

# I HELP A NPC BECOME THE LEGENDARY WITCH

## Chapter 3

A Village Girl Won't Become a Legendary Witch

I think I used a bit... too much strength?

Looking at Vivian who had fainted next to him, Liao Zixuan scratched his head in a very human-like manner with his front claws.

Sigh...

Life wasn't easy.

The wolf sighed.

The sun had already set long ago, and the night soon enveloped the forest. From the looks of it, this frightened little girl of his would probably not wake up anytime soon.

Helplessly, Liao Zixuan could only start making preparations for spending the night at that very spot.

There was completely no need to worry about being attacked by monsters.

This was because his large-scale Void Ignition had already turned all the monsters within a few-kilometer radius into roasted meat.

That left the high-level magical beasts who had some ability. But after sensing the aura and ripples of magic emitted by him, those who had some common sense would run away quickly and not dare to get close at all.

In other words, after the few minutes that happened a moment ago, this spot that the girl was occupying had become an absolute forbidden zone to the forest monsters.

Guaranteeing that no monsters would harass them was only the first step. Liao Zixuan also had to consider the girl's weakly body.

It had only been a short while since nightfall when the unconscious little girl began to shiver all over. The sudden drop in temperature at night was surely not something her shriveled little body could withstand.

At first, Liao Zixuan even tried to pick up tree branches to make a fire, but later on, he realized that doing this was really too inefficient.

So...

Boom!

Boom!

The surrounding old trees that looked like they had been around for hundreds of years were mercilessly lit up by Liao Zixuan. The ancient trees that burned with raging flames fell with a loud bang, smashing into the ground and sending up clouds of dust.

The temperature brought about by burning a few branches and burning a few ancient trees was absolutely different.

It was very effective!

Wave after wave of heat washed over them and the little girl on the ground immediately stopped trembling. She even unconsciously frowned. Her mouth opened slightly as if she was about to be awakened by the heat.

At this point, something must be clarified. The saying “arson will be met with the full force of the law” didn’t apply to Liao Zixuan. As a Dark Flame Wolf, control over the fire element was his forte.

Thus, even though it seemed as if a huge fire had erupted here, if one were to look from a high altitude, one would discover that all the flames seemed to be restrained by an invisible barrier. They were confined to one area and did not show any signs of spreading.

After doing all of this, Liao Zixuan nodded with satisfaction. Then, he leaned his body against the young woman’s side and started to organize the gains from the battle.

[Your Summoned Beast killed the Red Winged Beast and gained 3 EXP.]

[Your Summoned Beast killed the Green-skinned Snake and gained 5 EXP.]

[Your Summoned Beast killed...]

The game interface, the biggest cheat key in all the otherworldly game novels, was also brought to Liao Zixuan.

No, to be precise, it should be that it was brought to him, but not completely so.

This was because Liao Zixuan had sadly discovered a fact.

That was, he was just a Summoned Beast that didn’t deserve to have his own game interface. Therefore, the person who had the game system wasn’t him but Vivian, the silly girl beside him!

From the fact that the subject in the battle record was “you”, it could be seen that this village girl was the main player, while he, Liao Zixuan, as a Summoned Beast, could only be second to her.

Fortunately, because the girl was native to this world, she could not use or sense the game system.

As a result, Liao Zixuan indirectly became the only user of the system. To put it simply, he could control both his and the girl’s interface.

Alas...

Although he was depressed, Liao Zixuan also understood that this was actually a good thing.

After all...

[Do you want to invest all 103 experience points to become a Summoner?]

Without hesitation, Liao Zixuan chose the “yes” button and used all the EXP he had earned from his earlier manic killing on the girl.

This was not because he was very generous, but purely because this bit of EXP was completely insignificant for a dignified “Dark Flame Wolf” like himself, so he might as well increase the girl’s strength first.

Soon, two streaks of white light flashed across Vivian’s body.

[Congratulations, you have leveled up. Your main Class, “Summoner”, has been upgraded to Level 3.]

[Your total level has increased to Level 7. Current attribute points available: 2]

[Would you like to proceed with attribute allocation?]

Indeed...

This native girl, Vivian, had also obtained the game system. This meant that she now possessed the ability to level up abnormally fast, far surpassing the natives of this world and becoming like a game player in that she would face no level up bottlenecks.

At the same time, she also had a special privilege that players did not have, which was that... her level would not have a locked upper limit because of the game version!

Thinking of this, Liao Zixuan couldn't help but roar toward the sky.

The girl was a proud daughter of heaven, a daughter of destiny!

With a gaze full of hidden bitterness, he looked at the still unconscious country girl that had come from an unknown small village.

A dark thought slowly formed in Liao Zixuan's heart!

He! He was going to nurture this pure and innocent village girl before him into an ultimate Witch that could make the entire world tremble in fear!

Liao Zixuan was extremely excited at the thought of being able to corrupt a pure being slowly into becoming the Queen of Darkness!

It was a happy decision!

Therefore, Liao Zixuan chose to invest all the attribute points that Vivian had gotten from leveling up into Element Affinity!

A Witch had to have magic as a strength. All other attributes geared for brawn such as Strength, Agility and Physique should make way!

While Liao Zixuan was recklessly carrying out his Witch Cultivation Plan modifying the young girl's body...

Vivian seemed to sense it as well.

The little girl, who had turned from unconscious to asleep, turned over and subconsciously brought Liao Zixuan, who had been playing excitedly beside her, into her arms as if she was hugging a pillow.

Logically, this should be a very enjoyable segment...

But in reality...

Uncomfortable...

So uncomfortable!

This was too ridiculously uncomfortable!

The little wolf in the girl's arms, Liao Zixuan, showed a very human-like struggling expression.

His wolf legs kept twitching. The reason was very simple. There was no f\*cking meat at all. They were all hard bones! Bones!

No! No!

At this moment, Liao Zixuan realized that he'd made a serious mistake and he had overlooked a very important problem!

That was to say, before he started his Witch Cultivation Plan, he had another urgent matter to attend to!

That is...

For this skinny, shriveled, silly girl...

To put some! meat on! her bones!

After all, she was going to become the Great Witch in the future. If news of this got out, it would be embarrassing!
