He was so agitated and furious that he vomited blood!

There was silence.

The Nan family looked incredulous.

Even the way the Yi family looked at Nan Yifan changed. Could it be that what Chu Liuyue said is true? Did Nan Yifan really do those things? If that is the case, then... Nan Yifan's reputation will be ruined from now on!

Not only would he be unable to keep his position as family head, but he would even become a rat on the streets and be hated by everyone! Who would dare to work with someone who could do such a thing to their biological child? Who would be nice to him?

Finally, someone from the Nan family stood up and asked, "Master, don't you have anything to say?"

Everyone's eyes were burning as they landed on Nan Yifan. They needed an explanation!

Nan Yifan was filled with hatred.

When he previously found out that Luo Yan and the others were trapped, although he was a little uneasy, he wasn't really worried that they would choose to betray him!

These people had followed him for many years and were the people he trusted the most! Besides, most of the time, he had been immersed in grief and resentment. He had been tense and focused on revenge, and he didn't have the extra energy and spirit to care about anything else.

Unexpectedly, Luo Yan had actually chosen to betray him! He had revealed everything in front of so many people!

There seemed to be a ball of fire burning in Nan Yifan's chest, burning until his eyes were dyed red!

He slowly wiped the blood from his lips and glanced back.

His cold and fierce gaze was like a sharp blade as it swept across the people from the Nan family, especially the person who spoke.

The man's heart skipped a beat, and he subconsciously took half a step back. Nan Yifan's gaze... is too scary.

"You're all important people in the Nan family. Do you still need me to teach you who to trust?!" Nan Yifan clenched his fists tightly. Every word seemed to be squeezed out from between his teeth.

He suddenly raised his hand and pointed at Luo Yan and the others. "These people have been locked up in Peach Blossom Dock for several days! Who knows what happened during this period of time?! Instead of believing me, you want to believe them?"

The series of rhetorical questions made the Nan family waver again.

Although what Luo Yan said seems to be true, Nan Yifan's words aren't unreasonable... Who knows if someone has done something behind the scenes?

Nan Yuxing was already dead.

Nan Yiyi was also dead.

There were various opinions as to what the truth was, and it was impossible to investigate thoroughly. They were also filled with hesitation as to who to trust.

Chu Liuyue raised her brows. Of course, Nan Yifan wouldn't admit it. Once these things are confirmed, he will be completely ruined! Therefore, no matter the method used, he will choose to quibble and pin the blame on others.

Nan Yifan continued, "If you still recognize yourselves as members of the Nan family—come with me today!"

Swoosh!

A silver spear suddenly appeared in his hand!

The spearhead was extremely sharp, and the patterns on the spear intertwined with each other!

"I want to see how long you can defend yourselves!" Before Nan Yifan could finish his sentence, his feet moved as he headed straight for her.

At his feet, silver-blue lightning swam and crackled!

He was a legendary warrior and was already powerful. Now that he used his movement technique, he was naturally faster!

In the blink of an eye, he was already in front of the barrier!

"Soul-Devouring Silver Dragon Spear!" Nan Yifan's aura surged as a powerful pressure suddenly descended.

Chu! Chu! Chu!

A large number of barbs suddenly spread out on the silver spear! From afar, they looked like scales!

On the 'scales' was a purple-red light that was cold and strange—they were clearly tempered with poison!

In an instant, the spear arrived!

Everyone's hearts tightened. They didn't expect Nan Yifan to suddenly attack!

Just as they were thinking about whether Chu Liuyue could withstand this attack, they were shocked to discover that the latter didn't move at all! She stood there, shoulders straight as a pine.

The breeze blew, swirling the folds of her skirt.

Her long hair fluttered as she raised her head slightly and stood there quietly, her expression calm and composed. It was as if... she didn't take Nan Yifan's attack seriously at all!

Not only them, but Nan Yifan also frowned at her reaction.

It's too strange! The distance between the two of us wasn't far, and I'm already close to the barrier! Was she scared silly? Nan Yifan thought to himself.

But when he met her eyes, he realized that he was wrong.

Those bright eyes were like a deep and calm pool of water, as if nothing would cause any waves.

In fact, her lips were slightly curled up as if she was smiling.

Smiling? What is she smiling at?! Nan Yifan couldn't understand. There seemed to be countless secrets hidden in her that he couldn't figure out no matter what.

She didn't seem surprised to see me attack. In fact... she even seems to be watching a joke?

Right, it is that feeling! Nan Yifan was instantly furious. Isn't she waiting to see me make a fool of myself? But what right does she have to do that? I know that her strength far exceeds that of true gods, but she is still a true god after all! I have broken through to become a legendary warrior for several years. Could it be that even I can't take her down?

Back at the God-Killing Tumulus, he was afraid of Rong Xiu, but he now had nothing to be afraid of! Therefore, he didn't hesitate in this attack!

But at this moment, a powerful and flexible force suddenly stopped Nan Yifan!

Nan Yifan was stunned. Only then did he realize that what stopped him was none other than the barrier of Peach Blossom Dock!

The fragile and chaotic barrier—which could be entered and left at will in the past—seemed to have become an iron wall at this moment! It couldn't be entered at all!

Nan Yifan's fatal strike stabbed out fiercely, but it was silently blocked by this barrier.

The two sides began to fight silently and intensely!

Because of the energy fluctuation, ripples seemed to spread across the barrier.

Under the sunlight, the barrier flickered with small, dazzling lights—bright and colorful.

Nan Yifan was stunned! My Soul-Devouring Silver Dragon Spear is a supreme treasure; it's almost indestructible! But now, it was easily stopped by this barrier?

"Everyone, if you want my life, you need to have the ability to break into my Peach Blossom Dock first." Chu Liuyue spoke slowly with a smile on her face, but her eyes were cold and valiant.

Her eyes slowly but firmly swept over the crowd. "I know that there are many people in the God Residence Realm who covet Peach Blossom Dock. Therefore, I'll be honest today. Peach Blossom Dock is here. If anyone wants to snatch it, just come! As long as anyone can split half an inch of the Peach Blossom Dock territory from me, I'll acknowledge their ability!"

Marriage of an Esteemed Supreme Healer, a Noble Ruler

Chapter 1942 Everyone, Please!

Her clear voice spread far and wide, landing clearly in everyone's ears!

