

The Lord 1651

Chapter 1651 Dragon Person

Hearing the Goddesses' words, the other spectators looked at Zhao Fu. Sensing his Harmony Realm Cultivation, they all looked disdainful and condescending, and some people even started to mock him.

“Hahaha, I'm going to laugh to death. If he can really beat the top ten geniuses, I'm willing to eat crap.”

“That's so funny, you sure know how to boast!”

“He wants to challenge the top ten geniuses? Let alone winning, even blocking a few attacks from them would be impressive. If he's not careful, he might be casually insta-killed by those geniuses.”

“Alright, alright, it's just some people fantasising. Can't you tell? That boy has a group of women and is evidently the young master of some faction; those women are just flattering him.”

Hearing these words, the Goddesses all looked quite displeased and were about to attack those people. They had been intimate with Zhao Fu and naturally knew how terrifying the powers within his body were.

However, Zhao Fu stopped them because he did not want to expose himself yet. He would only act after the top ten geniuses had gathered a large number of points; there was no need to prove anything to these people.

Following this, Zhao Fu took his group and left.

The two geniuses were not using their full strength and would not fight for long; there was no need to continue watching.

Boom!

The Three-Headed Ogre and Iron Mountain Orc clashed together with great power, unleashing a massive shockwave that sent them both flying back.

They looked at each other coldly and did not attack again. Just as Zhao Fu expected, they turned into two rays of light and separated, and the people who had been waiting to see who would win could only disappointedly leave.

A day later, Zhao Fu and his group walked out from a historical remnant after having obtained some decent gains. The only disappointing thing was that this historical remnant was a Minotaur historical remnant and contained items containing immense Minotaur power, but it was useless for Zhao Fu as he already had a Minotaur totem and could not awaken another one.

Boom!

A massive explosion sounded out, and hearing this, Zhao Fu thought to himself before bringing his group to take a look.

Within a hidden valley, there were two people fighting incredibly intensely, sending out terrifying shockwaves. Because this area was quite remote, no one else had come; if it wasn't for the fact that Zhao Fu and his group had been exploring a historical remnant nearby, they would not have found this place.

The two people fighting were both women. One was an Elf with long, silver hair and silver eyes. She had a tall and slim figure and wore silver robes, and she was quite beautiful. She was a famous beauty in the Outlander Domain, and she was the Silver Moon Empire's Princess from before.

The other woman was a Dragon person. She had long, violet hair and a pair of violet dragon's horns. She had a seductive figure and had perfect looks, and she was dressed in armor. She had a violet dragon tail and gave off a heroic aura. She was most likely also a famous beauty within the Outlander Domain.

The two of them came from different factions, both of which were powerful Empires. They had prestigious identities, and both of them were geniuses who had awakened three-colored light. They had immense talent and were existences ordinary people could not even dream of coming into contact with.

Zhao Fu did not know why they were fighting, but they definitely had good things on them. Zhao Fu was quite interested in the Dragon person, as he might be able to obtain powerful Dragon person treasures from her and awaken a Dragon person totem.

Both of the women were using their full strength, and since Zhao Fu was not in a hurry, he decided to hide by the side with the others and reap the benefits at the end.

The people on the viewing platform knew Zhao Fu's character well by now. Seeing him hide by the side, and given that the two people fighting were both famous beauties, none of them could accept this. If they were ordinary women or ones who were not famous, they would feel admiration or envy, but they all knew that these two women were peerless beauties who they were interested in.

Countless people were in love with them and would be willing to do anything for them. They would not hesitate to go through water and tread on fire for them just to receive their attention.

If these two Princesses were defiled by Zhao Fu, that beast, they would want to even die. As such, all of the men now opposed Zhao Fu and wanted him to quickly die so that the thing they were worried about would not happen.

Everyone angrily cursed at Zhao Fu, who was hiding by the side. This fellow had already defiled so many women and was a perverted animal. How come he had not received divine punishment yet?

Everyone started to feel nervous and hoped that that thing would not happen and that the two Princesses would leave that place, discover Zhao Fu and his group, or stop fighting.

It would be best if some powerful person powerfully descended and killed Zhao Fu, that bastard; only then would they be at ease.

Within the secret realm, the two Princesses intensely fought and did not notice Zhao Fu and his group hiding, and they did not know that immense danger was creeping on them.

Boom! Boom! Boom...

The Dragon Princess held a dragon-shaped spear and was incredibly domineering as she attacked, sending out terrifying violet spear lights that seemed to be able to pierce through everything as they stabbed towards the Elf Princess.

Shing, shing, shing...

The Elf Princess looked as if she was dancing a beautiful dance, and soft-looking sword lights shot out, filling the area around her and making it look like a sea of silver sword light, giving off an incredibly sharp sword aura.

The Dragon Princess rushed forwards with the countless spear lights, while the Elf Princess did not show any weakness and rushed towards the Dragon Princess with her sharp sword light sea.

Boom!

A shocking explosion sounded out as the two extremely terrifying powers collided, resulting in an almighty explosion. A terrifying shockwave spread out, causing parts of the valley to collapse.

A massive crater that was thousands of meters wide appeared in the ground, and everything within that radius had been annihilated, creating a shocking scene.

The two women were blasted back and crashed onto the ground, with a trace of blood leaking out of their lips.

The Dragon Princess wiped away the blood at her mouth and looked at the Elf Princess as she smiled and said, “Yin Yue, your power has greatly increased; I thought that I would be able to easily beat you this time.”

The Elf Princess also wiped away the blood at her mouth and said calmly, “Long Yue, I never thought that your strength would increase so quickly either. I also thought I’d be able to defeat you, but I still failed.”

Chapter 1652 Dragon Person Crystal

The Dragon Princess gave a trace of a self-mocking smile and said, “We both always thought that we could defeat the other person, but how many times have we tried now? Looks like it’ll be difficult to ever settle victory or defeat. Yin Yue, how about you let me win once?”

The Elf Princess said coldly, “What’s the point in a victory like that? It’s better to greatly raise your strength; perhaps then you’ll have a trace of hope.”

“Hahaha, how about we have another match then?” the Dragon Princess valiantly laughed as she got up.

The Elf Princess replied coldly, “I was thinking the same thing. However, we should delay this; someone has been hiding nearby for a while.”

The Dragon Princess was somewhat surprised and smiled as she said, “I want to see what kind of lowlife it is, to spy on us.”

Boom!

Right after the Dragon Princess stopped speaking, she exploded out with a powerful dragon’s might, and she held her spear as she rushed towards where Zhao Fu was hiding.

Zhao Fu revealed himself; there was no need to continue hiding. Because the shockwave from just then was too powerful and Zhao Fu had used his power to block it, he had been discovered.

If he did not block, he would be injured and would be discovered regardless, so he might as well defend himself.

Seeing the Dragon Princess rushing at him, Zhao Fu did not mind too much. Because of the two Princesses’ battle, they had used up nearly 80% of their strength, and there was nothing to worry about.

By now, the Dragon Princess was within ten meters of Zhao Fu and her dragon spear gave off cold light as she domineeringly smiled and prepared to attack Zhao Fu.

Facing the Dragon Princess, Zhao Fu gave a trace of a cold smile and large amounts of power flowed into his left eye. The violet dragon pupil suddenly dilated, causing a beam of violet light to shoot out.

The Dragon Princess’ body stiffened and her expression fell as she felt an immense might suppressing her bloodline. This caused her to feel shocked – after all, even though it was not a peak level Imperial Bloodline, it was very close to that.

