

The Hunter 701

Chapter 701: Stand Up Bravely

Li Xiaoran was woken up by hunger.

When she opened her eyes, she saw Luo Cheng sitting at the side. As the light shone on his face, Li Xiaoran felt a sense of peace.

“Husband, how long have I been asleep?”

“It’s already dark, so how long do you think you’ve been asleep for?” When Luo Cheng heard Li Xiaoran’s voice, he quickly walked over.

Luo Cheng looked at the wound on Li Xiaoran’s mouth and said with some heartache, “Why did you bite yourself so hard previously? This wound will take a few days to heal! From now on, you have to refrain from eating!”

“It’s fine. It’s just a small wound. It’s fine as long as Father and Mother come back safely!” Li Xiaoran didn’t care about such a small wound. Instead, she looked at Luo Cheng and asked, “By the way, how is Liu Mingkun being dealt with now?”

Luo Cheng said, “I’ve already sent someone to look for Yu Peng and asked him to investigate what Liu Mingkun had done. Then, I’ll send Liu Mingkun back to Huang’an Town for a public trial. He’s committed so many crimes, so it’s time to give the people justice!”

When Li Xiaoran heard this, she thought of something.

“Let’s ask the victims themselves during the public trial! When the crime is announced, it’s better to hide the names of the victims! After all, such things hurt the reputation of girls the most!”

Luo Cheng hadn’t considered this before. When he heard Li Xiaoran’s words, he immediately remembered this. “Alright, I’ll remember this!”

As Li Xiaoran spoke, she sat up.

“Husband, what’s there to eat? I’m so hungry!”

When Luo Cheng heard Li Xiaoran’s words, he immediately thought of something.

“Luo Han sent some crabs over today. I asked someone to cook a pot of seafood porridge. Do you want to eat it?”

“Yes!” Li Xiaoran immediately nodded when she heard that there was seafood porridge.

Luo Cheng nodded and walked to the door to ask someone to send porridge over.

After Li Xiaoran put on her clothes, she washed her face and combed her hair.

At this moment, the servants sent over seafood porridge.

Looking at the bright red crabs and fresh prawns in the porridge, Li Xiaoran said in surprise, "Where did Luo Han get these seafood?! These things aren't easy to obtain!"

Luo Cheng said with a smile, "Have you forgotten the ice cubes you taught me to make previously? With this, we can naturally bring back all the fish, prawns, and crabs!"

Li Xiaoran laughed when she heard Luo Cheng's words. "I thought you wouldn't use that method anymore!" "Now, there's no need to worry!" Luo Cheng said.

Li Xiaoran asked, "Have you eaten yet? Do you want to eat some together?"

Luo Cheng scooped a bowl for himself. Then, he asked someone to send some pickled vegetables over.

"By the way, how are things with Father and Mother now?" Li Xiaoran asked as she ate the seafood porridge.

"Don't worry! Father woke up at noon. He's in good spirits now. Father's external injuries are light, but Mother's external injuries are more serious, so she still has to recuperate for a few days. When the bruises and the wound scabs, she'll recover. Fortunately, we went in time. Otherwise, I don't know how Liu Mingkun would have hurt Mother!" Luo Cheng snorted and said, "Don't worry, I'll ask Ziyang to arrange people now. In less than two hours, they'll beat him with the branch Liu Mingkun used previously. Since he likes to abuse people so much, I'll let him enjoy the feeling of being abused!"

Li Xiaoran said hatefully, "He deserves it. We should teach him a lesson! Other than the branch, use all the interrogation methods I told you about previously! We should let such a sinner have a taste of fear!"

Since he dared to hurt her family, she would make Liu Mingkun regret coming to this world.

"By the way, husband, don't you have that medicine that causes extreme itchiness? Arrange it for Liu Mingkun too! Tie his hands and feet up before gagging his mouth. Don't let him bite his tongue to commit suicide." Luo Cheng was stunned when he heard Li Xiaoran's words.

"As expected, one should never provoke you! However, Liu Mingkun deserves

Li Xiaoran glanced at Luo Cheng and said with a smile, "Are you afraid? Then you have to treat me well in the future. You can't do anything to let me down! Otherwise, I'll become a vicious woman!"

For some reason, when Luo Cheng saw Li Xiaoran's smile, he felt a chill down his spine.

"Xiaoran, don't worry. I'm loyal to you!" Luo Cheng quickly said.

Li Xiaoran smiled and continued to eat her porridge.

On Yu Peng's side, after he and Jiao Hang received the new mission from Luo Cheng, they immediately investigated Liu Mingkun's various crimes with the people sent by Luo Cheng.

Because of the token given by Luo Cheng, it was easy to investigate this time.

When people heard that they wanted to investigate Liu Mingkun's crimes, they all started speaking up.

Yu Peng accepted these victims one by one and asked about all the cases. Then, he sorted them out and waited for Luo Cheng to deal with them.

Ten days later, Luo Cheng appeared in Huang'an Town with his family.

Yu Peng had already rented a big house and asked someone to tidy it up, so everything was ready.

When Luo Cheng, Li Xiaoran, and the others brought their family over, they could just move in.

This time, Zi Zheng was left in Hele Village to take care of everything.

Zhao Sisi was in charge of cooking in the sliced noodles shop. Li Xiaoqing followed Li Xiaoran and the others to Huang'an Town.

After all, if they wanted to interrogate Liu Mingkun, the Li family would naturally have to be involved.

Originally, Luo Cheng didn't plan to let the Li family appear.

However, Li Xiaoqing felt that she was also a victim, so she should expose Liu Mingkun's crimes.

After Li Xiaoran thought for a moment, she felt that her sister's decision was right, so she supported her coming over to testify against Liu Mingkun.

Li Shun and Zhao Xiu naturally had to follow. After all, they were also hurt by Liu Mingkun.

Actually, Li Shun and Zhao Xiu also knew very well that if they stood up, it would be easier for their son-in-law to do things.

As long as they stood up bravely, the other victims would know that Luo Cheng was really here to stand up for them. None of them would be afraid.

Moreover, Liu Mingkun had a mentor behind him. This time, Luo Cheng brought Liu Mingkun out for a public trial with the goal of luring the snake out of its hole. He wanted to see if the person behind Liu Mingkun would appear.

Therefore, although Luo Cheng came in the end, they had already set up an inescapable net in Huang'an Town and was waiting for the mastermind to fall into it.

Li Xiaoqing looked at the wound on Li Xiaoran's mouth and said happily, "The scar on your mouth has already healed. If you apply some lipstick now, people won't be able to tell!"

"I'm indeed almost healed. What about Father and Mother? Have their injuries healed?" Li Xiaoran asked..

“Father has recovered long ago. The scars on Mother’s body healed a little slower, but they’ve also scabbed, so in a few days, there won’t be a problem anymore!” Li Xiaoqing replied, “Fortunately, Brother-in-law’s medical skills are brilliant and the ointment he made is very effective. Otherwise, it would have taken a long time for her to recover!”

Li Xiaoran had to admit that her husband had very good medical skills.

With the same herbs, the medicine he concocted was much more effective than others.

“Sister, you don’t know, but I went to see Liu Mingkun. He looks very ugly now. There are dark circles around his eyes, and he looks very haggard. Moreover, he has visibly lost weight, and his face looks sallow. To be honest, if I hadn’t seen him become like this with my own eyes, I would have suspected if he was Liu Mingkun!” Li Xiaoqing thought of something and smiled in a schadenfreude manner.