Many people were shocked. Is Chu Liuyue openly issuing a challenge?! Moreover, she wants to challenge all the aristocratic families in the God Residence Realm! Does she really know what she is saying?!

After all, she had just taken down Peach Blossom Dock. Even if the conditions were outstanding in all aspects, it was impossible to prepare everything in a short period of time.

There were many people in Peach Blossom Dock, but there were all kinds of people.

Even if Chu Liuyue became the master of Peach Blossom Dock, how could she form a powerful combat force that belonged to her in just a few days? Compared to the other aristocratic families that had been passed down for a thousand years, her strength was simply weak!

How dare she be so arrogant?

...

They quickly understood why Chu Liuyue was so bold because the next moment, she raised her hand.

The girl's hands were slender and fair, weak and boneless. There didn't seem to be any threat.

Then, she waved her hand gently.

Just for a moment.

Whoosh—

The faint and gorgeous barrier around Peach Blossom Dock instantly fluctuated violently! The sound of tidal waves came from within!

From this sound, it wasn't difficult to guess how abundant and terrifying the energy contained inside!

Nan Yifan's expression changed slightly. His intuition told him that things weren't good!

His sixth sense, trained from years of combat experience, told him that he needed to evacuate immediately! However, he hesitated for an instant. Isn't it too embarrassing to retreat in front of so many people?

However, it was this moment of hesitation!

Rumble!

Terrifying energy surged over, and a new round of even crazier strangulation began!

Before Nan Yifan could react, he felt a grip on his hand.

He immediately focused and realized that a translucent power—suffused with a faint and gorgeous light—had already tightly bound his Soul-Devouring Silver Dragon Spear!

Nan Yifan knew that something was wrong and immediately wanted to pull back. But at this moment, he realized that he couldn't pull back at all!

Only then did he panic. There is something wrong with this barrier!

However, just as he was filled with surprise—

Ka!

There was the sound of something breaking.

His heart fluttered. The next moment, he saw a sharp barbed scale shatter on the spear!

Obviously, it had been forcibly shattered by the power of the barrier!

Shocking waves instantly rose in Nan Yifan's heart! The power of this barrier far exceeded my expectations!

He finally realized that something was wrong. Seeing that the translucent power was still spreading along the spear and heading straight for his face, Nan Yifan immediately let go and quickly retreated!

Ka!

Almost the moment he left, cracks began to sound one after another!

Outside the barrier, countless eyes saw that shocking scene.

A top Yuan instrument, the Soul-Devouring Silver Dragon Spear, was crushed bit by bit by the barrier of Peach Blossom Dock!

As the barrier surged, the silver spear broke inch by inch and finally turned to dust! If Nan Yifan was a step later, he would probably be in danger too!

"...How can the barrier of Peach Blossom Dock be so powerful?!" someone in the crowd muttered in shock.

However, they didn't know that Peach Blossom Dock's barrier had been rebuilt after it was destroyed. The current barrier was covered in the power of the God-Destroying Tribulation, so it was naturally not something ordinary barriers could compare to!

Swoosh!

Chu Liuyue raised her sword and pointed it forward. "Everyone, go ahead!"

The tip of the sword was sharp and shone coldly under the sunlight!

Strong fighting spirit erupted from Chu Liuyue's body.

Although there was still a barrier between them, the Yi family and Nan family standing outside couldn't help but be secretly shocked. Is this aura really something that a true god can possess?

Nan Yifan took a few steps back and barely stabilized himself. Although he had dodged in time and wasn't injured, it was obvious that he had lost in the exchange just now, and in front of so many people!

A legendary warrior was actually easily stopped by a true god and even had his weapon snatched away! It was simply a great humiliation!

Nan Yifan stood there in a sorry state. He had never suffered such a loss from anyone below his realm!

He was shocked and furious; he wished he could rush over and kill her! However, Nan Yifan was the head of the Nan family after all.

After being in a high position for so many years, if he really didn't have a brain, he would've been pulled down long ago. How could he have come to this point?

He took a deep breath and forced himself to calm down.

Previously, he had been agitated by the deaths of Nan Yiyi and Nan Yuxing and had been very unstable. Coupled with his lack of understanding of Chu Liuyue's strength, it caused him to do so many stupid things on impulse.

Now, Chu Liuyue had directly obliterated the Soul-Devouring Silver Dragon Spear and blocked his attack almost effortlessly. It finally woke him up!

This is obviously not going to work if this continues. Chu Liuyue's combat strength clearly far exceeds my previous estimation! In other words, if I want to take down Peach Blossom Dock, I will have to pay a higher price...

Nan Yifan's mind raced as he slowly exhaled. It doesn't matter. Eight legendary warriors from the Nan family have come this time, plus the ten from the Yi family... Our combat strength is extremely high! Even if Chu Liuyue can stop me alone, can she stop everyone outside?

"Since you've said so... don't blame us for being rude!" After Nan Yifan finished speaking, he folded his hands in front of him.

Vigorous force surged out of his body endlessly, and a dazzling purple light quickly covered his body!

"Purple Cloud Armor!"

Soon, his entire body was wrapped in purple scales!

Chu Liuyue squinted her eyes. This aura... is inexplicably familiar...

Immediately after, Nan Yifan crossed his feet slightly, clenched his right hand into a fist, and punched out fiercely! "Purple Cloud Fist—Break!"

Last time, he used 70% of his strength. This time, he used his full strength without hesitation!

The fist wrapped in the Purple Cloud Armor tore through the air!

The void trembled and collapsed bit by bit. A black spatial rift quickly spread!

But in the eyes of the people in Peach Blossom Dock, this scene was ordinary and not interesting.

They had already experienced the scene of the sky collapsing and the ground sinking. Why would they be afraid of this?

This paled in comparison.

The sword in Chu Liuyue's hand suddenly slashed out, a silver light blade quickly flying out!

Swoosh!

In the blink of an eye, the light blade cut into the barrier!

When the surrounding crowd saw this, they were all confused. What is Chu Liuyue thinking? Is she planning to break the barrier herself?

However, everything that happened the next moment shocked them on the spot.

After the light blade touched the barrier, it didn't cut it apart. Instead, it quickly melted like water! Then, layers of ripples rippled across the barrier.

Shoo!

Under everyone's gazes, the light blade actually rushed out of the barrier again, heading straight for Nan Yifan!

It appeared too suddenly!