Even peak level Imperial Bloodlines could not suppress her bloodline like that, but facing that violet dragon pupil, her searing blood seemed to instantly cool, and she felt a trace of fear in her heart.

It was possible that this person had the highest level of the Dragon Race's bloodline, or else she would not feel such fear.

Was this an Emperor from the Dragon Race in human form? Perhaps even ordinary Dragon Emperors would not have such great power.

The Dragon Princess still did not understand what was going on when the golden pupil in Zhao Fu's right eye started to quickly spin, and she immediately felt a wave of danger.

Clang, clang, clang...

Chains containing ferocious power shot out from the sides, and the Dragon Princess struggled for a bit before being bound up.

The Dragon Princess was shocked, immediately thought of the Elf Princess, and turned as she shouted, "Yin Yue, hurry up and leave this place!"

Seeing the Dragon Princess being bound, the Elf Princess felt quite shocked and thought about immediately leaving. However, she hesitated, as she was worried about the Dragon Princess' safety.

Clang, clang, clang...

As she hesitated, more chains shot through the air and quickly bound her up.

"Let her go, take it all out on me," the Dragon Princess said as she angrily glared at Zhao Fu.

Zhao Fu laughed as he said, "If you have any powerful Dragon person treasures and satisfy me, I can consider sparing you two."

The Dragon Princess felt quite surprised and had thought that Zhao Fu would want points. She thought about it before saying, "Let me go, so I can take out a Dragon Person Crystal."

Zhao Fu shook his head and smiled as he said, "I'll do it myself. What if you run off?"

The Dragon Princess dissatisfiedly harrumphed, “Do you think I’m a lowlife like you? That’s an insult.”

Zhao Fu did not reply, and took her spatial ring. Within it, he found a fist-sized violet crystal that had a Dragon person image within it and gave off a powerful dragon’s might.

Sensing that Dragon Person Crystal’s power, which was extremely powerful and pure, it would definitely help him awaken a Dragon person totem.

Zhao Fu gave a trace of a smile and accepted the Dragon Person Crystal.

“Can you release us now? Also, give me back my spatial ring,” the Dragon Princess said dissatisfiedly.

Zhao Fu lightly laughed, “Let you go? Did I say I would do that?”

The Dragon Princess angrily shouted, “You clearly promised that you’d spare us after I gave you a Dragon person treasure.”

Zhao Fu shamelessly laughed as he said, “I said I’d consider it, but I never said I’d definitely do it.”

“You bastard, I’m going to kill you!” the Dragon Princess felt that she had been tricked and furiously yelled.

The Elf Princess quickly spoke, “Long Yue, hurry and leave the secret realm; don’t worry about those points. This person is not a good person, so we should leave first.”

Hearing this, the Dragon Princess savagely glared at Zhao Fu. If it wasn’t for the fact that she had used up so much strength already, she would not have been caught by him so easily. Moreover, she had been careless and had thought that Zhao Fu was a mere Harmony Realm Cultivator she could deal with easily.

Now, she could only choose to leave the secret realm, making her heart ache. She had killed countless creatures to obtain these points, and now she was going to lose one-third of them.

However, only then would she be able to escape; she would deal with Zhao Fu after coming back to the secret realm and take out her anger on him.

After making this decision, the Dragon Princess immediately chose to leave the secret realm.

Boom!

A massive power flowed into the women's bodies through the chains, restricting their bodies and making it so that they could not leave the secret realm.

The two women's expressions became unsightly, while Zhao Fu laughed and waved his hand, causing a black energy barrier to spread out.

"You perverted bastard, I'm going to kill you!" thinking about how these two Princesses were going to be defiled right in front of them too, the men felt as if their hearts were being cut apart and they furiously yelled out.

The spectating women also felt incredibly angry. These two Princesses were people who they admired and adored, and they could not accept them being ravaged by this perverted bandit. They felt so bad that they wanted to die, and they were filled with hatred towards Zhao Fu.

Everyone could only helplessly stare at the black barrier. They were not within the secret realm so they could not do anything about it, and they could not enter either.

The people from the two Empires fell into fury. How could anyone accept the humiliation of their Princesses being defiled in front of everyone?

The higher-beings from the Empires came out and wanted to enter the secret realm to prevent this, but they were unable to force their way in.

Chapter 1653 Dragon Person Totem

"This Emperor wants all of that person's information, to destroy everyone related to him, and to shatter him into a million pieces and obliterate his soul," a cold-looking middle-aged Dragon person furiously shouted, causing the surrounding temperature to plummet.

Seeing that his daughter was going to be ravaged by that beast, the middle-aged Dragon person was extremely furious. He gave off dense killing intent, and indeed, no one would be able to accept such a thing. If it wasn't for the secret realm being inaccessible, he would have gone to turn Zhao Fu to dust immediately.

The other Dragon people all started to act, looking for any information about Zhao Fu. They were all extremely furious that this person would dare to do such a thing to their Princess, and he was now the person they wanted to kill the most. Anyone related to Zhao Fu would also die, or else they would not be able to relieve their anger.

“Find out everything about this person!” a handsome middle-aged Elf with long, silver hair said with a cold expression to the Elves beside him.

Everyone could tell that this Elf was extremely angry because he was the Elf Princess' father. Seeing his beloved daughter about to be defiled, he felt as if his heart was going to be torn apart and felt immense pain.

He wanted to kill Zhao Fu and destroy everything connected to him in order to relieve his hatred.

He wanted to see just what kind of person Zhao Fu was, to dare to defile the Princesses of two of the most powerful Empires. No matter who he was, he had to pay the price for this.

Soon, many others on the viewing platforms heard about the Outlander Domain's two famous Princesses being defiled by a perverted bastard. They felt angry and curious and started to spectate Zhao Fu, making Zhao Fu as famous as the top ten geniuses.

Some people hated Zhao Fu to their bones, cursing at him and calling him a perverted bandit and a bastard. Dying 100 times would not be enough to pay for the crimes he had committed, and they wanted to capture him and make him suffer a fate worse than death.

Some people wondered just who Zhao Fu was for him to have the confidence to do such a thing. He would not even know how he had died after leaving the secret realm, and everything related to him would also be destroyed.

Some people could not help but feel admiration and envy towards Zhao Fu. These two Princesses were far above everyone, and their identities and talents were incomparable. They had no chance of even coming into contact with these two Princesses, and thinking about how Zhao Fu was going to ravage them, they could not help but feel a bit excited.

It was a pity that there was the black energy barrier and no one could see what was going on inside.

Some people hoped that even though they couldn't see anything, it would at least be like the first time, allowing them to hear the two Princesses' lewd voices.

Now, almost everyone knew that a shameless perverted bandit had appeared in the secret realm, who used all kinds of tricks to play with women. He was worse than a beast and was absolute scum.

Zhao Fu did not know about any of this and continuously ravaged the two Princesses within the black energy barrier, while the two Princesses lewdly responded.

The Dragon Princess looked at the strengthless Elf Princess lying on the ground and gave a happy smile as she did it with Zhao Fu and said, "Yin Yue, you've lost this time!"

The Elf Princess' face was red and she looked at the Dragon Princess with displeasure; the Dragon people's constitution was much stronger than most people's when it came to these matters.

However, facing the even more terrifying Zhao Fu, the Dragon Princess soon crumpled to the ground.