These words reminded Li Xiaoran.

“That’s right. We have to tidy up Liu Mingkun’s appearance on the day of the public trial. At least, it can’t be too different from before! Otherwise, what if the victims can’t recognize Liu Mingkun?”

“That’s right! How about this? I’ll get Brother Ziyang to send someone to force some food into Liu Mingkun’s mouth every day and let him eat more. Perhaps he can gain weight! Didn’t Aunt Hui say before that when someone raises ducks, they can open the duck’s mouth and stuff the food in? That way, the ducks will become much fatter!” Li Xiaoqing immediately thought of a good idea.

“Sure. Hurry up and ask Ziyang to arrange for someone to try!” Li Xiaoran also felt that this was a good idea and immediately nodded in agreement.

At the same time, Yu Peng and Jiao Hang reported some information they had obtained to Luo Cheng in the study after going to Daxing Village and Huaiqi Village for the next few days.

“Mr. Luo, there are indeed many conflicts between Huaiqi Village and Daxing Village over the river water, but it’s far from reaching the point of hatred. More than ten years ago, someone already stood up to mediate the conflict between the two villages and set the rules for the use of water. Today, the water will be used by Huaiqi Village, and tomorrow, the water will be used by Daxing Village. The handover will take place every afternoon. Therefore, what Liu Mingkun said about generations of hatred is pure nonsense!” Yu Peng told him everything he had heard.

“That’s right. Mr. Luo, what happened between Liu Mingkun and Qi Juan, the daughter of the village chief of Daxing Village, is partly true. Previously, Qi Juan did

fall in love with Liu Mingkun, but later on, Qi Juan gradually realized that Liu Mingkun wasn't a good person, so she distanced herself from him.

Unexpectedly, in a fit of anger, Liu Mingkun actually poisoned Qi Juan in order to get her to beg him. In the end, Qi Juan would rather wait for death than beg

Liu Mingkun! ”

At this point, Jiao Hang hesitated for a moment before making a certain decision.

“Mr. Luo, can we send someone who's good at detoxification to take a look at Miss Qi Juan?! If we can detoxify her poison, it'll be considered doing a good deed!”

Luo Cheng raised his eyebrows when he heard Jiao Hang's words. “I'm not related to Miss Qi Juan, so why should I help her?” Jiao Hang was stunned when he heard Luo Cheng's words.

He didn't know what to say now!

When Yu Peng heard Luo Cheng's words, he immediately laughed.

“Don't you like Miss Qi? Beg Mr. Luo for help. After you marry Miss Qi Juan, won't you be able to ask Mr. Luo to help save her?”

“But even if I'm interested in Miss Qi, she might not like me!” Jiao Hang said embarrassedly, “Mr. Luo, to be honest, I like Miss Qi, but I can't lie to you just because I like Miss Qi!”

Luo Cheng smiled at Jiao Hang.

“You're right! Since you like Miss Qi, I'll help you! No matter what, I have to work hard to detoxify Miss Qi so that my subordinate can get a wife!”

This time, Jiao Hang quickly thanked Luo Cheng.

“Thank you, Mr. Luo. Thank you!”

Luo Cheng waved at Jiao Hang. Then, he got down to business.

“You know what to do next. Yu Peng, you're in charge of listing Liu Mingkun's crimes one by one. You have to ensure that there are witnesses and evidence. At the same time, pay attention to protecting those victims. In three days, arrange for people to secretly protect the victims. I don't know if the person behind Liu Mingkun will appear, but the other party might attack. Therefore, these victims are very important!”

“Leave the gathering of information to Yu Peng. Let me protect the victims!” When Jiao Hang heard Luo Cheng's words, he took the initiative to say, “Mr. Luo, I think we should bring all the victims to town in advance. It's best to protect them closely!”

Luo Cheng shook his head and said, “Jiao Hang, your idea is for the sake of saving time, but for this matter, that won’t do. It’s better to secretly arrange for people to protect the victims! Since it’s a public trial, we have to follow the requirements of the public trial.”

Jiao Hang understood what Mr. Luo meant and nodded.

“Mr. Luo, don’t worry, I’ll arrange it! We can’t use the officials’ manpower, but I still have many martial artists I know. I’ll ask them for help!”

When Luo Cheng heard Jiao Hang’s words, he thought about it and felt that this was a good idea.

“Alright, contact your friends in the martial world and secretly protect them. I’ll also arrange for people to protect them. I’ll also get someone to arrange for people to protect the officials. This should be enough!”

“Alright, I’ll make the arrangements now!” Jiao Hang nodded and immediately got up to go out.

Luo Cheng thought for a moment and said, “Jiao Hang, you have to trust the friends you choose. In addition, I owe anyone who helps me a small favor. In the future, as long as it’s a small request within a reasonable range, I’ll resolve it accordingly!”

When Jiao Hang heard Luo Cheng’s words, he nodded. “Thank you, Mr. Luo. I’ll definitely handle this matter well!”

To be honest, with Luo Cheng’s promise, he believed that his friends would definitely do a good job.

After watching Jiao Hang leave, Yu Peng smiled and said, “Jiao Hang’s greatest strength is that he has many friends. As long as he wants to, he can mingle with many people and become friends with others.

Luo Cheng smiled when he heard Yu Peng’s words.

“Everyone has their own strengths and weaknesses.. Why compare your shortcomings with others’ strengths?! In my eyes, you’re all talents!”

Chapter 703: Divination

After Wu Qinghe arrived in Huang’an Town, he felt his eyelids twitching, so he took out the copper coin he used for divination and planned to divine it.

He was about to take a shower when Shu Ruyue came to look for him.

“I was wondering where you were and I why didn’t see you for a while. Turns out you came here! Why? Are you trying to predict our fortune?”

Wu Qinghe nodded and said, “After I arrived in Huang’an Town, I kept feeling my eyelids twitching, so I wanted to divine it. Why don’t you wait for me at the side? We’ll talk after I divine it!”

Shu Ruyue nodded and moved a chair for herself to sit under the roof in the courtyard.

She nibbled on the fruit with one hand as she waited quietly.

After six tries, the divination came out.

Looking at the divination in front of him, Wu Qinghe frowned. Then, he prayed and divined again. Even after repeating this three times, Wu Qinghe's frown didn't relax.

In the end, Wu Qinghe sighed.

"What's wrong? Is the divination not very good?" When Shu Ruyue heard the sigh from inside, she asked curiously, "Could it be that he escaped?" Wu Qinghe's expression changed.

"You hit the nail on the head!" With that, Wu Qinghe rushed towards Luo Cheng's study.

"Hey, why did you stop halfway through?! What exactly is going on?!" Shu Ruyue quickly put down the fruit in her hand and chased after him.

"Don't follow me. Hurry up and invite Madam to the study. I have something important to tell Brother Luo Cheng and Madam!" Wu Qinghe said with a solemn expression.

Seeing that Wu Qinghe wasn't joking, Shu Ruyue quickly ran towards Li Xiaoran's place.

"Don't worry, I'll call Xiaoran over now!"

By the time Shu Ruyue called the Li family sisters over, there were already a few people in the study.

Wu Qinghe stood beside Luo Cheng and said something to him. Hearing footsteps, Luo Cheng looked up at Li Xiaoran.

"Xiaoran, come and take a look!"

When Li Xiaoran saw that Luo Cheng was calling her, she quickly walked over.

