

Right Direction Pt. 4

Ted sighed, “Oh... My mom has wanted to meet the man of my dreams since I was little. She buys you... well she didn’t know it was you, but you presents on every single holiday. So you have three years’ worth of Christmas, Easter, my mom seems to think Thanksgiving is a time for presents too. Basically any holiday is an excuse for her to buy presents.” Isabella laughed, “I like her already.” I linked Matt, “Take the Ford F.250.” Matt said, “Let’s go Ted.” We all heard Ted sigh, “She’s going to full name me. I know it.” Matt laughed as they left. Everyone led out of my oca. Kincade linked me, “Alpha, we need you.” I tensed and ran out the door I shifted and took off, “Where are you? Is she ok?” Kincade said, “Eight demons just popped us. We are close to our border with your brother. They are calling her by a different alias. Diane. I guess some demon wanted her to be his spear, but she declined. The Black Arrow killed him. They want her to give them the Black Arrow. Is the Luna hood?” I linked, “Yes, we just discovered that Ted is which means she is.” Kevin linked, “We are ghting. She’s got weapons.” I pushed Bolt to run as fast as he could. I could hear them ghting. I dug deeper and saw her. She looked beautiful. She was really well trained. She killed the demon. She turned to my men thanking them for helping her. She was so gracious. My head snapped in the direction of a shot being red. I linked Kincade, “GET WHOEVER THAT WAS!” Lexi didn’t hear the sound of a shot being red. She turned to face me.

She was frozen in place. I was begging her with my eyes, “MOVE LEXI!” She was going to get shot. I knocked her to the ground and felt the hit. Bolt whined in pain. Bolt linked, “Tranquilizer.” Before I felt him fade to sleep. I shifted back on top of her. She realized I was her mate. She said string. That was funny. In her surprise she gave away that she was hood. Or she gured I knew because of Ted. She was smart like that. I tried to tell her I was trying to stay away from her, but I had to protect her. I didn’t know if it was a bullet that was shot at her. I couldn’t see her get shot. She was so beautiful. She was mine, and I would protect her damn it. I faded. The next thing I knew I woke with a start. Lexi was staring at me. She said my name, and I was done for. All my willpower crumbled to dust. I pulled her to me and kissed her just as I wanted to since I rst laid eyes on her. She moaned into my mouth. I gripped her thighs. I stood holding her against me. She wrapped her legs around me, “Bedroom?” I said. She said, “Up the stairs rst door on the right.” She started to kiss and suck on my neck. I groaned and shot up the stairs faster than I’d taken any stairs in my entire life. I turned and threw us onto the bed with her on top. I ripped her top off. I ran my hands up and down her back. She grinded her hips into me. I grabbed her hair and pulled it putting my lips on hers. I rolled us, “f**k Lexi... Do you want to do this?” Lexi said, “Chase, Please.” I growled. Bolt howled in delight, “MARK MATE!” I replied, “NO! We can’t do that! Do you hear me? NO!” Bolt whined in my head but agreed. I bit Lexi’s ear then switched to her left side. I couldn’t be near her marking spot right now on her right side. Her hands trailed lightly down my back. She groped my ass. I smirked. “Like what you see Lexi?”

Lexi smiled seductively, “Oh, I like what I feel too... Alpha Chase.” I growled and claimed her lips. I slipped my tongue into her mouth. Kincade linked me, “Alpha are you alright?” I growled, “I’m ne. Go home. I’ve got her.” I slid down her body. I groaned when I saw her n****s. “You are perfect.” Lexi smiled but quickly started to grind against me again when I lightly bit her n****e. I sucked on it teasingly. I traced my ngers over her core through her shirts. “You’re soaking wet for me Sweetheart.” Lexi whimpered. I lightly icked my inger over her clit through her shorts. She jumped. “Chase....” She whimpered. I smirked and crawled back up to her nibble her ear, “You teased me last night Lexi. I could hear you moaning and screaming my name.” She gasped. I bit her neck hard. I couldn’t leave my mark, but I was going to leave a hickey. “I went crazy unable to get to you Lexi. I pictured you with me as I pleased myself with you. I won’t be rushed. I’ve longed for you.” Lexi whimpered. I bit her neck again. I teased her by oating my ngers over the hem of her shorts. I went back to her n****s. She pleaded with me, “Please Chase. Please.” I smirked, “Say it again.” Lexi’s eyes snapped to me, “Say what?” I smiled, “My name, Sweetheart.” Lexi said, “Chase...Alpha Chase.” I bit her n****e lightly and went lower with my hand. I icked her clit before I entered her with my nger. She bucked against my hand, “CHASE!” I chuckled, “I’m just getting started.” I bit her neck again as played with her n****e. Lexi gasped, “Do you have six hands. JESUS!” She screamed as I entered another nger in her. I pinched her n****e and pumped my hands faster, “Scream for me Lexi.” She immediately responded. Her walls clamped around my ngers like a vice. “f**k! CHASE!” Lexi screamed.

