

Chapter 3

"What's going on?" Lyu Zijun was speechless and asked patiently.

Li Yu originally wanted to make him a meal to thank Lyu Zijun for taking her in. However, because it was the first time for him to cook, he not only cut off his fingers, but also hurt his head.

This time, he had to endure his accusation. All of a sudden, all the grievances came to him. His almond eyes became more and more foggy, and the bean-sized teardrops began to fall.

"Hey, why are you crying? I just want to figure out the situation..."

Whether on the earth or in the alien world, Lyu Zijun did not have the experience of coaxing girls, which made him panicked.

"It's all because of you, it's all because of you, it's all because of you! I want to cook for you, you... you're blaming me as soon as I came up. I, I've never cooked for anyone..."

At this time, Lyu Zijun understood that it was not a murder scene.

With a helpless sigh, Lyu Zijun hurriedly sent Li Yu

into the room.

Li Yu cried for a while because of the wound on her head. She was indeed a little tired and upset, so she simply didn't want to lie on the bed.

When he returned to the kitchen, Lyu Zijun waved his hand, and the kitchen was instantly cleaned up.

It was late in the night. Lyu Zijun looked out of the window and found that he couldn't even see the stars.

It seemed that the spiritual power of the earth was still very thin.

Just as Lyu Zijun was about to go back to his room, he thought of the wound on Li Yu's head. Li Yu's head had been scratched so hard that it would be difficult for her hair to grow up for a while. Such a beautiful girl, if she became bald, she would probably feel uncomfortable.

When she came to the next door, Li Yu slept soundly. However, her pillow was wet and her eyes were still red and swollen.

She must have cried for a long time when he went out.

"You're lucky." A Youth-retaining Elixir appeared in Lyu Zijun's hand. It was a treasure that the fairies fought for in the Immortal Realm, let alone on the earth.

If he really wanted to sell it, even if it was tens of

millions of yuan, there would be someone who wanted to buy more than 100 million yuan.

Lyu Zijun flicked his finger and the pill fell into Li Yu's mouth.

The pill melted the moment it entered Li Yu's mouth and turned into a medicinal effect, which surged into Li Yu's whole body.

Lyu Zijun checked Li Yu's wound again. Li Yu's wound would heal at most tomorrow, but he had to do it again.

When he gently put his hand on Li Yu's head, Li Yu's wound healed at a speed visible to the naked eye.

It didn't take long for him to fully recover.

Lyu Zijun smiled and turned back to his room.

Early morning!

Li Yu opened her eyes. After sitting for a long time, she still took out her mobile phone.

"Mom, I want to come back." After Li Yu finished speaking, she hung up the phone.

She subconsciously touched her injured part with her left hand which had been cut by the knife.

"Eh?"

"How come the bandage on my hand is gone?"

How could the wound on his head disappear?

She jumped up and came to the mirror.

"This..." Looking at herself who was as smooth as a baby's skin in the mirror, Li Yu poked her face in disbelief.

It was so soft that it could be easily broken by the wind.

"Ah—" Li Yu didn't know if she was excited or crazy.

Lyu Zijun walked out with a dark face and saw the crazy woman pinching his face.

"What are you doing?"

"Am I dreaming?" Li Yu asked.

"Are you sure you don't want to put on your clothes before you talk to me?" Lyu Zijun asked.

Li Yu looked down and screamed again. Her face was full of shyness.

Ten minutes later.

Li Yu put on her clothes and sat in front of Lyu Zijun. Then she looked at the noodles in front of her.

"You did it?"

"Alright!" Su Mo nodded and said, "I

"Did you really do it?"

"I'm going to eat noodles!" Lyu Zijun raised his head coldly, and Li Yu was so scared that she quickly bowed her head.

After eating a few mouthfuls, Li Yu raised her head pitifully again and said, "How... how can I repay you?"

Lyuzi-kun didn't bother to pay attention to him and continued to eat noodles.

"Don't you ask for a return?"

Lyu Zijun paused and put his chopsticks on the table. Such a cold posture scared Li Yu so much that she trembled.

"You have money?"

"Er? What do you mean?" Li Yu was a little confused.