By now, the Elf Princess had regained some of her strength, and she leapt into Zhao Fu's embrace and started to do it with Zhao Fu again as she gave a beautiful smile and said, "Long Yue, I think it's you who has lost."

The Dragon Princess rested for a short while before leaping into Zhao Fu's embrace again. In the end, the two of them collapsed to the ground, unable to move at all as they panted with red faces.

Zhao Fu hugged the two Princesses and smiled as he said, "You two are the best; not only are you peerlessly beautiful, but you're also so lewd and have so much stamina."

The Dragon Princess glared at Zhao Fu and said, "It's all your fault; who knew that being ravaged by you would feel so good. However, since you dared to do this to us, you're doomed. Do you know who we are?"

Zhao Fu lightly laughed as he replied, “No, but you’re both most likely from prestigious backgrounds. Nevertheless, I’m not afraid.”

The Dragon Princess rolled her eyes, “I knew things would turn out like this; there aren’t many people who would dare to violate us. Are you some terrifying Emperor from the Dragon Race? And not an ordinary one at that either, right?”

Zhao Fu laughed, “I’ll tell you in the future!”

The Dragon Princess angrily hit Zhao Fu’s chest a few times and said, “We’re already yours, so why are you still hiding things from us?”

The Elf Princess said gently, “Now that things have become like this, husband, you need to take responsibility and ask for our hands in marriage.

“I’m sure that news about this has spread outside and many people want to kill you. The people on the viewing platforms most likely know that we’ve both been violated by you, and our Empire’s people will want to kill you. Only by marrying us will you be able to solve this.”

Zhao Fu lightly nodded and said, “I understand, don’t worry.”

The Elf Princess gave a trace of a smile as she nodded. “I believe that you’ll take care of this, husband.”

After the Princesses had regained some of their strength, Zhao Fu had them put on clothes and he started to refine the Dragon Person Crystal.

The Dragon Person Crystal gave off intense violet light and slowly fused into Zhao Fu’s body, and a massive wave of Dragon energy spread throughout Zhao Fu’s body.

Perhaps it was because Zhao Fu had the Billion Sovereign Dragon Imperial Bloodline and the Dragon Emperor Star, but he was able to easily refine the Dragon Person Crystal. The crystal dissipated and the trace of remnant soul within it was fused into Zhao Fu’s body.

This caused a few small dragon scales to grow on Zhao Fu’s body, and he felt a pain on his back as a violet Dragon person totem appeared on his back.

Now, he was only four totems away from having all 34 Outlander totems.

Seeing the dense totems on Zhao Fu's back, the two women looked incredibly shocked; they had never seen or heard of such a thing before.

The Dragon Princess stared at Zhao Fu as she asked, "Just who are you, you bad guy? Surely you're not as simple as just a Dragon Emperor. How could you have so many totems of our Outlander Race?"

Zhao Fu lightly laughed, "You'll know in the future."

Seeing that Zhao Fu was not going to say, the Dragon Princess angrily leapt into his embrace and hit him a few times.

The Elf Princess lightly laughed and also leaned against Zhao Fu.

Chapter 1654 Halfling

The black barrier disappeared and everyone finally saw the scene within. What shocked everyone was that not only had the two Princesses' airs greatly changed, becoming quite enticing, but they also sweetly lay within Zhao Fu's embrace.

Had the two Princesses acknowledged that perverted bandit? Had they been successfully subdued by that perverted bandit? That was much too unbelievable; how could that happen?

That perverted bandit must have used some kind of lewd Art or technique to control these two Princesses; that was why they were acting like that.

The people from the two Empires were quite shocked. They had been incredibly furious and worried for the two Princesses and wanted to kill Zhao Fu and anyone connected to him. However, it seemed that things were the opposite of what they were expecting. Seeing how happy their Princesses looked, they did not know what to do.

This caused more people to investigate Zhao Fu's identity, as they were curious about who he was and what kind of person he was.

Zhao Fu led his group to find more historical remnants; he was only lacking four totems now.

Boom! Boom! Boom...

Explosions sounded out from the depths of the secret realm as more and more battles erupted. Various geniuses started to compete with each other, and Zhao Fu and his group soon ran into a pair of geniuses who had awakened three-colored lights.

This place was not very remote and after sensing the ripples, many people hurried over. The people fighting were a Bear person and a Wolf person.

Zhao Fu led his group there, and seeing them, the crowd cried out as they recognized the two peerless beauties in Zhao Fu's embrace. They knew who these two women were, and they had never thought that they would rest in the embrace of a man.

"Fudge, who is that guy? How can he be hugging two famous Princesses? I envy him so much!"

"Goddamn, not only does he have them in his embrace, but there are also four other women following behind him and they're giving off godly spirit auras. Those four women are godly spirits; that guy is showing off way too much."

"My heart hurts so much. I never knew that the two Princesses had a man already, and seeing how red their faces are and the enticing airs they're giving off, perhaps they're not virgins anymore. I feel like my heart is going to shatter."

"That guy wearing the cloak looks very ordinary; how can he have these two Princesses and four Goddesses? If it wasn't for the fact that I can't beat the two Princesses, I would want to teach that bastard a lesson."

The people in the secret realm did not know what was going on, as they could not spectate like the people on the viewing platforms.

Zhao Fu did not pay any mind to the two people fighting, as he already had a Bear person totem and Wolf person totem.

Zhao Fu looked around and saw a Halfling watching on from a distance.

The Halfling was shorter than most Dwarves, and he looked like a little child but his appearance was like that of an adult.

Halflings were quite weak and had relatively mediocre stats. They had no particularly outstanding abilities or talents, and they were one of the weakest races out of the Outlander Race's 34 races.

Zhao Fu did not care about ordinary Halflings, because even if he caught one, he would not be able to obtain anything good. However, this Halfling wore armor that gave off an intense treasure light and his aura was not weak either, and he was most likely one of the more powerful Halflings.

This Halfling was on the outside of the crowd and seemed quite cautious. After all, many people were here to look for opportunities to steal others' points.

Zhao Fu had his group wait for him there as he stealthily snuck over. His goal was simple, which was to capture the Halfling and have him hand over powerful Halfling treasures.

This Halfling was not simple either – as Zhao Fu came close, before he even did anything, the Halfling seemed to sense something and quickly raced away. Seeing this, Zhao Fu did not bother sneaking anymore and rushed at the Halfling.

The Halfling turned and saw Zhao Fu, and he felt quite shocked. He had noticed Zhao Fu and felt that he was not ordinary. Even though he did not know what Zhao Fu wanted to do to him, his instincts were telling him to quickly run.

Swish!

The Halfling turned into a blue ray of light and rushed towards the sky and he did not even turn as he flew, while Zhao Fu turned into a ray of light and chased after him.

Seeing that Zhao Fu was not giving up, the Halfling felt quite afraid and gave off a powerful aura as his speed increased by two times, and he flew even faster.

Zhao Fu did not hesitate and also released more power, causing him to send out shockwaves as he also sped up and continued to chase after the Halfling.

The distance between the two of them continuously closed, and the Halfling's expression became grim. He exploded out with all of his power and turned into an intense ray of light as he shot towards the horizon. He tore through the sky, leaving behind wild gales.

Zhao Fu gave a cold smile and also released greater power as he became even faster, continuing to close the distance. He finally reached a distance at which he could attack, and he stretched out a hand and vigorously grabbed at the air.

Clang, clang, clang...

The sound of chains could be heard as black chains shot out and gave off ferocious power as they quickly flew towards the Halfling with terrifying sounds.

