The flames were pure white. When they burned, there were silver spots of light flickering in them.

This flame drilled out of Nan Yifan's body and quickly engulfed his entire body! In the blink of an eye, Nan Yifan became a burning man!

But unlike other flames, this silver-white flame wasn't hot. Instead, it carried traces of cold air.

On the ground where Nan Yifan was, the sporadically dripping blood gradually froze, covered in a thin layer of frost! Then, Nan Yifan actually stood up again!

Through the silver-white flames, one could vaguely tell that Nan Yifan's body was undergoing some changes.

He just stood there and let the flames burn crazily on his body!

The surrounding natural energy continued to surge toward him and fuse into the flames!

As time passed, Nan Yifan's originally declining aura actually began to recover gradually!

Chu Liuyue furrowed her brows.

Rong Xiu said, "He's summoning his Holy Body."

Stunned, Chu Liuyue came to a sudden realization. "His Holy Body seems to be a little different from others..."

The Nan family had always been a relatively mysterious existence in the God Residence Realm, so there weren't many rumors about Nan Yifan himself. Outsiders basically had no way of knowing.

As for what Holy Body he had cultivated, they naturally didn't know.

She had seen many Holy Bodies in the ancient books of Ling Xiao Academy, but none of them were the same as Nan Yifan's.

In just a short while, the aura and pressure on Nan Yifan's body seemed to be comparable to before! More importantly, the aura was still intensifying!

After the silver-white flames burned fiercely, they began to return to Nan Yifan's body gradually. Only then did Chu Liuyue see that most of the injuries on his body had healed!

Even the puncture wound on his abdomen—which Cen Yi had left behind—had mostly healed and begun to scab!

Chu Liuyue knitted her brows. Nan Yifan's injuries were very serious, especially since his pearl of essence had been shattered! Logically speaking, he should've lost all his offensive power and can't fight anymore! Who knew...

At this moment, Nan Yifan raised his head and looked straight at her. Only then did she see that his face and neck were covered in a thin layer of frost.

From afar, he looked like a frozen man.

The thin frost was bone-chilling!

His eyes had turned silver!

When Chu Liuyue met those eyes, her heart skipped a beat!

Cold, bloodthirsty, and crazy! It was as if he wanted to devour everything!

A trace of uneasiness suddenly surged in her heart, and she immediately mobilized the force around her!

Cen Yi waved his sleeve, and the transparent jade bracelet flew toward Nan Yifan again. But this time, Nan Yifan immediately reacted!

He raised his hand and threw a punch!

Clang!

The incomparably hard fist collided fiercely with the transparent jade bracelet, emitting a crisp sound!

The transparent jade bracelet was instantly sent flying!

The ground under Nan Yifan's feet instantly cracked, causing his feet to cave in! However, his fist was unscathed!

And he himself didn't seem to have suffered any substantial damage.

One had to know that his pearl of essence had already shattered, and he couldn't mobilize his force at all. At this moment, he was purely relying on his Holy Body to support himself!

Chu Liuyue knitted her brows. Nan Yifan's Holy Body is actually so powerful?

The transparent jade bracelet flew back.

Cen Yi raised his hand and caught it.

Sensing the vibration of the lingering power above, his expression turned cold. Nan Yifan has already gone crazy. He gave up his body and used all his strength to fill his Holy Body! In order to strengthen his Holy Body, he even burned his remaining force.

Doing so was no different from killing the goose that lays the golden eggs! Most importantly, it would cause him great and irreversible damage.

He is going all out!

Just as this thought flashed through Cen Yi's mind, he saw the last flame on Nan Yifan's body disappear.

Then, Nan Yifan tiptoed and headed straight for Chu Liuyue!

...

Nan Yifan was extremely fast! Before Chu Liuyue could even see his movements clearly, she felt a cold breeze!

Chu Liuyue focused her gaze and looked into Nan Yifan's already silver eyes.

A thought suddenly appeared. Nan Yifan seems to be... targeting me especially?

From the beginning to now, I have almost always stood with Rong Xiu and acted together with him. However, Nan Yifan keeps targeting me alone, especially when he attacks. Without exception, he has always been targeting me!

