

The Marriage of an Esteemed Supreme Healer, a Noble Ruler

Chu Liuyue asked, "You didn't ask who he was and just agreed?"

Cen Yi nodded. "Since he's your friend, there won't be a problem."

Not many people could be acknowledged as her friend.

Chu Liuyue smiled and shook her head helplessly.

Cen Yi was too smart, and sometimes, it was a little boring.

The friend she was talking about naturally referred to Lin Zhifei. He didn't come this time, but she previously asked Mu Hongyu and knew that Lin Zhifei was still the same as before during this period—busy with his transportation formations in the academy.

Hearing what Mu Hongyu said, Lin Zhifei's skills had greatly improved recently, and the transportation formation he built was taking good shape. Some of the elders in the academy knew about it and were filled with praise for him.

However, they all thought that Lin Zhifei was interested in transportation formations, which is why he studied it so diligently. However, in actual fact... Everything was because of an agreement he had with Chu Liuyue.

It seemed like things were progressing decently...

"There are only a few days left till the wedding. During this period, you can stay at Changyi Mountain first. I've already told people to tidy the place up for you. If you need anything, just look for me directly."

Xiao Ba blinked her peerless and charming eyes as she leaned toward Chu Liuyue, smiled, and said, "Master, I've only heard of the Sky-Cloud Empire beforehand, and I've never been here before. May I know—"

"As long as you don't cause trouble, you can walk wherever you want." Chu Liuyue guessed what she was thinking about instantly and directly gave her an answer.

Xiao Ba smiled even more brightly. "I knew you're the best, Master!"

...

"Did you hear? Princess Consort's subordinates from outside the God Residence Realm have come here as well! They seem to have started a fight at the barrier just now!"

"This news has spread across the entire Sky-Cloud Empire. Who doesn't know about it? Didn't they say that one of the women had something with her, which caused an abnormal reaction in the barrier and was stopped?"

"Hah, that's what I want to talk about! Do you know what exactly is the item that the woman refused to hand over?"

"What?"

"A pill! She even said that as long as the princess consort used the pill, she would definitely be able to develop a holy body within a year!"

"What? There's such a pill in this world? Why don't we know about it?"

"Hmph, it's most likely to put on a show, and she's just putting up a front! After all, she came from outside the God Residence Realm..."

On a mountain peak not far away from Suming Peak, the few of them walked and talked.

Even though the Sky-Cloud Empire was spacious, news spread rather quickly between people in the clan. That matter had just happened, but a lot of people knew about it.

They naturally had nothing to say about Chu Liuyue. She had outstanding talent, was very strong, and her appearance was one in a million, breathtakingly beautiful.

Her only shortcoming was her background.

"Actually... I feel that the princess consort does have backers. Senior Shangguan Jing's reputation spread far and wide back then! Even now, supreme Armory Refinement Masters are very rare and precious in the entire God Residence Realm! Besides, the princess consort is still the personal disciple of Ling Xiao Academy's director... This is all pretty amazing."

Some people held different views and argued softly.

"That is true, but think about it carefully. Senior Shangguan Jing is one person after all, and Director Nan... His every word and action represent the entire Ling Xiao Academy! He definitely won't disregard the entire academy for the princess consort alone. All in all, if she's in serious trouble, the princess consort has to deal with it herself!"

"That's true..."

"The family members, friends, and subordinates of the princess consort that came today are all not very skillful. Let's not talk about Mu Hongyu from Ling Xiao Academy. Although her skills are decent, she doesn't have much background. As for the princess consort's father, he's just a stage-one warrior! How can he be counted on?"

Even though the words were harsh, they were the truth! How would it be so easy to have a footing in the God Residence Realm?

At this point, a snow-white and fit figure suddenly flew out of the bushes by the side and pounced at the few of them!

"Ah!" The man who was talking and standing at the front was taken aback, and he hurriedly moved back.

He was fast, but the other party was quicker!

He felt that his vision became blurry as a white figure flashed across. Following this, his body flew backward uncontrollably!

Thump!

A low sound was heard.

A few sharp claw wounds appeared on his chest and caused his wound to be badly mangled.

The excruciating pain caused his face to turn pale!

The remaining people were stunned and planned to take action, but they were dazed the moment they saw the other party.

It was a white lion. Its fur was entirely snow-white, and its pair of icy blue eyes were nonchalant and cold.

