money myself. Most importantly, don’t I still have you guys to help me?” Zhao Sisi was very open-minded.

“Even if we help you, you’ll suffer! Sigh, I don’t understand what Second Uncle and Second Aunt are thinking. Is money and power that important?” Li Xiaoqing said.

Li Xiaoqing thought of something and said, “Perhaps what happened to the Hu family previously affected them too much! Think about it, it’s normal for them to go astray after being schemed against by the Hu family! It’s just that we have to let Second Uncle and Second Aunt think it through themselves. Otherwise, they will take things too far and who knows how much trouble will happen!”

“My father and mother are already obsessed. They can’t see the truth at all!” Zhao Sisi said, “My brother has gone out to work now! He always gets someone to bring some money back, but my parents don’t care how my brother is doing outside. Instead, they only ask if my brother has found a good way to earn money.”

When Li Xiaoqing and Li Xiaoran heard Zhao Sisi's words, they felt helpless. With such parents, it was no wonder that her eldest cousin, Zhao Lijun, wanted to go out and adventure.

From another perspective, this wasn't a bad thing.

Previously, under the influence of his parents and after experiencing the Hu family's incident, Zhao Lijun made a bold decision.

Now that he was far away from the influence of his parents, he might slowly realize that there was something wrong with his way of thinking.

I feel suffocated. I heard from Grandpa and Grandma that they wanted to dig for peanuts today, so I pestered them to come over. Only then did I have a chance to take a breather," Zhao Sisi said.

Li Xiaoqing thought for a moment and said, "Why don't you talk to your grandfather and grandmother and move in with them? You can live a little more comfortably that way!"

Li Xiaoran also felt that this was a good idea. It wasn't far away and in the name of filial piety, her second uncle and second aunt probably wouldn't refuse.

"That's right. Why didn't I think of this idea?!" Zhao Sisi's eyes lit up and she immediately became happy. "I'll find an opportunity to tell Grandma later.

Grandma will definitely be willing to help me!"

After solving this problem, everyone started talking about other things. There was strength in numbers, so it didn't take long for all the peanuts to be plucked and placed in the basket.

After that, the group went to the watermelon field to choose a few more watermelons. Then, they each carried one and went back.

Because there were a lot of peanuts, they couldn't be washed with well water.

The group went to a stream not far away and placed the baskets in the water. Then, they stirred it with a hoe to wash away the sand.

After that, everyone brought the peanuts and watermelons back to the Luo family's house. The group washed the peanuts with mountain spring water three times before cooking them in a large pot.

When Zhao Sisi saw her grandma, Xu Xiufang, go wash her hands, she followed her and told her that she wanted to live with her and her grandpa. After Xu Xiufang asked Zhao Sisi about it in detail, she finally agreed..