Why is that? It can't be because of the so-called fear of Rong Xiu. After all, from the moment he decided to send Nan Yuxing and the others over, he had already planned the consequences of today.

That is... he thinks that I'm weaker than Rong Xiu and easier to control?

That doesn't seem right either. Rong Xiu is beside me and can attack at any time. Moreover, when they barged into the barrier of Peach Blossom Dock just now, they should've seen some of my strength.

Chu Liuyue's eyes sparkled. Nan Yifan is... trying to force me to make a move?

Thinking of this, she suddenly thought of something and turned to look at Yi Wentao.

Almost at the same time, Yi Wentao also looked at her!

The two of them fought silently!

However, Chu Liuyue instantly confirmed her guess! It must have been some agreement between the two of them that Nan Yifan ignored everything and insisted on facing me head-on! He wants to force me into attacking!

What does Yi Wentao want to see?

What does he want to know?

A thought popped up in Chu Liuyue's mind.

At this moment, Nan Yifan was almost in front of her!

The cold aura was almost suffocating, but at this moment, light suddenly flashed under Nan Yifan's feet!

The light was light green in color and was about the thickness of an adult's finger. It intersected with each other and formed a huge net that floated up!

Nan Yifan took a wrong step and wanted to avoid it. However, the huge net had already begun to close!

At the same time, countless silver needles flew out and headed straight for Nan Yifan! They covered the skies and the ground.

Nan Yifan's figure was instantly enveloped!

Nan Yifan originally didn't take these attacks seriously because he was very confident in his Holy Body. Moreover, this time, he had done his best to improve all aspects of his Holy Body to the strongest!

But soon, he realized that he was being too optimistic.

These silver needles and this huge net couldn't be underestimated!

Soon, his vision was occupied, and he was trapped in place, unable to continue forward!

At this moment, Cen Yi stepped forward. He slowly raised his hand and clenched it in the air!

Intense pain instantly spread throughout Nan Yifan's body! "Ah!"

## **The Marriage of an Esteemed Supreme Healer, a Noble Ruler #Chapter 1952 Thirteen Yue Guards - Read The Marriage of an Esteemed Supreme Healer, a Noble Ruler Chapter 1952 Thirteen Yue Guards**

The scream was extremely shrill and spread far and wide, instantly causing the expressions of everyone outside the barrier to change. This was because they clearly saw the green net suddenly tighten, binding Nan Yifan tightly!

At the same time, the countless silver needles on it pierced into his Holy Body!

Although those silver needles were very thin, they were very long and extremely tenacious. If they pierced directly, even his bones would be pierced!

Not to mention that his entire body had been stabbed by thousands of silver needles at the same time? Such pain wasn't something a normal person could withstand!

Nan Yifan's Holy Body trembled violently, but the huge green net held him tightly, preventing him from moving.

Everyone could only see that almost all the silver needles that flickered with a cold luster had entered his Holy Body, leaving only the equally sharp tips trembling slightly.

This time, there was no longer any dark-red blood gushing out of Nan Yifan's body, staining everywhere. However, everyone still felt a chill in their hearts as they watched.

Such pain... was no different from torture!

...

"Cen Yi is so ruthless!" Yi Wenzhuo couldn't help but exclaim in shock.

They could all tell that there was clearly something fishy about the silver needles. Otherwise, it would be impossible to penetrate Nan Yifan's Holy Body so easily!

His Holy Body was already considered extremely powerful, but at this moment, he was actually still unable to resist Cen Yi's attack...

"But you need to have the strength to do this first," Yi Wentao narrowed his eyes and said.

At first, his attention was on Rong Xiu and Chu Liuyue. It was only later that he realized that this young man in green might not be simple.

At this moment, he was finally certain of his previous guess. This Cen Yi... Not only is he a legendary warrior, but he is still the cream of the crop!

Although Yi Wentao and Nan Yifan didn't interact much, they had interacted some. Therefore, he had a basic understanding of Nan Yifan's strength.

Not to mention the Nan family, even in the entire God Residence Realm, there were probably not many people who could defeat Nan Yifan. However, not only did Cen Yi have the upper hand in the battle with him, but it also looked like it was effortless!

Even now, Yi Wentao had yet to accurately guess Cen Yi's true strength. In short, he was stronger than Nan Yifan and not just a little stronger!