"Madam, look, this is the divination I obtained from three divinations. From these divinations, it can be seen that Ying Yao turned into nothingness. Ying Yao is Liu Mingkun, so why did he turn into nothingness? In the end, I divined for Liu Mingkun. The fact that the divination was completed means that he has good luck. Coupled with the two previous divinations, there's only one explanation, and that is that Liu Mingkun will escape this calamity!" Wu Qinghe pointed at the three divinations he had just written on the paper and explained the seriousness of the matter in simple terms.

"The Vermillion Bird is in front of Ying Yao. After I divined this divination, Ruyue suddenly said that Liu Mingkun can't possibly grow wings and fly out.

Therefore, I think all of this is a reminder to us. The divination and Ruyue's words are reminding us to be wary of Liu Mingkun being saved by someone from the sky!" Wu Qinghe told them the divination he had deciphered.

As soon as Wu Qinghe said this, everyone frowned.

"Saving him from the sky? How can that be? That's impossible." Luo Ziyang couldn't imagine it at all.

The others also found this method unbelievable.

It was possible for him to be saved, but it was too farfetched for someone to fly into the sky!

Everyone felt that it was impossible. However, Li Xiaoran fell into deep thought.

Fly away from the sky?

This wasn't impossible!

Previously, when she was in the farmstead in the suburbs of the capital, in order to get those manic people off her trail, she flew.

In addition, when she said that she would fly into the capital to save people, she also said that she would fly.

Therefore, it wasn't impossible. It was just that they didn't think of it.

Li Xiaoran suddenly said, "Turn into nothingness? That's interesting! Since he's turned into nothingness, let's follow the divination and make him turn into nothingness! "

When the others heard Li Xiaoran's words, they were immediately stunned.

Li Xiaoran looked at the people around her with a smile, then lowered her voice as she voiced her thoughts.

The surrounding people nodded as they listened and their expressions immediately relaxed.

Even Wu Qinghe had to praise Li Xiaoran's plan.

"Madam, I finally understand. You're really a lucky star! You actually thought of such a brilliant method!"

Li Xiaoran said with a smile, "It was because Xiao Qing gave me inspiration when she spoke to me today. I didn't expect it to come in handy here!"

Luo Cheng said with a smile, "Since no one has any objections, let's follow this plan!"

Wu Qinghe nodded at Luo Cheng.

"Brother Luo Cheng, you have to get me some good yellow paper and cinnabar. I'll think of a way to ruin Liu Mingkun's luck!"

Luo Cheng nodded and looked at Luo Ziyang. "Ziyang, bring Wu Qinghe to town to find the best yellow paper and cinnabar!" Luo Ziyang nodded and went out with Wu Qinghe.

Luo Cheng went to arrange other things while Li Xiaoran led Shu Ruyue and her sister, Li Xiaoqing, to the place where Liu Mingkun was imprisoned.

When the three women appeared in front of Liu Mingkun, he looked at them sinisterly, especially Li Xiaoran and Li Xiao Qing.

Unfortunately, his mute acupoint had been tapped, so he couldn't speak at all.

However, Li Xiaoran could sense his emotions and even heard Liu Mingkun cursing the sisters.

Li Xiaoran looked at Liu Mingkun as she said coldly, "Liu Mingkun, when you committed so many crimes, you should have known that you would receive retribution one day!"

Liu Mingkun's eyes revealed disdain as he thought to himself, "Isn't what I did consensual? Those women were stupid and were willing to be manipulated by me. How can it be my fault?"

Li Xiaoran said coldly, "Is that so? You don't think it's wrong for you to deceive and manipulate others? You let a girl steal all the valuable things in the family for you, but that girl's father fell from the mountain and was seriously injured. When he urgently needed money to save his life, you actually ignored that girl's pleading and let his father die. There's also a girl who killed another girl you deceived in order to be with you. You don't feel guilty at all?"

Liu Mingkun widened his eyes and looked at Li Xiaoran in disbelief.

Why did Li Xiaoran say such a thing? It was as if she could hear his thoughts.

No, no, no, that was impossible!

If that was the case, wouldn't she know about the money he had hidden in house No. 67 on Liujia Alley in Huang'an Town?

Chapter 704: Beating Up the Scumbag

When Li Xiaoran heard Liu Mingkun's words, she immediately raised her eyebrows.

"I really didn't expect to have such a pleasant surprise!"

After thinking for a moment, Li Xiaoran said,

"All these years, you didn't just toy with these women's feelings! You also scammed a lot of money from them and obtained a lot of benefits! I'm just very curious. How did you scam so many people without being exposed? Even if those women were coaxed by you, their families might not let you do whatever you want, right?"

Liu Mingkun couldn't speak, but he sneered inwardly.

Those people were greedy and afraid of death, so they didn't dare to speak up after being threatened.

Of course, there were also some who weren't afraid of his threats. In that case, he punished them. Then, they didn't dare to go against him anymore. Just like with Qi Juan, he would poison those who deserved it and cripple those who deserved it. Then, no one would dare to cause trouble for him.

Besides, he had been very careful all these years. His targets were all women from the countryside. They didn't have any prominent background, so he naturally won them over easily.

Of course, there were also girls from nice families, but he was especially careful not to let the other party's families find out.

Just like that, he succeeded several times.

Those women were stupid and deserved to be taken advantage of by him.

When Li Xiaoran heard Liu Mingkun's smug thoughts, she gritted her teeth in hatred. Then, she took a bamboo piece and slapped Liu Mingkun's face.

Li Xiaoran suddenly beat up Liu Mingkun, making Li Xiaoqing and Shu Ruyue feel a little puzzled.

"When I asked him those questions just now, although he couldn't speak, the expression on his face already explained everything, so my anger surged!" Li Xiaoran explained.

When Shu Ruyue and Li Xiaoqing heard this, they nodded in agreement.

Not to mention Li Xiaoran, even they wanted to beat Liu Mingkun up when they saw the expression on his face.

"Madam, I've brought him to you!" At this moment, Ziyang came over with a man.

When Li Xiaoran heard Luo Ziyang's words, she put down the bamboo piece.

Looking at Liu Mingkun, who was beaten black and blue, Luo Ziyang was speechless.

"Madam, since he's been beaten into this state, will this person still be useful to you?"

"Don't worry, even if he's beaten black and blue, he's still useful to me. What's swollen is just his skin!" Li Xiaoran said with a smile, "By the way, have you found everything else I want?"

"I've brought them here for you: " Luo Ziyang nodded before asking someone to send the things in.

Li Xiaoran nodded and looked at the materials carefully. Then, she asked the person Luo Ziyang had found to spin around.

"Alright, your figure is indeed very similar. Almost!" Li Xiaoran nodded.

As for Liu Mingkun, after being beaten up by Li Xiaoran with the bamboo again, he fainted.

Weakened by frequent sex, his body couldn't withstand such frequent beatings and he fainted.

After Liu Mingkun fainted, Li Xiaoran asked Shu Ruyue and Li Xiaoqing to help her, then she applied makeup on the face of the man Luo Ziyang called over.

After that, she even applied rouge she had personally created on the man's face with a thin brush.

Luo Ziyang was very curious and was in charge of protecting Li Xiaoran, so he stayed here and waited.

An hour later, when Li Xiaoran finished speaking, Luo Ziyang was stunned by the scene in front of him.

“Oh my god! If I hadn’t seen all of this with my own eyes, I would have thought that this person was Liu Mingkun!”

Li Xiaoqing and Shu Ruyue were also in disbelief. One had to know that they had personally witnessed Li Xiaoran’s amazing makeup skills!