The Halfling was greatly shocked and did not hesitate as he took out a small, metallic boat. This boat expanded out to two meters long and the Halfling sat in it as runes on the boats danced with light.

Boom!

An explosion sounded out as countless shockwaves blasted out, and the boat turned into a ray of light and shot out. It was incredibly fast, more than ten times faster than before, and it disappeared over the horizon in the blink of an eye.

Zhao Fu felt quite surprised, and seeing the boat speed away, he felt quite reluctant to give up and continued to give chase.

This continued for three or so days, when the boat started to crack and its speed gradually slowed down. The boat was most likely a one-time use consumable item, and it had finally run out.

The Halfling's face became pale and turned to look at Zhao Fu, who was still chasing him. The Halfling did not understand how he had offended this person – there was no great enmity between them, so why was Zhao Fu so determined to chase him down, going so far as to give chase for three days?

By now, Zhao Fu was panting and his forehead was covered with sweat. After chasing for three days, he was quite tired.

Seeing that the boat was slowing down, he let out a sigh of relief. If this went on, he would not be able to keep it up and would have to give up.

The Halfling shouted from ahead, "Why are you chasing me? I don't think there's anything between me and sir."

Zhao Fu thought for a moment before replying, "I want something containing great Halfling power, any godly spirit, or ancestral items."

Hearing this, the Halfling realized that Zhao Fu was after Halfling treasures.

Chapter 1655 Halfling Blood Crystal

The Halfling indeed had a treasure that contained powerful Halfling power. It was a blood crystal and contained powerful Halfling King Power, but it was very important to him and could increase his power. As such, he was not willing to give it over to Zhao Fu.

"I don't have any treasures; you've got the wrong person," the Halfling shook his head as he called out.

Zhao Fu did not believe him, as the Halfling did not look simple and definitely had good treasures on him. As such, he said, "Is that so? In that case, don't run and let me examine you. If you don't have any, I'll let you go."

However, how could the Halfling agree to this? He could only sit in his boat and continue flying away.

Zhao Fu followed behind the boat, and as the boat became slower and slower, the distance between them closed and Zhao Fu started to try to attack again.

The golden pupil in his left eye quickly spun and chains shot out of the air and shot towards the Halfling incredibly quickly. However, the Halfling controlled the boat to nimbly dodge while continuing to fly forwards.

However, more and more cracks appeared on the boat before it finally exploded into countless pieces that fell to the ground.

The Halfling started to panic; the boat was his biggest trump card and now that it was destroyed, he definitely would not be able to outrun Zhao Fu.

At that moment, chains containing great power once again shot out, and the Halfling took out a scimitar and blocked as he flew away.

Zhao Fu continuously attacked, and the distance between them continuously shrank.

In the end, the Halfling gave up and understood that he would be caught by Zhao Fu sooner or later, so he called out, "I'll give you a treasure but you have to let me off."

Hearing this, Zhao Fu directly agreed because he just wanted the Halfling treasure and was not interested in the Halfling at all.

The Halfling tossed out the blood crystal while he shot off in a direction.

Zhao Fu flew towards the blood crystal and grabbed out, causing a formless energy to grasp the blood crystal and pull it to Zhao Fu.

After examining the blood crystal's power, Zhao Fu gave a satisfied smile.

Seeing that Zhao Fu did not continue to give chase, the Halfling let out a sigh of relief and continued to fly away.

After obtaining the blood crystal, Zhao Fu did not plan on going back for now. After all, he had been giving chase for three days, so he decided to separate from his group for now and then came back to find them later. They would head to the center of the secret realm, so he could just meet up with them there.

Zhao Fu found a secluded place to refine the blood crystal, but he discovered a Giant City. The Giants here were not very big, only around 2.5 meters tall. They were relatively short Giants, as most Giants were about four or five meters tall.

Zhao Fu thought about it and decided to refine the blood crystal later, and see if he could make any gains in this Giant City.

After coming to the Giant City, he found that it was quite lively inside. They seemed to be holding some kind of event, with Giants sitting in front of tables and arm-wrestling. There were people spectating in the surroundings and were calling out excitedly.

Zhao Fu came over, drawing the attention of some Giants. They were quite surprised to see someone as little as Zhao Fu and only having Harmony Realm Cultivation so they did not pay him much mind.

Zhao Fu asked a Giant next to him, “What are you guys doing?”

The Giant happily laughed as he replied, “This is our Giant’s arm-wrestling tournament to choose our City’s Hercules. Not only will the winner receive great rewards, but he might also be able to catch the eye of our City Lord’s daughter!”

Hearing this, Zhao Fu asked, “What are the rewards?”

The Giant pointed at a blood-red orb on a stage and said, “That’s the reward, a Giant Power Crystal. Anyone who refines it will obtain immense Giant power.”

Hearing this, Zhao Fu smiled and asked, “Can I participate? Are there any restrictions on this tournament?”

Hearing Zhao Fu’s words, the Giant could not help but laugh as he said, “There are no restrictions and you can participate. In fact, our City Lord welcomes you examinees, but with your physique and cultivation, you’ll be completely annihilated if you go up.”

Hearing this, Zhao Fu felt at ease. The Giants here were all quite powerful and most of them had Great Earth Cultivation, and some of them had World Realm Cultivation.

Zhao Fu decided not to steal the Giant Power Crystal and instead compete and win it.

After a while, Zhao Fu registered and faced his first opponent. It was a Giant with ordinary looks and Great Earth Realm Cultivation.

The two of them sat down on opposite sides of a table and each stretched out a hand. Because of the difference in body sizes, Zhao Fu's hand was half the size of the Giant's hand. As such, the Giant held onto Zhao Fu's wrist and they soon began.

The Giants all looked down on Zhao Fu because he looked like a bean sprout to them. That tiny arm of his might be broken in one go, and none of them thought that he would succeed.

The ordinary-looking Giant facing off against Zhao Fu felt quite delighted to go against such a weak opponent. As soon as the referee told them to start, he vigorously slammed his hand down.

However, the Giant soon looked quite confused because he could not make Zhao Fu budge at all. Zhao Fu's arm seemed to be made of steel and Zhao Fu did not mind at all as he lightly moved his hand and sent the Giant's slamming against the table.

This round was undeniably Zhao Fu's win. The Giants all looked incredibly shocked; it seemed that this beansprout was not simple and had some power.

On a viewing platform, a beautiful woman with long, black hair and giving off a seductive aura watched on. She had a mature figure and was dressed in leather armor, and she smiled as she looked at Zhao Fu; she was the City Lord.

There were two seats next to her: one seated a handsome middle-aged man, who was the woman's husband. The other seated a woman with long, black hair; a slim figure; and gave off a pure aura. She was the City Lord's daughter.

After defeating this Giant, Zhao Fu was given another opponent. Just like before, Zhao Fu swung his arm down and easily pressed the Giant's hand against the table, winning the match.

The Giants became more and more shocked as they found out that Zhao Fu was actually quite powerful.

After easily winning a few more rounds, Zhao Fu made it to the finals.

All of the Giants were dumbfounded that Zhao Fu would make it to the finals, but they felt quite excited. Such a little and skinny person like Zhao Fu making it to the finals was a miracle, and all of the Giants felt quite interested and curious about him.

“Daughter, what do you think of him?” the beautiful woman smiled as she asked her daughter.

