

Chapter 14: Tinsley Manager

Chapter 14 Tinsley Manager

"Are you kidding? I'm not any female lead, and I know my capability well. I am a best-selling writer. I'm also rich, but before I could deal with William's family with my own capability, I'll have to plan well and also have more influence."

Tinsley explained.

Rory chirped in with a sinister grin, "I can help."

"I refuse to involve uncle's company in my revenge!" Tinsley scoffed at her. 1

"Fun killer!" Rory muttered, glaring at her.

"Right! I'll be meeting with president Jarek for..."

Rory's eyes widened in excitement, "You mean President Jarek as in Jarek of J Empire?" She asked in bewilderment.

Tinsley nodded her head, "Hm, we have a meeting."

"Finally. Here approaches a rare, rich, and handsome man. You must be dressed so hot, he would be unable to take his eyes off you. He'll literally be eye-fucking you." Rory said.

Tinsley snorted lightly. Only if Rory knew that the man that night was President Jarek. "Stop talking nonsense. I'm going out with the identity of White Tigress." Tinsley replied, rolling

her eyes.

"So what? Do you know what we call enchanting and leaving your strokes on a man? I'ma prepare you up for that, bitch. When I'm done with you, President Jarek won't let you go." Rory muttered excitedly.

"Excuse me, ma'am. President Jarek is just a businessman, not my boyfriend." Tinsley chided her seeing how Rory was beginning to get excited.

"So what? You're a single lady, President Jarek is a single man. Here comes a potential for a future couple. Here we go!" Rory whistled.

"You're being dramatic." Tinsley rolled her eyes and began to walk into the room.

"I'm serious. I'm dressing you up whether you like it or not." Rory shouted as she walked away.

"Crazy," Tinsley uttered and entered the room.

The Triplets was still fast asleep when she entered the room. She pecked each of their foreheads and picked up her phone.

Tinsley immediately tapped the social media app open, and she saw that she was still in trend with Lillee.

Before Tinsley could tap on the trend, her phone began to ring. Tinsley picked up the call as she saw that it was from her manager, Brigitta.

"Hey, Brig," Tinsley called. Brigitta was a close friend to Tinsley, so she had the habit of calling her Brig.

"Yo girl. What have you been doing since you arrived at Ryle? White Tigress book suddenly began to sell widely. Now each of the copies we have printed has been bought, yet there are still a million orders." Brigitta said, feigning a complaint.

"Hmph! Congrats to us then." Tinsley harrumphed lightly.

"Be truthful. The reason you're calling me is because of the rumor with Lillee, you're interested in what's happening, right?" Tinsley muttered with a cunning smirk.

Actually, what does every manager want if it's not to make money so Brigitta calling Tinsley about how fast the book was selling is actually a facade and Tinsley already knows that Brigitta was calling because of the feud between her and Lillee.

"Since you know, then you know." Brigitta snorted. "So... What's up between you and Lillee? You hardly chat or interact with others on social media but this thing happening with Lillee, I believe it's not simple, what's going on?"

"Lillee is my elder sister. She was the one who plotted me till I had to leave Ryle like I told you back then." Tinsley explained.

"You mean that actress Lillee I've been calling my Idol is that bitch behind your sorrows?" Brigitta gasped in disbelief.

All these days, she has always taken Lillee as an idol of hers and Tinsley knows, but Tinsley never told her that the bitch sister of hers was Lillee.

Tinsley only told Brigitta vague details behind her departure from Ryle Country compared to Rory who immediately recognized Tinsley as the girl whose topic was filled on the internet.

Tinsley began to sulk upon hearing Brigitta's words, "What did you mean sorrow? When have I ever been sorrowful?" She retorted.

Brigitta grinned wildly. "When you first arrived in Country X, did you forget how you always cry and sulk..."

"Shut up!" Tinsley yelled out angrily. "That's not me. I'm not the sorrowful one. I'm not the crying one." She retorted in anger.

Even though Tinsley was denying the truth, Brigitta chose to say NO since arguing about sorrow isn't what's on her mind currently, "Okay whatever you say goes, but you mean that person is the bitch?" She fumed in anger.

"Yes," Tinsley said and immediately moved the phone away from her ear because she knew Brigitta was going to scold her for hiding the truth from her all these days.

"Tinsley, I swear I'm going to kill you once I set my eyes on you," Brigitta yelled angrily which made Tinsley glad that she was wise enough to move the phone away from her ear.

"So you kept on watching me when I praised those stupid golden couples. You're so evil." Brigitta yelled out in annoyance and immediately cut off the call.

Tinsley pursed her lips silently. She never thought of telling Brigitta the truth because she doesn't want Brigitta to hate her favorite idols just because of her.

Brigitta admired Lillee and Conrad, so telling Brigitta everything would make Brigitta hate them.

If Brigitta chose to love Lillee and Conrad, it's fine with Tinsley since that doesn't stop her from doing whatever she wanted to, but she didn't expect that not telling Brigitta the truth would annoy her.

'Do you know the meaning of friendship?' Brigitta typed with an annoyed and sad emoji which made Tinsley sigh.

'I'm sorry. I just don't want you to hate them because of me.' Tinsley typed back and Brigitta replied with an annoyed smirk.