“They look really alike!” Shu Ruyue also muttered.

“This is nothing. It’s just imitation makeup. Up close, it’s very easy for others to discover loopholes!” After Li Xiaoran saw it, she said, “The materials aren’t high quality. Otherwise, I could have made it so that others wouldn’t be able to see any loopholes even at close range!”

Luo Ziyang thought of something and said, “We can make leather masks!”

“Don’t waste money and energy on that. It’s not easy to make a human skin mask. It’s too time-consuming, so let’s make do with it first!” Li Xiaoran said, “Besides, Liu Mingkun’s face is disgusting enough, so forget it! I really dislike this face!”

The others looked at Liu Mingkun’s face and nodded in unison.

The kid pretending to be Liu Mingkun said uncomfortably, “Consort, Brother Ziyang, don’t look at me like that! I feel very flustered when you guys look at me like that!”

“Hahahaha!” The four of them laughed at the same time.

Luo Ziyang walked over and patted the fake Liu Mingkun’s shoulder.

“Mingjie, don’t worry. As long as you complete this mission well, Mr. Luo will definitely reward you!”

Mingjie immediately nodded when he heard this.

“Brother Yang, don’t worry. I’m the best at impersonating others!”

When Li Xiaoran heard this person’s name, she understood his identity.

The people in her husband’s hands were divided into seniority.

Ziyang and the others were the first batch of people to be trained and they were now Luo Cheng’s most capable assistants.

For the second batch of people trained, their names began with the word ‘Ming’.

As for the third batch, they were still under training and before they graduated, they wouldn’t have a uniform name. They only had code names.

“Alright, go get some tattered clothes. They have to be similar to the clothes Liu Mingkun is wearing. Then, create some fake wounds!” Li Xiaoran thought for a

moment and said, "As for this, I'll leave it to you! I only have one request, which is to let him receive retribution!"

Luo Ziyang laughed when he heard Li Xiaoran's words.

"Madam, don't worry. My brothers have already arranged punishment for all the bad things he did previously!"

When Li Xiaoran heard this, she was immediately curious.

"What does he plan to do with him?"

Luo Ziyang smiled, but he refused to reveal anything.

"Madam, if you want to know about this, you should ask Luo Cheng!" Li Xiaoran didn't ask further.

Compared to Liu Mingkun's outcome, Li Xiaoran was more concerned about the place Liu Mingkun had mentioned previously.

"Xiao Qing, Ruyue, let's go.. I'll bring you guys to experience the joy of raiding a house today!"

Chapter 705: Happiness

The joy of raiding a house?

As soon as she said this, Shu Ruyue and Li Xiao Qing's eyes lit up.

"I've never experienced the joy of raiding a house in my life!" Shu Ruyue rolled up her sleeves with an eager look.

Even Li Xiaoqing's eyes were filled with curiosity.

"I've only heard about raids in the stories told by Mr. Shu. We can raid houses as well?"

Luo Ziyang's mouth twitched when he heard their conversation.

He really didn't expect Madam, Xiao Qing, and Miss Shu to have such special hobbies. They actually liked to raid houses.

Who could withstand this?!

Could it be that he had to let Luo Cheng punish more corrupt officials in the future in order to satisfy Xiaoran and Xiao Qing's hobby of raiding houses?

Luo Ziyang touched his chin and pondered over the feasibility of these things.

Li Xiaoqing asked curiously, "Sister, are you really going to raid someone's house? Where are you going? Whose house are you going to raid? I've never heard of any corrupt officials here."

Li Xiaoran laughed when she heard her sister's words.

“There are no corrupt officials, but isn't there a sinner here? Liu Mingkun has done so many evil things and schemed against others. He has a lot of money, but where did all this money go?”

When Li Xiaoqing and Shu Ruyue heard this, they immediately understood.

Shu Ruyue said curiously, “That's right. Why didn't I think of that?! He deceived so many people and caused many deaths. Several families were also ruined. Therefore, he must have obtained a lot of money. But Xiaoran, how do you know where he hid the things?”

Li Xiaoran said, “Sigh, I'm a very good interrogator! If you don't believe me, ask Ziyang! I can interrogate Liu Mingkun to the extent that he tells me about all his ancestors! Let me ask you, are you guys going with me to raid this person's house?”

Shu Ruyue thought of something and said, “Why not?! But it's not appropriate for us to go there directly like this! Let Mr. Luo arrange for someone to go with us! Otherwise, we, as women, can't go raid a house.”

Li Xiaoran said, “Of course. Since it's a raid, it naturally has to be legitimate! Ziyang, tell Luo Cheng to arrange for some people to follow me to raid the house.”

Luo Ziyang immediately said, “Madam, how can I be absent?! How about this? I'll get someone to bring a letter over. I'll follow you to raid the house!”

Li Xiaoran thought for a moment. With Ziyang around, it might be easier for them to raid the house.

Luo Ziyang nodded and immediately arranged the matters at hand. Then, he sent someone to send a message to Luo Cheng.

Luo Cheng was originally arranging for someone to protect those victims. After knowing that Li Xiaoran was going to bring people to raid Liu Mingkun's house, Luo Cheng naturally agreed.

Luo Cheng said, “Tell Ziyang to bring my token. Capture anyone who dares to stop him!”

The messenger nodded and immediately rushed back to reply.

Just like that, Luo Ziyang led Luo Cheng and a group of people to escort Li Xiaoran and the others out to raid the house.

The place Liu Mingkun was talking about was the most prosperous place in town.

The group's arrival quickly attracted a lot of attention.

Li Xiaoran didn't care. She asked someone to smash the door open and brought people in to raid the house.

Wu Qinghe had obtained the news from somewhere and rushed over. He said that he also wanted to experience the feeling of raiding a house.

Soon, the group began to search the house.

It had to be said that Wu Qinghe's arrival was very helpful to them.

Wasn't raiding houses about searching for things?

The money definitely wouldn't be displayed in the open. It must have been hidden.

The feeling of looking for money was really satisfying.

In the beginning, Li Xiaoran didn't allow Wu Qinghe to divine and insisted on finding it themselves.

When they were almost done looking everywhere but still didn't find it, it was Wu Qinghe's turn.

Wu Qinghe quickly waved his finger and pointed in a direction.

"Dig three feet down here!"

When Luo Ziyang heard this, he immediately waved his hand and asked someone to dig.

Sure enough, after digging three feet, he felt the shovel hit something.

After digging carefully, they found two large boxes.

After that, Wu Qinghe found a few more places and they dug out many boxes.

After finding someone to open these boxes, they discovered that they were actually filled with gold.

The dazzling gold blinded everyone's eyes.

"Oh my god, this is the first time I've seen so much gold in my life!" As Shu Ruyue looked at the boxes of gold, she immediately became greedy. "If I had so much gold, I would be laughing even in dreams!"

Li Xiaoqing thought of something and said, "If I had such gold, I would lay it on my bed and slept on it for the entire night!"

When Luo Ziyang heard this, he immediately remembered this.

In the future, he had to work hard to earn money and exchange it for gold. Then, he would let Xiao Qing sleep on it.

When Li Xiaoran heard their conversation, she was immediately overjoyed.

"Do the two of you have to act like this? Can you be more promising? In the future, if you do business with me, I guarantee that you'll earn a lot of money. Not to mention sleeping on gold, you can even sleep with gold in your arms every night! "

When Li Xiaoqing and Shu Ruyue heard Li Xiaoran's words, their eyes lit up.

