**Suing Lilee**

Chapter 41 Suing Lilee

Mrs. William was stunned to hear Lilee let out a curse, "Lilee, you..."

Before the stunned Mrs. William could complete her words, Lilee interrupted her, "Mom, it can't be that you'll blame me. You can see all Tinsley did to me. How many hours have I waited for her? Besides, you said I'm too soft, and I will be bullied for that... It can't be that you hate me because I expressed myself..." Lilee's voice was getting weaker at the end of the sentence as if she was about to cry.

"Nonsense." Mrs. William roared angrily. "How can I hate my baby? It's all that vixen's fault that you're like that!" Mrs. William spat out angrily, which made a sinister smirk flash on Lilee's face. Tinsley's ending is getting nearer, she swore to herself!

"I'll call her and scold her right now." Mrs. William spat out angrily, which made Lilee nod happily.

Mrs. William cut off the call to call Tinsley's number but after a few seconds, Mrs. William's expression changed to a furious one because Tinsley had blocked her number.

It couldn't be that Tinsley that bitch had the courage to block or ignore them as Lilee explained, Mrs. William thought and repeatedly dialed Tinsley's number but even after that the number never went through.

Mrs. William let out a furious swear. That Tinsley! How dare she plan such a villainous thing for them. She promised to strangle her soon.

Mrs. William was stumped on what steps to take since she had promised Lilee to call Tinsley already.

---

Rory was now filled with anxiety over the details since Tinsley kept being dramatic and refused to talk.

"Shoot already, President Jarek's wife." Rory teased Tinsley which made Tinsley's smiling expression change to an unhappy one.

She couldn't help remembering that time that Jarek had stared a hole at her all because she accepted Rylee's invitation. She just hoped to never cross him until she leaves Ryle, but she doesn't understand why her heart was pained because of that thought.

"What the hell are you talking about?" Tinsley scolds Rory unhappily. "What President Jarek's wife? He has a girlfriend." Tinsley retorted unhappily.

"Who cares? I belong to the team, we are men snatchers." Rory said, which made Tinsley laugh.

"Definitely not a man like President Jarek or your Onyx," Tinsley replied grimly.

"Alright. Alright. Now shoot!" Rory bangs the table hard in frustration, which makes Tinsley stop teasing her.

"Where do I start?" Tinsley placed her palm on her elbow lazily.

"From the night you received a call," Rory replied straightforwardly.

"Okay, I promised Mrs. William to come over even when I knew I wasn't going to be there was me scheming at them," Tinsley explained, which made Rory stare at her.

"How?" Rory tilted her head in disbelief.

"I wanted to refuse initially, but she tried to threaten me into being docile with them, so that's the plan. Lilee doesn't eat bitter or sour foods like that so imagine how annoyed she would be and the William's family especially when I refused to go over after pushing the time." Tinsley grinned wildly.

"Lilee may even go out due to that and use that timing to celebrate her role which was exactly what I was targeting. By going out, she will boast about her role which is fake and is considered slander to J Empire and Taming her. Now, she will be paying at least 400 million for her actions; Jarek will be suing her soon." Tinsley revealed, which made Rory gasp in shock and disbelief.

"You devilish woman!" Rory exclaimed. "I actually believed that you'd be casting Lilee. It turns out that you writers are the most wicked. Look at the way you just plotted someone's end with an innocent look. No one will even relate that to you except the William's family. They don't have evidence!" Rory teased Tinsley, but she was grinning wildly, satisfied to the bone.

"I never expected Lilee to stay at the venue late, but she's there and that's good. That's another piece of evidence that would show how muddled she is; White Tigress would never give out a wrong address. And calling me, I have solved that?" Tinsley expresses again which had Rory clapping.

"You know... Mrs. William promised to prepare my favorite. How happy would Lilee be once she saw that dreaded food? Ha ha ha." Tinsley laughed loudly, enjoying her scheming.

Rory nodded her head in approval, "Lilee will be getting a deep blow; an emotional and reputational blow. You know what? I love you, baby..."

The door was knocked before Rory could complete her words.

"I'll be back. I'll go get the door." Rory stood up and immediately left for the door.

Rory opened the door to see Onyx standing in front of her which made her blush red, "Hi..." She stuttered flusteredly.

"Can I see you?" Onyx asked softly and Rory nodded before she stepped out of the room.

---

After so much battling with herself, Mrs. William decided to tell Lilee the truth, "Lilee, I couldn't get a hold of Tinsley. It seems she blocked me also."

Lilee frowned but decided to use that to fan the flames, "Does that mean Tinsley lied and tricked Mom?" Lilee said in a demure tone that made Mrs. William angry.

"That damned vixen!" Mrs. William fumed in anger.

After a few minutes, Lilee says in a soft and sad voice, "I'm coming home."

"Drive carefully." Mrs. William said in a sad tone which shows how hurt she was for giving Lilee hope.

"Drive home." Lilee sighed and looked outside through the window and mistakenly saw the security smirking at her mockingly which annoyed her to the core and made her shut the window.

Lilee brought out her phone and began to scroll through social media.

A faint smile was on Lilee's face as she went through the post of fans who were happy for her for being chosen as Taming Her female role. She was happily basking in an illusion.

The smile on Lilee's face soon disappeared when she came across the Taming Her social media page

There were behind-the-scenes images of Aldean and Rylee on their photo shoot for the upcoming release of Taming Her, and it had sent everyone on social media into an uproar.

Lilee began to scroll through the pictures and there were many pictures of Tinsley in a mask, Director Martins, Aldean, and Rylee with a tag that says the crew was out for photoshoots.

Lilee was shocked to see that Tinsley had tricked her. Tinsley is really capable of tricking her and their mother. When the hell did she have the courage?

After Lilee scrolled through the pictures, she began to go through the comments and her mood fell completely.

'So actress L had been misleading us and spreading fake news all day. Where's the Taming Her cast? You need to sue her. A sue petition, J Empire.'

'It was quite suspicious from the beginning. No one posted Actress Lilee, Actress Lilee posted herself. It seems she's getting muddled or is it due to her upcoming wedding that she became daring?'

'Ah. Ah. I saw her in a venue today, she said she was waiting for White Tigress's assistant to pick her up. Even the security was tired of sending her away. She was only popular because she's one of the golden couple and model, who knows her as an actress?'

Lilee clenched her fist in anger as she read through all the comments. It was all that Tinsley's fault. Tinsley had to pay.