Chapter 1656 Giant Power Crystal

The secret realm was a trial area for others and was not a good place. The beautiful woman had always wanted to send her daughter out of the secret realm so she could have a more normal life outside. She would not have to worry about being killed for points or about something going wrong with the secret realm.

However, the beautiful woman did not have this kind of ability. Even the most powerful beings in the secret realm could not break through it, so she could only rely on examinees to take her daughter out.

The young woman next to her looked a bit shy as she said, “I think that he’s alright. He’s very powerful and his identity might not be simple. It’s just if he will be interested in me? I’m not very confident in my looks.”

Seeing that her daughter was somewhat interested in Zhao Fu, the beautiful woman smiled. She did not want to marry her daughter to someone who she did not like, and hearing this, she made her decision.

The man next to her smiled as she said, “Since our daughter is interested, let’s wait for the tournament to conclude so we can see what his character is like. If he’s an evil and tyrannical person, we can’t marry our daughter to him.”

The beautiful woman smiled as she replied, “I understand, I’ll personally screen him.”

Zhao Fu was now about to compete in the finals. His opponent was a Giant at the peak of the Great Earth Realm and looked quite savage. However, Zhao Fu did not feel threatened at all, and was able to easily defeat him.

Giants were innately stronger than ordinary people and were comparable to devil beasts. The reason they lost to Zhao Fu was because their cultivation was too low. If they had World Realm Cultivation, Zhao Fu would not have won so easily.

The Giants all cried out and felt quite shocked that Zhao Fu, who had joined halfway through, with his Harmony Realm Cultivation would sweep away everyone in front of him and take first place.

The Giants all laughed and started to take out food and wine, and they started to eat and drink at the tables. Some Giants started to dance to celebrate the conclusion of this tournament.

Zhao Fu was not too interested in participating, and he planned to leave after obtaining the Giant Power Crystal so that he could refine it and the Halfling Blood Crystal.

However, at that moment, Zhao Fu was notified that the City Lord wanted to see him. Thinking of this, Zhao Fu agreed, as the Giant Power Crystal was in her hands so he had to go and claim it. As such, he followed a guard to a large hall.

The beautiful woman was sitting in a chair and gave a trace of a smile as she said, "I will give you the Giant Power Crystal and some other valuable things, but you have to tell me about yourself."

Zhao Fu felt quite surprised and looked at the beautiful woman in interest as he asked, "What do you want to know?"

The beautiful woman smiled as she said, "Tell me about your experiences."

Zhao Fu lightly laughed, "Aren't you afraid of me just making up some things to trick you? Also, I only need the Giant Power Crystal and don't want anything else."

The beautiful woman looked quite surprised and had never thought that Zhao Fu would reply in such a manner. She felt quite impressed and replied, "I'll evaluate what you say. Also, I won't hide this from you – I want to marry my daughter to you."

Zhao Fu thought of the beautiful woman's daughter's looks and did not refuse as he said, "That's no problem. You want me to bring your daughter out of the secret realm and take care of her, right? I can do this, but I also have a condition."

The beautiful woman felt quite delighted and smiled as she replied, "As long as you treat my daughter well, I'll try to satisfy any request you have."

Zhao Fu gave a profound smile and looked at the beautiful woman and walked towards her, saying, "Is that so?"

Seeing Zhao Fu walk over, facing his gaze, her face became slightly red and understood what Zhao Fu wanted. She shook her head and refused, saying, "Please change your request, I can't agree to this. Also, if you're going to be like this, I won't marry my daughter to you. You're quite dissolute and even have ideas about me."

Zhao Fu smiled as he said, "I'm a person who keeps his word. If you marry your daughter to me, I definitely won't let her down and will give her a life that is hundreds of times better."

Hearing this, the beautiful woman hesitated. From these exchanges alone she somewhat understood Zhao Fu's character and knew that he would keep his promises.

However, how could she agree to Zhao Fu's request?

Suddenly, Zhao Fu rushed forwards and brought the beautiful woman into his embrace, kissing her lips. The beautiful woman felt as if her mind had exploded, and she sensed countless traces of aura flow into her body as she passionately responded to Zhao Fu.

The two of them started to do it intensely, and the beautiful woman looked incredibly lewd as she begged Zhao Fu for more. Because her voice was quite loud, Zhao Fu released a barrier to prevent the sound from spreading out.

The beautiful woman's daughter felt quite curious as to why her mother had not come out for such a long time. She did not know what that person was like, and thinking about how that person might become her husband, she blushed.

She had not personally met Zhao Fu and did not know what he was like. However, after observing him in the tournament, she was somewhat interested in him.

After a while, the young woman could not help but come to the doors of the hall to listen in on the conversation taking place. However, she could not hear anything at all; could it be that they had gone outside to take part in the banquet? The young woman felt quite curious and opened the doors to the hall.

She saw her mother doing it intensely with that person, and her mother looked incredibly lustful. Was this really her mother? Wasn't she deeply in love with her father?

The young woman's mind became blank and she had never thought her husband-to-be would do it with her mother. Was this her mother's screening process?

The erotic scene in front of her greatly stimulated her brain.

Only after a while did the young woman come back to her senses. She turned to leave but was pulled in front of Zhao Fu but a formless energy, and she soon became like her mother.

In front of the hall, the banquet was incredibly lively as many Giants ate and drank. There were Giant women dancing, and laughter and cheers continuously sounded out.

The many Giants toasted the beautiful woman's husband and asked him to bring the City Lord and young miss to participate in the banquet. The beautiful woman's husband was somewhat drunk as he came to the hall and knocked on the doors as he said, "Wife, come and participate in the banquet. It's very lively here."

However, there was no response, and the man felt quite confused as he knocked again and once again asked but there was still no response.

Within the hall, the beautiful woman and young woman heard his voice, and did it with Zhao Fu even more excitedly and passionately.

The man frowned and felt quite confused. His wife had not come out for a long time, and she seemed to be ignoring him.

He was about to go in to have a look, but two drunk Giants started to fight, forcing him to go and separate them. Meanwhile, Zhao Fu continued to do it with his wife and daughter within the hall.

Chapter 1657 Cat People

"You animal! You absolute animal!" There were now countless people on the viewing platforms observing Zhao Fu. Seeing that he had only just slept with two Princesses before playing with a married mother and daughter, they could not help but furiously curse out.

However, everyone understood that a perverted bandit like Zhao Fu was someone who would feel uncomfortable without women around, and he would definitely bring harm to women everywhere.

It was just that everyone felt incredibly uncomfortable seeing how licentious Zhao Fu was. Why was there no one sent to punish him so that he could get what he deserved?

A few hours later, Zhao Fu hugged the mother and daughter and gave a pleased smile. The two women were both around 2.5 meters tall and were much taller than him. Their figures were better than ordinary women, and this had been quite a special experience.

“You’re really such a bad guy. I even wanted to marry my daughter to you and had never thought that you would play with me with my daughter. I have a husband already and yet you did such a thing,” the beautiful woman said angrily in Zhao Fu’s embrace.

Zhao Fu gave a trace of a wicked smile and said, “Is he as good as me? Have you ever felt that kind of extreme pleasure before?”

The beautiful woman’s face became bright red and she panted in Zhao Fu’s embrace. Thinking about how crazy she had gone just then, she could not say anything.

The young woman said shyly, “Now that I’ve decided to follow husband and my body belongs to husband, will you serve husband together with me, mother?”

The beautiful woman looked somewhat sad as she felt that she had let down her husband. She had heard her husband’s voice just then, and yet she had done it with another man so excitedly. Now, she felt that she could not leave Zhao Fu, that bastard.