Nobody present expected Chu Liuyue's attack to be delivered in such a form! Moreover, not only did the aura on the light blade not weaken at all, but it also seemed to have intensified!

Nan Yifan was also shocked.

He had already sensed the shocking aura contained in it. However, there was no reason to retreat now!

He gritted his teeth and crazily urged the power in his body into his fist!

Clang!

A crisp impact was heard!

The light blade slashed accurately at Nan Yifan's fist!

Because of the Purple Cloud Armor's protection, Nan Yifan wasn't directly injured by this light blade. However, his situation wasn't any better—the impact of the light blade was too strong, directly numbing his entire palm!

The two sides began to fight fiercely, devouring each other!

At a certain moment, Nan Yifan turned his wrist.

Whoosh—

There was an ear-piercing scratching sound, and sparks flew!

Nan Yifan took a step to the side and quickly circled around this force, continuing forward!

He was extremely fast! In almost an instant, he arrived in front of the barrier again!

He turned his fist into a claw. The sharp purple scales that covered his fingertips were extremely sharp!

He reached out and planned to forcefully tear open the barrier! But at this moment, he suddenly heard a sharp scream!

He turned around and saw that the light blade—which he had just bypassed—had also changed direction and was attacking quickly!

Nan Yifan was shocked. This can happen?!

However, he didn't know that the Chi Xiao Sword had a sword soul which Chu Liuyue had personally refined. Naturally, it would follow her heart.

If one strike failed, it would come again!

Nan Yifan had no time to think about tearing the barrier and hurriedly dodged!

Although he was very fast, the light blade came too suddenly. He couldn't completely avoid it.

The light blade flashed and instantly left a bloody mark on his left shoulder!

Intense pain instantly assaulted him!

Nan Yifan subconsciously looked at the wound on his shoulder!

An inch-long scar lay across it, and flesh and blood rolled! Blood gushed out and quickly dyed his clothes red.

He covered it tightly and finally couldn't help but shout, "What are you waiting for?!"

Only then did the Nan family members wake up from their daze and move out!

Swoosh! Swoosh! Swoosh!

Sounds of air being torn apart echoed!

The dozen or so warriors of the Nan family stood in the air in succession, facing Chu Liuyue, who was standing at the door.

Just as they were about to attack, the light blade had already flown back and silently fused into the barrier.

The Nan family missed.

Nan Yifan's expression immediately turned extremely ugly! Chu Liuyue is simply toying with us!

...

The Yi family watched from the side.

Yi Wentao placed one hand behind his back with a calm expression, as if he had no intention of attacking.

Many people in the Yi family looked at each other.

None of them were stupid. It was true that the family head had come to Peach Blossom Dock this time, but it was obvious that it was related to the Nan family.

Thinking about what the two of them had talked about when Nan Yifan suddenly came to the Yi family, it seems obvious now. However, the Nan family has already taken action. Are we going to just watch?

Jun Jiuqing suddenly took half a step forward and said, "Master, I think we should end this quickly."

Yi Wentao turned around and glanced at him. "Oh?"

"The current Peach Blossom Dock might not be a cause for concern, but they also have many backers. When the time comes, the situation will only be more difficult to deal with." Jun Jiuqing's explanation was brief.

Yi Wenzhuo couldn't help but nod and agree. "That's right! Big Brother, not to mention the Sky-Cloud Empire, just Shangguan Yue alone is difficult to deal with. The legendary fiend she contracted is the red-gold heavenly phoenix clan's young mistress..."

Just Chu Liuyue alone wasn't that scary, but the key was that she indeed had an extremely powerful backer! Once that time came...

Yi Wentao pondered for a moment.

He had considered this question. From the moment he agreed to join forces with Nan Yifan, he had already imagined countless possibilities and the situation he would face under various circumstances.

It naturally included these scenarios, but since he had made this choice, it proved that he had thought it through.

He knew what was more important.

"Let's wait a little longer," he said seriously.

Seeing that he was still so calm, Yi Wenzhuo and the others became anxious. Wait? What is there to wait for? Isn't it the best choice to capture Peach Blossom Dock as soon as possible?

But no matter how everyone reacted, Yi Wentao's expression and attitude remained the same.

Seeing him like this, nobody could say anything.

In the Yi family, almost nobody disobeyed him. It was naturally the same now.

Yi Wenzhuo frowned and wanted to persuade him again, but in the end, he chose to give up. Finally, he sighed helplessly. I can never figure out what Big Brother is thinking. What is there to see when the Nan family fights with them?

Jun Jiuqing glanced at Yi Wentao and realized that the latter's gaze was on her. It seemed... a little focused.

He suddenly thought of something and followed Yi Wentao's gaze. What is he... looking at? Or is he waiting for something?

...

Everyone from the Nan family moved out and began to try to break the barrier of Peach Blossom Dock. For a moment, forces of all colors intertwined chaotically!

The rumbling continued, but no matter how they tried, the barrier was as stable as ever. Apart from a few ripples caused by the energy impact, not even half a crack appeared on the barrier.

Everyone's expressions gradually turned ugly.

Those who initially had some complaints about Nan Yifan finally understood why he had returned in defeat the previous two times. There is really something wrong with this barrier!

The Nan family could be considered the top aristocratic family in the God Residence Realm, but even they didn't dare to say that their barrier was stronger than this one!

Moreover, it was obvious that this barrier was controlled by Chu Liuyue alone! She could control this barrier at will!

"...No wonder it was rumored that this Peach Blossom Dock is now Shangguan Yue's territory. This barrier belongs to her. Look at her control—isn't it equivalent to holding the entire Peach Blossom Dock in her hands? Is there anything she can't do!?"

"How strange! How did she, a true god, do all this?"

"I heard that there was a huge commotion at Peach Blossom Dock previously. Ever since then, it has become like this. I wonder what Shangguan Yue did at that time."

Everyone was puzzled. They were really curious!

"If we can't open this barrier, are we going to continue wasting time?"

Then, this is too embarrassing...

Right at this moment, the sound of something being torn apart suddenly echoed!

Whoosh—

Everyone focused their attention and saw that Nan Yifan had already arrived in front of the barrier again!

He forcefully tore open the barrier with one hand and reached inside!

The Marriage of an Esteemed Supreme Healer, a Noble Ruler #Chapter 1945 Attack - Read The Marriage of an Esteemed Supreme Healer, a Noble Ruler Chapter 1945 Attack

Nan Yifan held a short blade in his hand.