"Xiaoran, you said so. I'm counting on you for my happiness for the rest of my life!"

Li Xiaoqing quickly said, "That's right. You can't forget about me after you earn money!"

Li Xiaoran said generously, "Don't worry, as long as I have a mouthful of meat to eat, I won't let you guys just drink soup! The three of us will become rich together and become the richest women in the entire nation!"

Luo Ziyang and Wu Qinghe broke out in cold sweat when they heard this.

If they were going to become the richest women. As their men, they couldn't be inferior to them!

At this moment, Luo Ziyang suddenly sympathized with Luo Cheng.

As Xiaoran's man, he believed that Luo Cheng felt even more pressure.

After all, Xiaoran could easily help others become the richest women in the nation!

With so much gold, they naturally had to count the sealed boxes after digging them out.

Wu Qinghe immediately became excited. After some divine calculations, he found many other hidden things.

Some good herbs and gold, silver, and jewelry were found.

After this house was turned upside down, they finally returned with a full load.

When Luo Cheng rushed over after receiving the news, he was stunned by the things in front of him.

"These were all confiscated from Liu Mingkun's house?"

Chapter 706: Being Ordinary Is a Blessing

"That's right. Don't you think it's too much?" Li Xiaoran nodded and asked.

Luo Cheng said, "That's right! It seems that Liu Mingkun's identity isn't that simple. Otherwise, where did he get so many gold bars?!"

Li Xiaoran thought for a moment and said, "It might not be because of his identity. Perhaps he has good luck!"

When people were in good luck, fortune came as well.

However, Liu Mingkun wasn't upright, so even if he obtained wealth, he couldn't keep it. Now, he had to give it up.

Luo Cheng asked, "What do you plan to do with this money, Xiaoran?"

Li Xiaoran thought for a moment and said, "I already said that I was going to raid the house, so I'm going to use it to compensate the victims. After giving out the compensation, I'll use the rest to do something for the commoners in town!"

Luo Cheng teased, "Don't you want to keep some?"

Li Xiaoran shook her head.

"A virtuous man makes his fortune in a legitimate way! I can earn money myself, so I don't have to take wealth that doesn't belong to me! It's best to spend the money I earned myself!"

At this point, Li Xiaoran thought of something and suddenly smiled happily.

"However, if there's a raid next time, please don't forget to call me! For the first time in my life, I feel that raiding houses is actually very interesting!" Luo Cheng was amused when he heard Li Xiaoran's words.

This was the first time he had heard someone say that it was fun to raid a house.

Others went to raid houses to reap some personal benefits.

Li Xiaoran, on the other hand, simply felt that raiding houses was interesting. "Alright, if there's such an opportunity in the future, I'll call you along!"

With Luo Cheng's assurance, Li Xiaoran returned to her room to rest in satisfaction.

That night, Li Xiaoran slept very comfortably.

But that night, some people didn't sleep well.

In the blink of an eye, it was time for the public trial. Li Xiaoran woke up early in the morning to wash up and eat breakfast.

Last time, during Shatai Village's public trial, she was too tired to go.

This time, Li Xiaoran naturally wouldn't miss the public trial.

The public trial was held in a very spacious dam in town.

The officials had already built a platform. Many commoners around had also received the news and came to this place in advance to wait.

Li Xiaoran and Shu Ruyue didn't follow Luo Cheng. Instead, they pretended to be onlookers and blended into the crowd.

Because Li Xiaoqing was one of the victims, she could only follow her parents this time.

Luo Cheng had changed his clothes and he exuded a noble and imposing aura that made people dare not to look at him directly.

In the past, they didn't feel it up close, but now that they were standing in the crowd and looking at Luo Cheng from afar, he gave off a regal aura.

As expected, when a person stood close, one's perception was limited.

However, when one stood far away, one could see many things clearly.

As her husband sat there with a straight face, he looked aloof and handsome.

A woman squeezed in and asked curiously, "Hey, have you heard? The person who's going to be tried this time is Liu Mingkun! Who is this person?"

Another young woman sized up the woman and said, "Aren't you a local? You don't even know Liu Mingkun?"

The woman nodded and said, "That's right! I'm not local. I followed my son here to do business!"

"No wonder you don't know! If you had a daughter, you would have known about this person long ago! Have you heard of the rapist?" The young woman explained when she saw that the woman really didn't know.

"What do you mean?" The woman said in confusion, "Could it be that the person who's going to be tried today is a rapist?"

The young woman said, "This man is even more ruthless than a rapist! This rapist not only raped girls, but he also ruined their families."

"Let me tell you. Liu Mingkun is also very good at coaxing people. There's no one he can't coax. Those girls who were coaxed by Liu Mingkun all listen to him obediently. Even though they know that Liu Mingkun has many women around him, these women don't make a fuss or get jealous. They get along very well! Some of them were scammed by Hong Mingkun into giving away their family assets!"

When the woman heard these words, she gasped.

"Oh my god, this person is really impressive. If any family with a daughter met such a person, they would be very unlucky!"

"That's right. Ever since Liu Mingkun appeared in town, many families who doted on their daughters moved away from this troublesome place." The young woman said, "Liu Mingkun doesn't even let married women off the hook!" When Li Xiaoran heard this, she looked at the young woman curiously.

The young woman happened to turn around. After Li Xiaoran took a look, she was immediately amused.

No wonder this young woman could say this. Because she looked very ordinary, she didn't have to worry about being targeted by Liu Mingkun.

Thinking of this, Li Xiaoran couldn't help but marvel.

Sometimes, fortune and misfortune came together.

Some people hoped that their looks were outstanding enough to attract good marriage partners.

Ordinary-looking people naturally had fewer opportunities.

However, it was also because of this that there was much less trouble and life was much smoother.

Therefore, many things that seemed to be a disaster in the past became a blessing later on!

"Xiaoran, what are you thinking about?" Shu Ruyue asked curiously when she saw that Li Xiaoran was distracted.

Li Xiaoran said, "No, I'm thinking that sometimes being ordinary might not be a bad thing!"

Shu Ruyue laughed when she heard this.

"In the eyes of many people, you're also ordinary, but ever since you married your husband, many people feel that you're no longer ordinary!" When Li Xiaoran heard this, she immediately laughed.

"Being ordinary or not is just the label the world gives others! I feel that I'm very extraordinary because in this world, I'm just me. I'm the one and only me.

No one else can become me!"

“Of course. It’s indeed rare to see someone like you once in a thousand years!” Shu Ruyue said with a smile, “However, I’m glad I met you!”

Li Xiaoran looked at Shu Ruyue and said with a smile, “I’m also very glad to have met you!”

At that moment, the bailiffs’ voice sounded.

Shu Ruyue pulled Li Xiaoran and said excitedly, “Look, the public trial has begun!”

Li Xiaoran asked with a smile, “Why are you so excited? Didn’t you watch the public trial last time?”

“This is different!” Shu Ruyue replied..

Chapter 707: Unlucky

“Last time, when those bad people in Shatai Village were publicly interrogated, everyone was so angry that they beat them up. There’s only one person today, so think about how satisfying it would be if everyone beat up one person!” Shu Ruyue said excitedly as she handed over a basket of dishes.

“What is this?” Li Xiaoran asked in confusion, “You bring food when you came to watch the public trial?”

Shu Ruyue said, “What food? These are the rotten veggies I asked someone to help me collect. I’ll throw them at Liu Mingkun later!”

When Li Xiaoran heard Shu Ruyue’s words, she was immediately speechless. After looking around carefully, Li Xiaoran approached Shu Ruyue.