Why have I not heard of such a person before? Yi Wentao realized that he had come in a hurry. If I had known earlier, I would've investigated more... However, it's clearly too late to say that.

"If I remember correctly, that Cen Yi seems to be one of Shangguan Yue's former subordinates? And some of the others are currently staying at Peach Blossom Dock?" Yi Wentao suddenly asked.

Yi Wenzhuo was stunned for a moment. Just as he was about to speak, Jun Jiuqing replied, "Yes."

Only then did he realize that this question was directed at Jun Jiuqing. That's true. Cen Yi and the others came from outside the God Residence Realm. Jun Jiuqing had stayed in Beiming for so long before, so he should know more.

Jun Jiuqing continued, "She has personal guards called the Thirteen Yue Guard. She personally selected these 13 people, and they only listen to her orders. Cen Yi is ranked first among them."

Yi Wentao frowned imperceptibly. "Are the other people in the so-called Thirteen Yue Guard as powerful as Cen Yi?"

There seemed to be ripples in Jun Jiuqing's eyes.

He smiled. "How could that be?"

## **The Marriage of an Esteemed Supreme Healer, a Noble Ruler #Chapter 1953 Attack! - Read The Marriage of an Esteemed Supreme Healer, a Noble Ruler Chapter 1953 Attack!**

"There are a total of 13 in the Thirteen Yue Guard. Cen Yi is naturally ranked first because he's the strongest. Although the remaining ones are also quite outstanding, they're still slightly inferior to Cen Yi," Jun Jiuqing said slowly.

Yi Wentao thought to himself and felt that this explanation made sense. But since these people have been following her since they were still outside the God Residence Realm, Cen Yi must be quite capable to be able to reach his current cultivation level. Either he was a legendary warrior in the past, or he had only broken through to this realm after following her to the God Residence Realm.

But no matter how he think about it, these two guesses are unbelievable. How old was Cen Yi now? He is so powerful, but how could he have achieved it so quickly?

"By the way, Master, I remember that there were previously rumors that Boss San in Peach Blossom Dock is also Shangguan Yue's subordinate." Behind them, an elder heard their conversation and suddenly thought of something. "That Boss San came to Peach Blossom Dock a few years ago and did business here. It's said that he seemed to have a close relationship with the Black Sword Sect here, but now..."

Now, it was obvious that the Black Sword Sect had been destroyed. Not even one escaped.

Nobody in the God Residence Realm received any relevant news. The Black Sword Sect seemed to have disappeared silently.

If they hadn't been paying attention to the commotion at Peach Blossom Dock and knew that there had always been a Black Sword Sect here, they would probably think that Chu Liuyue had come here directly to occupy the mountain.

"By the way, that Boss San isn't an ordinary person. The small space with many natural treasures at Peach Blossom Dock's Clear Water Cliff is his!" the elder continued.

If not for that, the Black Sword Sect wouldn't have kept him for so long.

Yi Wentao came to a realization. "So it's him?"

He remembered this person, but when he heard the relevant news back then, he didn't pay much attention to it. Most of his attention was on the Black Sword Sect.

Later on, after knowing that the Black Sword Sect had a close relationship with Black Demon Hole, he gave up on the idea of attacking.

Unexpectedly, when he heard the news about Peach Blossom Dock again, Chu Liuyue had already become the master here!

As for the Black Sword Sect, they were completely wiped out!

Yi Wentao looked ahead with a complicated gaze. Could it be... that Boss San and the others worked together from the inside to help Chu Liuyue take down Peach Blossom Dock so smoothly? If that's the case, her subordinates are really not to be underestimated...

He paused, half-turned his head, and asked, "Do you know the background of Shangguan Yue's Thirteen Yue Guards?"

Jun Jiuqing lowered his eyes and shook his head. "These people have been following her since a long time ago, and she found them herself. As for their specific backgrounds... Other than her, nobody else should know."

Yi Wentao was a little disappointed, but he was not surprised to hear this answer.

He couldn't help but glance at Rong Xiu. From the beginning to the end, Rong Xiu has been by her side, but he has almost never attacked. His meaning is clear. Peach Blossom Dock is Chu Liuyue's territory, so everything here should be resolved by her and her subordinates.