The short blade was no longer than an adult's palm. It was completely purple and had a cold luster, and it was extremely sharp!

Almost silently, it cut through the tough barrier!

Seeing this, Nan Yifan was also delighted. I originally planned on just giving it a try, but I didn't expect it to succeed! It's now or never!

Nan Yifan almost immediately mobilized more strength and slashed fiercely!

The crack instantly elongated!

Without any hesitation, he flashed in!

"Let's go!"

When the Nan family saw this, they were also very excited. They hurriedly rushed over, planning to rush in with Nan Yuxing.

But just as Nan Yifan entered the barrier, the long crack actually began to recover at an astonishing speed! The barrier closed up again!

Waves of light rippled, and it looked no different from the beginning.

The Nan family members, who wanted to follow Nan Yifan in, were immediately stopped again. "This, this—"

The few people in front tried to open the barrier again, but it was still in vain.

Nan Yifan heard the commotion and looked back.

When he saw the barrier that instantly returned to normal, his eyelids twitched! A strong sense of unease then surged in his heart!

"Master Nan is really impressive. You can actually break through the barrier of my Peach Blossom Dock so easily." Chu Liuyue's smiling voice sounded.

Nan Yifan suddenly realized something, and his heart sank! Sh*t! I've been tricked! I've barged into the barrier alone. It is no different from a sheep entering a tiger's den!

"You! You're so cunning!" Nan Yifan was furious!

However, Chu Liuyue was still smiling. "No, no. I'm still much inferior to Master Nan's temperament and methods."

She was mocking him for killing Nan Yiyi for Nan Yuxing.

Nan Yifan felt as if his chest had been hammered by something. He was so suppressed that he couldn't breathe.

He stabbed out with his backhand!

Waves rippled across the barrier, but it wasn't cut apart like before.

She did indeed do it on purpose! Nan Yifan was filled with hatred. I never expected her to still have such a sinister move at a time like this!

Seeing that the barrier couldn't be opened... Nan Yifan's mind raced as he quickly made a decision! Since I'm already inside, I might as well fight them to the death! Today, even if I have to sacrifice my life, I definitely won't let these people have an easy time!

Nan Yifan's eyes slowly swept across Luo Yan and the others, filled with resentment. These four people all betrayed the Nan family! If I had known this would happen, I wouldn't have let them come with Yuxing back then! In that case, Yuxing might not have died!

Nan Yifan was filled with regret and anger. Finally, his gaze landed on Chu Liuyue. She is the main culprit behind all of this!

If looks could kill, Chu Liuyue would probably be riddled with holes now. However, she had long trained over the years, so she didn't take Nan Yifan's reaction seriously.

"Shangguan Yue, you do have some ability! But if you think you can be arrogant just because of this and be number one in the world... you're too naive!"

Chu Liuyue explained sincerely, "Master Nan, you've misunderstood me. I'm not an arrogant person. I just—don't take you seriously!"

What is there to say about enemies? If I don't kill them, I will be killed by them! I will never hesitate to make such a choice!

Nan Yifan gritted his teeth. I knew it! I shouldn't have said so much to her; otherwise, I might die of anger before anything can happen!

"How arrogant!" Nan Yifan reprimanded sternly, "If you really have the guts, fight me! If you win, you can kill or torture me! If you lose—"

"Master Nan, are you too sad and confused after your children passed away one after another?" Chu Liuyue interrupted him and asked curiously, "You came to your death yourself, but you want me to fight you alone? Something would have to be wrong with me to agree to your request."

In this situation, Nan Yifan was definitely dead meat! That was why he had said those words in a moment of desperation.

However, Chu Liuyue wasn't stupid.

"Besides, as a legendary warrior, you're saying such things to a true god like me... Master Nan, even if you're not embarrassed, I'm ashamed for you," she said with a faint smile.

Nan Yifan's face was red and white. How embarrassing!

He was really in a difficult position now!

Could he go back? But the barrier wouldn't open.

Step forward? There were so many people there. Even if he was a legendary warrior, he wasn't their match!

He was sweating and cold with anxiety.

Rong Xiu, who had been standing at the side and watching, suddenly spoke. "Master Yi, Master Nan has already fallen into such a state. Aren't you going to take action?"

His words were as cold and indifferent as usual, but it instantly silenced everyone outside the barrier!

Almost everyone subconsciously looked at Yi Wentao.

In fact, by this point, who couldn't tell why he was here?

Now that Nan Yifan couldn't even protect himself, he still didn't move. Could it be that he was going to watch Nan Yifan die?

When Yi Wentao heard this, his gaze shifted slightly.

He and Rong Xiu looked at each other for a moment.

Those eyes that were like a deep pool of still water were filled with coldness, making one's heart turn cold.

Yi Wentao's heart skipped a beat. I'm still afraid of Rong Xiu...

But at this moment, Nan Yifan abruptly rushed toward Chu Liuyue! He waved his hand, and the short blade instantly flew out!

A piercing pain assaulted his face!

With a thought, the Celestial Shield appeared in front of Chu Liuyue!

Yi Wentao's pupils constricted!

But at this moment, a green figure suddenly appeared in front of Chu Liuyue. At the same time, that person waved his sleeve!

A transparent, palm-sized jade bracelet flew out of his hand. The next moment, everyone saw that the short blade which Nan Yifan threw out had inexplicably changed direction and headed toward the transparent jade bracelet!

The closer it got, the slower it became. It was as if it had fallen into an invisible swamp.

Ding!

The short blade struck the inner edge of the transparent jade bracelet, producing a faint crisp sound before stopping completely!

Nan Yifan was shocked. When I threw the short blade, I used all my strength! Even if I couldn't kill Chu Liuyue, logically speaking, I should be able to leave an injury on her.

One has to know that this short blade isn't an ordinary item. Even if Chu Liuyue has some ability, it would be very difficult to stop it. In the end, not only did this thing not hurt her, but it was also easily dealt with by someone else?

At the same time, a powerful pressure swept over!

Nan Yifan was forced to stop. He immediately looked at the person who had attacked and frowned. Cen Yi—I remember this person. He is Chu Liuyue's subordinate.

From beginning to end, he has been following her. Only when he went to escort Luo Yan and the others did he leave for a moment. However, it isn't difficult to tell from these things that he should be her right-hand man and has a high status here.

Except... How could he be so strong?