“Be careful not to accidentally injure our own people!”

When Shu Ruyue heard Li Xiaoran’s words, she realized something and her eyes widened.

“That person is that person?”

The surrounding people were baffled, but Li Xiaoran understood.

“That’s right. That person is that person!”

Shu Ruyue was dejected.

“Hey, you should have said so earlier! I’ve already prepared the veggies!”

When Li Xiaoran heard Shu Ruyue’s words, she looked at the dishes basket in disdain.

“It’s such a hot day, so the veggies are probably almost rotten. Be careful of getting your hands all smelly! ”

When Shu Ruyue heard Li Xiaoran’s words, she immediately felt uneasy.

“Sigh, now that you mention it, I don’t think I can do it! Fortunately, I used the basket to cover it, so I don’t have to worry about that smell suffocating me. I’ve changed my mind!”

Li Xiaoran nodded and said, “That’s right! ”

At this moment, someone tried his best to squeeze in from outside. Li Xiaoran was pushed a few steps forward.

Seeing this, Li Xiaoran couldn’t help but frown.

“Ruyue, let’s leave this place! Once these people push around, we’ll suffer!”

Shu Ruyue had also been squeezed just now, so when she heard Li Xiaoran’s words, she nodded.

“Alright, let’s go outside first!” Shu Ruyue said.

In the end, neither of them could squeeze out no matter how hard they tried.

The people outside wished they could squeeze in. If the two of them wanted to come out, it would be as if they were fighting against an army of thousands. They couldn’t come out at all.

“This won’t do!” Shu Ruyue realized that they were in trouble and looked around.

There was a wooden stake shelf not far from the two of them.

Shu Ruyue said, “Xiaoran, I’ll try to throw my claws over and grab that wooden stake. Then, I’ll fly you to the wooden stake. After that, we’ll fly the wooden stake towards the big tree on the other side!”

Li Xiaoran grabbed Shu Ruyue’s arm and quickly stopped her. “No, take a closer look. That wooden stake isn’t sturdy at all. At this moment, it’s already on the verge of collapse. You can’t even carry yourself, let alone the two of us!” Shu Ruyue took a closer look. It was indeed as Li Xiaoran had said!

“Then what should we do?”

Li Xiaoran looked at the increasing number of people around her and thought for a moment before saying, “How about this? I’ll lift you up and you can see if this claw can be thrown onto a big tree or the window on the second floor of the inn on the other side!”

When Shu Ruyue heard Li Xiaoran’s words, she shook her head.

“No, this method won’t work! Why don’t we do this? I’ll lift you up and you can ask Mr. Luo for help! Let Mr. Luo make way for us so that nothing will happen to us!”

Li Xiaoran thought for a moment. That was the only way!

“No, there’s actually another way!” Shu Ruyue said, “This place is spacious, so just sprinkle some medicine and knock them out!”

“Lift me up first! Try the first method. If it doesn’t work, we’ll use the second method!” Li Xiaoran said.

Shu Ruyue nodded and lifted Li Xiaoran up.

Just as Li Xiaoran was lifted up, the others also saw this scene.

Therefore, just as Li Xiaoran was about to shout at Luo Cheng, a group of people suddenly appeared in front of her.

This time, Li Xiaoran's petite figure was instantly blocked.

"How is it? Xiaoran, why didn't you shout?" Shu Ruyue asked when she didn't hear Li Xiaoran speak after waiting for a while.

"Just give me the powder! When the people in front and behind saw you lift me, they followed suit!" Li Xiaoran said helplessly.

"Oh my god, what's going on?! These people are really troublesome!" Shu Ruyue wanted to curse.

It wasn't easy for her to think of a way, but these people ruined it.

"Give me the medicine!" Li Xiaoran said gloomily.

"Wait, sit tight. I'll take it out of my bag now!" Shu Ruyue replied as she began to search for the powder on her.

At this moment, someone rushed in.

This time, because a person who was raised on someone's shoulders lost his balance and fell, the crowd was in chaos.

The people above fell and crushed the people below. One by one, they started wailing.

When Luo Cheng saw that the commoners below were actually raising people on their shoulders, he sensed that something was wrong.

Just as he called someone over to evacuate the crowd, an accident happened.

Because people were crowding over at the back, the people inside were squeezed and those who were lifted fell. The others also rushed towards the front.

The officials couldn't stop them at all. One by one, they were squeezed in. Then, the crowd rushed towards Liu Mingkun.

When Luo Cheng saw this scene, his first reaction wasn't to check on Liu Mingkun. Instead, he looked at the crowd below anxiously.

His wife, Li Xiaoran, was there.

However, at a glance, there were heads everywhere. He didn't know which one was Li Xiaoran.

At this moment, Luo Cheng was furious and wished he could burn all the troublemakers.

At the critical moment, Luo Cheng actually saw the face of the person he loved in the crowd.

Luo Cheng quickly picked up a rope beside him and tied one end to a big pillar behind him. Then, he jumped with the other end of the rope.

Seeing this, Wu Qinghe pinched his fingers and shouted, “Mr. Luo, head southwest!”

When Luo Cheng heard this, he jumped southwest without hesitation.

Although he had just saw that Li Xiaoran wasn’t in the southwest, he felt that he should listen to Wu Qinghe now.

As expected, when he jumped to the southwest, he saw that Li Xiaoran, who was protected by Shu Ruyue, had also been pushed to the southwest..

Chapter 708: Really Flew Away

“Xiaoran, grab my hand!” Luo Cheng shouted.

As soon as he said this, the group reached out. Everyone wanted to grab hold of this straw!

Luo Cheng wished he could chop off those hands.

At this moment, Shu Ruyue lifted Li Xiaoran up.

Just like that, Luo Cheng grabbed Li Xiaoran’s hand and pulled her up.

“Ruyue, grab my foot!” Li Xiaoran said to Shu Ruyue.

“Don’t worry! I know ninja skills!” Shu Ruyue said as she jumped up and grabbed the rope Luo Cheng threw at her.

“Alright, pull back now!” Wu Qinghe asked Luo Ziyang and the others to quickly pull back the rope.

Just like that, Luo Cheng and the other two were pulled back safe and sound.

When Shu Ruyue was pulled back, she suddenly saw that something was wrong below and took out the powder she had taken out previously.

A gust of wind blew the powder away.

The people around them fell to the ground like dumplings.

When Li Xiaoran and the other two successfully reached the stage, many people below had already fainted.

Seeing that the situation wasn’t right, the people outside wanted to run, but they still couldn’t outrun the sudden gust of wind.

Soon, the people who were running away also fainted.

“Mr. Zhang, it’s obvious that someone wants to cause trouble and take Liu Mingkun away. Fortunately, we were prepared. Hurry up and get your men to capture him!”

When county magistrate Zhang heard Luo Cheng’s words, he was immediately dumbfounded.

“Mr. Luo, there are very few people working under me, so how do we know who’s a commoner and who’s here to disrupt things?”

When Yu Peng heard county magistrate Zhang’s words, he knew that this person’s advancement in his career had come to an end. At most, he would be a county magistrate.

Shu Ruyue said, “Just surround those unconscious people. My medicine can knock people out for a while, but they’ll wake up soon. Unfortunately, after they wake up, they won’t be able to use any strength. However, this doesn’t stop them from talking! Let the bailiffs investigate them one by one and capture the suspicious people! After all, they’re already here to disrupt things. If they didn’t bring anything special, they wouldn’t be able to disrupt things!”