To put it bluntly, he is deliberately giving her a chance to establish her might today! It seems like he is really determined to make this Peach Blossom Dock belong to Chu Liuyue...

"Master Yi!" A nervous and anxious voice suddenly sounded.

Yi Wentao turned around.

It was an elder of the Nan family, Nan Hetian. This person was also Nan Yifan's trusted aide.

At this moment, he looked very worried and anxious. He cupped his hands at Yi Wenzhuo. "Master Yi, on account of the long history between the two families, please help save Master!"

At this moment, it was definitely impossible to rely on the Nan family's strength alone. Only with the Yi family's help would there be a glimmer of hope.

Nan Hetian hadn't wanted to speak so directly, but he had no choice.

He had followed Nan Yifan for many years and had always been loyal. How could he not feel uncomfortable seeing Nan Yifan suffer like this?

Moreover, he knew that Nan Yifan had secretly gone to the Yi family. He knew very well that the two sides must have made some agreement, but for some reason, the Yi family had yet to take action at this point!

They even looked like they didn't care and were just watching from the sidelines!

Nan Hetian was burning with anxiety and could only ask for help.

Everyone from the Nan family looked over.

Yi Wentao glanced at these people's faces and sneered in his heart. In fact, there might be people among these people who can open this barrier. If the eight legendary warriors join forces, there will be some hope. However, they didn't. It seems that the people inside the barrier aren't the only ones who want Nan Yifan to die...

All these years, the Nan family's internal conflict had always existed. However, it was suppressed by Nan Yifan and didn't show much.

But at the critical moment, this was fatal.

Seeing that Yi Wentao didn't say anything, Nan Hetian gritted his teeth and continued, "If Master Yi is willing to help, my Nan family will definitely do our best to help you take down Peach Blossom Dock today!"

As soon as he said this, the expressions of everyone in the Nan family changed.

Everyone could tell that Nan Yifan was dying. Such a person was destined to be unable to continue being the family head.

Even if he was barely saved, what was the point?

Some people had long disliked Nan Yifan, and Luo Yan's words had shaken many people's hearts.

Nan Hetian was Nan Yifan's closest confidant. He was naturally willing to do everything he could to save Nan Yifan, but others didn't think so. Therefore, after he said this, everyone in the Nan family remained silent.

However, Nan Hetian was focused on Yi Wentao, so he didn't notice.

Yi Wentao thought for a moment and glanced into the barrier.

Nan Yifan was kneeling on the ground. His entire body was tightly bound, and his body was already twisted and deformed.

Blood kept seeping from the corner of his mouth, but he couldn't say another word.

He looked extremely miserable.

Who would've thought that Nan Yifan, the head of the Nan family, would one day fall into such a state?

Yi Wentao frowned. Unfortunately, I still overestimated Nan Yifan. They have wasted so much time. It seems that I have to do it myself...

"Alright. In that case, I'll have to trouble everyone to attack together." Yi Wentao raised his hand, and huge battle axe made of bronze appeared in his hand!

Some mysterious runes were engraved on the battle axe.

When Yi Wentao mobilized the force in his body, a buzzing sound suddenly came from it! The next moment, he waved his arm and slashed down with the battle axe in his hand!

"Great Azure Sun Axe!"

With Yi Wentao's shout, the sky quickly darkened.

The winds were blowing, and a huge black spatial rift appeared! The ground also began to crack, and gullies spread!

Immediately after, the sharp power of the battle axe quickly transformed into a dazzling green ball of light that approached Peach Blossom Dock's barrier like the sun!

The transparent barrier—which was glowing with a faint colorful light—began to tremble violently! Ripples formed and spread in all directions.

Cen Yi quickly turned around and was about to move when he was stopped by Chu Liuyue. "Cen Yi, just watch Nan Yifan first."

He immediately retracted his leg that was about to step out and nodded in response. "Yes."

Then, he walked in front of Nan Yifan and waved his sleeve. Nan Yifan's body suddenly flew back.

Cen Yi moved and followed.

Thump!

Nan Yifan finally fell in front of Peach Blossom Dock's city gates.