At this point, it was staring at the few people tightly and lowered its body slightly as if it were prepared to attack at any time.

Intense murderous intent spread from its body!

The remaining few people's faces turned white as well. This is actually His Grace's fiend! How can we take action? Besides, we might not even be its match!

The sinisterly cold gaze landed on the man with injuries on the ground, sending a chill down his spine. He swallowed his remaining words and didn't even dare to utter a sound.

The air seemed to have stopped moving as it froze inch by inch.

The few of them were tense.

After a while, one of them forcefully said, "S-sir Xue Xue, w-we didn't mean the words we said just now..."

Xue Xue squinted its eyes. Didn't mean it? Do you think I'm a fool?

Roar!

Xue Xue let out a low growl from his throat and suddenly raised its claws. Since they don't mean it, then... I don't mean to do this!

It wasn't difficult for Xue Xue to deal with these people. After the white shadow flew away, the few people present were all injured to varying degrees.

Seeing that Xue Xue was about to continue, one of them hurriedly shouted, "Sir Xuexue, His Grace and the princess consort's wedding is imminent! It's really not appropriate for someone to die now!"

Only then did Xue Xue stop. It tilted its head and thought for a moment as if considering this person's words.

The few of them were so nervous that they didn't dare to move or even say a word.

Every second Xue Xue spent thinking was torture for them.

Finally, Xue Xue turned around and left. It is indeed not appropriate to delay Master's wedding for these few people.

Seeing that the fiend had finally decided to leave, the few of them revealed relieved expressions.

However, Xue Xue took a few steps and looked back. Its cold and indifferent gaze swept across their faces as if it wanted to remember them clearly!

Everyone read the meaning in its eyes—it was waiting to settle scores!

After taking a look, Xue Xue flashed away.

The snow-white figure flashed past and quickly disappeared. However, the hearts of the few people who stayed behind sank. After offending Xue Xue, our outcomes won't be good!

If we had known that Sir Xue Xue was so protective of the princess consort and happened to be here, we wouldn't have said that!

The few of them covered their injuries and regretted it.

"Sir Xue Xue is a vengeful person. This time... I'm afraid it's over for us!" one of them said in frustration.

The others turned pale.

As for the man attacked at the beginning, when he thought of his future outcome, he was so angry that he fainted.

However, there was no medicine for regret in this world. Everyone had to pay the price for their words and actions.

...

Chu Liuyue was cultivating in her room.

Suddenly, a fluctuation spread.

She opened her eyes and looked at the window.

A large furry head poked through the window. Because it was too big and the window was too small, it was stuck.

Its big icy-blue eyes looked at her innocently and pitifully. "Ow!"

Chu Liuyue immediately stood up and walked over, feeling helpless and amused. "Xue Xue, why do you have to come in through the window every time? This small window can't accommodate your big body!"

As she spoke, she walked to the window and opened it wider. Only then did she finally let Xue Xue in.

"Okay, you—" Before she could finish her sentence, Xue Xue, who had been liberated, immediately pounced at her!

Xue Xue had grown a lot taller and heavier after not seeing it for a while.

Chu Liuyue almost failed to catch it. Fortunately, her strength had increased significantly, so she could barely scoop Xue Xue up.

It was a furry ball in her arms.

Chu Liuyue let out a long breath. "Huff—Xue Xue, why are you so much heavier than before? Did you eat and sleep well at the Sky-Cloud Empire recently and fatten yourself up?"

Chu Liuyue was originally teasing it, but after saying that, she realized that Xue Xue seemed to be in a bad state.

It didn't say anything, just leaned against her leg.

"Xue Xue?" Chu Liuyue lowered her head and saw that Xue Xue didn't look very happy.

Sensing her gaze, Xue Xue looked up.

There was a faint light in its ice-blue eyes, and it actually looked very aggrieved.

Chu Liuyue was slightly stunned. Strange... Every time Xue Xue sees me, it is happy. This has never happened before.

"What's wrong with Xue Xue? Who bullied you? Huh?" Chu Liuyue rubbed Xuexue's head. This is the Sky-Cloud Empire. It seems more likely for Xue Xue to be bullying others, right? Why is Xue Xue still so aggrieved?

Chu Liuyue bent down and smelled an extremely faint smell of blood.