Zhao Fu that moment, Zhao Fu said somewhat domineeringly, “I’ll bring you two away in the future. Also, can you give me the Giant Power Crystal now?”

The beautiful woman could not refuse and could only shyly nod as she handed over the Giant Power Crystal.

Zhao Fu had the two women put on their clothes and go join the banquet outside, while he refined the two crystals.

Zhao Fu first refined the white Halfling Blood Crystal. He sent power into it and activated the crystal.

The Halfling Blood Crystal gave off an intense white light and gave off a powerful aura as a faint Halfling image appeared within it.

Seeing Zhao Fu, the image tried to run but Zhao Fu bound it with his power. He raised a hand and created black flames that ignited the Halfling image, causing it to look incredibly pained before turning into a white orb of light.

Zhao Fu controlled the white orb of light to fuse into his body, and a powerful wave of Halfling energy spread out. Zhao Fu quickly absorbed this energy as a white Halfling totem appeared on his back.

Following this, Zhao Fu activated the Giant Power Crystal. It gave off intense blood-red light and gradually fused into Zhao Fu's body.

The Giant Power Crystal continuously melted within Zhao Fu's body and turned into powerful energy that flowed throughout Zhao Fu's body, causing it to go through changes. The effects were quite weak, and Zhao Fu's body gave off a blood-red light.

In the end, the Giant Power Crystal completely melted and Zhao Fu's back gave off a blood-red light as a blood-red Giant totem appeared on his back.

Now that Zhao Fu had obtained another two totems, he was only two totems away from obtaining all 34 Outlander totems.

It was now already morning, and the mother and daughter pair had already left. The mother was called Ju Dongmei and her daughter was called Ju Hanqing.

Ju Hanqing shyly walked in and said, "Husband, we've prepared some breakfast for you; come out and eat with us."

Zhao Fu put on some clothes and hugged her as he came to a dining hall. The beautiful woman and her husband were already at a table, on which a sumptuous breakfast was ready.

The husband had gotten drunk the previous night and had fallen asleep after returning to his room, and he did not notice that his wife had not been with him. Seeing his daughter and the young man walk in with sweet smiles on their faces, he felt quite relieved. It seemed that their matter was settled, and seeing how much she liked the young man, he did not have to worry.

Seeing Zhao Fu, Ju Dongmei's face became slightly red and admired her daughter for being able to be within Zhao Fu's embrace.

During breakfast, the mother and daughter continuously put food into Zhao Fu's plate and asked how the food was. Both women's faces were slightly red and their eyes were hazy, and the atmosphere seemed somewhat flirtatious.

The husband noticed this and said somewhat jealously, "Wife, you've never treated me like this before. I really admire our son-in-law."

Ju Dongmei rolled her eyes and put a piece of meat on his plate as she smiled and said, "He's our son-in-law and our daughter will be relying on him in the future, so I naturally need to treat him better."

The husband felt better and shook his head as he laughed self-mockingly – how could he be jealous of his son-in-law? He would leave with his daughter soon, and there was nothing for him to worry about.

After breakfast, the husband had to take care of some matters and left. Seeing this, the mother and daughter did not put up an act anymore and gave beautiful smiles as they came over to Zhao Fu and started to feed him. After he was full, he started to do it with them.

Afterwards, Zhao Fu asked Ju Dongmei, "You're familiar with this area; do you know if there are any historical remnants nearby? I'm interested in Cat people and Rabbit people."

Ju Dongmei lightly laughed and replied, "There are a few historical remnants but they've already been explored by others, so you won't get much out of them. However, I do know of a Cat person City and a Rabbit person City."

Zhao Fu felt quite delighted as he was now only lacking a Cat person totem and a Rabbit person totem. He smiled and asked, "Where are they? Quickly tell me."

Ju Dongmei smiled and told him the location of the two places, and he got up and prepared to head there. Seeing this, the mother and daughter were quite displeased and said, “Husband, what are you in such a hurry for? Can’t you go after spending some more time with us?”

Hearing their words, Zhao Fu smiled as he said, “You two should recover your strength; I’ll give you more love after returning. Also, you should start preparing to leave; after I come back I’ll bring you away.”

The mother and daughter’s faces became red and they lightly nodded.

Zhao Fu put on his clothes and turned into a ray of light as he shot towards the horizon. The two places that Ju Dongmei had told him about were somewhat far away from the Giant City, and she did not know too much about the two other Cities.

Zhao Fu was heading towards the Cat person City, which was the closest. It was within a forest and Zhao Fu arrived after a few hours.

However, before he got close to the City, he saw a man and a woman looking quite suspicious as they entered a grove.

They were both Cat people and had cat ears and cat tails, and they looked the same as humans in other areas.

Chapter 1658 Rabbit People

There was definitely something with that pair, or else they would not look so suspicious and come to this remote grove.

The man was a young man and looked quite handsome. He was quite tall and seemed like someone many women would like. The woman was a beautiful middle-aged woman with a mature figure and an enticing aura.

After entering the grove, the two of them did not say anything and tightly hugged each other as they impatiently kissed, looking incredibly desperate.

“Second Madam, I missed you so much!” the Cat person young man said.

The beautiful woman passionately responded, "I missed you as well. Hurry up and do me and make me experience how powerful you are again."

Following this, the two of them prepared to start doing it.

However, the beautiful woman felt the young man let go of her, and before she could open her eyes to ask what had happened, a pair of lips pressed against hers and a formless power made her sink into pleasure, and the two of them started to do it.

The beautiful woman reacted quite intensely. She had never experienced such pleasure before and she felt quite curious. She had never felt this way doing it with the young man before, so why had he become so extraordinary today?

Moreover, the thing doing her felt different than the young man's. The beautiful woman could not help but turn and look, and she saw that it was an unfamiliar young man doing it with her. The Cat person young man's expression was blank as he stood by the side like a statue.

The beautiful woman's mind went blank; she was being ravaged by another person, but she sank into the extreme pleasure.

Zhao Fu did not like this kind of person, having a rendezvous in front of him, so he used the Evil Spirit Abyss Flower's power to control the young man before replacing him to ravage the beautiful woman.

Only after a few hours, when the sun was setting and dyeing the ground an orange color, did the two of them finish.

The beautiful woman had collapsed to the ground, without a trace of strength left in her. Zhao Fu hugged her body and started to ask her about things.

The beautiful woman lay in Zhao Fu's embrace with an infatuated look; she had deeply fallen for Zhao Fu, and she did not hide anything from him, answering honestly.

Zhao Fu first asked about what he cared about the most, which was whether the Cat person City had any powerful ancestral or face items. The beautiful woman told him that there was an ancestor's corpse which was in the ancestral hall at the center of the City; it contained powerful Cat person power.

Following this, Zhao Fu asked the beautiful woman about the strength of the City and obtained accurate information. The City Lord had World Realm Cultivation and had three Generals who also had World Realm Cultivation. They also had a big army.

If he just rushed into the City, it would be quite difficult to snatch that ancestor's corpse.

However, after hearing about the beautiful woman and young man's identities, Zhao Fu smiled, feeling that the matter would be much easier to deal with.

The young man was the Cat person City's Young Lord and the beautiful woman was the City Lord's Second Madam. The City Lord was getting old, so he was unable to satisfy the beautiful woman. The young man had been long since interested in this Second Madam, and the two of them started to have an affair, which had gone on for a few months.