Nan Yifan's attention had always been on Chu Liuyue and Rong Xiu. From Beginning to end, he didn't even look at Cen Yi.

It was only at this moment that Cen Yi attacked!

How could an ordinary person block my attack so easily? Nan Yifan began to examine Cen Yi carefully.

However, Cen Yi didn't seem to care about this. With a flick of his wrist, he put away the transparent jade bracelet.

"Let me see that short blade," said Chu Liuyue.

Cen Yi responded and handed over the short blade.

Chu Liuyue carefully sized up the purple short blade in her hand and smiled meaningfully. "Master Nan is really capable. You can even polish the dragon scales of the great phoenix dragon into a sharp weapon?"

No wonder I felt that this thing was inexplicably familiar when Nan Yifan took it out previously. This short blade was originally forged from the dragon scales of the great phoenix dragon race! However, it's unknown what method Nan Yifan used to actually have this thing.

Nan Yifan's expression was cold. "It has nothing to do with you!"

Chu Liuyue raised her eyebrows slightly and played with the short blade. "You intend to use this to harm my life. How is it none of my business? Besides—"

Besides, these dragon scales aren't ordinary. What other secrets are hidden here?

However, she didn't say these words out loud.

Nan Yifan no longer planned to talk to her.

His expression changed, and after a short pause, he attacked again! It seemed like he had decided on killing her.

When Cen Yi heard the commotion behind him, he cupped his fists and bowed. "There's no need for you to do such a small thing yourself, Master."

Chu Liuyue thought for a moment and nodded slightly. "Alright. I haven't seen you fight in a long time."

At this point, she suddenly turned around.

A young man was standing inside the gate of the city wall, staring intently.

Chu Liuyue waved her hand. "Thirteen, come here."

She had sensed that Thirteen was here just now, but the latter was very sensible and knew that the current situation was complicated. He didn't step forward and only stood inside to watch.

Thirteen's eyes lit up, and he immediately ran over.

He didn't think about danger or anything. Master and Big Brother are both here. What's there to worry about?

"Master?" Thirteen came over, still confused as to why she had asked him to come over.

Chu Liuyue raised her chin and gestured for him to stand beside the people in charge of guarding the city gate. "Alright, just stand there."

Thirteen obediently walked over and stood still.

"It's rare for your brother to make a move. This is a rare opportunity; you have to watch carefully," said Chu Liuyue with a smile.

Thirteen was delighted and hurriedly nodded. "Yes!"

Chu Liuyue nodded in comfort. He is worth teaching. In addition, I actually want to see how strong Cen Yi is now.

On the one hand, she could teach Thirteen. On the other hand, she could resolve the doubts in her heart. In the end, she could even make Nan Yifan suffer...

Why not kill three birds with one stone?

...

Everyone was confused at first, then shocked. Chu Liuyue still has the time to think about this at a time like this?!

Nan Yifan was also about to go crazy. The veins on his forehead throbbed crazily, and he felt extremely humiliated! What does she mean? Is she looking down on me? In fact, she didn't even take action herself and only sent out one of her subordinates!

There seemed to be flames burning crazily between his chest and abdomen!

Nan Yifan instantly sped up again!

Cen Yi turned and looked at Nan Yifan, who was rapidly approaching. Immediately after, he moved his feet and ran forward!

It seemed like he was planning to fight Nan Yifan head-on!

Most of the onlookers had complicated expressions. Chu Liuyue is too arrogant, and her subordinates are just like her!

Who is Nan Yifan? The head of the Nan family and a top expert who broke through to become a legendary warrior decades ago!

Cen Yi looks to be only 28 or 29 years old and is very young. Even if he has some strength, can he be compared to Nan Yifan, who has a lot of combat experience? This is simply courting death!

...

Nan Yifan quickly mobilized the power in his body.

In fact, after what had happened before, he didn't dare to let his guard down.

Cen Yi could easily withstand his move, which proved that he definitely had some strength! At this moment, he couldn't slack off at all!

The surrounding natural energy began to surge toward Nan Yifan quickly! The aura on his body strengthened again!

Cen Yi's narrow, indifferent eyes narrowed, but compared to Nan Yifan, there was almost no movement on his side.

The distance between the two of them was rapidly shrinking!

Nan Yifan suddenly stretched out a finger, and a clear cry that seemed to come from hell sounded from afar! "Nine Nether Finger!"

At some point, his index finger had also turned dark purple. Moreover, mysterious patterns vaguely appeared!

At the same time, the Nan family totem between his eyebrows flashed!

Cen Yi's expression didn't change as he threw a punch! "Flying Wind Fist!"

His fist was covered in a green light that flowed gently like water. In the sunlight, it even sparkled.

His movements were valiant and unrestrained like a gentle breeze, exuding an indescribable charm of freedom.

Then, the two of them fought!

Rumble!

The two forces collided fiercely!

The violent energy quickly spread in all directions!

A layer of green and purple light exploded, instantly enveloping the two of them!

Almost everyone's gaze fell on the two of them, eagerly waiting for the outcome.

However, there was one person who wasn't paying attention. This person was Yi Wentao.

After seeing Chu Liuyue summon the Celestial Shield, his heart skipped a beat as he waited for her to take action. However, he didn't expect Cen Yi to suddenly appear and go against Nan Yifan.

This made Yi Wentao feel very bad, but there was no trace on his face, and he continued to watch indifferently.

"Shangguan Yue's subordinate is quite extraordinary," he suddenly said. Why did he choose this moment... Moreover, from my previous observations, Cen Yi's strength shouldn't be underestimated.

Yi Wenzhuo frowned. "I heard that Shangguan Yue brought him from outside the God Residence Realm. I didn't know that she had such a person by her side..."

Yi Wenzhuo's eyesight wasn't weak, so he had seen Cen Yi take Nan Yifan's move clearly. He was certain that Cen Yi's strength couldn't be underestimated, but the more this was the case, the more aggrieved he felt.

Chu Liuyue is really too evil! Not only is she always stronger than everyone expects, but even the people she brings along are beyond expectations too. Every time we think we know her well enough, she'll always be able to do more shocking things and pull out more trump cards! I wonder if this time...

Suddenly, a figure flew out of the intertwined flames!

Thump!

His body fell heavily to the ground with a dull thud!

Everyone hurriedly looked over. When they saw the face clearly, they gasped.

It was actually Nan Yifan who was beaten to the ground! At this moment, he was lying on the ground, his face pale and spitting blood.