I had no intention of stopping. I took her shorts off with my teeth. I snapped her thong with one tug. I put my face between her legs and groaned, “You smell amazing Lexi.” I spread her lips with my ngers and lightly licked her. I entered her with two ngers. She gripped the sheets, “Chase.” I smirked, “Yes.” I creased my speed with my tongue and my ngers. She said, “Oh god...” I could feel her walls quaking when I pulled out. She protested. I did it again. I told her, “This is how I felt outside last night.” She said, “I’m sorry. I forgot to shut the door.” I laughed, “It was hot.” I put my mouth back on her. This time I didn’t stop. She clamped her legs so hard around my face her hip popped. She didn’t seem to notice. I climbed up her. I put my nger under her hands, “Do you want to keep going Lexi? We can stop.” She shook her head, “Make me yours Chase.” I could feel my canines elongate at her words. “Bolt...no... not like this. She doesn’t know.” Bolt sighed and retreated in my mind. My teeth went back to normal and I entered Lexi. “Shit... you’re so tight.” Lexi shivered and moaned once I was completely inside her. I smirked, pulling back I slammed into her. She ipped us and started to ride me. “Fuck... Lexi!” She pulled me up to a seated position and ipped herself. Riding me in reverse cowgirl. I spanked her ass. I reached my hand around playing with her clit. Her head rolled back as she screamed her orgasm. I pulled her off me and put her on all fours. I slid into her. She pushed back against me. I gripped her hips and pounded into her. She clamped so hard on me I couldn’t help but come. “f**k LEXI!” I couldn’t stop. I pulled her to the end of the bed. I wrapped her legs around my back. “Chase...” I pulled out and slammed into her. She screamed. I said, “Yes, sweetheart.” She surprised me by saying, “f**k me like you mean it... Alpha Chase.” We destroyed her room.

We fell apart both slick with sweat. I grabbed her and guessed which room was the bathroom. I was right. I turned on the shower and she stepped in behind me. She kissed me on the back. His hand went between my legs. I laughed, “Are you insatiable, sweetheart? You’ll get no complaints for me.” Lexi came around in front of me. “It’s something about you.” She kissed my peck. She disappeared around me and slid down. I glanced back in surprise when she bit my ass. She slid around me on her knees. s**t. She licked up my shaft. “Mmm” I gulped as she took me in her mouth. She used both her hands. One was playing with balls while the other took what her mouth couldn’t get. I put my hands against the wall. After several minutes I growled, “I’m close Lexi.” She depthroated me, “f**k!” I grabbed her head and came down her throat. I was panting when she kissed up my body.

I grabbed her by the back of her neck and crashed our lips together. I dropped to my knees I licked her clit and used my ngers to f**k her again. Her ngers dug into my hair as she screamed my name. Her voice was hoarse at this point. I withdrew my ngers. I turned off the water and dried her off. I picked her up and laid down in bed with her. She looked at me and kissed me. I said, “We should talk.” She put her ngers on my mouth, “I don’t want to know.” I stared at her in surprise, “What?” Lexi said, “I know you have something going on. You’ve been watching me not introducing yourself because of whatever situation you are in. Right?” I nodded, “Yes. I was planning to stay away, but I had to make sure you were safe.” Lexi nodded, “Haley didn’t tell me she xed the situation yet, so it’s not xed is it?” I shook my head, “I’m trying...” She said, “I’m having my own issues. Let’s keep this to ourselves. I don’t want to know about your situation. I don’t want to face the real world. I’m happy. In this bubble we have. Please Chase... can’t we just keep it this way? No pressure or expectations from anyone else. I just want you.” I kissed her, “There is nothing I want more than you. I just don’t want you to hate me.” Lexi smiled, “I can’t hate you. I know I can’t. I’ve been hurt before Chase, and I know this won’t be easy for me. I just... I don’t want to know. Please.” I sighed, “For now...” Lexi kissed me, “Thank you, Chase.” I kissed her and fell asleep beside her hoping I wasn’t making another mistake.