The young man would inherit the position of City Lord in future. After his father died, he would be able to be with the beautiful woman officially. That was the promise he had made to her.

The young man's mother was the Big Madam, the official wife of the City Lord. She held immense power in the City and was only below the City Lord. Because the City Lord was quite old, he was unable to take care of some internal affairs and they were mainly taken care of by his official wife.

If he used this young man to blackmail her, he would be able to obtain that ancestor's corpse quite easily. As such, Zhao Fu thought about it and passed news to the Cat person City about him having the young man, as well as his relationship with the Second Madam, so that she would not dare to make a big deal out of this.

Soon, a beautiful and voluptuous woman with a pair of golden cat ears and cat tail, and giving off a dignified aura came to this place with a cold expression. Even though she had heard some slanderous things, she had never thought that her son would really do such a thing and be caught.

After coming to this place, she saw her son standing there with a blank expression, looking like a block of wood. There was also a handsome young man looking at her with a wicked smile; he was not wearing any clothes.

Her husband's second wife was currently squatting down and lewdly serving that person.

Seeing the young man's mother arrive, Zhao Fu lightly laughed and said, "Come over and serve me and I'll guarantee that your son will be fine. No one knows about this, and I'll help you take care of all problems."

The beautiful woman thought about it, and looking at her son by the side, her expression was cold as she squatted down and started serving Zhao Fu as well.

Soon, the lewd sounds of two women rang throughout the grove, and they persisted for a long time.

The next day, the young man felt quite confused as he found himself back in the City. He did not remember what had happened, only that he had lost consciousness before ending up back here. His Second Madam was gone, his mother had also disappeared, the ancestor's corpse was gone as well.

The Cat person City's people did not know what had happened, and the City Lord sent people to investigate but they did not find anything.

Zhao Fu hugged the two women and came close to the Rabbit person City. This Rabbit person City was built on a grassy plains, and their surroundings were filled with lush grass.

By now, Zhao Fu knew the two beautiful women's names: the Big Madam's name was Mao Sigu and the Second Madam's name was Mao Xiaoling.

This Rabbit person City was quite close to the Cat person City, and Zhao Fu asked Mao Sigu, "Do you know anything about this Rabbit person City? Tell me everything."

After being ravaged by Zhao Fu for a night, Mao Sigu's expression was much more tender, and she said, "There's nothing special about it; it's a bit weaker than our Cat person City and also has a powerful ancestor's corpse."

Hearing that there was an ancestor's corpse, Zhao Fu lightly laughed. If he could obtain that ancestor's corpse and refine both ancestor's corpses, he would have the totems of all 34 Outlander races. Now, the key thing was how to obtain the ancestor's corpse.

"Husband, I'm all sticky and want to wash myself," Mao Xiaoling said as she frowned.

Zhao Fu nodded – after doing it all night, they were all quite sticky. After washing up, they would obtain more information about the Rabbit person City and make a plan to take the ancestor’s corpse.

After a while, Zhao Fu found a 100 meter wide lake, but there were already people washing inside it; there were four beautiful Rabbit women.

Chapter 1659 Rabbit Person City

These Rabbit women had long rabbit ears and small rabbit tails, and they looked the same as humans in other regards.

Of the four Rabbit women, one had a graceful figure and looked gentle, one had a mature figure and gave off a steady aura, one was slim and looked quite lively, and one had a fiery figure and looked somewhat domineering.

Seeing Zhao Fu, they all cried out and covered their important parts. They could not go up onto the shore and could only remain in the water as they looked at Zhao Fu angrily.

The Rabbit woman with the fiery figure angrily called out, “Who are you? Not only have you intruded in this place, you’re looking at us so daringly. I’m going to dig your eyes out.”

Zhao Fu lightly laughed and grabbed with his hand as chains containing immense power shot out from the air and flew towards the four women.

The four women were quite startled and tried to block, but they were bound up in the end and dragged in front of Zhao Fu.

Their faces became red, as they were completely naked and their bodies were exposed in front of an unfamiliar man.

The Rabbit woman with the fiery figure furiously yelled, “Let me go, or else you’re dead!”

Zhao Fu ignored her and brought her into his embrace as he started to do it with her before bringing in the three other women.

Seeing them start to do it, Mao Xiaoling licked her lips and quickly started washing so she could join in.

Mao Sigu sighed; how come she had fallen for such a man? It would be great if she could have him for herself, and seeing him do it with so many women, she felt quite uncomfortable.

However, after thinking about it, Mao Sigu realized that someone like Zhao Fu most likely had countless women, and she was just one of them. It was best to know her place and not try to change him and obtain his true love.

Mao Sigu also went into the lake and did a simple wash before joining in and sinking into pleasure with the other women.

Afterwards, they lay on the shore, and Zhao Fu hugged the Rabbit woman with the fiery figure and smiled as he said, "Tell me about your Rabbit person City."

Now, Zhao Fu knew the four women's names. The fiery-figured Rabbit woman was called Tu Huo, the gentle-looking Rabbit woman was called Tu Yaya, the steady-looking Rabbit woman was called Tu Zizi, and the lively-looking Rabbit woman was called Tu Lanlan.

Tu Huo glared at Zhao Fu and said, "You already violated us and now you want our City, right? I won't tell you."

Zhao Fu looked at her and lightly laughed as he said, "I won't bring you away with me then!"

Tu Huo angrily yelled out, "Don't you dare! You've taken my body so you need to take responsibility or I'll hate you forever."

The steady-tempered Tu Zizi lightly laughed and said, "Let's tell husband. Even if he doesn't hear it from us, he'll hear about it from someone else. It's better for us to help husband. Also, husband, please don't harm the people in the City!"

Zhao Fu smiled and nodded, and he obtained the information that he wanted. He learned about the in-depth information about the City and the location of the ancestral hall, as well as the identity of these four women.

They had important identities and were the daughters of major figures in the Rabbit person City. Zhao Fu asked them to cooperate with them to help steal the ancestor's corpse so that there would be no fighting.

The ancestor's corpse was what Zhao Fu needed to obtain the final totem, so he had to obtain it no matter what.

Late at night, a bright moon hung in the night sky, and Zhao Fu started to act. Because he had detailed information and knew about patrol times and the precise locations, he was able to easily sneak in and reach the ancestral hall.

There were many soldiers guarding this place, over 1,000 in total, and they were spaced out in different positions. This ancestor's corpse was quite important to them, so the security was quite tight in order to prevent anyone from stealing it. Even though there were over 1,000 guards, this was not a big problem for Zhao Fu and he was able to deal with this easily.

Zhao Fu found a hidden place and squatted down, pressing a hand against the ground. Black demonic qi flowed into the ground, and a black, rose-like magic formation appeared, giving off faint black light, and two rose-like flowers appeared in Zhao Fu's eyes.

Zhao Fu looked at the many guards defending the ancestral hall, and traces of black aura shot out into the ground and entered their bodies through their feet.

The soldiers' bodies trembled and their expressions became fearful as their eyes became black. The blackness soon disappeared, and their gazes returned to normal.

Zhao Fu gave a trace of a smile as he walked out without any worries towards the ancestral hall. He walked in and soon saw the ancestor's corpse on a stage.

This ancestor's corpse was a very ancient Rabbit person. He had white hair and was covered with wrinkles. His body was quite withered and his ears sagged, and he looked quite terrifying.

Zhao Fu examined the ancestor's corpse and made sure there was nothing wrong with it before waving his hand and putting it into his spatial ring.