'Even though I hate Tinsley now, I don't hate White Tigress, she's my money breeder forever. But I'm certainly beating Tinsley up once I arrive in Ryle.'

Chapter 15: His Miniature

Chapter 15 His Miniature

Tinsley had just taken her bath when Jason rose from sleep. "Mom?" Jason called sleepily because he didn't see Tinsley at the spot where she was sleeping

"I'm here," Tinsley replied in a low voice and stretched her hand toward him to carry him.

Jason immediately climbed into her embrace and inhaled her scent. "Mom, you smell so good," Jason said while inhaling her scent. He hugged her neck and burrowed into her embrace.

"Thank you, baby," Tinsley replied while kissing his cheeks and forehead.

"Hungry?" She asked.

Jason nodded with a cute yawn, "Mmm. Mom, I want to eat my favorite meal." Jason said.

Tinsley nodded to him, "Ok. I'll tell the nanny to prepare..."

Before she could complete her words, Jason shook his head fiercely, "No. Mom, I don't want to eat what the maid prepare. Prepare it for me." Jason said

Tinsley nodded and tapped his nose playfully, "You're so

cute." She uttered which made him pout in annoyance

"Mom. I'm an adult." He chided.

"You're my baby." She replied with a teasing laughter

"Okay," Jason replied because the little him know that even if he was an adult, he was still a baby to his mom.

"So you can act cute to mom. You can also be childish whenever you want, and mom would be happy because mom likes every side of you. Want to watch TV till mom is all dressed up?" Tinsley asked and Jason nodded cutely.

Tinsley bent down and gently placed the little Jason on the ground. "Go on and watch TV. I'll be there soon." Tinsley said and Jason nodded before he scampered out of the room.

"Jason, you're up?" Rory asked and Jason nodded coldly.

He was always in his adult image in every other person's presence except his beautiful mommy.

Rory suddenly tilted her head in confusion. Why does it seem that the more she stared at Jason, the more she felt that his face and bearing resembled President Jarek? Not to talk of when Jason replied to her coldly, it felt as if he was carved out of President Jarek. The same face, coldness, eye color, etc.

Coming to this realization, Rory quickly shook her head thinking that it couldn't be possible.

The reason why she thought it wasn't possible is due to the famous rumors about Jarek, President Jarek was known to be cold to women so Rory immediately believe that she was the one thinking something stupid but still that couldn't stop her curiosity that was currently eating her system.

The more she stared at Jason, the wilder her thoughts spurn. But can Tinsley and President Jarek do that thing? Maybe it's just a coincidence and she was dreaming too much.

Why is she even thinking something this stupid? She began to chide herself. Is it because Tinsley wanted to go out with president Jarek today? Is that the reason she was thinking like this but no matter how Rory tried to stop this curiosity, she was unable to stop it.

The more her curiosity peaked, the more her hand began to type faster on her screen, and before she could stop herself, President Jarek's image was on her phone staring right at her. "Woah." Rory gasped in disbelief but she snapped out of it and immediately hit her head.

Why is she so stupid? There have always been clues. Just look at Jason, he was the perfect miniature of Jarek; it was as if Jason was carved out of Jarek. Mason and Ariel also shared Tinsley and Jarek's look. This is certainly not a coincidence.

Rory immediately clapped her hand and a sinister smile

appeared on her face. She had been thinking that there was a chance for them to be a couple but this time it seems they are already couples and bestowed children by heaven. So the operation to join them is now easy peasy. Rory thought with a grin.

Jason tilted his head and looked at Rory contemptuously. What's wrong with Auntie Rory and why is she laughing and acting so strange? Hm, women are so troublesome except his mummy.

Talking about his mummy. Jason squinted his eyes and walked toward Rory's laptop.

The Triplets had been used to Rory's laptop since when they were abroad, which made Rory filter her laptop so no adult content would appear when the kids were playing with her laptop.

Remembering his mom's flustered emotions when they were asking about that man on the billboard made little Jason worried.

And the Triplets would have checked if that man bullied their mom since yesterday if not that their phone was placed in their nanny's hands because it was their time out.

Jason immediately began to type on the laptop to search for the man's identity and soon the name of the man appeared on the screen; Jarek Lennox.

"He's not handsome. I'm more handsome and cool." Jason

paused his lips in childish jealousy. Still, that thought couldn't relieve him because the more he stared at Jarek's image the more annoyed he was.

Suddenly a silly thought flashed in his childish mind. 'What if the reason mom was smiling and acting like that is because she liked that ugly man? Mom is theirs and no one else. Well, except if their silly dad comes back from wherever he went to...'

The more Jason scrolled online looking at Jarek, the colder his face became.

He was thinking that it would be easier for him to send this man away from their mom but it seems it won't be easy like he thought because this man was not an ordinary man.

Jarek Lennox is one of the richest men in Ryan and the continent. And as if that wasn't enough, he was a descendant of one of the richest families in Ryle, the Hart Family.

And thinking about Mason's silly dream, what if that Jarek person really appeared? That person is known for being cruel and ruthless, what if he stole his beautiful mummy away from them?

Thinking like this made Jason purse his lips and tears began to well in his bright eyes.