Nan Yifan was already at the end of the rope. Cen Yi's attack directly made his body tremble, and he completely fainted.

Actually, to be precise, he had landed inside the city gates.

When the people in charge of guarding the city gates saw this, not only were they not shocked, but they also had looks of admiration and admiration.

They had seen clearly how strong Nan Yifan was just now. But in the end, he still lost to Cen Yi!

In fact, from beginning to end, Cen Yi's body was almost not stained with any blood!

Thirteen stood at the side, very close to Nan Yifan. He carefully sized up Nan Yifan, mainly to check his injuries.

As he did so, he recalled the move Cen Yi had used previously.

Soon, Cen Yi walked over.

"Big Brother!" Thirteen looked faintly excited.

It had been a long time since he had seen his big brother take action personally. Now that he saw it, he was indeed powerful!

The guards beside him also hurriedly bowed. "Greetings, Lord Cen Yi."

As people who had experienced the chaos at Peach Blossom Dock, they knew that Cen Yi was also very powerful. However, they didn't know that he was so powerful!

As expected of Master Yue...

The world admired strength. Once Cen Yi displayed such great strength, it naturally made them even more convinced.

Cen Yi nodded slightly and walked over. He then threw a jade bottle to Thirteen. "Feed him the pills inside. Master said to keep him alive."

Thirteen hurriedly caught it. "Yes!"

Although he didn't know why his master wanted to keep Nan Yifan alive, he would do as his master said!

Thirteen walked over, forced Nan Yifan's mouth open, and fed him the pill.

His still youthful face was calm, and his movements were decisive.

The surrounding people were terrified. Isn't this Thirteen... only in his teens? Why does he look so familiar with such things?

Besides, although Nan Yifan has fainted, he is still a legendary warrior who intimidated a region. Ordinary people would probably still be a little afraid. However, there is no fear on Thirteen's face...

This courage is really rare.

Those who can follow Master Yue are probably... not ordinary people...

Cen Yi quickly looked away, a flicker in his eyes. Master seems to... finally be planning to make a move?

...

The two sides were fighting fiercely!

At a certain moment, a crack finally appeared on the barrier!

Chu Liuyue muttered, "The Great Azure Sun Axe... is one of the top ten holy weapons. It's indeed extraordinary..."

Rong Xiu's heart skipped a beat. He glanced at her and indeed saw a familiar expression in her eyes.

He couldn't help but smile and ask in a low voice, "You want it?"

## **The Marriage of an Esteemed Supreme Healer, a Noble Ruler #Chapter 1955 Bringing Some Guests - Read The Marriage of an Esteemed Supreme Healer, a Noble Ruler Chapter 1955 Bringing Some Guests**

Chu Liuyue laughed. Of course, I want such a treasure. They have openly come to snatch my Peach Blossom Dock. Can't I think about a Yuan instrument? However, it's still unknown who will win in the end.

"If you need my help, just let me know."

Rong Xiu wasn't interested in these things, but since she liked them, he naturally had to snatch them.

Chu Liuyue smiled and shook her head. "No need."

I can get what I want by myself. It is dangerous this time, but it is also a rare opportunity. As long as I resolve today's troubles, I should be able to have some peace and quiet for a long time after that.

With that, she quickly circulated the force in her body.

A turbulent and vast power surged out of the gorgeous water droplet in her dantian! Almost at the same time, the power of Peach Blossom Dock's barrier increased again!

The crack—which had just been split open—was repaired in the blink of an eye!

The dazzling green sun was blocked outside again.

The power of both sides fought fiercely, and the surrounding void collapsed continuously! But under such a strong energy impact, the barrier was still very stable!

The Yi family watched from behind with complicated expressions.

"It seems that this Peach Blossom Dock has really undergone a huge change. I remember that when I came here in the past, the barrier was unstable, and I could enter and leave at will. Moreover, the slightest movement might cause the void to collapse... Who knew that it would actually become like this now..."

"I didn't expect that even Master can't directly split open this barrier... How did Shangguan Yue do it?"

"How strange... Are we going to be trapped outside forever this time? Then..."

That would be too embarrassing!