Boom!

A massive explosion sounded out – Zhao Fu had triggered a restriction in the ancestral hall, and a gray ray of light shot into the sky, causing everyone in the Rabbit person City to feel quite startled and quickly rush over.

Zhao Fu did not panic because he knew about this restriction. He did not hesitate and exploded out with all of his power, and a black aura flame burst forth around his body as he turned into a ray of light and shot towards the horizon.

A middle-aged man exploded out with power as he also turned into a ray of light and chased after Zhao Fu. Seeing the middle-aged man give chase after him, Zhao Fu drew the Sadistic Killing Sword and ferociously slashed out, sending out an enormous blood-red crescent towards the City Lord.

The City Lord was greatly startled and tried to block, but he was forced by ten or so steps by the blood-red crescent. He was quite shocked – this person who had stolen the ancestor's corpse was somewhat stronger than him.

The City Lord started to wonder if he should continue to give chase; if he continued, his life might be in danger.

As the City Lord hesitated, Zhao Fu completely disappeared, and the City Lord could only furiously roar.

Seeing that the City Lord was no longer chasing after him, Zhao Fu grinned and came to his meeting spot with the women and had them keep watch.

Zhao Fu sat down cross-legged in a flat area and looked quite excited and nervous as he took out the two corpses. Once he refined these two corpses and obtained two more totems, he would have all 34 Outlander totems.

He did not know what would happen, but he was looking forward to it; the Outlander supreme Emperor Star was only a step away from him.

Chapter 1660 Mei Nuoka

Zhao Fu released a black energy barrier and a black fog that covered the two ancestor's corpses and started to refine them.

The two ancestor's corpses began to dissolve, starting with their hands and feet. Their bodies then disappeared, turning into two orbs of black water that floated in the air. They gave off faint lights as well powerful auras.

Zhao Fu opened his mouth and first absorbed the black water on the left. As the black water entered his body, a massive Cat person power spread out, and Zhao Fu quickly absorbed this power and fused it into his body, causing his body to give off green light.

He once again felt a pain on his back as a green Cat person totem appeared.

After refining the Cat person ancestor's corpse, Zhao Fu opened his mouth again and sucked in the other orb of black water. A massive power once again spread throughout his body, and Zhao Fu absorbed this power into his body.

A black light shone out from Zhao Fu's body and he once again felt a pain on his back as a black Rabbit person totem appeared.

Boom!

The instant that the totem appeared, Zhao Fu's body exploded out with an incredibly intense aura. His back gave off different-coloured lights as the totems all seemed to come to life.

Sensing this aura, the women standing guard all felt as if their bodies had fallen into icy water. Their souls seemed to cry out and they felt immense suppression of their bloodlines, causing them to kneel towards Zhao Fu's direction.

They looked at the black energy barrier with pale faces, not knowing what had happened; how come Zhao Fu's body gave off such a terrifying aura, to the point that they could not resist at all?

Now, the entire region fell into a deathly silence, and the atmosphere became incredibly heavy.

Zhao Fu's eyes shot out multi-colored lights as he looked towards the horizon with a calm horizon. He was unable to awaken the Outlander Emperor Star yet, and he needed to wait for a suitable opportunity.

Zhao Fu once again closed his eyes and the light coming from his back disappeared. The black energy barrier disappeared, revealing Zhao Fu within.

The women let out sighs of relief as that terrifying aura had disappeared. They wanted to ask Zhao Fu what had happened, but he calmly said, "Wait here for me, I have something important to do."

Hearing this, the women could tell how serious he was and nodded.

Zhao Fu turned into a ray of light and shot towards the horizon, where there was a person with an elephant's head and human's body. The Elephant person had a gentle expression and looked like an amicable person.

This Elephant person was the tenth-ranked Mei Nuoka, and he currently had 1.75 million points and was Zhao Fu's first target.

The people on the viewing platforms felt quite surprised; they had never thought that Zhao Fu, this perverted bandit, would go and find the tenth-ranked genius. Was he seeking his own death?

"Hahaha, I'm so happy – I'm going to see this perverted bandit get what he deserves. I feel so much better."

"I support the Elephant person, go and teach that bastard a lesson and do the will of heaven!"

"I don't understand why he would go and find the tenth-ranked genius; is this someone he can afford to offend?"

"Let's watch how mighty this Elephant person is and how he's going to destroy that perverted bandit. It's best that he completely annihilates him and gets rid of this scourge."

The Elephant person looked at the cloaked person in front of him and sensed the aura that Zhao Fu gave off, causing his expression to become serious. He asked, "Why have you come to find me?"

Zhao Fu drew the Sadistic Killing Sword as he coldly replied, "To defeat you!"

Right after speaking, Zhao Fu sent a massive amount of power into the Sadistic Killing Sword.

Shing!

A sword hum sounded out as the Sadistic Killing Sword gave off intense blood-red sword light and massive amounts of blood-red sword qi exploded out, causing the ground to crack.

Zhao Fu directly used his full strength because he was facing one of the Outlander Race's top ten geniuses. His opponent had cultivation at the peak of the World Realm, which was far higher than his, so he had to use his full power or else he might lose.

The Elephant person's expression was serious and gripped his fists, causing a pair of steel gloves to appear on them. He gave off an enormous aura as his muscles bulged; facing Zhao Fu's challenge, the Elephant person was not careless either.

Shing!

Zhao Fu attacked first, rushing forwards and slashing out with his sword and sending out an enormous blood-red sword light towards the Elephant person.

Bang!

The Elephant person punched out, sending out an immense fist energy that shattered the blood-red sword light.

By now, Zhao Fu had rushed in front of the Elephant person and slashed towards the Elephant person's head.

The Elephant person dodged to the side, dodging this strike, while he punched out. The ferocious fist energy smashed towards Zhao Fu's chest, and it seemed able to crush a massive boulder into dust.

Zhao Fu felt quite startled and a black energy barrier appeared around him.

Bang!

The terrifying fist energy slammed against the barrier, causing a massive sound to ring out. The defensive barrier shattered, but Zhao Fu was able to stop this attack.

Boom!

There was no time to think, and the Elephant person once again punched out, causing another explosion to sound out. A terrifying fist energy containing immense destructive power once again shot towards Zhao Fu.

Zhao Fu sent large amounts of power into the Sadistic Killing Sword, causing a sword hum to sound out. The Sadistic Killing Sword gave off intense sword light and gave off boundless sword qi as he slashed out.

Bang!

The sword light and fist energy slammed together, resulting in a massive explosion that forced both people back ten or so meters.

Both of them looked at each other seriously and a massive gale swept out.

The Elephant person gave off destructive power and Zhao Fu's sword gave off intensely sharp sword light.

Bang! Bang! Bang...

The Elephant person continuously punched out, sending out ferocious fist energies towards Zhao Fu. Zhao Fu slashed out continuously, sending out sharp sword lights, and the attacks of the two people continuously collided and exploded, sending out massive gusts of wind.

The people on the viewing platforms watched seriously, and this battle had attracted countless people's attention. They were quite surprised that this perverted bandit did not seem any weaker than the Elephant person. The perverted bandit had the lowest points and the Elephant person was ranked tenth, which made this quite shocking.

Boom!

A blue aura flame erupted around the Elephant person's fist and the terrifying power seemed to twist space, and he punched out, sending out a blue first energy towards Zhao Fu.

Zhao Fu's heart tightened and he blocked in front of him with his sword.