And an index finger had actually been broken! At this moment, it was drooping at a strange angle, dripping with blood.

It looked like he was in a sorry state.

Everyone was stunned and fell into dead silence! They thought that Nan Yifan would definitely win, but who knew that he would lose in just one round?

Then, a green figure flew out of the ball of fire.

Countless gazes looked over and realized that Cen Yi—who had also experienced an intense battle—wasn't stained with blood at all!

He stood in the air, his green clothes upright. His eyes were indifferent and cold, but there was an indescribable cold nobility.

He looked down at Nan Yifan. "Admit defeat?"

Nobody expected that the person who said this would be Cen Yi!

He is just one of Chu Liuyue's subordinates! If even he is so powerful, then Chu Liuyue...

Nan Yifan struggled to stand up, coughing non-stop.

He spat out a few more mouthfuls of blood at Cen Yi's words.

How high and mighty were these two words?! It was almost like a few loud slaps to his face!

Nan Yifan endured the pain all over his body and looked up. Then, a cold smile suddenly appeared on his face. "Admit defeat? In your dreams!"

As soon as he finished speaking, he suddenly bit the tip of his tongue!

The short purple blade in Chu Liuyue's hand suddenly cracked!

Ka!

Chu Liuyue quickly looked down!

A dragon's roar suddenly sounded from within! Almost at the same time, the void beside Nan Yifan shook violently!

A figure walked out!

"Master Nan, why did you look for me?"

Nan Yifan swallowed a mouthful of blood and said word by word, "Elder Fushan, you must help me this time!"

Miao Fushan frowned at Nan Yifan's sorry state. "What's wrong, Master Nan?"

With his status, he shouldn't have fallen into such a state... Moreover, to be able to force Nan Yifan to use my dragon scale to summon me, he must've really reached a critical moment.

Miao Fushan inquired as he quickly looked around.

At first glance, he saw Chu Liuyue holding the shattered dragon scales. Then, he was slightly stunned. This situation doesn't seem right...

Nan Yifan's next words immediately confirmed his guess.

"Elder Fushan, it's like this—Shangguan Yue, Rong Xiu, and the others killed my children and several Nan family elders in succession. I originally wanted to lead people here to demand an explanation, but I didn't expect them to be extremely cunning. They actually bewitched the few Nan family elders who were detained previously and made them pour all the dirty water on me! Elder Fushan, all these years, I haven't dared to disturb you, but I really have no choice this time..."

Chu Liuyue was amazed. Is this what 'distorting the truth' is? Is this what 'having a glib tongue' is? The evidence is clear, but he could still say such a thing. He is really not an ordinary person.

Chu Liuyue began to understand how Nan Yifan had been the head of the Nan family for so long.

As Miao Fushan listened, the expression on his face became even more subtle.

He nodded only when Nan Yifan finished. Then, he took a few steps forward.

Everyone looked over and had various expressions.

There was only one Elder Fushan in the entire God Residence Realm—elder of the great phoenix dragon clan, Miao Fushan!

This person was a famous figure. It was rumored that he was of extremely high seniority and had a very noble status in the great phoenix dragon clan. Even the family head would respect him.

Nan Yifan has indeed found a powerful backer!

Even the people from the Nan family were shocked and confused. They had never known that Nan Yifan was actually friends with Miao Fushan!

With this one, even if her contracted fiend is the red-gold heavenly phoenix clan's young mistress, it should be slightly inferior, right?

Thinking of this, many people's eyes revealed excitement and anticipation.

Nan Yifan wiped the blood from the corner of his mouth and looked at Chu Liuyue coldly and smugly.

However, Miao Fushan's next move shocked everyone. He cupped his fists and bowed to Rong Xiu and Chu Liuyue. "Your Grace, Princess Consort, long time no see. How have you been?"

His attitude was very polite and even a little familiar. It was as if they were acquaintances!

Nan Yifan's smile froze on his face before it could fully spread. He stared at Miao Fushan in disbelief. I invited Miao Fushan here to deal with Chu Liuyue, but what's with this reaction?

Rong Xiu nodded and smiled. "It's been a while since we last met. Elder Fushan, you're even more energetic than before."

Chu Liuyue's eyes curved up like a crescent moon. "That's right! It seems that Elder Fushan has been living quite happily recently?"

Miao Fushan waved his hand and smiled bitterly. "Don't tease me. Some time ago, I was busy and couldn't leave, so even when the two of you were newlyweds, I couldn't personally come to congratulate you. Please forgive me."

When Miao Zhen ascended the position of clan leader, he naturally had to clean up Miao Yang's subordinates in the family. Therefore, during this period of time, the entire great phoenix dragon clan had been rather shaken.

Things had just calmed down when he was invited over by Nan Yifan again.

Rong Xiu smiled and said, "Elder Fushan, you're too polite. You're my elder, so I should've brought Yue'er back to Godly Dragon Island. I just didn't expect to see you here before I could go over."

As the three of them spoke, the onlookers were all stunned. Why does it seem like Rong Xiu and Chu Liuyue have a better relationship with Miao Fushan?

The longer Nan Yifan watched, the more flustered he became. He vaguely felt that he had missed something important.

Everyone in the God Residence Realm knew that Rong Xiu and Chu Liuyue had dealings with the great phoenix dragon clan. After all, on their wedding day, the clan leader—Miao Zhen—had personally gone to congratulate them.

But... Nan Yifan had always thought that they were at most acquaintances and weren't close. After all, the great phoenix dragon clan had always been arrogant and rarely interacted with the human race.

But now, this...

"That's right. I didn't expect Elder Fushan to be familiar with Master Nan?" Chu Liuyue raised her eyebrows slightly.

Miao Fushan sighed inwardly. "It's a long story. Many years ago, I met Master Nan once. At that time, I was in a dangerous situation, and Master Nan helped me out. Therefore, I left a dragon scale as a token and promised that if he needed any help in the future, he could just break this dragon scale."

In other words, there was only one chance. However, once was enough to make many people envious.

One had to know that this was Miao Fushan! It was difficult for many people to even meet him, but Nan Yifan could ask him for help. Even if it was thousands of miles away, Miao Fushan would immediately rush over!

The distance between them wasn't small!

Nan Yifan knew how precious this opportunity was, so he cherished it all these years and had never used it. It was only this time that he was forced to use this trump card.