"Literally."

"Oh, then I'll go and have a look." Li Yu ran back to the room and said, "That's... that's all... I can't afford to pay the rent..."

"Give it to me!"

"Ah?" Li Yu's hand tightened.

"Shouldn't it be right for me to give you money when I treat your illness?" Lyu Zijun said coldly.

"Oh." Li Yu was very dumbfounded and handed it over.

"How much is the cheapest cell phone?" Lyu Zijun suddenly asked again.

"Ahem..." Li Yu almost choked and asked in

surprise, "You don't have a mobile phone?"

"Yes."

Li Yu's face turned a little red again. "If you don't have money to buy a mobile phone, you can use it."

"This is a new number. I've only changed it."

Looking at the pink mobile phone handed over, Lyu Zijun instinctively wanted to refuse.

But after thinking for a while, he finally accepted it and said, "I'll take it as rent."

"I'll go out for a while, and you pack up."

"Well..."

"Is there anything else?"

"Can you give me a hundred yuan?" Li Yuchu pitifully stretched out her delicate fingers.

She remembered that she had no money at all. She didn't even have money to buy a bottle of water when she went out.

After thinking for a while, Lyu Zijun still gave her 100 yuan. Li Yu thought happily that she won the big prize.

Lyu Zijin went out to find the medicinal materials to stabilize his injury.

Although the medicinal properties of the earth's medicinal materials were very poor, Lyu Zijun could use

the secret method to extract. It was also possible for him to refine more.

Of course, medicinal materials were the easiest to find in the medicinal material market.

Lyu Zijun took a taxi and came here. Looking at the past high school, he sighed.

"Lyu Zijun?"

Just as he was in a daze, a surprised cry interrupted his train of thought.

He turned around and saw a man, who was about 1.8 meters tall, walking over.

"It's really you." The man approached, then excitedly held Lyu Zihuan, and punched on Lyu Zijun's chest.

"Liu Dong?" Lyu Zijun's tone was finally no longer calm, and there were some fluctuations.

Liu Dong was Lyu Zijun's sworn buddy. When he was in high school, he was also in the same class. The relationship between the two was very good.

Back then, Lyu Zijun had brought his sister to his house to have a good meal.

The Liu family had helped them a lot.

"I thought you were dead." Liu Dong was excited and complaining, "You left your sister alone and disappeared. You..."

Lyu Zijun took Liu Dong's angry punch.

Liu Dong sighed. He was very clear about Lyu Zijun's temper. If it weren't for his difficulties, how could he have left for eight years?

"What about Rourou after I leave?"

Liu Dong sighed again and said, "When Rou learned that you were missing, she cried so hard that she cried to death. She cried that she wanted to find you, but she couldn't persuade you."

Hearing this, Lyu Zijun felt even more guilty.

"Zhang Yunjin said that Rourou was adopted by a rich businessman?"

When it came to Zhang Yunjin, the anger in Liu Dong's eyes was obvious.

"He is right. Rourou was taken away by an old man. The old man is very upright, and he also helped the neighbors to take back the demolition compensation. And Rourou herself didn't resist. At that time, something happened to my family, otherwise, it was impossible for him to take Rourou away." Liu Dong was also very guilty in his heart.

"Take back the demolition payment? Isn't the demolition payment supposed to belong to us?" Lyu Zijun realized that it might not be what Zhang Yunjin had said.

"Alas, you don't know. This guy surnamed Zhang is

not a good thing. He bullied the neighbors because he had some money. They refused to pay for the demolition, so many people didn't agree to move. As a result, they found a group of gangsters and harassed everyone every day. We were all ordinary people, and we had never seen such a scene before. In the end, we had to compromise. Later, the old man appeared and we didn't know what he did to make the Zhang family spit out the compensation that should belong to everyone."

A cold light flashed in Lyu Zijun's eyes.

The only purpose for him to return to the earth was to find his sister who had been abandoned by him.

He didn't expect such a big change to have happened to the people around him.

And what was the motive of that old man's sudden appearance and taking away his sister?

Regardless of Liu Dong's description, the old man should still be a decent man. Presumably, his sister should not be in danger for the time being.