Her expression changed slightly as she grabbed Xue Xue's claws. Only then did she see fresh blood on its sharp nails!

"Did you fight with someone?" Chu Liuyue frowned. Someone who can make Xue Xue choose to attack in the Sky-Cloud Empire...

Just as she was filled with worry, Xue Xue suddenly leaned over.

Chu Liuyue was stunned. "Xue Xue?"

Without saying a word, Xue Xue clumsily rubbed its big head against the curve of her shoulder. "Woo—"

It seemed... to be comforting her?

"It's angry." Tuan Zi's voice suddenly sounded in her heart. "It heard someone bad-mouthing you just now, so it fought with them."

Chu Liuyue came to a realization. Her heart seemed to have been hit by something soft. Xue Xue was... defending me...

She smiled and wrapped her arms around Xue Xue's head. "Xue Xue, why lower yourself to those people's level?"

Xue Xue made a low growl in its throat. Of course, I'm angry! Those people actually dared to say that about her! If not for the fact that I don't want to delay the wedding, I wouldn't have let them off so easily! I will definitely take revenge in the future!

Chu Liuyue rubbed Xue Xue's head and lowered her eyes, but she was thinking about something.

Tuan Zi said, "A'Yue, look—I told you. Those people don't know how to restrain themselves at all! They only behave when they're beaten up!"

A'Yue is right, but when will she be willing to take action? My hands are really itching now!

Chu Liuyue was silent for a moment; then, she suddenly laughed. "There are still five to six days before the wedding. Let them cause trouble one last time."

After comforting Xue Xue for a while, Chu Liuyue carefully wiped the blood off its claws and repeatedly promised that she would definitely take revenge later. Only then did Xue Xue become happy again and run around her.

It had indeed been cultivating in the Sky-Cloud Empire recently. If it didn't meet its master's requirements, it was not allowed to come out. Hence, it was finally free after Chu Liuyue had been here for a while.

After putting all those messy things behind her, Xue Xue became lively again.

Chu Liuyue simply brought it to the courtyard to play.

This courtyard wasn't big, but for Xue Xue, it would be interesting as long as Chu Liuyue was with it.

Seeing that there were many stones in the courtyard, Xue Xue rushed over curiously and fiddled with them with its claws.

Thunk.

A stone beside it rolled down to its hind legs.

Xue Xue looked back with a blank expression. I didn't touch this piece. Why did it move on its own?

It used its back foot to push the stone away again.

In the end, the third stone rolled over. This time, the force seemed to have increased a little.

Xue Xue was getting impatient. With a wave of its claws, it kicked the stone away.

But the next moment, the stone actually returned! It headed straight for Xue Xue's face at an even greater speed!

The sound of air being torn apart was sharp!

Xue Xue was shocked and immediately turned around. Only then did it see that when the stone flew over, it had directly cut through the surrounding space, revealing a black spatial rift!

Danger! Xue Xue immediately became vigilant.

Suddenly, a clear and gentle voice sounded. "Don't fool around."

It was Chu Liuyue!

Then, Xue Xue watched helplessly as the originally aggressive stone suddenly hid all its aura and fell to the ground with a clang.

It looked no different from ordinary stones.

Just looking at it like this was unimaginable. A second ago, it was still filled with killing intent; the pressure around it made Xue Xue almost tremble in fear!

Xue Xue shook its head and took another look in disbelief.

The stones stopped.

Everything just now seemed to be an illusion, but Xue Xue wouldn't really think it was all fake.

Chu Liuyue walked over and scratched Xue Xue's ear. "There aren't many people here. As soon as you appeared, they inevitably became a little lively."

Xue Xue looked confused. They? Who are 'they?'

Suddenly, its gaze focused. Wait—there seems to be... more than just these few stones around?

Xue Xue turned its neck stiffly, and shock flashed in its eyes.

There seemed to be stones scattered everywhere in the entire courtyard! Moreover, they were basically very similar to the one that wanted to attack it previously!

Xue Xue instantly understood something and suddenly looked up at Chu Liuyue.

Chu Liuyue's lips curled up slightly.

Xue Xue was smart, so she had no intention of hiding it.

"If you're bored, you can find Tuan Zi to spar with you," Chu Liuyue thought for a moment and said.

"I won't!" Tuan Zi immediately objected.

Recently, she vaguely felt that her body seemed to have changed a little, so she spent most of her time sorting out the veins in her body.