But from the looks of it, the development of the matter seemed to have... deviated from the direction he had expected?

Chu Liuyue raised her eyebrows and glanced at Rong Xiu. No wonder... Logically speaking, a person like Miao Fushan wouldn't have any connection with Nan Yifan. So there was such a reason.

"I just didn't expect to bump into the two of you this time." Miao Fushan didn't expect to face such an awkward situation.

Chu Liuyue asked, "Then... is Elder Fushan planning to help Master Nan?"

This question asked what everyone was thinking.

For a moment, there was silence both inside and outside the field. Everyone was waiting for Miao Fushan's answer.

His choice determined the outcome of today's matter to a great extent!

Miao Fushan laughed helplessly. "Princess Consort, don't tease me. It's fine if it's others, but the two of you... I can't beat you up. If the clan leader finds out, he'll be angry later."

This sentence directly expressed his attitude!

Nan Yifan immediately panicked and hurriedly took a few steps forward. "Elder Fushan? What do you mean?"

I was the one who invited him over first. It was clearly an agreement made many years ago! Why is Miao Fushan still standing with those people in the end?!

Miao Fushan stroked his beard helplessly. "Master Nan, you've really made things difficult for me this time. If it were anything else, I would naturally not refuse. But this time... I really can't do anything."

Nan Yifan still wanted to explain, but Miao Fushan continued, "The Princess Consort is already half a family member of my great phoenix dragon clan. How can I attack her?"

The Marriage of an Esteemed Supreme Healer, a Noble Ruler #Chapter 1949 Whose Helper Was It? - Read The Marriage of an Esteemed Supreme Healer, a Noble Ruler Chapter 1949 Whose Helper Was It?

Every word echoed clearly in everyone's ears! It was like a thunderclap!

Everyone was shocked on the spot and couldn't come back to their senses for a long time. They almost thought they had heard wrongly!

Half a family member... Half a family member?!

Who exactly is Chu Liuyue, and what ability does she have to make Miao Fushan say such things?!

Nan Yifan was completely stunned. He looked at Miao Fushan in shock and opened his mouth, but no matter what, he couldn't say anything.

Miao Fushan said, "I indeed owe you a favor, Master Nan, but... How can there be a reason to hit one's own family for an outsider? Master Nan, don't you think so?"

If Miao Fushan's previous words were considered tactful, then this sentence had completely cut off the last trace of fantasy in Nan Yifan's heart!

One side was family! The other side was an outsider!

It was obvious who was closer!

"This time, I've let you down. Therefore, if you need any help in the future, just let me know. I'll definitely do my best to help, but this time... Please forgive me. I really can't help," Miao Fushan said. "As compensation, I'll help you two times in the future. What do you think, Master Nan?"

What do I think? If you've already made up your mind, why bother asking me? Nan Yifan sneered in his heart. Would Miao Fushan take back his words if I say no? More importantly, if he doesn't help, it'll be a problem if I can survive today! Even if there are two, three, or even more opportunities later, what is the use?!

How laughable!

At this moment, Nan Yifan's limbs were cold, and only his chest was burning as if something was crashing back and forth in his lungs, about to break out!

A warm, sweet breath suddenly rose in his throat, and he forced himself to swallow it! I have never felt like a clown before!

Miao Fushan's words were like a slap to his face, and it burned!

...

At this moment, the people standing outside the barrier didn't react any better than Nan Yifan. Miao Fushan said that... she was a member of the great phoenix dragon clan?! However, she's a human!

More importantly, her contracted legendary fiend is the red-gold heavenly phoenix clan's young mistress! It might be reasonable to say that she is half a family member of the red-gold heavenly phoenix clan, but as for the great phoenix dragon clan—

Who in the entire God Residence Realm doesn't know that the relationship between these two ancient legendary fiend clans has always been very subtle?

On the surface, everyone seems to mind their own business, but in fact, they are openly and secretly opposing each other.

The great phoenix dragon clan actually treated her as family... Did they even consider the existence of the red-gold heavenly phoenix clan?

Besides, why haven't we heard anything about such a big matter before?!

Even the usually calm Yi Wentao frowned when he heard this.

The Yi family had always been secretly paying close attention to these two ancient legendary fiend clans, but they had never heard of any commotion.

Why did Chu Liuyue suddenly have such a close and intimate relationship with them? What's even more troublesome is that Miao Fushan has a noble status. His attitude basically represents the attitude of the entire great phoenix dragon clan.

If the red-gold heavenly phoenix clan and the great phoenix dragon clan come to help at the same time, then—at that time, it would probably be difficult!

Yi Wentao slowly clenched his fists.

...

Actually, Chu Liuyue was also a little surprised that Miao Fushan would say such a thing directly.

Thinking about it carefully, he was probably affected by Miao Zhen's attitude. Because of Zi Chen, I am indeed close to the great phoenix dragon clan. However, it's still very rare for Miao Fushan to be willing to say it.

One could imagine that this sentence would definitely spread throughout the entire God Residence Realm!

By publicizing it completely, they were standing behind her and supporting her! To the great phoenix dragon clan, this was indeed an extremely important decision.

Chu Liuyue never thought that it was right for others to help her. Therefore, she was actually very grateful that Miao Fushan was willing to do this.

"Thank you, Elder Fushan," she said softly. "Actually, there are many lies in what the Nan family's master said previously."

Then, she succinctly recounted what had really happened.

Originally, she didn't want to say anything else, but Miao Fushan's attitude surprised her and filled her with gratitude. Therefore, she felt that she should tell the truth.

As for who Miao Fushan believed, it was up to him.

Miao Fushan's frown deepened as he listened. At the end of the story, his face was ashen.

He suddenly turned around and stared at Nan Yifan. "Master Nan, are these all true?!"

A trace of panic flashed in Nan Yifan's eyes, but he still said stubbornly, "Since Elder Fushan has already chosen to stand on their side, why are you asking me this?"

He put on a look of disdain and mockery.

But who was Miao Fushan? Nan Yifan's disguise was useless in front of him.

With just a few more glances, Miao Fushan had basically guessed his thoughts.

His expression turned cold. Nan Yifan had no problem asking me to help. Nan Yifan was the one in the wrong, so there is no problem. But... I will never tolerate Nan Yifan lying!

Nan Yifan felt guilty under Miao Fushan's gaze and subconsciously looked away.