When the county magistrate Mr. Zhang heard this, he blushed and quickly arranged for someone to search.

After Shu Ruyue thought for a moment, she also went over to investigate.

“Mr. Luo, I’ll go too! There are many women here. Those bailiffs are all men, so it’s not appropriate for them to investigate!”

Luo Cheng nodded in agreement with Shu Ruyue. “Alright, bring our people to investigate!”

Wu Qinghe thought for a moment and followed suit.

“Mr. Luo, I know how to read fortunes. Why don’t you let me help Ruyue?!”

Luo Cheng felt that Wu Qinghe’s abilities could indeed be used here, so he nodded.

“Alright, come with me!”

Just like that, the officials and Shu Ruyue brought two teams of people to surround the people below and check them one by one.

At this moment, Liu Mingkun had already been brought to the periphery of the crowd. If Shu Ruyue hadn’t suddenly scattered the powder, he would have been saved.

Li Xiaoran calmed down and heaved a sigh of relief when she saw that Liu Mingkun hadn’t been taken away.

“Husband, how do you think these people brought him out with so many people around?”

Luo Cheng looked at the people below and said calmly, “We’ll know the reason when they come back!”

At this moment, a big bird suddenly flew over from the sky.

The cry of a big bird sounded. When it spread its wings, it was so big that it seemed to cover the sky.

Seeing this scene, Li Xiaoran and Luo Cheng immediately stood up.

“Oh no!” When Li Xiaoran saw this big bird, she immediately thought of something. “So this is what divination means! Husband, hurry up and go to where Liu Mingkun is!”

When Luo Cheng heard Li Xiaoran’s words and saw her anxious expression, he sighed.

“Liu Mingkun is here!”

When Li Xiaoran heard this, her gaze landed on the person who had been brought back.

“This is the real Liu Mingkun?” Luo Cheng nodded.

“Why?” Li Xiaoran asked.

“We had to use the real one for bait!” Luo Cheng said.

Suddenly, the big bird circled the mountain and swooped down. A violent wind blew down and the person who grabbed Liu Mingkun was slapped to the side. Then, Liu Mingkun was grabbed by the big bird and flew into the sky!

As Li Xiaoran watched the scene in front of her, she asked indignantly, “Are we just going to watch the bird take him away?”

“Of course not!” Luo Cheng said calmly, “Xiaoran, wait a little longer!”

When Li Xiaoran heard Luo Cheng’s words, her gaze continued to follow the big bird.

At this moment, a large net fell from the direction the big bird flew.

At the same time, a fire broke out and appeared around the big bird, trapping it in the middle.

No matter where the big bird flew, as long as it touched the scorching fire, its feathers would burn.

Just as the big bird was at a loss, a low voice sounded. Then, the big bird rushed in a certain direction.

Luo Cheng seemed to have expected this and looked towards the big bird in front of him.

“Xiaoran, look, the big bird is about to fall!”

As soon as he finished speaking, a rain of arrows shot at the big bird. The bird flapped its wings shakily, but it felt more and more powerless.

Before long, the big bird fell to the ground.

There was a loud thud and they could even feel a tremor under their feet.

When Li Xiaoran heard this sound, she understood. The big bird had fallen to the ground.

Luo Cheng turned around and asked with a smile when he heard Li Xiaoran’s sigh of relief, “You’re relieved now?”

Li Xiaoran nodded and said, “That’s right! Such a person shouldn’t be saved. He should be punished by the law!”

When Luo Cheng heard Li Xiaoran’s words, the smile on his face disappeared and his expression became serious.

“Don’t worry, no matter who it is, they will eventually be punished for their crimes! Liu Mingkun will have to pay the price for what he did! As long as I’m around, I won’t let such a person get off scotch-free!”

Chapter 709: Again?

When Liu Mingkun appeared in front of everyone again, he was already on his last breath.

When the big bird fell, Liu Mingkun was under its claws and was pressed down by it.

When everyone finally saved him from the big bird’s claws, he was already seriously injured.

Zi Zheng didn’t care about this at all. He asked someone to bandage Liu Mingkun and dragged Liu Mingkun back with the ox cart.

This time, the public trial continued.

The commoners, who had been watching, had no strength left, so they could only sit on the ground and listen quietly.

When Li Xiaoran saw this scene, she suddenly felt that this was for the best.

At least this time, no one would dare to use these commoners to disrupt the execution ground.

Liu Mingkun was forced to kneel on the spot again.

Liu Mingkun, who felt pain every time he breathed, already realized something.

He might not survive this. He was really going to die!

Looking at the dense crowd around the execution ground, Liu Mingkun suddenly regretted it.

If he hadn’t learned those skills from his mentor back then, would he have lived an upright life?

Would he have lived longer?

He didn’t want to die!

How wonderful would it be to be alive!

At this moment, Li Xiaoran felt Liu Mingkun’s strong desire to live, so she came to his side.

Li Xiaoran stared at Liu Mingkun and asked, “If time could go back and you were given another chance to choose, would you still choose such a life?”

Liu Mingkun smiled bitterly and said, “There’s no such thing, so there’s no point in saying this!”

Li Xiaoran said, “No, since I said these words, there’s naturally a meaning behind them! Liu Mingkun, tell me! Who is your mentor? Where did you get those gold bars hidden in your house? Don’t tell me that you earned them yourself. I won’t believe you!”

When Liu Mingkun heard Li Xiaoran’s words, he laughed disdainfully.

“Who do you think you are? You’re just Luo Cheng’s woman. Do you really think you’re all that mighty?!”

When Li Xiaoran heard Liu Mingkun’s words, she wasn’t angry. Instead, she said calmly, “You look down on women so much, but you ended up like this today because of women. Do you think all women are the same and as gullible as you think? If that’s the case, why did Qi Juan come to her senses and leave you?”

Speaking of this, Li Xiaoran thought of something.

“I forgot to tell you something. The poison you poisoned Qi Juan has been detoxed! Not only has Qi Juan been detoxed, but she also met a man who loves her sincerely. She will have a happy life in the future. Also, haven’t you always had designs on my sister, Li Xiaoqing? My sister didn’t have a good impression of you from the beginning, so all the tricks you used on her were useless! At this moment, don’t you feel that you’re quite useless?!”

When Liu Mingkun heard Li Xiaoran’s words, he gritted his teeth in anger.

“I’m not a good-for-nothing. My mentor said that among all the disciples he taught, I’m the only one who inherited his teachings. I’ve only failed once or twice. Who hasn’t failed before?”

“Yes, but your mistake is fatal. Aren’t you waiting to be beheaded now?” Li Xiaoran continued to provoke him.

“I won’t be beheaded. I won’t be beheaded. My mentor will definitely send someone to save me!”

“Is that so? Is he gonna send another big bird?” Li Xiaoran asked.

It had to be said that Li Xiaoran hit the nail on the head.

Because as soon as she finished speaking, there was another cry. Sure enough, another big bird flew over.

At this moment, Luo Cheng came to Li Xiaoran’s side and wanted to leave with her.

“Husband, don’t panic. You just have to keep me from being hit by that big bird’s wings. I have a way to deal with this big bird!”

With that, Li Xiaoran took something out of her pocket.

“Husband, this is the anesthetic I made. As long as we shoot this thing into that big bird’s body, that big bird will lose its strength and fall!”

Luo Cheng’s eyes lit up.

“Go back up and sit down to rest. Leave this to me. I’ll shoot this thing at that big bird.”