Besides, what is the point of fighting with Xue Xue? My number one enemy now is Zi Chen! I can already clearly sense that Zi Chen's strength has vaguely surpassed mine. I have to open the fifth meridian to have a chance of winning! Thinking of this, Tuan Zi continued to cultivate enthusiastically.

Chu Liuyue was caught between laughter and tears.

Actually, Tuan Zi's talent and strength were already considered top-notch among the top. After all, she was the only one in the entire red-gold heavenly phoenix clan who had directly opened the fourth meridian at such a young age.

Originally, she would definitely win against Zi Chen. However, Zi Chen's luck was also heaven-defying; he was connected to Miao Zhen and could really be considered to have a cheat!

Even if he didn't cultivate himself, as Miao Zhen's strength increased, his combat strength would also increase!

Even Chu Liuyue was rather envious of such luck.

If Tuan Zi wanted to beat him, it was almost equivalent to beating Miao Zhen. No wonder she had been cultivating so diligently recently.

"By the way, have you told Clan Leader Yi Zhao and the others what happened on Godly Dragon Island?"

Tuan Zi replied, "Yes!"

She had the inheritance of her ancestor and could easily contact Yi Zhao and the others. As soon as they came out of Godly Dragon Island, Chu Liuyue reminded her to explain the matter to Clan Leader Yi Zhao and the others.

Tuan Zi was a red-gold heavenly phoenix and the clan's young mistress. It was indeed a big deal to go to Godly Dragon Island directly.

Instead of letting Clan Leader Yi Zhao and the others hear some chaotic rumors from other places, it was better for Chu Liuyue to take the initiative to tell them. It would at least reassure them.

"I hope Clan Leader Yi Zhao and the others won't be angry..." Chu Liuyue rubbed her glabella.

Tuan Zi raised her voice and giggled. "A'Yue, don't worry! Aren't we all fine? Why would Clan Leader Grandpa be angry?"

Chu Liuyue coughed and recalled the doting gazes that Yi Zhao and the others had previously directed at Tuan Zi, making her feel even more guilty.

She had always promised to take good care of Tuan Zi, but after leaving Godly Phoenix Mountain, there had been endless trouble. First, it was the God-Killing Tumulus, then Godly Dragon Island...

Fortunately, Tuan Zi was fine! Otherwise, Chu Liuyue really didn't know how she would face Clan Leader Yi Zhao and the others in the future.

"When the wedding is over, I'll bring you back to Godly Phoenix Mountain to take a look."

Although they hadn't been out for long, a lot had happened in between. Logically speaking, she still had to go back and greet them to comfort them.

Fortunately, the great phoenix dragon clan leader was Miao Zhen, who wouldn't argue much with Tuan Zi. Otherwise, the problem would be even more difficult to resolve.

"Okay!" Tuan Zi didn't think too much about it. When she heard that she could still go back, she was immediately happy.

"Yue'er." A familiar voice sounded.

Chu Liuyue looked up.

"Mentor, why are you here?" She walked over as she asked the question.

Nan Suhuai waved his hand. "I had nothing better to do, so I came to see you."

Chu Liuyue raised her brows. "Oh?"

She knew her mentor the best. Since he was here, there must be a reason.

Nan Suhuai felt guilty under her gaze. He coughed a few times and finally admitted defeat. "Alright, alright! Actually, I did come here this time to ask you something."

Chu Liuyue invited Nan Suhuai to sit down on the stone bench in the courtyard before smiling and asking unhurriedly, "What do you want to ask, Mentor?"

Nan Suhuai hesitated. After a while, he raised his chin in a certain direction. "Yue'er, are those people... all your subordinates?"

Knowing that he was asking about Cen Yi and the others, Chu Liuyue nodded. "That's right. Why? Did they cause trouble?"

Nan Suhuai quickly waved his hand. "Of course not! They don't know how to cause trouble like you—no, what I mean is... Those children don't look old, but they seem to be quite talented, especially the youngest. His condition seems to be quite good. Do you have any intention of letting him go to the academy?"

#Chapter 1799 I'm Not Going - Read Chapter 1799 I'm Not Going -

Stunned, Chu Liuyue put down the tea she had just brought to her lips. I didn't expect Mentor to take a fancy to Little Thirteen.