Previously, when the Nan family tried repeatedly but failed, most of the Yi family members were still very disapproving. It was only at this moment, when Yi Wentao encountered an extremely strong obstacle, that they finally understood that this barrier was much stronger than they had expected!

The reason why Yi Wentao had such a position in the Yi family was that his fists were strong enough! If even he couldn't do it... Then, they would probably suffer too.

Moreover, from now on, the entire Yi family would lose all face! They would no longer have the face to establish themselves in the God Residence Realm!

Yi Wenzhuo reprimanded coldly, "What nonsense are you talking about? No matter how powerful Shangguan Yue is, can she still fly?! Just because she can hold on for a while doesn't mean she can really protect Peach Blossom Dock! I want to see how long she can still be arrogant!"

As soon as he finished speaking, a deep and powerful voice came from the distant sky. "My disciple will naturally be as arrogant as she wants!"

That voice was like thunder, crashing through the thick clouds and rolling over!

Yi Wenzhuo's heart sank, and he immediately turned around!

At the same time, many people were also disturbed by this commotion and looked up!

An old man in a gray robe was approaching from where the world met!

He was extremely fast. In just a few flashes, he appeared in front of everyone!

The person who came was none other than the dean of Ling Xiao Academy—Nan Suhuai!

The crowd exchanged glances. He has indeed come!

Nan Suhuai is Chu Liuyue's master and has always doted on her. If he knew about the situation here, he would definitely rush over. However, how did he get here so quickly!?

One had to know that this time, the Nan family and the Yi family came quietly and only completely appeared upon reaching Peach Blossom Dock. Along the way, their whereabouts were hidden. Logically speaking, there was no possibility of being exposed.

Even if Chu Liuyue had directly sent out a distress signal after knowing that we were here, this place is thousands of miles away from Ling Xiao Academy. He shouldn't have arrived at this time, right?

Nan Suhuai floated in the air and quickly glanced around. His gaze lingered on Yi Wenzhuo and Jun Jiuqing for a moment before he snorted. "I even said that I haven't seen your whereabouts recently. I originally thought that you had gone out to train and cultivate alone. Who knew that... you actually bullied a student from your own academy? Yi Wenzhuo, you're really 'dutiful' as the vice-director!"

Yi Wenzhuo's heart trembled unconsciously under Nan Suhuai's gaze, but he quickly suppressed these emotions. Nan Suhuai is powerful, but now, the Yi family has the advantage in numbers. Could it be that I'm afraid of him?

In the past, I had always endured it for various reasons. But now that we've fallen out, there is no need to pretend anymore!

Yi Wenzhuo smiled coldly. "Nan Suhuai, do you think I really care about this position? Your position as the director should've been mine back then! You've occupied it for so many years, and now you want to lecture me from above... Are you worthy?!"

Nan Suhuai's expression turned cold. "I know you're brooding over what happened back then, but this was Master's decision! Besides, every injustice has its perpetrator, and every debt has its debtor. If you're dissatisfied with me, feel free to say it! Why transfer all of this to Yue'er?! Have you thought about the consequences of attacking someone from your academy...?!"

"Consequences?" Yi Wenzhuo seemed to have heard a joke. "Isn't it just the vice-director position of Ling Xiao Academy? Today, I'll tell you that I'm not going to be the vice-director anymore! From now on, I—Yi Wenzhuo—have nothing to do with Ling Xiao Academy!"

He had the Yi family behind him. If not for the fact that he wanted to prove that he wasn't inferior to his eldest brother, he wouldn't have gone to Ling Xiao Academy.

But there was no point in arguing about that now.

Nan Suhuai looked down at him and said word by word, "Yi Wenzhuo, this time, it's not that you took the initiative to resign from your position as vice-director. Instead, you're expelled from Ling Xiao Academy!"

Yi Wenzhuo's face suddenly turned pale!

At this moment, several more figures rushed over from behind. "Haha! Yue'er, it's so lively here! Are we late?"

Everyone looked over.

It was Shangguan Jing, and behind him were several legendary warriors!

Everyone was stunned. There are at least 20 of these legendary warriors! Where did Shangguan Jing find so many helpers?!

Under everyone's shocked gazes, Shangguan Jing stroked his beard and chuckled. "I brought some friends over as guests. Yue'er, you'll welcome me, right?"