Li Xiaoran thought for a moment. She was an ordinary person without internal energy, so it was indeed more appropriate to leave this matter to a man.

Li Xiaoran nodded and placed the thing in her hand in Luo Cheng's hand.

“Be careful!”

Luo Cheng nodded. After watching Li Xiaoran leave, he focused his gaze on the big bird.

This time, the big bird suddenly attacked and swooped down.

It was also at this moment that Luo Cheng took the opportunity to throw Li Xiaoran's anesthetic needle under the big bird's wing.

The big bird was too big, so when it realized that something was wrong, it could no longer dodge the flying anesthetic needle.

Three consecutive needles pierced its wings on the left and right, and one pierced its abdomen.

The anesthetic quickly took effect. The big bird couldn't hold on anymore and fell to the ground.

Luo Cheng quickly dodged. After Liu Mingkun, who was already on his last breath, was hit by the big bird, he turned into a pile of meat paste!

It had to be said that no one expected Liu Mingkun's outcome.

When the victims who were originally waiting to complain about Liu Mingkun's evil deeds saw this scene, their eyes turned red.

She wasn't angry, but relieved.

There were also those whose family were ruined by Liu Mingkun. At this moment, they shouted happily.

“Finally, this sinner died! His retribution has come! Everyone will eventually pay for their actions! My daughter, you can rest in peace in heaven. This sinner has finally received retribution!”

For some reason, when she heard these people shouting ecstatically, Li Xiaoran felt a little sad.

Liu Mingkun was dead, but the harm he had caused others would always be there.

When Luo Cheng saw Li Xiaoran like this, he reached out and patted her shoulder.

“The past can't be forgotten! All we can do is settle down those victims and let them start a new life! Everyone has their own calamities!”

Li Xiaoran nodded and didn't say anything.

Next, the officials announced Liu Mingkun's crimes in public and sentenced him. After that, they got someone to put firewood on Liu Mingkun's corpse and cremated his corpse..

Chapter 710: Almost

After Luo Cheng dealt with the matters here, he didn't take out money to distribute to those victims. Wealth was tempting. If he suddenly gave so much money to these people, he was afraid that this would harm them.

Therefore, Luo Cheng didn't plan to distribute the money in public. Instead, he had people send the victims home safely first.

At night, Luo Cheng brought his people to the families of the victims and sent the money to them.

After giving them the money, everyone rushed back.

Li Xiaoran originally wanted to follow, but Luo Cheng stopped her.

"You've experienced so much today, so you should rest well! Besides, in order to send money over, they need to travel.

After hearing Luo Cheng's words, Li Xiaoran could only give up on this idea.

However, Li Xiaoqing and Shu Ruyue went to deliver the money!

This time, Li Xiaoran suddenly envied them.

"Sigh, if only I knew martial arts too!" Li Xiaoran sighed countless times throughout the night.

Luo Cheng felt like his ears were about to crack from all the times he heard her say this!

After putting down the pen in his hand, Luo Cheng washed his hands and came over to pick Li Xiaoran up.

Li Xiaoran was shocked by Luo Cheng's sudden move.

"Husband, what are you doing?"

"I think you might be too idle, since you're actually in the mood to think about others. I'm right in front of you, but you seem to be ignoring me, so I feel very upset. I have to seriously remind you who you should prioritize!" Luo Cheng said as he carried Li Xiaoran to the indoor bed and kissed her..

After a while, they lay on the bed separately.

Li Xiaoran blushed, and her rosy lips looked even more charming than usual.

At this moment, Li Xiaoran felt her heart race.

Li Xiaoran wasn't a fool, so she naturally sensed that Luo Cheng was becoming more and more possessive of her.

This man seemed to be reaching his limit and he wished he could eat her up now.

At this moment, Li Xiaoran was a little afraid and tempted.

To be honest, as the two of them interacted more and more, Li Xiaoran's feelings for Luo Cheng became deeper and deeper.

To be honest, if Luo Cheng really wanted sex with her just now, she would have satisfied him.

After all, they were already married!

However, at the critical moment, Luo Cheng's rationality made him stop!

At this moment, Luo Cheng's blood was boiling and he felt that he was losing his self-control.

He was so close to getting intimate with the lover in front of him!

He had endured it for so long!

As Li Xiaoran looked at Luo Cheng, she thought of something. Just as she was about to say something, Luo Cheng sat up. "I'm going to wash up. I sweated too much just now!" With that, Luo Cheng rushed out!

Seeing Luo Cheng fleeing, Li Xiaoran suddenly laughed.

After laughing, Li Xiaoran felt a sense of heartache.

This guy must plan to use cold water to cool himself down!

Unfortunately, it probably wouldn't be effective on such a hot day!

Thinking of this, Li Xiaoran began to think.

In the past, she had heard others say that if a man held himself back too much, it wouldn't be good for his health!

Li Xiaoran pondered over it.

Perhaps she should cooperate with Luo Cheng and focus on recuperating!

Only when she recuperated would there be no obstacles between the couple!

Thinking of this, Li Xiaoran made up her mind.

When Luo Cheng came back from showering, Li Xiaoran was already sleeping on the bed!

Luo Cheng smiled when he saw Li Xiaoran's face.

His wife was really beautiful!

He would just bear with it! When the time was right, he would definitely eat her up!

Thinking of this, Luo Cheng couldn't help but laugh.

After lying down beside Li Xiaoran, Luo Cheng closed his eyes and fell asleep. At the same time, in a certain house, a man was furious.

A square-faced old man said angrily, "Hmph, these are the disciples Mr. Guo mentioned? In the end, they caused my two birds to lose their lives! You have to know how difficult it was for me to nurture these two big birds?!"

Yu Baifeng stared at the angry old man as she said, "Mr. Wang, don't be angry. None of us expected such a thing to happen. Did Luo Cheng expect us to send the big birds to save him? Could it be that our people tipped off the other party?! Otherwise, I can't think of how our plan leaked out!"

Elder Wang said angrily, "How would I know? We're the only ones who know about this plan. Anyway, it's not me! As for who it is, I don't know!"

“It can’t be me, can it?” a mustached man who had been silent retorted. He wasn’t going to take the blame.

“My people have already mixed in with the crowd and were almost able to take Liu Mingkun away! Who knew that an accident would happen at the critical moment? Fortunately, the people I arranged didn’t bring any weapons. Otherwise, my people would have suffered heavy losses this time!” Mr. Yang defended himself when he heard their conversation.

“Now is not the time for us to have internal strife. Let’s think about how to explain it to Mr. Guo! The person we want to save is dead and we lost two big birds. If Mr. Guo finds out, I’m afraid we won’t end up well!” Yu Baifeng said, “When Mr. Guo reports us to the lord, the three of us will be screwed!”

This time, Mr. Yang and Elder Wang fell silent.

In the end, Elder Wang said, “I wonder why he values Mr. Guo so much. What’s so special about Mr. Guo’s abilities?!”

Yu Baifeng also knew that Elder Guo looked down on Elder Wang’s abilities!

However, it turned out that Elder Wang’s abilities were really useful.

They originally thought that it would be easy for Elder Guo’s disciple to get close to Luo Cheng, but they didn’t expect him to make mistakes again and again. In the end, they couldn’t even save Liu Mingkun.

“What should we do next?” Mr. Yang asked, “Are you really willing to go back and receive your punishment?”

Yu Baifeng and Mr. Wang fell silent.

No one was willing to go back and receive punishment!

No one was willing to accept those punishments.