Her mentor was famous for being picky. Otherwise, she wouldn't have been the only disciple he had taken in all these years.

Being able to catch his eye was enough to prove that Little Thirteen was indeed outstanding.

Chu Liuyue thought for a moment but did not agree immediately. "Mentor, why did you suddenly think of this? Have you checked Little Thirteen's aptitude?"

Nan Suhuai shook his head. "No. It's just that over the past few days, this child has been running all over the mountains. I think he's not old, and his realm is only that of a stage-six warrior, but his speed is already comparable to a stage-nine warrior..."

Thinking about it, this child should have good muscles and bones. Originally, I did want to call him over to take a look, but he's your man after all, so I wanted to ask you first."

Chu Liuyue's lips curled up slightly. "It's Thirteen's blessing to be favored by Mentor. If he can really enter the academy to cultivate, it'll be a rare good thing for him. Wait a moment; I'll call him over."

She stood up and was about to call for him when she suddenly thought of something and asked, "If Thirteen's conditions are good, do you plan to take him in as your disciple personally?"

But Nan Suhuai shook his head. "That won't happen. It's fine as long as I have you as my disciple. Moreover, if he's really as I think, there's someone more suitable to be his mentor in the academy."

Chu Liuyue nodded in understanding.

"Thirteen!" she raised her voice slightly and shouted into the distance.

Nan Suhuai was a little surprised. "That child seems to be halfway up the mountain now. He can hear us from so far away—"

Before he could finish his sentence, a thin young man approached quickly from afar.

He ran very quickly, and his movements were light and nimble. In the blink of an eye, he was already in front of Chu Liuyue.

As he ran in a hurry, beads of sweat appeared on his forehead and the tip of his nose.

He had a pair of pure and sincere eyes that shone with youth and vitality.

Chu Liuyue was stunned.

In the past few years, Thirteen had really grown up. In her memory, he was still a child.

"Master, you were looking for me?"

Chu Liuyue came back to her senses and nodded with a smile. "Come over."

With that, she walked back to Nan Suhuai.

"Mentor thinks you're talented and wants to see your aptitude. If you pass, you can go to Ling Xiao Academy to cultivate in the future," Chu Liuyue said concisely.

Thirteen was stunned. He looked at Nan Suhuai and then at Chu Liuyue. This means...

He had been here for days, so he naturally knew who the 'mentor' his master was talking about was. He had also heard of the other party's identity.

He just didn't expect it to be related to him.

Seeing that he was stunned, Chu Liuyue thought that she had shocked the child and smiled. "Thirteen, what are you waiting for? Stretch out your hand—"

Thirteen obediently extended his hand.

Nan Suhuai closed his fingers and placed them on Thirteen's wrist. Then, he sent a strand of force into Thirteen's Yuan meridian.

A moment later, surprise flashed in his eyes.

Chu Liuyue asked, "Mentor, how is it?"

Nan Suhuai didn't answer this question immediately. He just retracted his hand, stood up, walked to Thirteen's side, and pinched his shoulder.

Thirteen looked at Chu Liuyue helplessly.

Chu Liuyue gave him a reassuring look. Only then did Thirteen continue to stay put quietly and let Nan Suhuai pinch the bones in his shoulders, arms, and other places.

After a while, Nan Suhuai stopped. At this moment, the way he looked at Thirteen was very different from before.

"Mentor, how is it?" Seeing his reaction, Chu Liuyue felt a little nervous. "Can Thirteen enter the academy to cultivate?"

Of course, she hoped for only the best for Thirteen.

Nan Suhuai paused for a long time before turning to look at her. His expression was serious, but his eyes were already smiling. "If he can't even enter the academy like this, not many people in the world will be able to do it!"

This was a pass!

Chu Liuyue's tense heart suddenly relaxed, and her lips curled up into a bright smile. "Really?"

"It can't be more real! Would Mentor lie to you?" Nan Suhuai also smiled.

He stroked his beard and sighed. "Yue'er, I didn't expect you to have such a good seedling hidden by your side! He has the Tianjing Yuan meridian! Moreover, his physique is special—he's a natural warrior!"

Nan Suhuai's words stunned Chu Liuyue. She had never known that Thirteen had such top-notch talent!

Her eyes widened slightly as she looked at Thirteen.

Thirteen blinked. His expression was pure and innocent, and there was a hint of confusion in his eyes.