After a while, Miao Fushan said lightly, "Master Nan, on account of you helping me previously, I won't pursue today's deception. But from now on, the debt between us will be written off! Master Nan... you'd better pray for yourself!"

After saying that, he flicked his sleeves fiercely and turned to walk in the direction of Chu Liuyue's group.

Chu Liuyue was a little surprised. "Elder Fushan, what are you—"

"Princess Consort, it's a joyous occasion that you can take down Peach Blossom Dock. I should congratulate you." A smile appeared on Miao Fushan's face.

This matter had recently spread like wildfire in the God Residence Realm. Naturally, he had heard about it.

He had long thought that the other aristocratic families of the human race might take action, but he didn't expect that these two families would be the first to take action. Moreover, they had happened to summon him.

Since it was such a coincidence, he might as well stay here and help.

"Since it's a beautiful thing, I naturally won't allow others to ruin it. Although I'm old, I can still help with a small favor. I hope you won't mind."

He said that he wouldn't attack Nan Yifan, but he didn't say that he would do the same to others! After weighing the pros and cons, he naturally had to help Chu Liuyue.

Chu Liuyue was also rather surprised. "What are you saying, Elder Fushan? We should be the ones thanking you!"

Although she originally had her own plan, Miao Fushan's willingness to help undoubtedly increased their chances of winning greatly!

Nan Yifan almost fainted when he heard this.

The Marriage of an Esteemed Supreme Healer, a Noble Ruler #Chapter 1950 Defeat! - Read The Marriage of an Esteemed Supreme Healer, a Noble Ruler Chapter 1950 Defeat!

After a long time, I didn't manage to get help. Instead, I have another enemy, and it's the kind with extremely high combat strength!

Nan Yifan felt that everything seemed to go haywire in the face of Chu Liuyue!

He had hidden this trump card for many years. Now that he finally took it out, it was ruined by a few words from Chu Liuyue!

He couldn't understand how she could be on good terms with two ancient legendary fiend clans at the same time!

Moreover, it wasn't just an ordinarily good relationship. They were close enough to help each other at any time!

Nan Yifan was filled with regret. If I had known earlier, I would never have invited Miao Fushan over! However, it's too late now!

...

Miao Fushan's appearance and attitude changed the situation greatly.

If they still dared to take a gamble before, they were more or less hesitating now.

Great phoenix dragons were an ancient legendary fiend race!

It was already troublesome enough for Chu Liuyue to contract the red-gold heavenly phoenix clan's young mistress. Now, with the addition of the great phoenix dragon clan...

To Nan Yifan and the others, it was undoubtedly adding insult to injury!

Yes, the Yi and Nan families had higher statuses and foundations than those first-rate families. However, it was still inferior to these two legendary fiend clans.

Not to mention that when these two races joined forces, they were incomparably powerful! What could they use to continue fighting?

"Master, do you think... we should continue?" someone from the Yi family asked softly.

The current situation... is a little troublesome. Fortunately, we have yet to attack. If we leave now, We might be able to avoid this battle.

Yi Wentao turned around and glanced at the person who spoke. His eyebrows moved slightly as he said lightly, "You want to leave?"

The person who spoke immediately shuddered. "N-no..."

Although the family head's expression didn't change, there was an inexplicable coldness that made one's heart turn cold.

The surrounding people originally wanted to agree, but when they heard Yi Wentao's question, they immediately fell silent.

"After spending so much effort to come here, if we return quietly, how can our Yi family establish ourselves in the God Residence Realm in the future?"

Yi Wentao's voice was calm, but it immediately alerted everyone. Yeah! We have already come this far. How can we leave just like that?

Everything that happens here today will quickly spread in the God Residence Realm as if it has wings! At that time, what will those people think of the Yi family?

Moreover, we're here for Peach Blossom Dock. If we miss it, we don't know when we'll be able to find such a perfect place in the future. No matter how we look at it, we can only choose to continue!

...

Swoosh!

A piercing sound suddenly came from behind!

Nan Yifan suddenly came back to his senses, but before he could do anything, a cold green light suddenly flashed past his eyes!

He knew that it was bad, but there was no time to dodge!

A cold sting instantly came from his abdomen!

His body stiffened, and he lowered his eyes slowly.

A bowl-sized bloody hole appeared on his body, spurting blood.

His clothes were already stained with blood, but at this moment, a large amount of blood gushed out and quickly soaked his clothes, making them stick tightly to his body. Moreover, blood kept dripping, making him look even more shocking.

The intense pain quickly spread! At the same time, abundant force surged out of his body as if he had lost control!

Nan Yifan's mind went blank for a moment. My pearl of essence... My pearl of essence has shattered!

He almost had to force himself to look back!

At some point, Cen Yi had arrived behind him. In front of him was a transparent jade bracelet floating quietly—it was the one he had used to block Nan Yifan's short blade.

But at this moment, the jade bracelet was stained with a few drops of blood that were slowly dripping along the arc. It could be seen that Nan Yifan's injuries were left behind by this thing!

Nan Yifan's eyes widened in disbelief and deep resentment. How did this happen? Why didn't I notice anything when Cen Yi attacked? If I had reacted earlier, my pearl of essence wouldn't have been shattered so accurately!

Cen Yi looked at him coldly, as if he were looking at an ant.

He clearly didn't say anything, but Nan Yifan could feel that Cen Yi looked down on him.

Nan Yifan became angrier and angrier, but at the same time, he felt great fear.

He had to admit that Cen Yi's strength was indeed above his!

The two of them had only exchanged two moves, but Cen Yi had placed him in such a situation!

Even though Nan Yifan wasn't vigilant enough, if not for Cen Yi being strong enough, it would definitely be impossible for him to succeed!

What was even more terrifying was that such a powerful figure was actually Chu Liuyue's subordinate!

Why did he willingly follow her and bow down to her?

Nan Yifan couldn't understand, but he was indignant! Finally, his body gave way, and he collapsed.

Plop!

He dropped to his knees with a thud.

This kneel directly smashed into the hearts of the Nan family.

For a moment, there was dead silence.

At this moment, a face suddenly appeared in Nan Yifan's peripheral vision.

Yi Wentao.

Their eyes met for a moment.

Yi Wentao narrowed his eyes slightly.

However, Nan Yifan suddenly thought of something, and a hint of ruthlessness flashed across his eyes.

Rumble!

A ball of flames suddenly erupted from his body!
