Chapter 11 A Massive Face-slap

Tinsley had just taken her bath when Rory slammed into the room, anxiously. "What's up?" Tinsley asked lazily and enchantingly. Her skin was smooth and red due to the warm water bath she had just taken. Water continued to drip from her long hair, and she continued to use a short towel to dry.

Rory stared at Tinsley absentmindedly; had it been Rory was a man, she'd have definitely run after Tinsley. Tinsley's beauty and demeanor are otherworldly. Such a beautiful face and a curvy figure.

If Rory ever saw that man who had a one-night-stand with Tinsley, she'd shake him hard and knock him out saying 'look at the beautiful woman you shared your night with, how can you be so blind to forget her by the next morning; you're the biggest scum ever!'

Despite how crazy Rory's mind spurned, she was still able to remember what she came here for, so she handed her phone to Tinsley.

"Look at your sweet sister, so disgusting," Rory commented while scrolling through Lillee's post for Tinsley to see.

"Oh." Tinsley read the post with a sneer. "She called herself my fan, but she doesn't even know my birthdate," Tinsley said, talking about Lillee calling her elder sister.

"So stupid." Tinsley finalized with a sneer and walked over to her skincare section, not bothering to pay attention to the post anymore.

But before Tinsley could pick up her face cleanser, Rory immediately shoved Tinsley's phone into Tinsley's hand, anxiously.

Tinsley arched her brows in confusion wondering what Rory was about. "What is it?" She asked.

Rory pulled Tinsley toward the bed and pushed her to sit on it. "Don't be stupid. Hurry up and give that bitch a massive face slap. One that hurts. Quick!" Rory said anxiously, but her eyes were filled with excited sparks.

Tinsley put her phone away and stated. "That'll be agreeing with the fan's rumor that we have an ongoing feud..."

Rory interrupted with her hands on her waist, "So what? Didn't you have one in real life? That bitch can't be using you to gain pure fame every time." Rory tried to convince her, which made Tinsley fall into thoughts, but in a few minutes, she smiled eagerly.

"You're right! I'm here to get revenge anyway? Who cares about how I start? I just had to make her face hurt." Tinsley muttered with a dark smirk which made Rory high-five her.

Rory immediately began to leave the room, "I don't want to see your reply, all I want to see is a massive face-slap. If it falls below that, I'm coming back to kill White Tigress." Rory muttered and began to leave, which made Tinsley chuckle.

"I wouldn't disappoint you," Tinsley said behind her.

She first scrolled through social media, and she saw that the trending hashtag was Lilee and her.

#White Tigress And Actress Lillee's Close Relationship.

#I'm Elder Sister's Fan Forever: Actress Lillee debunks feud claim.

"She's really a bitch and that's why I need to make her face hurt," Tinsley murmured.

'Born in the year XXXX. I'm definitely on the younger side. I need a mirror, do I look old?' Tinsley typed and quickly posted on her social media and placed her phone on the bed stand.