He seemed to be at a loss for what to do about the situation.

Chu Liuyue took a deep breath. "Thirteen, why... didn't you say anything before?"

Thirteen hesitated. "I didn't know about this either..."

Nan Suhuai asked curiously, "You're so talented in cultivation, but you've never done any relevant tests before?"

Thirteen shook his head.

Only then did Chu Liuyue remember that Thirteen had indeed not checked these. When she picked up Thirteen years ago, he was still very young.

The capital was covered in snow and was bone-chilling. He was only wearing a thin shirt and was curled up around a corner, dirty.

At that time, she had only instructed her subordinates to send him some food and clothes before leaving. But after walking a long distance, she realized that the child had been following her from a distance.

At that time, she only felt very surprised. This was because her carriage was very fast. Even a true cultivator might not be able to keep up, let alone a child.

However, the child was thin and weak, but he was very fast and caught up easily. Most importantly, he followed quietly like an invisible person.

If she hadn't sensed that something was wrong and discovered him later, nobody would've noticed his existence.

Thinking that this child was very interesting, Chu Liuyue brought him back.

Originally, she wanted to see what his talent and aptitude were, but a lot happened at that time. She was busy dealing with those things, so she didn't have time to take care of him. Instead, she threw him to Cen Yi to help take care of him.

Later, when she was free, she thought of Thirteen and asked Cen Yi about the situation.

Cen Yi said that Thirteen was quite talented and suggested that they take him in and nurture him well.

She agreed without hesitation. From then on, Thirteen became the youngest of the Thirteen Yue Guard.

Chu Liuyue pressed her lips against each other. Cen Yi should know about Thirteen's situation. Why didn't he say anything...

Nan Suhuai stroked his beard and sighed. "Even if this child goes to Ling Xiao Academy, he's definitely one of the best among that group of geniuses!"

Chu Liuyue nodded and was about to speak when Thirteen took the initiative to say, "Master, can I not go to the academy?"

#Chapter 1800 Reject - Read Chapter 1800 Reject -

The entire courtyard fell silent for a moment.

Chu Liuyue was dazed for quite a while before she understood what Thirteen said. He said... he doesn't want to go to Ling Xiao Academy?

Nan Suhuai was also a little confused. He had never met such a situation before.

Inside the God Residence Realm, many talents bitterly cultivate in hopes of entering Ling Xiao Academy to train. Many even think of this as a glory for their entire family clan and life.

Without exaggeration, Ling Xiao Academy is indeed the top academy that many geniuses pursue diligently. We have always been the one picking others and have never been rejected in this way before.

"Thirteen, you came to the God Residence Realm not long ago, and I don't think you know what Ling Xiao Academy means." Chu Liuyue tidied her thoughts and felt that Thirteen was still young and hadn't considered things thoroughly, which is why he said such words.

She looked at Thirteen and seriously said, "Thirteen, this is an extremely rare chance. Many people want to enter the academy, but they don't have the right."

She really didn't want Thirteen to miss such a great opportunity.

Yet, Thirteen shook his head. "Master, I know all of this."

Before we came, Big Brother already told me many things about the God Residence Realm. Ling Xiao Academy is the school that Master is in, so we naturally have to understand it. However, I really don't want to go.

"I know that it's my honor to be able to receive the director's praise, but... I'm used to following Big Brother and the rest, and I feel that this is good." Thirteen paused and took a deep breath in as if mustering his courage. "I don't want to leave Big Brother and the rest, and I don't want to leave you."

...

In another courtyard on Changyi Mountain.

Wu Yao was practicing his punches.

Xiao Ba was practicing her pill refining.

Yu Jiu was waving his wooden sword.

Shi Fang was... digging the ground.

When he came a few days ago, he directly started gardening. Now, fresh sprouts had grown all over the ground.

"I still feel the most assured when eating the vegetables I plant myself!" Shi Fang straightened his back and said emotionally.

He had a habit where he only ate the vegetables he planted himself. During this period of time, he had been busy running around, so he didn't have the time to do it.

He had already finished the ones he brought from home. He still had to wait a month or so for these newly-planted ones to grow fully.

Shi Fang could only spend his days grudgingly. However, he still felt much better when he saw these fresh sprouts.

"You're really pickier than me." Xiao Ba glanced at him. According to Shi Fang's current cultivation level, it's fine even if he eats once a month. Yet, this person is so stubborn and has to eat every day! Besides, if it isn't something he planted himself, he would rather die than eat it. He is spoiled!

Shi Fang did not mind it either. Wiping his forehead sweat, he smiled and said, "Eighth Sister, every time I cook, you eat as well."

Xiao Ba glanced at him. "If you speak less, nobody will think that you're a mute!"

Just as Wu Yao finished his practice, he couldn't help but ask, "When you're together, can't you just stop for even a day? You fight every day. Even if you're not annoyed, my ears are going to rot!"

The two of them ignored him.

Yu Jiu interrupted, "Fifth Brother, since you can't convince anyone, why must you do this every time?"

Wu Yao's brows twitched. "Practice your sword!"

Yu Jiu didn't mind it as he directly put away his sword and chuckled. "What a coincidence—I'm done!"

Wu Yao was too lazy to bother with him.

Yu Jiu walked to the chair at the side and immersed himself in it. "Not to mention other aspects, the Heaven and Earth Force here is rich, and it's suitable for cultivating... Oh, right!"

He suddenly recalled something and straightened his body. "Why did Master call Thirteen over just now?"

At that time, he was focused on practicing his sword and didn't pay much attention to it.

Xiao Ba changed her nails. "Oh, I think he caught the eye of Master's mentor. This kid has only cared about being happy these few days and kept jumping around, not restraining himself at all. See, someone saw him."

Yu Jiu nodded and was rather worried. "Does that mean... Could it be that he wants to take Thirteen as his disciple? But he's Master's mentor. That's not very appropriate, right?"

"Not really. However, he will most likely get Thirteen to go to Ling Xiao Academy." Wu Yao walked over as well. "Let's see what that kid says."

Xiao Ba snorted. "What's there to worry about? Thirteen is very smart. How can he agree to go to Ling Xiao Academy?"

"That's true." Shi Fang agreed with Xiao Ba for once and nodded. "If he agrees, then we have taught a fool."

At this point, Cen Yi walked out from the room.

The few of them instantly became disciplined. "Big Brother."

Cen Yi stood with his hands behind his back and nonchalantly looked at the few of them. He said lightly, "Thirteen has his own views, and he can decide what he wants to do. As for you guys, don't forget what place this is. You need to be alert about what you can say and cannot say."

Their expressions became stern. "Yes!"

Cen Yi then nodded.

Actually, he wasn't worried about the few of them. Ever since that happened to the Master, they were much more alert in every aspect.

"Also, if you hear unfavorable words these few days, ignore all of them. We can talk about it after Master's wedding." When Cen Yi spoke of this, he meaningfully stared at Xiao Ba.

Xiao Ba could only raise her hand helplessly. "Got it. Haven't you seen that I didn't go out for the past few days?"

There were a few times she almost directly took action when she heard some people whispering. Later on, she decided to just stay on Changyi Mountain. What she did not see could not hurt her!

Cen Yi then nodded in satisfaction. "You can carry on with your matters."

Then, Cen Yi glanced afar and retracted his gaze before turning into the house.

...

After Thirteen said that sentence, the entire courtyard fell silent again.

Chu Liuyue didn't know what to say at all. She could tell that Thirteen genuinely meant it.

To others, Ling Xiao Academy might be filled with temptations and was a holy ground that they wanted to go to. However, it was clearly not the case for Thirteen.

She paused and wanted to convince him further. "Thirteen, have you made up your mind? You going to Ling Xiao Academy is just for cultivation, and it doesn't mean that you will be drifting away from us from now on. After all, I'm also a student of the academy, right?"

Once one missed such a chance, they wouldn't have it again.

However, Thirteen's expression slowly became determined. He calmly gazed at Chu Liuyue and shook his head.

Chu Liuyue instantly felt her head ache. If it were Xiao Ba and the rest, I could directly command them. However, Thirteen is still a child.

Nan Suhuai sighed and smiled in relief. "Forget it. It seems like this child has no fate with Ling Xiao Academy, and there's no point in forcing it. Besides... his talent doesn't seem to be wasted, and his cultivation progress is decent. He should have quite a good mentor."

Chu Liuyue knocked her fingers against the stone table lightly.

Thirteen naturally did not have a mentor. He was always brought up by Cen Yi and the rest.
